PROXY STATEMENT
For The Annual Meeting Of Shareholders
To Be Held On May 15, 2007

GENERAL INFORMATION

The Annual Meeting

This Proxy Statement is provided for the solicitation of proxies by the Board of Directors of Commercial National Financial Corporation (the "Corporation"), a Pennsylvania business corporation, for use at the Annual Meeting of Shareholders on May 15, 2007 at 10:00 AM (the "Annual Meeting") to be held at 900 Ligonier Street, Latrobe, Pennsylvania, 15650, and at any and all adjournments or postponements thereof. This Proxy Statement and the form of proxy, together with the Corporation's Annual Report to Shareholders for 2006, are being mailed on April 9, 2007, or as soon as possible thereafter, to all shareholders entitled to vote at the Annual Meeting.

At the Annual Meeting, the shareholders will be asked to consider and take action on the proposals listed below:

- election as directors of the five persons set forth in this Proxy Statement, each in a class of directors as set forth in the following pages;
- ratification of the audit committee's appointment of Beard Miller Company LLP, as independent auditors for the Corporation; and
- any other business as may be properly brought before the meeting.

The Board of Directors of the Corporation recommends the election of the five nominees for Directors listed in this Proxy Statement.

The five nominees receiving the highest number of votes cast shall be elected as Directors. Each share of stock is entitled to one vote.

Voting Rights and Requirements

Record Date. The Board has fixed the close of business on April 6, 2007 as the Record Date for the determination of the shareholders entitled to notice of the Annual Meeting (and any postponements or adjournments thereof). Accordingly, only the shareholders of record on the Record Date will be entitled to receive notice of the Annual Meeting and to vote at the Annual Meeting. The only class of stock of the Corporation presently issued and outstanding is common stock. As of the Record Date, 3,044,813 shares of common stock were issued and outstanding and entitled to vote.

Voting Rights Generally. Under the Bylaws of the Corporation, the presence, in person or by proxy, of shareholders entitled to cast at least a majority of the votes which all shareholders are entitled to cast, shall constitute a quorum. Abstentions will be counted as present for purposes of determining the existence of a quorum. Abstentions and broker non-votes will be treated as shares that neither are capable of being voted nor have been voted and, accordingly, will

have no effect on the outcome of the vote on the election of directors or on the outcome of the proposal to ratify the appointment of Beard Miller Company LLP.

Voting and Revocation of Proxy

The shares of stock represented by each proxy properly signed and returned to the Corporation prior to the date of the Annual Meeting will be voted in the manner set forth in this Proxy Statement and in accordance with the instructions marked on the proxy enclosed.

A shareholder who returns a proxy may revoke it at any time before it is voted by delivering a written notice of revocation to Wendy S. Schmucker, Secretary of the Corporation, or by executing a later dated proxy and giving written notice thereof to the Secretary of the Corporation, or by voting in person at the Annual Meeting after giving written notice to the Secretary of the Corporation.

The cost of preparing, printing, and soliciting proxies will be paid by the Corporation. In addition to the use of the mails, certain directors, officers and employees of the Corporation may solicit proxies personally. Arrangements will be made with brokerage houses and other custodians, fiduciaries and nominees to forward proxy solicitation materials to the beneficial owners of stock held of record by these persons, and, upon request therefor, the Corporation will reimburse them for reasonable forwarding expenses.

ELECTION OF DIRECTORS

The Bylaws of the Corporation provide that the Board of Directors shall consist of not less than three directors, and shall be classified into three classes, each class to be elected for a term of three years. The Board of Directors, within the limits set in the Bylaws, may from time to time fix the number of directors and the respective classifications.

The number of directors to constitute the entire Board has been fixed by the Board of Directors at twelve. There are currently five, four and three directors in each of three classes. To ensure that each class of directors is approximately equal in size, Director Frank E. Jobe, whose term expires in 2007, has been nominated for reelection at the 2007 Annual Meeting for a two-year term expiring in 2009. At the Annual Meeting, there shall also be elected four directors as a class to serve until the Annual Meeting of shareholders in the year 2010. In addition to Frank E. Jobe, John T. Babilya, George A. Conti, Jr., Steven H. Landers and C. Edward Wible have been designated by the Nominating/Corporate Governance Committee and the Board of Directors as its nominees for election as directors at the Annual Meeting.

If the enclosed proxy card is properly executed and returned prior to voting at the Annual Meeting, the shares represented thereby will be voted in accordance with the instructions marked thereon. In the absence of instructions, shares represented by executed proxies will be voted as recommended by the Board of Directors, that is, in favor of the election of the nominees listed on the proxy and in this Proxy Statement. All of the nominees are now and have been directors of the Corporation and of Commercial Bank & Trust of PA (the "Bank").

Other nominations for director may be made in accordance with procedures set forth in Section 9.1 of the Bylaws of the Corporation and the Nominating/Corporate Governance Guidelines, which require written notice to the Secretary of the Corporation of any such nomination at least 120 days prior to the date of any meeting of the shareholders for the election of directors, but no more than 180 days prior to any such meeting. Such notice shall contain the following information to the extent known by the notifying shareholder:

- all other information relating to such person that is required to be disclosed in solicitations of proxies for election of Directors, or is otherwise required pursuant to Regulation 14A under the Securities Exchange Act of 1934 ("Exchange Act");

- the written consent of each proposed nominee to being named as a nominee and to serve as a Director of the Corporation, if so elected.

Nominations not made pursuant to the foregoing procedures may be disregarded by the Chairman at the Annual Meeting.

DIRECTORS' MEETINGS AND COMMITTEES

It is the policy of the Corporation that the directors of the Corporation also serve as the directors of the Bank. During 2006, the Board of the Corporation met sixteen times and the Board of the Bank met twelve times. The Board of the Corporation has standing audit, executive compensation and nominating/corporate governance committees, each of which is more fully described below.

Audit Committee

The Board of the Corporation has an Audit Committee that consists of John T. Babilya, George A. Conti Jr., Debra L. Spatola and C. Edward Wible, each of whom is considered an "independent director" under the rules of NASDAQ and the SEC. The Board has determined that Mr. Wible qualifies as an audit committee financial expert within the meaning of the SEC regulations.

The role of the Audit Committee is to assist the Board of Directors in preserving the integrity of the financial information published by the Corporation through review of financial and accounting controls and policies, financial reporting systems, alternative accounting principles that could be applied and the quality and effectiveness of the independent auditors.

The Audit Committee meets monthly, or more often as needed, with the Corporation's internal auditor and staff to monitor and review compliance with regulations and internal policies and procedures and provides direct liaison with the Corporation's audit department and Board of Directors. The Audit Committee of the Corporation met twelve times during 2006.

The Audit Committee meets with the Corporation's independent auditors as it deems necessary, not less often than annually, to facilitate and encourage private communication between the Audit Committee and the independent auditors.

The Audit Committee acts under a written charter first adopted and approved by the Board of Directors on May 16, 2000. The charter was revised and approved by the Board of Directors on October 17, 2006. A copy of the Audit Committee's charter is attached as Appendix A to this Proxy Statement.

Audit Committee Report

The Audit Committee appointed Beard Miller Company LLP ("Beard") as independent auditors of the Corporation for the fiscal year ended December 31, 2006. In overseeing the preparation of the Corporation's financial statements, the Audit Committee has reviewed all financial statements and discussed the same with both management and Beard. The Audit Committee reviewed with Beard those matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communications with Audit Committees), Statement on Auditing Standards No. 89 (Audit Adjustments) and Statement on Auditing Standards No. 90 (Audit Committee Communications).

With respect to the Corporation's independent auditors, the Audit Committee received from Beard the written disclosures and letter required by *Independence Standards Board Standard No. 1*. (Independence Discussions with Audit Committees) and discussed with Beard matters relating to Beard's independence.

In reliance on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2006.

The Audit Committee

John T. Babilya

George A. Conti Jr.

Debra L. Spatola

Nominating/Corporate Governance Committee

The Board of the Corporation has a Nominating/Corporate Governance Committee (“Nominating Committee”) that consists of George A. Conti, Jr., Richmond H. Ferguson, Joseph A. Mosso, Bruce A. Robinson, George V. Welty and C. Edward Wible, all of whom are “independent” as such term is defined in the SEC rules and the NASDAQ listing requirements. The Nominating Committee met four times during 2006.

The Nominating Committee adopted a charter on June 15, 2004 that was approved by the Board of Directors and it is available on the Corporation’s website: www.cbthebank.com.

The Nominating Committee acts as the Board’s Nominating Committee and, in addition, reviews and makes recommendations to the Board regarding Board organization, membership, function and effectiveness; and committee structure, membership, function and effectiveness. The Nominating Committee evaluates the performance of the Board as a whole, the Committees and the individual directors. The Nominating Committee also administers and oversees all aspects of the Corporation’s corporate governance functions on behalf of the Board, including procedures for compliance with significant applicable legal, ethical and regulatory requirements that may affect corporate governance.

In selecting new Directors of the Corporation, consideration is given to each individual Director’s personal qualities and abilities, the collective Board members’ skills and aptitudes for conducting oversight of the Corporation and its management, and duties imposed by law and regulation. Important factors include:

- Each Director must, as determined by the Board, be qualified to perform duties of a Director as evidenced by the Director’s experience, accomplishments, education, skills and integrity;
 - Directors must be persons possessing the highest personal values and integrity;
- Directors must be able to perform their duties in the best interests of the Corporation and its shareholders, without conflicts of interest;
- The majority of Directors will be independent in accordance with the Standards for Determining Independence of Directors as adopted by the Board and in compliance with applicable laws and regulations, including the listing standards of the Securities and Exchange Commission (SEC) and The NASDAQ Stock Market (NASDAQ).
- The Corporation will comply fully with all legal and regulatory requirements concerning the composition of the Audit, Nominating/Corporate Governance, and Executive Compensation Board Committees;
- Collectively, Board members will bring to the Corporation a broad range of complementary skills, expertise, industry and regulatory knowledge, and diversity of perspectives to build a capable, responsive, and effective Board; and
 - Directors will have experience in policy-making levels of a business or as a licensed professional and must have an aptitude for evaluating business matters and making practical and mature judgments.

ATTENDANCE AT MEETINGS

During 2006, all Directors attended at least seventy-five percent of the combined totals of meetings of the Board of Directors and each committee of which they were a member.

The Corporation does not have a stated policy with regard to director's attendance at the annual meeting but expects all of its directors to attend. All Board members attended last year's meeting.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based on a review of the applicable forms, there was no director, officer or beneficial owner of more than 10 percent of the Corporation's common stock who failed to file on a timely basis reports required by Section 16(a) of the 1934 Act during the most recent fiscal year.

COMPENSATION DISCUSSION & ANALYSIS

The Executive Compensation Committee & Objectives of Executive Compensation

The Corporation's Executive Compensation Committee acts under a written charter first adopted and approved by the Corporation's Board of Directors on May 18, 2004. The Committee's primary function is to develop, implement and maintain an executive compensation program for the executive officers of the Corporation, and its wholly-owned subsidiary, Commercial Bank & Trust of PA. Its main focus is reviewing and approving the annual compensation paid to Gregg E. Hunter, ⁽¹⁾ Vice Chairman, President, and Chief Executive Officer of the Corporation, and Thomas D. Watters, ⁽²⁾ Senior Vice President and Chief Financial Officer of the Corporation. The CEO and CFO are the officers required to be named in the Summary Compensation Table accompanying this Discussion and Analysis. The Committee has developed a Philosophy and Policy to help perform its function. In developing the compensation program, the Committee aims to give its executive officers comprehensive compensation packages which encourage executive compensation decisions and actions that positively impact the Corporation's overall performance as well as the interests of the Corporation's "stakeholders," e.g., shareholders, customers, regulators, the community, and any related entities. In this process, it also considers the expressed desires and needs of each executive officer within the context of the Committee's focus: executive compensation.

The Committee meets quarterly or more often, as needed, to perform the following: (1) monitor and review and act upon the Executive Compensation Philosophy and Policy, CEO and CFO compensation, executive officer contracts, and regulatory compliance; (2) review, revise (if necessary) and approve Management's Compensation Discussion and Analysis Report; (3) prepare its Committee report to be included in the Proxy Statement; and (4) conduct an annual internal Committee performance review based on the Committee Charter. During 2006, four Committee meetings were held, with all Committee members in attendance.

Objectives of the Corporation's Compensation Program

The Board and Committee believe that compensation paid to our executive officers should be set so as to enhance the short-term and long-term performance of the Corporation and to attract and retain key executives that add to the Corporation's success. The Committee relies on its Philosophy and Policy to guide its deliberations and act as a standard against which the performance of the Corporation's compensation program may be measured.

Specific Actions and Results that our Compensation Program is Designed to Reward

The Corporation's executive compensation program is designed to reward the contributions of our executive officers to the success of the Corporation. Management and the Committee consider many factors in evaluating compensation, including performance criteria, goals, and reviews.

Compensation decisions for the CEO are based on performance criteria that include, but are not limited to: the Corporation's earnings over the previous five-year period; and the CEO's success in managing risk, optimizing income, controlling operating costs, improving service quality, developing management leadership and strengthening the institution's competitive position. The Committee also considers the extent to which corporate goals such as after-tax income as a percentage of average total assets, annual total asset growth and desired capital ratios were met.

The compensation of the CFO has been set in accordance with the Committee's Philosophy and Policy; however, the Compensation Committee did not participate directly in developing the performance criteria for the CFO or in evaluating how well the CFO met such criteria when the CFO's 2006 compensation was set. This was handled directly by the CEO who reviewed the CFO and evaluated his performance based on the performance standards and criteria that are used to evaluate all employees of the Corporation on an annual basis. Recent SEC rule changes have caused the CFO to be included (for the first time) in the class of executive officers whose compensation is to be directly scrutinized by the Compensation Committee and discussed in Management's Compensation Discussion and Analysis; therefore, the Compensation Committee intends to participate actively in establishing criteria for future CFO Compensation. The Committee will continue to work closely with the CEO in evaluating the CFO's performance.

Components of Compensation

Annual executive compensation consists of a base salary, the potential for a discretionary bonus, plus health insurance, life insurance, long-term disability insurance, and participation in a profit sharing plan, and other compensation. Compensation for the CEO and the CFO is actually paid by the Corporation's wholly owned bank subsidiary.

As you may notice in this Compensation Discussion and Analysis and the Summary Compensation Table that follows, several elements of compensation payable by other Companies are not paid by the Bank to our included executive officers. Our reasons for not paying such elements are based upon our overall philosophy to retain simplicity in our compensation program and to minimize administrative costs inherent in such compensation elements. The Corporation believes that sufficient salary, and where appropriate, discretionary bonuses, are paid to our included executive officers, so that significant additional elements of compensation are not necessary.

The components of compensation, as set forth in the Summary Compensation Table that follows this discussion, and the potential components of compensation as discussed by the Committee, include:

Base Salary. Base salaries for our executive officers are determined and evaluated as follows:

The executive officer positions will be assigned a specific salary range, reflecting both the internal equity of the position (as determined by a relative worth assessment) and the "going rate" for the position in the labor market. The salary structure for the CEO and CFO is based upon independent banking industry surveys that focus on financial institutions similar in size, scope and geographic region to the Bank. Using this data, a base salary, midpoint and range are established for each position. The midpoint serves as a base salary target for an executive performing his job competently. Salary increases are based on individual performance and salary level relative to the midpoint of the incumbent's salary range.

The concept of "pay for performance" is an important part of the Executive Compensation Program. Movement within the salary range is based upon the performance of the executive officer against established performance factors and desired outcomes, as documented in an annual Performance Appraisal Review. The actual salary adjustment for the executive officer is predicated on the current salary within the range and the performance level achieved in the Review.

Bonuses. The Executive Compensation Committee is authorized but is not required to award discretionary bonuses to the Corporation's executive officers. A discretionary bonus was awarded to the CEO in 2006. This bonus was based on the results of the CEO's goal and non-goal accomplishments, as well as to acknowledge his efforts and success in leading the corporation after a change in control. Although linked to the accomplishment of goals, the discretionary bonuses are not linked to pre-established performance targets.

In determining that the 2006 CEO bonus should be awarded, the Executive Compensation Committee analyzed comparative data of bonuses awarded by our peers. The Committee also conducted a formal evaluation of the CEO's performance, issuing ratings in various, and integrated categories on a scale of 1 to 5. The documentation of this evaluation is on file with the Human Resource Division of the Bank.

At-Risk Compensation. The Executive Compensation Committee has the right to develop a plan with respect to at-risk compensation, and to submit such plan to the entire Board of Directors of the Corporation for approval. At-risk compensation, if any, will be comprised of compensation that serves as an incentive for performance to occur over a

specific period of time, where such performance is tied to the attainment of specific established performance targets that have been communicated in advance to the executive officers who may be eligible for such element of compensation. Upon the approval of an at-risk compensation plan by the Board, such plan will be effective and at-risk compensation could be awarded. At the current time, no at-risk compensation plan has been approved or implemented, and at-risk compensation is not a current component of compensation.

A form of "at-risk" compensation is currently available to all full time employees of the Bank, including the CFO and CEO. This compensation, in the form of a cash award, is payable if (1) the Bank's annual percentage of after tax earnings divided by its total assets meets or exceeds 1.15% and (2) its annual after-tax earnings show an increase of at least 4% over the prior years' after-tax earnings. If both of these milestones are reached in the same year, each employee will be entitled to receive a cash amount of at least \$1,700, depending upon the extent to which the Bank's annual percentage return on assets meets or exceeds 1.15%. Each employee is paid the same amount, irrespective of base salary or job title.

Base Benefits. Base benefits for our executive officers are determined and evaluated as follows:

Base benefits offered to the executive officer in the Executive Compensation program mirror those of other employee classes, including health and welfare benefits and retirement benefits. Each executive named in the Compensation Table is also entitled to life insurance benefits that are the same for all full time management employees: his named beneficiaries would receive an amount equal to two times the executive's salary if he dies while employed by the Corporation. See below for a description of certain supplemental life insurance benefits.

Participating Benefits. Participating benefits are defined as those benefits in which the executive officer has discretion as to whether or not to accept such benefits. Participating benefits for our executive officers are determined and evaluated as follows:

The sole subsidiary of the Corporation offers a 401(k) plan to all of its employees and officers. The executive officer meeting participation requirements may choose to participate in this form of retirement plan. At the current time, the CEO does not participate in the 401(k) plan. This plan is strictly voluntarily, is based exclusively on the contributions of the officer or employee and the Bank pays nothing. The CFO currently does participate in this plan. See below for a description of the profit-sharing plan, which contains the 401(k) plan as part of its benefit package.

No other participating benefits are offered to the executive officers participating in the Executive Compensation Program.

Supplemental Benefits. Supplemental benefits for our executive officers are determined and evaluated as follows:

Supplemental benefits are typically offered to the executive officer for one, or both, of the following reasons:

- To correct inequities that exist for the executive officer class under the base benefits component of compensation (See "Base Benefits", above).
- To make the overall compensation package more competitive in comparison to the labor market and thus, improve the chances of retaining a productive executive officer.

The following is a summary of the supplemental benefits that *may* be offered to the executive officer as part of the Corporation's Executive Compensation Plan:

- An employment agreement and change-of-control agreement (please see below for detail).
- Bank Owned Life Insurance, as explained below.

As part of the Supplemental Benefits offered by the Bank, a Bank Owned Life Insurance ("BOLI") program is provided for both the CEO and CFO. The Bank is willing to divide the death proceeds of certain life insurance policies which are owned by the Bank on the lives of the participating executives with the designated beneficiary of each insured participating executive. The Bank wishes to attract, retain, and reward highly qualified executives. As is common practice in the banking industry, the Bank provides BOLI to further this objective.

A BOLI participant shall have a vested insurance benefit equal to two times base annual salary. Once vested, this benefit will continue to be available after the executive's employment with the Bank terminates, so long as the executive is not terminated for cause. The benefit vests at the earliest of the following events:

- a. Continued employment with the Bank, the Corporation or any subsidiary or Affiliate of the Bank or the Corporation until a total of 70 points or more is reached when the participant's age and years of service are combined;
- b. Termination of employment due to disability;
- c. Termination of employment following a change in control; or
- d. At the discretion of the Bank's Insurance Committee if there are other circumstances not addressed in paragraphs a, b, or c.

As of December 31, 2006, the CEO is vested in the BOLI plan. The premium paid for the death benefit for the CEO constitutes a component of compensation and is reflected in the Summary Compensation Table, below.

The CFO is not a vested "BOLI" participant as of December 31, 2006. Since this non-vested benefit is presently similar to the life insurance benefit available to all employees, it is not reflected in the Summary Compensation Table

Equity-Based Awards. Equity-Based Awards for our executive officers are determined and evaluated as follows:

The Committee evaluates whether any equity-based awards are to be paid to the included officers. At the current time, no equity-based awards are included as a component of compensation to the included officers.

Nonqualified Deferred Compensation Earnings. The Committee has determined that, at the current time, no non-qualified deferred compensation is included as a component of compensation to the included officers.

Description of the Employees' Profit Sharing Retirement Plan

Both of the included officers, the CEO and CFO, participate in the Bank's Profit Sharing Plan, with total contribution balances as set forth in the Summary Compensation Table, below.

The Employees' Profit Sharing Retirement Plan has two separate components - a profit sharing plan that was created in 1977 and subsequently restated as required by IRS regulations, and a 401(k) elective contribution component.

Employees are eligible to join the Profit Sharing Plan following 12 months of employment, provided that the employee has accumulated 1,000 or more hours of service. The amount to be contributed to the Plan is determined by the Board of Directors of the Bank based on the existence of current or accumulated net profits of the Bank and/or such other factors as may be determined to be appropriate by the Board of Directors of the bank in its discretion. Notwithstanding the foregoing, the Board of Directors of the Bank may determine that no contributions will be made to the Plan by the employer for any one or more particular plan years. The total amount of the annual contribution cannot exceed 15 percent of the total eligible compensation paid by the Bank to all participating employees under this component.

The Plan provides for the determination of an account for each participating employee with notice of the amount in each such account to be given to the participating employee annually. Distributions under the Plan can be made to participating employees upon retirement (either normal or early retirement as defined in the Plan), at death

or disability of the participating employee or upon severing employment if either partially or fully vested.

The Plan provides for percentage vesting of 20 percent for the first three full years of service increasing 20 percent annually thereafter to 100 percent after seven full years of service. The Plan provides certain rules in the event that it becomes top-heavy. The funds contributed into the Plan by the Bank will be administered and invested under the direction of the Plan Trustees who are appointed by the Board.

The Plan does not accept rollover contributions from other retirement plans. Hardship distributions, pre-retirement distributions, and loans are not permitted under the Plan.

A 401(k) feature was added to the Plan on July 1, 2005, and pre-tax deferral began with the July 15th pay date. Employees are eligible to join this Plan feature the first day of the month coincident with or immediately following ninety (90) consecutive days of service. Employees are 100 percent vested in their salary deferral accounts.

Under Federal tax law, the 401(k) elective deferrals for each plan year are subject to an annual limit imposed by the IRS. Participants who reach age 50 before the end of a plan year also have the opportunity to elect 401(k) "catch up" contributions in excess of the regular annual 401(k) limit.

It is not possible to determine the extent of the benefits which any participant may be entitled to receive under the Plan on the date of termination of employment, since the amount of benefits will be dependent, among other things, upon factors such as future Bank earnings, future participant compensation and future Plan earnings.

The amount that the Bank contributed to the account of the CEO and CFO as part of the Plan is set forth in the Summary Compensation Table, below.

Perquisites & All Other Compensation

Perquisites and all other compensation for our executive officers are determined and evaluated as follows:

The Committee works with the Corporation's Chief Financial Officer and Division Manager of Human Resources of the Corporation's operating subsidiary to identify all potential perquisites and personal benefits paid to the Corporation's CEO and CFO. In identifying all potential perquisites, all disbursements paid to any included person are evaluated.

Once all potential perquisites have been identified, the Committee evaluates each, using a broad and principal-based method that provides a two-pronged analysis, as follows:

The Committee evaluates whether each item is integrally and directly related to the performance of the executive's duties. If so, the item is not considered to be a perquisite or personal benefit.

If an item is *not* integrally and directly related to the performance of the executive's duties, the second prong of the analysis is conducted to determine whether the item confers a direct or indirect benefit that has a personal aspect, or whether it is provided for some business reason or for the Corporation's convenience. If such item is generally available to all employees on a non-discriminatory basis, as it is available to those employees to whom it may lawfully be provided, then it is not considered a perquisite or personal benefit to the executive officer.

The Committee has identified and evaluated country club membership fees as being a potential perquisite that is being paid exclusively to the CEO. Based on this evaluation, we have determined that the membership does not constitute a perquisite. Although the CEO may use this membership for his personal benefit, he has in fact chosen to restrict his use of the membership only to corporate-related matters and not for his personal benefit. This membership confers no personal direct or indirect benefit upon the CEO, but is used exclusively for business reasons and for the convenience of the Corporation. In addition, the Committee has not identified any perquisites as being paid to the CFO. Accordingly, as of the current time, the Corporation provides no perquisites to either the CEO or the CFO. In addition, effective as of January 18, 2007, the CEO has terminated the country club membership.

The Committee evaluates other compensation. Such other compensation that is evaluated by the Committee includes, but is not limited to, compensation deemed to arise from related-party transactions, compensation paid to the included officers for termination of employment or change-in-control payments (see separate sections for each), corporation contributions to defined benefit plans, dollar value of life insurance premiums, gross-ups for payment of taxes, and equity-related compensation. During 2006, the CEO received other compensation in the form of payment for incidental days that remained unused after 2004 and 2005. This payment was made under a provision in his employment contract that was amended in April of 2006 to no longer include payments for unused incidental days. In addition, other compensation in the form of Board of Director fees have been evaluated, and are currently being provided to the CEO as a member of the Board, as detailed in the Summary Compensation Table and discussion below.

Related-Party Transactions

In the ordinary course of its banking business, the Bank has and anticipates that it will continue to have transactions with certain officers and directors and officers of the Corporation and the Bank and their associates.

To the extent such transactions consisted of extensions of credits of any material amount, they have been made in the ordinary course of the Bank's business on substantially the same terms including interest charged and collateral required as those prevailing at the time for comparable transactions with other customers of the Bank and do not involve more than the normal risk of collectibility or present other unfavorable features.

The Committee works with the Corporation's CFO and/or Division Manager of Human Resources of the Corporation's bank subsidiary to identify all transactions between the included officers and any related party. Where benefits attained as a result of these related party transactions could be deemed to constitute or impact total compensation, the transaction and related compensation will be included in the Compensation Table as part of total compensation and/or separately disclosed in accordance with applicable disclosure rules. No such compensation has been included in the compensation table that follows this narrative, and there are no related party transactions that are required to be disclosed in such separate disclosure regulations.

Potential Payments upon Termination or Change in Control

The following summaries set forth potential payments payable to our Chief Executive Officer upon termination of his employment or a change in control of the Corporation or Bank as under his current employment agreement and our other compensation programs. These potential payments are reflected in the Table, below. At the current time, payments upon termination or change in control are available only to the Corporation's Chief Executive Officer, Gregg E. Hunter.

Employment Agreement - Gregg E. Hunter, CEO

The terms of the employment agreement that may result in potential payments that would be payable to Gregg E. Hunter upon his termination are as follows:

Mr. Hunter entered into an Employment Agreement with the Bank as of July 1, 2003. It was most recently amended as of April 30, 2006. The current term of the Employment Agreement will end on June 30, 2009, and such term will be automatically extended for successive one year periods unless either Mr. Hunter or the Bank provides notice at least one-hundred and twenty (120) days prior to the end of the then current term of such party's intent not to extend the term of the Employment Agreement.

The Employment Agreement provides for an annual base salary to be set on an annual basis by the Committee. The Employment Agreement also provides that Mr. Hunter is eligible to receive a performance bonus based on the performance of Mr. Hunter and the Bank. The amount and payment of such bonus is in the sole discretion of the Committee.

If Mr. Hunter's employment is terminated either by the Bank without cause or by Mr. Hunter "for good reason," Mr. Hunter is entitled to (a) payment of all accrued and unpaid salary and benefits through the date of such termination; and (b) continuation of his group health benefits for twelve (12) months; and (c) payment, for a period of twelve (12) months, of monthly severance payments equal to one-twelfth of the sum of (i) Mr. Hunter's annual salary, plus (ii) the amount credited to Mr. Hunter's account under the Bank's Profit-Sharing Plan for the most recently completed fiscal year, or, at the discretion of the Board, a single sum payment equal to the discounted present value of such monthly payments (discounted at the prime rate in effect at the Bank's principal banking subsidiary).

Change-in-Control Payments - Gregg E. Hunter, CEO

The potential payments that would be payable to Gregg E. Hunter upon a change in control of the Corporation or Bank are as follows:

If Mr. Hunter's employment is terminated due to a change in control of the Bank or the Corporation, then Mr. Hunter shall receive the same payments and health benefits coverage as described above except that such payments and coverage shall continue for a period of twenty-four (24) months and Mr. Hunter would be entitled to six (6) months of outplacement services at the Bank's expense.

If the employment is terminated for any other reason, Mr. Hunter's severance is limited to accrued but unpaid salary and benefits. Set forth below is a chart that summarizes Mr. Hunter's severance benefits.

(1) Gregg E. Hunter is also the Chairman, President and Chief Executive Officer of the Corporation's operating subsidiary, Commercial Bank & Trust of PA.

(2) Thomas D. Watters is also the Senior Vice-President and Chief Financial Officer of the Corporation's operating subsidiary, Commercial Bank & Trust of PA.

Employment Agreement Details	Salary	Health Insurance	Profit Sharing	Outplacement	TOTAL
Severance:	1 year = \$171,730	1 year = \$8,313.84	1 year = \$8,586.50	NA	\$188,630.34

Beard Miller Company LLP, (“Beard”) was appointed as the independent auditors for the Corporation and its subsidiaries for fiscal year ended December 31, 2006, and such appointment was ratified by the shareholders of the Corporation at the Annual Meeting held on May 16, 2006. A resolution will be presented at the Annual Meeting for the ratification by the shareholders of the appointment of Beard as the independent auditors for the Corporation for 2007. Each shareholder may cast one vote for each share of common stock held by such shareholder. The affirmative vote of the holders of a majority of the outstanding shares of common stock represented and entitled to vote at the Annual Meeting on such proposal is required to approve the proposal.

The Board of Directors recommends the shareholders vote in favor of the proposal to ratify the appointment of Beard Miller Company LLP as the Corporation’s independent auditors for the fiscal year ending December 31, 2007.

A representative of Beard will be present at the Annual Meeting with the opportunity to make statements and to respond to appropriate questions from shareholders.
