Item 1. Business

(a) Development of Business.

CHAMPIONS Sports, Inc. (the "Company" or "CSI") was incorporated under the laws of the State of Delaware on June 4, 1985 under the name "International Group, Inc." In September 1985, the Company completed a public offering of 40,000,000 Units, each Unit consisting of one share of Common Stock and warrants to purchase three shares of Common Stock, at a price of $0.01 per Unit. The net proceeds of the offering to the Company were approximately $357,000.

On January 16, 1986, the Company acquired 100% of the outstanding shares of CHAMPIONS Sports International, Inc. ("CSII"), in exchange for 195,555,555 shares of the Company's Common Stock. In February, 1986, International Group, Inc. changed its name to CHAMPIONS Sports, Inc. Between 1987 and 1988, most of the original warrants issued in September 1985 were exercised by stockholders and consequently the Company received additional capital of $2,356,268. On September 12, 1989, CSII was merged with and into the Company, with the Company as the surviving corporation. In November 1991, the Company effected a reverse split of its outstanding shares on a 1 for 100 basis. In November 1992, the Company completed a public offering of 350,000 Shares of Series A 12% Cumulative Convertible Preferred Stock. In March 1993, the Company completed an exchange offer converting all, except 64,575 preferred shares, into 2,171,657 shares of common stock. Subsequently, an additional 11,450 preferred shares have been converted into 53,930 shares of common stock.

The Company is a licensee of one CHAMPIONS Sports Bar Restaurant and the exclusive supplier of sports memorabilia and consultant to Marriott International, Inc. (Marriott). Effective November, 1997, the Company sold the rights to the CHAMPIONS brand to Marriott and became a licensee of CHAMPIONS Sports Bar Restaurants and an exclusive supplier of sports memorabilia and a consultant to all new managed Marriott and Renaissance Hotel sports bar restaurants worldwide. At April 30, 2003, the Company owns the one CHAMPIONS Sports Bar Restaurant in San Antonio, Texas.

(b) Description of Business.

1. Concept

The Company operates a restaurant in San Antonio, Texas by the name of CHAMPIONS which has a sports theme concept that combines casual dining, sports viewing with strategic marketing and promotions. The CHAMPIONS popularity is defined in the CHAMPIONS motto: "Good Food, Good Times, Good Sports." This concept is based, in large measure, on the format implemented in the first CHAMPIONS location that opened in the Georgetown section of Washington, D.C. in 1983. A strong food component was added to the original concept so that the CHAMPIONS in San Antonio, Texas is a full-fledged restaurant as well as bar. The sports theme of CHAMPIONS is based upon management's belief that sports appeals to most socio-economic, age and gender groups worldwide. The sports atmosphere at CHAMPIONS is created by the presence of hundreds of items of original sports memorabilia such as uniforms, sports equipment, posters, advertising, signs, magazine covers, official programs, film posters, and photographs from local, national and international celebrities and sporting events, past and present. The sports decor seeks to establish a feeling a comfort and belonging for all customers. In addition, CHAMPIONS atmosphere is enhanced by sports programming and viewing which is accomplished through a network of strategically placed TV monitors designed to continuously show local, national and international sporting events without taking away from the casual dining experience. Although sports is a theme in CHAMPIONS restaurants it is not the dominant factor. At the heart of the CHAMPIONS concept is the food. The menu, which attracts guests for lunch and dinner, appeals to those interested in dining at a moderate price. It incorporates traditional American cuisine as well as popular regional items. CHAMPIONS average check is about $14.25 per person, placing it within the "casual dining" segment of the restaurant industry. This segment seeks to attract customers who want a higher quality of food and service than that commonly provided at "fast food" or "family style" restaurants. Although no element of the CHAMPIONS concept is unique, the combination of food, atmosphere, sports memorabilia, sports viewing, marketing and promotions defines the concept.

2. Operations

As of the end of the fiscal year, the Company was engaged in the following types of operations:

(i) Company-Owned Operation

The Company currently operates one Company-owned restaurant. This location is licensed from Marriott, royalty free, to use the name CHAMPIONS pursuant to a licensing agreement signed in FY 1998. This CHAMPIONS sports bar restaurant has been in operation since 1989 and is located in the River Center Mall in San Antonio, Texas. The San Antonio restaurant provided approximately 95% of the Company's revenues for FY 2003, as reflected in the consolidated financial statements included herein.

(ii) Supplier of Sports Memorabilia and Consulting Services to Marriott

In November 1997, the Company sold the rights to the CHAMPIONS brand to Marriott and became a licensee of CHAMPIONS Sports Bar Restaurants and an exclusive supplier of sports memorabilia and a consultant to all new managed Marriott and Renaissance Hotel sports bar restaurants worldwide. Under the terms of this agreement, Marriott is required to purchase sports memorabilia and for the Company to serve as a consultant for each new CHAMPIONS or like sports bar restaurant that opens in a new Marriott or Renaissance Hotel worldwide at the same prescribed prices (with increases pegged to the Consumer Price Index) as paid to the Company by Marriott in its previous agreement, except that Marriott does not pay any annual fees as before. In FY 2003, the Company provided sports memorabilia and consulting services to Champions Sports Bar Restaurant that opened in Marriott hotel in Dead Sea, Jordan.

Marriott hotel locations accounted for about 5% of the Company's revenues for FY 2003, as reflected in the consolidated financial statements included herein.

.

3. Competition

The food and beverage industry is highly competitive. Food and beverage businesses are affected by changing customer tastes, local and national economic conditions that affect spending habits, population shifts and traffic patterns. Quality of service, attractiveness of facilities and price are also important factors. The popularity of the concept of sports bar restaurants has spawned a number of companies seeking to capitalize on that market. While the Company believes that the Champions concept is superior, there are other "sports" bar restaurants in operation. The sports memorabilia business is also highly competitive.

4. Service Mark

The Company sold the federally registered service mark "Champions" to Marriott pursuant to the November, 1997 agreement and transferred to Marriott all of its international service marks that the Company had registered. .

5. Government Regulation

The Company's CHAMPIONS sports bar restaurant is subject to federal, state and local governmental regulations, including regulations relating to alcoholic beverage control, public health and safety, zoning and fire codes. The failure to retain food, liquor or other licenses would adversely affect the operations of the Company's restaurant. While the Company has not experienced and does not anticipate any problems in retaining required licenses, permits or approvals, any difficulties, delays or failures in retaining such licenses, permits or approvals could adversely affect the restaurant. The license to sell alcoholic beverages must be renewed annually and may be suspended or revoked at any time for cause, including violation by the Company or its employees of any law or regulation pertaining to alcoholic beverage control, such as those regulating the minimum age of patrons or employees, advertising, wholesale purchasing, and inventory control, handling and storage. However, the restaurant is operated in accordance with standardized procedures designed to assure compliance with all applicable codes and regulations.

The Company may be subject to "dram-shop" statutes, which generally provide a person injured by an intoxicated person the right to recover damages from an establishment that wrongfully served alcoholic beverages to such person. While the Company carries liquor liability coverage, a judgment against the Company under a dram-shop statute in excess of the Company's liability coverage, or inability to continue to obtain such insurance coverage at reasonable costs, could have a material adverse effect on the Company. The Company is also subject to the Fair Labor Standards Act, the Immigration Reform and Control Act of 1986 and various state laws governing such matters as minimum wages, overtime, tip credits and other working conditions. A significant number of the Company's hourly personnel are paid at rates related to the federal minimum wage and, accordingly, increases in the minimum wage or decreases in the allowable tip credit will increase the Company's labor cost.

6. Employees

As of April 30, 2003, the Company had 2 full-time employees in its corporate office in Arlington, Virginia and 46 employees (both management and hourly) at its San Antonio restaurant.

Item 2. Properties.

The Company is leasing, on a month-to-month basis, its corporate office space located at 2420 Wilson Blvd., Suite 214, Arlington, VA 22201. The Company's rental payments are $500 per month. The Company is leasing 5,289 square feet of space for its restaurant in San Antonio, TX pursuant to a lease, which expires in June 2005. The lease provides monthly rental payments of $23,536 including CAM charges and real estate taxes. In addition, the lease requires a percentage of the unit's revenues at the location in excess of $1,745,000 per year.

Item 3. Legal Proceedings.

The Company knows of no material pending legal proceedings as to which the Company is a party or of which its properties are the subject, and no such proceedings are known to the Company to be contemplated by governmental authorities.

Item 4. Submission of Matters to a Vote of Security Holders.

None

The food to beverage ratio for the San Antonio location was approximately 60% to 40% for both comparable years. Food and beverage sales accounted for 93.8% and 92.9% of the Company's total revenue in the comparable periods.

Revenues from merchandise and memorabilia sales and consulting fees accounted for 5.7% of the Company's total revenue in FY 2003 compared to 6.29% in FY 2002. Sales of memorabilia are directly tied to the number of new Champions locations that open during the fiscal year. Disclosure controls are also designed with the objective of ensuring that such information is accumulated and communicated to management, including the Chief Executive Officer and Chief Financial Officer as appropriate to allow timely decisions regarding required disclosure.

Within the 90 days prior to the date of this report, the Company carried out an evaluation under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures pursuant to Securities Exchange Act Rule 13a-14. There were no significant changes in the Company's internal controls or in other factors that could significantly affect these controls subsequent to the date of their evaluation.

Certifications of the Chief Executive Officer and Chief Financial Officer regarding, among other items, disclosure controls and procedures are included immediately after the signature section of this Form 10-K.

Independent Auditor's Report

To the Stockholders and Board of Directors
Champions Sports, Inc.
Arlington, Virginia

I have audited the accompanying consolidated balance sheet of Champions Sports, Inc. and its subsidiaries as of April 30, 2003, and the related consolidated statements of operations, changes in stockholders' (deficiency of net assets), and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Champions Sports, Inc. and subsidiaries at April 30, 2003, and the results of their operations and their cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 9 to the financial statements, the Company has suffered recurring losses from operations and has a net capital deficiency that raise substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 9. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

CHAMPIONS SPORTS, INC. AND SUBSIDIARIES
Notes to Consolidated Financial Statements
April 30, 2003

Note 1 - Organization, operations and summary of significant accounting policies

Organization and operations

Champions Sports, Inc., (Company) a Delaware corporation, promoted a sports theme restaurant bar concept through Company owned and licensed operations. The Company sold the rights to the Champions brand to Marriott International, Inc. (Marriott) and became a licensee of Champions Sports Bar Restaurants (note 5). Substantially all memorabilia sales are to Marriott. At April 30, 2003 and 2002, respectively, the Company, through its subsidiaries, owns and licenses, without any royalty fee, one Champions Sports Bar Restaurant in San Antonio, Texas.

C.S.B.R., Inc., (CSBR) and The Been Corporation (Been) were organized on June 16, 1989 and October 11, 1989, respectively, for the purpose of owning and operating the Champions Sports Bar Restaurant in San Antonio.

A significant portion of the Company's revenues come from the San Antonio restaurant where the Company is subject to the alcoholic beverage laws of the State of Texas and the health regulations of the City of San Antonio. Further this represents a geographic concentration of risk.

Basis of consolidation

The consolidated financial statements include the accounts of the Company and its subsidiaries. All material inter-company transactions have been eliminated in consolidation.

Property and equipment

Property and equipment are stated at cost. Depreciation and amortization is computed from the date property is placed in service using the straight-line method over estimated useful lives as follows:

	Life
Furniture and equipment	5-15 years
Leasehold improvements	Remaining term of the lease

Depreciation expense was $11,150 for each of the years ended April 30, 2003 and 2002. Amortization expense was $37,269 for each years ended April 30, 2003 and 2002. Fully depreciated assets in the approximate amount of $110,000 are included in property and equipment at April 30, 2003.

Notes to Consolidated Financial Statements (continued)
April 30, 2003

Note 1 - Organization and summary of significant accounting policies (continued)

Inventories

Inventories consist of goods and supplies held for sale in the ordinary course of business and are stated at the lower of cost, determined on the first-in first-out basis, or market. The components of inventories at April 30, 2003 and 2002, were as follows:

	2003	2002
Restaurant food and beverage	$17,336	$ 17,535
Promotional merchandise for sale to restaurant customers	6,414	8,020
	$23,750	$ 25,555

Net (loss) per share

Basic earnings per common share is computed by dividing the net (loss), adjusted for preferred stock dividends, by the weighted average number of common shares outstanding during the period.

The weighted average number of common shares used to compute earnings per share is:

At April 30, 2003

	(Loss) Available To Common Stockholders	Common Shares	Per Share
Basic (loss) per Common Share	$(209,744	8,514,459	$ (.02)

At April 30, 2002

	(Loss) Available To Common Stockholders	Common Shares	Per Share
Basic (loss) per Common Share	$(211,062)	8,514,459	$ (.02)

The effect of including the options in diluted (loss) per share would be antidilutive, and, therefore, are not included in the calculation of diluted (loss) per share.

Cash and cash equivalents

The statements of cash flows are prepared on the basis of cash and equivalents. For purposes of the statements of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less, unless restricted as to use, to be cash equivalents. At various times throughout the year the Company had amounts on deposit at financial institutions in excess of federally insured limits.

Note 1 - Organization and summary of significant accounting policies (continued)

Income taxes

To the extent that taxable income differs from financial reporting net income due to temporary differences, deferred taxes are recognized. The Company accounts for general business tax credits, if any, by the flow-through method.

Deferred revenue

Deferred revenue consisted of payments received in advance of revenue being earned under memorabilia sales agreements.

Financial statement estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair value of financial instruments

The carrying amounts of the Company's financial instruments, including cash and cash equivalents, accounts payable, and accrued expenses, approximate fair values because of the short maturities of these instruments.

During 2002, $50,000 was expensed representing the Company's investment in two unrelated companies.

Options for Common Stock

The Company uses the intrinsic value method to account for options granted to executive officers, directors and other key employees for the purchase of common stock. No compensation expense is recognized on the grant date, since at that date, the option price equals or is higher than the market price of the underlying common stock. The Company discloses the pro forma effect of accounting for stock options under the fair value method (note 7). The Company uses the fair value method to account for options granted to advisors for the purchase of common stock.

Note 2 - Income taxes (continued)

At April 30, 2003, the Company has net operating loss carryforwards of approximately $3,910,000 for tax reporting purposes. The net operating loss carryforwards for income tax purposes expire approximately as follows:

2022	106,000
2023	156,000
	$ 3,910,000

Note 3 - Commitments and contingencies

Operating leases

The Company leases, as tenant, restaurant space under an operating lease which expires June 30,2005. The lease escalates for increases in the landlord's expenses or for increases in the Consumer Price Index, and requires additional rentals based on a percentage of restaurant sales over a defined amount. The lease grants the Company certain concessions, which are amortized to lease expense over the term of the lease.

Rental expense charged to expense during the years ended April 30, 2003 and 2002 was $199,834 and $214,096, respectively. Included in this expense are contingent rentals of $7,241 and $11,949 in 2003 and 2002, respectively. Future minimum payments under the noncancellable restaurant lease as of April 30, 2003 are as follows:

2004	$140,159
2005	140,159
2006	23,360
Total	$303,678

Note 4 - Capital lease obligation

The Company leased equipment under a capital lease. The equipment cost of $32,286 was amortized over its useful life, and such amortization was included in the depreciation and amortization expense for 2003 and 2002, respectively. During 2003, the lease expired and the Company purchased the equipment.

CHAMPIONS SPORTS, INC. AND SUBSIDIARIES
Notes to Consolidated Financial Statements (continued)
April 30, 2003

Note 5 - Marriott license

The Company is an exclusive supplier of sports memorabilia and a consultant to all new Champions Sports Bars located in Marriott and Renaissance Hotels worldwide. Total annual license and memorabilia fees under this agreement were $89,531 and $89,523 for 2003 and 2002, respectively.

Note 6 - Preferred stock

The Series A preferred stock requires a dividend of 12 percent per annum, and the dividends are cumulative and are to be accrued on the Company's books if not paid. The dividend may be paid in common stock of the Company at the Company's discretion. The number of shares comprising the dividend paid in common stock shall be determined by dividing $1.20 by the closing bid price for the common stock on the payment date. The Series A preferred stock is preferred in liquidation or dissolution up to the amount of their par value ($10 per share). The Series A preferred stock is convertible into 4.71 shares of the Company's common stock. There were no conversions in 2003 and 2002.

For each of the eight fiscal years ended April 30, 2003, the Company deferred payment of the annual dividend on the Series A preferred stock. The deferral was $63,750, in both 2003 and 2002. Preferred stock dividends in arrears at April 30, 2003 and 2002 aggregated $575,192 ($10.83 per preferred share) and $511,442 ($9.63 per preferred share), respectively.

Note 7 - Common stock options

Options to purchase a total of 725,000 and 2,225,000 shares of common stock in 2003 and 2002, respectively, at an exercise price of $0.11 and 460,000 shares of common stock in 2001 at an exercise price of $0.28 were granted to two executive officers, other key employees, directors and advisors of the Company. All options were issued at market price or higher on the date of the grant. These options expire if not exercised by August 2003 and September 2003. None of these options have been exercised as of April 30, 2003.

During fiscal 1993, the Company adopted a compensatory stock option plan for key employees or consultants of the Company and its subsidiaries. The total number of shares of the Company's common stock that may be issued under the plan is 840,000. The plan expired on August 2, 2002. No options were exercised under the plan.

Note 7 - Common stock options (continued)

Stock option activity is summarized as follows:

	Number of Shares	Weighted Average Exercise Price
Outstanding, April 30, 2001	3,265,000	$ 0.13

CHAMPIONS SPORTS, INC. AND SUBSIDIARIES
Notes to Consolidated Financial Statements (continued)
April 30, 2003

Note 7 - Common stock options (continued)

The Company's net (loss) and net (loss) per common share for the year ended April 30, 2003, would have been increased to the pro forma amounts indicated below if compensation cost for the Company's stock option plans had been determined based on the fair value at the grant date for awards in accordance with the provisions of Statement of Financial Accounting Standards No. 123, Accounting for Stock Based Compensation. 2002

Net (loss):	
As reported	$(147,312)
Pro forma	$(232,121)
Basic (loss) per share:	
As reported	$(.02)
Pro forma	$(.03)
Diluted (loss) per share:	
As reported	$(.02)
Pro forma	$(.03)

The effect of including the options in diluted (loss) per share would be antidilutive, and, therefore, are not included in the calculation of diluted (loss) per share.

The fair value of the options granted during 2002 was estimated on the date of grant using the Black-Scholes option pricing model. The weighted-average assumptions used are as follows:

	2002
Expected term	2 years
Expected stock volatility	172%
Risk-free interest rate	2.5%
Dividend	$0.00

The fair value of the stock options granted to advisors of the Company is immaterial, and has not been included in the financial statements.

Management believes that, due to the financial condition of the Company (note 9), all of the options outstanding at April 30, 2003, have no value and that they will expire unexercised.

Note 8 - Stock agreement

In January 2002, the Company entered into a subscription agreement to sell 4,000,000 shares of common stock to an unrelated party at $0.125 per share for a total of $500,000.

The purchaser paid $20,000 at the closing of the agreement and provided a promissory note for $480,000. The note is non-interest bearing and requires twenty-four monthly payments of $20,000 each. The note is secured by the stock issued and the transfer of such stock is restricted until the note is paid off. Certain other restrictions regarding the transfer of the stock also exist.

The purchaser paid a total of $55,000 during the year ended April 30, 2002, and $5,000 during the year ended April 30, 2003, and has defaulted under the payment terms of the note. The stock has not been issued, and management believes the agreement may be cancelled and, therefore, has neither recorded the note nor issued the stock.

Note 9 - Continued existence

The Company has experienced net losses for the past two years and, at April 30, 2002. Current liabilities exceed total assets, which raises substantial doubt about the Company's ability to continue as a going concern. In response to these conditions, management reduced payroll costs at the corporate headquarters and is actively pursuing mergers and acquisitions.
