Optimisation of Annual Financial Statements – SENS Announcement

Dear Stakeholder,

Since the implementation of our new operating model in 2014, we have optimised and integrated our operations along a single value chain and streamlined our processes and ways of working. To reflect the new operating model and bring greater focus and increased simplicity to how Sasol is structured and managed, we have overhauled our Annual Financial Statements (AFS) to better reflect the way the business is managed and improve shareholder accessibility and understanding of our financial results. We have also purposefully focused on the disclosure of material items to assist with clarity, as well as removing duplicate disclosures.

The new structure of the AFS will align with the Report of the Group Chief Financial Officer, and together will provide a full overview of the results, in the context of our business strategy, while enabling more effective analysis of the Group's performance. This change in the AFS is also in line with global trends in financial reporting, which have been signaled over recent months by industry bodies and authorities to improve financial reporting in simpler, more accessible formats for shareholders.

The AFS has been re-organised and will be presented along the following focus areas:

- \* Earnings – focuses on earnings generated from our operations and taxation;
- \* Sources of Capital – funding our business through equity and debt;
- \* Capital allocation and utilisation – investments and effective capital management to fuel future growth;
- \* Provisions and reserves; and
- \* Other disclosures – financial risk management and mandatory disclosures required by the regulators.

Simultaneously, we are also implementing an Early Reporting project with the objective of releasing our 2017 financial results two weeks earlier into the market. The streamlined AFS will assist us in meeting the earlier reporting timelines and integrate the Analyst Book into one publication.

A template with the restructured AFS has been developed to assist shareholders and readers to familiarise themselves with the new format, prior to publication in September 2016. This unaudited template is available for download from our Investor Centre on the Company's website at <http://www.sasol.com/investor-centre/reporting/annual-financial-statements/new-template>

Important to note is that the template is subject to change as we finalise the results for financial year 2016. The template includes previously disclosed financial information pertaining to

financial years 2014 and 2015. The AFS for financial year 2016 will be available in this format when we release our results early in September 2016.

Queries and further questions regarding the new and optimised structure of the Annual Financial Statements shown in the template, can be directed to Sasol Investor Relations at [investor.relations@sasol.com](mailto:investor.relations@sasol.com), or by calling +27 11 441 3113.
