ITEM 6. OFFICERS AND DIRECTORS (continued)

PART III(a). COMPENSATION OF OFFICERS AND DIRECTORS

EXECUTIVE COMPENSATION

NOMINATING AND COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Nominating and Compensation Committee's compensation policy is designed to relate total compensation (base salary, incentive bonus and long-term stock-based compensation) to corporate performance. This policy applies to all executive officers, including the Chief Executive Officer of NiSource and the four other most highly compensated executive officers, which collectively constitute the "Named Officers." In 2001, the Named Officers were the Chief Executive Officer, Mr. Neale, and Messrs. Adik, Mulchay, O'Donnell and Yundt. The Committee has implemented a "pay-for-performance" program which is designed to position the Company executive compensation competitively and to reward performance that creates additional stockholder value. The Committee discusses and considers executive compensation matters, then makes recommendations to the full board of directors, which takes the final action on these matters. The board accepted all of the Committee's recommendations in 2001.

The Committee has engaged Hewitt Associates, an independent compensation consulting firm, to advise it and provide surveys of comparative compensation practices for (1) a group of similarly sized energy-oriented companies, including electric, gas or combination utility companies, diversified energy companies and companies with gas marketing, transmission and distribution operations and energy services operations, and (2) a group of similarly sized companies in general industry. Each of these 2001 executive compensation comparative groups consisted 34 companies from which data was available to Hewitt and which the Committee believed to be competitors of the Company for executive talent. The Committee may change the companies contained within the comparative compensation groups in future years if information about any company included in a group is not available, any companies included in a group are no longer competitors for executive talent, or if the Committee determines that different energy or other types of companies are competitors of the Company. The Company's comparative compensation group is not the same as the corporations that make up the Dow Jones Utilities Index in the Stock Price Performance Graph included in this proxy statement.

The Committee considers the surveys provided by Hewitt in determining base salary, incentive bonus and long-term stock-based compensation. The Committee's philosophy is to set conservative base salaries at or near the medians of the utility and energy comparative group, which are similar, while providing performance-based variable compensation through the bonus and incentive plans

Edgar Filing: NISOURCE INC/DE - Form U5S

described below to allow total compensation to fluctuate according to the Company's financial performance. Long-term incentive awards are stock-based (for example, stock options, restricted stock awards or performance-based contingent stock awards) to emphasize long-term stock price appreciation and the concomitant increased stockholder value. In 2001, total compensation of the executive officers, including the Chief Executive Officer, was targeted between the 50th and the 75th percentile of the relevant comparative compensation group. Total compensation would reach this level only if the Company met the applicable performance targets under the bonus incentive plans. For those executive officers with significant responsibilities for certain business units, total compensation is dependent on the Company's financial performance and on business unit operating income or on other measures unique to the respective business unit.

In establishing Mr. Neale's base salary for 2001, the Committee reviewed information provided by Hewitt regarding the chief executive officer compensation practices of comparable utility and energy companies. The Committee determined to set base salary near the median salary of the comparative group, giving regard to Mr. Neale's proven abilities and strong performance with the Company since joining it as Executive Vice President and Chief Operating Officer in 1989. As with the other executive officers, Mr. Neale's total compensation was targeted to be between the 50th and the 75th percentile of the relevant comparative compensation group, depending upon the Company's financial performance. The result of the Committee's determination as to Mr. Neale's total compensation package was that, as of the time of the grant, approximately 75% of Mr. Neale's total target compensation was performance-based and at risk, dependent upon the Company's earnings per share and stock price performance.

26

ITEM 6. OFFICERS AND DIRECTORS (continued)

The Committee determines annual incentive awards for all executive officers in accordance with the Senior Management Incentive Plan. This Plan sets forth a formula established at the beginning of each fiscal year by the Committee for awarding incentive bonuses, based upon the Company's financial performance. Bonuses awarded to each of the Named Officers (including the Chief Executive Officer) are based on overall corporate performance. The bonus formula is based upon attaining targets for the Company's earnings per share. The Incentive Plan establishes a threshold level of financial performance (below which no bonus is paid), a target level, and a maximum level (above which no additional bonus is paid). The range of awards and levels of awards (as a percent of base salary), if financial performance thresholds are achieved, are as follows:

	Range -----	Award if Targets Met -----
Chief Executive Officer	40.0% to 120.0%	80.0%
Vice Chairman	35.0% to 105.0%	70.0%
Group Presidents	32.5% to 97.5%	65.0%
Executive and Senior Vice Presidents	20.0% to 97.5%	40.0% to 65.0%
Other Vice Presidents	17.5% to 75.0%	35.0% to 50.0%

In 2001, the Company's actual earnings per share were lower than the threshold. None of the Named Officers (including Mr. Neale) received a bonus in 2001.

Executive officers are also eligible to receive awards under the Company's Long-Term Incentive Plan. Under the Long-Term Incentive Plan, stock options,

Edgar Filing: NISOURCE INC/DE - Form U5S

stock appreciation rights, performance units, restricted stock awards, contingent stock awards and dividend equivalents may be awarded. The Committee considers base salaries of the executive officers, prior awards under the Long-Term Incentive Plan, and the Company's total compensation target in establishing long-term incentive awards. Options granted to executive officers are valued using the Black-Scholes option pricing model at the time of grant and restricted stock awards and contingent stock awards granted to executive officers are valued using Hewitt's present value pricing model for purposes of determining the number of options and/or shares to be granted to reach total target compensation. In 2001, stock options, restricted stock and contingent stock were awarded to Messrs. Neale, Adik, Mulchay, Yundt and O'Donnell. The number of options, restricted stock awards and contingent stock awards granted to the Chief Executive Officer and other executive officers (including Messrs. Adik, Mulchay, Yundt and O'Donnell) was based on these considerations. The compensation value of stock options, restricted stock awards and/or contingent stock awards depends on actual stock price appreciation. In addition, the contingent stock awards are subject to performance vesting criteria as established by the Committee. Historically, the restricted stock awards were also subject to performance vesting criteria as established by the Committee; however, in order to avoid certain variable accounting issues associated with the performance objectives, in 2001, the Company offered to exchange restricted stock awards made in 2000 and 2001 to the Named Officers (including Mr. Neale) for replacement restricted stock awards without performance objectives. Details of the exchange are set forth in note (1) to the Long-Term Stock Incentive Plans Table.

Section 162(m) of the Internal Revenue Code provides that compensation in excess of \$1,000,000 per year paid to the chief executive officer or any of the four other most highly compensated executive officers employed at year-end, other than compensation meeting the definition of "performance based compensation," will not be deductible by a corporation for federal income tax purposes. The Committee believes that, except as identified in the preceding paragraph and except for options granted at less than market value, the Company's long-term stock-based incentive awards constitute performance-based compensation for purposes of Section 162(m) of the Internal Revenue Code. In light of its emphasis on such performance-based compensation, the Committee does not anticipate that the limits of Section 162(m) will materially affect the deductibility of compensation paid by the Company in 2001. However, the Committee will continue to review the deductibility of compensation under Section 162(m) and related regulations.

27

ITEM 6. OFFICERS AND DIRECTORS (continued)

The Committee believes that its overall executive compensation program has been successful in providing competitive compensation sufficient to attract and retain highly qualified executives, while at the same time encouraging increased performance from the executive officers, which creates additional stockholder value.

ITEM 6. OFFICERS AND DIRECTORS (continued)

- (1) Compensation deferred at the election of the Named Officer is reported in the category and year in which such compensation was earned.
- (2) All bonuses are paid pursuant to the Senior Management Incentive Plan, except for the bonus paid to Mr. O'Donnell in 2000, which was paid pursuant to the Columbia Annual Incentive Plan and a portion of the bonuses to Messrs. Mulchay and Yundt, which are described in note (6). The incentive plan is designed to supplement a conservative base salary with incentive bonus payments if targeted financial performance is attained. No bonuses were paid pursuant to the Senior Management Incentive Plan in 2001. The amounts shown for Messrs. Neale and Adik in 2000 include bonuses of \$500,000 and \$250,000, respectively, received in consideration for their performance and efforts in connection with the acquisition of Columbia Energy Group.
- (3) The 2001 amount shown for Mr. Yundt includes a relocation allowance of \$82,496 and a related tax allowance of \$57,321. The 2001 amount for Mr. O'Donnell includes a relocation allowance of \$49,407 and a related tax allowance of \$40,793 as well as other amounts as described in note (8). The 1999 amount for Mr. Yundt also included a relocation allowance of

Edgar Filing: NISOURCE INC/DE - Form U5S

\$85,305 and a related tax allowance of \$60,412.

- (4) The payouts shown are based on the value, at date of vesting, of restricted shares awarded under the Long-Term Incentive Plan which vested during the years shown. The amounts shown for 2000 include amounts attributable to the restricted stock awards granted in 1998 for which performance requirements were waived by the Nominating and Compensation Committee. Total restricted shares held (assuming 100% vesting) and aggregate market value at December 31, 2001 (based on the average of the high and low sale prices of the common stock on that date as reported on the New York Stock Exchange Composite Transactions Tape) for the Named Officers were as follows: Mr. Neale, 441,563 shares valued at \$10,310,496; Mr. Adik, 161,581 shares valued at \$3,772,916; Mr. Mulchay 98,966 shares valued at \$2,310,856; Mr. Yundt, 97,466 shares valued at \$2,275,831 and Mr. O'Donnell, 55,836 shares valued at \$1,303,770. Dividends on the restricted shares are paid to the Named Officers.
- (5) The Chairman, President and Chief Executive Officer, the Vice Chairman, and certain Group Presidents of the Company have available to them a supplemental life insurance plan which provides split-dollar coverage of up to 3.5 times base compensation as of commencement of the plan in 1991 and could provide life insurance coverage after retirement if there is adequate cash value in the respective policy. "All Other Compensation" represents Company contributions to the 401(k) Plan and the dollar value of the benefit to the Named Officers under the supplemental life insurance plan, as follows: Mr. Neale-\$1,155 401(k) Plan, \$17,782 premium value and \$3,336 term insurance cost; Mr. Adik-\$1,155 401(k) Plan, \$2,350 premium value and \$1,291 term insurance cost; Mr. Mulchay-\$1,155 401 (k) Plan, \$3,685 premium value and \$1,043 term insurance cost, and Mr. Yundt-\$1,155 401 (k) Plan, \$2,175 premium value and \$892 term insurance cost. The value of the life insurance premiums paid by the Company in excess of term insurance cost on behalf of the Named Officers under the supplemental life insurance plan has been restated for all periods in accordance with the present value interest-free loan method. The amount shown for 2001 for Mr. O'Donnell includes \$11,050 paid by Columbia Energy Group to its Employee Savings Plan and \$13,800 paid by Columbia Energy Group to its Employee Savings Restoration Plan.
- (6) Mr. Mulchay was President of Northern Indiana Public Service Company and Mr. Yundt was President of Bay State Gas Company and 50% of their 1999 and 2000 annual incentive compensation was determined based on the financial performance of the business units for which they were responsible.
- (7) The amounts shown for 2000 for Mr. O'Donnell include 10 months of compensation paid to Mr. O'Donnell in his capacity as Senior Vice President and Chief Financial Officer of Columbia Energy Group prior to the acquisition of Columbia Energy Group by the Company and 2 months of compensation paid to Mr. O'Donnell in his capacity as Executive Vice President and Chief Financial Officer of the Company.
- (8) The compensation reported represents perquisites and other personal benefits as discussed in note (3) as well as phantom stock units granted to Mr. O'Donnell pursuant to an agreement under which the Company established a phantom stock unit account for his benefit which consisted initially of 73,020 units in consideration of his acceptance of employment and 26,533 units in consideration of his willingness to enter into a non-competition agreement with the Company. A phantom stock unit is a unit whose value is related to the value of the common stock of the Company. Mr. O'Donnell is entitled to receive dividend

ITEM 6. OFFICERS AND DIRECTORS (continued)

equivalents with respect to the units in either cash or additional units. Upon termination of employment, Mr. O'Donnell (or his beneficiary) will be entitled to receive from the Company a cash distribution in an amount, with respect to each unit credited to his account, equal to the greater of (i) the price per share of the Company's common stock at the close of business on the date of termination, and (ii) 85% of the price per share of the Company's common stock on November 1, 2000. The 26,533 units credited to Mr. O'Donnell's account in connection with the non-competition portion of the agreement, and any dividend equivalents paid thereon, are subject to forfeiture in the event that Mr. O'Donnell violates the non-competition provisions of the agreement at any time during the term of the agreement or for a period of one year following his termination. The amount shown represents the value of the phantom stock units granted pursuant to the Phantom Stock Agreement based on the closing sale price of the common stock on December 31, 2001, as reported in The Wall Street Journal.

OPTION GRANTS IN 2001. The following table sets forth information concerning the grants of options to purchase common stock made during 2001 to the Named Officers. No stock appreciation rights were awarded during 2001.

OPTION/SAR GRANTS IN LAST FISCAL YEAR
INDIVIDUAL GRANTS

Name	Number of Securities Underlying Options/SARS Granted (#) (1)	Percent of Total Options/SARS Granted to Employees in Fiscal Year (2)	Exercise or Base Price (\$/SH) (3)	Market Price Date of (\$/S

Michael W. O'Donnell	25,472	1.48	25.94	

- (1) All options granted in 2001 are fully exercisable commencing one year from the date of grant. Vesting may be accelerated as a result of certain events relating to a change in control of the Company. The exercise price and tax withholding obligation related to exercise may be paid by delivery of already owned shares of common stock or by reducing the number of shares of common stock received on exercise, subject to certain conditions.
- (2) Based on an aggregate of 1,725,105 options granted to all employees in 2001.
- (3) The options were granted at the average of high and low sale prices of the common stock on December 1, 2000, as reported on the New York Stock Exchange Composite Transactions Tape.
- (4) Based on the average of high and low sale prices of the common stock on

January 2, 2001, as reported on the New York Stock Exchange Composite Transactions Tape.

- (5) Grant date present value is determined using the Black-Scholes option-pricing model. The assumptions used in the Black-Scholes option pricing model for the January 1, 2001 grants (expiring December 31, 2010) were as follows: expected volatility - 20% (estimated stock price volatility for the term of the grant); risk-free rate of return - 5.9% (the rate for a ten-year U.S. treasury); risk of forfeiture - 10%; estimated annual dividend - \$1.19; option term - ten years; vesting - 100% one year after date of grant; and an expected option term of 5.4 years. No assumption was made relating to non-transferability. Actual gains, if any, on option exercises and common shares are dependent on the future performance of the common stock and overall market condition. The amounts reflected in this table may not be achieved.

ITEM 6. OFFICERS AND DIRECTORS (continued)

- (1) On December 31, 2001, Messrs. Neale, Adik, Mulchay, Yundt and O'Donnell exchanged restricted stock awards made in 2000 and 2001 for replacement restricted stock awards. The original 2000 and 2001 awards were scheduled to vest on December 31, 2002 at percentages varying from 0% to 200% related to specific financial performance objectives, including earnings per share targets, stock price targets and total shareholder return. Based on performance up to the time of the exchange, Messrs. Neale, Adik, Mulchay, Yundt and O'Donnell would have been eligible to receive approximately 160% of the restricted stock awards made in 2000 and 2001. The award holders exchanged the original awards for replacement awards equal to 150% of the shares subject to the original awards. The replacement awards will be subject to a holding period which will require that any shares representing the replacement awards shall not be disposed of until December 31, 2004, except in the case of death, disability, termination without cause, change of control or retirement, in which case the shares are not subject to the holding period. The terms of the awards issued in exchange for the 2001 awards are shown in the table above. The numbers of restricted shares issued in exchange for the 2000 awards are as follows: Mr. Neale, 270,000; Mr. Adik, 112,500; Mr. Mulchay, 72,000; and Mr. Yundt, 67,500. The awards for Mr. Neale will vest only following the end of the year of death, disability, termination without cause, change of control or retirement. In the case of each of the other Named Officers, the awards will vest, commencing in 2003, only to the extent that the value of shares vested in any calendar year, when added to other non-performance based compensation for that year, does not exceed \$999,999; in addition, awards will vest following the end of the year of death, disability, termination without cause, change of control or retirement.
- (2) Represents contingent stock awards granted to each Named Officer in 2001. The restrictions on 50% of the contingent stock awarded during 2001 lapse on December 31, 2004. The restrictions on the remaining 50% lapse on December 31, 2005. The vesting of the contingent stock varies from 0% to 200% of the number awarded, based upon meeting certain specific financial performance objectives, including earnings per share targets, stock price targets and total shareholder return. There is a one-year holding period after the restrictions lapse for the first 50% of the shares of contingent stock awarded. The remaining shares of contingent stock awarded are not subject to a holding period.

The credited years of service for each of the Named Officers (other than Michael W. O'Donnell), pursuant to the Pension Plan and Supplemental Executive Retirement Plan, are as follows: Gary L. Neale -- 27 years; Stephen P. Adik -- 23 years; Patrick J. Mulchay -- 39 years; and Jeffrey W. Yundt -- 22 years.

Upon their retirement, regular employees and officers of the Company and its subsidiaries which adopt the plan (including directors who are also full-time officers) will be entitled to a monthly pension in accordance with the provisions of the Company's pension plan, originally effective as of January 1, 1945. The directors who are not and have not been officers of the Company are not included in the pension plan. The pensions are payable out of a trust fund established under the pension plan with The Northern Trust Company, trustee. The trust fund consists of contributions made by the Company and the earnings of the fund. Over a period of years the contributions are intended to result in overall actuarial solvency of the trust fund. The pension plan of the Company has been determined by the Internal Revenue Service to be qualified under Section 401 of the Internal Revenue Code.

ITEM 6. OFFICERS AND DIRECTORS (continued)

Pension benefits are determined separately for each participant. The formula for

Edgar Filing: NISOURCE INC/DE - Form U5S

a monthly payment for retirement at age 65 is 1.7% of average monthly compensation multiplied by years of service (to a maximum of 30 years) plus 0.6% of average monthly compensation multiplied by years of service over 30. Average monthly compensation is the average for the 60 consecutive highest-paid months in the employee's last 120 months of service. Covered compensation is defined as wages reported as W-2 earnings (up to a limit set forth in the Internal Revenue Code and adjusted periodically) plus any salary reduction contributions made under the Company's 401(k) plan, minus any portion of a bonus in excess of 50% of base pay and any amounts paid for unused vacation time and vacation days carried forward from prior years. The benefits listed in the Pension Plan table are not subject to any deduction for Social Security or other offset amounts.

The Company also has a Supplemental Executive Retirement Plan for officers. Participants in the supplemental plan are selected by the board of directors. Benefits from this plan are to be paid from the general assets of the Company.

The Supplemental Executive Retirement Plan provides a retirement benefit at age 65 of the greater of (i) 60% of five-year average pay (prorated for less than 20 years of service) and an additional 0.5% of 5-year average pay less Primary Social Security Benefits per year for participants with between 20 and 30 years of service, or (ii) the benefit formula under the Company's Pension Plan. In either case, the benefit is reduced by the actual pension payable from the Company's Pension Plan. In addition, the Supplemental Executive Retirement Plan provides certain early retirement and disability benefits and pre-retirement death benefits for the spouse of a participant.

Michael W. O'Donnell continues to participate in the Retirement Plan of Columbia Energy Group, a subsidiary of the Company. Mr. O'Donnell has 30 credited years of service under this plan. The formula for a retiree's monthly retirement benefit at age 65 under the Retirement Plan of Columbia Energy Group is (i) 1.15% of the retiree's final average compensation that does not exceed half of the average Social Security wage base times years of service up to 30, plus (ii) 1.5% of the retiree's final average compensation in excess of half of the average Social Security wage base times years of service up to 30, plus (iii) .5% of the retiree's final average compensation times years of service between 30 and 40.

CHANGE IN CONTROL AND TERMINATION AGREEMENTS

The Company has entered into Change in Control and Termination Agreements with Mr. Neale and the other Named Officers. The Company believes that these agreements are in the best interests of the stockholders, to insure that in the event of extraordinary events, totally independent judgment is enhanced to maximize stockholder value. The agreements can be terminated on three years' notice and provide for the payment of specified benefits if the executive terminates employment for good reason or is terminated by the Company for any reason other than good cause within 24 months following certain changes in control. Each of these agreements also provides for payment of these benefits if the executive voluntarily terminates employment for any reason during a specified one-month period within 24 months following a change in control or, in the case of Messrs. Neale and Adik, at any time during this 24 month period. No amounts will be payable under the agreements if the executive's employment is terminated by the Company for good cause (as defined in the agreements).

The agreements provide for the payment of three times the executive's current annual base salary and target incentive bonus compensation. The executive will also receive a pro rata portion of the executive's targeted incentive bonus for the year of termination. The executive would also receive benefits from the Company that would otherwise be earned during the three-year period following the executive's termination under the Company's Supplemental Executive Retirement Plan and qualified retirement plans. All stock options held by the executive would become immediately exercisable upon the date of termination of

Edgar Filing: NISOURCE INC/DE - Form U5S

employment, and the restrictions would lapse on all restricted shares awarded to the executive. The Company will increase the payment made to the executive as necessary to compensate the executive on an after-tax basis for any parachute penalty tax imposed on the payment of amounts under the contracts.

During the three-year period following the executive's termination, the executive and his or her spouse or other dependents will continue to be covered by applicable health or welfare plans of the Company. If the executive dies during the three-year period following the executive's termination, all amounts payable to the executive will be paid to a named beneficiary.

34

ITEM 6. OFFICERS AND DIRECTORS (continued)

The agreement with Mr. Neale provides for the same severance payments as described above in the event his employment is terminated at any time by the Company (other than for good cause) or due to death or disability, or if he voluntarily terminates employment with good reason (as defined in the agreement), even in the absence of a change in control.

COMPENSATION OF THE COMPANY'S DIRECTORS

The Company pays each director who is not receiving a salary from the Company \$30,000 per year, \$3,000 annually per standing committee on which the director sits, \$1,000 annually for each committee chairmanship, \$1,200 for each board meeting attended and \$750 per committee meeting attended. Under a deferred compensation arrangement, directors may elect to have their fees deferred in the current year and credited to an interest-bearing account or to a phantom stock account for payment in the future.

The Company's Nonemployee Director Retirement Plan provides a retirement benefit for each nonemployee director currently serving on the board who has completed at least five years of service on the board. The benefit under the plan is an annual amount equal to the annual retainer for board service in effect at the time of the director's retirement from the board and will be paid for ten years, or the number of years of service the individual served as a nonemployee director of the Company, whichever is less. Directors first elected after 2001 will not participate in the retirement plan, but instead will receive, on the date of each election or re-election, restricted shares of common stock and restricted stock unit grants with a value equivalent to the retirement benefit earned by the directors serving prior to 2001.

The Company's Nonemployee Director Stock Incentive Plan provides for a grant of 2,600 (previously 2,000) restricted shares of common stock to each nonemployee director of the Company upon his or her election or re-election as a director of the Company. The grants of restricted common stock vest in 20% annual increments, with all of a director's stock vesting five years after the date of award. In 2001, Drs. Beering and Woo and Mr. Foster each received a grant of 2,000 restricted shares of common stock under this plan. The board may designate that a scheduled award will consist of nonqualified stock options rather than restricted stock; if so, then, in lieu of restricted shares, each nonemployee director shall be granted a nonqualified option to purchase 6,000 shares of common stock. Grants of nonqualified stock options vest in 20% annual increments and become fully vested on the fifth anniversary of the date of the grant.

The Company's Nonemployee Director Restricted Stock Unit Plan is a phantom stock plan that provides for grants to nonemployee directors of restricted stock units that have a value related to the Company's common stock. Each nonemployee director received an initial grant of 500 units in April 1999. Beginning in 2002, grants of 600 units will be made to nonemployee directors upon election or

Edgar Filing: NISOURCE INC/DE - Form U5S

re-election to the Board. The grants of units vest in 20% annual increments, with all of a director's units vesting five years after the date of award. Additional units are credited to each nonemployee director with respect to the units included in his or her account from time to time to reflect dividends paid to stockholders of the Company with respect to common stock. The units have no voting or other stock ownership rights and are payable in cash. In 2001, Drs. Beerling and Woo and Mr. Foster each received a grant of 500 units.

The Company has adopted a Directors' Charitable Gift Program for nonemployee directors. Under the program, the Company makes a donation to one or more eligible tax-exempt organizations as designated by each eligible director. The Company contributes up to an aggregate of \$125,000 for each nonemployee director who has served as a director of the Company for at least five years and up to an additional \$125,000 (for an overall \$250,000) for each nonemployee director who has served ten years or more. Organizations eligible to receive a gift under the program include charitable organizations and accredited United States institutions of higher learning. Individual directors derive no financial benefit from the program, as all deductions relating to the charitable donations accrue solely to the Company. A director's private foundation is not eligible to receive donations under the program. All current nonemployee directors are eligible to participate in the program.

ITEM 8. SERVICE, SALES AND CONSTRUCTION CONTRACTS (continued)

PART II. SYSTEM CONTRACTS TO PURCHASE GOODS OR SERVICES FROM ANY AFFILIATE (OTHER THAN A SYSTEM COMPANY) OR A COMPANY IN WHICH ANY OFFICER OR DIRECTOR IS A PARTNER OR OWN 5% OR MORE OF ANY CLASS OF EQUITY SECURITIES.

Edgar Filing: NISOURCE INC/DE - Form U5S

None.

PART III. SYSTEM CONTRACTS WITH OTHERS ON A CONTINUING BASIS FOR MANAGEMENT, SUPERVISORY, OR FINANCIAL ADVISORY REVIEW.

None.

ITEM 9. WHOLESALE GENERATORS AND FOREIGN UTILITY COMPANIES

PART I. BUSINESS, CAPITAL, DEBT TO EQUITY RATIO AND SERVICE CONTRACTS.

(a) Company, location and business address.

Bay State GPE, Inc. (BSGPE)
BSGPE, a Massachusetts corporation, at 300 Friberg Parkway, Westborough, Massachusetts is an EWG. It owns a turbo expander in Agawam, Massachusetts that generates electricity from a turbine engine as gas pressure is reduced when transferred from high pressure interstate pipelines to lower pressure local distribution pipes. BSGPE is a wholly owned subsidiary of Bay State Gas.

Whiting Clean Energy, Inc. (WCE)
WCE, a wholly owned subsidiary of Primary Energy, Inc., is an EWG. WCE's business address is 801 E. 86th Avenue, Merrillville, Indiana. WCE leases a combined-cycle cogeneration facility located at BP's Whiting, Indiana refinery consisting of two gas-fired combustion turbines (each with a generating capacity of 166 megawatts) and a 213 megawatt steam turbine generator. WCE is responsible for the operation and maintenance of the facility.

(b) Type and amount of capital invested.

When BSGPE was incorporated, Bay State Gas acquired all of the issued and outstanding shares of BSGPE's common stock for \$1,000. Bay State also transferred ownership of the turbo expander and related facilities to BSGPE at its net book value. Neither Bay State Gas, nor NiSource, Inc. has made any financial guarantee to any party for BSGPE.

Primary Energy, Inc.'s investment in WCE consists mainly of its guarantee of WCE's performance under the lease through its parent NiSource Inc. The lease was initiated in the first quarter of 2002. The unamortized value of the project amounts to approximately \$320 million.

(c) Ratio of debt to common equity and earnings of the company for the year ended December 31, 2001.

As of December 31, 2001, BSGPE had no debt outstanding and for the calendar year 2001, the turbo expander did not operate and did not generate revenue. BSGPE had a net loss of \$29,000 for 2001.

42

WCE had \$15.9 million in notes payable outstanding at December 31, 2001 to NiSource Finance Corp. The debt to equity ratio for WCE at December 31, 2001 is not meaningful since the company's equity capitalization is effectively zero. For 2001, WCE had no net earnings or net loss.

(d) Service, sales or construction contracts with system companies.

Bay State Gas and BSGPE have entered into a maintenance and service agreement for performance of the operation, maintenance and accounting

Edgar Filing: NISOURCE INC/DE - Form U5S

needs of BSGPE by Bay State Gas personnel.

WCE has no service sales or construction contracts with system companies.

PART II. ORGANIZATION CHART.

BSGPE is a wholly owned subsidiary of Bay State Gas Company. WCE is a wholly owned subsidiary of Primary Energy, Inc. Bay State Gas Company and Primary Energy, Inc. are wholly owned subsidiaries of NiSource, Inc. See Exhibit G for an organization chart showing BSGPE and WCE in relation to the other NiSource, Inc. system companies.

PART III. AGGREGATE INVESTMENT IN EWG'S AND FOREIGN UTILITY COMPANIES.

NiSource, Inc.'s aggregate investment in BSGPE is approximately \$0.2 million and its investment in WCE, as discussed in Part I(b), is approximately \$320 million. The ratio of NiSource, Inc.'s aggregate investment in BSGPE and WCE to its aggregate investment in its domestic public-utility subsidiary companies is 0.012% based on the current book values of the utility subsidiaries.

NiSource Inc.:

REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

TO THE BOARD OF DIRECTORS OF NISOURCE INC.:

We have audited the accompanying consolidated balance sheets and statements of consolidated capitalization and long-term debt of NiSource Inc. and subsidiaries as of December 31, 2001 and 2000, and the related statements of consolidated income, common stockholders' equity and cash flows for each of the three years in the period ended December 31, 2001. These financial statements are the responsibility of NiSource's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of NiSource Inc. and subsidiaries as of December 31, 2001 and 2000, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2001, in conformity with accounting principles generally accepted in the United States.

As explained in Note 2 to the financial statements, NiSource Inc. has given retroactive effect to the change in accounting for acquisition, exploration and development activities related to oil and gas reserves from the full cost method to the successful efforts method. As explained in Note 8 to the financial statements, effective January 1, 2001, NiSource Inc. adopted Statement of Financial Accounting Standards No. 133, "Accounting for Derivatives Instruments and Hedging Activities," as amended.

Our audits were made for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The schedules listed in the Index to Item 8, Financial Statements and Supplementary Data are presented for purposes of complying with the Securities and Exchange Commission's rules and are not part of the basic consolidated financial statements. These schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, fairly states in all material respects

the financial data required to be set forth therein in relation to the basic consolidated financial statements taken as a whole.

EXHIBIT F. REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS. (CONTINUED)

Columbia Energy Group:

REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

TO THE SHAREHOLDER OF COLUMBIA ENERGY GROUP:

We have audited the accompanying consolidated balance sheets of Columbia Energy Group (a Delaware corporation, the "Corporation" and a wholly owned subsidiary of NiSource Inc.) and subsidiaries as of December 31, 2001, and 2000, and the related statements of consolidated income, cash flows and common stock equity for the three years then ended December 31, 2001. These financial statements are the responsibility of the Corporation's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Corporation and subsidiaries as of December 31, 2001, and 2000, and the results of their operations and their cash flows for the three years then ended, in conformity with accounting principles generally accepted in the United States.

As explained in Note 1E to the financial statements, the Corporation has given retroactive effect to the change in accounting for acquisition, exploration and development activities related to oil and gas reserves from the full cost method to the successful efforts method. Further, as explained in Note 7 to the financial statements, effective January 1, 2001, the Corporation adopted Statement of Financial Accounting Standards No. 133, "Accounting for Derivatives Instruments and Hedging Activities," as amended.

Our audits were made for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The schedule listed in the Index to Item 8, Financial Statements and Supplementary Data, is presented for purposes of complying with the Securities and Exchange Commission's rules and is not part of the basic consolidated financial statements.
