Item 5. Other Events and Regulation FD Disclosure

On August 22, 2003, Publix Super Markets, Inc. issued a press release stating that PublixDirect will close its online grocery shopping service. A copy of the press release is attached hereto as Exhibit 99.1 and incorporated by reference into this report.

PublixDirect, LLC, was formed on August 11, 2000 as a wholly owned subsidiary of Publix to develop an online grocery shopping service. In September 2001, the online grocery shopping service began delivering orders to homes in South Florida from its fulfillment center located in Pompano Beach, Florida. The decision to close the online service resulted from a lack of growth in the demand for this service and ongoing losses from operations. Publix could not justify the continued investment in an operation that was not expected to become profitable in the foreseeable future. Publix expects most of the sales generated from this operation to transfer to its traditional supermarkets located in these market areas.

As a result of the decision to close PublixDirect effective August 23, 2003, Publix expects to record a pre-tax charge of approximately \$30 million during the third quarter of 2003. This represents the impact of asset impairments, operating lease obligations and remaining payroll obligations. The expected impact of the closing on net earnings is approximately \$18 million or \$.10 per share for the three month period ended September 27, 2003.
