## Core results of the integrated bank

With effect from the first quarter of 2007, Credit Suisse Group is also presenting its results on a core results basis. Core results include the results of the Investment Banking, Private Banking and Asset Management segments and the Corporate Center. However, they exclude revenues and expenses in respect of minority interests in which Credit Suisse does not have a significant economic interest in such revenues and expenses. In the first quarter of 2007, Credit Suisse reported income from continuing operations before taxes on a core results basis of CHF 3,576 million, up 16% compared to the first quarter of 2006. Net revenues grew 11% to CHF 10,669 million compared to the first quarter of 2006. Total operating expenses increased 6% to CHF 7,040 million compared to the first quarter of 2006.

### Investment Banking

The Investment Banking segment reported income from continuing operations before taxes of CHF 1,990 million for the first quarter of 2007, up 27% compared to the first quarter of 2006. Net revenues increased 14% in the first quarter of 2007, mainly reflecting record revenues in debt underwriting, equity and fixed income trading. Provisions for credit losses increased compared to the first quarter of 2006 but remained low in the generally stable credit environment. Total operating expenses rose 7% in the first quarter of 2007 compared to the same period of the previous year, due primarily to higher performance-related compensation expenses reflecting higher revenues. The compensation/revenue ratio was 51.5% in the first quarter of 2007, compared to 53.5% in the first quarter of 2006. The pre-tax income margin rose to 30.2% in the quarter, compared to 27.2% in the first quarter of 2006.

### Private Banking

The Private Banking segment, which comprises the Wealth Management and Corporate & Retail Banking businesses, reported income from continuing operations before taxes of CHF 1,439 million for the first quarter of 2007, up 10% compared to the first quarter of 2006.

The *Wealth Management* business reported income from continuing operations before taxes of CHF 988 million for the first quarter of 2007, up 3% compared to the first quarter of 2006. Net revenues rose 7%, driven mainly by increased net interest income, as well as by higher management fees from

managed assets as a result of the increased asset base. The 10% increase in total operating expenses during the quarter was attributable to higher compensation and benefits related to the international expansion in strategic growth markets and higher other expenses mainly due to infrastructure costs associated with the expansion of the integrated banking organization. The pre-tax income margin was 41.5% in the first quarter of 2007, compared to 43.2% in the first quarter of 2006.

The *Corporate & Retail Banking* business reported a 31% rise in income from continuing operations before taxes to CHF 451 million for the first quarter of 2007 compared to the first quarter of 2006. Net revenues rose 12%, mainly reflecting higher net interest income. Total operating expenses remained unchanged at CHF 546 million in the first quarter of 2007 compared to the first quarter of 2006. The pre-tax income margin was 45.7% in the first quarter of 2007, compared to 39.1% in the first quarter of 2006.

### Asset Management

The Asset Management segment reported income from continuing operations before taxes of CHF 257 million for the first quarter of 2007, a rise of 10% compared to the first quarter of 2006. Net revenues increased 3% to CHF 776 million compared to the first quarter of 2006, which was positively impacted by a CHF 85 million gain arising from the sale of assets in an emerging market investment fund. Total operating expenses were virtually unchanged compared to the first quarter of 2006, as the decline in general and administrative expenses offset higher compensation and benefits and commission expenses. The pre-tax income margin improved to 33.1% in the first quarter of 2007 from 31.0% in the first quarter of 2006. As of March 31, 2007, assets under management totaled CHF 708.6 billion, an increase of 5.8% from December 31, 2006.

### Net New Assets

The Wealth Management business generated net new assets of CHF 15.2 billion in the first quarter of 2007, representing an annualized quarterly growth rate of 7.8%. This reflected strong contributions from all strategic markets, especially Asia, the US and Europe. The Asset Management business reported strong net new assets of CHF 29.0 billion in the first quarter of 2007, mainly reflecting money market assets of CHF 18.3 billion and alternative investment assets of CHF 8.0 billion. Total assets under management were CHF 1,551.5 billion as of March 31, 2007, an increase of 4.5% from December 31, 2006.

### Outlook

Credit Suisse's business pipeline remains robust and it is optimistic about its long-term growth prospects in Investment Banking, Private Banking and Asset Management in view of the healthy macroeconomic environment. Credit Suisse believes that market corrections cannot be excluded in the coming months and expects an increase in market volatility.

**Cautionary Statement Regarding Forward-Looking and Non-GAAP Information**

This press release contains statements that constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. In addition, in the future we, and others on our behalf, may make statements that constitute forward-looking statements. Such forward-looking statements may include, without limitation, statements relating to the following:

- Our plans, objectives or goals;
- Our future economic performance or prospects;
- The potential effect on our future performance of certain contingencies; and
- Assumptions underlying any such statements.

Words such as believes, anticipates, expects, intends and plans and similar expressions are intended to identify forward-looking statements but are not the exclusive means of identifying such statements. We do not intend to update these forward-looking statements except as may be required by applicable securities laws.

By their very nature, forward-looking statements involve inherent risks and uncertainties, both general and specific, and risks exist that predictions, forecasts, projections and other outcomes described or implied in forward-looking statements will not be achieved. We caution you that a number of important factors could cause results to differ materially from the plans, objectives, expectations, estimates and intentions expressed in such forward-looking statements. These factors include:

- The ability to maintain sufficient liquidity and access capital markets;
- Market and interest rate fluctuations;
- The strength of the global economy in general and the strength of the economies of the countries in which we conduct our operations in particular;
- The ability of counterparties to meet their obligations to us;
- The effects of, and changes in, fiscal, monetary, trade and tax policies, and currency fluctuations;
- Political and social developments, including war, civil unrest or terrorist activity;
- The possibility of foreign exchange controls, expropriation, nationalization or confiscation of assets in countries in which we conduct our operations;
- Operational factors such as systems failure, human error, or the failure to implement procedures properly;
- Actions taken by regulators with respect to our business and practices in one or more of the countries in which we conduct our operations;
- The effects of changes in laws, regulations or accounting policies or practices;
- Competition in geographic and business areas in which we conduct our operations;
- The ability to retain and recruit qualified personnel;
- The ability to maintain our reputation and promote our brand;

## Edgar Filing: CREDIT SUISSE GROUP - Form 6-K

The ability to increase market share and control expenses;

Technological changes;

The timely development and acceptance of our new products and services and the perceived overall value of these products and services by users;

Acquisitions, including the ability to integrate acquired businesses successfully, and divestitures, including the ability to sell non-core assets;

The adverse resolution of litigation and other contingencies; and

Our success at managing the risks involved in the foregoing.

We caution you that the foregoing list of important factors is not exclusive. When evaluating forward-looking statements, you should carefully consider the foregoing factors and other uncertainties and events, as well as the information set forth in our Form 20-F Item 3 - Key Information - Risk factors.

Cautionary statement

**Cautionary statement regarding forward-looking and non-GAAP information**

This presentation contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995.

Forward-looking statements involve inherent risks and uncertainties, and we might not be able to achieve the predictions, forecasts, projections and other outcomes we describe or imply in forward-looking statements.

A number of important factors could cause results to differ materially from the plans, objectives, expectations, estimates and intentions we express in these forward-looking statements, including those we identify in "Risk Factors" in our Annual Report on Form 20-F for the fiscal year ended December 31, 2006 filed with the US Securities and Exchange Commission, and in other public filings and press releases.

We do not intend to update these forward-looking statements except as may be required by applicable laws.

This presentation contains non-GAAP financial information. Information needed to reconcile such non-GAAP financial information to the most directly comparable measures under GAAP can be found in Credit Suisse Group's first quarter report 2007.
