**Annual Meeting of Shareholders
November 15, 2005**

INTRODUCTION

The Board of Directors of LSI Industries Inc. is requesting your proxy for the Annual Meeting of Shareholders on November 15, 2005, and at any postponement or adjournment of such meeting. This Proxy Statement and the accompanying proxy card were first mailed on September 28, 2005 to shareholders of record as of September 16, 2005.

VOTING AT ANNUAL MEETING

General Information

In order to carry on the business of the meeting, we must have a quorum. This means at least a majority of the outstanding shares eligible to vote must be represented at the meeting either by proxy or in person. Shareholders may vote in person or by proxy at the Annual Meeting. Proxies given may be revoked at any time by filing with the Company (to the attention of Ronald S. Stowell) either a written revocation or a duly executed proxy bearing a later date, or by appearing at the Annual Meeting and voting in person. If you have instructed a broker to vote your shares, you must follow directions received from your broker to change your vote. All shares will be voted as specified on each properly executed proxy card. If no choice is specified, the shares will be voted as recommended by the Board of Directors, namely FOR Proposal 1 to elect the six persons nominated as directors by the Board of Directors, and FOR Proposal 2 (Ratification of Appointment of Independent Registered Public Accounting Firm). If any other matters come before the meeting or any postponement or adjournment, each proxy will be voted in the discretion of the individuals named as proxies on the proxy card.

As of September 16, 2005, the record date for determining shareholders entitled to notice of and to vote at the Annual Meeting, LSI Industries had 19,902,316 Common Shares outstanding. Each share is entitled to one vote. Only shareholders of record at the close of business on September 16, 2005, will be entitled to vote at the Annual Meeting. Abstentions and shares otherwise not voted for any reason, including broker non-votes, will have no effect on the outcome of any vote taken at the Annual Meeting. Broker non-votes occur when a broker returns a proxy card but does not have authority to vote on a particular proposal.

Proposal 1. Election of Directors

The Company's Code of Regulations provides that the Board of Directors be composed of six directors, each of whom is elected for a one-year term. The terms of the Company's directors expire at the 2005 Annual Meeting of Shareholders.

-2-

The Nominating and Corporate Governance Committee of the Board has nominated for reelection the six present directors, namely, Gary P. Kreider, Dennis B. Meyer, Wilfred T. O Gara, Robert J. In voting to elect directors, shareholders are entitled to one vote for each share held of record. Shareholders are not entitled to cumulate their votes in the election of directors.

Should any of the nominees become unable to serve, proxies will be voted for any substitute nominee designated by the Board. The six nominees receiving the highest number of votes cast will be elected.

Recommendation of the Board of Directors

The Board of Directors recommends a vote FOR each of the six directors nominated in this Proxy Statement. Nominees receiving the highest number of votes will be elected.

Proposal 2. Ratification of Appointment of Independent Registered Public Accounting Firm

The Audit Committee of the Board of Directors appointed Grant Thornton LLP as the Company's independent certified public accountants for fiscal 2006. Grant Thornton LLP has been the independent certified public accounting firm for the Company since April 2002. Although not required by law, the Board is seeking shareholder ratification of its selection. If ratification is not obtained, the Audit Committee intends to continue the employment of Grant Thornton LLP at least through fiscal 2006.

Representatives of Grant Thornton LLP are expected to be present at the Shareholders' Meeting and will be given an opportunity to make a statement, if they so desire, and to respond to appropriate questions that may be asked by shareholders.

In addition to all of the committee meetings disclosed in this report, the independent directors met on one occasion during fiscal 2005 without the presence of the Company's management or executives who are directors.

The Company expects all directors to attend shareholders' meetings. All directors attended the 2004 Annual Meeting. Each of the directors attended over 75% of the aggregate of all meetings of the Board and committees of which they were a member.

All options for non-employee directors are exercisable at the time of grant and have a ten year term.

At its meeting on April 27, 2004, the Board reviewed, approved and adopted the LSI Industries Inc. Code of Ethics. The Company's Code of Ethics is available as Exhibit 14 to the Form 10-K filed for the year ended June 30, 2004.

The Directors have organized themselves into the committees described below to help carry out Board responsibilities. In particular, Board committees work on key issues in greater detail than would be possible at full Board meetings. Each committee reviews the results of its meetings with the full Board.

Each of the following committees, except for the Executive Committee, is composed of nonemployee directors each of whom meets the relevant independence requirements established by Nasdaq and the Sarbanes-Oxley Act that apply to their particular assignments.

The Executive Committee

The Executive Committee, composed of Messrs. Ready (Chairman), and Sferra, is responsible, during the intervals between meetings of the Board of Directors, for exercising all the powers of the Board of Directors in the management and control and the business of the Company to the extent permitted by law. The Executive Committee did not meet during fiscal 2005, but did take two Actions in Writing on behalf of the Board of Directors.

The Audit Committee

The Audit Committee is governed by an Audit Committee Charter adopted by the Board of Directors. The Audit Committee is composed of Messrs. O Gara (Chairman), Kreider (until his August 2004 resignation from this Committee), Meyer, and Serriane (who was appointed to the Committee in August 2004). Wilfred T. O Gara has been designated as the Audit Committee financial expert by the Board of Directors. The Audit Committee met five times in fiscal 2005.

The Audit Committee is solely responsible for the appointment, compensation, retention and oversight of the Company's independent registered public accounting firm, our auditors. The Audit Committee also evaluates information received from both the outside auditor and management to determine whether the auditor is independent of management. The independent registered public accounting firm reports directly to the Audit Committee. A copy of the Committee's Charter is available on LSI's website and was included as an exhibit in the 2004 proxy materials.

The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities by reviewing the following:

-10-

-
1. The financial reports and other financial information provided by the Company to any governmental body or the public,
 2. The Company's systems of internal controls regarding finance, accounting, legal compliance and ethics that management and the Board have established, and
 3. The Company's auditing, accounting and financial reporting processes generally.

The Audit Committee has established procedures for the receipt, retention and treatment of any complaints concerning accounting, internal accounting controls or auditing matters and will establish procedures for the confidential and anonymous submission by employees of any concerns they may have regarding questionable accounting or auditing matters.

The Audit Committee approves all audit and non-audit services performed for the Company by its independent registered public accounting firm prior to the time that those services are commenced. The Chairman also has the authority to approve these services between regularly scheduled meetings. In this event, the Chairman reports approvals made by him to the full Committee at each of its meetings. For these purposes, the Committee, or its Chairman, is provided with information as to the nature, extent and purpose of each proposed service, as well as the approximate timeframe and proposed cost arrangements for that service.

The Company adheres to a policy that limits the scope of consulting services that may be provided by the independent registered public accounting firm that performs the annual audit. This policy draws a distinction between audit, audit related and non-audit services, and prohibits the independent registered public accounting firm from performing certain non-audit services. The Company will not use its independent registered public accounting firm to perform certain non-audit related services such as non-financial or management consulting services, business strategy consulting, information technology consulting, internal audit, price allocation appraisals and fairness opinions. Audit related services that will be permitted include: retirement plan and 401(k) audits, securities registration and reporting, tax compliance and planning, advice on the application of accounting policies, guidance on acquisition accounting and assistance with due diligence audits.

During the year, the Committee has discussed with both Grant Thornton LLP and management the Company's actions to establish, document, test and evaluate controls and procedures pursuant to new requirements of the Sarbanes-Oxley Act.

The Audit Committee receives and approves Engagement Letters from the Company's independent registered public accounting firm for the major components of their services rendered, such as the year end audit, audit of the Company's Retirement Plan, tax compliance work, etc. All other services are approved in advance on a project-by-project basis by the Audit Committee, acting through its Chairman, and are subsequently additionally approved by the Audit Committee following its quarterly detailed review and discussion of fees from the Company's independent registered public accounting firm.

The Audit Committee has advised the Company it has determined that the non-audit services rendered by Grant Thornton LLP during fiscal year 2005 are compatible with maintaining the independence of Grant Thornton LLP as auditors during fiscal year 2005.

Report of the Audit Committee

The Audit Committee engaged Grant Thornton LLP, an independent registered public accounting firm, to conduct audits for the purpose of expressing an audit opinion on the conformity of the audited year-end financial statements with accounting principles generally accepted in the United States, as well as an audit opinion on the Company's system of internal control over financial reporting. Following these audits, the Audit Committee reviewed with Grant Thornton LLP their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under auditing standards generally accepted in the United States, including Statement of Auditing Standards No. 61 (SAS 61 - Communications with Audit Committee). SAS 61 requires Grant Thornton LLP to provide the Committee with additional information regarding the scope and results of their audit of the Company's financial statements with respect to (i) their responsibility under auditing standards generally accepted in the United States, (ii) significant accounting policies, (iii) management judgments and estimates, (iv) any significant audit adjustments, (v) any disagreements with management and (vi) any difficulties encountered in performing the audit. The Committee also reviewed with Grant Thornton LLP their assessment of the Company's system of internal control over financial reporting. The Committee also discussed with Grant Thornton LLP the overall scope and plan for their audit.

Grant Thornton LLP also provided a letter containing the disclosures required by Independence Standards Board No. 1 (Independence Discussions with Audit Committees) with respect to relationships between Grant Thornton LLP and either the Company or management that in its professional judgment may reasonably be thought to bear on independence. This letter from Grant Thornton LLP confirms that, in its professional judgment, it is independent of the Company within the meaning of the federal securities laws and the requirements of the Independence Standards Board. The Audit Committee has advised Company management that it has determined that the services rendered by Grant Thornton LLP during fiscal year 2005 are compatible with maintaining their independence as the Company's auditors.

The Audit Committee reviewed and discussed with management the audited financial statements for the year ended June 30, 2005. In reliance on the reviews and discussions described above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended June 30, 2005 for filing with the Securities and Exchange Commission.

The Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee, composed of Messrs. Kreider (Chairman), Meyer, O' Gara and Serrienne, is responsible for nominating persons for election as directors at each annual shareholders' meeting and to fill any Board vacancies that may arise between meetings. The Nominating and Corporate Governance Committee will consider nominees recommended by security holders in written correspondence directed to the Secretary of the Company. The Committee takes into account, among other factors which it may deem

-12-

appropriate, the judgments, skill, diversity, business experience, and the needs of the Board as its function relates to the business of the Company. The Nominating and Corporate Governance Committee met twice during fiscal year 2005, and nominated Mark Serrienne to LSI's Board at the recommendation of the Company's Chairman. The Committee met on August 12, 2004 and nominated the slate of directors for the 2004 Annual Shareholders' Meeting. The Committee also met on August 23, 2005 and nominated this year's slate of directors. The Nominating and Governance Committee did not seek, nor did it receive the recommendation of any of the director candidates named in this proxy statement from any shareholder, non-management director, executive officer or third-party search firm in connection with its own approval of such candidates. The Company has not paid any fee to a third party to assist it in identifying or evaluating nominees. A copy of the Committee's Charter is available on LSI's website.

The Compensation Committee

The Compensation Committee, composed of Messrs. Meyer (Chairman), Kreider, O' Gara, and Serrienne (who was appointed to the Committee in August 2004), is responsible for establishing compensation levels for management and for administering the Company's Equity Compensation Plan and Non-Qualified Deferred Compensation Plan. The Compensation Committee met three times during fiscal 2005.

Report of the Compensation Committee

The Compensation Committee annually establishes salaries, bonuses and stock option or stock grant awards for executive officers and key management personnel. The Committee reviews the performance of the Company's executive officers in connection with the Company's overall performance. The Committee desires to establish executive compensation that enhances the Company's overall fundamental objective of providing long-term value for its shareholders and employees. In addition, major emphasis is being placed on retaining current management and incentivizing key managers to align their interests to make them consistent with the Company's growth. The Committee believes that the interests of management and shareholders can be more closely aligned by providing executives with competitive levels of compensation that will enable LSI Industries to attract and retain key executives by rewarding exceptional individual performance, and by tying executive pay to overall corporate performance.

The Committee uses base salaries, incentive and deferred compensation arrangements, automobile allowances, life and disability insurance programs, and stock options designed to tie a portion of the executive's compensation to the stock market performance of the Company's Common Shares when establishing executive and managerial compensation programs.

While Mr. Robert J. Ready's 2005 base salary and bonus were determined based on the Compensation Committee's recommendation, the 2005 salaries and bonuses for the other named executive officers were based upon recommendations from management, some of which were subsequently modified by the Committee.

Base Compensation

The Committee generally reviews the base salaries of the Company's executive officers and each executive's level of responsibility and potential, as well as salary levels offered by competitors and the overall competition in the existing marketplace. Each executive's particular

-13-

division of the Company is reviewed, and its contribution to the overall results of the Company assessed. The Committee generally uses this information to determine the executive's base compensation level. The Committee determined that salary adjustments in line with those relative to the Company's industry peers were appropriate for the Company's executive officers, key management and all salaried personnel in fiscal 2005.

The Committee generally applies a collective, subjective evaluation of the above factors to determine the annual base compensation level of its executive officers in light of the Company's performance and, in certain cases, the performance of its various divisions. The Committee did not utilize a particular objective formula as a means of establishing annual base compensation levels. Chief Executive Officer and President Robert J. Ready's salary is generally established on the same basis.

Incentive Compensation

Incentive compensation awards for performance during fiscal 2005 were made to employees of all operating divisions based upon the achievement of specific goals set forth in the strategic Plan adopted for the 2005 fiscal year. This discretionary Incentive Compensation Plan provides that employees' bonuses are based upon certain combinations of overall corporate results, business segment results, divisional results, as well as discretionary factors such as attitude, and individual performance. Bonuses for corporate officers, including Robert J. Ready, are based entirely on overall corporate results, as well as discretionary factors such as attitude and individual performance.

Stock Option Grants and Equity Compensation

The shareholders of LSI Industries established an Equity Compensation Plan to provide a method of attracting, retaining and providing appropriate incentives to key employees. The Committee is responsible for the administration of these Plans, both with respect to executive officers and all other employees. To that end, the Committee determines which employees receive options, the time of grant and the number of shares subject to the option. All option prices are set at 100% of market value on the date of grant. The Committee bases its individual option awards upon the past contributions of the particular employee as well as the capability of the employee to impact positively the Company's future success and profitability. Stock options granted to executive officers in fiscal year 2005 are indicated in the Summary Compensation Table. The Committee can also award shares, restricted stock, stock appreciation rights, and other equity awards to executive officers and all other employees. Nominal equity compensation awards were made in fiscal year 2005 to employees who had achieved twenty years of service with the Company.

Other Actions Taken by the Committee

Edgar Filing: LSI INDUSTRIES INC - Form DEF 14A

The Compensation Committee met in January 2005 to discuss minor amendments to the Agreements with Messrs. Robert J. Ready and James P. Sferra which cover their transition from full time employment with the Company to their eventual retirement. Amendments were made to these agreements.

The Committee's Conclusion

Based on this review, the Committee finds the Company's Chief Executive Officer's total compensation to be reasonable.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Gary P. Kreider, who is a member of the Compensation Committee, is a senior partner of Keating Muething Klekamp PLL, Cincinnati, Ohio, a law firm that provided legal services to the Company in fiscal year 2005.

CERTAIN TRANSACTIONS

J. Scott Sferra, age 41, is Vice President Manufacturing of the Cincinnati Operations of LSI Industries and is the son of James P. Sferra, Director, Secretary and Executive Vice President Manufacturing of LSI Industries. In fiscal year 2005, J. Scott Sferra's total compensation was \$120,586. J. Scott Sferra received a stock option grant in fiscal 2005 to purchase 10,000 Common Shares of the Company at the market price at time of grant.

During fiscal 2005, the Company paid \$519,307 to American Engineering and Metal Working, a company owned and operated by Kurt McCauley, David McCauley's son, for fabricated metal products. The Company believes that the rates charged by American Engineering for these products are comparable to those that the Company would have paid if it had purchased such products from other suppliers in transactions negotiated at arms length.
