On July 9, 2014, in connection with the Nomination, Standstill Agreement, dated July 9, 2014, among the Company, Standard General L.P. ("Standard General"), Standard General Master Fund L.P., P Standard General Ltd. and Dov Charney (the "Standstill Agreement"), five (5) of the seven (7) members of the Board resigned (the "Resignations"), effective as of August 2, 2014. In connection with the Standstill Agreement, Allan Mayer and David Danziger were to remain as directors, and each were to continue to serve as Co-Chairman of the Board. Immediately after such resignations, Messrs. Mayer and Danziger were to appoint the following individuals to fill the vacancies on the Board: one individual designated by Standard General to the Company to serve as a Class A director of the Company (the "Class A Designee"), two other individuals designated by Standard General to the Company to serve as Class B directors of the Company (the "Class B Designees" and together with the Class A Designee, the "Standard General Designees") and two other individuals mutually agreed between Standard General and the Company to serve as Class C directors of the Company (together with the Standard General Designees, the "New Board Designees"). CORPORATE GOVERNANCE AND BOARD MATTERS

Background of American Apparel, Inc.

American Apparel, Inc. including its subsidiaries, is a vertically-integrated manufacturer, distributor, and retailer of branded fashion basic apparel products and designs. The Company manufactures and sells clothing and accessories for women, men, children and babies. The Company sells its products through the wholesale distribution channel supplying t-shirts and other casual wear to distributors and screen printers, as well as directly to customers through its retail stores located in the U.S. and internationally. In addition, the Company operates an online retail e-commerce website. At December 31, 2014, the Company operated a total of 242 retail stores in 20 countries including the U.S. and Canada.

Director Independence

The Board is currently composed of nine directors, seven of whom qualify as independent directors as defined under the applicable listing standards of the NYSE MKT (each an "Independent Director"). Each of Ms. Brown, Mr. Danziger, Mr. Glazek, Ms. Lee, Mr. Magnacca, Mr. Mayer and Mr. Sullivan qualifies as an Independent Director. In establishing independence, the Board affirmatively determines that each director or nominee does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In addition, the Board has determined as provided in the NYSE MKT rules that the following categories of persons would not be considered independent: (1) a director who is, or during the past three years was, employed by us, other than prior employment as an interim executive officer (provided the interim employment did not last longer than one year); (2) a director who accepted or has an immediate family member who accepted any compensation from us in excess of \$120,000 during any period of twelve consecutive months within the three years preceding the determination of independence (unless such compensation falls under exceptions provided for under the NYSE MKT rules); (3) a director who is an immediate family member of an individual who is, or at any time during the past three years was, employed by us as an executive officer; (4) a director who is an executive officer, partner or a controlling stockholder, or has an immediate family member who is an executive officer, partner or a controlling stockholder, of an organization to which we made, or from which we received, payments (other than those arising solely from investments in our securities or payments under non-discretionary charitable contribution matching programs) which, in any of the past three fiscal years, exceeds or exceeded the greater of \$200,000, or 5% of the other organization's consolidated gross revenues; (5) a director who is, or has an immediate family member who is, employed as an executive officer of another entity where at any time during the most recent three fiscal years any of our executive officers serve on the compensation committee of such other entity; and (6) a director who is, or has an immediate family member who is, a current partner of our outside auditor, or was a partner or employee of our outside auditor who worked on our audit at any time during any of the past three years.

Applying these standards, the Board determined that seven directors qualify as Independent Directors. In making this determination with respect to Thomas Sullivan, the Nominating and Corporate Governance Committee considered that Mr. Sullivan serves as a member of the board of directors of Media General, and that Soohyung Kim, Chief Executive Officer of Standard General, also serves as a member of the board of directors of Media General. In making this determination with respect to Joseph Magnacca, the Committee considered that Mr. Magnacca served as Chief Executive Officer of RadioShack, and that Standard General is the beneficial owner of approximately 9.8% of the

outstanding common stock of RadioShack. In making this determination with respect to David Glazek, the Nominating and Corporate Governance Committee considered that Mr. Glazek is a partner of Standard General.

BOARD LEADERSHIP STRUCTURE AND RISK OVERSIGHT

As discussed more fully above, on June 18, 2014, the Board voted to replace Dov Charney as Chairman of the Board and appointed Allen Mayer and David Danziger as Co-Chairmen of the Board.

On December 22, 2014, Allan Mayer and David Danziger, our Co-Chairmen of the Board, stepped down from that position and Colleen B. Brown was appointed as the new Chairperson of the Board.

Table of Contents

Accordingly, during 2014, we transitioned to a Board leadership structure that fully separates the positions of Chairman and CEO. In addition, the terms of the Standstill Agreement require that we separate the positions of Chairman and CEO. By having different individuals serve in these capacities, we believe that our leadership structure will provide additional objective and thoughtful oversight by the Board and enable our CEO to focus on our operations. This provision survives for as long as any Standard General Designee is a member of the Board. The CEO is responsible for risk management associated with our day-to-day operations, and the Board, as a whole and through its committees, is responsible for overseeing our overall risk management. In this oversight role, the Board must ensure that the risk management processes designed and implemented by management are adequate and functioning as designed. We believe that our new leadership structure enables the Board to perform this role effectively. The Board will continue to consider from time to time the optimal leadership structure for us based on what the Board believes is best for us and our stockholders.

Committee Composition

The Board presently has the following three committees: (1) an Audit Committee, (2) a Compensation Committee and (3) a Nominating and Corporate Governance Committee. Committee membership during the last fiscal year and the functions of each of the committees are described below. Each of the committees operates under a written charter adopted by the Board. All of the Committee charters are available on our website at www.americanapparel.net/aboutus/investorrelations.

The Board held twenty-one meetings during fiscal year 2014. The Audit Committee met nine times; the Compensation Committee met seven times and the Nominating and Corporate Governance Committee met nine times. Pursuant to the Standstill Agreement, the Suitability Committee was established for the purposes of overseeing the investigation into Mr. Charney's alleged misconduct and determining whether it is appropriate for Mr. Charney to be reinstated as the CEO or serve as an officer or employee of the Company or any of its subsidiaries. The Suitability Committee met twenty-seven times and was dissolved at the conclusion of the investigation in December 2014. Other than Mr. Chehebar, each director attended, in person or telephonically, at least 75% in the aggregate of (i) the total number of meetings of the Board held during 2014 and (ii) the total number of meetings held by all committees of the Board on which he served during 2014. In addition, all of our then directors (other than Mr. Chehebar) attended our 2014 Annual Meeting in person or telephonically. We expect our directors to attend annual meetings of stockholders and all Board meetings and respective committee meetings and to spend the time needed and to meet as frequently as necessary to properly discharge their responsibilities.

Audit Committee

The current members of the Audit Committee are Ms. Brown, Mr. Danziger and Mr. Sullivan, with Mr. Danziger as Chairman. The Board has determined that each member of this Committee is an Independent Director.

The Audit Committee's purpose is to provide assistance to the Board in fulfilling its legal and fiduciary obligations with respect to matters involving our accounting, auditing, financial reporting, internal control and legal compliance

functions. The Committee oversees the audit efforts of our independent accountants and internal auditors and, in that regard, takes such actions as it may deem necessary to satisfy itself that our auditors are independent of management. It is the objective of the Audit Committee to maintain free and open means of communications among the Board, the independent accountants, the internal auditors and our financial and senior management. Among other things, the Audit Committee prepares the Audit Committee report for inclusion in the annual proxy statement; annually reviews the Audit Committee Charter and the Audit Committee's performance; appoints, evaluates and determines the

Table of Contents

compensation of our independent auditors; reviews and approves the scope of the annual audit, the audit fees and the financial statements; reviews our disclosure controls and procedures, internal controls, information security policies, internal audit function, and corporate policies with respect to financial information and earnings guidance; oversees investigations into complaints concerning financial matters; and reviews other risks that may have a significant impact on our financial statements. The Audit Committee has the authority to obtain advice and assistance from, and receive appropriate funding from us for, outside legal, accounting and other advisors as the Audit Committee deems necessary to carry out its duties.

The Audit Committee is a separately-designated standing committee, established in accordance with section 3(a)(58)(A) of the Exchange Act (15 U.S.C. 78(c)(58)(A)). The Audit Committee at all times is required to be composed exclusively of at least three "independent directors" who are "financially literate" as defined under NYSE MKT listing standards. NYSE MKT listing standards define "financially literate" as being able to read and understand fundamental financial statements, including a company's balance sheet, income statement and statement of cash flows. The Audit Committee is currently composed of three financially literate Independent Directors: Ms. Brown and Messrs. Danziger and Sullivan. In addition, Ms. Brown and Messrs. Danziger and Sullivan qualify to serve as the "financial expert" according to the requirements of SEC Regulation S-K Items 407(d)(5)(ii) and 407(d)(5)(iii). A copy of the current Audit Committee Charter is available on our website at

www.americanapparel.net/aboutus/investorrelations.

Compensation Committee

The current members of the Compensation Committee are Messrs. Glazek, Mayer and Magnacca, with Mr. Mayer as Chairman. The Board has determined that each member of this Committee is an Independent Director.

The Compensation Committee is responsible for overseeing our compensation and employee benefit plans and practices, including the executive compensation plans and the incentive-compensation and equity-based plans. The Compensation Committee reviews and approves our general compensation policies, oversees the administration of all of our compensation and benefit plans, reviews and approves compensation of our executive officers, prepares the Compensation Committee Report to be filed with the SEC and recommends compensation policies to the Board. For more information, see "Processes and Procedures for Determination of Executive and Director Compensation" below and the current copy of the Compensation Committee Charter, which is available on our website at

www.americanapparel.net/aboutus/investorrelations.

Nominating and Corporate Governance Committee

The current members of the Nominating and Corporate Governance Committee are Ms. Brown and Lee and Messrs. Glazek, Mayer and Sullivan, with Mr. Sullivan as Chairman. The Board has determined that each member of this committee is an Independent Director.

The Nominating and Corporate Governance Committee assists the Board in identifying and recommending individuals qualified to serve as directors. Subject to Lion's right to designate up to two persons to the Board pursuant to the Investment Agreement, consistent with criteria approved by the Board (as described below under "Consideration of Director Nominees"), the Nominating and Corporate Governance Committee will select, or recommend that the Board select, the director nominees required for each subsequent annual meeting of stockholders. The Nominating and Corporate Governance Committee will consider persons identified by its members, management, stockholders and others as nominees.

The guidelines for selecting nominees, which are specified in the Nominating and Corporate Governance Committee's current charter, generally provide that persons to be nominated should be evaluated with respect to their experience, skills, expertise, diversity, personal and professional integrity, character, business judgment, time availability in light of other commitments, dedication, conflicts of interest and such other relevant factors that the Nominating and Corporate Governance Committee considers appropriate in the context of the needs of the Board. Additionally, the guidelines provide that the Nominating and Corporate Governance Committee should consider whether candidates are independent pursuant to NYSE MKT requirements; accomplished in their fields and maintain a reputation, both personal and professional, consistent with our image and reputation; able to read and understand financial statements; knowledgeable as to our company and the issues affecting us; committed to enhancing stockholder value; able to understand fully the legal responsibilities of a director and the governance processes of a public company; able to

develop a good working relationship with other Board members and senior management; and able to suggest business opportunities to us. The Nominating and Corporate Governance Committee will evaluate each individual in the context of the Board as a whole, with the objective of recommending a group of persons that reflects the appropriate balance of knowledge, experience, skills, expertise and diversity and includes at least the minimum number of independent directors required by the NYSE MKT. The Nominating and Corporate Governance Committee will not distinguish among nominees recommended by stockholders and nominees recommended by other persons. In addition to the responsibilities described above, the Nominating and Corporate Governance Committee currently develops and recommends to the Board a set of corporate governance principles for us, oversees the evaluation of our management and the

Board, and makes recommendations to the Board regarding the size and composition of committees of the Board, including identifying individuals qualified to serve as members of each committee. A copy of the current Nominating and Corporate Governance Committee Charter is available on our website at www.americanapparel.net/aboutus/investorrelations.

Consideration of Director Nominees

Stockholder Nominees

Our stockholders may make recommendations to the Nominating and Corporate Governance Committee of candidates for nomination as our directors or may nominate a person directly for election to the Board, in each case subject to compliance with the procedures described below and further set forth in the charter of the Nominating and Corporate Governance Committee and in the Bylaws, as the case may be.

Stockholder Recommendations of Nominees. The policy of the Nominating and Corporate Governance Committee is to consider properly submitted stockholder recommendations of candidates for election to the Board as described below under "Identifying and Evaluating Nominees for Directors." The Nominating and Corporate Governance Committee will evaluate a prospective nominee recommended by any stockholder in the same manner and against the same criteria as any other prospective nominee identified by the Nominating and Corporate Governance Committee from any other source.

In evaluating recommendations from stockholders, the Nominating and Corporate Governance Committee will seek to achieve a balance of knowledge, experience and capability on the Board and to address the membership criteria set forth under "Director Qualifications" below.

A stockholder recommendation of a candidate for election to the Board must be in writing and must be received by us not later than 30 days after the end of our fiscal year. The recommendation must contain the following information and documentation:

the candidate's name, age, business and current resident addresses, as well as residence address for the past 20 years, principal occupation or employment and employment history (name and address of employer and job title) for the past 10 years and educational background;

- the candidate's permission for us to conduct a background investigation;

the number of shares of our common stock beneficially owned by the candidate;

the information that would be required to be disclosed about the candidate under the rules of the Exchange Act in a proxy statement soliciting proxies for the election of such candidate as a director; and

a signed consent of the candidate to serve as our director, if elected.

Stockholder recommendations for candidates for membership on the Board should be addressed to:

Stockholder Nominations of Directors. A stockholder that instead desires to nominate a person directly for election to the Board at an annual meeting of stockholders must comply with the advance notice procedures of the Bylaws and attend the annual meeting of stockholders to make the necessary motion. Nominations of persons for election to the Board at a meeting of stockholders may be made at such meeting by any stockholder of the Company entitled to vote for the election of directors at the meeting who complies with the notice procedures set forth in the Bylaws and described below.

Such nominations by any stockholder must be made pursuant to timely notice in writing to our Secretary. To be timely, a stockholder's notice must be delivered to or mailed and received at our principal executive offices not less than 60 days nor more than 90 days prior to the meeting. In the event that less than 70 days' notice or prior public disclosure of the date of the meeting is given or made to stockholders, notice by the stockholder, to be timely, must be received no later than the close of business on the tenth day following the day on which such notice of the date of the meeting was mailed or such public disclosure was made, whichever first occurs.

Such stockholder's notice to the Secretary must set forth:

as to each person whom the stockholder proposes to nominate for election or reelection as a director, (a) the name, age, business address and residence address of the person, (b) the principal occupation or employment of the person, (c) the class and number of shares of our capital stock which are beneficially owned by the person, and (d) any other information relating to the person that is required to be disclosed in solicitations for proxies for election of directors pursuant to the rules and regulations of the SEC under Section 14 of the Exchange Act; and

• as to the stockholder giving the notice (a) the name and record address of the stockholder and (b) the class and number of shares of our capital stock which are beneficially owned by the stockholder.

Table of Contents

We may require any proposed nominee to furnish such other information as may reasonably be required by us to determine the eligibility of such proposed nominee to serve as our director. No person nominated by a stockholder will be eligible for election as our director unless nominated in accordance with the procedures set forth above. Our officer presiding at an annual meeting shall, if the facts warrant, determine and declare to the meeting that a nomination was not made in accordance with the foregoing procedure, and if he or she should so determine, he or she shall so declare to the meeting and the defective nomination shall be disregarded.

Director Qualifications

The Nominating and Corporate Governance Committee has the responsibility to review the background and qualifications of individuals being considered as director candidates, including developing criteria and qualifications for membership on the Board. Among the qualifications considered in the selection of candidates, the Nominating and Corporate Governance Committee shall consider each candidate's experience, skills, expertise, diversity, personal and professional integrity, character, business judgment, time availability in light of other commitments, dedication, conflicts of interest and such other relevant factors that the Nominating and Corporate Governance Committee considers appropriate in the context of the needs of the Board.

Additionally, the Nominating and Corporate Governance Committee considers whether the candidate is:

• independent pursuant to NYSE MKT requirements;

• accomplished in his or her field and maintained a reputation, both personal and professional, consistent with the image and our reputation;

• able to read and understand financial statements (the Nominating and Corporate Governance Committee will also determine if a candidate qualifies as an "audit committee financial expert," as defined by the SEC);

• knowledgeable as to us and issues affecting us;

• committed to enhancing stockholder value;

• able to understand fully the legal responsibilities of a director and the governance processes of a public company;

• able to develop a good working relationship with other Board members and senior management; and

• able to suggest business opportunities to the Company.

Identifying and Evaluating Nominees for Directors

The Nominating and Corporate Governance Committee annually reviews the composition of the Board and reviews the suitability for continued service as a director of each Board member when his or her term expires and when he or she has a change in status, including but not limited to an employment change, and to recommend whether or not the director should be re-nominated. The Nominating and Corporate Governance Committee also recommends to the Board the nominees, consistent with the criteria for selecting directors established by the Board or the Nominating and Corporate Governance Committee, for election as directors by the stockholders or appointment by the Board, as the case may be, pursuant to our Bylaws.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers and directors, and any beneficial owner of more than ten percent of a registered class of our equity securities, to file reports (Forms 3, 4 and 5) of stock ownership and changes in ownership with the SEC and the NYSE MKT. Officers, directors and beneficial owners of more than ten percent of our common stock are required by SEC regulations to furnish us with copies of all such forms that they file. Based solely on our review of the copies of Forms 3, 4 and 5 and the amendments thereto received by us for the year ended December 31, 2014, or written representations from certain reporting persons that no Forms 5 were required to be filed by those persons, we believe that during the year ended December 31, 2014, all filing requirements were complied with by our executive officers, directors and beneficial owners of more than ten percent of our common stock.

Code of Business Conduct and Ethics

On December 19, 2014, as part of the review by the Board of our corporate governance and policies, the Board adopted a revised Code of Business Conduct and Ethics ("Revised Code") that amended, restated, and replaced the prior Code of Ethics ("Prior Code") applicable to us, effective as of January 1, 2015. The Revised Code applies to all directors, employees and officers, including our principal executive officer, principal financial officer and principal accounting officer or controller, or persons performing similar functions. The Revised Code is intended to clarify,

update or enhance the descriptions of the standards of conduct that are expected of all of our directors, officers and employees.

The Revised Code is also published on our website at

www.americanapparel.net/aboutus/investorrelations/corporategovernance. In addition, stockholders may request a copy of the Revised Code free of charge by contacting our investor relations department at

Indemnification of Directors

Table of Contents

The General Corporation Law of the State of Delaware provides that a company may indemnify its directors and officers as to certain liabilities. Our Amended and Restated Certificate of Incorporation and Bylaws provide for the indemnification of our directors and officers to the fullest extent permitted by law, and we have entered into separate indemnification agreements with certain directors and officers to effectuate these provisions and have purchased directors' and officers' liability insurance. The effect of such provisions is to indemnify, to the fullest extent permitted by law, our directors and officers against all costs, expenses and liabilities incurred by them in connection with any action, suit or proceeding in which they are involved by reason of their affiliation with us.

Item 11. Executive Compensation

PROCESSES AND PROCEDURES FOR DETERMINATION OF EXECUTIVE AND DIRECTOR COMPENSATION

The Compensation Committee of the Board is responsible for overseeing our compensation and employee benefit plans and practices. The Compensation Committee reviews and approves, either as a committee or together with the other independent directors, our general compensation policies, oversees the administration of all of our compensation and benefit plans and reviews and approves, either as a committee or together with the other independent directors, the compensation of our executive officers. The Compensation Committee Charter requires that each member of the committee satisfy all applicable requirements then in effect of the NYSE MKT and any other stock exchange or national securities association on which our securities are listed or quoted and any other applicable regulatory requirement relating to director independence, nomination and size of the Compensation Committee and that the Compensation Committee consist of no fewer than two Board members who qualify as "non-employee directors" within the meaning of Rule 16b-3 under the Exchange Act and "outside directors" within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended. The Compensation Committee consists of three Board members, each of whom the Board has affirmatively determined satisfied these independence requirements. The Compensation Committee Charter sets forth the purpose of and other matters pertaining to the Compensation Committee. The form of the current Compensation Committee Charter is available on the Company's website at www.americanapparel.net/aboutus/investorrelations.

Pursuant to its Charter, the Compensation Committee's responsibilities include the following:

- review and approve, either as a committee or together with the other independent directors, the corporate goals and objectives relevant to the compensation of our CEO and other executive officers;
- evaluate, either as a committee or together with the other independent directors, our CFO's performance in light of such goals and objectives;
- set, either as a committee or together with the other independent directors, our executive officers' compensation levels, including base salary, annual incentive opportunities, long-term incentive opportunities and benefits;
- review and approve, either as a committee or together with the other independent directors, any employment contracts or related agreements, such as severance or termination arrangements, to be made with any of our executive officers;
- review and recommend to the Board appropriate director compensation programs and, either as a committee or together with the other independent directors, review and approve perquisites or other personal benefits to directors and recommend any changes to the Board;
- review its own performance and assess the adequacy of its Charter;
- review and approve the goals and objectives of and the plans underlying our general compensation and other employee benefit programs, including incentive-compensation and equity-based programs;
- retain (after taking into consideration all factors relevant to that person's independence from management) and terminate any compensation consultant used to assist in the evaluation of officer compensation, including to approve the consultant's fees and other retention terms;
- review and discuss with management our Compensation Discussion and Analysis to be included in our annual proxy statement;
- review and recommend for approval by the Board, or approve, the frequency with which we should submit to the stockholders an advisory vote on the compensation of our named executive officers, taking into account any prior stockholder advisory vote on the frequency with which we shall hold a stockholder advisory vote on compensation of our named executive officers;

review the results of any stockholder advisory vote on the compensation of our named executive officers and consider whether to make any adjustments to our executive compensation policies and practices; and produce a report of the Compensation Committee to be included in our annual proxy statement.

COMPENSATION DISCUSSION AND ANALYSIS

This section contains a discussion of the material elements of compensation awarded to, earned by or paid to our principal executive officer and principal financial officer and our three other most highly compensated executive officers or individuals during fiscal 2014. The principal executive officers, principal financial officers and our three other most highly compensated executive officers or individuals are referred to as the "Named Officers" herein.

Principal executive officer – During 2014, Dov Charney served as our Chairman of the Board and CEO until his suspension on June 18, 2014. From June 19, 2014 to September 29, 2014, John J. Luttrell served as our interim CEO and from September 29, 2014 to January 5, 2015, Scott Brubaker served as our interim CEO.

Principal financial officer – During 2014, John J. Luttrell also served as our Executive Vice President and CFO until his resignation on September 29, 2014 when Hassan N. Natha joined us as our Executive Vice President and CFO.

Other Named Officers - Our two other most highly compensated executive officers during 2014 who were serving as of December 31, 2014 were Martin Bailey and Chelsea A. Grayson. Glenn A. Weinman, whose employment with us terminated on May 16, 2014, constituted our third most highly compensated executive officer during fiscal 2014 and is included as a Named Officer under relevant SEC rules.

Our current executive compensation programs are determined and approved by the Compensation Committee of the Board. None of the Named Officers are members of the Compensation Committee. Our CEO, in consultation with the other Named Officers, recommends to the Compensation Committee salary, cash incentive awards, equity-based awards and long-term compensation levels for executive officers, including the Named Officers. Our CFO provides the Compensation Committee with documents used by the committee in the determination of executive compensation.

Executive Compensation Program Objectives and Overview

It is our intent that our executive compensation programs achieve three fundamental objectives:

• **Competitive Compensation** – We should provide competitive compensation opportunities so that we can attract, motivate and retain qualified executive officers.

• **Pay for Performance: Hold Executives Accountable** – A substantial portion of compensation should be tied to our company's performance (and/or relevant department or segment) and individual performance.

• **Alignment of Executive Incentives with Stockholder Interests** – A substantial portion of compensation should be contingent on our performance. As an executive officer's level of responsibility increases, a greater portion of the officer's total compensation should be dependent on our performance.

As described in more detail below, the material elements of our executive compensation program will generally include, at the discretion of the Compensation Committee, some or a mix of the following: a base salary, an annual cash incentive bonus opportunity, and a performance equity plan component. The base salary is the element of our current executive compensation program with respect to which the value of the benefit in any given year is generally

not variable. We believe that in order to attract, motivate and retain top-caliber executive officers, we need to provide executive officers with predictable compensation amounts that reward the executive officer's continued service. The base salaries are paid out on a short-term or current basis. We

Table of Contents

anticipate that any bonus awarded in any given year will depend on the performance of the individual and our performance. Any bonuses would generally be paid out on a short-term basis, such as at year end or upon completion of significant projects. Performance equity awards would generally be made on a longer-term basis. We believe that a mix of longer-term benefits, geared toward retention of executives, and short-term benefits, focused on recruitment, will allow us to achieve our dual goals of attracting and retaining executive officers.

Our cash incentive bonus opportunity is a compensation mechanism used to hold executive officers accountable by directly linking performance to compensation. We believe the ability to reward excellence and pass along the consequences of poor performance aligns our executive officers' interests with those of our stockholders and helps us to attract, motivate and retain executive officers. Our performance equity incentives also align our executive officers' interests with those of our stockholders, helping us to hold executive officers accountable for performance and to motivate and retain high-performing executive officers.

These compensation elements are intended to create a total compensation package for each executive officer that we believe will achieve our compensation objectives, providing competitive compensation opportunities that reward performance and align executives' incentives with the interests of stockholders.

The Compensation Committee also considers the results of competitive analyses such as the Pearl Meyer & Partners (PM&P) analyses described below when evaluating and establishing compensation opportunities for the Named Officers.

We have employment agreements with Paula Schneider, our CEO, Hassan N. Natha, our Executive Vice President and CFO and Chelsea A. Grayson, our Executive Vice President, General Counsel and Secretary. For a more complete description of current employment agreements with the Named Officers, see "Description of Employment Agreements" below.

Our CEO recommends to the Compensation Committee salary, annual bonus, equity-based awards and long-term compensation levels for other executive officers, including the Named Officers. While the Compensation Committee reviews and makes recommendations regarding compensation paid to the non-employee directors, the compensation for these directors is determined by the Board.

Equity awards to all officers subject to Section 16 of the Exchange Act are made by the Compensation Committee. As indicated above, pursuant to its charter, the Compensation Committee is authorized to retain and terminate any compensation consultant engaged to assist in the evaluation of the compensation of our officers (including all of the Named Officers).

In 2014, we engaged PM&P to review executive compensation for senior executive positions. While PM&P was engaged by and reports directly to the Compensation Committee, PM&P interacted with our management when appropriate to gather perspectives and relevant company and compensation data. In addition, PM&P may seek feedback from the Compensation Committee Chairman, other members of the Compensation Committee or the Board, or the CEO and Chairman of the Board regarding its work prior to presenting study results or recommendations to the Compensation Committee.

PM&P has attended or participated in certain Compensation Committee meetings and provided third-party data, advice and expertise on proposed executive compensation levels, programs and plan designs. The Compensation Committee may also ask PM&P to review and provide advice related to proposals prepared by management, including evaluating the consistency of such proposals with the Compensation Committee's compensation philosophy and in comparison to programs at other companies.

For the 2014 review, PM&P developed a list of Peer Group companies in the Retail/Apparel industry to establish a reference for executive compensation levels and program structure, total compensation, beneficial ownership levels for Named Officers and long-term incentive plan features among the Peer Group companies. In determining the Peer Group, PM&P included Retail/Apparel companies with revenues between one-quarter to four times our revenue. The Peer Group included:

The Compensation Committee has assessed the independence of PM&P pursuant to SEC rules and concluded that there are no conflict of interest issues.

Current Executive Compensation Program Elements

Base Salaries

The Compensation Committee reviews and approves base salaries for executive officers, including Named Officers, annually and in connection with promotions or other changes in responsibilities. The Compensation Committee generally reviews the base salaries for each executive officer in the first quarter of each year to set salaries, and considers market data, individual compensation history, pay in relation to other executive officers at the Company, tax deductibility, individual job performance and future potential, as well as evaluations and recommendations by senior management in determining base salary. The weight given to each of these factors may differ from individual to individual, as the Compensation Committee deems appropriate.

Annual Bonus Awards

The Compensation Committee has the authority to set annual bonus targets and performance criteria under our and believes that this annual bonus program is an important part of creating an incentive for our executives to achieve specific goals across various measures of performance. For the 2014 performance period, Dov Charney, Martin Bailey, John J. Luttrell and Glenn A. Weinman were eligible to achieve bonuses based on various weightings of sales, EBITDA, debt, inventory, as well as a discretionary portion and Mr. Bailey achieved a bonus that is reflected in the Summary Compensation Table. Additionally, Mr. Natha was entitled to a bonus in accordance with his employment agreement and Mr. Weinman was entitled to a bonus pursuant to the terms of his separation agreement.

Long-Term Equity Incentive Awards

The Compensation Committee has the authority to grant stock options, restricted stock and other awards to executive officers under our 2011 Plan.

Table of Contents

On March 12, 2014, the Compensation Committee approved grants to Messrs. Luttrell and Weinman of 120,000 and 45,000 shares of our common stock, respectively, with each award vesting as to one-third of the shares on each of March 1, 2014, 2015 and 2016. The Compensation Committee believes that these grants will serve to further align the interests of our executives and stockholders.

Severance and Other Benefits Upon Termination of Employment

In order to support our compensation objectives of attracting, retaining and motivating qualified executive officers, we believe that, in certain cases, we may decide to provide executive officers with severance protections upon certain types of termination. These severance protections are negotiated on an individual basis. American Apparel has not entered into any change in control agreements. We have or had (as the case may be) severance arrangements with Martin Bailey, Dov Charney, John J. Luttrell, Glenn A. Weinman, Hassan N. Natha, and Chelsea A. Grayson.

For a more complete description of current employment agreements with the Named Officers, see "Description of Employment Agreements" below.

Option Grant Practices and Policies

The Compensation Committee may, from time to time, grant stock options under our 2011 Plan, as determined by the Compensation Committee.

Section 162(m) Policy

Section 162(m) of the Internal Revenue Code disallows a tax deduction to publicly-held companies for compensation paid to certain executive officers, to the extent that compensation exceeds \$1 million per officer in any year. The limitation applies only to compensation which is not considered to be performance-based. The Compensation Committee intends to consider the anticipated tax treatment to us and our executive officers when reviewing executive compensation and our compensation programs.

While the tax impact of any compensation arrangement is one factor to be considered, such impact is evaluated in light of the Compensation Committee's overall compensation philosophy. The Compensation Committee will consider ways to maximize the deductibility of executive compensation, while retaining the discretion it deems necessary to compensate officers in a manner commensurate with performance and the competitive environment for executive talent. From time to time, the Compensation Committee may award compensation to our executive officers which is not fully deductible, if it determines that such award is consistent with its philosophy and is in our and our stockholders' best interests.

The Compensation Committee considers, in establishing and reviewing our executive compensation program, whether the program encourages unnecessary or excessive risk taking and has concluded that it does not. Base salaries are fixed in amount and thus do not encourage risk taking. While our annual bonus plan focuses on achievement of short-term or annual goals, and short-term goals may encourage the taking of short-term risks at the expense of long-term results, executives' annual bonuses are determined using multiple performance criteria and are subject to reduction by the Compensation Committee based on the executive's individual performance. The Compensation Committee believes that the annual bonus plan appropriately balances risk and the desire to focus executives on specific short-term goals important to our success, and that it does not encourage unnecessary or excessive risk taking. The Compensation Committee believes that our current executive compensation program provides an appropriate balance between the goals of increasing the price of our common stock and avoiding risks that could threaten our growth and stability. In addition, it is intended to be the practice of the Compensation Committee to grant executive officers a mixture of stock options and restricted stock as described above. The Compensation Committee believes that such awards would not encourage unnecessary or excessive risk taking since the ultimate value of the awards would be tied to our stock price, and since grants are subject to long-term vesting schedules to help ensure that executives always have significant value tied to long-term stock price performance.

Stockholder Advisory Vote on Executive Compensation

Our 2011 proxy statement included an advisory vote on executive compensation (Proposal 4) and an advisory vote on the frequency of an advisory vote on executive compensation (Proposal 5). Except as described in the footnotes herein and subject to applicable community property laws and similar laws, we believe that each person listed above has sole voting and investment power with respect to such shares.

If a person has the right to acquire shares of our common stock subject to options and other convertible or exercisable securities, such as warrants, within 60 days of the date as of which the information is provided, then such shares are deemed outstanding for purposes of computing the percentage ownership of that person, but are not deemed outstanding for purposes of computing the percentage ownership of any other person. For stock awards granted to our executive officers, the total number of shares of our common stock granted have been included in the table above even though those stock awards may be subject to vesting.

According to the Schedule 13D/A filed on July 11, 2014. The reported shares include 27,351,407 shares of our (2)common stock which Mr. Charney purchased on June 27, 2014, pursuant to a letter agreement with Standard General dated as of June 25, 2014.

Standard General L.P. and its affiliates were deemed to beneficially own the 74,560,813 shares owned directly by Mr. Charney as a result of such arrangements, then the total number of shares of our common stock beneficially owned would be 76,100,813, representing 43.1% of the shares of common stock outstanding as of April 16, 2015.

Item 13. Certain Relationships and Related Transactions, and Director Independence

Under its charter, the Audit Committee is charged with reviewing our policies relating to the avoidance of conflicts of interest and reviewing all related party transactions that are required to be disclosed pursuant to SEC Regulation S-K, Item 404, or any successor provision. Additionally, the Audit Committee is responsible for reviewing our program to monitor compliance with our Code of Business Conduct and Ethics. Our Code of Business Conduct and Ethics is applicable to all directors, officers and employees and provides examples of conflict of interest situations as including, but not limited to, the following: any significant ownership interest in any supplier or customer; any consulting or employment relationship with any customer, supplier or competitor; any outside business activity that detracts from an individual's ability to devote appropriate time and attention to his or her responsibilities with us; the receipt of money, non-nominal gifts or excessive entertainment from any company with which we have current or prospective business dealings; being in the position of supervising, reviewing or having any influence on the job evaluation, pay or benefit of any close relative; selling anything to us or buying anything from us, except on the same terms and conditions as comparable officers or directors are permitted to so purchase or sell; and any other circumstance, event, relationship or situation in which the personal interest of a person subject to the Code of Business Conduct and Ethics interferes, or even appears to interfere, with the interests of our company as a whole. In determining whether to approve or ratify a transaction, the Audit Committee will take into account, among other factors it deems appropriate, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related person's interest in the transaction.

The following are the material transactions or agreements between us and related persons. The Audit Committee has approved or ratified all of these transactions. All dollar amounts in this section are in United States dollars unless stated otherwise. The following descriptions of the agreements among us and related persons are qualified in their respective entirety by reference to the respective agreements, as filed with the SEC, and the descriptions thereof included in our Current Reports on Form 8-K.

Personal Guarantees by Mr. Charney

As of December 31, 2014, Mr. Charney personally guaranteed our obligations under two property leases aggregating approximately \$9,210,000 in obligations.

Lease Agreement between the Company and a Related Party

We have an operating lease expiring in November 2016 for our knitting facility with American Central Plaza LLC, which is partially owned by Mr. Charney and Mr. Bailey. Mr. Charney holds an 18.75% ownership interest in American Central Plaza LLC, while Mr. Bailey holds a 6.25% interest. The remaining members of American Central Plaza LLC are not affiliated with us. Rent expense (including property taxes and insurance payments) related to this lease was approximately \$717,000 for the year ended December 31, 2014.

Payments to Morris Charney

Morris Charney ("Mr. M. Charney") is Mr. Charney's father and served as a director of American Apparel Canada Wholesale Inc. and a director of American Apparel Canada Retail Inc. until June 28, 2014. Day to day operations of these two Canadian subsidiaries are handled by their management and employees, none of whom performs any policy making functions for us. Our management sets the policies for American Apparel, Inc. and its subsidiaries as a whole. Mr. M. Charney did not perform any policy making functions for us or any of our subsidiaries. Mr. M. Charney only provided architectural consulting services primarily for stores located in Canada and, in limited cases, in the U.S. Mr. M. Charney was paid architectural consulting and director fees amounting to approximately \$70,000 for the year ended December 31, 2014.

Agreements between Mr. Charney and Standard General

As of December 31, 2014, Mr. Charney owned 42.3% of our outstanding common stock. Mr. Charney and Standard General collectively controlled the right to vote such common stock.

On June 25, 2014, Mr. Charney entered into a letter agreement with Standard General in which, if Standard General was able to acquire at least 10% of our outstanding shares, Standard General would loan Mr. Charney the funds needed for him to purchase those acquired shares from Standard General (the "SG-Charney Loan"). Between June 26, 2014 and June 27, 2014, Standard General acquired 27,351,000 of our outstanding shares, and Mr. Charney purchased those shares at a price of \$0.715 per share using the proceeds from the SG-Charney Loan. According to Mr. Charney's Schedule 13D/A, dated June 25, 2014, the loan bears interest at 10% per annum, payable in-kind and matures on July 15, 2019, with no prepayment penalty. The loan is collateralized by the newly acquired shares as well as by Mr. Charney's original shares of our outstanding common stock.

On July 9, 2014, Mr. Charney and Standard General entered into a cooperation agreement, which provides, among other things, that neither Mr. Charney nor Standard General will vote the common stock owned by Mr. Charney except in a manner approved by the parties in writing, except that, notwithstanding the terms of the Standstill Agreement, Mr. Charney may vote certain of his shares in favor of his own election to the Board and may vote all of such shares pursuant to the Investment Voting Agreement dated March 13, 2009 between Mr. Charney and Lion. In the Standstill Agreement, however, Mr. Charney agreed not to serve as a director of the Company. In addition, Mr. Charney agreed to enter into warrant agreements with Standard General that would give Standard General the right exercisable, on or prior to July 15, 2017, to purchase from Mr. Charney 32,072,000 shares (consisting of the 27,351,000 shares purchased by using the proceeds from the SG-Charney Loan and 10% of Mr. Charney's 47,209,000 original shares).

Loans held by Standard General

On July 16, 2014, Lion assigned its rights and obligations as a lender under the Lion Loan Agreement to Standard General. Standard General has waived any default under the Standard General Loan Agreement that may have resulted or which might result from Mr. Charney not being our CEO.

On March 25, 2015, one of our subsidiaries borrowed \$15,000,000 under the Standard General Credit Agreement. The Standard General Credit Agreement is guaranteed by us, bears interest at 14% per annum, and will mature on October 15, 2020. The Standard General Credit Agreement contains customary defaults, including cross event of default to the senior secured notes and the Standard General Loan Agreement and cross acceleration to other indebtedness above a threshold amount. If we experience certain change of control events, we are required to offer to prepay the Standard General Credit Agreement at 101% of the outstanding principal amount plus accrued and unpaid interest on the date of the prepayment. We will be required to prepay loans under the Standard General Credit Agreement to the extent necessary to avoid the loan being characterized as an "applicable high yield discount obligation" within the meaning of the Internal Revenue Code, by the first interest payment date following the fifth anniversary of closing.

Standstill Agreement with Mr. Charney and Standard General

On July 9, 2014, the Company entered into the Standstill Agreement with Standard General, Standard General Master Fund L.P., P Standard General Ltd. and Dov Charney (collectively, the "Standard General Group"). The Standstill Agreement relates to, among other things, the composition of the Board, the provision by Standard General of financial support to the Company in an aggregate amount up to \$25 million, and the creation of a special committee of the Board to oversee the now-concluded investigation into alleged misconduct by Dov Charney (which investigation

led to Mr. Charney's termination for cause). The Standard General Group also agreed to certain standstill and voting limitations, and Standard General affirmed its commitment to the Company's core values, including the Company's sweatshop-free, "Made in the USA" manufacturing philosophy and maintaining the Company's manufacturing headquarters in Los Angeles, California.

On July 9, 2014, pursuant to the Standstill Agreement, the Resignations were provided to the Company, effective as of August 2, 2014. In connection with the Standstill Agreement, Allan Mayer and David Danziger were to remain as independent directors, and each was to continue to serve as Co-Chairman of the Board. Immediately after such resignations, Messrs. Mayer and Danziger were to appoint the following individuals to fill the vacancies on the Board: one individual designated by Standard General to the

Table of Contents

Company to serve as a Class A director of the Company, two other individuals designated by Standard General to the Company to serve as Class B directors of the Company and two other individuals mutually agreed between Standard General and the Company to serve as Class C directors of the Company. On July 31, 2014, in accordance with the Standstill Agreement, the Board amended and restated our Bylaws to fix the size of the Board at nine directors.

On August 2, 2014, immediately following the acceptance of the Resignations, four (4) individuals were appointed to fill the vacancies resulting from the Resignations in accordance with the terms of the Standstill Agreement: David Glazek, designated by Standard General, to serve as a Class A director, Thomas J. Sullivan, designated by Standard General, to serve as a Class B director and Colleen B. Brown and Joseph Magnacca, each mutually agreed between Standard General and the Company, to serve as Class C directors.

On August 8, 2014, the Board appointed Laura A. Lee, designated by Standard General, to serve as a Class B director to fill the remaining vacancy resulting from the Resignations. Pursuant to the terms of the Standstill Agreement, the Company will use its reasonable best efforts to cause the election of the Class B directors designated by Standard General in accordance therewith as directors of the Company at the 2015 Annual Meeting of Stockholders.

During 2014, we transitioned to a Board leadership structure that fully separates the positions of Chairman and CEO. In addition, the terms of the Standstill Agreement require that the Company separate the positions of Chairman and CEO for so long as any of the Standard General Designees is a member of the Board.

Lion and Warrants held by Lion

See above for a description of the loan made by Lion and assigned to Standard General on July 16, 2014.

Mr. Charney and Lion are parties to an investment voting agreement, dated as of March 13, 2009, (the resignation "2009 Investment Voting Agreement"), and we have entered into an investment agreement with Lion, dated as of March 13, 2009 (the "Investment Agreement"). Pursuant to the Investment Agreement, Lion currently has the right to designate two directors to the Board (or, if we increase our board size to 12, up to three directors and no board observers). Lion's right to designate two directors is subject to maintaining certain minimum ownership thresholds of shares issuable under the Lion Warrants. As of the date of this Amendment, positions for Lion's two directors have been filled by Jeff Chang and Lyndon Lea.

Pursuant to the 2009 Investment Voting Agreement, for so long as Lion has the right to designate any person or persons to the Board, Mr. Charney has agreed to vote his shares of our common stock in favor of Lion's designees, provided that Mr. Charney's obligation to so vote terminates if he owns less than 6,000,000 shares of our common stock (which number will be adjusted appropriately to take into account any stock split, reverse stock split or similar transaction). In addition, pursuant to the 2009 Investment Voting Agreement, for so long as Lion has the right to designate any person or persons to the Board, Lion has agreed to vote its shares of our common stock in favor of Mr. Charney each time Mr. Charney is nominated for election to the Board, provided that Lion's obligation to so vote terminates if Mr. Charney beneficially owns less than 27,900,000 shares of our common stock (which number will be adjusted appropriately to take into account any stock split, reverse stock split or similar transaction).

As a result of the public offering in March 2014, Lion received the right to purchase an additional 2,905,000 shares of our common stock, and the exercise price of all of Lion held warrants (the "Lion Warrants") was adjusted from \$0.75 per share to \$0.66 per share. Such adjustments were required by the terms of the existing Lion Warrants. As of December 31, 2014, Lion held warrants to purchase 24,511,000 shares of our common stock. These warrants will expire on February 18, 2022.

The Lion Warrants, as amended, contain certain anti-dilution protections in favor of Lion providing for proportional adjustment of the warrant price and, under certain circumstances, the number of shares of our common stock issuable upon exercise of the Lion Warrants, in connection with, among other things, stock dividends, subdivisions and combinations and the issuance of additional equity securities at less than fair market value, as well as providing for the issuance of additional warrants to Lion in the event of certain equity sales or debt for equity exchanges.

Director Independence

See "Director Independence" in Item 10 for further discussion.

Item 14. Principal Accountant Fees and Services

Principal Accounting Firm Fees

Aggregate fees billed to us for the fiscal years ended December 31, 2014 and 2013 by our current independent auditors are as follows.

Table of Contents

	2014	2013
Marcum LLP:		
	(Amounts in thousands)	
Audit fees (1)	\$1,695	\$1,825
Audit-related fees (2)	0	120
Tax fees (3)	0	0
All other fees (4)	85	0
Total	\$1,780	\$1,945

(1) "Audit fees" consist of fees for professional services rendered by the principal accountant for the audit of our annual financial statements included in Form 10-Ks, the review of financial statements included in Form 10-Qs and for services that are normally provided by the auditor in connection with statutory and regulatory filings or engagements for those fiscal years.

(2) "Audit-related fees" consist of fees for assurance and related activities by the principal accountant that are reasonably related to the performance of the audit or review of our financial statements and are not reported as audit fees.

(3) "Tax fees" consist of fees for professional services rendered by the principal accountant for tax compliance, tax advice and tax planning.

(4) "All other fees" consist of fees for any products and services provided by the principal accountant not included in the first three categories.

In accordance with Section 10A(i) of the Exchange Act, before we engage our independent accountant to render audit or non-audit services, the engagement is approved by the Audit Committee. All of our independent auditor's fees were pre-approved by the Audit Committee in 2014. The Audit Committee utilizes a policy pursuant to which the audit, audit-related, and permissible non-audit services to be performed by the independent auditor are pre-approved prior to the engagement to perform such services. Pre-approval is generally provided annually, and any pre-approval is detailed as to the particular service or category of services and is generally limited by a maximum fee amount. The independent auditor and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent auditor in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee considered whether the provision of non-audit services provided by Marcum as described above was compatible with maintaining such accountant's independence, and believes that the provision of these services is consistent with maintaining such accountant's independence.
