T-Mobile US, Inc. (NASDAQ: TMUS) (“T-Mobile” or the “Company”) continues to see strong momentum quarter-to-date for the fourth quarter of 2015, according to comments made today by the Company’s executives at an investor conference. The Company also reaffirmed all guidance for 2015 provided during the third quarter 2015 earnings call: Adjusted EBITDA of \$6.8 to \$7.2 billion, branded postpaid net additions of 3.8 to 4.2 million and cash capital expenditures of \$4.4 to \$4.7 billion. The Company doubled branded postpaid net additions and nearly tripled branded postpaid phone net additions during the Black Friday/Cyber Monday weekend compared to the same period in 2014. Additionally, T-Mobile expects branded postpaid phone churn for the fourth quarter of 2015 to be stable compared to the third quarter of 2015 and to be well below the level for the fourth quarter of 2014 as the Company saw notable improvements in October and November compared to the same period in 2014.

T-Mobile’s financial guidance excludes any impact of JUMP! On Demand and Data Stash. These interim customer results are preliminary. The Company’s results for the full fourth quarter of 2015, which are subject to completion of the Company’s quarter-end closing review procedures, may vary.
