CENTRUE FINANCIAL CORPORATION
PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
April 28, 2006

This proxy statement is being furnished to stockholders in connection with the solicitation by our board of directors of proxies to be used at the annual meeting to be held at the offices of Barack Ferrazzano Kirschbaum Perlman & Nagelberg LLP, located at 333 West Wacker Drive, Suite 2700, Chicago, Illinois, on Friday, April 28, 2006 at 8:00 a.m., or at any adjournments or postponements of the meeting. The accompanying notice of meeting, proxy card and this proxy statement are first being mailed to stockholders on or about March 23, 2006.

The following is information regarding the meeting and the voting process, presented in a question and answer format.

Why am I receiving this proxy statement and proxy card?

You are receiving a proxy statement and proxy card from us because on March 10, 2006, the record date for the annual meeting, you owned shares of Centrue Financial common stock. This proxy statement describes the matters that will be presented for consideration by the stockholders at the annual meeting. It also gives you information concerning the matters to assist you in making an informed decision.

When you sign the enclosed proxy card, you appoint the proxy holder as your representative at the meeting. The proxy holder will vote your shares as you have instructed in the proxy card, thereby ensuring that your shares will be voted whether or not you attend the meeting. Even if you plan to attend the meeting, you should complete, sign and return your proxy card in advance of the meeting just in case your plans change.

If you have signed and returned the proxy card and an issue comes up for a vote at the meeting that is not identified on the form, the proxy holder will vote your shares, pursuant to your proxy, in accordance with his or her judgment.

What matters will be voted on at the meeting?

You are being asked to vote on the election of three directors of Centrue Financial. Two of the directors will be elected for a three year term and one will be elected for a two year term. Additionally, you are being asked to ratify the appointment of McGladrey & Pullen, LLP to serve as our independent registered public accounting firm for the 2006 fiscal year. These matters are more fully described in this proxy statement.

How do I vote?

You may vote either by mail or in person at the meeting. To vote by mail, complete and sign the enclosed proxy card and mail it in the enclosed pre-addressed envelope. No postage is required if mailed in the United States. If you mark your proxy card to indicate how you want your shares voted, your shares will be voted as you instruct.

If you sign and return your proxy card but do not mark the form to provide voting instructions, the shares represented by your proxy card will be voted for the nominees named in this proxy statement and for the ratification of our independent registered public accountants.

If you want to vote in person, please come to the meeting. We will distribute written ballots to anyone who wants to vote at the meeting. Please note, however, that if your shares are held in the name of your broker (or in what is usually referred to as street name), you will need to arrange to obtain a legal proxy from your broker in order to vote in person at the meeting. Even if you plan to attend the meeting, you should complete, sign and return your proxy card in advance of the meeting just in case your plans change.

Table of Contents

What does it mean if I receive more than one proxy card from us?

It means that you have multiple holdings reflected in our stock transfer records and/or in accounts with brokers. Please sign and return all proxy cards to ensure that all of your shares are voted.

If I hold shares in the name of a broker, who votes my shares?

If you received this proxy statement from your broker, your broker should have given you instructions for directing how your broker should vote your shares. It will then be your broker's responsibility to vote your shares for you in the manner you direct. Please complete, execute and return the proxy card in the envelope provided by your broker.

Under the rules of various national and regional securities exchanges, brokers may generally vote on routine matters, such as the election of directors and the ratification of independent registered public accounting firms, but cannot vote on non-routine matters, such as the adoption or amendment of a stock incentive plan or an amendment to our Certificate of Incorporation, unless they have received voting instructions from the person for whom they are holding shares. If there is a non-routine matter presented to shareholders at a meeting and your broker does not receive instructions from you on how to vote on that matter, your broker will return the proxy card to us, indicating that he or she does not have the authority to vote on that matter. This is generally referred to as a broker non-vote and may affect the outcome of the voting on those matters. While the matters to be voted upon at the 2006 annual meeting should be within the brokers' discretion to vote, whether or not you give your broker direction, we encourage you to provide directions to your broker as to how you want your shares voted on all matters to be brought before the meeting. You should do this by carefully following the instructions your broker gives you concerning its procedures. This ensures that your shares will be voted at the meeting.

What if I change my mind after I return my proxy?

If you hold your shares in your own name, you may revoke your proxy and change your vote at any time before the polls close at the meeting. You may do this by:

signing another proxy with a later date and returning that proxy to our transfer agent;

sending notice to us that you are revoking your proxy; or

voting in person at the meeting.

If you hold your shares in the name of your broker and desire to revoke your proxy, you will need to contact your broker to revoke your proxy.

How many votes do we need to hold the annual meeting?

A majority of the shares that are outstanding and entitled to vote as of the record date must be present in person or by proxy at the meeting in order to hold the meeting and conduct business.

Shares are counted as present at the meeting if the stockholder either:

is present in person at the meeting; or

has properly submitted a signed proxy card.

On March 10, 2006, the record date, there were 2,233,939 shares of common stock issued and outstanding. Therefore, at least 1,116,970 shares need to be present at the annual meeting in order to hold the meeting and conduct business.

What happens if a nominee is unable to stand for re-election?

The board may, by resolution, provide for a lesser number of directors or designate a substitute nominee if one of the current nominees is unable to stand for election. In the latter case, shares represented by proxies may be voted for a substitute nominee. You cannot vote for more than three nominees. The board has no reason to believe that any of the nominees will be unable to stand for election or serve for his term if elected.

What options do I have in voting on each of the proposals?

You may vote for or withhold authority to vote for the nominees for director. You may vote

Table of Contents

for, against or abstain on any other proposal that may properly be brought before the meeting. Abstentions will be considered in determining the presence of a quorum but will not affect the vote required for the election of the director or the ratification of our auditors.

How many votes may I cast?

Generally, you are entitled to cast one vote for each share of stock you owned on the record date. The proxy card included with this proxy statement indicates the number of shares owned by an account attributable to you.

How many votes are needed for each proposal?

Directors are elected by a plurality and the three individuals receiving the highest number of votes cast for election will be elected as directors of Centru Financial.

The ratification of our independent registered public accounting firm and all other matters, must receive the affirmative vote of a majority of the shares present in person or by proxy at the meeting and entitled to vote. Broker non-votes will not be counted as entitled to vote, but will count for purposes of determining whether or not a quorum is present.

Where do I find the voting results of the meeting?

We anticipate that we will announce the preliminary results of the voting at the conclusion of the annual meeting and we will disclose the final voting results in our Form 10-Q for the quarter ended June 30, 2006.

Who bears the cost of soliciting proxies?

We will bear the cost of soliciting proxies. We have retained Morrow & Company to assist, as necessary, in the solicitation of proxies, for a fee estimated to be approximately \$3,500 plus reasonable out-of-pocket expenses. In addition to solicitations by mail, officers, directors or employees of Centru Financial or Centru Bank may solicit proxies in person or by telephone. These persons will not receive any special or additional compensation for soliciting proxies. We may reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to stockholders.

ELECTION OF DIRECTORS

General

Our board of directors currently consists of five members. The board is divided into three classes and one class of directors is elected annually. Mr. Walker, a current director, has reached the maximum age to serve as a director pursuant to our bylaws and will not stand for re-election at the annual meeting. The Executive Committee has nominated, and the full board has approved, Randall E. Ganim to stand for election as a director to fill Mr. Walker's position. Mr. Daiber and Mr. Smith have also been nominated for re-election as directors. Our directors are generally elected to serve for a three-year period or until their respective successors are elected and qualified. In order to more evenly balance the classes on the board, at this year's annual meeting, Mr. Smith and Mr. Ganim, if elected, will serve a three year term and Mr. Daiber, if elected, will serve a two year term.

The table below sets forth information regarding the nominees for director and the individuals who will continue as directors, including each director's term of office. It is intended that the proxies solicited on behalf of the board of directors (other than proxies in which the vote is withheld as to a nominee) will be voted at the annual meeting **FOR** the election of the nominees identified below. If a nominee is unable to serve, the shares represented by all valid proxies will be voted for the election of a substitute nominee recommended by our Executive Committee. At this time, we do not know of any reason why the nominees may refuse or be unable to serve as a director, if re-elected. There are no arrangements or understandings between the nominees and any other person pursuant to which a nominee was selected.

The board of directors unanimously recommends that stockholders vote FOR the nominees.

Section 16(a) of the Securities Exchange Act of 1934 requires that the directors, executive officers and persons who own more than 10% of our common stock file reports of ownership and changes in ownership with the Securities and Exchange Commission and with the exchange on which the shares of common stock are traded. These persons are also required to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms furnished to us and, if appropriate, representations made to us by any reporting person concerning whether a Form 5 was required to be filed for 2005, we are not aware of any failures to comply with the filing requirements of Section 16(a) during 2005.

CORPORATE GOVERNANCE AND THE BOARD OF DIRECTORS

General

Our board of directors consists of five members. Mr. Walker, a current director, has reached the maximum age to serve as a director pursuant to our bylaws and will not stand for re-election at the annual meeting. The Executive Committee has nominated, and the full board has approved, Randall E. Ganim to stand for election as a director to fill Mr. Walker's position.

Generally, the board oversees our business and monitors the performance of our management. In accordance with our corporate governance procedures, the independent directors on the board do not involve themselves in the day-to-day operations of Centru Financial, which is monitored by our executive officers and management. Our directors fulfill their duties and responsibilities by attending regular meetings of the board, to be held no less than four times a year, and through committee membership, which is discussed below. Our directors also discuss business and other matters with Mr. Daiber, our President and Chief Executive Officer, other key executives and our principal external advisers (legal counsel, auditors and other consultants). All members of our board of directors also serve as members of Centru Bank's board of directors, which does not include any additional directors outside of the Centru Financial board.

The board has determined that, with the exception of Mr. Daiber, all of our current directors are, and if elected Randall E. Ganim will be, independent as defined by the Nasdaq Stock Market and they do not have any additional relationships with us that would prevent them from being able to make independent decisions. The board of directors has an Audit Committee and an Executive Committee, which is responsible for compensation, nomination and corporate governance matters. Consistent with the Nasdaq Stock Market listing requirements, the independent directors regularly have the opportunity to meet in executive session without Mr. Daiber in attendance.

Our board of directors held sixteen meetings during 2005. All of the directors attended at least 75% of the board meetings and meetings of committees of which they were members. While we do not have a specific policy regarding attendance at the annual stockholders meeting, all directors are encouraged to participate in the meeting. Two of the current directors attended last year's annual meeting, while the remaining three were available by telephone and all were available to answer questions.

Audit Committee

The Audit Committee is currently comprised of Messrs. Smith, Griffith and Hejna, with Mr. Smith serving as Chairman of the committee. The board has determined that each of the current members is considered independent in accordance with the Nasdaq Stock Market listing requirements and the regulations of the Securities and Exchange Commission. Also, if elected and assigned to serve on the audit committee, the board has determined that Mr. Ganim would be considered independent. Further, the board has determined that Messrs. Griffith and Smith do, and if elected Mr. Ganim will qualify as an audit committee financial expert under the rules of the Securities and Exchange Commission. The board based this decision regarding Mr. Griffith on his education, his current position as Chief Executive Officer of Aptuit, Inc., his previous experience as Chief Executive Officer and Chief Financial Officer of ChiRex Inc. and his professional experience in commercial and investment banking. In regard to Mr. Smith, the board based its decision on his education and his professional experience, including serving as President of a public accounting firm and as managing member of a financial planning and investment advisory firm. In regard to Mr. Ganim, the board based its decision on his education and his professional experience, including serving as President of a public accounting firm.

The functions performed by the Audit Committee include, but are not limited to, the following:
overseeing our accounting and financial reporting;

selecting, appointing and overseeing our independent registered public accounting firm, including the pre-approval of all engagements and fee arrangements;

Table of Contents

reviewing actions by management on recommendations of our independent registered public accounting firm and internal auditors;

meeting with management, the internal auditors and our independent registered public accounting firm to review the effectiveness of our system of internal control and internal audit procedures; and

reviewing reports of bank regulatory agencies and monitoring management's compliance with recommendations contained in those reports.

To promote independence of the audit function, the committee consults separately and jointly with our independent registered public accounting firm, the internal auditors and management. In 2005, the committee met eight times. The Audit Committee has adopted a written charter, which sets forth the committee's duties and responsibilities. Our current charter was attached to our 2004 proxy statement as Appendix A and the charter is available on our website at www.centru.com.

Executive Committee

Since January, 2005, the Executive Committee has served as the committee performing the compensation, nominating and corporate governance functions of the board. Messrs. Griffith, Smith and Walker served on the committee in 2005, with Mr. Griffith serving as the Chairman. We expect that Mr. Hejna will replace Mr. Walker on the committee following our 2006 annual meeting. The board has determined that each of the members is considered independent in accordance with the Nasdaq Stock Market listing requirements, an outside director under Section 162(m) of the Internal Revenue Code of 1986 and a non-employee director pursuant to Section 16 under the Securities Exchange Act of 1934. In its capacity as the compensation committee, the Executive Committee's role is to determine the salary and bonus to be paid to Mr. Daiber, our Chief Executive Officer, and to our other executive officers. It also administers our equity based plans and meets either independently or in conjunction with our full board of directors to grant options to eligible individuals in accordance with the terms of the 2003 Stock Incentive Plan. In its role as the nominating committee, the committee is charged with identifying and nominating individuals to be presented to our stockholders for election or re-election to the board of directors. The committee also reviews and monitors our policies, procedures and structure as they relate to corporate governance.

The Executive Committee's responsibilities and functions are further described in its charter, which is available on our website at www.centru.com. The Executive Committee met four times in 2005.

Director Nominations and Qualifications

Pursuant to its charter, the Executive Committee evaluates all potential nominees for election, including incumbent directors, nominees brought forth by an incumbent director or officer, and any stockholder nominees, in the same manner. The committee meets from time to time, as necessary, to consider whether incumbent directors and any other potential nominees brought to the committee's attention are qualified to be nominated for director and who they will nominate. Generally, the committee believes that, at a minimum, its nominees should possess certain qualities, including the highest personal and professional ethics and integrity, a sufficient educational and professional background, demonstrated leadership skills, sound judgment, a strong sense of service to the communities which we serve, exemplary management and communications skills, as well as an ability to meet the standards and duties set forth in our code of conduct. It is also expected that directors should be willing to devote sufficient time to carrying out their duties and responsibilities effectively, and that they should be committed to serve on the board for an extended period of time. Nominees and directors may not serve on the boards of directors of more than three companies subject to the reporting requirements of the Securities Exchange Act of 1934. The committee also evaluates potential nominees to determine if they have any conflicts of interest that may interfere with their ability to serve as effective board members and to determine whether they are independent in accordance with the Nasdaq Stock Market requirements to ensure that at least a majority of the directors will, at all times, be independent.

The board and the Executive Committee believe that directors should own shares of our common stock. Therefore, nominees must beneficially own at least 1,000 shares of Centru Financial common stock prior to being

Table of Contents

nominated by the Executive Committee and included in our proxy statement. Additionally, nominees and directors must agree to maintain beneficial ownership in our common stock in an amount equal to at least \$100,000. A nominee shall have five years from the time he or she is elected to the board to meet the \$100,000 ownership requirement. Common stock attributed to the director through the Non-Employee Directors' Deferred Compensation Plan will count toward the requirement, but the value of any unexercised stock options will not.

In anticipation of the 2006 annual meeting, the Executive Committee authorized Mr. Hejna and Mr. Daiber to conduct a search of potential candidates to fill the vacancy created by Mr. Walker's retirement and to stand as a nominee for director at the 2006 annual meeting. After performing an extensive search, five individuals were recommended to the Executive Committee. One of the individuals, Randall E. Ganim, was identified by Mr. Hejna in February, 2006 as a candidate for director and the committee determined that his experience, attributes and skills met the criteria for directors that are set forth above. In March, 2006, the independent disinterested members of the Executive Committee met with and subsequently nominated Randall E. Ganim, as well as Mr. Daiber and Mr. Smith, as nominees for director and the full board ratified and approved the nominations. The board did not receive any stockholder nominations for the 2006 annual meeting and the committee did not retain any third party to assist it in identifying candidates for the upcoming stockholders meeting, although it may in the future if the committee believes it is necessary.

Director Compensation

Each director of Centru Financial is also currently a director of Centru Bank. In 2005, non-employee directors earned \$2,500 for every regularly scheduled Centru Financial board and stockholder meeting attended and \$500 for each committee meeting attended. Each non-employee director also earned \$2,000 for each Centru Bank board meeting attended and \$500 for each committee meeting attended. Additionally, each non-employee director earned \$1,000 for each ad hoc and telephonic board meeting attended and \$1,000 for each loan committee meeting attended. The Chairman of the Board received a retainer of \$18,750 per calendar quarter and the Chairman of the Audit Committee received a retainer of \$10,000 per calendar quarter. After each annual meeting of stockholders, each independent director also receives options to purchase 5,000 shares of common stock pursuant to the 2003 Stock Incentive Plan.

Pursuant to the Centru Financial Corporation Non-Employee Directors' Deferred Fee Plan, a director may elect to receive his or her director fees either in cash on a quarterly basis with no deferral of income, or to defer receipt of all or a portion of such compensation until a time following termination of such director's service on the board or age sixty-five (65). Amounts deferred are converted into phantom stock units with each such unit representing a share of our common stock plus any dividends. Centrue Bank sponsors a qualified, tax-exempt pension plan qualifying under section 401(k) of the Internal Revenue Code. Virtually all employees are eligible to participate after meeting certain age and service requirements. Eligible employees are permitted to contribute 1% to 50% of their compensation to the 401(k) plan. Pursuant to the plan, Centrue Bank matches 50% of a participant's deferral into the 401(k) plan limited up to 3% of each participant's salary. Participants can choose between several different investment options under the 401(k) plan, including shares of Centrue Financial common stock.

The total contributions under the 401(k) plan, including profit sharing contributions, by Centrue Financial to the named executive officers are reflected in the Summary Compensation Table on page 12 of this proxy statement.

Stock Incentive Plans

1992 Stock Option Plan. In 1992, Centrue Financial adopted an incentive stock option plan for the benefit of directors, officers, and employees of Centrue Financial and Centrue Bank. The plan was approved by stockholders and provided for the issuance of incentive stock options, nonqualified stock options, restricted stock and stock appreciation rights. The total number of shares reserved under the plan was 350,000, all of which have been granted, although some grants remain outstanding and have not yet been exercised.

2003 Stock Incentive Plan. In 2003, we adopted a new incentive stock option plan for the benefit of our directors, officers, and employees. This plan provides for the issuance of incentive stock options, nonqualified stock options, restricted stock and stock appreciation rights. The stockholders approved the plan in 2003 and 233,000 shares were originally reserved for issuance under the plan. In 2004, the stockholders approved an increase in the amount to 400,000 shares. The board believed this increase was necessary because of the board's increased emphasis on the use of equity based compensation for its employees and directors and also for use in conjunction with potential futures mergers and acquisitions.

In 2005, Centrue Financial awarded stock options to purchase an aggregate of 58,000 shares of Centrue Financial common stock to fifteen employees. Additionally, in 2005, each independent director received options to purchase 5,000 shares of Centrue Financial common stock. In 2005, Centrue Financial also awarded an aggregate of 2,200 shares of restricted shares, at a market price of \$28.20 per share, to seven management level employees of the bank. The restricted shares in equal installments on April 8, 2005 and 2006. The stock options and restricted shares awarded to the named executive officers during 2005 are included in the tables above.

If Centrue Bank terminates them for cause, Centrue Bank's only obligation under the agreements is to pay their salaries and benefits accrued through the effective date of termination.

If the executives voluntarily terminate their employment during the six month period following a change of control of Centrue Bank or their employment is involuntarily terminated during the one-year period following a change of control of Centrue Bank, then they will be entitled to receive a cash payment equal to their then-current annual base salary and health insurance for twelve months following termination.

Additionally, the agreements include a covenant limiting the executives' ability to compete with Centrue Financial, Centrue Bank or their subsidiaries within a 25-mile radius of the counties in which they operate for a period of one year following termination of employment.

Report of the Committee on Executive Compensation

The report of the committee below shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent Centrue Financial specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

General. The Executive Committee is responsible for setting the salaries and overall compensation of the Chief Executive Officer, as well as the other executive officers. The committee also reviews Centrue Financial's general compensation program for all employees on an ongoing basis. Messrs. Griffith, Smith and Walker were members of the committee in 2005 and we expect that Mr. Hejna will replace Mr. Walker in the committee following our 2006 annual meeting. Each of the members are deemed to be independent under the rules of the American Stock Exchange and the Nasdaq Stock Market, an outside director under Section 162(m) of the Internal Revenue Code of 1986 and a non-employee director pursuant to Section 16 under the Securities Exchange Act of 1934. The committee's responsibilities and functions are further described in our charter, which is available on our website at www.centrue.com.

Table of Contents

Compensation Overview. We are committed to providing a total compensation program that supports Centvue Financial's long-term business strategy and performance culture and creates a commonality of interest with the stockholders. In establishing executive compensation, we generally divide compensation into three separate components—salary, cash bonus and long term incentive awards. These components are intended to work together to compensate the executive fairly for his or her services and reward the executive officer based upon our overall performance during the year. In reviewing and establishing an executive's compensation, the committee considers and evaluates all components of the executive officer's total compensation package. This involves reviewing the executive's salary, bonus, incentive stock awards, perquisites, participation in our 401(k) plan, payments due upon retirement or a change of control, if any, and all other payments and awards that the executive officer earns.

The general philosophy in making decisions regarding the compensation of the executive officers, after taking into account an examination of compensation at other similarly situated financial institutions, is as follows:

to provide incentives for executive officers to work toward achieving successful annual results and strategic objectives;

to provide significant reward for achievement of superior performance;

to provide market based compensation to help recruit and retain professionals of exceptional quality;

to create significant opportunity and incentive for executives to be long-term stockholders;

to link executive compensation rewards to increases in stockholder value, as measured by favorable long-term results and continued strengthening of Centvue Financial's financial condition;

to provide flexibility to recognize, differentiate, and reward individual performance; and

to facilitate stock ownership through granting of stock options and restricted stock.

Base Salary. The committee reviews each executive officer's base salary on an annual basis. The salaries may be adjusted to reflect Centvue Financial's financial performance, including, but not limited to, Centvue Financial's asset quality, asset growth, earnings per share, net income, net interest margin and expansion of territory. Additionally, base salaries are determined by examining, among other things, the executive officer's level of responsibility, prior experience, time as an employee with us, breadth of knowledge and individual performance objectives. When measuring individual performance, the committee considers the individual's efforts in achieving established financial and business objectives, managing and developing employees and enhancing long-term relationships with customers. All of the factors are considered on a subjective basis in the aggregate, and none of the factors is accorded a specific weight. In selected cases, other factors may also be considered. The salaries of the executive officers with employment agreements may not be decreased over the terms of the agreements.

Cash Bonus. We also believe that providing bonuses based on corporate and individual performance is an effective way to incent our employees as well as to retain them for the future. Executive officer bonuses paid in 2005 were based upon a combination of organization wide and individual performance criteria. The criteria for cash bonuses vary among executive officers and bank personnel. For executive officers, such criteria include regional performance, attainment of deposit and loan goals and asset quality, among other criteria. Criteria for other employees are dependent upon department or branch performance and individual performance. These criteria are developed by management in conjunction with the board of directors.

Long-Term Incentive Compensation. The final component of the executive compensation program is long-term incentive compensation, which includes our 401(k) plan and a stock incentive plan. In order to promote equity ownership in Centvue Financial by the directors and executive officers, Centvue Financial has granted stock options and shares of restricted stock. Beginning in 2003, we determined that granting stock options and restricted stock would encourage executive officers to remain in our employ and will help align their interests with other stockholders of Centvue Financial. We adopted a new stock incentive plan in 2003 that allows us to grant stock

Table of Contents

options, restricted stock awards and stock appreciation rights and we granted more options to a wider base of executives and other employees since 2003. In the years leading up to the adoption of the new plan, we awarded options on a more limited basis. We amended the stock incentive plan in 2004, which was approved by stockholders, to increase the number of shares available under the plan, in part to meet our increased need for shares based on our increased emphasis on the use of stock in our compensation program.

The level of stock option grants to executives is dependent upon several factors, including financial performance, the attainment of personal and department goals and awards granted to comparable positions in comparable peers. We award stock options to executives on an annual basis in conjunction with executive performance reviews. The program also includes the award of restricted stock on a more selective basis, usually awarded for the completion of specific projects or for performance associated with mergers and acquisitions.

The 401(k) plan allows the participants to choose between several different investment options, including shares of Centru Financial common stock. Under the 401(k) plan, employees are eligible to redirect up to 50% of their regular basic compensation into a tax-deferred trust, subject to limitations imposed by the Internal Revenue Code. Centru Financial matches 50% of a participant's deferrals into the plan limited up to 3% of each participant's salary. All participants are always 100% vested in their salary deferrals and become 100% vested in the matching contributions upon retirement, disability or in accordance with the vesting provisions of the 401(k) plan. Participant accounts are distributed to the individual participants upon termination of employment.

Chief Executive Officer's Compensation. Mr. Daiber, who has served as President and Chief Executive Officer since the October 2003 merger of Centru Financial with Aviston Financial Corporation, entered into an original employment agreement that was approved by the independent directors. The terms of the employment agreement, including an initial base salary of \$250,000, was established through negotiations with Mr. Daiber and reflected our belief and confidence in Mr. Daiber's skill and expertise in serving as Centru Financial's Chief Executive Officer as well as his ability to guide the organization through the transitions related to its acquisitions. The initial salary was also based upon Mr. Daiber's salary in his previous positions at other financial institutions, as well as the salary levels of other similarly situated financial institutions. In December 2005, the Executive Committee reviewed Mr. Daiber's salary and overall compensation for 2005. Based upon the financial performance of the Company and a peer analysis, the committee increased Mr. Daiber's salary to \$290,000.

For 2005, Mr. Daiber received a bonus of \$49,775 which equaled 18% of his then current salary. His employment agreement specifies that he is eligible to receive a bonus of up to 50% of his base salary. The 2005 bonus was dependent upon the overall profitability of Centru Financial in 2005, level of growth either through acquisitions or new branches, development of a service oriented culture within the Company, implementation of a profitable trust service delivery channel as well as Mr. Daiber's general management of the executive officers and other employees.

In 2005, we granted Mr. Daiber options to purchase 12,000 shares of our common stock at an exercise price of \$27.00, which was the market price of our common stock on the date of grant. In granting these awards, we considered the Company's financial performance since Mr. Daiber became Chief Executive Officer. We also awarded Mr. Daiber with 500 shares of restricted stock in early 2005 as incentive to successfully complete the acquisition of Illinois Community Bancorp, Inc, which transaction closed April 8, 2005. In 2005, Mr. Daiber also received other compensation of \$5,688 consisting of our matching contribution pursuant to our 401(k) plan.

Additionally, the committee monitors the change of control payments that executives may be entitled to receive. As of the date of this proxy statement, in the event of a change of control resulting in Mr. Daiber's termination of employment, he would be entitled to receive approximately \$1,256,288 as a result of the provisions under his employment agreement and the value of his stock options and restricted shares that he currently holds based on December 31, 2005 share price. Mr. Daiber's employment agreement is described in more detail on page 15 and 16 of this proxy.

Compliance with Section 162(m) of the Internal Revenue Code of 1986. Section 162(m) of the Internal Revenue Code limits the deductibility of annual compensation in excess of \$1.0 million paid to the our Chief Executive Officer and any of the four other highest paid officers, to the extent they are listed officers on the last day of any given tax year. However, compensation is exempt from this limit if it qualifies as performance based

Table of Contents

compensation. Performance based compensation generally includes only payments that are contingent on achievement of performance objectives, and excludes fixed or guaranteed payments. We believe performance based compensation is an important tool to provide incentive to senior executives, matching their compensation levels to our performance. Accordingly, performance based compensation comprises a significant portion of the compensation package for our senior executives. This also has the effect of preserving the deduction that might otherwise be affected by the \$1.0 million limit.

Although we will consider deductibility under Section 162(m) with respect to the compensation arrangements for executive officers, deductibility will not be the sole factor used in determining appropriate levels or methods of compensation. Since our objectives may not always be consistent with the requirements for full deductibility, we may enter into compensation arrangements under which payments would not be deductible under Section 162(m).

Conclusion. The committee believes these executive compensation policies and programs described above effectively serve the interests of stockholders and Centru Financial. The committee believes these policies motivate executives to contribute to our overall future success, thereby enhancing the value of Centru Financial for the benefit of all stockholders. The committee believes that the benefits provided through the stock-based plans more closely align the interest of the officers and the stockholders and provide significant additional performance incentives for the officers which directly benefit the stockholders through an increase in the stock value.
