PROXY STATEMENT
2015 Annual Meeting of Stockholders
July 24, 2015

This proxy statement is being furnished to the holders of common stock, par value \$0.01 per share (the “Common Stock”), of KEMET Corporation (the “Corporation” or “KEMET”) in connection with the solicitation of proxies on behalf of the Board of Directors of the Corporation (the “Board of Directors” or “Board”) for the 2015 Annual Meeting of Stockholders (the “Annual Meeting”) to be held on July 24, 2015, at KEMET Electronics AB, Skiftesvägen 16, 56331 Gränna, Sweden, and at any adjournments or postponements thereof.

In accordance with rules and regulations adopted by the Securities and Exchange Commission, instead of mailing a printed copy of our proxy materials to each stockholder of record, the Corporation furnishes proxy materials on the Internet. If you received a Notice of Internet Availability of Proxy Materials (the “Notice”) by mail, you will not receive a printed copy of our proxy materials other than as described herein. Instead, the Notice will instruct you as to how you may access and review all of the important information contained in the proxy materials. The Notice also instructs you as to how you may submit your proxy over the Internet or by phone. If you received a Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting proxy materials included in the Notice.

It is anticipated that the Notice will be sent to stockholders on or about June 12, 2015 to holders of record of Common Stock as of the close of business on June 3, 2015. This proxy statement and the form of proxy relating to the Annual Meeting will be made available via the Internet to stockholders on the date that the Notice is first sent.

All shares represented by valid proxies received pursuant to this solicitation, and not revoked before they are exercised will be voted in the manner specified therein. If no direction is indicated, the proxies will vote the shares represented thereby FOR the election of each of the directors described herein, FOR the ratification of the appointment of Ernst & Young LLP as independent registered public accounting firm for the fiscal year ending March 31, 2016, FOR the advisory approval of the compensation paid to the Corporation’s Named Executive Officers, and, as to any other business as may properly be brought before the Annual Meeting and any adjournments or postponements thereof, in accordance with the recommendation of the Corporation’s management.

Voting your proxy by Internet or telephone or by returning your completed proxy by mail will not prevent you from voting in person at the Annual Meeting should you be present and wish to do so. In addition, you may revoke your proxy any time before it is voted by written notice to the Secretary of the Corporation prior to the Annual Meeting or by submission of a later-dated proxy.

Each outstanding share of Common Stock entitles the holder thereof to one vote. On June 3, 2015, the record date, there were 45,714,944 shares of Common Stock outstanding. The presence in person or by proxy of a majority of such shares of Common Stock shall constitute a quorum. Pursuant to Delaware law, abstentions are treated as present and entitled to vote, and therefore are counted in determining the existence of a quorum. Under Delaware law, broker “non-votes” are considered present but not entitled to vote, and thus will be counted in determining the existence of a quorum but will not be counted in determining whether a matter requiring approval of a majority of the shares present and entitled to vote has been approved.

Each director nominee shall be elected to the Board of Directors by vote of the majority of the votes cast with respect to that director nominee’s election at any meeting for the election of directors at which a quorum is present. The Amended and Restated By-laws of the Corporation provide that a majority of the votes cast means the number of shares voted “for” a director nominee must exceed the number of votes cast “against” that director nominee. The affirmative vote of the majority of the votes present in person or represented by proxy and entitled to vote at the Annual Meeting is required to ratify the appointment of Ernst & Young LLP as the independent registered public

accounting firm of the Corporation for the fiscal year ending March 31, 2016 and to approve on an advisory basis the compensation paid to the Corporation's Named Executive Officers. Abstentions will have no effect on the election of directors, ratification of Ernst & Young LLP as the independent registered public accounting firm, or the advisory approval of the compensation paid to the Named Executive Officers since only votes "For" or "Against" each such proposal will be counted.

When a matter is not routine and the brokerage firm has not received voting instructions from the stockholder, the brokerage firm cannot vote the shares on that matter. This is called a broker “non-vote.” The ratification of the selection of independent auditors is considered a routine matter. The election of directors and the advisory approval of the compensation paid to the Named Executive Officers are not considered routine matters.

PROPOSAL TO ELECT THREE DIRECTORS

The Corporation’s Restated Certificate of Incorporation provides that the Board of Directors will consist of not more than nine nor fewer than three directors with the number of directors to be established by the Board of Directors by resolution.

The Board of Directors is currently comprised of eight directors divided into three classes (Dr. Backes and Messrs. Bedi and Lööf—2015; Messrs. Kotzubei and Paul—2016; and Messrs. Brandenburg, Borruso and Maddrey—2017). The term of each class expires in different years. The nominees for election to the Board of Directors this year are Dr. Wilfried Backes, Gurminder S. Bedi and Per-Olof Lööf, each of whom are currently directors of the Corporation, and each of whom has been nominated to serve for a three-year term or until his successor is duly elected and qualified. The Board of Directors expects the nominees named above to be available for election. In case the nominees are not available, the proxy holders may vote for a substitute, unless the Board of Directors reduces the number of directors.

Provided that a quorum is present, each director nominee will be elected at the Annual Meeting by a majority of the votes cast with respect to that director nominee’s election. The Amended and Restated By-laws of the Corporation provide that a majority of the votes cast means the number of shares voted “for” a director nominee must exceed the number of votes cast “against” that director nominee. There is no right to cumulative voting as to any matter, including the election of directors.

The following sets forth, among other matters, information as to each continuing director and each nominee for director: (i) their age, as of June 3, 2015; (ii) all positions and offices with the Corporation; (iii) principal occupation and employment during the past five years; (iv) current directorships of publicly-held companies or registered investment companies; (v) other previous directorships of publicly-held companies or registered investment companies during the past five years; (vi) period of service as a director of the Corporation; and (vii) particular experience, qualifications, attributes or skills, beyond those described above, which led to the Corporation’s Board of Directors to conclude that such director or nominee for director should serve as a director of the Corporation.

The Board of Directors recommends a vote “FOR” the re-election of each of Dr. Backes and Messrs. Bedi and Lööf to the Board of Directors, each to serve for a three-year term or until his successor is duly elected and qualified.

Information about the Board of Directors

The Board of Directors held six meetings (exclusive of committee meetings) during the fiscal year ended March 31, 2015. Each current director attended at least 75% of the number of meetings that they were eligible to attend during the fiscal year ended March 31, 2015 of the Board of Directors and all committees on which such director served. The Corporation has not adopted a formal policy with respect to directors' attendance at annual meetings of the stockholders of the Corporation. The Corporation encourages, but does not require, directors to attend. All of the Corporation's directors were in attendance at the 2014 Annual Meeting of Stockholders: seven directors attended in person and one director attended telephonically. In accordance with the Corporation's Corporate Governance Guidelines, Frank G. Brandenburg, as Chairman of the Board, presided over all regularly scheduled executive sessions of the non-management directors of the Corporation. The Board of Directors has established the following permanent committees, the functions and current members of which are noted below. All of the committees of the Board of Directors operate under charters, current copies of which can be found on our website at <http://ir.kemet.com> where you can click on the "Corporate Governance" link for each of the committee charters.

Audit Committee. The Audit Committee of the Board of Directors currently consists of: Mr. Maddrey (Chairman of the Audit Committee), Dr. Backes and Mr. Borruso. All members of the Audit Committee are independent as defined in the Securities Exchange Act of 1934 and the rules and regulations thereunder, as amended ("Exchange Act"), and the listing rules of the New York Stock Exchange ("NYSE"). The Board of Directors has determined that at least one member of the Audit Committee, Mr. Maddrey, is an "audit committee financial expert" serving on the Audit Committee within the meaning of the Securities and Exchange Commission (the "SEC") rules and regulations. In addition, Dr. Backes and Mr. Borruso also have prior financial statement experience: Dr. Backes has served at various times as president, chief executive officer, chief financial officer and treasurer in prior companies; and Mr. Borruso has served as president and chief executive officer in current and prior companies. Mr. Maddrey has served on audit committees with other companies. The Audit Committee, among other duties, employs the independent auditors, pre-approves all services performed by the independent auditors, reviews the internal and external financial reporting of the Corporation, reviews the scope of the independent audit, considers comments by the auditors regarding internal controls and accounting procedures and management's response to those comments, and reviews services provided by the independent auditors and other disclosed relationships as they bear on the independence of the independent auditors. The Audit Committee was established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee met eight times during the fiscal year ended March 31, 2015.

Compensation Committee. The Compensation Committee of the Board of Directors currently consists of Mr. Paul (Chairman of the Compensation Committee), Dr. Backes and Messrs. Bedi and Borruso. All members of the Compensation Committee are independent within the meaning of the listing rules of the NYSE. The Compensation Committee, among other duties, establishes the total compensation package provided to the Chief Executive Officer and the Corporation's Named Executive Officers, and reviews and/or approves the actual compensation (including base pay adjustments and any annual and long-term incentive payouts) paid to all senior executive officers of the Corporation, including all direct reports of the Chief Executive Officer. The Compensation Committee met seven times during the fiscal year ended March 31, 2015.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee currently consists of Messrs. Bedi (Chairman of the Nominating and Corporate Governance Committee), Maddrey and Paul, all of whom are independent within the meaning of the listing rules of the NYSE. The Nominating and Corporate Governance Committee, among other duties, is authorized to review the Corporation's governance practices, including the composition of the Board, and to make recommendations to the Board concerning nominees for election as directors, including nominees recommended by stockholders. The Nominating and Corporate Governance Committee met four times during the fiscal year ended March 31, 2015.

A stockholder who wishes to recommend a prospective nominee for the Board should notify the Corporation's Corporate Secretary in writing with supporting material that the stockholder considers appropriate. The Nominating and Corporate Governance Committee will also consider whether to nominate any person nominated by a stockholder pursuant to the provisions of the Corporation's By-laws relating to stockholder nominations. Once the Nominating and Corporate Governance Committee has identified a prospective nominee, it makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on whatever information is provided to the Nominating and Corporate Governance Committee with the recommendation of the prospective candidate, as well as the Nominating and Corporate Governance Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies or expand the size of the Board and the likelihood that the prospective nominee can satisfy the evaluation factors described below. If the Nominating and Corporate Governance Committee determines that additional consideration is warranted, it will engage a third-party search firm to gather additional information about the prospective nominee's background and experience and to report its findings to the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee then evaluates the prospective nominee against certain standards and qualifications. The Nominating and Corporate Governance Committee selects individuals as director nominees who have the highest personal and professional integrity, who have demonstrated exceptional ability and judgment and who will be most effective, in conjunction with the other nominees to the Board, in collectively serving the long-term interests of the Corporation's stockholders. In addition, pursuant to the Nominating and Corporate Governance Committee Charter, the Nominating and Corporate Governance Committee evaluates the prospective nominee against a set of criteria for Board membership which includes factors relating to business experience, diversity, occupation, and personal skills in technology, finance, marketing, international business, financial reporting and other areas that are expected to contribute to an effective Board. The Nominating and Corporate Governance Committee also considers such other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, the need for Audit Committee expertise and the evaluations of other prospective nominees. In connection with this evaluation, the Nominating and Corporate Governance Committee determines whether to interview the prospective nominee, and if warranted, one or more members of the Nominating and Corporate Governance Committee, and others as appropriate, interview prospective nominees in person or by telephone. After completing this evaluation and interview, the Nominating and Corporate Governance Committee determines the nominees who it will recommend to the Board.

Director Independence. The Board undertook its annual review of director independence in April 2015. During this review, the Board inquired about transactions and relationships between each director or any member of his or her immediate family and the Corporation and its subsidiaries and affiliates. The Board also inquired about transactions and relationships between directors or their affiliates and members of the Corporation's senior management or their affiliates. The purpose of this review was to determine whether any such relationships or transactions were inconsistent with a determination that the director is independent.

Only one of the directors determined to be independent by the Board has a relationship with the Corporation other than as a director. In evaluating the independence of Mr. Kotzubei, the Board considered that (i) Mr. Kotzubei is a Partner of Platinum Equity Advisors, LLC and (ii) K Equity, LLC ("K Equity"), an affiliate of Platinum Equity Advisors, LLC, has a warrant representing the right to purchase 8.4 million shares of Common Stock. In determining that Mr. Kotzubei is independent, the Board favorably considered that (i) Mr. Kotzubei meets the NYSE independence tests, (ii) the NYSE does not view ownership of even a significant amount of stock, by itself, as a bar to an

independence determination, (iii) the loans with K Equity have been extinguished, (iv) the term of the Corporate Advisory Services Agreement with Platinum Equity Advisors, LLC, as well as the advisory fee payable thereunder, were both fixed as of its May 5, 2009 effective date, and the term expired on June 30, 2013, and (v) the warrant rights of K Equity closely align K Equity's interests with the Corporation's stockholders.

As a result of this review, the Board affirmatively determined that all of the directors, including the Chairman, Frank G. Brandenburg, are independent of the Corporation and its management within the meaning of the SEC's rules and regulations and the NYSE rules and regulations, with the exception of Mr. Per-Olof Lööf, who is considered to be a non-independent director because he is a member of the Corporation's management.

Board Leadership Structure. Currently, the positions of Chairman of the Board and Chief Executive Officer of the Corporation are held by separate individuals, with Mr. Lööf serving as CEO and Mr. Brandenburg serving as Chairman of the Board. The Board believes that at the current time this structure is best for the Corporation, as it allows Mr. Lööf to focus on the Corporation's strategy, business and operations, while enabling Mr. Brandenburg to assist with Board matters and serve as a liaison between the Board and the Corporation's management.

Role in Risk Oversight. As the Corporation's principal governing body, the Board of Directors has the ultimate responsibility for overseeing the Corporation's risk management practices. According to the Corporation's Corporate Governance Guidelines, the Board of Directors' risk responsibilities include monitoring ethical behavior; monitoring compliance with laws and regulations, the Corporation's Global Code of Conduct ("Code of Conduct"), auditing and accounting principles and the Corporation's own governing documents; assessing its own effectiveness in fulfilling these and other Board responsibilities; and overseeing the procedures in place to ensure the integrity of the Corporation's financial statements. The Board of Directors believes it has in place effective processes to identify and oversee the material risks facing the Corporation and that these processes are consistent with, and provide additional support for, the current leadership structure of the Board of Directors. Certain risk management functions have been delegated to committees of the Board of Directors.

Pursuant to the Audit Committee Charter, one of the primary roles and responsibilities of the Audit Committee is to monitor the integrity of the Corporation's financial reporting process and systems of internal controls regarding finance, accounting and associated legal compliance. Under the Audit Committee Charter, the Audit Committee will, among other responsibilities and duties:

Consider and review with management, the internal audit group and the independent public accountants the effectiveness or weakness of the Corporation's internal controls. Develop in consultation with management a timetable for implementing recommendations to correct identified weaknesses.

Review the coordination between the independent public accountants and internal auditors; review the risk assessment processes, scopes and procedures of the Corporation's internal audit work and whether such risk assessment process, scopes and procedures are adequate to attain the internal audit objectives as determined by the Corporation's management and approved by the committee; and review the quality and composition of the Corporation's internal audit staff.

Review management's monitoring of the Corporation's compliance with laws and the Corporation's Code of Conduct and ensure that management has proper review systems in place to ensure that the Corporation's financial statements, reports and other information disseminated to governmental organizations and the public satisfy legal requirements. The Corporation's Chief Compliance Officer provides reports to the Audit Committee concerning activities related to the Corporation's whistleblower hotline and other compliance issues.

The Compensation Committee reviews the Corporation's compensation policies and practices to ensure that no such practices or policies create a reasonable likelihood of a material adverse effect on the Corporation. Additional information on the process and procedures for executive compensation determinations, including the role of management and compensation consultants, is contained in "Compensation Discussion and Analysis" below. For the fiscal year ended March 31, 2015, the Compensation Committee determined that none of the Corporation's compensation policies or practices were reasonably likely to have a material adverse effect on the Corporation. In addition, pursuant to the Compensation Committee Charter, the Compensation Committee provides oversight of the Corporation's safety, health and environmental programs, including a periodic review of accident frequency and severity statistics, programs to promote safe work habits, serious statutory violations or resulting citations, and any potential legal and/or financial liabilities in excess of \$100,000 that may exist due to non-compliance with any safety, health or environmental law or regulation.

Compensation Committee Interlocks and Insider Participation

None of the members of our Compensation Committee is or has been an officer or employee of the Corporation, and no executive officer of the Corporation served on the Compensation Committee or board of directors of any entity that employed any member of the Corporation's Compensation Committee or Board of Directors. In addition, no other "compensation committee interlocks" existed during the fiscal year ended March 31, 2015.

Compensation of Directors

During the fiscal year ended March 31, 2015, the compensation of the non-employee members of our Board of Directors was as follows (employee directors are not compensated for their service on our Board of Directors):

Each director was paid a director's fee at the annual rate of \$70,000.

The Chairman received an annual retainer of \$35,000.

The Chairman of the Audit Committee of the Board received an annual retainer of \$15,000, and each member of the Audit Committee received an annual retainer of \$10,000.

The Chairman of the Compensation Committee received an annual retainer of \$15,000, and each member of the Compensation Committee received an annual retainer of \$10,000.

The Chairman of the Nominating and Corporate Governance Committee received an annual retainer of \$10,000, and each member of the Nominating and Corporate Governance Committee received an annual retainer of \$5,000.

All directors were reimbursed for out-of-pocket expenses incurred in connection with attending meetings.

Unless approved in advance by the Board for special circumstances, no additional fees were paid for attendance at meetings of the Board or a Committee of the Board.

Each non-employee director received an annual grant of 10,000 restricted stock units ("Director RSUs"), which vest, based on the director's continued service, one day prior to the Annual Meeting of Stockholders for the fiscal year in which they are issued. Upon settlement, each Director RSU is converted into a share of restricted Common Stock and delivered to the director. Prior to the grant date, each director can elect to defer the settlement of his Director RSUs beyond the vesting date to a specific later date or to the termination date of his service on the Board. Restricted shares of Common Stock that have been converted from Director RSUs are 100% vested on the date of settlement; however they are restricted and cannot be sold until 90 days after the director resigns from his position as a member of the Board or until he achieves the targeted ownership under the Corporation's stock ownership guidelines, and only to the extent that such ownership exceeds the target.

The Corporation uses a combination of cash and stock-based incentive compensation to attract and retain qualified candidates to serve on the Board of Directors. Periodically the Board of Directors approves changes to non-employee director compensation after review of recommendations from the Compensation Committee. In recommending the levels of director cash and equity compensation, the Compensation Committee considers the significant amount of time that directors expend in fulfilling their duties to the Corporation as well as the skill-level required by the Corporation of members of the Board of Directors. The Compensation Committee also examines compensation of directors at manufacturing companies with revenues comparable to the Corporation. None of the non-employee directors participate in a defined benefit plan or non-qualified deferred compensation plan sponsored or contributed to by the Corporation.

Stock Ownership Guidelines

To directly align the interests of the directors with the interests of the stockholders, the Compensation Committee established guidelines stipulating whereby each director should maintain a minimum ownership interest in the Corporation. Mr. Lööf as a member of management has a target to own and retain a minimum number of shares totaling in value five times his annual base salary (discussed further in the Compensation Discussion and Analysis). Non-employee directors have a target to own and retain a minimum number of shares totaling in value three times their annual cash retainer (\$70,000 in FY2015). The time period during which such minimum number of shares is to be acquired and retained is targeted five years from the later of (i) April 1, 2006 or (ii) the year in which such director was first elected. The following represents each non-employee director's attainment of his targeted Company share ownership, based on the number of shares beneficially owned and the closing price of the Company common stock as of March 31, 2015:

Name	Attainment of Targeted Company Share Ownership	
Wilfried Backes	95.3	%
Gurminder S. Bedi	98.6	%
Joseph V. Borruso	92.4	%
Frank G. Brandenburg	100.9	%
Jacob T. Kotzubei (1)	51.7	%
E. Erwin Maddrey, II	83.0	%
Robert G. Paul	97.6	%

(1) Mr. Kotzubei has been a director of the Company for less than four years.

Subject to changes in the price of the Company's common stock, the Company anticipates that all of the non-employee directors (with the exception of Mr. Kotzubei) will attain their targeted ownership values upon the grant of the equity portion of their FY2016 retainer, which is expected to occur on July 31, 2015.

As persons with access to material non-public information regarding the Corporation, our directors are restricted in their ability to trade our securities in accordance with applicable law and the guidelines contained in our insider trading policy.

Stockholders and other parties interested in communicating directly with the Chairman or with the non-management directors as a group may do so by writing to Chairman of the Board of Directors, KEMET Corporation, P.O. Box 5928, Greenville, South Carolina 29606.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Corporation's officers, directors and persons who beneficially own more than 10% of a registered class of the Corporation's equity securities to file reports of securities ownership and changes in such ownership with the SEC. Officers, directors and greater than ten-percent beneficial owners also are required by rules promulgated by the SEC to furnish the Corporation with copies of all Section 16(a) forms they file. Based solely upon a review of the copies of such forms furnished to the Corporation, or written representations that no Form 5 filings were required, the Corporation believes that during the period from April 1, 2014 through March 31, 2015, all the Corporation's officers, directors and greater than ten-percent beneficial owners complied with the Section 16(a) filing requirements applicable to them.

Review, Approval or Ratification of Transactions with Related Persons

Our directors and executive officers (and other employees) are expected to adhere to the Corporation's Code of Conduct. Our Code of Conduct is available free of charge on the Corporation's website at <http://ir.kemet.com> where you can click on the link to "Corporate Governance," then "Global Code of Conduct." In the event that any action arises or is proposed that would require a waiver of or a deviation from our Code of Conduct, or in the event that any actual or potential conflict of interest arises involving any of our directors or executive officers, our policy requires that the matter be reported to the Corporation's management. In the event of such conflicts, the director(s) or officer(s) involved, if any, shall recuse themselves from any decision affecting their personal interests.

The Board has reviewed the following transactions, including, without limitation, for the purpose of determining the independence of Mr. Kotzubei, a Partner at Platinum Equity, within the meaning of the SEC's rules and regulations and the NYSE rules and regulations.

On May 5, 2009, the Corporation entered into a credit facility with K Financing, LLC (the "Amended and Restated Platinum Credit Facility"), an affiliate of Platinum Equity Capital Partners II, L.P. The Amended and Restated Platinum Credit Facility consisted of a term loan (the "Platinum Term Loan"), a line of credit loan (the "Platinum Line of Credit Loan") and a working capital loan ("Platinum Working Capital Loan") among K Financing, LLC ("K Financing"), the Corporation and certain of the Corporation's subsidiaries.

In connection with the Amended and Restated Platinum Credit Facility, the Corporation granted K Financing a warrant to purchase up to 26,848,484 shares of the Corporation's Common Stock, representing up to 49.9% of the Corporation's outstanding Common Stock; the Warrant was subsequently transferred to K Equity, an affiliate of K Financing. As a result, K Equity and certain of its affiliates are deemed to be beneficial owners of the Corporation's securities as well as "related persons" as holders of securities covered by Item 403(a) of Regulation S-K.

In connection with the Amended and Restated Platinum Credit Facility, the Corporation entered into a Corporate Advisory Services Agreement with Platinum Equity Advisors, LLC ("Platinum Advisors"), an affiliate of K Equity, for a term of the later of (i) June 30, 2013 and (ii) the termination of the Amended and Restated Platinum Credit Facility, pursuant to which the Corporation will paid an annual fee of \$1.5 million to Platinum Advisors for certain advisory services. On May 5, 2010, the Platinum Term Loan, the Platinum Line of Credit Loan, and the Platinum Working Capital Loan were extinguished.

On December 20, 2010, in connection with a secondary offering in which K Equity was the selling security holder, K Equity sold a portion of the Warrant representing the right to purchase 10.9 million shares of Common Stock to the underwriters of the secondary offering, who exercised their full portion of the warrant at a price of \$12.80 per share in a cashless exercise and received a net settlement of 10.0 million shares of Common Stock. These shares were sold as part of a secondary offering and KEMET did not receive any of the proceeds from the transaction. On May 31, 2011, K Equity sold a portion of the Closing Warrant to Deutsche Bank Securities Inc., in connection with the offering of a

total of 7 million shares of the Corporation's

9

Common Stock, at a public offering price of \$14.60 per share. K Equity retained the unsold portion of the Warrant, representing the right to purchase 8.4 million shares of Common Stock.

On June 30, 2013, the term of the Corporate Advisory Services Agreement expired.

PROPOSAL TO RATIFY APPOINTMENT

OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed Ernst & Young LLP as the independent registered public accounting firm to examine the financial statements of the Corporation for the fiscal year ending March 31, 2016 and to perform other appropriate accounting services.

A proposal will be presented at the Annual Meeting to ratify the appointment of Ernst & Young LLP as the Corporation's independent registered public accounting firm. One or more members of that firm are expected to be available at the Annual Meeting to respond to questions and to make a statement if they desire to do so. During the fiscal years ended March 31, 2015 and 2014, Ernst & Young LLP served as the Corporation's independent registered public accounting firm and also provided other audit-related services. See "Audit and Non-Audit Fees" on page 39. If the stockholders do not ratify this appointment by the affirmative vote of a majority of the shares represented in person or by proxy at the meeting, other independent registered public accounting firms will be considered by the Audit Committee. Even if the appointment of Ernst & Young LLP is ratified, the Audit Committee may in its sole discretion terminate the engagement of the firm and direct the appointment of another independent auditor at any time during the year if it determines that such an appointment would be in the best interests of the Corporation and its stockholders.

The Board of Directors recommends a vote "FOR" ratification of the appointment of Ernst & Young LLP as the Corporation's independent registered public accounting firm for the fiscal year ending March 31, 2016.

PROPOSAL CONCERNING ADVISORY (NON-BINDING) VOTE TO APPROVE THE COMPENSATION PAID TO THE CORPORATION'S NAMED EXECUTIVE OFFICERS ("SAY-ON-PAY" VOTE)

General Information

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 enables our stockholders to vote to approve, on an advisory (non-binding) basis, the compensation paid to our "Named Executive Officers" as disclosed in this Proxy Statement in accordance with the SEC's rules.

Summary

We are asking our stockholders to provide advisory approval of the compensation paid to our "Named Executive Officers," which consist of our "principal executive officer," our "principal financial officer" and our "next three highest paid-executive officers" at the end of our last fiscal year ended March 31, 2015 ("fiscal year 2015"), as described in the "Compensation Discussion and Analysis" ("CD&A") section of this Proxy Statement (beginning on page 15) and the compensation tables and narrative disclosures following the CD&A.

This advisory vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and our compensation philosophy, policies and practices, as described in this Proxy Statement.

Highlights of our Executive Compensation Program

We believe that our executive compensation program:

- Creates stockholder value by aligning executive compensation to business objectives and overall Corporation performance;

- Attracts, retains, and motivates highly-qualified executives by offering market-competitive total compensation packages;

- Balances the focus on short- and longer-term performance objectives through an appropriate mix of short-term cash incentive awards and long-term awards that include equity that vests over a number of years;

Has features designed to further align executive compensation with stockholder interests and mitigate risks, including: (i) cash bonus and equity award, (ii) a prohibition on "short sales" of and trading derivatives of Corporation securities (applicable to all employees), (iii) no minimum guaranteed cash bonus payments, equity grants or base salary increases, (iv) limited perquisites (v) stock ownership and holding requirements; and (vi) compensation recoupment and anti-hedging and anti-pledging policies; and

Has certain features that are widely considered "best practices," including employment agreement change-in-control provisions that only provide cash severance and accelerated vesting of long-term incentive plan performance awards upon a change-in-control termination (i.e., a "double trigger") and do not provide for the payment of any excise tax gross-up amounts.

Fiscal year 2015 was a year of financial progress and our Named Executive Officers, along with all of our employees, took steps to improve the long-term prospects of our business that have positioned the Corporation well for the future. Overall during fiscal year 2015 we achieved 122% of our corporate targets (measured by comparing the Executive Bonus Plan payments based on our performance to the target payout amounts) resulting in an overall improved performance compared to the prior year, with an Adjusted EBITDA increase of nearly 30%. This resulted in payments under our Executive Bonus Plan ("EBP") for all of our Named Executive Officers. Our two year Adjusted EBITDA performance ending March 31, 2015 was above threshold, resulting in performance awards vesting under our 2014/2015 Long Term Incentive Plan ("LTIP").

Consistent with these principles, and as further discussed in the CD&A, we believe the Compensation Committee has designed an executive compensation program that: (i) aligns the compensation of our executives with the interests and concerns of stockholders and our overall business strategy, (ii) is competitive and reasonable as compared to compensation programs adopted by the Corporation's peer group and based on a review of broader public company and industry survey data and (iii) is cost-effective with limited perquisites and other personal benefits.

The Board of Directors recommends a vote "FOR" the say-on-pay proposal, as stated by the following resolution: "RESOLVED, that the Corporation's stockholders approve, on an advisory basis, the compensation of the Named Executive Officers, as disclosed in the Corporation's Proxy Statement for the 2015 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the fiscal year 2015 Summary Compensation Table, and the other related tables and disclosures."

The say-on-pay vote is advisory, and therefore not binding on the Corporation, our Board of Directors or our Compensation Committee. Our Board of Directors and the Compensation Committee value the opinions of our stockholders and will take into account the outcome of this vote in considering future compensation arrangements.

Vote Required

Approval of this proposal requires the affirmative vote of a majority of the shares represented at the Meeting and entitled to vote.

Per-Olof Lööf—Chief Executive Officer

R. James Assaf —Senior Vice President, General Counsel and Secretary

Executive Summary

Overview of our Executive Compensation Program

Fiscal year 2015 was a year of financial progress and our Named Executive Officers, along with all of our employees, took steps to improve the long-term prospects of our business that have positioned the Corporation well for the future. Overall this year we achieved 122% of our corporate targets (measured by comparing the Executive Bonus Plan payments based on our performance to the target payout amounts) resulting in an overall improved performance compared to the prior year, with an Adjusted EBITDA increase of nearly 30%. This resulted in payments under our Executive Bonus Plan (“EBP”) for all of our Named Executive Officers. Our two year Adjusted EBITDA performance ending March 31, 2015 was above threshold, resulting in performance awards vesting under our 2014/2015 Long Term Incentive Plan (“LTIP”).

After reviewing our performance and the corresponding executive compensation awards, the Compensation Committee believes the Corporation’s compensation strategy continues to serve our Corporation and stockholders well. We will continue to rely on a balance of the following compensation and benefit programs to attract and retain executive talent and to ensure a strong connection between executive compensation and financial performance:

• Base salary (fixed compensation);

• Annual bonus incentives (cash bonuses);

• Long-term incentive compensation that, if earned, is paid in the form of cash and restricted stock;

• Limited perquisites and other personal benefits; and

• Broad-based retirement, health and welfare benefits that are available to other employees.

The Compensation Committee (i) determines base salary adjustments (if any) for our executive officers during the third quarter (ending December 31) of the fiscal year, effective January 1. During the first quarter (ending June 30) of the fiscal year, the Compensation Committee (ii) establishes the current year short-term and the two-year long-term performance-based incentive compensation measures and opportunities and (iii) determines whether the performance conditions for recently-completed performance periods have been satisfied. In fiscal year 2015 salary increases for our NEOs were effective January 1, 2015, excluding Mr. Lööf, who received a base salary increase earlier in fiscal year 2015. On April 30, 2014, the Compensation Committee approved an increase of 4.2% to Mr. Lööf’s base salary, effective May 1, 2014. The last few years the Compensation Committee considered changes to the CEO at a different date than the NEOs.

Key Compensation Developments and Pay for Performance Highlights in Fiscal Year 2015

Fiscal Year 2015 Results

Our incentive compensation plans are aligned with our financial performance and worked as intended during our 2015 fiscal year. Our performance showed a marked improvement and with the excellent support we continued to receive from our distributors and customers, as well as through the efforts of our NEOs and other employees, overall we achieved 122% of our corporate targets. When combined with the individual performance component and, for Mr. Meeks, the performance of our Solid

Capacitors business group, this resulted in an overall average payment of 113% of incentive target under our EBP for all of our Named Executive Officers. Our two year Adjusted EBITDA performance period ending March 31, 2015 was above threshold, which resulted in our NEOs earning 51% performance award under our 2014/2015 LTIP. We also entered into a new Incentive Award, Severance and Non-Competition Agreement with Mr. Lowe, pursuant to which we granted Mr. Lowe 275,000 time-vested Restricted Stock Units ("RSUs"), provided him with severance protection in the event his employment is involuntarily terminated and by which Mr. Lowe agreed to be bound by non-competition and non-solicitation restrictive covenants. Similarly, we entered into an Incentive Award and Non-Competition Agreement with Mr. Meeks pursuant to which we granted Mr. Meeks 160,000 time-vested RSUs and by which Mr. Meeks agreed to be bound by non-competition and non-solicitation restrictive covenants. We entered into these agreements and awarded these additional RSUs, and in the case of Mr. Lowe, granted additional severance protections to those currently in place under his Change in Control Severance Compensation Agreement (as described below), to incentivize Messrs. Lowe and Meeks to retain their employment with the Corporation for the next four year period. Further, these special RSU awards provide a powerful incentive for the executives to work to create additional stockholder value that they may realize upon settlement. In addition, the Corporation secured important non-competition and non-solicitation restrictive covenants that are designed to protect the Corporation's interests in the event the executives' employment terminates.

Compensation Program Philosophy and Objectives

The Corporation's executive compensation program focuses on closely aligning compensation paid to its executive officers with the performance of the Corporation on both a short-term and long-term basis and assisting the Corporation in attracting and retaining the necessary talent. With respect to incentive compensation, the Corporation's objective is to tie variable compensation to the achievement of the organization's financial performance. As the Corporation has expanded from a North American based corporation with international sales offices to a multinational corporation with global business groups, the Corporation's compensation philosophy has evolved to attract executives with international experience and the broader skills necessary for the management of a multinational corporation. We have designed the Corporation's compensation program to:

- support the financial objectives of the Corporation;
- attract and retain the talent and skill level needed to grow the Corporation with a focus on an international presence;
- allow flexibility in design and administration to support the ever-changing electronics industry;
- provide an externally competitive compensation structure for positions of similar skill, responsibilities, and geographic location;
- provide a structure that is internally fair and equitable for the skills and knowledge required to perform each individual role; and
- reward executives for performance that is aligned with both the short-term and long-term objectives of the Corporation and with stockholder interests.

What the Compensation Program Is Designed to Reward

The Corporation's compensation program is designed to align compensation with individual, team and organizational performance. The Compensation Committee believes that the total compensation program for executive officers is focused on enhancing corporate performance. In particular, the Compensation Committee feels that providing a portion of compensation in the form of an annual cash bonus based on achieving certain targets reflected in the annual business budget will enhance corporate performance. Individual performance is evaluated, and "pay for performance" governs all base salary increases. The Compensation Committee believes that executives' incentives are aligned with stockholder value creation by tying a significant portion of an executive's compensation to annual and long-term performance measures intended to create long-term stockholder value.

How the Corporation Structures an Executive's Total Compensation

Role of the Compensation Committee, Executive Officers and Compensation Consultants

The Compensation Committee is directly responsible to the Board of Directors and through the Board to the Corporation's stockholders, for developing and administering all compensation programs for the Corporation's executives.

In making its determinations with respect to executive compensation, the Compensation Committee is supported by the Corporation's Vice President and Chief Human Resources Officer. In addition, the Compensation Committee has historically engaged the services of a compensation consultant. In fiscal year 2015, the Compensation Committee retained the services of Pearl Meyer & Partners ("PM&P") to assist with its review of the compensation package of the Chief Executive Officer (the "CEO") and other executives. In addition, PM&P was retained to assist the Compensation Committee with several special projects, including monitoring trends in executive compensation.

The Compensation Committee retains PM&P directly, although in carrying out assignments PM&P also interacts with Corporation management when necessary and appropriate. Specifically, the Vice President and Chief Human Resources Officer interacts with the consultant to provide compensation data. In addition, PM&P may, in its discretion, seek input and feedback from the executives regarding its consulting work product prior to presentation to the Compensation Committee to confirm its alignment with the Corporation's business strategy, determine what additional data may need to be gathered, or identify other issues, if any, prior to presentation to the Compensation Committee. PM&P does not provide any services to the Corporation other than its consulting services to the Compensation Committee related to executive and director compensation.

The Compensation Committee frequently requests the CEO to be present at Compensation Committee meetings where executive compensation and corporate performance are discussed and evaluated. The CEO is free to provide insight, suggestions or recommendations regarding executive compensation if present during these meetings or at other times. However, only independent Compensation Committee members are allowed to vote on decisions made regarding executive compensation.

The Compensation Committee meets with the CEO to discuss his own compensation package, but ultimately, decisions regarding the CEO's compensation are made by the Compensation Committee, meeting in executive session, without the CEO or any other executive officer present, solely based upon the Compensation Committee's deliberations. Decisions regarding other executives who report directly to the CEO are made by the Compensation Committee after considering recommendations from the CEO and Vice President and Chief Human Resources Officer.

Peer Group Analyses

Every two years, or on an as needed basis, the Compensation Committee reviews external market data compiled by PM&P to examine the total cash and incentive compensation components of the compensation package that the Corporation provides to its Named Executive Officers and non-employee directors to determine if such compensation is competitive. The information provided by PM&P is analyzed by the Compensation Committee while reviewing the competitive nature of compensation provided to the Named Executive Officers and non-employee directors.

In making compensation decisions with respect to staff salaries, including the Named Executive Officers, the Compensation Committee maintains a standard pay range structure based on an external market analysis provided by PM&P. Pay ranges are reviewed periodically and adjustments made, as needed and within the financial capabilities of the Corporation and based on market conditions. No adjustments were made in fiscal year 2015.

Historically, the Compensation Committee has reviewed data provided by PM&P from a variety of peer organizations. No changes to the peer group list from last fiscal year were made. The companies in our peer group are considered peer companies of the Corporation because they either manufacture capacitors or other components, compete in the same market segments or actively recruit each other's employees due to similar skill requirements.

Other Factors

Other factors considered when making individual executive compensation decisions include individual performance, objective performance criteria, responsibilities within the organization, skills required to meet position specifications and the Corporation's need for a flexible and adaptable workforce. We believe that these factors allow us to attract and retain the

executives with the skills needed to manage a multinational corporation. Variable (incentive) compensation rewards may be team or individual performance based. Award criteria are directly tied to the Corporation's business and strategic plan. All compensation components reflect the Corporation's international focus.

Total Compensation

The Compensation Committee's goal is to award compensation that is reasonable and consistent with the Corporation's philosophy and objectives regarding executive compensation when all elements of potential compensation are considered. In making decisions with respect to any element of a Named Executive Officer's compensation, the Compensation Committee considers the total compensation that may be awarded to the officer, including the following principal components, each of which is discussed in more detail below:

• Base salary (fixed compensation);

• Annual bonus incentives, the amount of which is dependent on performance during the fiscal year;

• Long-term incentive compensation, that, if earned, is paid in the form of cash and restricted stock;

• Perquisites and other personal benefits; and

• Broad-based retirement, health and welfare benefits that are available to other employees.

In reviewing each component of compensation and the total reward package, the Compensation Committee uses data provided by its outside advisors to review not only the level of compensation provided by the Corporation and its competition, but also the mix of compensation. The mix of compensation refers to the percentage of compensation which is allocated to each component of compensation. This allows the Compensation Committee another means of assessing the competitiveness and structure of executive compensation and ensures that the philosophies and objectives of the Corporation are being achieved.

Other than base salaries, which are discussed below and benchmarked to the Corporation's peer group, the Compensation Committee does not strive to set aggregate executive compensation opportunities and payments at a specific market position, nor provide a mix of compensation as compared to market data. Rather, the Compensation Committee uses market data to inform decisions regarding levels and the mix of total compensation.

Stockholder Say-on-Pay Vote

At the 2014 Annual Meeting, stockholders had the opportunity to approve, in a non-binding advisory vote, the compensation of the Company's Named Executive Officers. This is referred to as a "say-on-pay" proposal. At the 2014 Annual Meeting, our stockholders overwhelmingly supported the proposal with a favorable vote of 95.8%. The Compensation Committee believes this vote reflects general approval of the Corporation's approach to executive compensation. Based on our stockholders' overwhelming approval of our say-on-pay proposal, the Compensation Committee did not make significant changes in the structure of the Corporation's executive compensation program in response to the 2014 say-on-pay vote. The Compensation Committee will continue to consider the vote results for say-on-pay proposals in future years when making compensation decisions for our Named Executive Officers.

Elements of Compensation, Why the Corporation Chooses to Pay Each Element and the Corporation's Fiscal Year 2015 Practices

I. Base Salary (Fixed Compensation)

The Corporation provides Named Executive Officers with an annual base salary that is designed to provide a base level of compensation that fairly accounts for the external market value, skills and responsibilities of a specific position and that provides our executives with a stable amount of compensation. Each position is compared with similar positions within the Corporation and their market value to arrive at its relative ranking and value within the organization. The Corporation maintains a standard pay range structure based on an external market analysis of benchmark positions. Pay ranges are reviewed annually and adjustments made, as needed and within financial capabilities, based on the market movement of benchmark positions. In fiscal year 2015 the Compensation Committee reviewed the pay ranges and determined that no adjustments were necessary.

Individuals can move upwards through their pay ranges based on individual performance, skill development and/or exhibited competencies needed for the position. Internal performance reviews are performed each year on all employees and are a factor in determining increases in compensation. Base salary may also be adjusted based on external market conditions or for promotions to positions of greater responsibility. Base salary increases are managed in a fiscally responsible manner and are not guaranteed.

Fiscal Year 2015 Base Salary Adjustments

The Compensation Committee made the following adjustments to the Named Executive Officers' base salaries:

Executive	Fiscal	Fiscal	Adjustment \$	Adjustment %	
	Year 2014 Base Salary \$	Year 2015 Base Salary \$			
Per-Olof Lööf – Chief Executive Officer	816,000	850,000	34,000	4.2	%
William M. Lowe, Jr. – Executive Vice President and Chief Financial Officer	505,000	530,000	25,000	5.0	%
Charles C. Meeks, Jr. – Executive Vice President, Solid Capacitor Business Group	345,000	400,000	55,000	15.9	%
Philip M. Lessner – Senior Vice President and Chief Technology Officer	293,000	310,000	17,000	5.8	%
R. James Assaf – Senior Vice President, General Counsel and Secretary	285,000	295,000	10,000	3.5	%

When determining the appropriate adjustments the Compensation Committee also considered the following:

Based on the Compensation Committee's evaluation of his experience, performance and the market data last provided by PM&P, as well as the performance of the Corporation overall, Mr. Lööf's base salary was adjusted in fiscal year 2015. The Committee had considered that Mr. Lööf had not received a salary increase in fiscal year 2014.

Mr. Lowe's salary increase of 5%, effective January 1, 2015, was based on the Compensation Committee's evaluation of his experience and performance.

Mr. Meeks' salary increase of 15.9%, effective January 1, 2015, was based on the Compensation Committee's evaluation of his experience and performance, and reflected a full year of increased responsibilities resulting from his May 2013 appointment as Executive Vice President, Solid Capacitor Business Group.

Dr. Lessner's salary increase of 5.8%, effective January 1, 2015, was based on the Compensation Committee's evaluation of his experience and performance.

Mr. Assaf's salary increase of 3.5%, effective January 1, 2015, was based on the Compensation Committee's evaluation of his experience and performance.

II. Annual Bonus Incentives for Named Executive Officers

The Executive Bonus Plan ("EBP") is intended to reward executives based on the Corporation's annual financial performance. The Compensation Committee has established targets, thresholds and maximum opportunities generally consistent with market data. Our Named Executive Officers had the following cash opportunities (and opportunity as a percentage of base salary as of March 31, 2015, which salaries were approved in October of 2014) under the EBP. As shown in the table below, the Compensation Committee provided Mr. Lööf a larger potential annual incentive opportunity relative to his base salary because it believes that, as Chief Executive Officer of the Corporation, a greater portion of his total compensation opportunity should be variable compensation reflective of the Corporation's performance.

The table below shows the performance achievement and payout amounts at threshold, target and maximum for each NEO's fiscal year 2015 EBP as a percentage of base salary.

Executive	Threshold Performance		Target Performance		Maximum Performance	
	(\$)	(%)	(\$)	(%)	(\$)	(%)
Per-Olof Lööf – CEO	425,000	50	850,000	100	1,700,000	200
William M. Lowe, Jr. – EVP and CFO	185,500	35	371,000	70	742,000	140
Charles C. Meeks, Jr. – EVP	140,000	35	280,000	70	560,000	140
Philip M. Lessner – SVP and CTO	93,000	30	186,000	60	372,000	120
R. James Assaf – SVP and General Counsel	88,500	30	177,000	60	354,000	120

For Named Executive Officers, 30% of their 2015 EBP was determined by their individual performance as evaluated by the CEO and approved by the Compensation Committee. The Compensation Committee believes linking a portion of a Named Executive Officer's annual bonus to the achievement of individual performance goals provides an appropriate balance between financial goals and such individual's performance in determining total annual variable compensation.

In addition, 40% of the annual bonus opportunity for Mr. Meeks, who is a business group leader, is based on the achievement of performance goals specifically tailored to his business group. The Compensation Committee believes this mix of company-wide and business group specific performance measures appropriately reflects Mr. Meeks' impact on the business group he manages and the Corporation's overall performance.

Each component of our annual incentive program operates independently of each other; therefore, an executive may become entitled to receive a bonus solely based on the Corporation's performance, individual performance, or in the case of Mr. Meeks, business group performance. Moreover, a portion of the corporate performance component of the annual incentive program may be attained by achievement of the Adjusted EBITDA, free cash flow or revenue performance goals described below.

The table below summarizes the relative weighting of each performance component applicable to the 2015 EBP for each of our NEOs.

Executive	Corporate Performance	Business Group Performance	Individual Performance
Per-Olof Lööf – CEO	70%	N/A	30%
William M. Lowe, Jr. – EVP and CFO	70%	N/A	30%
Charles C. Meeks, Jr. – EVP	30%	40% Solid Capacitor Business Group	30%
Philip M. Lessner – SVP and CTO	70%	N/A	30%
R. James Assaf – SVP and General Counsel	70%	N/A	30%

The Compensation Committee has the right to exercise discretion to reduce the EBP payout to ensure that payouts produce their desired result. The Compensation Committee may not exercise discretion to increase a payout.

Individual performance goals are comprised of both near and longer-term objectives specific to the Named Executive Officer, the fulfillment of which are intended to improve Corporation performance and increase stockholder value. In determining individual performance, the Compensation Committee considers these personal performance goals in the context of the Corporation's performance and determines an appropriate level of payout.

The Compensation Committee established the following performance measures under the EBP for measuring the Corporation's performance in fiscal year 2015 (amounts are in millions, except percentages):

Weighting (%) of Corporate Performance)	Performance Target	Threshold (\$)	Target (\$)	Maximum (\$)	Actual Results (\$)
40%	Adjusted EBITDA	71.7	90.6	108.7	91.7
15%	Free Cash Flow	50.6	63.3	76.0	89.0
15%	Revenue	745.2	828.0	910.8	823.2

For Mr. Meeks, the Compensation Committee established the following performance measures under the EBP for measuring the Corporate and Solid Capacitor Business Group ("SCBG") performance in fiscal year 2015 (amounts are in millions, except percentages):

% of Corporate & Business Group Performance	Performance Target	Threshold (\$)	Target (\$)	Maximum (\$)	Actual Results (\$)
25%	SCBG Adjusted EBITDA	121.5	151.9	182.3	163.7
15%	SCBG Revenue	546.6	607.3	668.0	621.3
15%	Corporate Adjusted EBITDA	71.7	90.6	108.7	91.7
10%	Corporate Free Cash Flow	50.6	63.3	76.0	89.0
5%	Corporate Revenue	745.2	828.0	910.8	823.2

For the fiscal year 2015 EBP, the Compensation Committee selected the corporate and business group performance metrics described above because they reflect the corresponding financial and operating targets in the Corporation's annual business budget for the fiscal year. In order for a minimum bonus payout to occur, the Threshold is set between 80% and 90% of Target. At the time the performance measures were established, the Compensation Committee believed that it would require a high degree of difficulty to reach the Maximum bonus payout which is set at 110% to 120% of the Target.

For purposes of the EBP we define the various performance metrics as follows:

"Adjusted EBITDA" is defined as net income/loss before income tax expense; interest expense, net; and depreciation and amortization; adjusted to exclude the following: write down of long-lived assets; restructuring charges; plant start-up costs; plant shut-down costs; net foreign exchange gain/loss; stock-based compensation expense; net loss on sales and disposals of assets; ERP integration costs; registration related fees; income from discontinued operations; NEC TOKIN investment related expenses; infrastructure tax; goodwill impairment; equity loss from NEC TOKIN; net curtailment and settlement gain on benefit plans; long-term receivable write down; change in value of NEC TOKIN options; inventory write downs; gain on early extinguishment of debt; professional fees related to financing activities and legal expenses related to antitrust class actions.

"Free Cash Flows" is defined as Adjusted Operating Income adjusted for: depreciation and amortization on tangible and intangible assets, the change in working capital (change in inventories, net; accounts receivable, net; and accounts payable), and less capital expenditures. Adjusted Operating Income is defined as operating income adjusted to exclude the following: restructuring charges, plant shut-down costs, plant start-up costs, net loss on sales and disposals of assets, ERP integration costs, stock-based compensation expense, NEC Tokin investment related expenses and legal expenses related to anti-trust.

"Revenue" is defined as net sales in accordance with U.S. GAAP.

"Adjusted Gross Margin" is defined as net sales (in accordance with U.S. GAAP) less cost of sales adjusted to exclude plant start-up costs and stock-based compensation expense.

Within 90 days after completion of the fiscal year, the Compensation Committee reviews the Corporation's performance and determines each participant's bonus award. Payments of awards are paid in one or more cash installments, with the first payment occurring shortly after the Compensation Committee's approval.

Executive Annual Bonus Plan - Fiscal Year 2015 Results

Based on the Corporation's performance, the Named Executive Officer's individual performance and where applicable the Named Executive Officer's business group performance, the Named Executive Officers earned the awards below under the EBP. Achievement was at 122% of the Corporate financial measures and 134% for SCBG. As described earlier, the Compensation Committee agreed with the recommendation of management to pay out the discretionary individual performance component of the EBP in amounts ranging from 80% to 92% of target to better align the EBP's overall payment percentage. The amounts below show the total payout of EBP as a percentage of target, including corporate, business group where applicable, and individual performance.

Executive	Target EBP (\$)	Actual EBP (\$)	Actual EBP as a % of Target (%)	
Per-Olof Lööf – CEO	850,000	944,433	111	%
William M. Lowe, Jr. – EVP and CFO	371,000	413,494	111	%
Charles C. Meeks, Jr. – EVP	280,000	338,161	121	%
Philip M. Lessner – SVP and CTO	186,000	206,323	111	%
R. James Assaf – SVP and General Counsel	177,000	197,953	112	%

III. Long-term Incentives for Named Executive Officers

The Compensation Committee believes the long-term incentive program provides executives with significant additional incentive to promote the long-term financial success of the Corporation and attract and retain talented leadership. The Compensation Committee further believes that by structuring a significant amount of the long-term incentive program to provide our executives with equity based incentives that are subject to our stock ownership guidelines, the long-term plan appropriately aligns their interests with our stockholders.

LTIP Fiscal 2015/2016 Performance Period

In May 2014, the 2015/2016 LTIP was established which consisted of a performance component and time-based unit award structure. As described further below, the performance based portion of the 2015/2016 LTIP vests based on the Corporation's achievement of a two-year cumulative Adjusted EBITDA target (the "2015/2016 Performance LTIP"). The remaining portion of the LTIP award consists of time-vesting RSUs which vest in three equal annual installments beginning May 2015 (the "2015/2016 Time LTIP").

In general, the total amount payable under the 2015/2016 LTIP measured as a percentage of a participant's base salary increases according to the individual's seniority within our company, such that a larger portion of senior executives' compensation is contingent upon the Corporation's success. In addition, our CEO has a higher maximum 2015/2016 LTIP opportunity in order to provide the opportunity upon the achievement of outstanding results to earn above median total compensation based on market data reviewed by the Compensation Committee. The Compensation Committee believes the performance component of the 2015/2016 LTIP provides executives incentives to achieve key corporate goals, while the time-based unit awards incentivize our executives to retain their employment with the Corporation.

Executives were granted the following 2015/2016 LTIP opportunity:

Executive Title	Percentage of Base Salary - 2015/2016 Performance LTIP			Maximum (%)	Percentage of Base Salary 2015/2016 Time LTIP	
	Minimum (%)	Target (%)				
CEO (Mr. Lööf)	30.0	% 60.0	% 160.0	% (1)	40.0	%
Executive Vice-Presidents (Mr. Lowe and Mr. Meeks)	30.0	% 60.0	% 90.0	%	40.0	%
Senior Vice-Presidents (Dr. Lessner and Mr. Assaf)	22.5	% 45.0	% 67.5	%	30.0	%

(1) If Adjusted EBITDA equals 125% of target Mr. Lööf would receive 120% of his base salary, if Adjusted EBITDA equals 135% of target Mr. Lööf would receive 160% of his base salary.

The 2015/2016 Performance LTIP is earned based on the Corporation's achievement of an Adjusted EBITDA performance goal for the two-year period ending March 31, 2016. The Compensation Committee continues to believe Adjusted EBITDA is an appropriate and effective measure of the Corporation's overall performance. The Threshold level of performance was set at 75% of Target and was, at the time it was established, believed to be an achievable goal. At the time the Compensation Committee determined the Target level of performance, the goal was believed to be aggressive, but obtainable. The Maximum level of performance was set based on 125% of Target and was believed to be realizable, but only with exceptional performance. If any of these performance levels are reached, 50% of the 2015/2016 Performance LTIP is paid in restricted stock units, and 50% is paid in cash. One-half of the restricted stock units vest at the end of the performance period and the other half is settled one year later. Vested restricted stock units are settled in Restricted Shares. The cash portion of the Performance Award is paid at the end of the performance period.

Adjusted EBITDA is calculated under the 2015/2016 LTIP in the same manner as under the EBP.

LTIP - Results for 2014/2015 Period Ended March 31, 2015

The Threshold, Target and Maximum of the Adjusted EBITDA performance goals for the 2014/2015 LTIP are set forth below. As shown, the Corporation's performance over the two-year performance period ending March 31, 2015 was above Threshold and paid at 51% of the Performance LTIP target. Adjusted EBITDA is calculated under the 2014/2015 LTIP in the same manner as under the EBP.

Performance Measure	Threshold (\$)	Target (\$)	Maximum (\$)	Actual Results (\$)
Adjusted EBITDA (in millions)	161.3	215.1	268.9	162.4

Based on the Corporation's performance, the Named Executive Officer's earned the awards below:

Executive	Performance Cash Award	Performance Shares Granted (#)
Per-Olof Lööf – CEO	\$ 124,848	28,700
William M. Lowe, Jr. – EVP and CFO	\$ 77,265	17,762
Charles C. Meeks, Jr. – EVP	\$ 52,785	12,134
Philip M. Lessner – SVP and CTO	\$ 33,622	7,730
R. James Assaf – SVP and General Counsel	\$ 19,508	4,484

IV. Perquisites and Other Personal Benefits

The Corporation believes that setting appropriate levels of base and variable pay are of greater importance to motivating key talent and increasing stockholder return than any package of non-cash perquisites. In fiscal year 2015, Mr. Lööf received reimbursement for home office phone expenses, airline club dues and the annual fee of a credit card used to charge business travel expenses. Mr. Lowe received reimbursement for the annual fee of a credit card used to charge business travel expenses. There were no other significant recurring perquisites granted to any of our Named Executive Officers.

V. Retirement, Health and Welfare Benefits

Executives participate in the same retirement, health and welfare benefits as other employees. Other than the supplemental retirement savings plans described below, no supplemental programs are provided to the Named Executive Officers.

Deferred Compensation Plan for Key Managers

The Named Executive Officers, in addition to certain other U.S.-based eligible executives, are entitled to participate in the Deferred Compensation Plan for Key Managers (the "DCP"). Participants in the DCP can defer up to 75% of their total compensation on a pre-tax basis during any fiscal year. If a participant elects to defer a portion of their compensation, the Corporation will match an amount equal to 100% of the first six percent of compensation that a participant elects to defer. Benefits under the DCP are paid no earlier than at the beginning of the year following the executive's retirement or termination of employment. Named Executive Officers can participate in either the DCP or the Corporation's 401(k) retirement savings plan or

both; however, the aggregate match provided by the Corporation under both plans and the Executive Secured Benefit Plan (described below) cannot exceed six percent of compensation in any given calendar year.

The Compensation Committee believes that the DCP offers its Named Executive Officers an opportunity to save on a tax-advantaged basis for their retirement and helps attract and retain key personnel.

Executive Secured Benefit Plan

On December 21, 2010, the Compensation Committee adopted the KEMET Executive Secured Benefit Plan (the “Secured Benefit Plan”). The Secured Benefit Plan, which became effective January 1, 2011, is an after-tax non-qualified retirement plan for the Named Executive Officers, in addition to certain U.S.-based eligible executives. The Secured Benefit Plan supplements the Corporation’s two existing pre-tax deferred compensation plans—the DCP and the 401(k) retirement savings plan.

The Secured Benefit Plan allows participants to make after-tax contributions that are placed in an institutional life insurance policy that is owned by the participant with investment options in a variety of mutual funds. Each participant may elect to make contributions to the Secured Benefit Plan in an amount not to exceed 50% of his or her base salary plus 50% of his or her EBP incentive compensation; provided, however, the participant’s initial contribution must equal at least \$5,000. There are no minimum contributions in subsequent years. The Corporation will match an amount equal to 100% of the first six percent of compensation that a participant elects to contribute to the Secured Benefit Plan, though this amount is reduced to account for any contributions made to the DCP or 401(k) retirement savings plan. The participant’s contributions to the Secured Benefit Plan are made on an after-tax basis and any Corporation matching contributions are taxable income to the participant for the year in which such contributions are made on behalf of the participant. Each participant is responsible for all federal, state and local taxes on such contributions. In addition, all policy premiums and fees are paid by the participant.

Unlike the DCP or 401(k) retirement savings plan, the Secured Benefit Plan allows participants to withdraw up to 100% of their contributions in the life insurance policy, subject to minor fees, while actively employed or following termination of employment. Upon death, the estate of the participant will receive a death benefit equal to the amount of the original life insurance policy, minus any distributions.

The Compensation Committee believes the Secured Benefit Plan provides participants with an attractive alternative method for retirement planning and helps attract and retain key management personnel.

Individual Agreements with Named Executive Officers

With the exception of our CEO, none of our Named Executive Officers were employed pursuant to employment agreements during fiscal year 2015. The material terms of Mr. Lööf’s employment agreement (the “Lööf Agreement”) are described below in the narrative description to the Summary Compensation Table and the Grants of Plan-Based Awards Table. The Compensation Committee believes that the Lööf Agreement, which secures Mr. Lööf’s employment through June of 2017, provides appropriate continuity through an important phase of the Company’s growth.

Change in Control Severance Compensation Agreements

The Compensation Committee approved and the Corporation entered into Change in Control Severance Compensation Agreements (the “Change in Control Agreements”) with each of its Named Executive Officers that are scheduled to expire on July 27, 2017. The Compensation Committee believes the Change in Control Agreements are in the Corporation’s best interests in order to ensure that in the event of a possible change in control of the Corporation, the stability and continuity of management would continue unimpaired, free of the distractions incident to any such change in control. The material terms of the Change in Control Agreements are set forth in the section titled Potential Payments Upon Termination or Change-in-Control.

Agreements with Messrs. Lowe and Meeks

On December 1, 2014, the Compensation Committee approved and the Corporation entered into an Incentive Award, Severance and Non-Competition Agreement with Mr. Lowe (the “Lowe Agreement”) and an Incentive Award and Non-Competition Agreement with Mr. Meeks (the “Meeks Agreement”).

Pursuant to the Lowe Agreement, we granted Mr. Lowe 275,000 RSUs on December 1, 2014. On the first, second and third anniversaries of the grant date, 25,000 RSUs vest and the remaining 200,000 RSUs vest on the fourth anniversary of the

grant date, in all cases, contingent on Mr. Lowe remaining employed through the applicable vesting date. As discussed in greater detail in the section titled “Potential Payments Upon Termination or Change-in-Control”, all of the RSUs awarded to Mr. Lowe under the Lowe Agreement vest upon his death, disability, termination without cause, resignation for good reason or termination by the Corporation within 24 months following a change in control. Further, the Lowe Agreement provides that Mr. Lowe may receive severance benefits upon his termination without cause or resignation for good reason, as described in the section titled “Potential Payments Upon Termination or Change-in-Control”. Mr. Lowe’s agreement also requires that he abide by non-competition and non-solicitation restrictive covenants (with respect to both employees and customers) for (i) one year after his termination in the event he resigns without good reason or is terminated for cause, or (ii) the severance period (generally 24 months) in the event his employment is terminated without cause or he resigns for good reason.

Similarly, we granted Mr. Meeks 160,000 RSUs on December 1, 2014 pursuant to the Meeks Agreement. On the first, second and third anniversaries of the grant date, 20,000 RSUs vest and the remaining 100,000 RSUs vest on the fourth anniversary of the grant date, in all cases, contingent on Mr. Meeks remaining employed through the applicable vesting date. As discussed in greater detail in the section titled “Potential Payments Upon Termination or Change-in-Control”, all of the RSUs awarded to Mr. Meeks under the Meeks Agreement vest upon his death, disability, termination without cause, resignation for good reason or termination by the Corporation within 24 months following a change in control. Mr. Meeks’ agreement also requires he abide by non-competition and non-solicitation restrictive covenants (with respect to both employees and customers) for one year after his termination of employment with the Corporation, whether by the Corporation or by Mr. Meeks. The Meeks Agreement does not provide Mr. Meeks with any additional severance protections.

As noted above, the Compensation Committee believes it was important to enter into these agreements to incentivize Messrs. Lowe and Meeks to retain their employment with the Corporation for the next four year period and to provide a powerful incentive for the executives to work to create additional stockholder value that they may realize upon settlement. In addition, the Corporation secured important non-competition and non-solicitation restrictive covenants that are designed to protect the Corporation’s interests in the event the executives’ employment terminates.

Tax and Accounting Implications

Section 162(m) of the Code prohibits the Corporation from recording a federal income tax deduction for compensation paid in any year to its CEO and each other Named Executive Officer whose compensation is reported in the Summary Compensation Table for such year by reason of being among the three most highly compensated officers for that year, other than the Chief Financial Officer, in excess of \$1 million, but does not subject performance-based compensation to this limit.

The Compensation Committee continues to emphasize performance-based compensation for executives and thus minimize the effect of Section 162(m). However, the Compensation Committee believes that its primary responsibility is to provide a compensation program that attracts, retains, and rewards the executive talent necessary for the Corporation’s success. Consequently, in any year the Compensation Committee may authorize nonperformance-based compensation in excess of \$1 million. The Compensation Committee recognizes that the loss of the tax deduction may be unavoidable under these circumstances.

Stock Ownership Guidelines

To directly align the interests of the Named Executive Officers with the interests of the stockholders, the Compensation Committee established guidelines stipulating that each Named Executive Officer should maintain a minimum ownership interest in the Corporation. The amount to be retained varies depending upon the Named Executive Officer’s position. Mr. Löff has a target to own and retain a minimum number of shares totaling in value five times his annual base salary, Mr. Lowe and Mr. Meeks each has a target to own and retain a minimum number of shares totaling in value no less than three times his annual base salary; and Dr. Lessner and Mr. Assaf each has a target to own and retain a minimum number of shares totaling in value no less than two times his annual base salary. The time period during which such minimum number of shares is to be acquired and retained was initially targeted five years from the later of (i) April 1, 2006 or (ii) the year in which such executive officer was hired or promoted to executive officer status. Because of our historical limited use of equity in our long-term incentive plans, and based upon the current trading price of our Common Stock, of our Named Executive Officers, only Mr. Lowe has achieved

his targeted share ownership. Until these targets are achieved, these executives may not sell any Restricted Shares acquired through grant from the Corporation. As persons with access to material non-public information regarding the Corporation, our Named Executive Officers, like all of our employees and directors, are restricted in their ability to trade our securities in accordance with applicable law and the guidelines contained in our Code of Conduct.

Stock Holding Requirements

Any profit shares, defined as net shares after paying taxes, must be held until the grantee's targets under the Corporation's stock ownership guidelines are met. The Compensation Committee determined that requiring Named Executive Officers to hold all Restricted Shares and other performance-based equity awards until their employment terminates does not provide individuals with an opportunity to benefit from performance-based equity grants and that the stock ownership guidelines were appropriate for ensuring Named Executive Officers hold an appropriate level of shares of the Corporation's common stock.

Management of Executive Compensation-Related Risk

The Corporation's executive compensation program is designed to create incentives for its executives to achieve its annual and longer-term business objectives. The Compensation Committee considers how the individual elements of executive compensation and the executive compensation program as a whole could potentially encourage executives, either individually or as a group, to make excessively risky business decisions at the expense of long-term stockholder value. In order to address this potential risk, the Compensation Committee annually reviews the risk characteristics of the Corporation's executive compensation programs and considers methods for mitigating such risk. The Compensation Committee considers the following characteristics of the Corporation's executive compensation program as factors that help mitigate risk:

- The Compensation Committee has the authority to reduce long-term incentive plan awards or pay no award at all. Significant amounts of long-term incentive awards have been performance-based, which aligns compensation with stockholder value.

- Overall compensation is balanced between fixed and variable pay and variable pay is linked both to annual performance and performance over multi-year periods.

- Named Executive Officers have received time-vesting RSU awards designed to promote long-term retention, to mitigate inappropriate short-term risk taking, and to help align management and stockholder interests.

- Performance goals for both annual and long-term incentive arrangements are not unduly aggressive.

- A consistent compensation philosophy is applied year-over-year and does not change significantly with short-term changes in business conditions.

- Open dialogue exists among management, outside advisors, the Compensation Committee and the Board regarding executive compensation practices and policies and the appropriate incentives to use in achieving short-term and long-term performance targets.

- The Corporation has implemented a compensation recovery policy designed to prevent covered executives from receiving compensation based on materially inaccurate financial performance measures.

- All Named Executive Officers are subject to stock ownership and stock holding requirements designed to ensure their interests are aligned with the long-term interests of our stockholders.

- We have adopted anti-hedging and anti-pledging policies that prohibit covered persons, including our NEOs, from holding securities in a margin account, pledging securities as collateral for a loan or entering into hedging or monetization transactions. The policy prohibiting pledging relates to all shares acquired in any manner after the date of the adoption of the policy and all shares acquired pursuant to any equity compensation arrangement regardless of when acquired. The anti-hedging policy applies to any shares held by covered persons regardless of when or how they are acquired.

Employment Agreements and Other Individual Agreements with Named Executive Officers

Lööf Agreement

Mr. Lööf, our CEO, is employed pursuant to the Lööf Agreement. The Board believes that the Lööf Agreement benefits the Corporation by providing continuity for the Corporation's senior executive and setting up a timetable for orderly succession planning. Key terms of the Lööf Agreement are as follows:

• The Lööf Agreement, as amended, has a term of April 1, 2010 through June 30, 2017.

• Salary of \$770,000 subject to increases at the discretion of the Board.

Mr. Lööf is eligible to participate in the Corporation's health and insurance coverage plan, existing short-term incentive compensation program, long-term incentive compensation program, and the Corporation's deferred compensation plans (described below), in each case as such plans are generally available to other executive officers of the Corporation.

Subject to his continued employment as CEO through April 1, 2016, Mr. Lööf will be entitled to participate in a special 15-month long-term incentive compensation program ("Special LTIP") covering the final 15 months of the Lööf Agreement term. The Special LTIP is similar to the Corporation's LTIP described above and available to other Named Executive Officers, but it is prorated to reflect a 15-month period. While participating in the Special LTIP Mr. Lööf will not be eligible for any other long-term incentive compensation awards.

• Pursuant to an amendment to the Lööf Agreement, a grant of 50,000 Restricted Shares that will cliff vest on June 30, 2017, provided Mr. Lööf remains in the continuous employment with the Corporation through that date.

• The Lööf Agreement will terminate (i) immediately upon Mr. Lööf's resignation, death or disability or (ii) upon notice of termination by the Corporation at any time, with or without "cause" (as defined in the Lööf Agreement).

Mr. Lööf will be entitled to certain severance payments upon his termination of employment without cause or upon his resignation for "good reason" (as defined in the Lööf Agreement) including a termination without cause or resignation for good reason in connection with a change in control. Please refer to the section titled "Potential Payments upon Termination or Change-in-Control" for a description of these payments.

If Mr. Lööf is terminated by the Corporation for cause or if Mr. Lööf resigns (other than for "good reason"), he will be entitled to receive only his base salary through the date of termination or resignation and will not be entitled to receive any other salary, compensation or benefits from the Corporation or its subsidiaries, except as otherwise specifically provided for under the Corporation's employee benefit plans or as otherwise expressly required by applicable law.

In the event of Mr. Lööf's disability or death, Mr. Lööf or his heirs, as applicable, will be entitled to receive only his base salary through the date of such an event and any annual bonus for a completed fiscal year that has not yet been paid.

• The Lööf Agreement contains a standard confidentiality provision as well as non-competition and non-solicitation agreements for the term of Mr. Lööf's employment and for a minimum of twelve months after any termination thereof.

Other Agreements with Named Executive Officers

The Corporation has entered into Change in Control Severance Compensation Agreements with each of its Named Executive Officers. Please refer to the section titled "Potential Payments upon Termination or Change-in-Control" for information concerning these agreements.

The Corporation has also entered into the Lowe Agreement with Mr. Lowe and the Meeks Agreement with Mr. Meeks. Please refer to the Compensation Discussion and Analysis and the section titled "Potential Payments upon Termination or Change-in-Control" for information concerning these agreements.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The Corporation has entered into Change in Control Severance Compensation Agreements (the "Change in Control Agreements") with each of its Named Executive Officers to ensure that in the event of a possible change in control of the Corporation, the stability and continuity of management would continue unimpaired, free of the distractions incident to any such change in control. Absent a "change in control" (as defined below), the Change in Control Agreements will expire on July 27, 2017. In the event a change in control occurs prior to July 27, 2017, the Change in Control Agreements will expire on the two year anniversary of the change in control. In addition, the Change in Control Agreements will automatically terminate upon the occurrence of any of the following events:

- The Named Executive Officer's death or termination due to disability;
 - The Named Executive Officer's attainment of his "retirement date" (age 70 ½ or the date the executive has informed the Corporation he intends to retire after age 55 but before age 70 ½), or
 - The determination by the Board that the Named Executive Officer is no longer eligible to receive the benefits provided under the Change in Control Agreement, provided such determination is made prior to a change in control.
- Under the Change in Control Agreements, in the event their employment with the Corporation is terminated under certain circumstances following a change in control, the Named Executive Officers are entitled to severance benefits and accelerated vesting of performance awards. The Change in Control Agreements do not provide for a "gross-up" for any excise tax imposed by operation of Code Section 4999 on amounts that constitute "excess parachute payments" under Code Section 280G. However, a Named Executive Officer's payment under his Change in Control Agreement may be reduced to an amount such that it does not constitute an excess parachute payment under Code Section 280G, if such reduction would result in the NEO receiving a greater after-tax payment. If the NEO would receive a greater after-tax payment absent a reduction and payment of applicable taxes, including excise taxes, no reduction will be made.

Under the Change in Control Agreements, a "change in control" is deemed to have occurred in the event of certain significant changes to the ownership of the Corporation, including when:

- (1) the percentage of ownership by an acquiring entity or group equals or exceeds 25% of the (a) then outstanding shares of Common Stock of the Corporation, or (b) combined voting power of the then outstanding voting securities of the Corporation entitled to vote generally in the election of the Corporation's directors,
- (2) a replacement of the majority of the incumbent members of the Corporation's Board, or

(3) a reorganization, merger or consolidation or sale of assets, unless following such event (a) beneficial stockholders prior to the event own more than 50% of the outstanding shares of common stock and voting power of outstanding securities entitled to vote generally in the election of the Corporation's directors, (b) no person owns 25% or more of the outstanding shares of common stock or the combined voting power of the then outstanding voting securities, and (c) at least a majority of the incumbent members of the Board continue to serve on the Board following the transaction.

(Note: the exercise by K Equity of its warrant, see "Security Ownership" table footnote 19 on page 13, will not, by itself, constitute a "change in control.")

Our Named Executive Officers will receive severance benefits under the Change in Control Agreements if they are terminated without "cause" or if they resign for "good reason" following the change in control. The Change in Control Agreements define "good reason" as the occurrence of any of the following events:

The assignment of any duties inconsistent with the Named Executive Officer's position, duties, responsibilities and status with the Corporation, or any removal of the Named Executive Officer from, or any failure to reelect to, any such position;

A reduction by the Corporation in the Named Executive Officer's base salary;

The failure of the Corporation to continue in effect any compensation, welfare or benefit plan in which the Executive is participating at the time of a change in control, without substituting or providing a substantially similar benefit at substantially the same cost;

Any purported termination for "cause" or "disability" (as defined in the Change in Control Agreements) without grounds; and/or

The relocation of the Named Executive Officer's primary work location to a location that is more than 20 miles from the current work location.

"Cause," as defined in the Change in Control Agreements, means (i) the willful and continued failure by the Named Executive Officer for a significant period of time substantially to perform his duties with the Corporation (other than any such failure resulting from his disability), after a demand for substantial performance is delivered to the Named Executive Officer in writing by the Board or its designee which specifically identifies the manner in which the Board or its designee believes that the Named Executive Officer has not substantially performed his duties, or (ii) the willful engaging by the Named Executive Officer in gross misconduct materially and demonstrably injurious to the Corporation. No act, or failure to act, on the Named Executive Officer's part shall be considered "willful" unless done, or omitted to be done, by the Named Executive Officer, not in good faith and without reasonable belief that his action or omission was in the best interest of the Corporation.

Pursuant to the Change in Control Agreements, each Named Executive Officer is entitled to receive an amount equal to twenty-four times the sum of (a) monthly base salary and (b) the monthly amount of the annual target incentive bonus due each executive following a qualifying termination after a change in control. In addition, under the Change in Control Agreements, the Corporation must:

Maintain all life insurance, medical plans and programs in which the Named Executive Officers participate for 18 months following the date of the qualifying termination or until such time as the executive first becomes eligible for the same type of coverage under another employer's plan, whichever is earlier;

Pay all reasonable legal fees and expenses incurred by each Named Executive Officer as a result of his resignation for good reason; and

Pay the costs of reasonable outplacement services, up to a maximum of \$15,000, until the Named Executive Officer is employed on a full-time basis.

The Named Executive Officers are not entitled to the benefits described above if their termination is for cause, they resign without good reason, or they die, become disabled or retire.

Additionally, the Change in Control Agreements provide for accelerated vesting of LTIP awards to the next whole year following a qualifying termination after a change in control. The LTIP awards are payable in an amount equal to the greater of: (1)

the actual performance of the Corporation through the date of the change in control compared to the plan target, up to the maximum amount payable under the plan or (2) the target amount payable under the plan for such period. The actual amount paid for such LTIP awards, will be pro-rated for each outstanding LTIP award, based on the number of fiscal years from the grant date through the fiscal year in which the change in control occurs divided by the total number of fiscal years in the performance period.

Mr. Löff's Agreement also entitles him to certain severance payments upon his termination without "cause" or his resignation for "good reason" (collectively, a "qualifying termination" please refer below for a definition of such terms). Upon Mr. Löff's qualifying termination prior to December 31, 2014, he will be entitled to severance payments equal to his base salary from the date of termination to the earlier of June 30, 2015 or two years from his termination date. On or after January 1, 2015, but prior to December 31, 2016, Mr. Löff will be entitled to severance upon a qualifying termination equal to his base salary and benefits for a 90-day notice period and 90 days following his termination date. On or after January 1, 2017 but prior to March 31, 2017 such severance payments upon a qualifying termination will be equal to Mr. Löff's base salary and benefits from his termination date to March 31, 2017. On or after April 1, 2017, Mr. Löff will be entitled to severance payments upon a qualifying termination equal to his base salary from his termination date to June 30, 2017. However, if Mr. Löff resigns for good reason on or before June 30, 2015, his severance payments will be increased to include his target bonus under the Corporation's short-term incentive program during the severance period.

The definition of "cause" under Mr. Löff's Agreement is substantially similar to the definition found in the Change in Control Agreements. Mr. Löff's Agreement defines "good reason" as (i) the assignment of duties inconsistent with Mr. Löff's position or a change in Mr. Löff's title or offices or his removal or failure to maintain Mr. Löff in any employment conditions (except due to a termination for cause, death, disability or Mr. Löff's attainment of retirement age), and (ii) a material reduction of Mr. Löff's base salary, other than a reduction reflecting a material reduction in the size or complexity of the Corporation's business.

Mr. Löff's Agreement also provides that if he becomes entitled to payments under both his Agreement and his Change in Control Agreement, he is entitled to the greater of the two payments, but may not receive payment under both agreements.

The table below describes the compensation and benefits payable to each of our Named Executive Officers in the following circumstances:

- termination without cause or for good reason in the absence of a change of control;
- termination without cause or for good reason in connection with a change of control;
- voluntary resignation;
- death; or
- disability.

Both the Lowe Agreement and the Meeks Agreement provide that Messrs. Lowe and Meeks will become vested in the RSUs granted to them under their respective agreements upon their death disability, termination without cause, resignation for good reason or termination by the Corporation within 24 months following a change in control. Both agreements define "cause" and "change in control" substantially similar to the Change in Control Agreements and define "good reason" like the Change in Control Agreements but only with respect to assignment of inconsistent duties or a reduction in base salary.

The Lowe Agreement also provides that Mr. Lowe will receive severance compensation in the event his employment is terminated without cause or he resigns for good reason in the form of 24 monthly payments, each equal to one-twelfth of the sum of (i) Mr. Lowe's annual base salary, plus (ii) his target annual bonus. The severance compensation is contingent upon Mr. Lowe's executing a general release of claims in favor of the Corporation. The amounts shown below assume that termination of employment or a change in control occurred as of March 31, 2015, and estimate certain amounts which would be paid to our Named Executive Officers upon the specified event. Due to the number of factors that affect the nature and amounts of compensation and benefits provided upon the events discussed below, the actual amounts estimated to be paid or distributed may be different. A factor that could affect these amounts is the financial performance of the Corporation through the date of any such event.

The table quantifies and the accompanying footnotes describe the compensation and benefits that are paid in addition to compensation and benefits generally available to salaried employees. Examples of compensation and benefits generally available to salaried employees, and thus not included below, are distributions under the Corporation's 401(k) retirement savings plan, accrued vacation pay, and vested equity.

Pursuant to the accelerated vesting provision of the Change in Control Severance Agreements, these amounts shown include (a) the target payout under the Performance component of the 2014/2015 LTIP grant date of May (2) 13, 2013, (b) 50% of the target payout under the Performance component of the 2015/2016 LTIP grant May 12, 2014, and (c) unvested RSUs, calculated based on the closing price of the Corporation's Common Stock on March 31, 2015.

These amounts include the benefit payable pursuant to the Change in Control Severance Agreements, which is (a) twenty four multiplied by the sum of (i) the NEO's monthly base salary plus (ii) the monthly value of the NEO's target annual bonus (Mr. Lööf—100% of base salary, Mr. Lowe and Mr. Meeks—70% of base salary, Dr. Lessner and (3) Mr. Assaf — 60% of base salary), (b) accelerated LTIP (as described above) (c) eighteen months of COBRA premium, and (d) reasonable outplacement services. As described above, the Corporation does not pay any Code Section 280G "gross-up" payments.

This benefit is payable pursuant to historical practice of the Corporation and is equal to two months of salary. The (4) intention is to provide the family with income while the life insurance application process is taking place.

Pursuant to the accelerated vesting provision of Mr. Lowe's and Mr. Meek's Agreements these amounts shown (5) include unvested RSUs, calculated based on the closing price of the Corporation's Common Stock on March 31, 2015.

The amount shown includes \$1,138,500 payable to Mr. Lowe pursuant to the accelerated vesting provision of Mr. (6) Lowe's Agreement, calculated based on the closing price of the Corporation's Common Stock on March 31, 2015, which amount is also payable if Mr. Lowe is terminated by the Company within 24 months after a change in control.

The amount shown includes \$662,400 payable to Mr. Meeks pursuant to the accelerated vesting provision of Mr. (7) Meek's Agreement, calculated based on the closing price of the Corporation's Common Stock on March 31, 2015, which amount is also payable if Mr. Lowe is terminated by the Company within 24 months after a change in control.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees the Corporation's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the internal controls over financial reporting. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Audit Committee also reviewed with the independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of audited financial statements with U.S. generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Corporation's accounting principles and such other matters as are required to be discussed with the Audit Committee under standards of the Public Company Accounting Oversight Board (United States). The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by the statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board ("PCAOB") in Rule 3200T. The Audit Committee has received from the independent registered public accounting firm the written disclosures and the letter required by the PCAOB's Ethics and Independence Rule 3526, Communication with Audit Committees Concerning Independence, and has discussed with the independent registered public accounting firm their independence from the Corporation. The Audit Committee also has considered whether the provision of non-audit services to the Corporation is compatible with the independent registered public accounting firm's independence.

For the fiscal year ended March 31, 2015 audit, the Audit Committee discussed with the Corporation's independent registered public accounting firm the overall scope and plans for their audit. The Audit Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their audit, their evaluation of the Corporation's internal control over financial reporting and the overall quality of the Corporation's financial reporting.

Based upon the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements for the fiscal year ended March 31, 2015 be included in the Annual Report on Form 10-K for the fiscal year ended March 31, 2015 for filing with the SEC.
