Item 2.02 Results of Operations and Financial Condition and
Item 7.01 Regulation FD Disclosure

On July 26, 2006, the Registrant issued a Press Release, attached hereto as an Exhibit 99. The press release, which reports second quarter results, includes non-GAAP financial measures, as defined by SEC Regulation G, in the last sentences of the first and third paragraphs, which are reconciled verbally within the release. Specifically, the release excludes the effects of Ohio tax legislation and settlements of two coal rate cases from net income and

diluted earnings per share for second quarter and first six months of 2005, respectively, for the purposes of comparing it to 2006 second quarter and first six months net income and diluted earnings per share. These measures should be considered in addition to, not as a substitute for, net income and diluted earnings per share reported in accordance with U.S. Generally Accepted Accounting Principles. Management believes that net income and diluted earnings per share excluding these items may be more indicative of operating results for comparison to prior periods and to other companies, and it intends to use these non-GAAP financial measures for comparison purposes at its analysts' meeting scheduled today and in future comparisons to the second quarter of 2005.
