(Attach Extra Sheets if Needed)

The Registrant's Annual Report on Form 10-K for the year ended December 31, 2002, could not be filed at this time without unreasonable effort and expense. The Registrant is in the process of negotiating and implementing a crucial cost reduction program. That program includes ongoing, intensive discussions with its three major labor unions, aircraft creditors and significant vendors concerning the major concessions that are necessary in light of the Registrant's weakened financial condition. The Registrant needs to implement this program quickly to survive because its financial results are not sustainable. The Registrant believes it will soon conclude these discussions and be in a position to file its Form 10-K.

PART IV - OTHER INFORMATION

The past two years have had a large impact on the Registrant's finances. The Registrant incurred an aggregate operating loss of \$3.3 billion in 2002, up from the operating loss of \$2.5 billion for 2001. These losses reflect, among other things, the substantial decrease in the Registrant's revenues which began in early 2001 and accelerated after the September 11 terrorist attacks. On reduced capacity since the events of September 11, 2001, the Registrant's revenues for the year ended December 31, 2002 were down 8.8 percent, with the Registrant's primary subsidiary's revenue per available seat mile down 7.2 percent on a capacity decrease of 1.4 percent, compared to the year ended December 31, 2001.
