Windstream names Kenny Gunderman REIT CEO

Release date: Feb. 12, 2015

LITTLE ROCK, Ark. Windstream (Nasdaq: WIN) has named Kenny Gunderman, president and chief executive officer of the company's planned real estate investment trust (REIT) spinoff, Communications Sales & Leasing, Inc. (CS&L). Gunderman currently serves as executive vice president and co-head of investment banking for Stephens, Inc. The appointment is effective March 2.

Kenny's extensive background in investment banking and his deep relationships throughout the telecom industry uniquely position him to drive growth at CS&L, said Windstream Director Francis X. Skip Frantz, who will serve as chairman of CS&L's board upon close of the transaction.

I have worked with Kenny on numerous transactions while at Windstream. His appointment significantly advances our work to complete the REIT spinoff, which will enable Windstream to accelerate network investments, reduce debt and maximize shareholder value, said Tony Thomas, Windstream president and chief executive officer.

I am excited about this appointment and eager to pursue the tremendous opportunity ahead for CS&L. I look forward to finalizing our leadership team and completing the required financing in order to expeditiously close the transaction, said Kenny Gunderman. I also am thankful and appreciative for my time and experiences at Stephens.

Gunderman, 44, joined Stephens Inc. in 2006 as a senior telecom banker. In February 2007, he was named co-head of investment banking, and his responsibilities were expanded to include strategic direction for the investment banking department. Since joining Stephens, he has advised on many of the firm's recent notable investment banking transactions. His experience since joining Stephens includes substantial public and private company advisory and financings.

Prior to joining Stephens, Gunderman was a member of the telecom investment banking group at Lehman Brothers, where he advised on various transactions and financings totaling more than \$125 billion. He previously worked at KPMG as a CPA and holds an MBA from Yale and a bachelor of arts degree from Hendrix College.

Windstream announced on July 29 plans to spin off certain telecommunications network assets into an independent publicly traded REIT, which will lease use of the assets to Windstream through a long-term triple-net exclusive lease.

Windstream will operate and maintain the assets to deliver advanced communications and technology services to consumers and businesses. The REIT will focus on expanding and diversifying its assets and tenants through future acquisitions.
