Item 1. Security and Issuer

This Statement on Schedule 13D (this "Schedule 13D") pertains to 1,436,622 ordinary shares, nominal value EURO 2 per share ("Ordinary Shares"), and American depository shares ("ADS's"), for which such Ordinary Shares may be exchanged of Compagnie General de Geophysique (General Geophysics Co.), a French societe anonyme with its principal offices located at 1, Leon Migaux, 91341 Massy Cedex, France (the "Issuer"). References herein to Ordinary Shares are references also to ADS's unless the context indicates otherwise.

Item 2. Identity and Background

This Schedule 13D is filed by Institut Francais du Petrole, a French etablissement professionnel ("IFP").

The purpose of IFP, with regard to petroleum, its derivatives and substitutes, and the use thereof, is as follows:

? To investigate or carry out investigations and research of importance in furthering scientific knowledge and industrial technology, and to develop the result of its work in all forms;

Edgar Filing: GENERAL GEOPHYSICS CO - Form SC 13D

? To train personnel so as to render them capable of participating in the furtherance of, effective dissemination and application of new knowledge;

? To keep government services, industry, technicians and researchers documented on scientific knowledge and industrial technology.

? IFP may, to exploit the results of its activities, acquire shares in industrial or commercial companies.

? IFP is organized under the laws of the French Republic. Its principal place of business is 1 and 4, avenue de Bois-Preau 92852, Rueil-Malmaison Cedex, France. The list of the executive officers and directors, attached hereto as Schedule I and incorporated herein by reference, contains the following information with respect to each such person: (a) name; (b) present principal occupation or employment and the name, principal business and address of any corporation or other organization in which such employment is conducted; (c) business address; and (d) citizenship.

During the last five years, neither IFP nor, to the best knowledge of the IFP, any of the persons named on Schedule I has either: (a) been convicted in a criminal proceeding (excluding traffic violations or similar misdemeanors); or (b) been a party to a civil proceeding of a judicial or administrative body of competent jurisdiction as a result of which such person was or is subject to a judgment, decree or final order enjoining future violations of, or prohibiting or mandating activities subject to, federal or state securities laws or finding any violation with respect to such laws.

Item 3 Source and Amount of Funds or Other Consideration

IFP is a party to a Memorandum of Understanding dated July 2, 2001 ("MOU") with Technip-Coflexip (formerly Technip) and ISIS (since merged into Technip-Coflexip). An English translation of the MOU is attached hereto as Exhibit 1.

The MOU permitted ISIS to require IFP to exchange 511,253 ordinary shares of Technip-Coflexip held by IFP against 1,436,622 Ordinary Shares held by ISIS (the "Exchange Promise"). On November 7, 2001, IFP and ISIS committed to two exchange commitments related to the Exchange Promise. Pursuant to these commitments, ISIS was bound to exchange its 1,436,622 shares of Compagnie Generale de Geophysique (CGG) for 511,253 shares of Technip (since renamed Technip-Coflexip) held by IFP, and vice versa. Technip-Coflexip notified IFP on November 27, 2002 that it was triggering the commitments. The exchange was consummated on December 9, 2002, by IFP's exchanging 511,253 ordinary shares of Technip-Coflexip as consideration for 1,436,622 Ordinary Shares. In June 2002, ISIS was merged into Technip-Coflexip.

IFP had obtained its Technip-Coflexip shares as a result of a public exchange offer by Technip for ISIS (the "ISIS Offer"). IFP formerly held approximately 52.8% of the shares of ISIS and 11.3% of the shares of Technip-Coflexip.

Item 4. Purpose of the Transaction

Edgar Filing: GENERAL GEOPHYSICS CO - Form SC 13D

IFP acknowledges that according to the Issuer's 2002 Annual Report on Form 20-F, the Ordinary Shares may be exchanged for ADS's at an exchange rate of five (5) ADS's for each Ordinary Share.

Pursuant to the MOU, upon the successful completion of the ISIS Offer, IFP entered into the Exchange Agreement with ISIS, by which, subject to certain exceptions, for a one year period beginning one year after the publication of the closing notice announcing the final results of the ISIS Offer, ISIS could require IFP to exchange 511,253 ordinary shares of Technip-Coflexip held by IFP against 1,436,622 Ordinary Shares that ISIS held, that is to say an exchange ratio of 2.81. Thereafter, for the one-year period beginning on the second anniversary of the publication of the closing notice announcing the final results of ISIS Offer, IFP could require ISIS to sell all of the Ordinary Shares held by ISIS to IFP for the 511,253 Technip-Coflexip ordinary shares. In either event, IFP had the option of delivering in lieu of Ordinary Shares the cash equivalent of the Ordinary Shares as of the date of exercise.

ISIS was subsequently merged into Technip-Coflexip. Technip-Coflexip gave notice pursuant to the Exchange Agreement to IFP on November 27th, 2002 that it was triggering the Exchange Promise. The exchange of 511,253 Technip-Coflexip ordinary shares for 1,436,622 Ordinary Shares was completed on December 9, 2002 .

Olivier Appert, the President of IFP, and Gerard Fries, an Executive Vice President of IFP, are members of the Board of Directors of the Issuer. IFP has no present intent to cause any further changes to the Issuer's Board of Directors.

Except as set forth in this Schedule 13D, the Reporting Person has not formulated any plans or proposals which relate to or would result in: (a) the acquisition by any person of additional securities of the Issuer; (b) an extraordinary corporate transaction involving the Issuer or any of its subsidiaries; (c) a sale or transfer of a material amount of the assets of the Issuer or any of its subsidiaries; (d) any change in the Board of Directors or management of the Issuer; (e) any material change in the Issuer's capitalization or dividend policy; (f) any other material change in the Issuer's business or corporate structure; (g) any change in the Issuer's charter or bylaws or other instrument corresponding thereto or other action which may impede the acquisition of control of the Issuer by any person; (h) causing a class of the Issuer's securities to be deregistered or delisted; (i) a class of equity securities of the Issuer becoming eligible for termination of registration or (j) any action similar to any of those enumerated above.

All references to, and descriptions of, the MOU and the Exchange Agreement set forth in this Schedule 13D are qualified in their entirety by reference to the English translations of the MOU and the Exchange Agreement included as Exhibits 1 and 2, respectively, to this Schedule 13D and incorporated herein by reference.
