GLOBAL WATER RESOURCES, INC.
PROXY STATEMENT
ANNUAL MEETING INFORMATION

General

The board of directors (the "Board of Directors" or the "Board") of Global Water Resources, Inc. (the "Company", "we", "our", or "us") is soliciting your proxy for the 2019 Annual Meeting of Stockholders (the "Annual Meeting") to be held at our corporate headquarters, located at 21410 North 19th Avenue, Suite 220, Phoenix, Arizona 85027, on Thursday, May 9, 2019, at 11:00 a.m. Local Time, and at any and all adjourned or postponed sessions of the Annual Meeting, for the purposes of:

electing seven directors to serve on our Board of Directors for a term of office to expire at the 2020 Annual Meeting of Stockholders, with each director to hold office until his or her successor is duly elected or until his or her earlier resignation or removal;

ratifying the appointment of Deloitte & Touche LLP ("Deloitte") as our independent registered public accounting firm for the fiscal year ending December 31, 2019; and

transacting such other business as may properly come before the Annual Meeting or any adjournment or postponement thereof.

Internet Availability of Proxy Materials

Under Securities Exchange Commission ("SEC") rules, we are providing our stockholders with access to our proxy materials, including this proxy statement and our Annual Report on Form 10-K for the fiscal year ended December 31, 2018, on the Internet in lieu of mailing printed copies. We believe that these rules allow us to provide our stockholders with the information they need, while lowering the costs of delivery and reducing the environmental impact of our Annual Meeting.

As a result, our stockholders will receive in the mail a "Notice of Internet Availability of Proxy Materials" (the "Notice"). The Notice is different than the Notice of Annual Meeting of Stockholders that accompanies this proxy statement. We will begin mailing the Notice to stockholders on or about March 29, 2019, and the proxy materials will be first made available on the Internet on or about March 29, 2019.

The Notice will contain instructions on how to access and review our proxy materials and vote online. The Notice also will contain instructions on how you can request a printed copy of our proxy materials, including a proxy card if you are a record holder or a voting instruction form if you are a beneficial owner. By following the instructions in the Notice, you may request to receive, at no cost, a printed or electronic copy of our proxy materials for the Annual Meeting and indicate such delivery preference for future proxy solicitations. If you make such request by email and would like this delivery method for future proxy solicitations, you must specifically state in your email that such delivery preference should remain in effect for future proxy solicitations. Your request to receive future materials in paper or via email will remain in effect for future proxy solicitations until you terminate it. The proxy materials are available, free of charge, on our corporate website (www.gwresources.com) under "Investors" as well. By referring to our website, we do not incorporate the website or any portion of the website by reference into this proxy statement. We also follow a procedure called "householding," which the SEC has approved. Under this procedure, we may deliver a single copy of the Notice or proxy materials to stockholders who share the same address unless we have received contrary instructions from one or more of the stockholders. This procedure reduces our printing costs, mailing costs, and fees. All stockholders have the ability to access the proxy materials on the website referred to in the Notice. If you would like to receive a separate copy of the Notice or future notices regarding the availability of proxy materials (or, if you requested a printed copy of the proxy materials, an additional printed copy of the proxy materials), please submit your request to: Global Water Resources, Inc., ATTN: Corporate Secretary, 21410 North 19th Avenue, Suite 220, Phoenix, AZ 85027, email: corporatesecretary@gwresources.com, telephone: 480-360-7775, and we will promptly deliver separate copies to you. Similarly, if you share an address with another stockholder and received multiple copies of the Notice or the proxy materials, you may write or call us at the above address and telephone number to make arrangements to receive a single copy of the Notice or the proxy materials at the shared address in the future.

If your shares are registered differently or are held in more than one account at a brokerage firm, bank, broker-dealer, or other similar organization, you may receive more than one Notice or more than one paper copy of the proxy materials. Please follow the instructions printed on each Notice that you receive and vote the shares represented by each Notice to ensure that all of your shares are voted. If you requested to receive a printed copy of the proxy materials, please follow the voting instructions on the proxy cards or voting instruction forms, as applicable, and vote all proxy cards or voting instruction forms, as applicable, to ensure that all of your shares are voted. We encourage you to have all accounts registered in the same name and address whenever possible. If you are a registered holder, you can accomplish this by contacting our transfer agent, Continental Stock Transfer & Trust Company (“Continental”), at 212-509-4000 or in writing at Continental Stock Transfer & Trust Company, 1 State Street, 30th Floor, New York, NY 10004. If your shares are held in an account at a brokerage firm, bank, broker-dealer, or other similar organization, you can accomplish this by contacting the brokerage firm, bank, broker-dealer, or other similar organization.

Voting; Quorum

Our outstanding common stock constitutes the only class of securities entitled to vote at the Annual Meeting. Common stockholders of record at the close of business on March 21, 2019, the record date for the Annual Meeting, are entitled to notice of and to vote at the Annual Meeting. On the record date, 21,471,296 shares of our common stock were issued and outstanding. Each share of common stock is entitled to one vote. The presence at the Annual Meeting, in person, or by proxy, of the holders of one-third of the shares of common stock issued and outstanding on March 21, 2019 will constitute a quorum.

All votes will be tabulated by the Inspector of Elections appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions, and broker non-votes. Broker non-votes occur when a nominee, such as a brokerage firm or financial institution (each, a “nominee”), that holds shares on behalf of a beneficial owner does not receive voting instructions from such owner regarding a matter for which such nominee does not have discretion to vote on the proposal without such instructions. The rules applicable to brokerage firms and financial institutions permit nominees to vote in their discretion on routine matters in the absence of voting instructions from the beneficial holder. The ratification of Deloitte as our independent registered public accounting firm for the fiscal year ending December 31, 2019 (Proposal Two) is a routine matter. On non-routine matters, nominees cannot vote unless they receive instructions from the beneficial owner. The election of the seven directors to serve on our Board of Director (Proposal One) is a non-routine matter. Abstentions and broker non-votes are counted as present for purposes of determining whether there is a quorum for the transaction of business. For the matters to be voted on at this year’s Annual Meeting, broker non-votes will not be counted for purposes of determining whether a proposal has been approved. See “Voting Procedure—Beneficial Owners of Shares Held in Street Name” below.

The election of directors will be by plurality vote of our outstanding shares of common stock represented in person or by proxy at the Annual Meeting and entitled to vote. Accordingly, the seven nominees receiving the highest number of affirmative votes will be elected. Votes marked “withhold” and broker non-votes will not affect the outcome of the election, although they will be counted as present for purposes of determining whether there is a quorum. In addition, withhold votes may have an effect on director nominees pursuant to the majority voting policy adopted by our Board of Directors. See “Corporate Governance—Majority Voting Policy” for additional information.

Ratification of the appointment of Deloitte requires the affirmative vote of holders of a majority of the shares of our common stock represented in person or by proxy at the Annual Meeting and entitled to vote on the matter.

Abstentions with respect to this proposal will have the same effect as a vote against this proposal.

Voting Procedure

Stockholders of Record. If your shares are registered directly in your name with our transfer agent, Continental, you are a stockholder of record and you received the Notice by mail with instructions regarding how to view our proxy materials on the Internet, how to receive a paper or email copy of the proxy materials, and how to vote by proxy. You can vote in person at the Annual Meeting or by proxy. The Notice is not a ballot and you cannot use it to vote your shares. If you mark your vote on the Notice and send it back to us, your vote will not count. There are four ways stockholders of record can vote: (1) in person, by bringing your printed proxy card if you received one by mail or by ballot at the Annual Meeting; (2) via the Internet, by following the instructions in the Notice; (3) by telephone if you requested or received printed copies of the proxy materials in the mail, by calling the toll free number found on the proxy card; or (4) by mail, if you received or requested printed copies of the proxy materials in the mail, by filling out the proxy card and returning it in the envelope provided. If you are a stockholder of record, and you indicate when voting on the Internet or by telephone that you wish to vote as recommended by the Board of Directors, or sign and return a proxy without giving specific voting instructions, then the proxy holders will vote your shares in the manner recommended by the Board of Directors on all matters presented in this proxy statement and as the proxy holders may determine in their discretion with respect to any other matters presented for a vote at the Annual Meeting. Unless there are different instructions on the proxy card, all shares represented by valid proxies (and not revoked before they are voted) will be voted as follows at the Annual Meeting:

• **FOR** the election of each of the director nominees listed in Proposal One (unless the authority to vote for the election of any such director nominee is withheld); and

• **FOR** the ratification of the appointment of Deloitte as our independent registered public accounting firm as described in Proposal Two.

Beneficial Owners of Shares Held in Street Name. If your shares are held in an account at a brokerage firm, bank, broker-dealer, or other similar organization, then you are the beneficial owner of shares held in “street name,” and such organization forwarded to you the Notice by mail with instructions regarding how to view our proxy materials on the Internet, how to receive a paper or email copy of the proxy materials, and how to vote by proxy. The Notice is not a ballot and you cannot use it to vote your shares. There are four ways beneficial owners of shares held in street name can vote by proxy: (1) in person, by obtaining a legal proxy from the organization holding your account; (2) via the Internet, by following the instructions in the Notice; (3) by telephone if you requested or received printed copies of the proxy in the mail, by calling the toll free number found on the voting instruction form; or (4) by mail, if you received or requested printed copies of the proxy materials in the mail, by filling out the voting instruction form and returning it in the envelope provided. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. If you do not provide such organization with specific voting instructions, under the rules of the various national and regional securities exchanges, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If such organization does not receive instructions from you on how to vote your shares on a non-routine matter, the organization will inform our Inspector of Elections that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a “broker non-vote.” A broker non-vote will have the effects described above under “Voting; Quorum.”

Although we do not know of any business to be considered at the Annual Meeting other than the proposals described in this proxy statement, if any other business is presented at the Annual Meeting, your signed proxy or your authenticated Internet or telephone proxy, will give authority to Ron L. Fleming and Michael J. Liebman to vote on such matters at their discretion.

YOUR VOTE IS IMPORTANT. PLEASE VOTE WHETHER OR NOT YOU PLAN TO ATTEND THE ANNUAL MEETING IN PERSON.

Revocability of Proxies

You may revoke your proxy at any time before it is actually voted at the Annual Meeting by:

• delivering written notice of revocation to our Corporate Secretary at 21410 North 19th Avenue, Suite 220, Phoenix, AZ 85027;

• submitting a later dated proxy; or

• attending the Annual Meeting and voting in person.

Your attendance at the Annual Meeting will not, by itself, constitute a revocation of your proxy. You may also be represented by another person present at the Annual Meeting by executing a form of proxy designating that person to act on your behalf.

If you are a beneficial owner of our shares, but those shares are held of record by another person such as a brokerage firm or bank, then you will need to revoke or resubmit your voting instructions through your broker or nominee and in accordance with its procedures. In order to attend the Annual Meeting and vote in person, you will need to obtain a legal proxy from your broker or nominee, the stockholder of record.

Solicitation

This solicitation is made on behalf of our Board of Directors, and we will pay the costs of solicitation. Copies of solicitation materials will be furnished to banks, brokerage firms and other custodians, nominees, and fiduciaries holding shares in their names that are beneficially owned by others so that they may forward the solicitation material to such beneficial owners upon request. We will reimburse banks, brokerage firms and other custodians, nominees, and fiduciaries for reasonable expenses incurred by them in sending proxy materials to our stockholders. In addition to the solicitation of proxies by mail, our directors, officers, and employees may solicit proxies by email, the Internet, telephone, facsimile, or personal interview. No additional compensation will be paid to these individuals for any such services.

PROPOSAL ONE – ELECTION OF DIRECTORS

At the Annual Meeting, stockholders will elect seven directors to serve on our Board of Directors until the next Annual Meeting, or until their successors are elected and shall have qualified, subject to their earlier death, resignation, or removal as permitted by law. Directors will be elected by a plurality of the votes cast at the meeting by the holders of shares represented in person or by proxy. Thus, assuming a quorum is present, the seven persons receiving the greatest number of votes will be elected as directors.

Our Board of Directors, acting through our Corporate Governance, Nominating, Environmental, and Health and Safety Committee, is responsible for nominating a slate of directors that collectively have the complementary experience, qualifications, skills, and attributes to guide the Company and function effectively as a Board.

The Corporate Governance, Nominating, Environmental, and Health and Safety Committee has recommended Ron L. Fleming, William S. Levine, Richard M. Alexander, David C. Tedesco, Debra G. Coy, Brett Huckelbridge, and David Rousseau, as nominees for election at the Annual Meeting.

We believe that each of our nominees has professional experience in areas relevant to our strategy and operations. All of our nominees have managerial experience and are accustomed to dealing with complex problems. We also believe each of these nominees has other attributes necessary to create an effective Board, including high personal and professional ethics, the willingness to engage management and each other in a constructive and collaborative fashion, the ability to devote significant time to serve on our Board and its committees, and a commitment to representing the long-term interests of all our stockholders. In addition to these attributes, in each individual's biography set forth below, we have highlighted specific experience, qualifications, and skills that led the Corporate Governance, Nominating, Environmental, and Health and Safety Committee and the Board of Directors to conclude that each individual should be nominated to serve as a director of the Company.

We believe Mr. Levine's role in our founding, history with the Company, and leadership experience make him well-qualified to serve as a member of our Board of Directors.

Richard M. Alexander, age 63, has served as a director of the Company since December 2010. Mr. Alexander has been involved in the oil and gas industry for over 40 years. Subject to judicial approval, the wholly-owned U.S. subsidiaries sold substantially all of their assets to Scout Energy Group II, LP as part of the bankruptcy process. We believe Mr. Alexander's extensive financial and executive leadership experience make him well-qualified to serve as a member of our Board of Directors.

David C. Tedesco, age 44, has served as a director of the Company since May 2013. Mr. Tedesco is the founder and has served as the Chief Executive Officer of True North Companies since January 2001, one of Arizona's largest and most active private investment firms. Mr. Tedesco studied computer science at Iowa State and Physics at Arizona State University and is an alumnus of Harvard Business School. We believe Mr. Tedesco's deep operational experience, investing acumen, and diverse board experience make him well-qualified to serve as a member of our Board of Directors.

Debra G. Coy, age 61, has served as a director of the Company since May 2018. Ms. Coy is a Partner with XPV Water Partners, the largest water-focused growth equity fund in North America, with primary responsibility for managing the firm's external strategic relationships. Ms. Coy currently serves as a director of Willdan Group and of

AquaVenture Holdings. We believe Ms. Coy's industry expertise, business acumen, and board experience make her well-qualified to serve as a member of our Board of Directors.

Brett Huckelbridge, age 46, has served as a director of the Company since May 2018. Mr. Huckelbridge is the Managing Member with Steel Canyon Capital, LLC, a registered investment advisory firm, located in Phoenix, Arizona. He has been with Steel Canyon Capital, LLC since 2006, with primary responsibilities being the founder and sole portfolio manager of private partnerships focused on investing concentrated portfolios in high quality companies that are undervalued in the public equity markets. From 2003 to 2006, he was the Vice President of ESL Investments and also served as the Vice President, Business Development at Sears Holding, a portfolio company of ESL Investments. From 2000 to 2003, he was a Managing Member of Sonoran Capital, LLC, working on private and public equity investment opportunities primarily in media and communications industries. From 1997 to 2000, he was the Director, Acquisitions & Strategic Planning, for Outdoor Systems, Inc., in charge of mergers and acquisitions, corporate finance, budgeting, investor relations and special projects. We believe Mr. Huckelbridge's experience in mergers and acquisitions, investment knowledge, and financial background make him well-qualified to serve as a member of our Board of Directors.

David Rousseau, age 57, has served as a director of the Company since February 2019. Mr. Rousseau is the president of Salt River Project (SRP), a community-based, not-for-profit company providing water and electric power to more than 2 million people in Central Arizona. SRP is the largest provider of electricity in the greater Phoenix metropolitan area as well as the area's largest supplier of wholesale water, delivering about 800,000 acre-feet annually to municipal, urban and agricultural water users. Mr. Rousseau has served as the president since 2010. Previously, Mr. Rousseau served on the SRP Council and board of directors for 20 years. Mr. Rousseau began his career as co-founder of Rousseau Farming Company, which grew to more than 10,000 acres and became one of the largest produce suppliers in Central Arizona. Mr. Rousseau serves on the boards of the Banner Health Foundation, The Nature Conservancy, and the Phoenix Art Museum. He is also involved with the Greater Phoenix Economic Council, Partnership for Economic Innovation and Arizona Super Bowl Host Committee. He holds a degree in agricultural business from the University of Arizona. We believe Mr. Rousseau's industry expertise, business acumen, and board experience make him well-qualified to serve as a member of our Board of Directors.

The Company knows of no reason why any of the nominees for director would be unable to serve. In the event, however, that any nominee named should, prior to the election, become unable to serve as a director, your proxy (unless designated to the contrary) will be voted for such other person or persons as the Board of Directors may recommend.

Our Board of Directors recommends that you vote "FOR" the election of each director nominee.

CORPORATE GOVERNANCE

Independence of Directors

The Board of Directors has determined that Mr. Alexander, Ms. Bowers, Mr. Tedesco, Ms. Coy, Mr. Huckelbridge, and Mr. Rousseau, are independent as defined by NASDAQ listing standards and the independence requirements of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), applicable to members of our Audit and Risk Committee, Compensation Committee, and Corporate Governance, Nominating, Environmental, and Health and Safety Committee.

Board Leadership Structure

The Board of Directors understands that board structures vary greatly among United States public corporations, and the Board does not believe that any one leadership structure is more effective at creating long-term stockholder value. The Board believes that an effective leadership structure could be achieved either by combining or separating the Chairman and Chief Executive Officer positions, so long as the structure encourages the free and open dialogue of competing views and provides for strong checks and balances. Specifically, the Board believes that to be effective, the governance structure must balance the powers of the Chief Executive Officer and the independent directors and ensure that the independent directors are fully informed, able to discuss and debate the issues that they deem important, and able to provide effective oversight of management.

Currently, the Chairman of the Board of Directors is the Company’s President and Chief Executive Officer, Ron L. Fleming. The Board of Directors believes that combining the Chairman and Chief Executive Officer positions is currently the most effective leadership structure for the Company given Mr. Fleming’s in-depth knowledge of the Company’s business, operations and industry, as well as his ability to formulate and implement strategic initiatives. Further, Mr. Fleming is intimately involved in the day-to-day operations of the Company and is thus in a position to elevate the most critical business issues for consideration by the Board. In addition, the Board of Directors further determined that it was appropriate to have a structure that provided strong leadership among its independent directors. As a result, the Board of Directors appointed David C. Tedesco to serve as the lead independent director. The duties of the lead independent director include, presiding at all meetings of the Board of Directors at which the Chairman of the Board is not present, including all meetings of independent directors; encouraging and facilitating active participation of all directors; serving as a liaison between the independent directors and the Chairman of the Board on sensitive issues and otherwise when appropriate; reviewing and advising on board meeting agendas, schedules, and materials; and performing such other duties as the Board of Directors may from time to time delegate.

Nevertheless, the Board believes that “one-size” does not fit all, and the decision of whether to combine or separate the positions of Chairman and Chief Executive Officer will vary from company to company and depend upon a company’s particular circumstances at a given point in time. Accordingly, the Board will continue to consider from time to time whether the Chairman and Chief Executive Officer positions should be combined or separated based on what the Board believes is best for the Company and its stockholders.

Risk Oversight

Our Board of Directors has overall responsibility for the oversight of risk management. As part of this oversight, on a regular basis, our Board of Directors receives reports from various members of management and is actively involved in monitoring and approving key decisions relating to our operations and strategy. In setting the Company’s business strategy, the Board of Directors assesses the various risks being mitigated by management and determines what constitutes an appropriate level of risk for the Company. While the Board of Directors has the ultimate oversight responsibility for the risk management process, various committees of the Board of Directors also have responsibility for risk management. For example, the Audit and Risk Committee oversees risks relating to accounting and financial reporting matters, as well as the enterprise risk management process; the Compensation Committee oversees risks relating to the compensation and incentives provided to our executive officers; and the Corporate Governance, Nominating, Environmental, and Health and Safety Committee oversees risks relating to the Company’s health and safety practices, as well as risks and exposures associated with director and management succession planning, corporate governance and overall effectiveness of the Board of Directors. The Board of Directors is advised by these committees of significant risks and management’s response via periodic updates.

Majority Voting Policy

Our Board of Directors has adopted a policy which provides that, if the total number of votes withheld exceeds the number of votes cast in favor of a director nominee, the director must immediately submit his or her resignation to the Chairman of our Board of Directors, to be effective when accepted by our Board of Directors. Our Corporate Governance, Nominating, Environmental, and Health and Safety Committee will then consider and make a recommendation to our Board of Directors regarding the resignation. A director who tenders a resignation pursuant to this policy will not participate in any meeting of our Board of Directors or any board sub-committee at which the resignation is considered. Our Board of Directors will accept the resignation absent exceptional circumstances. If a resignation is accepted, our Board of Directors may: (i) leave the vacancy unfilled until the next annual stockholders' meeting; (ii) appoint a new director to fill the vacancy; or (iii) call a special stockholders' meeting to fill the vacancy. This policy applies only to uncontested elections — that is, elections in which the number of director nominees is equal to the number of directors to be elected.

Board and Committee Information

During our last fiscal year, the Board of Directors held four meetings. Each director attended 100% of the aggregate number of such meetings and meetings of the committees on which he/she served. Although we have no formal policy about attendance at the Annual Meeting of Stockholders by our directors, it is encouraged. One director attended the prior year's Annual Meeting of Stockholders.

Our Board of Directors has established three standing committees: the Audit and Risk Committee, the Compensation Committee, and the Corporate Governance, Nominating, Environmental, and Health and Safety Committee, each of which have the composition and responsibilities described below. Charters for each of these committees are available on the Company's website at www.gwresources.com. Information on the website does not constitute a part of this proxy statement.

During our last fiscal year, the members and chair of each committee were as follows:

(3) Ms. Bowers will not be standing for re-election at the Annual Meeting.

Audit and Risk Committee

Our Audit and Risk Committee's primary functions are to oversee our accounting and financial reporting processes, internal control systems, independent auditor relationship, and the audits of our financial statements. This committee's responsibilities include the following:

- selecting and hiring our independent registered public accounting firm;
- evaluating the qualifications, independence, and performance of our independent registered public accounting firm;
- reviewing and approving the audit and non-audit services to be performed by our independent registered public accounting firm;
- reviewing the design, adequacy, implementation, and effectiveness of our internal controls established for finance, accounting, legal compliance, and ethics;
- reviewing the design, adequacy, implementation, and effectiveness of our critical accounting and financial policies;
- overseeing and monitoring the integrity of our financial statements and our compliance with legal and regulatory requirements as they relate to our financial statements;
- reviewing with management and our independent registered public accounting firm the results of our annual and quarterly financial statements;
- preparing the audit committee report that the SEC requires in our annual proxy statement;
- reviewing and approving any related party transactions; and

The Audit and Risk Committee held four meetings during 2018. Our Board of Directors has determined that each member of our Audit and Risk Committee meets the requirements for independence under current SEC rules and NASDAQ listing standards.

Our Board of Directors has additionally determined that each of Richard M. Alexander and David C. Tedesco is an audit committee financial expert as defined under applicable SEC rules and regulations and meets the financial sophistication requirements under the NASDAQ listing standards.

Compensation Committee

Our Compensation Committee's primary functions are to monitor and assist our Board of Directors in determining compensation for our senior management, directors, and key employees. This committee's responsibilities include the following:

- setting performance goals for our officers and reviewing their performance against these goals;
 - reviewing and recommending compensation and benefit plans for our officers and key employees and compensation policies for our Board of Directors and members of our board committees;
 - reviewing the terms of offer letters and employment agreements and arrangements with our officers; and
 - reviewing director compensation for service on our Board of Directors and any committees of our Board of Directors.
- The Compensation Committee held four meetings during 2018. Each member of this committee is a non-employee director, as defined pursuant to Rule 16b-3 promulgated under the Exchange Act, and an outside director, as defined under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). Our Board of Directors has determined that each member of our Compensation Committee meets the requirements for independence under current SEC rules and NASDAQ listing standards. The charter for our Compensation Committee provides it the authority to delegate any of its responsibilities, along with the authority to take action in relation to such responsibilities, to one or more subcommittees as the Compensation Committee may deem appropriate in its sole discretion.

Corporate Governance, Nominating, Environmental, and Health and Safety Committee

Our Corporate Governance, Nominating, Environmental, and Health and Safety Committee's primary functions are to assist our Board of Directors by identifying individuals qualified to become directors consistent with criteria established by our Board of Directors. This committee's responsibilities include the following:

- evaluating the composition, size, and governance of our Board of Directors and its committees and making recommendations regarding future planning and the appointment of directors to committees of our Board of Directors;
- recommending to our Board of Directors the persons to be nominated for election as directors;
- administering a policy for considering nominees for election to our Board of Directors;
- overseeing our directors' performance and self-evaluation process;
- reviewing our corporate governance principles and providing recommendations to our Board of Directors regarding possible changes;
- reviewing and monitoring compliance with our code of conduct and ethics and our insider trading policy;
- ensuring that there is appropriate orientation, education, and training programs for new and existing directors; and
- assessing the Company's health and safety practices and ensuring that there is a culture of health and safety enforcement.

The Corporate Governance, Nominating, Environmental, and Health and Safety Committee held four meetings during 2018. Our Board of Directors has determined that each member of our Corporate Governance, Nominating, Environmental, and Health and Safety Committee meets the requirements for independence under the current requirements of the NASDAQ listing standards.

Consideration of Director Nominees Recommended by Stockholders

The Corporate Governance, Nominating, Environmental, and Health and Safety Committee is responsible for identifying, screening, and recommending candidates to the Board of Directors for board membership. When formulating its Board of Directors membership recommendations, the Corporate Governance, Nominating, Environmental, and Health and Safety Committee may also consider recommendations from the Company's stockholders. There are no differences in the manner in which the Corporate Governance, Nominating, Environmental, and Health and Safety Committee evaluates nominees for director based on whether the nominee is recommended by a stockholder or otherwise. However, stockholders desiring to nominate a director candidate in connection with an annual meeting must comply with certain procedures. See the section entitled "Stockholder Proposals for 2020 Annual

Meeting” in this proxy statement and Section 1.13 of the Company’s Amended and Restated Bylaws for additional information regarding stockholder nominations.

Criteria for Nomination to the Board of Directors and Diversity

The Corporate Governance, Nominating, Environmental, and Health and Safety Committee has not identified any specific minimum qualifications which must be met for a person to be considered as a candidate for director. However, director candidates are selected based upon various criteria including experience, skills, expertise, diversity, personal and professional integrity, character, business judgment, time availability in light of other commitments, dedication, conflicts of interest and such other relevant factors that the Corporate Governance, Nominating, Environmental, and Health and Safety Committee considers appropriate in the context of the needs of the Board of Directors. In addition, the Corporate Governance, Nominating, Environmental, and Health and Safety Committee and the Board of Directors believe that diversity along multiple dimensions, including race, ethnicity, gender, age, education, cultural background, opinions, skills, perspectives, professional experiences, and other differentiating characteristics, is an important element of its nomination recommendations. Although the Board of Directors does not have a formal diversity policy, the Corporate Governance, Nominating, Environmental, and Health and Safety Committee and Board of Directors review the factors described above, including diversity, in considering candidates for board membership.

Compensation Committee Interlocks and Insider Participation

The members of our Compensation Committee during 2018 were David C. Tedesco (Chair), Richard M. Alexander, L. Rita Theil, and Cindy M. Bowers. Currently and at all times during 2018, none of our executive officers served on the compensation committee or as a director of another entity where an executive officer of that entity also served on our Compensation Committee or the Board. Ms. Bowers was the only individual serving as a member of our Compensation Committee who was previously an officer or employee of the Company. Ms. Bowers employment with the Company ended in December of 2014.

Compensation of Directors

Summary of Director Compensation Program

Historically, directors have been entitled to compensation for their services as members of the Board of Directors of the Company. The compensation arrangements for the non-employee directors of the Company are summarized below.

Component	Amount (\$)	Payment Method ⁽¹⁾
Annual Retainer	51,500 per year	50% DPUs/50% cash
Board Chair Fee	51,265 per year	100% cash
Committee Membership Retainer	12,360 per year	50% DPUs/50% cash
Audit and Risk Committee Chair Fee	12,875 per year	50% DPUs/50% cash
Other Board or Committee Chair Fee	7,725 per year	50% DPUs/50% cash
Meeting Attendance Fee (Board and Committee)	1,288 per meeting in person/ 1,030 per meeting by telephone	50% DPUs/50% cash

Directors receive one-half of their compensation in cash and one-half in the form of deferred phantom units (“DPUs”). However, if a director holds a minimum of three (3) times the value of the annual retainer in the form of (1) common shares, he/she may elect to receive all or a portion of his or her compensation in cash. The Company’s DPU plan (the “DPU Plan”) is discussed in more detail below.

The directors of the Company are also reimbursed for out-of-pocket expenses incurred for attending board and committee meetings. The directors of the Company that were entitled to compensation in 2018 were William S. Levine, Richard M. Alexander, L. Rita Theil, David C. Tedesco, Cindy M. Bowers, Debra G. Coy, and Brett Huckelbridge. Mr. Hill received an annual retainer and meeting attendance fees for his role as Chairman of the Board of Directors for the Company. Mr. Fleming is not compensated for his role as director.

The DPU Plan authorizes the directors of the Company to grant DPUs to directors. DPUs are units whose value tracks the performance of the Company's common shares and give rise to a right to receive a cash payment, the value of which, on a particular date, will be the market value of the equivalent number of the Company's common shares at that date. Holders of DPUs are credited with dividend equivalents when and if dividends are paid on the common shares using the market value of the Company's common shares on the trading day immediately prior to the dividend record date. DPUs granted to directors are fully vested upon the grant date. In order to align their interests with the interest of shareholders, a director is only permitted to redeem his/her DPUs upon ceasing to be a director of the Company. The Board of Directors of the Company believes that this feature of the plan will result in directors taking a long-term view of stockholder value. Additionally, directors will not be in a position to profit from volatility. The Board of Directors of the Company believes that the issuance of DPUs as a core component of the directors' compensation strengthens the alignment of interests between the directors and the stockholder by linking their holdings and a portion of their annual retainer to the future value of the Company's common shares.

Each of the stockholders listed has sole voting and investment power with respect to the shares beneficially owned by the stockholder unless noted otherwise. Percentage of class is based on 21,471,296 shares outstanding as of March 21, 2019.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The following are summaries of transactions since January 1, 2017 to which we have been a participant, in which the amount involved in the transaction exceeds or will exceed the lesser of \$120,000 or one percent of the average of the Company's total assets at year-end for the last two completed fiscal years, and in which any of our directors, executive officers or holders of more than 5% of our voting securities, or any immediate family member of, or person sharing the household with, any of these individuals, had or will have a direct or indirect material interest.

Sale of Global Water Management, LLC

On June 5, 2013, the Company sold its wholly-owned subsidiary, Global Water Management, LLC ("GWM"), to an investor group led by a private equity firm which specializes in the water industry. GWM owns and operates the FATHOM™ business and is an indirect subsidiary of Fathom Water Management Holdings, LLP (the "FATHOM Partnership"). As part of the consideration for the sale, we are entitled to quarterly royalty payments based on a percentage of certain of GWM's recurring revenues for a 10-year period, up to a maximum of \$15.0 million. In 2018, we received an aggregate of \$0.4 million of such royalty payments.

GWM has historically provided billing, customer service, and other support services for our regulated utilities business. In conjunction with the sale of GWM, we entered into a services agreement (the "Service Agreement") with GWM whereby we agreed to use the FATHOM™ platform for all of our regulated utility services for an initial term of 10 years. On November 17, 2016, we entered into the First Amendment to Service Agreement (the "Amendment") with GWM. Pursuant to the Amendment, (i) GWM replaced existing meters and related automated metering infrastructure for a one-time fee of approximately \$10.9 million; (ii) the initial term of the Service Agreement was extended to December 31, 2026; (iii) in consideration for the extension, the initial fee for recurring services was reduced from \$7.79 to \$6.24 per month per customer; and (iv) the Company will not be required to continue to pay an ongoing fee related to the divested customers from the Valencia and the Willow utilities in accordance with Section 15.3 of the Service Agreement.

The Service Agreement, as amended, is automatically renewable thereafter for successive 10-year periods, unless notice of termination is given prior to any renewal period. The Service Agreement may be terminated by either party for default only and the termination of the Service Agreement will also result in the termination of the royalty payments payable to us. We paid approximately \$1.6 million and \$1.5 million to GWM for FATHOM™ service fees in 2018 and 2017, respectively.

We continue to hold an indirect interest in GWM through our ownership of the common and preferred units of the FATHOM Partnership received in consideration for the sale of GWM. Together, these units currently represent an approximate 7.1% ownership interest in the FATHOM Partnership (on a fully diluted basis). Trevor Hill, who was the Chairman of our Board of Directors, currently serves as Executive Chairman of GWM and owns an approximate 12% interest.

Medical Benefits Plan

We provide medical benefits to our employees through our participation in Camelback Services Health Plan (the "Plan"), which is a self-defined, self-insured plan for medical claims currently sponsored by Camelback Systems, Inc. ("Camelback Services"). The Plan provides health claim administration services for our employees and employees of Camelback Services. A third party administrator unrelated to the Company and Camelback Services administers claims on behalf of the Plan and we remit directly to this third party administrator of the Plan for medical claims incurred with respect to our employees. Mr. Levine, a member of our board of directors and a major stockholder, is the President and sole owner of Camelback Services. No fees for property or services are paid by the Company to the Plan or to Camelback Services, although the third party claims administrator charges the Plan a monthly claims administration fee. We paid approximately \$0.5 million and \$0.3 million for medical claims to the Plan in 2018, and 2017, respectively.

Standstill Agreement

On December 21, 2017, William S. Levine, Levine Investments Limited Partnership and Andrew M. Cohn (the “Standstill Shareholders”) entered into a Standstill Agreement with the Company. Mr. Levine is a member of our board of directors, a major stockholder of the Company, and the chairman of Keim Inc., which is the general partner of Levine Investments Limited Partnership. Mr. Cohn is a significant stockholder of the Company. Pursuant to the Standstill Agreement, the Standstill Shareholders agreed that without the prior written consent of the Chief Executive Officer of the Company, they and their affiliates will not (i) acquire, agree to acquire, or make any proposal to acquire, equity securities of the Company, or (ii) in any way participate in a “group” (within the meaning of Section 13(d)(3) of the Exchange Act) in connection with the ownership, voting or acquisition of any equity security of the Company. The Standstill Agreement will remain in effect through the date that the Standstill Shareholders (together with their affiliates) no longer beneficially own common stock representing, on a fully diluted basis, in the aggregate, at least 20% of the Company’s outstanding common stock; provided, however, that the Standstill Agreement may be terminated by any party following six (6) months written notice to the other parties delivered at any time after July 1, 2020.

Related Party Transaction Policy

Our Board of Directors recognizes that related party transactions present a heightened risk of conflicts of interest and/or improper valuation (or the perception thereof) and therefore adopted a written policy that is to be followed in connection with approving and ratifying all related party transactions involving our company. The policy covers transactions or series of transactions between directors, director nominees, executive officers, stockholders who own more than 5% of our common stock, and any members of their immediate families. It also applies to any business entity in which any of the persons listed above has a direct or indirect material interest.

Permission for a related party transaction may only be granted in writing in advance by either the Audit and Risk Committee of our Board of Directors in the case of transactions involving officers and directors or, in any case, by the Board of Directors acting exclusively through its disinterested members.

Transactions involving the compensation of executive officers will be reviewed and, if appropriate, approved by the Compensation Committee of the Board of Directors in the manner specified in the charter of the Compensation Committee.

Before any related person transaction is permitted, the following factors must be considered:

- the nature of the related party’s interest in the transaction;
- the dollar value of the amount involved in the transaction;
- the dollar value of the related party’s interest in the transaction without regard to the amount of any profit or loss;
- whether the transaction occurs in the ordinary course of business of our company;
- whether the transaction with the related person is proposed to be entered into on terms more favorable to our company than terms that could have been reached with an unrelated party; and
- any other information regarding the transaction of the related party that may be material in light of the circumstances of the particular transaction.

Approval of a related party transaction will only be granted if it is determined that, under all of the circumstances, the transaction is in the best interests of our company and only so long as those interests outweigh any negative effect that may arise from permitting it to occur.

AUDIT MATTERS

Audit and Risk Committee Report

The Audit and Risk Committee of the Board of Directors is comprised of directors that are “independent” as defined under the current NASDAQ listing standards and Rule 10A-3 under the Exchange Act. The Audit and Risk Committee has a written charter that has been approved by the Board of Directors. A copy of the charter is available on our website at www.gwresources.com.

The Audit and Risk Committee’s members are not professionally engaged in the practice of accounting or auditing, and they necessarily rely on the work and assurances of the Company’s management and the independent registered public accounting firm. Management has the primary responsibility for the financial statements and the reporting process, including the process of internal control over financial reporting. The independent registered public accounting firm of Deloitte is responsible for performing an independent audit of the Company’s consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) (“PCAOB”) and expressing an opinion on the conformity of such audited financial statements with United States generally accepted accounting principles. Deloitte has served as our independent registered public accounting firm since 2003. The Audit and Risk Committee has reviewed and discussed with management the audited financial statements of the Company for the fiscal year ended December 31, 2018 (the “Audited Financial Statements”). In addition, the Audit and Risk Committee has discussed with Deloitte the matters required to be discussed by PCAOB Auditing Standard No. 1301.

The Audit and Risk Committee has received the written disclosures and the letter from Deloitte required by applicable requirements of the PCAOB, regarding communications concerning independence and has discussed with Deloitte its independence from the Company. The Audit and Risk Committee further considered whether the provision of non-audit related services by Deloitte to the Company is compatible with maintaining the independence of Deloitte with the Company. The Audit and Risk Committee has also discussed with management of the Company and Deloitte such other matters and received assurances from them as it deemed appropriate.

Based on the above review and discussions, the Audit and Risk Committee recommended to the Board of Directors, and the Board approved, that the Audited Financial Statements of the Company be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2018, for filing with the SEC.

(1) Represents discretionary bonuses earned by our NEOs in 2018 and 2017, as applicable, included under our 2018 and 2017 Incentive Programs. For more information regarding how the cash bonuses payable under our 2018 Incentive Program were determined, see below under the heading “Annual Incentive Awards—Achievement Levels and Outcomes Under 2018 Incentive Program.”

(2) Represents awards of phantom stock units (“PSUs”). The PSUs that were awarded pursuant to our 2018 Incentive Program (shown as compensation for 2018 in the table above) were issued during the first quarter of 2019 upon determination of achievement of the pre-determined performance criteria, which were approved during the third quarter of 2017. The PSUs that were awarded pursuant to our 2017 Incentive Program (shown as compensation for 2017 in the table above) were issued during the first quarter of 2018 upon determination of achievement of the pre-determined performance criteria, which were approved during the first quarter of 2017. The PSUs are fully vested upon grant and immediately exercisable. The PSUs do not have a set expiration date. The value of such awards presented above represents the grant date fair value of the expected cash payment of such PSUs upon vesting using the price of the Company’s common shares on the date the awards were granted and assuming 100% achievement of the performance goals set forth in the applicable Incentive Program (which the Company considered the probable outcome on the award date). For more information regarding our incentive programs, see below under the heading “Annual Incentive Awards.” For GAAP accounting purposes, PSUs are accounted for as liability compensatory awards under ASC 710, “Compensation—General.”

(3) Represents the grant date fair value of stock options granted to our NEOs on August 9, 2017 in accordance with ASC 718, “Compensation—Stock Compensation.” The following assumptions were used to calculate the grant date fair value of the stock options: dividend yield—0%; expected volatility—24.3%; risk-free interest rate—1.94%; and expected life—6.3 years. For more information regarding the Company’s accounting treatment of the stock options, refer to Note 13, Deferred Compensation Awards, in the Notes to the Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2018, filed with the SEC on March 7, 2019.

(4) Represents amounts earned and payable in cash to our NEOs pursuant to our 2018 and 2017 Incentive Programs, as applicable, except for the discretionary bonuses described above in Note (1). For more information regarding our incentive programs, see below under the heading “Annual Incentive Awards.”

(5) Represents matching contributions to our 401(k) plan.

Overview of Executive Compensation Program; Components of Compensation

Our executive compensation program is designed to retain, motivate, and reward our NEOs and other executive officers for their performance and contribution to our long-term success. We seek to compensate our NEOs and other executive officers by combining short and long-term incentives. We also seek to reward the achievement of corporate and individual performance objectives, and to align the interests of our NEOs and other executive officers with those of our stockholders by rewarding the creation of long-term value through equity-linked compensation. We tie individual goals to the area of the NEO's primary responsibility. These goals may include the achievement of specific financial or business development goals. We set corporate performance goals that reach across various business areas and include achievements in finance/business development and corporate development.

Executive compensation consists primarily of three elements: base salary, annual incentive awards, and long-term incentive awards. Each element of compensation is described in more detail below.

Base Salary

Base salaries for our NEOs are established based on the scope of their responsibilities and their prior relevant experience, taking into account competitive market compensation paid by other companies in our industry for similar positions and the overall market demand for such executives at the time of hire. Subject to the provisions of his or her employment agreement (if any), an executive's base salary is also determined by reviewing the executive's other forms of compensation to ensure that the executive's total compensation is in line with our overall compensation philosophy. Although we did not engage in formal benchmarking in 2018 or 2017, the public companies that served as the comparative group in setting base salaries were: The York Water Company, Artesian Resources Corp., Connecticut Water Service Inc., and Middlesex Water Co. The four comparator companies were chosen based on the following selection criteria:

- (1) public water utilities of similar size, or
- (2) public water utilities with whom we may compete for executive talent.

In setting base salaries for Messrs. Fleming and Liebman, our Board of Directors did not select a percentile or similar measure within the range of salaries in the comparator group. In this regard, the base salaries for Messrs. Fleming and Liebman are dictated by the terms of their employment agreements. See "Employment Agreements" below for additional information. However, the salaries of Messrs. Fleming and Liebman are within the ranges of the comparator group.

Base salaries of our NEOs are reviewed annually and, subject to the provisions of our employment agreements with the NEOs (if any), may be increased for merit reasons based on any NEO's success in meeting or exceeding individual objectives. Additionally, base salaries may be adjusted as warranted throughout the year for promotions or other changes in the scope or breadth of a NEO's role or responsibilities. Our Board of Directors believes that the 2018 base salaries for our NEOs were competitive with that paid by the comparator companies and fairly reflected individual performance and contribution.

Annual Incentive Awards

The compensation program provides for an annual incentive award designed to reward our NEOs for their individual and corporate performance in a given fiscal year. The Compensation Committee assesses the level of the NEO's achievement of company-wide goals. The annual incentive award may be paid in cash, PSUs, or stock options, which is decided by our Board of Directors at the time of issuance to the extent not specified in an NEO's employment agreement. In 2017, stock options were issued under the Stock Option Plan assumed by the Company in connection with the merger of GWRC with and into the Company. In 2018 and 2017, the annual incentive awards given to Messrs. Fleming and Liebman were payable 50% in cash and 50% in the form of PSUs. In 2018 the annual incentive awards given to Mr. Thuneman were payable 67% in cash and 33% in PSUs, and 100% in cash in 2017.

2018 Incentive Program

The Compensation Committee, together with our Board of Directors, sets performance objectives and targets on an annual basis. Our 2018 Incentive Program, adopted in the third quarter of 2017, was designed to allow us to pursue the Company's mission statement, adhere to our strategic initiatives, operations, customer service, and compliance and safety mandates. The 2018 Incentive Program incorporated company-wide goals that were required to be satisfied at

specified levels in order for an NEO to receive payments in respect of awards made under the Incentive Program.

24

Company Goals

The 2018 Incentive Program incorporated “components” (determining the size of the incentive pool on a weighted-average basis based on his or her targeted award percentage). The components and the Company’s levels of achievement relating thereto in 2018, are summarized below:

Components

Description	Target(s)	Payout Scale	% of Incentive Pool	Outcome	Achievement Level
Performance against budgeted EBITDA	Adjusted EBITDA ⁽³⁾ Ranges < \$17.1 million \$17.1 - \$18.1 million > \$18.1 million (budget) > \$18.35 million (stretch goal)	0% 50% 75% 100%	25%	Adjusted EBITDA ⁽³⁾ was \$18.4 million in 2018	25%
Cap Ex Projects	Performance against approved Cap Ex budget of \$3.7 million in 2018. Any overage will be offset against this pool by a ratio of the overage to the budget.		25%	Achieved	25%
Safety and Compliance	Performance against Compliance and Safety mandates ⁽¹⁾ ; Compliance has four discreet objectives, failure to meet any single objective reduces the pool by 25%; Safety Program metrics are based on performance criteria established in the program.		25%	No compliance events Achieved safety	35%
Discretionary	Board discretionary component taking into account strategic initiatives, Operations, Customer Service, Health & Safety, etc.		25%	Board awarded full amount of discretionary component ⁽²⁾	25%
TOTALS			100%		110%

The four discreet safety objectives to which we are measured are as follows: (1) completion of monthly online training, (2) quarterly safety committee participation, (3) quarterly employee safety tailgate meetings, and (4) achievement of quarterly goals. The Company received an additional 10% due to safety and compliance performance throughout 2018.

(2) The discretionary component was authorized to reflect the Company’s accomplishments with successfully meeting all of the targets above, including the 2018 strategic objectives.

EBITDA is defined as net income or loss before interest, income taxes, depreciation, and amortization. Adjusted EBITDA is defined as EBITDA excluding the gain or loss related to (i) non-recurring events, (ii) equity method investments, (iii) stock option expense, (iv) deferred compensation, (v) acquisition costs, and (vi) impacts of the TCJA.

Achievement Levels and Outcomes Under 2018 Incentive Program

Based on actual outcomes in respect of the “gate” and “components” comprising our 2018 Incentive Program, 110% of the overall incentive pool was earned by each of our NEOs. The cash portion of this award for each NEO is reflected in the Summary Compensation Table under the heading “Non-equity incentive plan compensation,” except for the cash amount paid to our NEOs in respect of the discretionary component of our 2018 Incentive Program, which is reflected in the Summary Compensation Table under the heading “Bonus.”

The portion of the discretionary component of the 2018 Incentive Program that was paid in PSUs is reflected under the heading “Stock awards.”

Target Annual Incentive Awards for 2018

The target annual incentive awards for fiscal 2018 were determined as a percentage of base salary, as set out below:

Name	2018 Salary (\$)	2018 Target Incentive Award as Percentage of Base Salary	
Ron L. Fleming	310,615	100	%
Michael J. Liebman	265,231	80	%
Jason Thuneman	142,650	25	%

Long-Term Incentive Awards

The compensation program includes long-term incentive awards that are designed to reward our NEOs and other executive officers for our overall performance and strengthen the long-term view and alignment of interests between our NEOs (and other executive officers) and our stockholders by linking their holdings and a portion of their compensation to the future value of our equity securities. Long-term incentive awards are provided through PSUs, stock options, and stock appreciation rights (“SARs”), each as described below. The Compensation Committee, together with our Board of Directors, sets performance objectives and targets. Previous grants are not necessarily taken into account when considering new grants. The stock options awarded to our NEOs during 2017 are discussed below. The PSUs awarded to Messrs. Fleming and Liebman during 2016 are discussed above.

Phantom Stock Unit Plan

We have adopted a PSU plan (the “PSU Plan”) authorizing our Board to issue PSUs to our employees, including our NEOs. The value of the PSUs issued under the PSU Plan (including PSUs granted pursuant to our annual Incentive Programs, as described above) tracks the performance of the Company’s common shares and provides the holder the right to receive a cash payment, the value of which will be the market value of the equivalent number of common shares at the maturity date. PSU awards are generally credited with additional PSUs in respect of dividends issued on the common shares. If dividends are credited, the number of additional PSUs credited to the awards would be equal to the aggregate amount of the dividends that would have been paid to the participant if the PSUs subject to the award had been common shares divided by the market value of a common share on the date on which the dividends are paid. The PSUs vest immediately upon a change of control with respect to the Company if a participant is terminated without cause or terminates employment for “good reason” within 12 months following a change of control of the Company. There is no exercise price attached to the awards.

Stock Option Plan

On March 7, 2018, the Board adopted the Global Water Resources, Inc. 2018 Stock Option Plan ("2018 Stock Option Plan"). The 2018 Stock Option Plan replaced the Stock Option Plan so that the Company may continue to grant equity awards to participants. See Annex A to the Company's Definitive Proxy Statement on Schedule 14A filed with the SEC on April 6, 2018, for additional information.

Compensation may be provided to our NEOs and other executive officers through the granting of options under the 2018 Stock Option Plan. Historically, our stock option plans have been used to attract, retain, and motivate NEOs, other executive officers and directors to operate and manage our business in a manner that will provide for our long-term growth and profitability by providing such persons with the opportunity, through stock options, to acquire a proprietary interest in the Company.

The Company's Board of Directors has delegated to the Compensation Committee responsibility for administering the Stock Option Plan.

In August 2017, the Board of Directors granted stock options to Messrs. Fleming, Liebman, and Thuneman to acquire 125,000, 100,000, and 50,000 shares, respectively. Refer to Note 13, Deferred Compensation Awards, in the Notes to the Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2018, filed with the SEC on March 7, 2019. No stock option awards were granted to NEOs in 2018.

Stock Appreciation Rights Plan

We have adopted a SARs plan authorizing our Board to grant SARs to our employees, including our NEOs. The value of the SARs issued under the plan tracks the performance of the Company's common shares and provides the holder the right to receive a cash payment, upon exercise, equal to the difference, if any, between the fair market value of one common share at the date of exercise over the fair market value of one common share on the grant date. No SARs were granted to NEOs in 2018.

Employment Agreements

On December 18, 2017, the Company entered into new employment agreements (the "Employment Agreements") with each of Mr. Fleming and Mr. Liebman. The Employment Agreements replace the Company's existing employment agreements with each of Mr. Fleming and Mr. Liebman, effective January 1, 2018. Unless terminated earlier in accordance with its terms, each of the Employment Agreements continues until December 31, 2021 and will automatically renew for one or more additional 12-month periods unless either the Company or the executive provides notice prior to the end of the then-current term.

The Employment Agreements provide that, beginning January 1, 2018, Mr. Fleming will receive an annual base salary of \$325,000 and Mr. Liebman will receive an annual base salary of \$265,000. Mr. Fleming forwent a portion of his salary which resulted in an annual salary of \$310,000 in 2018. As of January 1, 2019, the annual base salary for Mr. Fleming and Mr. Liebman will increase to \$350,000 and \$280,000, respectively. Thereafter, the Board (or the Compensation Committee) shall review the base salaries on an annual basis to determine whether any increases are appropriate.

In addition, Mr. Fleming and Mr. Liebman may be entitled to annual incentive compensation as determined (a) in the discretion of the Board (or the Compensation Committee) or (b) pursuant to any incentive compensation program adopted by the Company from time to time. For each calendar year, Mr. Fleming and Mr. Liebman will be eligible to receive up to 50% and 40%, respectively, of his base salary as incentive compensation in the form of a cash bonus and up to 50% and 40%, respectively, of his base salary as incentive compensation in the form of PSUs or other equity awards, with the value of the PSUs or other equity awards to be determined in accordance with the Global Water Resources, Inc. Phantom Stock Unit Plan or such other equity plan as may be adopted by the Company. The actual percent of incentive compensation paid to Mr. Fleming and Mr. Liebman in the form of cash and PSUs or other equity awards will be based on satisfying the performance goals for each calendar year as determined by the Board (or the Compensation Committee) and calculated in accordance with the bonus payments for all employees.

The Company will provide to Mr. Fleming and Mr. Liebman such fringe and other benefits as are regularly provided by the Company to members of its senior management team. Under the Employment Agreements, Mr. Fleming and Mr. Liebman have also agreed to post-employment undertakings regarding non-solicitation and non-competition for a period of one year thereafter. For additional information regarding a termination of employment and a change of control with respect to the Company pursuant to the Employment Agreements, see below under “Termination and Change of Control.”

Termination and Change of Control

Pursuant to the Employment Agreements, if either Mr. Fleming's or Mr. Liebman's employment is:

voluntarily terminated by the executive without Good Reason (as defined in the Employment Agreements) or if the Company terminates the executive's employment for Cause (as defined in the Employment Agreements), then (i) the Company will be obligated to pay the executive's then current base salary through the date of termination and any incentive compensation earned in previous years but not yet paid; and (ii) no incentive compensation shall be payable for the year in which the termination occurs. In addition, any unvested PSUs, SARs or other equity-based awards shall be forfeited.

voluntarily terminated by the executive with Good Reason, or if the Company terminates the executive's employment without Cause (including by providing notice of non-renewal), then (i) the Company will be obligated to pay the executive's then current base salary through the date of termination and any incentive compensation earned in previous years but not yet paid; (ii) no incentive compensation shall be payable for the year in which the termination occurs (except if the termination occurs during the last six months of the Company's fiscal year, the executive may be entitled to certain pro rata payments); (iii) if the executive timely and properly elects continuation coverage under COBRA, the Company shall reimburse the executive for the COBRA premiums as specified in the Employment Agreements; (iv) any equity or stock price-based awards previously granted will become fully vested and exercisable and all restrictions on restricted awards will lapse; and (v) the Company will pay the executive an amount equal to the sum of (A) three (3) times the executive's current base salary as of the date of termination, and (B) three (3) times the sum of the maximum cash bonus and equity awards that the executive could have earned in the year of the date of termination.

If either Mr. Fleming or Mr. Liebman terminates his employment with the Company with Good Reason, or if the Company terminates the executive's employment without Cause within 24 months following a Change of Control (as defined in the Employment Agreements) of the Company, the executive will be entitled to a lump-sum cash payment equal to the sum of (i) three (3) times the executive's current base salary as of the date of the Change of Control, and (ii) three (3) times the sum of the maximum cash bonus and equity awards that the executive could have earned in the year of the Change of Control. In addition, any equity or stock price based awards (including PSUs and SARs) previously granted to Mr. Fleming or Mr. Liebman will become fully vested and exercisable and all restrictions on restricted awards will lapse upon any Change of Control, regardless of whether the executive remains employed by the Company or its successor following the Change of Control. The Employment Agreements also contain a "best-net" provision, which provides that if Internal Revenue Code Section 280G applies to the payments and such payments trigger an excise tax, then the payments may be reduced to an amount that will not trigger the excise tax, if such reduction would result in a greater amount paid to the executive.

The payments due on termination of employment and termination following a Change of Control are subject to the requirement that Mr. Fleming or Mr. Liebman, as the case may be, execute a release agreement in a form requested by the Company.
