**PROXY STATEMENT
FOR
2003 ANNUAL MEETING OF STOCKHOLDERS
JUNE 23, 2003**

The enclosed proxy is solicited on behalf of SCM Microsystems, Inc. for use at our 2003 Annual Meeting of Stockholders to be held on Monday, June 23, 2003, at 10:00 a.m., local time, at SCM corporate headquarters, 466 Kato Terrace, Fremont, California 94539, or any adjournment(s) or postponement(s) thereof, for the purposes set forth herein and in the accompanying notice of 2003 Annual Meeting of Stockholders.

These proxy solicitation materials will be mailed on or about May 5, 2003 to all stockholders entitled to vote at the Annual Meeting.

INFORMATION CONCERNING SOLICITATION AND VOTING

Record Date

Our Board of Directors has fixed the close of business on April 24, 2003 as the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting or any adjournment(s) or postponement(s) thereof.

Shares Outstanding

As of April 14, 2003, we had issued and outstanding 15,694,723 shares of Common Stock, par value \$0.001 per share. For information regarding holders of more than 5% of the outstanding Common Stock, see Securities Ownership of Certain Beneficial Owners and Management.

Voting Rights

Each stockholder of record on the Record Date will be entitled to one vote per share of common stock held on the Record Date on all matters submitted for consideration of, and to be voted upon by, the stockholders at the Annual Meeting. With respect to the election of directors, each stockholder will be entitled to vote for two nominees to our Board of Directors, and the two nominees with the greatest number of votes will be elected to the Board of Directors. No stockholder will be entitled to cumulate votes at the Annual Meeting for the election of any members of our Board of Directors.

Voting Procedures

The required quorum for the transaction of business at the Annual Meeting is one-third of the shares of our Common Stock issued and outstanding on the Record Date. Shares voted FOR, AGAINST or WITHHELD from a matter voted upon by the stockholders at the Annual Meeting will be treated as being present at the Annual Meeting for purposes of establishing a quorum for the transaction of business, and will also be treated as shares represented and voting at the Annual Meeting (the Votes Cast) with respect to any such matter.

While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, we believe that abstentions should be counted for purposes of determining both (i) the presence or absence of the quorum for the transaction of business, and (ii) the total number of Votes Cast with respect to a proposal. Accordingly, abstentions will have the same effect as a vote against a proposal submitted for consideration of the stockholders at the Annual Meeting. Broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business at the Annual Meeting, but will not be counted for purposes of determining the number of Votes Cast with respect to a proposal.

Solicitation of Proxies

The cost of soliciting any proxies will be borne by the Company. We have retained Innisfree M&A Incorporated, a proxy solicitation firm, to assist with solicitation at customary rates (approximately \$10,000), plus reimbursement for out-of-pocket expenses. In addition, we may reimburse brokerage firms and other persons representing the beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners. Solicitation of proxies by mail may be supplemented by telephone, telegram, facsimile or personal solicitation by our directors, officers or regular employees without additional compensation.

Revocability of Proxies

The enclosed proxy is revocable by the person or institution delivering such proxy at any time before it is voted at the Annual Meeting either by delivering to us a written notice of revocation or a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person. If a person or institution that has executed and returned a proxy is present in person at the Annual Meeting and wishes to vote thereat, such person or institution may elect to do so and thereby suspend the power of the proxy holders to vote the proxy previously delivered by such person or institution. Attendance at the Annual Meeting, however, will not by itself revoke a proxy previously delivered to us.

Stockholder Proposals for 2004 Annual Meeting of Stockholders

Proposals of our stockholders which are intended to be presented by such stockholders at our 2004 Annual Meeting must be received by us no later than December 31, 2003 in order to be considered for inclusion in the proxy statement and form of proxy relating to that meeting.

MATTERS RELATING TO THE BOARD OF DIRECTORS

Board Meetings

Our Board of Directors held a total of 12 meetings during the year ended December 31, 2002. During 2002, none of the current directors attended fewer than 75% of the total number of meetings of the Board of Directors held during the period for which he served as a director and the total number of meetings held by the committees of the Board of Directors on which he served during the period for which he served as a director, except for Mr. Larsen, who attended less than 75% of Audit Committee meetings held. Our Board of Directors has an Audit Committee and a Compensation Committee.

Board Committees

In accordance with a written charter approved by the Board of Directors, the Audit Committee assists the Board of Directors in fulfilling its responsibility for oversight of the quality and integrity of SCM's financial reporting processes, system of internal control, process for monitoring compliance with laws and regulations, audit process and standards of business conduct. The Board of Directors adopted a revised written charter in April 2003, which is attached to this proxy statement as Annex A. The Audit Committee is currently comprised of Messrs. Larsen, Ng and Vought. The Board of Directors has determined that Mr. Vought is an audit committee financial expert, as such term is defined under applicable federal securities laws. Each member of the Audit Committee, including Mr. Vought, is independent as defined under the National Association of Securities Dealers' listing standards. Our Audit Committee held seven meetings in 2002.

The Compensation Committee reviews and makes recommendations to the Board of Directors regarding our compensation policies and the compensation to be provided to the executive officers and directors of SCM. The Compensation Committee is currently comprised of Messrs. Turner and Vought. The Compensation Committee held two meetings during 2002.

We do not have a standing nominating committee. Nominations for the election of directors at the Annual Meeting, therefore, are made by our Board of Directors.

Advisory Board

Beginning in 2003, SCM created an Advisory Board to provide feedback regarding new and existing products, marketing issues and a variety of other issues. The Advisory Board currently consists of five members, one of which is an employee of SCM, two of which are members of our Board of Directors and two of which are neither employees nor directors. The members of our Board of Directors who serve on the Advisory Board do so in their capacity as members of our Board of Directors. These directors help oversee and direct the Advisory Board and help communicate the Advisory Board's conclusions and recommendations to our Board of Directors. The Advisory Board operates at the discretion of the Chairman of the Board of Directors. Each non-employee Advisory Board member who is not a member of the Board of Directors receives an annual fee of \$5,000, as well as \$1,000 per Advisory Board meeting attended and reimbursement of travel expenses for such meetings. At the discretion of the Chairman of the Board, the annual fee may be raised to \$10,000. Members of SCM's Advisory Board who are not members of the Board of Directors receive

Table of Contents

an initial stock option grant of 10,000 shares and receive additional annual grants thereafter of 5,000 shares on the date of each Annual Meeting of Stockholders. All such grants are made under SCM's 1997 Stock Option Plan and the terms for such grants are the same as for the director grants described under "Director Compensation" below.

Director Compensation

Each non-employee member of SCM's Board of Directors receives an annual fee of \$10,000, except for the chairman, who received a fee of \$30,000 in fiscal 2002, and beginning in 2003 will receive an annual fee of \$20,000. In addition, each non-employee director receives \$1,000 for each board meeting attended in person for his services as director, as well as reimbursement of travel expenses associated with such board meetings. The Advisory Board members who are directors receive such payments in their capacity as members of the Board of Directors. Beginning in 2003, each non-employee member of SCM's Compensation Committee, any other committee that may be formed with the exception of the Audit Committee, or the Advisory Board described above, receives an annual fee of \$2,000 for such participation, with the exception of the Chairman of each committee, who receives an annual fee of \$4,000. Beginning in 2003, each member of SCM's Audit Committee receives an annual fee of \$5,000 for participation on the committee, with the exception of the Chairman of the committee, who receives an annual fee of \$10,000. All Audit Committee members also receive reimbursement for travel expenses associated with Audit Committee meetings. SCM also paid Mr. Vought approximately \$16,000 in 2002, in his capacity as a director, to help direct and manage efforts to sell the Dazzle division.

A total of 70,000 shares of Common Stock have been reserved for issuance under SCM's 1997 Director Option Plan ("The Director Plan"). The Director Plan provides that an annual increase will be made in the number of our Common Stock shares reserved for issuance thereunder on each anniversary date of adoption of the Director Plan, in amounts equal to the number of shares underlying the options granted in the immediately preceding year or a lesser amount, as determined by the Board. Each non-employee director was granted an initial option to purchase 5,000 shares of Common Stock upon the effective date of the Director Plan. Each person who becomes or became a non-employee director after that date has been granted or will automatically be granted an initial option to purchase 10,000 shares of Common Stock. In addition, each non-employee director has been granted and will automatically be granted an annual option to purchase an additional 5,000 shares of Common Stock under the Director Plan on the date of each Annual Meeting of Stockholders, unless such director has not been serving as a director for at least six months. All such options have an exercise price equal to the fair market value of the Common Stock at the date of grant, have a term of ten years and vest monthly over one year from the date of grant. Options granted under the Director Plan are not transferable unless approved by the Board of Directors. SCM's Director Plan will terminate in 2007.

Compensation Committee Interlocks and Insider Participation

No interlocking relationship exists between SCM's Board of Directors or Compensation Committee and the board of directors or compensation committee of any other publicly traded company, nor has any such interlocking relationship existed in the past.

Report of the Compensation Committee of the Board of Directors on Executive Compensation

The Compensation Committee reviews and makes recommendations to the Board of Directors regarding our compensation policies and the compensation to be provided to the executive officers and directors of SCM. The following is the report of the Compensation Committee describing the compensation policies applicable to the compensation of our executive officers for their services to SCM during 2002.

Compensation Philosophy. Our philosophy in setting our compensation policies for executive officers is to maximize stockholder value over time. The primary goal of our executive compensation program is

Table of Contents

therefore to closely align the interests of the executive officers with those of our stockholders. To achieve this goal, we attempt to:

offer compensation opportunities that attract and retain executives whose abilities are critical to our long-term success, motivate individuals to perform at their highest level and reward outstanding achievement;

maintain a portion of the executive total compensation at risk, with payment of that portion tied to achievement of financial, organizational and management performance goals; and

encourage executives to manage from the perspective of owners with an equity stake in SCM.

The Compensation Committee currently uses salary, incentive bonuses and stock options to meet these goals.

Base Salary. The base salary component of total compensation is primarily designed to attract, motivate, reward and retain highly skilled executives and to compensate executives competitively within the industry and the marketplace. The Compensation Committee reviewed and approved fiscal 2002 base salaries for the Chief Executive Officer and other executive officers at the end of fiscal 2001. In establishing base salaries of executive officers, the Compensation Committee evaluates each executive's salary history, scope of responsibility, prior experience, past performance for us and recommendations from management. The Compensation Committee also takes into account the salaries for similar positions at comparable companies in our industry, based on each individual Committee member's industry experience. In reviewing and setting base salaries for executive officers, the Compensation Committee focused on each executive's historical salary level, which in most instances was based upon the date on which the executive was hired by us, the executive's prior performance with us and expected contribution to our future success. In making its salary decisions, the Compensation Committee exercised its discretion and judgment based upon these factors. No specific formula was applied to determine the weight of each factor.

Incentive Bonuses. Each executive officer's annual bonus is based on qualitative and quantitative factors and is intended to motivate and reward executive officers by directly linking the amount of the bonus to performance targets. In addition, incentive bonuses for executive officers are intended to reflect the Compensation Committee's belief that the compensation of each executive officer should be contingent upon our overall performance. To carry out this philosophy, our Board of Directors reviews and approves the financial goals for the fiscal year. The Compensation Committee evaluates our overall performance and approves performance bonuses based on the extent to which the goals of the Board of Directors have been achieved.

Equity Incentives. The Compensation Committee views stock option grants as an important component of its long-term, performance-based compensation philosophy. The Company provides long-term incentives to its Chief Executive Officer and its other executive officers through its 1997 Stock Plan (the "1997 Plan"). The purpose of the 1997 Plan is to attract and retain the best employee talent available and to create a direct link between compensation and our long-term performance. The Compensation Committee believes that stock options directly motivate its executive officers to maximize long-term stockholder value. The options also utilize vesting periods that encourage key executives to continue in our employ. All options granted to executive officers to date have been granted at the fair market value of our common stock on the date of grant. The Board of Directors considers the grant of each option subjectively, considering factors such as the individual performance of the executive officer and the anticipated contribution of the executive officer to the attainment of our long-term strategic performance goals. During 2002, SCM did not grant any options or similar equity awards to its executive officers.

CEO Compensation. The compensation of Mr. Schneider, our Chief Executive Officer, consists of base salary, an annual bonus and stock options. The Board of Directors periodically reviews the CEO's base salary and bonus and revises his compensation based on the Board's overall evaluation of his performance toward the achievement of the Company's financial, strategic and other goals, with consideration given to his length of service and to comparative chief executive officer compensation information. The Compensation Committee believes that the Company's success is dependent in part upon the efforts of its Chief Executive Officer.

Table of Contents

During fiscal 2002, the Compensation Committee maintained Mr. Schneider's base salary at \$236,000, which was the equivalent of \$210,000 based on exchange rates at the end of 2001. The committee also awarded Mr. Schneider an incentive bonus of \$84,000, which was the equivalent of \$75,000 based on exchange rates at the end of 2001, based on SCM's financial and operational performance during 2002. (Please see footnote 2 to the table included in Executive Compensation Summary of Executive Compensation for more information regarding Mr. Schneider's salary and bonus.) During fiscal 2002, SCM did not grant any options or similar equity awards to Mr. Schneider.

each person who is known by us to be the beneficial owner of more than 5% of our outstanding common stock;

Except as otherwise indicated, and subject to applicable community property laws, the persons named in this table have sole voting and investment power with respect to all shares held by them. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock subject to options held by that person that are currently exercisable or exercisable within 60 days of April 14, 2003 are deemed outstanding. Such shares, however, are not deemed outstanding for the purpose of computing the percentage ownership of each other person.
