Elba, Alabama (May 14, 2010)...Results for the three months ended March 31, 2010 and 2009, based on accounting principles generally accepted in the United States of America, were reported today as follows:

	Three Months Ended March 31	
	2010	2009
Premium		
Income	\$ 15,038,000	\$ 15,220,000
Investment		
Income	1,326,000	1,045,000
Realized		
Investment		
Gains	669,000	1,000
Other Income	299,000	141,000
Total		
Revenues	\$ 17,332,000	\$ 16,407,000
Net Income	\$ 1,894,000	\$ 1,481,000
Net Income		
Per Share	\$ 0.77	\$ 0.60

The Company ended the first quarter of 2010 with a net income of \$1,894,000 or \$0.77 per share, compared to a net income of \$1,481,000 or \$0.60 per share for the same period last year. The primary factor contributing to the increase in net income was a \$668,000 increase in realized investment gains. A \$281,000 increase in investment income along with a \$344,000 reduction in policy acquisition costs also contributed to the \$413,000 or 27.9% increase in net income.

First quarter premium revenues for 2010 were \$15,038,000 compared to \$15,220,000 for the first quarter of 2009; a decrease of \$182,000 or 1.2%. We continue to limit new business production in our dwelling lines of business in areas with high concentrations of coastal exposure along the Alabama, Mississippi and Louisiana coast. These efforts have reduced the rate of new business production which has led to a short-term stagnation in revenue growth. To offset these reductions, we are increasing marketing efforts in areas with less concentration of risk and are diversifying risk

by increasing auto production. However, because some of these areas are less established markets for us we expect only moderate (low single digit) percentage increases in year over year revenue for the full year 2010.

As of March 31, 2010, shareholders' equity totaled \$43,435,000 compared to \$41,168,000 as of December 31, 2009; an increase of 5.5%. Continued recovery in the market value of securities coupled with first quarter earnings were the primary drivers of the increase in equity which was partly offset by dividends paid to shareholders of \$370,000.
