Report of Independent Registered Public Accounting Firm

To the Participants and Administrator of the
Windstream 401(k) Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of Windstream 401(k) Plan (the "Plan") at December 31, 2011 and 2010, and the changes in net assets available for benefits for the year ended December 31, 2011 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The Supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

As disclosed in Note 7, the Hosted Solutions 401(k) Plan was merged into and made a part of the Plan during the year ended December 31, 2011.

WINDSTREAM 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

1. PLAN DESCRIPTION

The following brief description of the Windstream 401(k) Plan (the "Plan"), and the administration thereof, is provided for general information purposes only. Participants should refer to the Plan document or the Summary Plan Description ("SPD") for a more complete and comprehensive description of the Plan's provisions. Any discrepancies between the formal Plan document and the SPD will be resolved in favor of the formal Plan document.

General

The Plan is a defined contribution employee benefit plan which includes a cash or wage deferral arrangement that covers eligible bargaining and non-bargaining employees of Windstream Corporation ("Windstream" or the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Administration

The Plan is administered by the Windstream Benefits Committee (the "Administrator") which is comprised of the following members of management of Windstream: the Chief Financial Officer, Chief Operations Officer, Executive Vice President and Chief Human Resource Officer, and Vice President of Benefits. Members are appointed by the Board of Directors of Windstream. Merrill Lynch Trust Company, FSB ("Merrill Lynch" or the "Trustee") is the trustee and custodian of Plan assets. Additionally, Merrill Lynch & Company, Inc. provides the recordkeeping for the Plan and administrative services.

Participation

Each eligible employee is allowed to make certain rollover contributions to the Plan immediately upon employment with the Company as governed by the Internal Revenue Code. For all other purposes of the Plan, eligible non-bargaining employees may participate after six months of service with the Company. Certain eligible bargaining employees may participate in the Plan, to the extent specifically provided in their collective bargaining agreement. Prior service with certain other companies may count toward the service requirements of the Plan. Individuals who are not eligible to participate include leased employees, employees covered by a collective bargaining agreement where retirement benefits were the subject of good faith bargaining (unless the collective bargaining agreement where the employees are covered specifically provides for coverage under the Plan), persons not classified as an employee, and nonresident aliens with no U.S. income.

Plan Contributions

Each year, participants may contribute up to 50 percent of their pretax annual eligible compensation to the Plan, as defined in the Plan document. Participant contributions are subject to certain dollar limitations established by the Internal Revenue Service (the "IRS") each year. The annual deferral limits for the Plan are in accordance with the IRS limitations.

Eligible participants who will attain fifty (50) years of age prior to the end of the applicable Plan year are eligible to make catch-up contributions in accordance with, and subject to the limitations of Section 414(v) of the Internal Revenue Code of 1986, as amended (the "Code").

Except as discussed in the following paragraph, the Company makes matching contributions to the Plan in an amount equal to 100 percent of the first 3 percent of each participant's eligible compensation contributed to the Plan, plus 50 percent of the next 2 percent of each participant's eligible compensation contributed to the Plan. The Company's matching contribution is calculated and made as soon as administratively practicable following the end of the Plan year for each participant who was actively employed on December 31, 2011 or who became retired, deceased or disabled during 2011. Effective January 1, 2011, any participant in the Plan who was previously an eligible employee of NuVox Communications, Inc. ("NuVox") immediately prior to the Company's merger with NuVox on February 8, 2010 was eligible to participate in the Company's matching contributions to the Plan, as described above.

The Company makes matching contributions in an amount equal to 50 percent of the first 6 percent of eligible compensation contributed to the Plan for participants covered by certain collective bargaining agreements with Valor

Telecommunications of Texas, LP, who were actively employed on December 31. The Company may also make, at its sole discretion, an additional matching contribution. No such contribution was made for the year ended December 31, 2011.

Each pay period the Company makes matching contributions in an amount equal to 66 percent of the first 6 percent of eligible compensation contributed to the Plan for participants covered by certain collective bargaining agreements with Windstream Iowa Telecommunications, Inc. Participants are eligible for an additional Company contribution of 3 percent of the participant's eligible compensation if they are not a participant in any other Company-sponsored defined benefit plan.

WINDSTREAM 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION, CONTINUED

The contributions are invested according to a participant's investment election. If no investment election has been made, the contributions are invested in a manner deemed appropriate by the Administrator.

The Plan provides its participants the option to invest in the Company's common stock at the participants' election. The Plan places no restrictions on the participants' ability to change this investment option.

Plan Expenses

As outlined in the Plan document, expenses related to the Plan's operations are paid from the Plan's assets. These expenses are included as an increase of net depreciation in fair value of investments on the statement of changes in net assets available for benefits. Certain administrative expenses related to the Plan in 2011 were paid by Windstream. Administrative costs paid by Windstream are not reflected in the Plan's financial statements.

Participant Accounts

Each participant's account is credited with the participant's contributions and related employer matching and discretionary contributions, if any, as well as the participant's share of the Plan's earnings and any related administrative expenses. The Plan's earnings and administrative expenses, if applicable, are allocated to participants' accounts based upon participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting, Benefits and Payments

Participants are immediately fully vested in their employee contributions and matching employer contributions to the Plan and the accumulated earnings thereon. Participants become fully vested in their profit sharing accounts transferred from the Windstream Profit Sharing Plan (the "Windstream Plan") which was merged into and made a part of the Plan effective March 1, 2007, upon normal retirement, death, disability or completion of five or more years of vesting service. Participants or their beneficiaries, as applicable, are entitled to receive distribution of their Plan account when they retire, become permanently disabled, upon death or upon separation from service with the Company. The Plan provides benefits upon early retirement between ages 55 and 65.

Participants may elect upon termination of employment to defer payment of their account balance if it exceeds \$1,000. If a participant's account balance is equal to or less than \$1,000, the account will be automatically distributed. All distributions will be made in the form of a lump-sum payment, unless the distribution is in accordance with a grandfathered provision from a prior plan that merged into the Plan. A participant may elect to have a portion of their account invested in Windstream common stock to be distributed in shares of Windstream common stock.

Additionally, actively employed participants may withdraw certain funds from their Plan account with the approval of the Administrator, for "hardship" reasons as defined by the IRS. Effective October 1, 2008, participants may also receive an in-service withdrawal of a portion of their vested account balance on or after attaining age 59 1/2. In addition, effective October 1, 2008, participants may withdraw voluntary after-tax and rollover contributions at any time.

Plan Termination

While it has not expressed any intention to do so, Windstream, the Plan Sponsor, has the right to terminate the Plan. In the event that the Plan is terminated, participants will become fully vested and shall be entitled to receive the entire amount of his/her account balance in accordance with the Plan provisions. Participants in the Plan are entitled to certain rights and protections under ERISA.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Statement Preparation

The accompanying financial statements have been prepared on the accrual basis of accounting reported in accordance with accounting principles generally accepted in the United States of America.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Administrator to make estimates and assumptions that affect the amount of assets, liabilities, income and expenses, and disclosures of certain contingent assets and liabilities reported or disclosed in the financial statements.

WINDSTREAM 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

The estimates and assumptions used in preparing the accompanying financial statements are based upon the Administrator's evaluation of the relevant facts and circumstances as of the dates of the financial statements. Actual results may differ from these estimates and assumptions used in preparing the accompanying financial statements and such differences could be material.

In May 2011, the Financial Accounting Standards Board ("FASB") issued ASU 2011-04, Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS. ASU 2011-04 is intended to improve the comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with U.S. Generally Accepted Accounting Principles ("GAAP") and International Financial Reporting Standards ("IFRS"). The amendments are of two types: (i) those that clarify the FASB's intent about the application of existing fair value measurement and disclosure requirements and (ii) those that change a particular principle or requirement for measuring fair value or for disclosing information about fair value measurements. The update is effective for annual periods beginning after December 15, 2011. Plan management does not believe the adoption of this update will have a material impact on the plan's financial statements.

Investment Valuation and Income Recognition

The Plan's investments are carried at fair value. Fair value of financial and non-financial assets and liabilities is defined as an exit price, representing the amount that would be received to sell an asset or transfer a liability in an orderly transaction between market participants. Authoritative guidance defines the following three tier hierarchy for assessing the inputs used in fair value measurements:

Level 1 – Quoted prices in active markets for identical assets or liabilities

Level 2 – Observable inputs other than quoted prices in active markets for identical assets or liabilities

Level 3 – Unobservable inputs

Assets and liabilities are classified into the hierarchy in their entirety based on the lowest level of input that is significant to the fair value measurement. The Company's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels. The valuation techniques used may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair values of the Plan's investments were determined using the following inputs at December 31, 2011:

	Fair Value	Quoted Price in Active Markets for Identical Assets	Significant Other Observable Inputs	Significant Unobservable Inputs
		Level 1	Level 2	Level 3

(b) Common collective trust funds are valued based on the fair value of the underlying assets held by the funds as determined by the fund managers on the last day of the Plan year. The underlying assets are primarily comprised of certificates of deposits, agency-backed bonds, commercial paper and treasury obligations. The certificates of deposits, agency-backed bonds, commercial paper and treasury obligations are valued using observable inputs.

(c) Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end based on the quoted market price.

(d) There have been no significant changes in the methodology used to value investments from prior year.

WINDSTREAM 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. The Windstream Common Stock Fund is designated as an "employee stock ownership plan" that is intended to qualify as a stock bonus plan. This fund was established effective December 28, 2006 and is designed to invest primarily in Windstream common stock. In regards to dividends, participants may elect that the dividends be paid in cash or reinvested in Windstream common stock through the Windstream Common Stock Fund. The Plan presents in the statement of changes in net assets available for benefits the net depreciation in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) of those investments.

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying financial statements.

Contributions

Employee contributions are paid by Windstream in the period that payroll deductions are made from Plan participants in accordance with the participant's deferral election. Employer contributions are accrued monthly. As such, these contributions become obligations of the Company and assets of the Plan.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

3. INVESTMENTS

The following investments represented 5 percent or more of the Plan's net assets as of December 31:

3. INVESTMENTS, CONTINUED

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year), depreciated in value as follows:

Common stock	\$(6,757,842)
Common collective trust funds	(694,420)
Mutual funds	(11,826,308)
Net depreciation in fair value of investments	\$(19,278,570)

4. EMPLOYER CONTRIBUTIONS
RECEIVABLE

Contributions in the amount of \$13,637,508 and \$9,617,918 due to the Plan from Windstream had not been funded or allocated among the Plan's investments as of December 31, 2011 and 2010, respectively. The employer contributions receivable were funded in cash by the Company and allocated among the Plan's investment funds, according to participant elections, in March 2012 and March 2011, respectively.

5. NOTES RECEIVABLE FROM PARTICIPANTS

Participants can borrow from their account balances amounts not to exceed 50 percent of their account balance, up to a maximum loan amount of \$50,000 in accordance with section 72(p) of the Code. Such loans must be repaid through payroll deductions within five years, unless used to purchase a principal residence. Principal and interest is paid ratably through payroll deductions over the term of the loan. If a participant's employment terminates with an outstanding loan and the termination was not a result of a divestiture by the Company, the entire loan must be repaid in full. If the loan is not repaid in full, the unpaid portion will be considered taxable income to the individual. Loans are collateralized by the balance in the participant's account and bear interest at rates determined by the Administrator upon execution of the loan. Interest rates on the loans outstanding at December 31, 2011 ranged from 2.25 percent to 10.25 percent. For participant loans issued under the Plan, the interest rate is calculated by adding 2 percent to the published Prime Rate from The Wall Street Journal as of the close of business on the last business day of the month prior to loan issuance. At December 31, 2011, the Prime Rate from The Wall Street Journal was 3.25 percent.

6. AMENDMENTS

As of December 23, 2011, the Plan was amended to provide that any person who was an employee of PAETEC Holding Corporation ("PAETEC") immediately prior to the merger with Windstream Corporation and is an eligible employee as of the first day of the first payroll period for the Plan year ending December 31, 2012, will become a participant in the Plan on the first day of the first payroll period of Windstream for the plan year ending December 31, 2012.

7. MERGER OF OTHER PLANS

The Hosted Solutions 401(k) Plan (the "Hosted Plan") was merged into and made a part of the Plan, effective April 1, 2011. The trust fund maintained in connection with the Hosted Plan was added to the assets of the Plan's trust fund. The fair value of assets transferred to the Plan was \$2,025,284. Certain protected rights and features under the Hosted Plan are included under the Plan.

The Iowa Telecom Savings Plan and the Iowa Telecom Hourly Savings Plan (collectively, the "Iowa Plans") were merged into and made a part of the Plan, effective December 31, 2010. The trust funds maintained in connection with

the Iowa Plans were added to the assets of the Plan's trust fund. Certain protected rights and features under the Iowa Savings Plan are included under the Plan. As of December 31, 2010, there was \$607,933 due from Iowa Plans for employer contributions made in 2011 that related to 2010.

WINDSTREAM 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

7. MERGER OF OTHER PLANS, CONTINUED

The NuVox Communications, Inc. Profit Sharing 401(k) Plan (the “NuVox Plan”) was merged into and made a part of the Plan, effective July 7, 2010. The trust fund maintained in connection with the NuVox Plan was added to the assets of the Plan’s trust fund. Certain protected rights and features under the NuVox Plan are included under the Plan. As of December 31, 2010, there was \$344,974 due from the NuVox Plan for employer contributions made in 2011 that related to 2010.

8. TAX STATUS

A determination letter has not been received from the IRS. A determination letter was originally applied for on September 14, 2007, which has been acknowledged by the IRS. On January 31, 2011, the determination letter request was updated to include amendments through January 31, 2011. The Administrator has reviewed the Plan's tax-exempt status and analyzed the tax positions taken by the Plan. The Administrator believes that the Plan is designed and operating in accordance with applicable IRS requirements, and therefore believes the Plan is qualified and is tax-exempt as of the financial statement date for the purposes of Section 401(a) of the Code. Furthermore, the Administrator has concluded there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements during the year. There are currently no audits for any tax periods in progress from any taxing authorities. Contributions and income of the Plan are generally not taxable to the participants until withdrawals or distributions are made. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

9. PARTY-IN-INTEREST TRANSACTIONS

Plan investments in the Merrill Lynch International Index Fund, Extended Market Index Trust Fund and Self-Direct Brokerage Account totaled \$24,747,562 and \$20,875,140 as of December 31, 2011 and 2010, respectively. These investments include shares of common collective trust funds managed by Merrill Lynch. The Plan also invests in Windstream common stock. Since Merrill Lynch is the Plan trustee and Windstream is the Plan sponsor, these transactions qualify as exempt party-in-interest transactions. The Plan permits participants to make loans from the Plan in accordance with section 72(p) of the Code.

10. RECONCILIATION TO FORM 5500
