Item 2.02 Results of Operations and Financial Condition.

Item 7.01 Regulation FD Disclosure.

Officers of Humana Inc. (the “Company”) will be meeting with investors and analysts at an industry conference on January 8, 2013. During the meetings, the Company intends to address its prospects and performance.

The Company expects gross sales for individual Medicare Advantage plans for 2013 to be slightly higher than previously expected. Initial Medicare Advantage disenrollment data from the Centers for Medicare and Medicaid Services (“CMS”) indicates attrition in the Company’s individual Medicare Advantage plans is also slightly higher than the Company’s previous expectations. Thus, the Company continues to expect net growth for individual Medicare Advantage membership of 100,000 to 120,000, net of the January 1, 2013 disposition of approximately 12,600 Medicare Advantage members acquired in the March 31, 2012 acquisition of Arcadian Management Services, Inc., in accordance with the Company’s previously disclosed consent agreement with the United States Department of Justice to obtain antitrust approval.

Gross sales for the Company’s stand-alone Prescription Drug Plans for 2013 are anticipated to be slightly below the range of previous expectations. Initial stand-alone PDP disenrollment data from CMS indicates attrition is also slightly below the Company’s previous expectations. Consequently, the Company continues to anticipate net membership growth for 2013 in its stand-alone Prescription Drug Plans in the range of 125,000 to 175,000.

The Company is continuing to receive January 2013 disenrollment data for all Medicare plans from CMS, consistent with typical disenrollment reporting patterns from CMS.

The Company will not opine on any other detailed financial results or expectations for 2012 and 2013 at this conference since it is in the process of closing its books for 2012.
