a maturity date of June 1, 2040 (the "Bonds").

The Bonds are expected to be issued by the Authority on June 16, 2010 pursuant to the provisions of the California Pollution Control Financing Authority Act and an Indenture, dated as of June 1, 2010 (the "Indenture"), between the Authority and Wells Fargo Bank, National Association, as trustee. The proceeds from the issuance of the Bonds will be loaned by the Authority to San Jose Water Company pursuant to a Loan Agreement, dated as of June 1, 2010 (the "Loan Agreement"), between the Authority and San Jose Water Company. The loan proceeds will be used by San Jose Water Company to (1) finance certain capital costs of (i) improvements to the structures and facilities that are integral to the supply of water throughout the water supply system owned by San Jose Water Company (the "Water System"), (ii) improvements to the distribution system, and (iii) the acquisition of equipment for the Water System, all in the current service areas of San Jose Water Company and to the extent they will prevent the pollution of drinking water or improve the quality of water or ensure the safe handling, recycling or disposal of materials that might otherwise be improperly disposed of; and (2) pay certain costs of issuance of the Bonds.

The Loan Agreement contains affirmative and negative covenants customary for a loan agreement relating to revenue bonds, including, among other things, complying with certain disclosure obligations and covenants relating to the tax exempt status of the interest on the Bonds and limitations and prohibitions relating to the transfer of the project funded by the loan proceeds and the assignment of the Loan Agreement. The Loan Agreement and the Indenture contain provisions that provide for the acceleration of the indebtedness upon the occurrence of a loan default event (as defined in the Loan Agreement) and an event of default (as defined in the Indenture).
