Item 8.01 Other Events

Select Medical Corporation (the Company) completed the sale of its only skilled nursing facility in the third quarter of 2004. The Company is filing this current report on Form 8-K to reclassify certain financial information on the skilled nursing facility pursuant to the requirements of Statement of Financial Accounting Standards (SFAS) No. 144, Accounting for the Impairment or Disposal of Long Lived Assets.

SFAS No. 144 provides that, in a period in which a component of an entity either has been disposed of or is classified as held for sale, the income statements for current and prior periods shall report the results of operations of the component as discontinued operations. Therefore, the Company has reclassified certain amounts in its Consolidated Statements of Income for the year ended December 31, 2003 to reflect the reclassification required by SFAS No. 144.

A copy of the Company's restated financial statements for the year ended December 31, 2003 are filed as Exhibit 99.1 to this report and incorporated herein by reference. This filing does not update the Company's Management Discussion and Analysis and other disclosures in its Form 10-K for the year ended December 31, 2003 except as described above since they would not be materially different after giving effect to this reclassification. For information on other developments regarding the Company since the filing of the Form 10-K, please refer to the Company's reports filed under the Securities Exchange Act of 1934, as amended.

In addition, in connection with the Company's proposed issuance of up to \$660 million in aggregate principal amount of senior subordinated notes due 2015, the Company expects to disclose to prospective purchasers certain information that has not been previously publicly reported. A copy of such information is attached as Exhibit 99.3 to this report and incorporated herein by reference.
