Exhibit 99.1

PRESS RELEASE

Flanders Corporation (NASDAQ:[FLDR](#) - [News](#)) announced today its most recent revenue results for the fourth quarter. Flanders earned approximately \$53 million (unaudited) in revenue for the 4th quarter and approximately \$200 million (unaudited) for the year.

Steve Clark, President and Chief Executive Officer of Flanders commented, "We are very pleased with the Revenue results in what is typically our weakest quarter. We believe these results verify that we have fully integrated our divisions, and confirm our belief in our business model. We expect to build on this success as Flanders continues its aggressive advance into multiple markets

Flanders Corporation will release its year end 2004 financial and operating results on Tuesday , February 22, 2005.

A conference call with investors, analysts and other interested parties is scheduled for 10:00 a.m. EST on Wednesday, February 23, 2005 to discuss 2004 fourth quarter and year-end operating results.

Flanders is a leading air filtration products manufacturer. Flanders' products are utilized by many industries, including those associated with commercial and residential heating, ventilation and air conditioning systems, semiconductor manufacturing, ultra-pure materials, biotechnology, pharmaceuticals, synthetics, nuclear power and nuclear materials processing.

This press release contains forward-looking statements that are inherently subject to risk. These forward-looking statements are not intended to be promises or predictions of the future and may be affected by a number of factors that may change the currently anticipated outcome. These factors include market acceptance of Flanders' products, competition in the marketplace for Flanders' products, the success of retailers and distributors through which Flanders sells its products, Flanders' ability to contain costs and maintain production and efficiency with a reduced workforce, a determination by potential Flanders customers that the higher cost of its high-end filtration systems can be justified for general application, Flanders' ability to successfully retrofit existing buildings with effective sophisticated filtering and air handling systems, Flanders ability to advance into multiple markets, Flanders business model, the completion of
