## Edgar Filing: CENTURYTEL INC - Form 8-K

"The execution of our pure-play wireline strategy continues to produce solid results as reflected in the 11% growth in net income, excluding nonrecurring items, over the first quarter of 2002," Glen F. Post, III, chairman and chief executive officer, said. "These results affirm the steady demand for communications services and growth opportunities that exist in our rural and small-to-mid-size market areas."

Consolidated revenues from continuing operations rose 37.3% to \$580.5 million from \$422.9 million. EBITDA from continuing operations, excluding nonrecurring items, grew 41.0% to \$297.8 million from \$211.3 million. CenturyTel achieved a consolidated EBITDA margin, excluding nonrecurring items, of 51.3% during the quarter versus 50.0% in first quarter 2002. Net income from continuing operations for the quarter, excluding nonrecurring items, increased 79.1% to \$80.7 million from \$45.1 million in first quarter 2002, primarily due to contributions from the properties acquired from Verizon in third quarter 2002. Diluted earnings per share from continuing operations, excluding nonrecurring items, increased 75.0% to \$.56 from \$.32.

Telephone revenues for first quarter reached \$511.4 million, a 37.2% increase over the \$372.7 million in first quarter 2002. Increases in telephone revenues and telephone operating expenses were primarily due to the Verizon acquisitions in third quarter 2002. In our legacy markets, growth in vertical services and interstate revenues more than offset declines in intrastate access and toll revenues. Telephone operating income, excluding nonrecurring items, increased 41.9% to \$167.4 million from \$118.0 million, and telephone EBITDA, excluding nonrecurring items, rose 35.4% to \$280.7 million from \$207.3 million a year ago. CenturyTel's first quarter telephone EBITDA margin, excluding nonrecurring items, was 54.9% while the operating income margin, excluding nonrecurring items, was 32.7%.

Other operations revenues grew 37.8% to \$69.2 million during first quarter 2003, compared with \$50.2 million in first quarter 2002. CenturyTel's long distance revenues increased 33.8% to \$42.6 million. CenturyTel now serves more than 689,000 long distance customers and more than 60,000 DSL customers, adding more than 40,700 and more than 7,700 customers, respectively, during the quarter. Internet revenues increased 43.5% to \$18.0 million in first quarter 2003 from \$12.6 million in first quarter 2002. Internet operating income was \$353,000 for the quarter compared to \$1.4 million in operating losses for the first quarter 2002. CenturyTel CLEC revenues were \$4.5 million, an increase of 127.2% over first quarter 2002, primarily due to the acquisition of CLEC operations in February 2002.

"Continued solid growth in long distance customers, record DSL customer additions and continued growth in enhanced calling features penetration this quarter reflect good customer response to our advanced product and service offerings," Post said.

For first quarter 2003, CenturyTel reported, under generally accepted accounting principles (GAAP), consolidated revenues of \$580.5 million, a 37.3% increase from \$422.9 million in first quarter 2002. The Company reported an 18.6% increase in net income to \$83.9 million and a 16.0% increase in diluted earnings per share reaching \$.58, compared to \$70.8 million and \$.50 per diluted share, respectively, in first quarter 2002. Net income in first quarter 2003 includes a nonrecurring \$5.0 million pre-tax favorable adjustment related to the partial recovery of amounts previously written off in connection with the WorldCom bankruptcy. Net income in first quarter 2002 includes a nonrecurring \$3.0 million pre-tax unfavorable charge related to advisory and consulting fees.

For the second quarter 2003, CenturyTel expects total revenues of \$575 to \$590 million and diluted earnings per share of \$.51 to \$.56. For the full year 2003, diluted earnings per share is expected to be in the range of \$2.14 to

## Edgar Filing: CENTURYTEL INC - Form 8-K

\$2.22. This increase in full year 2003 EPS guidance is driven by higher revenues, successful cost and resource management and lower depreciation expense in acquired properties than previously anticipated.

These outlook figures are presented on a GAAP basis, excluding non-recurring items and the potential impact of any future mergers, acquisitions, divestitures or other similar business transactions.

Reconciliation to GAAP. This release includes certain non-GAAP financial measures, including but not limited to EBITDA, free cash flow and adjustments to GAAP measures to exclude the effect of nonrecurring items. In addition to providing key metrics for management to evaluate the company's performance, we believe these measurements assist readers in their understanding of period-to-period operating performance. Reconciliations of non-GAAP financial measures to the most comparable GAAP measures are included in the attached financial statements. Reconciliation of additional non-GAAP financial measures that may be discussed during the earnings call described below will be available on the Company's Web site at [www.centurytel.com](http://www.centurytel.com).

In addition to historical information, this release includes certain forward-looking statements, estimates and projections that are based on current expectations only, and are subject to a number of risks, uncertainties and assumptions, many of which are beyond the control of the Company. Actual events and results may differ materially from those anticipated, estimated or projected if one or more of these risks or uncertainties materialize, or if underlying assumptions prove incorrect. Factors that could affect actual results include but are not limited to: the Company's ability to effectively manage its growth, including integrating newly-acquired businesses into the Company's operations, hiring adequate numbers of qualified staff and successfully upgrading its billing and other information systems; the risks inherent in rapid technological change; the effects of ongoing changes in the regulation of the communications industry; the effects of greater than anticipated competition in the Company's markets; possible changes in the demand for, or pricing of, the Company's products and services; the Company's ability to successfully introduce new product or service offerings on a timely and cost-effective basis; the Company's ability to collect its receivables from financially troubled communications companies; and the effects of more general factors such as changes in interest rates, in general market or economic conditions or in legislation, regulation or public policy. These and other uncertainties related to the Company's business are described in greater detail in the Company's Annual Report on Form 10-K for the year ended December 31, 2002. The information contained in this release is as of May 1, 2003. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this release. The Company undertakes no obligation to update any of its forward-looking statements for any reason.

As previously announced, CenturyTel's management will host a conference call at 10:30 a.m. Central time today. Interested parties can access the call by dialing 800.346.2923. The call will be accessible for replay by calling 800.332.6854 and entering the conference-id number: 3383.
