**Item 1.01. Entry into a Material Definitive Agreement.**

On October 18, 2004, Online Resources Corporation ("Online") executed an Agreement and Plan of Merger ("Merger Agreement") with Incurrent Solutions, Inc. ("Incurrent"). The Merger Agreement was announced on the same day. Under the Merger Agreement, Incurrent will merge into Incurrent Acquisition, LLC, a wholly-owned subsidiary of Online.

Pursuant to the Merger Agreement, Online will issue 1,000,000 restricted shares and pay \$8,000,000 in cash to acquire Incurrent. Approximately \$1,580,000 of the cash will be used to satisfy payment obligations of Incurrent arising from the merger. The balance of the cash and the shares will be allocated among and paid to the Incurrent shareholders. If, however, the value of the Online shares at the closing of the merger is less than 40% of the total consideration payable to the Incurrent shareholders, the Incurrent preferred shareholders have the right to have Online issue additional shares to all the Incurrent shareholders and decrease the total cash consideration payable to the Incurrent shareholders, at the rate of \$7.00 for each additional share issued, so that all of the shares issued in the merger will constitute 40% of the total merger consideration payable to the Incurrent shareholders.

Online has agreed, if it files any registration statement for the sale of its shares, to allow the Incurrent shareholders to sell their shares under this registration. For those who do not exercise their right to sell or are precluded from selling their shares, based upon underwritten reductions, Online has agreed to use its best efforts to have a registration statement declared effective by 120 days after the closing of the merger, if no other registration statement is filed, or 120 days after the effectiveness of any registration statement filed after the merger.
