By order of the Board of Directors,

GARY W. GARSON
Secretary

Dated: March 31, 2003

SHAREHOLDERS ARE URGED TO COMPLETE, DATE AND SIGN THE ENCLOSED PROXY AND MAIL IT PROMPTLY IN THE ACCOMPANYING ENVELOPE WHICH REQUIRES NO POSTAGE IF MAILED IN THE UNITED STATES.

LOEWS
CORPORATION

PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Loews Corporation (the "Company") of proxies to be voted at the Annual Meeting of Shareholders of the Company to be held May 13, 2003. All properly executed proxies in the accompanying form received by the Company prior to the meeting will be voted at the meeting. Any proxy may be revoked at any time before it is exercised by giving notice in writing to the Secretary of the Company, by granting a proxy bearing a later date or by voting in person. The Company expects to mail proxy materials to the shareholders on or about March 31, 2003. The mailing address of the Company is 667 Madison Avenue, New York, N.Y. 10021-8087.

Edgar Filing: LOEWS CORP - Form DEF 14A

The Company has two classes of common stock outstanding and eligible to vote at the meeting, namely its Common Stock ("Common Stock") and Carolina Group stock ("Carolina Group stock"). As of March 17, 2003, the record date for determination of shareholders entitled to notice of and to vote at the meeting, there were 185,447,050 shares of Common Stock and 39,910,000 shares of Carolina Group stock outstanding. Each outstanding share of Common Stock is entitled to one vote and each outstanding share of Carolina Group stock is entitled to 1/10 of a vote on all matters which may come before the meeting. In accordance with the Company's by-laws and applicable law, the election of directors will be determined by a plurality of the votes cast by the holders of shares present in person or by proxy and entitled to vote. Consequently, the eleven nominees who receive the greatest number of votes cast for election as directors will be elected as directors of the Company. Shares present which are properly withheld as to voting with respect to any one or more nominees, and shares present with respect to which a broker indicates that it does not have authority to vote ("broker non-votes") will not be counted. The affirmative vote of shares representing a majority of the votes cast by the holders of shares present and entitled to vote is required to approve each of the other proposals to be voted on at the Annual Meeting. Shares which are voted to abstain on these matters will be considered present at the meeting, but since they are not affirmative votes for a proposal they will have the same effect as votes against the proposal. Broker non-votes are not counted as present.

The Board of Directors of the Company has adopted a policy of confidentiality regarding the voting of shares. Under this policy, all proxies, ballots and voting tabulations in relation to shareholder meetings that identify how an individual shareholder has voted will be kept confidential from the Company and its employees, except where disclosure is required by applicable law, a shareholder expressly requests disclosure, or in the case of a contested proxy solicitation. Proxy tabulators and inspectors of election will be employees of the Company's transfer agent or another third party, and not employees of the Company.

Principal Shareholders

The following table contains certain information as to all persons who, to the knowledge of the Company, were the beneficial owners of 5% or more of the outstanding shares of any class of the Company's voting securities. Except as otherwise noted this information is as of February 28, 2003, and each person has sole voting and investment power with respect to the shares set forth.

ELECTION OF DIRECTORS
(Proposal No. 1)

Edgar Filing: LOEWS CORP - Form DEF 14A

Pursuant to the by-laws of the Company, the number of directors constituting the full Board of Directors has been fixed by the Board at eleven. Accordingly, action will be taken at the meeting to elect a Board of eleven directors to serve until the next Annual Meeting of Shareholders and until their respective successors are duly elected and qualified. It is the intention of the persons named in the accompanying form of proxy, unless shareholders otherwise specify by their proxies, to vote for the election of the nominees named below, each of whom is now a director. The Board of Directors has no reason to believe that any of the persons named will be unable or unwilling to serve as a director. Should any of the nominees be unable or unwilling to serve, it is intended that proxies will be voted for the election of a substitute nominee or nominees selected by the Board of Directors. Preston R. Tisch, 76 - Co-Chairman of the Board of the Company. Prior to 1999, Mr. Tisch had also been co-chief executive officer of the Company. Mr. Tisch had been a director of the Company from 1960 to 1986, when he resigned to serve as postmaster general of the United States. He was re-elected a director of the Company in March 1988. He is a director of Bulova, CNA and Hasbro, Inc.

Fred Wilpon, 66 - Chairman of the Board of Sterling Equities, Inc. (real estate investments). Mr. Wilpon is also the chairman of the board, chief executive officer and owner of Sterling Doubleday Enterprises, L.P. (New York Mets baseball team) and a director of Bear Stearns Companies, Inc. He has been a director of the Company since 2000 and is a member of the Compensation Committee.

Committees

The Company has an Audit Committee, a Compensation Committee, an Executive Committee and a Finance Committee. The Company's Incentive Compensation Committee was redesignated as its Compensation Committee in January 2003. The Company has no nominating committee.

Attendance at Meetings

During 2002 there were seven meetings of the Board of Directors, eight meetings of the Audit Committee and three meetings of the Incentive Compensation Committee. Each director of the Company attended not less than 75% of the total number of meetings of the Board of Directors and committees of the Board on which that director served during 2002.

Director Compensation

Under the Company's director compensation policy in effect during 2002, each director who is not an employee of the Company had the right to elect to receive for each calendar quarter either an award of an option to purchase 400 shares of the Company's Common Stock in accordance with the terms of the Loews Stock Option Plan, or \$6,250, for serving as a director. In addition, members of the Audit Committee and of the Incentive Compensation Committee received \$1,000 for each meeting attended during 2002. In 2003 the Company's director compensation policy was revised. Under the revised policy, each director who is not an employee of the Company will receive an award of an option to purchase 400 shares of the Company's Common Stock and \$6,250 each quarter for serving as a director. In addition, members of the Audit Committee and the Compensation Committee will be paid \$2,000 and \$1,000, respectively, for each committee meeting attended.

Edgar Filing: LOEWS CORP - Form DEF 14A

The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its responsibility to oversee management's conduct of the Company's financial reporting process, including review of the financial reports and other financial information of the Company, the Company's systems of internal accounting, the Company's financial controls, and the annual independent audit of the Company's financial statements. The Company's Board of Directors has adopted a written charter under which the Audit Committee operates and has determined that all members of the Committee are "independent" in accordance with the currently applicable rules of The New York Stock Exchange. The Company's management is responsible for its financial statements and reporting process, including its system of internal controls. The Company's independent auditors are responsible for expressing an opinion on the conformity of the Company's audited financial statements with accounting principles generally accepted in the United States.

In fulfilling its responsibilities, the Audit Committee has reviewed and discussed the Company's audited financial statements for the year ended December 31, 2002 with the Company's management and independent auditors. The Audit Committee has also discussed with the Company's independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees," as amended. In addition, the Audit Committee has discussed with the independent auditors their independence in relation to the Company and its management, including the matters in the written disclosures provided to the Audit Committee as required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and has considered whether the provision of non-audit services provided by the auditors is compatible with maintaining the auditors' independence.

The members of the Audit Committee rely without independent verification on the information provided to them by management and the independent auditors and on management's representation that the Company's financial statements have been prepared with integrity and objectivity. They do not provide any expert or special assurance as to the Company's financial statements or any professional certification as to the independent auditors' work. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has applied appropriate accounting and financial reporting principles or internal controls and procedures, that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the Company's financial statements are presented in accordance with generally accepted accounting principles, or that the Company's auditors are in fact "independent."

Based upon the reviews and discussions referred to above, the Audit Committee has recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002 to be filed with the Securities and Exchange Commission.

(7) Includes, for 2000, a payout under the Incentive Compensation Plan in the amount of \$800,000 based on an award granted in 2000, and, for 2001 and 2000, unfunded supplemental retirement account credits, exclusive of interest and pay-based credits, of \$1,200,000 and \$150,000, respectively. On the last day of each calendar year Mr. Rebell's supplemental retirement account is credited with the interest credit and, for each calendar year in which the account is credited by the Company with additional supplemental benefits, the pay-based credit established under the Company's Retirement Plan (see "Pension Plan," below).

(8) Represents an unfunded supplemental retirement account credit, exclusive of interest credits. On the last day of each calendar year Mr. Keegan's supplemental retirement account is credited with the interest credit established under the Retirement Plan.

Employment Agreements

Effective as of January 1, 2003 the employment agreement which the Company maintains with each of Messrs. A.H. Tisch, J.S. Tisch and J.M. Tisch was amended to expire on December 31, 2003. Each agreement provides for a basic salary of \$800,000 per annum, subject to such increases as the Board of Directors may from time to time determine in its sole discretion. These agreements also provide the right to participate in the Incentive Compensation Plan. In addition, effective January 1, 2002 the Company entered into a supplemental retirement agreement with each of the Messrs. Tisch supplementing the retirement benefits to which each is entitled under the Retirement Plan. Each supplemental retirement agreement provides for the establishment of an unfunded supplemental retirement account for the executive. Each supplemental retirement account became vested in the amount of \$250,000 on December 31, 2002, pursuant to the supplemental retirement agreement entered into effective January 1, 2002, and will become vested with an additional \$250,000 on December 31, 2003, pursuant to an amendment to each agreement effective as of January 1, 2003. Amounts vested in any year are credited with the pay-based credit established under the Retirement Plan. In addition, on the last day of each calendar year each account's balance will be credited with the interest credit established under the Retirement Plan. Upon retirement, each of the Messrs. Tisch will receive the value of his account in the form of an annuity or, if he so requests and the Company's Board of Directors approves, in a single lump sum payment.

Pension Plan

Edgar Filing: LOEWS CORP - Form DEF 14A

The Company provides a funded, tax qualified, non-contributory retirement plan for salaried employees, including executive officers (the "Retirement Plan") and an unfunded, non-qualified, non-contributory Benefit Equalization Plan (the "Benefit Equalization Plan") which provides for the accrual and payment of benefits which are not available under tax qualified plans such as the Retirement Plan. The following description of the Retirement Plan gives effect to benefits provided under the Benefit Equalization Plan.

The Retirement Plan is structured as a cash balance plan. A cash balance plan is a form of non-contributory, defined benefit pension plan in which the value of each participant's benefit is expressed as a nominal cash balance account established in the name of the participant. Under the cash balance plan

10

each participant's account is increased annually by a "pay-based credit" based on a specified percentage of annual earnings (based on the participant's age) and an "interest credit" based on a specified interest rate (which is established annually for all participants), except for accounts of participants older than 65 years of age, which are increased only by the greater of those two amounts. At retirement or termination of employment, a vested participant is entitled to receive the cash balance account in a lump sum or to convert the account into a monthly annuity. Compensation covered under the Retirement Plan consists of salary paid by the Company and its subsidiaries included under the heading "Salary" in the Summary Compensation Table above. In addition, awards under the Incentive Compensation Plan are deemed compensation for purposes of the Benefit Equalization Plan. Pension benefits are not subject to reduction for Social Security benefits or other amounts.

Participants with at least five years of service whose combined age and years of service equaled at least 60, or at least 18 years of service whose combined age and service equaled at least 58 at January 1, 1998 (the year that the Retirement Plan was converted into a cash balance plan), are entitled to a minimum retirement benefit ("Minimum Benefit") equal to the benefit they would have earned under the Retirement Plan before its conversion to a cash balance plan. This Minimum Benefit is based upon the average final compensation (i.e., the highest average annual salary during any period of five consecutive years of the ten years immediately preceding retirement) and years of credited service with the Company. The following table shows estimated annual benefits upon retirement under the Retirement Plan, based on the Minimum Benefit, for various average compensation and credited service based upon normal retirement at January 1, 2003 and a straight life annuity form of pension. Each of the Named Executive Officers qualifies for the Minimum Benefit except for Messrs. Rebell and Keegan. It is currently estimated that the balance of the account maintained under the Retirement Plan for Messrs. Rebell and Keegan will be approximately \$3,986,275 and \$1,949,149, respectively, when each reaches the normal retirement age of 65, based on actual interest credits of 4.05% and 4.65% for 2003 and 2002, respectively, and assuming annual interest credits of 5.0% for 2004 and later and no increases in the amount of each executive's earnings.

The years of credited service of Messrs. A.H. Tisch, J.M. Tisch and J.S. Tisch are twenty-nine, twenty-three and twenty-five, respectively.

Amounts paid to Mr. J.S. Tisch by Diamond Offshore included in the Summary Compensation Table are not covered by the Retirement Plan. Diamond Offshore maintains a tax qualified defined

contribution retirement plan which provides that Diamond Offshore contribute 3.75% of each participant's defined compensation and match 25% of the first 6% of compensation voluntarily contributed by each participant. Participants are fully vested immediately upon enrollment in the plan. Diamond Offshore's 3.75% contribution on behalf of Mr. J.S. Tisch amounted to \$7,500 in 2002.

BOARD OF DIRECTORS REPORT ON EXECUTIVE COMPENSATION

General

The Company's policy with respect to executive compensation for 2002 was established by the Board of Directors. In January 2003, the Board redesignated its Incentive Compensation Committee as the Company's new Compensation Committee. The members of the Compensation Committee are John Brademas (chairman), Paul J. Fribourg and Fred Wilpon. The Compensation Committee is responsible for providing oversight of executive officer compensation, review and approval of the compensation of the Company's Chief Executive Officer, and the administration and granting of awards under the Incentive Compensation Plan, the Loews Stock Option Plan and the Carolina Group 2002 Stock Option Plan.

The overall objective of the Company's executive compensation policy is to attract and retain highly qualified executive officers and motivate them to provide a high level of performance for the benefit of the Company and its shareholders. The Board believes that to accomplish these objectives compensation packages should provide executive officers with market competitive base salaries and the opportunity to earn additional compensation based upon the Company's financial performance and the performance of the Company's stock. Accordingly, the Company's compensation policy for its executive officers features three principal components: base salary, incentive compensation awards and stock option grants.

The primary component of compensation for the Company's executive officers is base salary. Base salary levels for the Company's executive officers are determined based upon an evaluation of a number of factors, including the individual's level of responsibility, experience, performance and competitive market practices as determined by the Company's participation in and analysis

Edgar Filing: LOEWS CORP - Form DEF 14A

of two management compensation surveys, and a review of other published data relating to executive compensation. The two surveys in which the Company participates have been selected primarily because of the broad range of companies of various sizes included in them, the manner in which the information is presented and, with respect to one survey, the consistency of the data presented. One of these surveys includes five of the eighteen companies included in the Standard & Poor's Diversified Financial Services Index and the other survey includes three of the companies included in that index (see "Stock Price Performance Graph," below). The Company targets base salary levels for its executive officers (as well as salaried employees generally) between the 50th and 75th percentiles of those paid by companies with comparable revenues. However, as a result of job performance evaluations and length of service, the base salary levels of a majority of the Company's executive officers fall above these parameters.

The second principal component of the Company's compensation policy for executive officers consists of awards under its Incentive Compensation Plan. Under this plan, cash awards may be granted to the Company's highest paid executive officers based on the attainment of specified performance goals in relation to the after tax net income of the Company. Information with respect to awards granted under this plan for 2002 to the Company's Chief Executive Officer and the other Named Executive Officers is included in the Summary Compensation Table, above.

12

The third principal component of the Company's compensation policy for executive officers consists of grants under the Loews Stock Option Plan. Under this plan, stock options may be granted to executive officers at exercise prices equal to not less than the fair market value of the Company's Common Stock as of the date of grant. This element of the Company's compensation policy provides the opportunity for the Company's executive officers to be compensated based upon increases in the market price of the Company's Common Stock. Information with respect to stock options granted under this plan to the Company's Chief Executive Officer and the other Named Executive Officers in 2002 is described under "Stock Option Plan," above. In addition, from time to time, the Company's compensation of executive officers has included supplemental retirement benefits credited pursuant to supplemental retirement agreements negotiated between the Company and the Named Executive Officers. Such benefits granted to the Company's Chief Executive Officer and other Named Executive Officers in 2002 are described in the Summary Compensation Table, above.

Chief Executive Officer

The base salary of the Company's Chief Executive Officer for 2002 was established pursuant to the employment agreement negotiated between the Company and the Chief Executive Officer. This employment agreement provides for increases in remuneration as the Board of Directors may from time to time determine in its sole discretion. In addition, the Chief Executive Officer received a supplemental retirement benefit in 2002 and will receive an additional supplemental retirement benefit in 2003 pursuant to a supplemental retirement agreement negotiated between the Company and the Chief Executive Officer. See "Employment Agreements," above. Each of the Chief Executive Officer's employment agreement and supplemental retirement agreement was reviewed by the Company's Incentive Compensation Committee, and approved by the full Board based on that committee's recommendation. Consistent with the Company's compensation policy concerning executive officers generally, compensation to the Company's Chief Executive Officer also includes awards under the Company's Incentive Compensation Plan and grants of stock options under the Loews Stock Option Plan. Each of these awards was reviewed and granted by the Company's Incentive Compensation Committee.

Edgar Filing: LOEWS CORP - Form DEF 14A

Internal Revenue Code

Under the Internal Revenue Code, the amount of compensation paid to or accrued for the Chief Executive Officer and the four other most highly compensated executive officers which may be deductible by the Company for federal income tax purposes is limited to \$1 million per person per year, except that compensation which is considered to be "performance-based" under the Internal Revenue Code and the applicable regulations is excluded for purposes of calculating the amount of compensation.

To the extent the Company's compensation policy can be implemented in a manner which maximizes the deductibility of compensation paid by the Company, the Board of Directors seeks to do so. Accordingly, the Company has designed both the Incentive Compensation Plan and the Loews Stock Option Plan so that compensation in the form of awards or grants made under either plan will be considered to be "performance-based" under the applicable provisions of the Internal Revenue Code.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Company did not have a Compensation Committee during 2002. Messrs. A.H. Tisch, J.M. Tisch, J.S. Tisch, L.A. Tisch and P.R. Tisch, each of whom were directors of the Company during 2002, also served as officers of the Company or its subsidiaries during 2002. In addition, Bernard Myerson and Edward J. Noha, who were directors of the Company during 2002, had formerly served as officers of the Company or its subsidiaries.

CERTAIN TRANSACTIONS

Messrs. L.A. Tisch and P.R. Tisch, Co-Chairmen of the Board of Directors, and their affiliates reimbursed to the Company approximately \$5,219,000 in the aggregate for the utilization by them of the services of certain employees and facilities of the Company during 2002. On January 1, 2003 individuals who provided these services became employees of new entities including entities established by the Messrs. Tisch and their affiliates. The termination of employment with the Company would have resulted in the forfeiture of certain retirement benefits for six individuals, the cost of which had been included in the reimbursement referred to above. In order to prevent the loss of these benefits, the Company has amended its Retirement Plan to count service with the new employer solely for the purpose of determining vesting and eligibility for benefits. These benefits aggregated in value approximately \$277,000 based upon the actuarial assumptions provided in the Retirement Plan. The terms of the amendment were reviewed by the Company's Audit Committee and approved by the Board of Directors upon that committee's recommendation. None of the Messrs. L.A. Tisch, P.R. Tisch, A.H. Tisch, J.S. Tisch or J.M. Tisch participated in the deliberation or vote on this matter.

The Company provides an apartment at a Company operated hotel in New York City for the use of Preston R. Tisch, for the convenience of the Company and

Edgar Filing: LOEWS CORP - Form DEF 14A

its hotel subsidiary, at an incremental cost to the Company of approximately \$670,000 in 2002.

During 2002 the Company and its subsidiaries paid brokerage commissions aggregating approximately \$348,000 to a securities firm in which Daniel R. Tisch, a son of Laurence A. Tisch, is a principal shareholder, officer and director. Similar transactions with such firm may be expected to occur in the future.

In September 2001, the Company provided a ten year loan to Arthur L. Rebell, its Chief Investment Officer and Senior Vice President, in the original principal amount of \$550,000, with interest of 4.82% per annum payable annually. On October 2, 2002, the aggregate principal and interest amount of this loan, \$551,598, was repaid in full.

See "Compensation Committees Interlocks and Insider Participation" above, for information with respect to relationships between certain members of the Board of Directors and the Company.

RATIFICATION OF THE APPOINTMENT OF
INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

(Proposal No. 2)

The Board of Directors of the Company, based upon a recommendation from the Audit Committee, has selected the firm of Deloitte & Touche LLP, independent certified public accountants, as the principal independent auditors of the Company for the year ending December 31, 2003, subject to ratification by the shareholders. Deloitte & Touche LLP served as the Company's independent auditors during 2002. If the appointment of the firm of Deloitte & Touche LLP is not approved or if that firm declines to act or their employment is otherwise discontinued, the Board of Directors or the Audit Committee will appoint other independent auditors. Representatives of Deloitte & Touche LLP are expected to be present at the Annual Meeting, at which time they will be available to respond to appropriate questions from shareholders and be given an opportunity to make a statement if they desire to do so.

Audit Fees

The aggregate fees, including expenses reimbursed, billed by Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively, "Deloitte & Touche") for professional services rendered for the audit of the consolidated financial statements of the Company and its subsidiaries for 2002 and the reviews of the Company's quarterly financial statements during 2002 were approximately \$7,876,000.

Edgar Filing: LOEWS CORP - Form DEF 14A

Financial Information Systems Design and Implementation Fees

Deloitte & Touche was not engaged to perform information technology services relating to financial information systems design and implementation for the Company or its subsidiaries during 2002.

All Other Fees

The aggregate fees, including expenses reimbursed, billed by Deloitte & Touche for services rendered to the Company and its subsidiaries, other than the services described above under "Audit Fees", for 2002 were approximately \$13,638,000, including audit related services of approximately \$1,252,000 and non-audit services of approximately \$12,386,000. Audit related services generally include fees for consents and comfort letters, audits of the Company's employee benefit plans and accounting consultations. The fees billed for non-audit services include approximately \$11,300,000 of fees billed by Deloitte Consulting for services to CNA and its subsidiaries. Deloitte & Touche has publicly announced its intent to separate Deloitte Consulting from the firm.

The Company's Audit Committee has considered whether the provision of the non-audit services provided by Deloitte & Touche to the Company is compatible with maintaining Deloitte & Touche's independence.

The Board of Directors recommends a vote FOR Proposal No. 2.

16

SHAREHOLDER PROPOSALS

The Company has been advised that the four shareholder proposals described below will be presented at the Annual Meeting. For the reasons set forth below, the Board of Directors recommends a vote against each proposal.

SHAREHOLDER PROPOSAL RELATING TO CUMULATIVE VOTING (Proposal No. 3)

Evelyn Y. Davis, 2600 Virginia Avenue, N.W., Washington, D.C. 20037, owner of 244 shares of Common Stock, has notified the Company in writing that she intends to present the following resolution at the Annual Meeting for action by the shareholders:

"RESOLVED: That the stockholders of Loews, assembled in Annual Meeting in person and by proxy, hereby request the Board of Directors to take the necessary steps to provide for cumulative voting in the election of directors, which means each stockholder shall be entitled to as many votes as shall equal the number of shares he or she owns multiplied by the number of directors to be elected, and he or she may cast all of such votes for a single candidate, or any two or more of them as he or she may see fit.

"REASONS: Many states have mandatory cumulative voting, so do National Banks.

"In addition, many corporations have adopted cumulative voting.

"If you AGREE, please mark your proxy FOR this resolution."

The Board of Directors recommends a vote AGAINST Proposal No. 3.

The Board of Directors believes that the present system of voting for

Edgar Filing: LOEWS CORP - Form DEF 14A

directors, in which all directors are elected by a plurality of the votes cast, is the fairest and most preferable method for selecting directors. The Board is opposed to cumulative voting because cumulative voting could make it possible for a special interest group, which may not represent the interests of all shareholders, to elect one or more directors beholden only to that special interest group. The aims of such special interest group may be adverse to those of the Company and its shareholders as a whole and therefore could impede the Board's power to act on behalf of the Company and all of its shareholders. Accordingly, the Board of Directors recommends a vote against this proposal.

SHAREHOLDER PROPOSAL RELATING TO AUDITOR CONFLICTS (Proposal No. 4)

The Sheet Metal Workers' National Pension Fund, Edward F. Carlough Plaza, 601 North Fairfax Street, Suite 500, Alexandria, Virginia 22314, owner of 4,400 shares of Common Stock, has notified the Company in writing that it intends to present the following resolution at the Annual Meeting for action by the shareholders:

"Resolved, that the shareholders of Loews Corporation ("Company") request that the Board of Directors adopt a policy stating that the public accounting firm retained by our Company to provide audit services, or any affiliated company, should not also be retained to provide any management consulting services to our Company.

17

"Statement of Support: The role of independent auditors in ensuring the integrity of the financial statements of public corporations is fundamentally important to the efficient and effective operation of the financial markets. The U.S. Securities and Exchange Commission recently stated:

"Independent auditors have an important public trust. Investors must be able to rely on issuers' financial statements. It is the auditor's opinion that furnishes investors with critical assurance that the financial statements have been subjected to a rigorous examination by an objective, impartial, and skilled professional, and that investors, therefore, can rely on them. If investors do not believe that an auditor is independent of a company, they will derive little confidence from the auditor's opinion and will be far less likely to invest in that public company's securities. Final Rule: Revision of the Commission's Auditor Independence Requirements, Release No. 33-7919, Feb. 5, 2001.

"We believe that today investors seriously question whether auditors are independent of the company and corporate management that retain them. A major reason for this skepticism, we believe, is that management of once admired companies such as Enron, Tyco, and WorldCom have misled investors and their auditors have either been complicit or simply inept. Over the last year hundreds of billions of dollars in market value have vanished as investors have lost confidence in the integrity of our markets. A key reason for this lack of confidence is the distrust investors have in companies' financial statements.

"The U.S. Congress has attempted to respond to this crisis of confidence through passage of the Sarbanes-Oxley Act of 2002 (the "Sarbanes Act"). The Sarbanes Act prohibits a company's auditors from performing a wide range of defined non-audit services. These prohibitions, in turn, track the defined non-audit services in Rule 2-01(c)(4) of the SEC's Final Rule: Revision of the Commission's Auditor Independence Requirements, Release No. 33-7919, Feb. 5, 2001.

Edgar Filing: LOEWS CORP - Form DEF 14A

"However, the Sarbanes Act fails to prohibit auditors providing management consulting services, which we believe represents a significant loophole. While the Act does require that the audit committee of the board preapprove these non-audit services, we do not believe that is enough. We believe that management consulting represents a significant source of potential revenue to auditors and poses serious conflict of interest issues. For this reason, we think the better course is for companies not to engage their auditors to perform any management consulting services.

"Many companies, including ours, either continue to engage their auditors to provide management consulting or provide inadequate disclosure in their proxy statements to ascertain whether they continue to engage their auditors for management consulting services. We urge your support for this resolution asking the board to cease engaging auditors for management consulting."

The Board of Directors recommends a vote AGAINST proposal No. 4.

The regulation of the provision of non-audit services by a public accounting firm to its audit clients has been the subject of debate and discussion in Congress, as a result of which the recently enacted Sarbanes-Oxley Act of 2002 (the "Sarbanes-Oxley Act") sets out a broad range of non-audit services which public accounting firms will be prohibited from providing to their public company audit clients, such as the Company. The new law also authorizes the Public Company Accounting Oversight Board to expand the list of prohibited non-audit services. In addition, the Securities and Exchange Commission has adopted revisions to its auditor independence rules consistent with the provisions of the Sarbanes-Oxley Act to effectively prohibit auditors from providing a broad variety of non-audit services to public company audit clients, and to expand the disclosure of audit and non-audit fees in proxy statements.

18

The Board of Directors believes that an appropriate and fully considered framework has been established by Congress and regulators to effectively regulate the provision of non-audit services to the Company by its independent audit firm and ensure the integrity of the independent audit process. The Board believes that subjecting the Company to a new prohibition not applicable to other public companies is unnecessary. Accordingly, the Board recommends a vote against this proposal.

SHAREHOLDER PROPOSAL RELATING TO ENVIRONMENTAL TOBACCO SMOKE (Proposal No. 5)

The Congregation of the Sisters of Charity of the Incarnate Word, P.O. Box 230969, 6510 Lawndale, Houston, Texas 77223, owner of 100 shares of Common Stock, has notified the Company in writing that it intends to present the following resolution at the Annual Meeting for action by the shareholders:

"WHEREAS in June, 2002, a Miami, Florida court awarded \$5.5 million to a flight attendant harmed by environmental tobacco smoke [ETS] exposure. More than 2,000 similar cases are pending;

"-- Our Company was sued by a class of flight attendants claiming their exposure to ETS increased their risk of contracting lung cancer from ETS. We have already paid millions of dollars to settle that lawsuit;

"-- Our Company admits smoking causes lung cancer. Yet we fail to accept overwhelming scientific evidence that involuntary exposure to ETS causes lung cancer. Also, the Company funds efforts to block regulatory and legislative attempts to prohibit smoking in the workplace;

Edgar Filing: LOEWS CORP - Form DEF 14A

"-- A June 2002 summary of findings by the United Nations' International Agency for Research of Cancer [IARC] stated that scientific evidence on the carcinogenic effects of passive smoking was conclusive. It noted ETS increases the risk for lung cancer 20%;

"-- An August 2002 study in CHEST, the magazine of the American College of Chest Physicians, confirmed that asthmatic children exposed to ETS are more likely to have increased respiratory symptoms, decreased lung function and school absences;

"-- The Journal of the American Medical Association reported in 2001 (436-41): "Before exposure to environmental tobacco smoke, coronary flow velocity reserve was significantly higher in nonsmokers than in smokers. After exposure ... [it] decreased and was not significantly different from that in smokers." Commenting on this study, a JAMA editorial stated: "The investigators demonstrated that, in healthy young volunteers, just 30 minutes of exposure to secondhand smoke compromised the endothelial function in coronary arteries of nonsmokers in a way that made the endothelial response of nonsmokers indistinguishable from that of habitual smokers;

"-- A 2001 Canadian study (in International Journal of Cancer) conclusively showed that the more people smoke in the workplace, the greater the risks for nonsmokers. The Globe and Mail reported (07/12/01) that people routinely exposed to significant ETS (i.e., workers in bars and restaurants), face a three-times greater risk for lung cancer;

"-- In May 2000, the U.S. National Institute of Environmental Health Sciences added directly inhaled tobacco smoke (i.e., ETS) to its "known human carcinogens" list;

"--In a report published in 1999, researchers discovered that breathing other people's cigarette smoke makes nonsmokers 82% more likely to suffer a stroke, increasing the risk of heart disease, heart attack, lung, and breast cancer, and breathing-related diseases (Tobacco Control, August, 1999);

"-- Our Company has funded numerous restaurant and hospitality associations in their effort to oppose laws prohibiting smoking in restaurants and bars. We also sponsor events in bars wherein we provide cigarettes for patrons;

19

"RESOLVED: shareholders request the Company find appropriate mechanisms to develop and implement a continuing program to warn persons who smoke, who are exposed to ETS (such as restaurant and bar workers) or who are responsible for minors who are exposed to ETS from our Company's products, that tobacco smoke is hazardous to smokers and nonsmokers alike and to specify the nature of the hazards."

The Board of Directors recommends a vote AGAINST proposal No. 5.

For many years public health agencies have issued well publicized reports concerning asserted health risks to non-smokers from environmental tobacco smoke. In addition, many federal, state and local governmental bodies have adopted laws and regulations intended to prohibit or restrict smoking in public places, stores and restaurants and the workplace. The Company's subsidiary, Lorillard Tobacco Company ("Lorillard"), believes that any additional health warning initiatives with respect to environmental tobacco smoke should be established in a uniform manner by applicable governmental bodies and public health agencies. This proposal, requesting that Lorillard establish its own warning program, if implemented, in the opinion of Lorillard, would be confusing, could conflict with various governmental laws and regulations and could expose Lorillard to further risk of litigation. Accordingly, the Board of Directors believes that this proposal would not be in the best interest of the Company, and recommends a vote against this proposal.

SHAREHOLDER PROPOSAL RELATING TO
CIGARETTE SALES OVER THE INTERNET

Edgar Filing: LOEWS CORP - Form DEF 14A

(Proposal No. 6)

The Minnesota State Board of Investment, 60 Empire Drive, Suite 355, St. Paul, Minnesota 55103, owner of 14,500 shares of Common Stock, and Sinsinawa Dominicans, Inc., 7200 W. Division, River Forest, Illinois 60305, owner of 80 shares of Common Stock, have notified the Company in writing that they intend to present the following resolution at the Annual Meeting for action by the shareholders:

"Whereas: Our company is on record in support and implementation of effective anti-smuggling measures including the selection of customers, ensuring that we expect compliance with law, and ensuring that our company does not receive funds derived from illegal activities.

"However, this public commitment to undermine smuggling is itself being undermined by a lack of a parallel commitment to address critical concerns related to cigarette sales over the Internet.

"An August 2002 report of the United States General Accounting Office found that a majority of Internet web sites (78%) that sell tobacco products do not comply with the federal Jenkins Act. The Jenkins Act requires web sites to report the name of the purchasers of tobacco

products to state tax departments so that the states can collect excise taxes. None of the 147 web sites stated that they report cigarette sales to State tax departments.

"The same report found that States which have taken action to promote compliance by Internet cigarette vendors have had limited success. According to Forester Research Inc., states could lose as much as \$1.4 billion in tax revenue from unreported Internet tobacco sales by 2005.

"A 2001 study by Ribisl found that nearly all of the 88 sites he surveyed sold premium or value brand cigarettes.

20

"A recent Minnesota study found that under-aged teens were able to place orders for cigarettes on five web sites. All of the sites accepted all orders without checking the buyers' ages. Eighty percent of packages sent as a result of the sales were delivered without checking the age of the person accepting the delivery.

"The refusal of our Internet retailers to comply with a federal tax law could result in their being charged with evasion of state excise tax payments since the above practices are equivalent to brick and mortar retailers selling untaxed contraband cigarettes.

"In order to ensure our company be a good corporate citizen by paying its fair share of taxes we propose the following resolution:

"That the shareholders request The Board to establish a committee of independent directors to determine ways to ensure our Company is not involved in any way in selling cigarettes over the Internet that may enable youth to have illegal access to our tobacco products. We request that it report its findings and recommendations to the shareholders prior to the 2004 annual meeting.

"Supporting Statement: We suggest that a way of accomplishing this goal be that our company require Internet retailers to adopt effective measures to prevent the illegal sale of cigarettes to children including but not limited to the retailer obtaining a copy of a proper identification with adults

Edgar Filing: LOEWS CORP - Form DEF 14A

signing for the product at time of delivery showing their government-issued identification card indicating their age which qualifies them to be an adult."

The Board of Directors recommends a vote AGAINST proposal No. 6.

Lorillard strongly believes that underage persons should not smoke, and that all laws prohibiting the sale of tobacco products to underage persons should be vigorously enforced. Lorillard does not utilize the Internet to sell cigarettes to consumers, and does not encourage the sale of cigarettes over the Internet by any of its customers. It strongly endorses age verification for all sales of its cigarette products at retail, including sales by Internet retailers. Furthermore, customers to whom it sells directly, and all retailers that participate in its promotional programs, are required to participate in Lorillard's "We Card" Program, a training and signage program that assists retailers in age verification.

This proposal, if implemented, in the opinion of Lorillard, would be confusing, could conflict with various governmental laws and regulations and could expose Lorillard to further risk of litigation. Lorillard further believes that any attempt to regulate the sale of any product over the Internet raises a variety of legal and other issues which are beyond the power of any individual company to address, and should, therefore, be accomplished by appropriate governmental action. As a result, the Board of Directors believes that this proposal is unnecessary, and that it would not be in

the best interest of the Company to subject Lorillard to undefined procedures that do not apply to its competitors. Accordingly, the Board recommends a vote against this proposal.

OTHER MATTERS

The Company knows of no other matters to be brought before the meeting. If other matters should properly come before the meeting, proxies will be voted on such matters in accordance with the best judgment of the persons appointed by the proxies.

The Company will bear all costs in connection with the solicitation of proxies for the meeting. The Company intends to request brokerage houses, custodians, nominees and others who hold stock in their names to solicit proxies from the persons who own stock, and such brokerage houses, custodians,

21

nominees and others, will be reimbursed for their out-of-pocket expenses and reasonable clerical expense. The Company has engaged Innisfree M&A Incorporated ("Innisfree") to solicit proxies on its behalf, at an anticipated cost of approximately \$8,000. In addition to the use of the mails, solicitation may be made by Innisfree or employees of the Company personally or by telephone, facsimile or electronic transmission.

Shareholder Proposals for the 2004 Annual Meeting

Shareholder proposals for the Annual Meeting to be held in 2004 must be received by the Company at its principal executive offices not later than December 1, 2003 in order to be included in the Company's proxy materials. Proxies solicited by the Company for the 2004 Annual Meeting may confer discretionary authority to vote on any proposals submitted after February 15, 2004 without a description of them in the proxy materials for that meeting. Shareholder proposals should be addressed to Loews Corporation, 667 Madison Avenue, New York, New York 10021-8087, Attention: Corporate Secretary.
