PROXY STATEMENT

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Shareholders to Be Held on June 4, 2009: The proxy statement and annual report to shareholders are available at <http://ir.interdigital.com/annuals.cfm>

This proxy statement contains information relating to our annual meeting of shareholders to be held on Thursday, June 4, 2009, beginning at 11:00 a.m. Eastern Time, at the Dolce Valley Forge Hotel, 301 West DeKalb Pike, King of Prussia, Pennsylvania, and at any postponements or adjournments of the meeting. Your proxy for the meeting is being solicited by our board of directors. This proxy statement and our annual report are being mailed to shareholders beginning on or about April 30, 2009.

ABOUT THE MEETING AND VOTING

What is the purpose of the annual meeting?

At our annual meeting, shareholders will act upon the matters outlined in the notice of meeting provided with this proxy statement, including: the election of director; adoption and approval of our 2009 Stock Incentive Plan; ratification of the appointment of our independent registered public accounting firm; and such other business as may properly come before the meeting. In addition, management will report on the performance of our company and respond to questions from shareholders.

Who may attend the meeting?

Subject to space availability, all shareholders as of April 7, 2009, the record date, or their duly appointed proxies, may attend the meeting. Registration will begin at 9:30 a.m., and seating will begin at 10:30 a.m. If you plan to attend the meeting, please note that you will need to bring your admission ticket and valid picture identification, such as a driver's license or passport. Cameras, recording devices and other electronic devices will not be permitted at the meeting, and all cellular phones must be silenced during the meeting. We realize that many cellular phones have built-in digital cameras, and while these phones may be brought into the meeting, the camera function may not be used at any time.

Please also note that if you hold your shares in street name (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date.

Who is entitled to vote at the meeting?

Only shareholders of record at the close of business on April 7, 2009, the record date, are entitled to receive notice of and to participate in the annual meeting. If you were a shareholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the meeting, or any postponements or adjournments of the meeting. There were 43,674,346 shares of our common stock outstanding on the record date.

What are the voting rights of the holders of the company's common stock?

Each share of our common stock outstanding on the record date will be entitled to one vote on each matter considered at the meeting.

What is a quorum?

A quorum is the minimum number of our shares of common stock that must be represented at a duly called meeting in person or by proxy in order to conduct business legally at the meeting. For the annual meeting, the presence, in person or by proxy, of the holders of a majority of the shares entitled to vote will be

Table of Contents

considered a quorum. If you are a registered shareholder, you must deliver your proxy by Internet, telephone or mail, or attend the annual meeting in person and vote, in order to be counted in the determination of a quorum. If you are a street name shareholder, your broker or other nominee will vote your shares pursuant to your proxy directions, and such shares will count in the determination of a quorum. If you do not provide any directions to your broker or other nominee, your shares will still count for purposes of attaining a quorum, and your broker or other nominee may vote your shares in its discretion on proposals 1 and 3.

How do I vote?

If you are a registered shareholder, you may submit your proxy by Internet, telephone or mail by following the instructions included with your proxy card. The deadline for submitting your proxy by Internet or telephone is 11:59 p.m. Eastern Time on June 3, 2009. The designated proxy will vote according to your instructions. You may also attend the meeting and deliver a proxy card to be voted in the same manner, or you may personally vote by ballot.

If you are a street name shareholder, your properly signed and returned voting instruction card will be tabulated and voted by your broker or other nominee. Please check your voting instruction card or contact your broker or other nominee to determine whether you will be able to deliver your voting instructions by Internet or telephone. If you are a street name shareholder and you want to vote at the meeting, you will need to obtain a signed proxy from the broker or nominee that holds your shares, because the broker or nominee is the legal, registered owner of the shares.

If you are a member of a retirement or savings plan or other similar plan, you may submit your voting instructions by Internet, telephone or mail by following the instructions included with your voting instruction card. The deadline for submitting your voting instructions by Internet or telephone is 11:59 p.m. Eastern Time on June 2, 2009. The trustee or administrator of the plan will vote according to your instructions and the rules of the plan.

Can I change my vote after I return my proxy or voting instruction card?

If you are a registered shareholder, you may revoke or change your vote at any time before the proxy card is voted, by filing with our secretary either a written notice of revocation or a duly executed proxy bearing a later date. If you attend the meeting in person, you may ask the judge of elections to suspend your proxy holder's power to vote, and you may submit another proxy or vote by ballot. Your attendance at the meeting will not by itself revoke a previously granted proxy.

If your shares are held in street name or you are a member of a retirement or savings plan or other similar plan, please check your voting instruction card or contact your broker, nominee, trustee or administrator to determine whether you will be able to revoke or change your vote.

Will my vote be confidential?

It is our policy to maintain the confidentiality of proxy cards, ballots and voting tabulations that identify individual shareholders except as might be necessary to meet any applicable legal requirements and, in the case of any contested proxy solicitation, as might be necessary to allow proper parties to verify proxies presented by any person and the results of the voting.

What are the board's recommendations?

The board recommends that you vote:

For election of the nominated director (see proposal 1);

For adoption and approval of our 2009 Stock Incentive Plan (see proposal 2); and

For ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2009 (see proposal 3).

Table of Contents

What vote is required to approve each proposal?

Election of director. Directors are elected by a plurality of votes cast. This means that the director receiving the most votes cast at the meeting will be elected to serve for the next three years. Only votes cast for are counted in determining whether a plurality has been cast in favor of a director. A properly executed proxy marked withhold authority with respect to the election of a director will not be voted with respect to the director. Votes to withhold authority, while included for purposes of attaining a quorum, will have no effect on the vote on this matter.

Other proposals. For each other proposal, the affirmative vote of a majority of the votes cast will be required for approval. Abstentions, while included for purposes of attaining a quorum, will have no effect on the outcome of the proposal.

Street name shares and broker non-votes. If you hold your shares in street name through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some proposals if you do not provide voting instructions. Broker non-votes are shares that a broker or nominee does not vote because it has not received voting instructions and does not have discretionary authority to vote. For this meeting, if you do not give specific instructions, your broker or nominee may cast your vote in its discretion for proposal 1, the election of director, and for proposal 3, the ratification of the appointment of the company's independent registered public accounting firm. Broker non-votes, if any, are included for purposes of attaining a quorum. On proposals where brokers do not have discretionary voting authority, including proposal 2, the adoption and approval of our 2009 Stock Incentive Plan, broker non-votes will have no effect on the outcome of a proposal.

GOVERNANCE OF THE COMPANY

Where can I find information about the governance of the company?

The company has adopted corporate governance principles that, along with the charters of the board committees, provide the framework for the governance of the company. The nominating and corporate governance committee is responsible for annually reviewing the principles and recommending any proposed changes to the board for approval. A copy of our corporate governance principles is posted on our website at <http://ir.interdigital.com> under the heading Corporate Governance, along with the charters of our board committees and other information about our governance practices. We will provide to any person without charge a copy of any of these documents upon written request to our secretary at InterDigital, Inc., 781 Third Avenue, King of Prussia, Pennsylvania 19406-1409.

Code of Ethics

Does the company have a code of ethics?

We have adopted a Code of Ethics that applies to all directors, officers, employees and consultants. In the event that we make any amendment to, or grant any waiver of, a provision of the Code of Ethics, we will disclose the amendment or waiver as required by applicable rules. The Code of Ethics is available on the company's website at <http://ir.interdigital.com> under the heading Corporate Governance. We will provide to any person without charge a copy of our Code of Ethics upon written request to our secretary at InterDigital, Inc., 781 Third Avenue, King of Prussia, Pennsylvania 19406-1409.

Director Independence

How does the board determine which directors are considered independent?

Each year, prior to the annual meeting, the board reviews and assesses the independence of its directors and makes a determination as to the independence of each director based on the recommendation of the nominating and corporate governance committee. During this review, the board considers transactions and relationships between each director or any member of his or her immediate family and our company and its

Table of Contents

subsidiaries and affiliates. The board measures these transactions and relationships against the independence requirements of The NASDAQ Stock Market, LLC. As a result of this review, the board affirmatively determined that Messrs. Harry G. Campagna, Steven T. Clontz, Edward B. Kamins and Robert W. Shaner are independent in accordance with applicable NASDAQ listing standards. To our knowledge, none of the independent directors has any direct or indirect relationships with our company or its subsidiaries and affiliates, other than serving as a director.

On April 27, 2009, the company learned that Robert S. Roath is not an independent director because Mr. Roath has a son who for several years has been a partner at PricewaterhouseCoopers LLP (PwC), the company's independent registered public accounting firm. At a meeting of the board held on April 28, 2009, Mr. Roath resigned from the audit, compensation and nominating and corporate governance committees, effective immediately. In addition, D. Ridgely Bolgiano resigned as a member of the board, effective immediately. Mr. Bolgiano recently retired from his employment as vice president and chief scientist of the company in June 2008 and had planned to step down from his position on the board in the near future. Finally, the board, upon the recommendation of the nominating and corporate governance committee, appointed Mr. Campagna to serve as a member of the audit committee to fill the vacancy caused by Mr. Roath's resignation. As a result of these actions, a majority of the board is comprised of independent directors and the audit, compensation and nominating and corporate governance committees are comprised entirely of independent directors.

Board Leadership

Who is the chairman of the board?

Mr. Campagna, who is an independent director, has served as chairman of the board since April 1996.

Board Structure and Committee Membership

How is the board made up?

Our articles of incorporation provide for a board consisting of three classes of directors with overlapping three-year terms. One class of directors is elected each year with a term extending to the third succeeding annual meeting after election. Due to the passing of Mr. Shaner and the resignation of Mr. Bolgiano, the board reduced its size to five directors and reduced the size of their respective classes to one on an interim basis while the board actively seeks new director candidates.

How often did the board meet during 2008?

The board met eight times during 2008. Each director is expected to attend each meeting of the board and those committees on which he or she serves. No director attended less than 75% of the aggregate of all board meetings and meetings of committees on which the director served during 2008. We usually schedule meetings of the board on the day immediately preceding or following our annual meeting, and, when this schedule is followed, it is the policy of the board that directors are expected to attend our annual meeting. All current directors attended the annual meeting of shareholders in June 2008.

What is the role of the primary board committees?

The board has standing audit, compensation, finance and investment, nominating and corporate governance and executive committees. The audit, compensation and nominating and corporate governance committees are composed entirely of independent directors, as determined by the board in accordance with applicable NASDAQ listing standards. In addition, audit committee members meet additional heightened independence criteria applicable to audit

committee members under applicable NASDAQ listing standards. Each of the

Table of Contents

committees operates under a written charter that has been approved by the board. The table below provides information about the current membership of the committees and the number of meetings held in 2008.

The committee will consider director candidates recommended by our shareholders. Shareholders recommending candidates for consideration by the nominating and corporate governance committee should send their recommendations to our secretary at InterDigital, Inc., 781 Third Avenue, King of Prussia, Pennsylvania 19406-1409. The recommendation must include the candidate's name, biographical data and qualifications.

Any such recommendation should be accompanied by:

Table of Contents

The board endeavors to have members representing diverse experience at policymaking levels in business, finance and technology and other areas that are relevant to the company's global activities. The selection criteria for director candidates include the following:

Each director should be an individual of the highest personal and professional ethics, integrity and values.

Each director should be committed to representing the long-term interests of the company's shareholders and demonstrate a commitment to long-term service on the board.

Each director should have an inquisitive and objective perspective, practical wisdom and mature judgment.

The committee evaluates director candidates recommended by shareholders based on the same criteria used to evaluate candidates from other sources. The nominating and corporate governance committee charter is available on the company's website at <http://ir.interdigital.com> under the heading Corporate Governance.

Finance and Investment Committee

The finance and investment committee assists the board by monitoring, providing advice and recommending action with respect to the investment and financial policies and strategies and capital structure of the company.

Executive Committee

The executive committee holds and is empowered to exercise the authority of the board between board meetings in overseeing the management of the business and affairs of the company.

Communications with the Board

How can shareholders communicate with the board?

Shareholders and other parties interested in communicating directly with any individual director, including the chairman, the board as a whole or the non-management directors as a group may do so by writing to Investor Relations, InterDigital, Inc., 781 Third Avenue, King of Prussia, Pennsylvania 19406-1409, or by sending an email to ***Directors@InterDigital.com***. Our corporate communications department reviews all such correspondence and regularly forwards to the board or specified director a summary of all such correspondence and copies of all correspondence that deals with the functions of the board or its committees or that otherwise requires their attention. Directors may, at any time, review a log of all correspondence we receive that is addressed to members of the board and request copies of any such correspondence.

Communications about Accounting Matters

How can individuals report concerns relating to accounting, internal control or auditing matters?

Concerns relating to accounting, internal control or auditing matters may be submitted by writing to Office of the Ombudsman, P.O. Box 60814, King of Prussia, Pennsylvania 19406. All correspondence will be brought to the attention of the chairman of the audit committee and handled in accordance with procedures established by the audit committee with respect to these matters.

DIRECTOR COMPENSATION

How are directors compensated?

For board participation during fiscal year 2008, our non-management directors each received annual base compensation of \$25,000. They each also received committee participation compensation equal to \$5,000 annually (\$15,000 annually for service as chairman of the executive, compensation, finance and investment and nominating and corporate governance committees and \$30,000 annually for service as chairman of the

Table of Contents

audit committee). Our chairman of the board receives 10,000 restricted stock units (RSUs) (all vesting one year from the grant date) each year on January 15th (or the next preceding trading day if the 15th is not a trading day). In addition, each non-management director receives 2,000 RSUs (all vesting one year from the grant date) at each annual meeting, and all non-management directors who are re-elected at an annual meeting also receive 6,000 RSUs (2,000 vesting each year beginning at the first anniversary of such re-election). All cash payments are based upon service for a full year, and prorated payments are made for service less than a full year. These payments are made on a quarterly basis; however, cash payments and RSU awards may be deferred. An election to defer must be made in the calendar year preceding the year in which services are rendered and the compensation is earned.

The compensation committee is responsible for reviewing and making recommendations to the board about compensation for non-management directors. In 2007, the committee retained Compensation Strategies, Inc. (CSI), to conduct a market review of the company s compensation program for non-management directors. CSI reports directly to the compensation committee. CSI assessed the competitiveness of the company s director compensation as measured against a peer group recommended by CSI and presented its conclusions to the committee in June 2007. After reviewing the information provided by CSI, including CSI s conclusion that the company s director compensation was close to the median among companies in the peer group, the compensation committee concluded that no changes were necessary and ratified the company s annual compensation program for non-management directors effective as of January 1, 2007. In 2008, the compensation committee determined that it was not necessary for CSI to conduct another market review of the company s compensation program for non-management directors, and no changes were made to the company s annual compensation program for non-management directors for 2008. In addition to conducting periodic market reviews of the company s non-management director compensation, CSI discusses major shifts in the marketplace for director compensation with the committee or management, as appropriate, as these shifts occur from time to time. In addition, at least annually, CSI discusses with the chief administrative officer any variables that might affect director compensation to assist the company in its ongoing efforts to provide a compensation program for non-management directors that is competitive. Additional information about CSI appears below under the heading Role of Compensation Committee, Executive Officers and Compensation Consultant in Compensation Decisions.

To align the interests of directors with those of our shareholders, the company has adopted stock ownership guidelines for directors. Individuals are expected to meet their targets within five years of the date they become subject to the guidelines. Stock ownership guidelines applicable to the non-management directors are set at a target of three times their annual cash retainer. Qualifying ownership includes common stock, restricted stock and RSUs. All non-management directors were in compliance with the guidelines as of March 31, 2009.

**Adoption and Approval of the Company's 2009 Stock Incentive Plan
(Proposal 2)**

Overview

On April 27, 2009, the board unanimously adopted and approved the company's 2009 Stock Incentive Plan (2009 Plan), and is submitting the 2009 Plan to shareholders for their adoption and approval at the Annual Meeting. The board believes the company's interests are best advanced by stimulating the efforts of employees, officers, nonemployee directors and service providers, in each case who are selected to be participants, by heightening the desire of such persons to continue working toward and contributing to the success and progress of the company. The 2009 Plan allows grants of incentive and nonqualified stock options, stock appreciation rights, restricted stock and restricted stock units, any of which may be performance-based, and for incentive bonuses. The board has adopted and approved the 2009 Plan to permit the company to continue to use stock-based compensation to align shareholder and participant interests and to motivate participants providing services to the company. The company's stock-based compensation program is currently operated under the company's 1999 Restricted Stock Plan, 2000 Stock Award and Incentive Plan and 2002 Stock Award and Incentive Plan (collectively, the Prior Plans). Upon approval of the 2009 Plan by shareholders, the Prior Plans will be frozen with respect to new awards effective as of the date of our 2009 annual meeting of shareholders. As such, if the 2009 Plan is approved by shareholders, no further awards will be made under any of the Prior Plans after the date of the annual meeting.

Why You Should Vote For the 2009 Plan

The board recommends that the company's shareholders approve the 2009 Plan because it believes the company's ability to grant equity-based awards continues to be crucial in allowing the company to effectively compete for and appropriately motivate and reward key talent. It is in the long-term interest of both the company and its shareholders to strengthen the company's ability to attract, motivate and retain employees, officers, nonemployee directors and certain other service providers and to provide additional incentive for those persons through stock ownership and other incentives to improve financial performance, increase profits and strengthen the mutuality of interest between those persons and the company's shareholders.

Promotion of Good Corporate Governance Practices

The board believes the use of stock-based incentive awards promotes best practices in corporate governance by maximizing shareholder value. By providing participants in the 2009 Plan with a stake in the company's success, the interests of the participants are aligned with those of the company's shareholders. Specific features of the 2009 Plan that are consistent with good corporate governance practices include, but are not limited to:

options and stock appreciation rights may not be granted with exercise prices lower than the fair market value of the underlying shares on the grant date;

there can be no repricing of options or stock appreciation rights without shareholder approval, either by canceling the award in exchange for cash or a replacement award at a lower price or by reducing the exercise price of the award, other than in connection with a change in the company's capitalization;

a change in control will not occur under the 2009 Plan merely upon shareholder approval of a transaction or the commencement or announcement of a tender or exchange offer for the company's shares;

there is no automatic right to accelerated vesting of unvested awards upon the occurrence of a change in control as the 2009 Plan leaves the treatment of awards in connection with a change in control to the administrator (i.e., the compensation committee);

awards generally may not be transferred except by will or the laws of descent and distribution or, if approved by the administrator, to certain family members, family trusts, or family partnerships pursuant to a gift or domestic relations order; and

Table of Contents

the company has the authority under the 2009 Plan to cancel outstanding awards (vested or unvested) in the event the applicable plan participant engages in certain detrimental activity, which is defined in the 2009 Plan to include engaging in any type of disloyalty to the company, conviction of a felony, and materially breaching confidentiality and noncompetition covenants with the company.

Key Data

The following table includes information regarding all of the company's outstanding equity awards and shares available for future awards under the company's equity plans as of March 31, 2009 (and without giving effect to this proposal 2):

Total shares underlying all outstanding options	3,316,877
Weighted average exercise price of outstanding options	\$17.22
Weighted average remaining contractual life of outstanding options	4.41 years
Total shares underlying all outstanding and unvested restricted stock and restricted stock unit awards	1,512,989
Shares available for future awards that could be issued under the Prior Plans	885,561

The company has a three-year historical share utilization rate of 1.1%. A substantial portion of the equity awards granted by the company during the past three years are units attached to specific performance metrics, reflecting a strong link between pay and performance.

Section 162(m) of the Code

The board believes that it is in the best interests of the company and its shareholders to continue to provide for an equity incentive plan under which compensation awards made to the company's executive officers can qualify for deductibility by the company for federal income tax purposes. Accordingly, the 2009 Plan has been structured in a manner such that awards granted under it can satisfy the requirements for performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code of 1986 (the Code). In general, under Section 162(m), in order for the company to be able to deduct compensation in excess of \$1,000,000 paid in any one year to the company's chief executive officer or any of the company's three other most highly compensated executive officers (other than the company's chief financial officer), such compensation must qualify as performance-based. One of the requirements of performance-based compensation for purposes of Section 162(m) is that the material terms of the performance goals under which compensation may be paid be disclosed to and approved by the company's shareholders. For purposes of Section 162(m), the material terms include (i) the employees eligible to receive compensation, (ii) a description of the business criteria on which the performance goal is based and (iii) the maximum amount of compensation that can be paid to an employee under the performance goal. With respect to the various types of awards under the 2009 Plan, each of these aspects is discussed below, and shareholder approval of the 2009 Plan will be deemed to constitute approval of each of these aspects of the 2009 Plan for purposes of the approval requirements of Section 162(m).

Plan Summary

The following summary of the material terms of the 2009 Plan are qualified in their entirety by reference to the complete statement of the 2009 Plan, which is set forth in [Appendix A](#) to this Proxy Statement.

Administration

The 2009 Plan will be administered by a committee of two or more directors designated by the board which shall initially be the compensation committee. Subject to the express provisions of the 2009 Plan, the administrator is authorized and empowered to do all things that it determines to be necessary or appropriate in connection with the administration of the 2009 Plan. In addition, the compensation committee may delegate any or all aspects of the day-to-day administration of the 2009 Plan to one or more officers or employees of the company or any subsidiary, and/or to one or more agents.

Table of Contents

Participants

Any person who is a current or prospective officer or employee of the company or of any subsidiary will be eligible for selection by the administrator for the grant of awards under the 2009 Plan. In addition, nonemployee directors and any service providers who have been retained to provide consulting, advisory or other services to the company or to any subsidiary will be eligible for the grant of awards under the 2009 Plan. Options intending to qualify as incentive stock options (ISOs) within the meaning of Section 422 of the Code may only be granted to employees of the company or any subsidiary. Approximately 280 employees and 5 nonemployee directors currently qualify to participate in the 2009 Plan.

Shares Subject to the Plan and to Awards

The aggregate number of shares of the company's common stock issuable pursuant to the 2009 Plan may not exceed 2,114,439, plus (i) any shares that were authorized for issuance under the Prior Plans that, as of the date of the annual meeting, remain available for issuance under the Prior Plans (not including any shares that are subject to outstanding awards under the Prior Plans or any shares that previously were issued pursuant to awards granted under the Prior Plans) and (ii) any shares subject to outstanding awards under the Prior Plans as of the date of the annual meeting that on or after such date cease for any reason to be subject to such awards (other than by reason of exercise or settlement of the awards to the extent they are exercised for or settled in vested and nonforfeitable shares), subject to adjustment upon a change in the company's capitalization. As noted above, as of March 31, 2009, 885,561 shares remained available for issuance under future awards that could be granted under the Prior Plans (which shares will cease to be available for issuance under the Prior Plans upon shareholder approval of the 2009 Plan).

As such, if the 2009 Plan is approved by shareholders, approximately 3,000,000 shares will initially be available for awards under the 2009 Plan consisting of 2,114,439 new shares and approximately 885,561 shares previously authorized for issuance under the Prior Plans.

The aggregate number of shares issued under the 2009 Plan at any time will equal only the number of shares actually issued upon exercise or settlement of an award. The following shares will again be available for issuance under the 2009 Plan: (a) shares subject to awards that expire, terminate or are unexercised, forfeited or settled in cash; (b) shares subject to awards that have been retained or withheld by the company in payment of the exercise price, purchase price or tax withholding obligation of an award; (c) shares subject to awards that otherwise do not result in the issuance of shares in connection with payment or settlement of an award; and (d) shares that have been delivered to the company in payment or satisfaction of the exercise price, purchase price, or tax withholding obligation.

In each calendar year a participant may be granted awards under the 2009 Plan denominated in shares relating up to his or her annual share limit. A participant's annual share limit, in any calendar year, shall equal 300,000 shares of common stock plus the amount of the participant's unused annual share limit as of the close of the previous year, which number shall be subject in each case to possible adjustment upon a change in the company's capitalization. In each calendar year a participant may be granted awards under the 2009 Plan denominated in cash (and not shares) relating up to his or her annual cash limit. A participant's annual cash limit, in any calendar year, shall equal \$1.5 million plus the amount of the participant's unused annual cash limit as of the close of the previous year.

Option Awards.

The administrator will establish the exercise price per share under each option, which, other than in the event of options granted in connection with a merger or other acquisition, will not be less than the fair market value of a share on the date the option is granted. The administrator will establish the term of each option, which in no case may exceed a period of ten (10) years from the date of grant. Options granted under the 2009 Plan may either be ISOs or

options which are not intended to qualify as ISO s, or nonqualified stock options (NQSOs). ***The 2009 Plan prohibits repricing stock options without shareholder approval.***

Stock Appreciation Rights

A stock appreciation right provides the right to the monetary equivalent of the increase in value of a specified number of the shares over a specified period of time after the right is granted. Stock appreciation rights may be granted to participants either in tandem with or as a component of other awards granted under the 2009 Plan (tandem SARs) or not in conjunction with other awards (freestanding SARs). All freestanding SARs will be granted subject to the same terms and conditions applicable to options as set forth above and in the 2009 Plan and all tandem SARs will have the same exercise price, vesting, exercisability, forfeiture and termination provisions as the award to which they relate.

The 2009 Plan prohibits repricing stock appreciation rights without shareholder approval.

Restricted Stock and Restricted Stock Units

Restricted stock is an award or issuance of shares the grant, issuance, retention, vesting and/or transferability of which is subject during specified periods of time to conditions (including continued employment or performance conditions) and terms as the administrator deems appropriate. Restricted stock units are awards denominated in units of shares under which the issuance of shares is subject to conditions (including continued employment or performance conditions) and terms as the administrator deems appropriate. Participants holding shares of restricted stock granted under the 2009 Plan may exercise full voting rights with respect to those shares during the period of restriction. Participants will have no voting rights with respect to shares underlying restricted stock units unless and until such shares are reflected as issued and outstanding shares on the company s stock ledger. Participants in whose name restricted stock is granted will be entitled to receive all dividends and other distributions paid with respect to those shares, unless determined otherwise by the administrator. shares underlying restricted stock units will be entitled to dividends or dividend equivalents only to the extent provided by the administrator.

Incentive Bonuses

Each incentive bonus will confer upon the participant the opportunity to earn a future payment tied to the level of achievement with respect to one or more performance criteria established for a performance period specified by the administrator. The administrator will establish the performance criteria and level of achievement versus these criteria that will determine the target and maximum amount payable under an incentive bonus, which criteria may be based on financial performance and/or personal performance evaluations.

Deferral of Gains

The administrator may, in an award agreement or otherwise, provide for the deferred delivery of shares upon settlement, vesting or other events with respect to restricted stock or restricted stock units, or in payment or satisfaction of an incentive bonus.

Qualifying Performance Criteria

The administrator may establish performance criteria and level of achievement versus such criteria that will determine the number of shares to be granted, retained, vested, issued or issuable under or in settlement of or the amount payable pursuant to an award, which criteria may be based on qualifying performance criteria (as described below) or other standards of financial performance and/or personal performance evaluations. In addition, the administrator may specify that an award or a portion of an award is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code, provided that the performance criteria for such award or portion of an award that is intended by the administrator to satisfy the requirements for performance-based compensation under Section 162(m) of the Code will be a measure based on one or more qualifying performance criteria selected by the administrator and specified at the time the award is granted. The administrator will certify the extent to which any

qualifying performance criteria has been satisfied, and the amount payable as a result thereof, prior to payment, settlement or vesting of any award that is intended to satisfy the requirements for performance-based compensation under

Table of Contents

Section 162(m) of the Code. Notwithstanding satisfaction of any performance goals, the number of shares issued under or the amount paid under an award may be reduced, but not increased, by the administrator on the basis of such further considerations as the administrator in its sole discretion may determine.

For purposes of the 2009 Plan, the term *qualifying performance criteria* means any one or more of the following performance criteria, or derivations of such performance criteria, either individually, alternatively or in any combination, applied to either the company as a whole or to a business unit or subsidiary, either individually, alternatively or in any combination, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as specified by the administrator: (i) net sales; (ii) earnings from operations, earnings before or after taxes, earnings before or after interest, depreciation, amortization, or extraordinary or special items; (iii) net income or net income per common share (basic or diluted); (iv) return on assets (gross or net), return on investment, return on capital, or return on equity; (v) cash flow, free cash flow, cash flow return on investment (discounted or otherwise), net cash provided by operations, or cash flow in excess of cost of capital; (vi) interest expense after taxes; (vii) economic value added or created; (viii) operating margin or profit margin; (ix) stock price or total shareholder return; (x) average cash balance or cash position; and (xi) strategic business criteria, consisting of one or more objectives based on meeting specified product development, strategic partnering, licensing, research and development, market penetration, geographic business expansion goals, cost targets, customer satisfaction, employee satisfaction, management of employment practices and employee benefits, supervision of litigation and information technology, and goals relating to acquisitions or divestitures of subsidiaries, affiliates or joint ventures.

To the extent consistent with Section 162(m) of the Code, the administrator (i) may appropriately adjust any evaluation of performance under a qualifying performance criteria to eliminate the effects of charges for restructurings, discontinued operations, extraordinary items and all items of gain, loss or expense determined to be extraordinary or unusual in nature or related to the disposal of a segment of a business or related to a change in accounting principle all as determined in accordance with standards established by opinion No. 30 of the Accounting Principles Board (APA Opinion No. 30) or other applicable or successor accounting provisions, as well as the cumulative effect of accounting changes, in each case as determined in accordance with generally accepted accounting principles or identified in the company's financial statements or notes to the financial statements, and (ii) may appropriately adjust any evaluation of performance under a qualifying performance criteria to exclude any of the following events that occurs during a performance period: (a) asset write-downs, (b) litigation, claims, judgments or settlements, (c) the effect of changes in tax law or other such laws or provisions affecting reported results, (d) accruals for reorganization and restructuring programs and (e) accruals of any amounts for payment under the 2009 Plan or any other compensation arrangement maintained by the company.

Settlement of Awards

Awards, may be settled in shares, cash or a combination thereof, as determined by the administrator.

Amendment and Termination

The board may amend, alter or discontinue the 2009 Plan and the administrator may amend, or alter any agreement or other document evidencing an award made under the 2009 Plan, except no such amendment may, without the approval of the shareholders of the company (other than in respect of a change in the company's capitalization): increase the maximum number of shares for which awards may be granted under the 2009 Plan; reduce the exercise price of outstanding options; extend the term of the 2009 Plan; change the class of persons eligible to be participants; otherwise amend the 2009 Plan in any manner requiring shareholder approval by law or under the NASDAQ Global Select Market listing requirements; or increase the individual maximum limits set forth in the 2009 Plan.

No amendment or alteration to the 2009 Plan or an award or award agreement may be made which would impair the rights of the holder of an award, without such holder's consent, provided that no such consent will be required if the administrator determines in its sole discretion and prior to the date of any change in control

Table of Contents

that such amendment or alteration either is required or advisable in order for the company, the 2009 Plan or the award to satisfy any law or regulation or to meet the requirements of or avoid adverse financial accounting consequences under any accounting standard.

Change in Control

Unless otherwise expressly provided in an award agreement or another contract, including an employment agreement, or under the terms of a transaction constituting a change in control (as defined in the 2009 Plan), the administrator may provide for the acceleration of the vesting and, if applicable, exercisability of any outstanding award, or the lapsing of any conditions of restrictions on or the time for payment in respect of any outstanding award, upon termination of the participant's employment following a change in control. In addition, unless otherwise expressly provided in an award agreement or another contract, including an employment agreement, or under the terms of a transaction constituting a change in control, the administrator may provide that any or all of the following will occur in connection with a change in control: (i) the substitution for the shares subject to any outstanding award, stock or other securities of the surviving corporation or any successor corporation to the company, in which event the aggregate purchase or exercise price, if any, of such award will remain the same, (ii) the conversion of any outstanding award into a right to receive cash or other property upon or following the consummation of the change in control in an amount equal to the value of the consideration to be received by holders of shares in connection with such transaction for one share, less the per share purchase or exercise price of such award, if any, multiplied by the number of shares subject to such award, and/or (iii) the cancellation of any outstanding and unexercised awards upon or following the consummation of the change in control.

Adjustments

In the event that any dividend or other distribution (whether in the form of cash, shares, other securities or other property), stock split or a combination or consolidation of the outstanding shares into a lesser number of shares, is declared with respect to the shares, the authorization limits provided in the 2009 Plan may be increased or decreased proportionately, and the shares then subject to each award may be increased or decreased proportionately without any change in the aggregate purchase price of those shares. In the event the shares will be changed into or exchanged for a different number or class of shares of stock or securities of the company or of another corporation, whether through recapitalization, reorganization, reclassification, merger, consolidation, split-up, spin-off, combination, repurchase or exchange of shares or other securities of the company, issuance of warrants or other rights to purchase shares or other securities of the company, or any other similar corporate transaction or event affects the shares such that an equitable adjustment would be required in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the 2009 Plan, then the authorization limits provided in the 2009 Plan may be adjusted proportionately, and an equitable adjustment may be made to each share subject to an award such that no dilution or enlargement of the benefits or potential benefits occurs.

Transferability

Awards may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated by a participant other than by will or the laws of descent and distribution, and each option or stock appreciation right may be exercisable only by the participant during his or her lifetime. Notwithstanding the foregoing, to the extent permitted by the administrator, the person to whom an award is initially granted may make certain limited transfers to certain family members, family trusts, or family partnerships.

No Right to Company Employment

Nothing in the 2009 Plan or an award agreement will interfere with or limit in any way the right of the company, its subsidiaries and/or its affiliates to terminate any participant's employment, service on the board or service for the company at any time or for any reason not prohibited by law, nor will the 2009 Plan or an award itself confer upon any participant any right to continue his or her employment or service for any

Table of Contents

specified period of time. Neither an award nor any benefits arising under the 2009 Plan will constitute an employment contract with the company, any subsidiary and/or its affiliates.

Compliance with Law

The 2009 Plan, the grant, issuance, vesting, exercise and settlement of awards thereunder, and the obligation of the company to sell, issue or deliver shares under such awards, will be subject to all applicable foreign, federal, state and local laws, rules and regulations, stock exchange rules and regulations, and to such approvals by any governmental or regulatory agency as may be required. The company will not be required to issue or deliver any certificates for shares prior to the completion of any registration or qualification of such shares under any federal or state law or issuance of any ruling or regulation of any government body which the company will, in its sole discretion, determine to be necessary or advisable.

Effective Date and Termination of the 2009 Plan

The 2009 Plan will become effective on June 4, 2009, subject to approval by the company's shareholders. The 2009 Plan will remain available for the grant of awards until the tenth (10th) anniversary of the effective date.

Federal Income Tax Treatment

The following discussion of the federal income tax consequences of the 2009 Plan is intended to be a summary of applicable federal law as currently in effect. It should not be taken as tax advice by 2009 Plan participants, who are urged to consult their individual tax advisors.

Stock Options

ISOs and NQSOs are treated differently for federal income tax purposes. ISOs are intended to comply with the requirements of Section 422 of the Code. NQSOs do not comply with such requirements.

An optionee is not taxed on the grant or exercise of an ISO. The difference between the exercise price and the fair market value of the shares on the exercise date will, however, be a preference item for purposes of the alternative minimum tax. If an optionee holds the shares acquired upon exercise of an ISO for at least two years following the option grant date and at least one year following exercise, the optionee's gain, if any, upon a subsequent disposition of such shares is long term capital gain. The measure of the gain is the difference between the proceeds received on disposition and the optionee's basis in the shares (which generally equals the exercise price). If an optionee disposes of stock acquired pursuant to exercise of an ISO before satisfying these holding periods, the optionee will recognize both ordinary income and capital gain in the year of disposition. The company is not entitled to an income tax deduction on the grant or exercise of an ISO or on the optionee's disposition of the shares after satisfying the holding period requirement described above. If the holding periods are not satisfied, the company will be entitled to a deduction in the year the optionee disposes of the shares in an amount equal to the ordinary income recognized by the optionee.

In order for an option to qualify for ISO tax treatment, the grant of the option must satisfy various other conditions more fully described in the Code. The company does not guarantee that any option will qualify for ISO tax treatment even if the option is intended to qualify for such treatment. In the event an option intended to be an ISO fails to so qualify, it will be taxed as an NQSO described below.

An optionee is not taxed on the grant of an NQSO. On exercise, the optionee recognizes ordinary income equal to the difference between the exercise price and the fair market value of the shares acquired on the date of exercise. The company is entitled to an income tax deduction in the year of exercise in the amount recognized by the optionee as

ordinary income. The optionee's gain (or loss) on subsequent disposition of the shares is long term capital gain (or loss) if the shares are held for at least one year following exercise. The company does not receive a deduction for this gain.

Table of Contents

Stock Appreciation Rights

An optionee is not taxed on the grant of a stock appreciation right. On exercise, the optionee recognizes ordinary income equal to the cash or the fair market value of any shares received. The company is entitled to an income tax deduction in the year of exercise in the amount recognized by the optionee as ordinary income.

Restricted Stock and Restricted Stock Units

Grantees of restricted stock or restricted stock units do not recognize income at the time of the grant. When the award vests or is paid, grantees generally recognize ordinary income in an amount equal to the fair market value of the stock or units at such time, and the company will receive a corresponding deduction. However, no later than 30 days after a participant receives an award of restricted stock, the participant may elect to recognize taxable ordinary income in an amount equal to the fair market value of the shares at the time of receipt. Provided that the election is made in a timely manner, when the restrictions on the shares lapse, the participant will not recognize any additional income. If the participant forfeits the shares to the company (e.g., upon the participant's termination prior to vesting), the participant may not claim a deduction with respect to the income recognized as a result of the election. Dividends paid with respect to unvested shares of restricted stock generally will be taxable as ordinary income to the participant at the time the dividends are received.

Incentive Bonuses

A participant will have taxable income at the time an incentive bonus award becomes payable, and, if the participant has timely elected deferral to a later date, such later date. At that time, the participant will recognize ordinary income equal to the value of the amount then payable.

Company Deduction and Section 162(m)

For the individual serving as the chief executive officer of the company at the end of the taxable year and for the individuals serving as officers of the company or a subsidiary at the end of such year who are among the three highest compensated officers (other than the chief executive officer and chief financial officer) for proxy reporting purposes, Section 162(m) limits the amount of compensation otherwise deductible by the company and its subsidiaries for such year to \$1,000,000 for each such individual except to the extent that such compensation is performance-based compensation. The company expects that NQSOs, ISOs and stock appreciation rights should qualify as performance-based compensation. The compensation committee may establish performance conditions and other terms with respect to grants of restricted stock, restricted stock units and incentive compensation awards in order to qualify such grants as performance-based compensation for purposes of Section 162(m).

New Plan Benefits.

The benefits that will be awarded or paid under the 2009 Plan are not currently determinable. Such awards are within the discretion of the compensation committee, and the compensation committee has not determined future awards or who might receive them. Information about awards granted in fiscal year 2008 under the company's prior plans to the company's named executive officers can be found in the table under the heading "Grants of Plan-Based Awards" on page 35 of this proxy statement. As of April 7, 2009, the closing price of a share of the company's common stock was \$25.76.

**Audit Committee Pre-Approval Policy for Audit and Non-Audit Services
of Independent Registered Public Accounting Firm**

The audit committee's policy requires that it pre-approve all audit and non-audit services to be performed by the company's independent registered public accounting firm. Unless a service falls within a category of services that the audit committee has pre-approved, an engagement to provide the service requires pre-approval by the audit committee. Also, proposed services exceeding pre-approved cost levels require specific pre-approval.

Consistent with the rules established by the SEC, proposed services to be provided by the company's independent registered public accounting firm are evaluated by grouping the service fees under one of the following four categories: *Audit Services*, *Audit-Related Services*, *Tax Services* and *All Other Services*. All proposed services are discussed and approved by the audit committee. The audit committee does not pre-approve services related only to the broad categories noted above.

The audit committee has delegated pre-approval authority to its chairman for cases where services must be expedited. The company's management provides the audit committee with reports of all pre-approved services and related fees by category incurred during the current fiscal year, with forecasts of additional services anticipated during the year.

All of the services related to fees disclosed above were pre-approved by the audit committee.

EXECUTIVE COMPENSATION

Compensation Committee Report

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on its review and discussions, has recommended to the board that the Compensation Discussion and Analysis be included in this proxy statement.

COMPENSATION COMMITTEE:

Harry G. Campagna, Chairman
Steven T. Clontz
Robert S. Roath(1)

(1) Mr. Roath resigned from his position as a member of the compensation committee on April 28, 2009.

Compensation Discussion and Analysis

This Compensation Discussion and Analysis focuses on the company's compensation strategy, programs and practices for 2008 for the executive officers named in the Summary Compensation Table (the "named executive officers") that follows this discussion.

Compensation Objectives and Philosophy

The compensation and benefits provided to the company's named executive officers generally have, as their primary purpose, the attraction, retention and motivation of talented employees who will drive the execution of the company's strategic plan, encourage stock ownership and create long-term value for shareholders.

Table of Contents

The core objectives of the company's compensation program are to:

Provide a uniform and equitable means of recognizing and rewarding named executive officers based on their individual and collective contributions to company, departmental and individual goals with an overarching "pay for performance" philosophy;

Provide that all elements of our compensation program (base pay, incentive compensation, equity awards) remain competitive through regular assessments of market conditions, the use of industry-specific surveys and routine benchmarking of peer company compensation practices and programs; and

Incorporate flexibility in order to meet the rapidly changing market dynamics of the telecommunications industry.

The company's total compensation program is part of an overall strategy to create an environment of collective effort toward common goals, to give each named executive officer both short- and long-term stakes in the success of the company and to reward named executive officers appropriately when company performance meets or exceeds desired objectives.

Factors Considered in Setting Compensation

In establishing compensation for the named executive officers, the compensation committee exercises its judgment after considering the following factors:

Company performance relative to established corporate goals;

Compensation levels at our peer group companies; and

The individual performance of the named executive officers.

In evaluating the accomplishment of 2008 goals and related compensation awards for the named executive officers, the compensation committee considered the company's strong performance during 2008. During 2008, the company entered into a patent license agreement with Samsung, a top-5 3G handset manufacturer; secured agreements with several other patent and technology licensees; delivered solid financial results; significantly matured the patent licensing business; and secured a product design win for its SlimChip family of mobile broadband modem solutions. The compensation committee also considered the extent to which the company achieved corporate goals established under the company's Annual Employee Bonus Plan and Long Term Compensation Program (LTCP), as well as the chief executive officer's assessment regarding the company's achievement of the corporate goals. The committee determined that the company achieved 100% of the 2008 corporate goals under the Annual Employee Bonus Plan.

The compensation committee also considered the compensation practices of other companies in the telecommunications/communications industry. Consistent with the core objectives of the company's compensation program, the compensation committee seeks to provide compensation that is competitive in light of current market conditions and industry practices. Accordingly, the compensation committee reviews data on peer group companies to gain a general perspective on the compensation levels and practices at these companies and to assess the relative competitiveness of the compensation paid to the company's named executive officers. The peer group data serve as a reference point and guideline for the compensation committee in evaluating competitiveness; the committee does not target compensation for individual named executive officers to specific benchmarks. As discussed above, the compensation committee has engaged CSI to assist it in the process of identifying peer group companies and gathering information on their practices. As part of the market review conducted in 2007, CSI identified a peer group that

included 21 companies generally from the technology/communications industry sector, including several companies that had patent/licensing components to their businesses. The peer group companies had annual revenues ranging from \$160 million to

Table of Contents

\$1 billion, with median revenue of approximately \$410 million. The companies comprising the peer group were:

ADTRAN Inc.	Avocent Corporation
C-COR Incorporated	Ciena Corporation
Comtech Telecommunications Corp.	DSP Group, Inc.
Harmonic Inc.	Infospace, Inc.
Macrovision Corporation	Openwave Systems Inc.
PMC-Sierra Inc.	Polycom, Inc.
Powerwave Technologies, Inc.	Rambus Inc.
RF Micro Devices Inc.	Skyworks Solutions Inc.
Sonus Networks, Inc.	Tekelec
Tessera Technologies Inc.	TriQuint Semiconductor Inc.
Viasat Inc.	

CSI gathered available information about individual positions, elements of compensation and overall compensation at the peer group companies and provided the compensation committee with this data, which the compensation committee reviewed. Although the compensation committee does not specifically target the median in setting compensation for the named executive officers, the company's practice has been to pay at the median for comparable roles in the marketplace in order to attract, retain and motivate talented leaders. In 2008, the compensation committee determined that it was not necessary for CSI to conduct another market review of the company's compensation programs, and no significant changes were made to the company's compensation programs for 2008.

The third factor that the compensation committee considered in determining compensation for our named executive officers in 2008 was individual performance, including the chief executive officer's assessment of the other named executive officers' individual performance. The compensation committee considered individual performance when setting both base salaries and the amount of the named executive officers' annual bonuses, which, as discussed below, are based 25% on individual performance. As a result of these factors, base salary and annual bonuses for the named executive officers increased during 2008 as compared to 2007.

Role of Compensation Committee, Executive Officers and Compensation Consultant in Compensation Decisions

The compensation committee determines the structure and amount of all named executive officer compensation. The committee has final authority with respect to these compensation decisions. The committee considers the recommendations of the chairman of the board in determining the base salary of the chief executive officer and the individual performance component of his annual bonus. As part of the annual performance and compensation review for our named executive officers other than the chief executive officer, the committee considers the chief executive officer's assessment of each named executive officer's individual performance, including identification of major individual accomplishments, and his recommendations with respect to their compensation. In addition, the chief executive officer provides an assessment to the compensation committee regarding the extent to which the company achieved corporate goals established under the company's Annual Employee Bonus Plan and LTCP. From time to time, the compensation committee may also receive information from other executive officers about matters such as compensation trends and changes in the law that might affect the terms of the company's compensation plans.

The compensation committee has retained CSI to assist the committee by providing relevant market data (including peer group benchmarking) and by making recommendations to the committee regarding the structure and amounts of various components of executive compensation. CSI reports directly to the compensation committee. As discussed above under the heading "How are directors compensated?", CSI conducts periodic market reviews of the company's non-management director compensation and provides other advice to the committee on director compensation matters.

In addition, from time to time, CSI may advise the board and management on an ad hoc basis about discrete compensation-related issues. In June 2007, at the

Table of Contents

compensation committee's direction, CSI conducted a market review of the company's compensation levels for its senior executives. As discussed in more detail below, CSI assessed the competitiveness of the company's named executive officer compensation as measured against a peer group recommended by CSI. In 2008, the compensation committee determined that it was not necessary for CSI to conduct another market review of the company's named executive officer compensation, and no significant changes were made to the company's named executive officer compensation for 2008.

Elements of Executive Compensation Overview

The various elements of our compensation program are designed to promote specific compensation objectives, with a view toward furthering the three core objectives of the program, which are described above. The company's compensation program for its named executive officers includes a mix of current and long-term compensation, both of which have cash and equity components.

The basic components of the named executive officers' current compensation are:

Base salary;

Annual bonus;

401(k) matching and profit-sharing contributions; and

Supplemental payment program.

Long-term compensation for the named executive officers is paid out under the LTCP, as more fully described below. The LTCP has two components: (i) equity (in the form of time- and performance-based RSUs) and (ii) a long-term incentive cash award based on the achievement of corporate goals after the completion of cycles that are generally three years in length.

As a retention incentive, every employee of the company receives a cash supplemental payment equal to 3.5% of the employee's base salary, as discussed further below under Supplemental Payment and Profit-Sharing Programs. In 2008, all executive-level employees, including the named executive officers, declined to participate in the supplemental payment program. For 2009, each executive-level employee, including each named executive officer, received a one-time grant of 1,000 shares of the company's common stock, which are subject to a one-year restriction on transferability. The named executive officers are also eligible for and participate in a variety of savings, health and welfare plans that are available to all U.S. employees of the company.

The company has not established formal goals or policies for allocating between cash and non-cash compensation for our named executive officers. Similarly, the company has not established formal goals or policies for allocating between current and long-term compensation for our named executive officers. Instead, we believe that the structures of the Annual Employee Bonus Plan and the LTCP, as described in more detail below, result in allocations that are market-competitive, fair and reasonable in this regard.

Current Compensation

Base Salary

Base salary is the guaranteed element of a named executive officer's annual cash compensation. Base salaries for the company's named executive officers are designed to attract and retain highly qualified individuals. The compensation

committee approves base salaries for the named executive officers annually based on the committee's assessment of each named executive officer's individual performance during the prior year and his or her experience and scope of responsibilities within the company. The committee also considers salaries paid to similarly situated executives within the company's peer group and information on changes in the Consumer Price Index provided by management.

In 2008, salary adjustments for our named executive officers were based primarily on individual performance and peer group data. Although the compensation committee does not specifically target the median in setting compensation for the named executive officers, the company's practice has been to pay at

Table of Contents

the median for comparable roles in the marketplace in order to attract, retain and motivate talented leaders. Individual adjustments were made after the compensation committee considered the performance of each executive, together with job tenure, individual responsibilities, the unique nature of certain positions and other elements of the individual's annual cash, total and projected compensation. Salary adjustments for 2008 resulted in increases ranging from 3% to 7% for the named executive officers except Mr. Shay, who received an additional 9.8% increase based on his appointment as president of the company's patent holding subsidiaries and as executive vice president, intellectual property, and chief intellectual property counsel of the company, with management oversight for the company's patent litigation, licensing and portfolio matters.

Annual Bonuses

Bonus awards are designed to reward the achievement of annual business goals and reward the individual accomplishments of the named executive officers. Bonuses are payable to the named executive officers under the company's Annual Employee Bonus Plan. The targeted annual bonus of each of the company's named executive officers is set as a percentage of salary. For 2008, that percentage was 57% for Mr. Merritt, 50% for Mr. Shay and 40% for the other named executive officers. The amount awarded is based 75% on achievement of annual corporate goals and 25% on individual performance.

In 2008, the primary corporate goals were securing additional patent and technology licenses, securing a meaningful product design win, enhancing the company's intellectual property portfolio and strengthening the organization. The specific goals, and the relative weights assigned to each, were as follows:

Goal	Description	Target Weight
Top-5 3G handset licensing	The number of licensees licensed in the year correspond to the attainment of 0% to 300% of the designated target weight percentage	25%
Non-top-5 handset licensing	The number of licensees licensed in the year correspond to the attainment of 0% to 100% of the designated target weight percentage	10%
Product business	Secure a meaningful product design win to attain between 0% and 100% of the designated target weight percentage	10%
IP business	The number of modem IP licensees licensed in the year correspond to the attainment of 0% to 100% of the designated target weight percentage	10%
Cash spending	Excluding litigation, arbitration, annual bonus and other non-operational expenses, hold cash spending below a specified dollar amount to attain between 0% and 130% of the designated target weight percentage	15%
Acquisitions/investments	Build pipeline of acquisition/investment opportunities to attain between 0% and 100% of the designated target weight percentage	10%
IPR positioning	Obtain a minimum number of patented or patentable contributions accepted into the various standards bodies applicable to the company to attain between 0% and 100% of the designated target weight percentage	12.5%
Organizational development		7.5%

Complete and implement development plans, rotational assignments, training compliance and annual organizational reviews to attain between 0% and 100% of the designated target weight percentage

TOTAL

100%

The annual corporate goals are generally structured to challenge management to achieve results that collectively yield a payout at or about 100% of target. At the end of 2008, the chief executive officer provided his assessment to the compensation committee regarding the extent to which the company achieved the annual corporate goals. The committee considered this assessment and also discussed various other factors that contributed to the company's successes in areas not identified in the goals enumerated under the plan.

Table of Contents

Following discussion among the members, the compensation committee determined that the company achieved 100% of the 2008 annual corporate goals.

In determining the annual bonus of the chief executive officer for 2008, the compensation committee considered the recommendations of the chairman of the board and reviewed the individual performance of the chief executive officer in 2008. For the other named executive officers, the compensation committee reviewed the performance assessments provided by the chief executive officer. The compensation committee also has discretion to exercise its judgment based on interactions with each named executive officer. As noted above, the amount awarded as annual bonus is based 75% on achievement of annual corporate goals and 25% on individual performance. The payout under the portion of the annual bonus attributable to individual performance may range from 0% to 150% of the target amount for such portion, depending upon the individual executive's performance assessment.

With respect to the fiscal 2007 annual bonuses paid to the named executive officers in 2008, 30% of each was in the form of shares of the company's common stock, which are subject to a two-year restriction on transferability. The purpose of paying a portion of the annual bonuses in the form of equity was to enhance senior management stock ownership and foster the alignment of senior management's interests with those of our shareholders. Due to the restriction on transfer, the officers also received a tax gross-up on the value of the bonus shares, which was intended to ensure that the amount of the officers' annual bonus equaled what they otherwise would have received if the bonus was paid entirely in cash. The annual bonuses for fiscal 2008 paid to the named executive officers in 2009 were entirely in cash.

Savings and Protection (401(k)) Plan

The company's Savings and Protection Plan (the 401(k) Plan) is a tax-qualified retirement saving plan pursuant to which employees, including the named executive officers, are able to contribute the lesser of 100% of their annual base salary or the limit prescribed by the Internal Revenue Service (IRS) on a pre-tax basis. The company provides a 50% matching contribution, paid in shares of company common stock, on the first 6% of an employee's salary contributed to the 401(k) plan, up to the cap mandated by the IRS.

Supplemental Payment and Profit-Sharing Programs

The supplemental payment program provides all employees with an annual cash payment equal to 3.5% of their annual base salary, payable quarterly in arrears. This program is designed to reduce the need to provide any perquisites to employees and to serve as a retention incentive. In 2008, all executive-level employees, including the named executive officers, declined to participate in the supplemental payment program. For 2009, each executive-level employee, including each named executive officer, received a one-time grant of 1,000 shares of the company's common stock, which are subject to a one-year restriction on transferability. The purpose of paying the supplement in the form of equity is to enhance senior management stock ownership, thereby fostering the alignment of senior management's interests with those of our shareholders.

In addition, the compensation committee approved a profit-sharing 401(k) contribution to each employee, including the named executive officers, of 1.5% of the employee's salary earned in 2008, up to the cap mandated by the IRS, which was paid in shares of company common stock in first quarter 2009.

Long-Term Incentives

The company's LTCP is designed to incentivize the named executive officers to achieve strong corporate performance aligned with the company's long-term strategic plan, to align the interests of the named executive officers with shareholders and to attract and retain highly qualified individuals. The LTCP is comprised of both equity and cash

components, which include:

Performance-based and time-based RSU awards; and

A performance-based cash award.

Table of Contents

The LTCP consists of overlapping cycles that are generally three years in length. The first cycle under the program covered the period from April 1, 2004 to January 1, 2006 (Cycle 1) and included both RSU and cash components. The second cycle originally covered the period from January 1, 2005 to January 1, 2008 (Cycle 2) and also included both RSU and cash components. In second quarter 2005, the compensation committee amended the LTCP to revise only the cash award portion of Cycle 2 to cover a 3 1/2-year period from July 1, 2005 through December 31, 2008 (Cycle 2a). The compensation committee amended the LTCP because it believed that several events, including the conclusion of a major arbitration that would have had a significant one-time effect on achievement of corporate goals, and the appointment of a new chief executive officer, warranted the establishment of new long-term goals, and because the parallel cycles that previously existed resulted in erratic expense patterns for the company every other year. The RSU component of the third cycle (RSU Cycle 3) began on January 1, 2007 and runs to January 1, 2010; the cash component of the third cycle (Cash Cycle 3) began on January 1, 2008 and runs through December 31, 2010. The RSU component of the fourth cycle (RSU Cycle 4) began on January 1, 2009 and runs to January 1, 2012; the cash component of the fourth cycle (Cash Cycle 4) will begin on January 1, 2010 and run through December 31, 2012.

Participants may earn a pro-rata portion of their awards under the LTCP in the event of death, disability or retirement or if the company terminates their employment without cause. Participants also may earn their full awards in the event of a change in control of the company as defined under the LTCP.

Equity Awards

Each named executive officer receives RSU awards under the LTCP based on a percentage of their base salary at the time of grant. Awards under the LTCP are paid out at the end of each cycle for all participants. Until 2006, the equity component of the LTCP consisted solely of time-based RSUs. To align management's compensation with corporate performance more closely, in August 2006 members of senior management were offered the opportunity to exchange 50% of their then-current time-based RSUs (from Cycle 2) for an equal number of performance-based RSUs, with the level of payout tied to the company's achievement of pre-approved performance goals established by the compensation committee. All the named executive officers participated in this exchange offer, other than Mr. McQuilkin, who joined the company in July 2007 and was therefore not eligible to participate in the equity award portion of Cycle 2. In December 2006, the LTCP was amended so that, beginning with RSU Cycle 3, executives now receive 50% of their RSU grant as performance-based RSUs and 50% as time-based RSUs.

Under the performance-based RSU component of the LTCP, 100% achievement of the corporate goals set by the compensation committee results in a 100% payout of the performance-based RSU incentive target amounts. For each 1% change above or below 100% achievement, the actual award amount is adjusted by four percentage points, with a minimum payout of 80% of target and a maximum payout of 300%. For performance that falls below 80% of target, no RSU payout would occur.

RSU Cycle 4

The amount of RSUs (both time- and performance-based) granted on January 1, 2009 pursuant to RSU Cycle 4 to each named executive officer was based on the following percentages of base salary:

Named Executive Officer	Percentage of Base Salary
William J. Merritt	120%
Scott A. McQuilkin	100%

Mark A. Lemmo	90%
William C. Miller	90%
Lawrence F. Shay	100%

The goals associated with RSU Cycle 4 are being formulated in light of the company's recent decision to expand its technology development and licensing business and realign its SlimChip business. The payout may exceed or be less than the targeted percentage of base salary depending on the company's level of goal

Table of Contents

achievement, or there may be no payout at all if the company fails to meet the minimum performance goals for the cycle.

Cash Awards

The cash portion of the LTCP provides performance-based cash awards to the named executive officers based on the company's achievement of pre-approved performance goals established by the compensation committee for each program cycle. As with the equity component discussed above, each participant's target award is established as a percentage of their base salary in effect at the start of each cycle, and the payout is based on the company's achievement of the applicable long-term goals.

Cycle 2a

For Cycle 2a, the percentages of July 1, 2005 base salaries used to calculate the LTCP cash awards to the named executive officers were as follows:

Named Executive Officer	Percentage of Base Salary
William J. Merritt	120%
Scott A. McQuilkin(1)	80%
Mark A. Lemmo	90%
William C. Miller	80%
Lawrence F. Shay	80%

(1) Mr. McQuilkin's prorated award under Cycle 2a was based on 80% of his salary on July 9, 2007, his date of hire.

The objectives underlying the goals established for Cycle 2a were to drive the company's strategic plan and complement the annual bonus plan goals. The goals associated with Cycle 2a were: (i) achieve patent licensing / technology solutions revenue coverage at a specified target percentage of the 3G market on terms consistent with our strategic plan; (ii) generate a specified amount of free cash flow over the period of the cycle; and (iii) expand the company's business beyond 3G baseband through the execution of additional agreements.

The Cycle 2a goals were structured to challenge management to achieve results that collectively yield a payout at or about 100% of target. The compensation committee reviewed progress toward these goals as of December 31, 2008 and authorized payouts at the 175% level, which reflects the company's overachievement of the goal relating to free cash flow. The committee also took note that the company was then evaluating a number of strategic options for its modem business, and, therefore, with respect to certain executive officers, including each of the named executive officers, the committee deferred payment of 30% of the amounts due to those executive officers, including each named executive officer, until resolution of the strategic direction of the company's modem business. Accordingly, 70% of each of the Cycle 2a payout amounts earned by the named executive officers was paid on January 30, 2009. With the announcement on March 30, 2009 that the company plans to cease further product development of its SlimChip HSPA technology and proceed to monetize the product investment through technology licensing, the remaining 30% of each of the amounts due to the named executive officers pursuant to Cycle 2a is expected to be paid in June 2009.

Table of Contents***Cash Cycle 3***

For Cash Cycle 3, the percentages of January 1, 2008 base salaries used to calculate the LTCP cash awards to the named executive officers were as follows:

Named Executive Officer	Percentage of Base Salary
William J. Merritt	120%
Scott A. McQuilkin	90%
Mark A. Lemmo	90%
William C. Miller	90%
Lawrence F. Shay	100%

The objectives underlying the goals established for Cash Cycle 3 are to drive the company's strategic plan and complement the annual bonus plan goals. The goals associated with Cash Cycle 3 are: (i) achieve patent licensing / technology solutions revenue coverage at a specified target percentage of the 3G market on terms consistent with our strategic plan and (ii) generate a specified amount of free cash flow over the period of the cycle.

The Cash Cycle 3 goals are structured to challenge management to achieve results that collectively yield a payout at or about 100% of target. The payout may exceed or be less than the targeted percentage of base salary depending on the company's level of goal achievement, or there may be no payout at all if the company fails to meet the minimum performance goals for the cycle.

Grant Practices

The timing and amount of the grants under the LTCP are formulaic. In the case of the Annual Employee Bonus Plan, as discussed above, for 2008 30% of the annual bonus of each of the named executive officers was paid in the form of shares of the company's common stock, which are subject to a two-year restriction on transferability. At the direction of the compensation committee, the number of shares awarded is calculated by dividing the applicable dollar amount by the closing fair market value of the company's common stock on the last business day immediately preceding the payroll date on which bonuses are paid to the named executive officers.

The terms and conditions of the LTCP provide that RSU grant values are calculated as a target percentage of the named executive officer's base salary at either the beginning of the cycle or, if the named executive officer joined the company mid-cycle, his or her date of hire. This amount is then divided by the fair market value of the company's common stock either at the beginning of the cycle or the date of hire, as applicable, to determine the number of RSUs to be granted. For example, if a named executive officer's target RSU award value is equal to 90% of his or her \$250,000 base salary (i.e., \$225,000), and the closing fair market value of our common stock on the last business day of the year prior to the commencement of the cycle is \$30, the named executive officer would automatically be granted 7,500 RSUs on the first day of the new cycle. Half of the total award, or 3,750 RSUs, would be time-based, with the remaining half being performance-based.

The compensation committee believes that the procedures described above for setting the grant date of equity awards provides assurance that the grant timing does not take advantage of material non-public information.

Impact of Tax Treatment

Section 162(m) of the Internal Revenue Code generally limits the company's tax deduction for compensation paid to its chief executive officer and other named executive officers (excluding the chief financial officer) to \$1 million per person in any tax year. Qualified performance-based compensation is not subject to the deduction limit if specified requirements are met. The compensation committee has considered the effects of Section 162(m) when implementing compensation plans and taken into account whether preserving the tax deductibility of compensation to named executive officers could impair the operation and effectiveness of the company's compensation programs. However, the committee believes it is important to maintain flexibility to

Table of Contents

make adjustments to the company's LTCP, despite the fact that in the future certain amounts paid to executives in excess of \$1 million may not be deductible. For 2008, there was no compensation paid in excess of the \$1 million threshold under Section 162(m).

Stock Ownership Guidelines

To align the interests of senior officers with those of our shareholders, the company has established minimum stock ownership guidelines for senior officers. Individuals are expected to meet their targets within five years of the date they become subject to the guidelines. The compensation committee established the guidelines with the advice of CSI, and the committee monitors compliance with the guidelines on an annual basis. Qualifying ownership includes common stock, including common stock held through the company's 401(k) plan, restricted stock and RSUs. The chief executive officer's target ownership is set at an amount of company common stock equal in value to four times his current annual base salary. In 2008, the compensation committee increased the minimum stock ownership guidelines for some of the company's other senior officers. As a result, the other named executive officers are expected to own company stock valued at a multiple of at least two or three times their current annual base salary. All of the named executive officers were in compliance with the guidelines as of March 31, 2009.

Employment Agreements

The company has entered into employment agreements with each of the named executive officers that provide severance payments and benefits in the event of termination of employment under specified circumstances, including termination of the named executive officer's employment within one year after a change of control of the company as defined in the employment agreement. Severance payments and benefits provided under the employment agreements are used to attract and retain executives in a competitive industry that has experienced ongoing consolidation and to ease an individual's transition in the event of an unexpected termination of employment due to changes in the company's needs. Information regarding the nature and circumstances of payouts upon termination is provided under the heading "Potential Payments Upon Termination or Change in Control."

(1) Represents the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year for time-based and performance-based RSUs computed in accordance with FAS 123R (excluding risk of forfeitures related to service-based vesting conditions) and determined using the closing price of the company's common stock on the date of grant. Additional information relating to assumptions used in determining such values is incorporated by reference to Note 11 to the consolidated financial statements set forth in the company's annual report on Form 10-K for the year ended December 31, 2008.

(2) Amounts reported for fiscal 2008 include the value of bonuses paid under the company's Annual Employee Bonus Plan and payouts earned pursuant to Cycle 2a under the LTCP. Amounts reported for fiscal 2007 and fiscal 2006

represent bonuses paid under the company's Annual Employee Bonus Plan, which had previously been reported under a Bonus column. Amounts previously reported for fiscal 2007 and fiscal 2006 represented cash awards accrued during fiscal 2007 and fiscal 2006 under Cycle 2a. Since the relevant performance measures for Cycle 2a were not satisfied until fiscal 2008, the amounts previously reported for fiscal 2007 and fiscal 2006 representing cash awards accrued during fiscal 2007 and fiscal 2006 under Cycle 2a have been removed. The value of the payouts earned pursuant to Cycle 2a is reported for fiscal 2008.

Potential Payments upon Termination or Change in Control**Named Executive Officer Employment Agreements**

Each of the named executive officers has entered into an employment agreement and is party to various other arrangements with the company that provides severance pay and benefits, among other things, in certain events of termination of employment, as described below.

Pursuant to the terms of the LTCP, if the named executive officer's employment terminates in the event of long-term disability, death or absenteeism or is terminated by the company without cause (each as described below), the named executive officer would be entitled to pro-rata vesting of any time-based RSUs that would have vested at the end of the year during which the termination occurred. Time-based RSUs that would have vested at the end of subsequent years are forfeited entirely. If the named executive officer's employment terminates for any reason during the first year of an LTCP cycle, the named executive officer forfeits eligibility to receive any cash award and all performance-based RSUs under that cycle. If, however, the named executive officer's employment terminates during the second or third year of a cycle in the event of long-term disability, death or absenteeism or is terminated by the company without cause, the named executive officer would be eligible to earn a pro-rata portion of the cash award and performance-based RSUs under that cycle. Pursuant to the terms of the Annual Employee Bonus Plan, which require an employee to be working actively at the

Table of Contents

time of the payout (unless involuntarily terminated other than for intentional wrongdoing after the end of the plan year, but before the bonus is paid), the named executive officer would not be eligible to receive a bonus under the plan, although we retain the right to make exceptions to the eligibility requirements of the plan and have done so in the past. Any rights that the named executive officers have under these plans in connection with other termination scenarios are discussed below in connection with the relevant scenario.

Termination for Long-Term Disability

The company may terminate the employment of a named executive officer in the event of his long-term disability (as that term is defined in our Long-term Disability Plan), such that he is not otherwise qualified to perform the essential functions of his job either with or without reasonable accommodation. In the event the named executive officer's employment terminates due to a long-term disability, the named executive officer is entitled to receive:

All accrued but unpaid (as of the date of termination) base salary;

Benefits that are provided to our similarly situated executive officers, including without limitation, medical and dental coverage, optional 401(k) participation and expense reimbursement (*Benefits*); and

Other forms of compensation and bonus payable or provided in accordance with the terms of any then existing compensation, bonus or benefit plan or arrangement, including payments prescribed under any disability or life insurance plan or arrangement (*Other Compensation*).

In addition, provided that the named executive officer executes our standard termination letter, which includes, among other things, a broad release of all claims against us and a reiteration of his confidentiality and other post-termination obligations (a *Termination Letter*), he is entitled to receive, for a period of one year (18 months in the case of Mr. Merritt) following termination: (i) regular installments of base salary at the rate in effect at the time of termination, reduced by the amount of payments received for this period pursuant to any Social Security entitlement or any long-term disability or any other employee benefit plan, policy or program maintained to provide benefits in the event of disability, in which the named executive officer was entitled to participate at the time of termination, and (ii) medical and dental coverage on terms and conditions comparable to those most recently provided to him.

Termination by Death

In the event of the termination of a named executive officer's employment due to death, the company will pay to the named executive officer's executors, legal representatives or administrators an amount equal to the accrued but unpaid portion of the named executive officer's base salary, *Benefits* and *Other Compensation* up through the date on which he dies. The named executive officer's executors, legal representatives or administrators will be entitled to receive the payment prescribed under any death or disability benefits plan in which the named executive officer is a participant as our employee, and to exercise any rights afforded under any compensation or benefit plan then in effect.

Termination for Cause

receive all accrued but unpaid (as of the effective date of termination) base salary, Benefits and Other Compensation.

Pursuant to the terms of the LTCP, the named executive officer forfeits any rights under the LTCP and Annual Employee Bonus Plan if his employment terminates for cause.

Termination Without Cause

The company may terminate a named executive officer's employment at any time, for any reason, without cause upon 30 days prior written notice to the named executive officer. In the event of a termination without cause, the named executive officer is entitled to receive all accrued but unpaid (as of the effective date of termination) base salary, Benefits and Other Compensation. In addition, provided he executes a Termination Letter, the named executive officer is entitled to receive: (i) severance in an amount equal to his base salary and (ii) medical and dental coverage on terms and conditions comparable to those most recently provided to him for the period of one year (18 months in the case of Mr. Merritt) commencing upon the date of termination. Mr. Merritt's employment agreement provides that he is also entitled to receive additional severance equal to 50% of his target bonus for the year in which the termination occurs, payable in equal installments over a period of 18 months after the date of termination.

Termination for Absenteeism

The company may terminate a named executive officer's employment in the event that he is absent for more than 150 days within any 12-month period. In the event of termination due to absenteeism, the named executive officer is entitled to receive all accrued but unpaid (as of the effective date of termination) base salary, Benefits and Other Compensation. In addition, provided he executes a Termination Letter, he is entitled to receive, for a period of one year (18 months in the case of Mr. Merritt) following termination: (i) regular installments of base salary at the rate in effect at the time of termination, reduced by the amount of payments received for this period pursuant to any Social Security entitlement or any long-term disability or any other employee benefit plan, policy or program maintained to provide benefits in the event of disability in which the named executive officer was entitled to participate at the time of termination and (ii) medical and dental coverage on terms and conditions comparable to those most recently provided to him. Mr. Merritt's employment agreement provides that he is also entitled to receive an additional severance amount equal to the 50% of his target bonus for the year in which termination occurs, payable in equal installments over a period of 18 months after the date of termination.

Termination by the Named Executive Officer

A named executive officer may terminate his employment with us at any time, for good reason or without good reason, provided that the date of termination is at least 30 days after the date he gives written notice of the termination to the company. For this purpose, good reason means: (i) the company's failure to pay in a timely manner the named executive officer's base salary or any other material form of compensation or material benefit to be paid or provided to him under his employment agreement or (ii) any other material breach of our obligations under his employment agreement that is not cured within 30 days after the company receives written notification from the named executive officer of the breach. In the event that the named executive officer terminates his employment, either for good reason or without good reason, he is entitled to receive all accrued but unpaid (as of the effective date of termination) base salary, Benefits and Other Compensation. In addition, solely if the termination is for good reason, and provided that the named executive officer executes a Termination Letter, he is entitled to receive: (a) severance in an amount equal to his base salary and (b) medical and dental coverage on terms and conditions comparable to those most recently provided to him for the period of one year (18 months in the case of Mr. Merritt) commencing upon the date of termination.

Mr. Merritt's employment agreement provides that he is also entitled to receive additional severance equal to 50% of his target bonus for the year in which termination occurs, payable in equal installments over the period of 18 months after the date of termination. Pursuant to the terms of the LTCP and Annual Employee

Table of Contents

Bonus Plan, Mr. Merritt forfeits any rights under these plans if he terminates his employment for any reason. If a named executive officer other than Mr. Merritt terminates his employment with us without good reason, the company generally may elect to pay severance of up to one year's salary and continuation of medical and dental benefits for a period of one year.

Termination Following a Change in Control

If the company terminates a named executive officer's employment (except for cause), or the named executive officer terminates his employment with us (whether or not for good reason) within one year following a change in control of the company, he is entitled to receive all accrued but unpaid (as of the effective date of termination) base salary, Benefits and Other Compensation. In addition, provided that he executes a Termination Letter, the named executive officer is entitled to receive, on the date of termination, an amount equal to two years' worth of his base salary. For this purpose, change in control of the company means the acquisition (including by merger or consolidation, or by our issuance of securities) by one or more persons, in one transaction or a series of related transactions, of more than 50% of the voting power represented by our outstanding stock on the date of the named executive officer's employment agreement, or a sale of substantially all of our assets.

Pursuant to the terms of the LTCP, upon termination of employment following a change in control (except for cause), the named executive officer is entitled to an early payout of his LTCP cash award in an amount that is the greater of either: (i) his target LTCP cash award or (ii) the LTCP cash award that would have been due to him at the end of the relevant LTCP cycle (but for the change in control), assuming the performance level achieved prior to the change in control continues to be the same through the remainder of the cycle. In addition, for each named executive officer, the occurrence of a change in control causes all otherwise unvested performance-based and time-based RSUs (whether granted as an LTCP, promotion or new hire award) and any other unvested equity awards to vest immediately in full. These actions will occur without regard to whether the named executive officer remains employed at the company and without regard to performance during the remainder of the LTCP cycles.

Pursuant to the terms of the Annual Employee Bonus Plan, the named executive officer is not eligible to receive a bonus under the Annual Employee Bonus Plan, with the exception of Mr. Shay, who is entitled to receive an amount equal to 100% of his target bonus for the year in which the change in control of the company occurs.

Termination Due to Retirement

The company's retirement eligibility age is 70. For purposes of determining eligibility, the company employs a formula that sums the employee's years of service and age. For each of the named executive officers, successfully meeting this eligibility requirement causes the vesting, on a pro-rata basis, of all otherwise unvested RSUs. For time-based RSUs, the pro-rated amount of RSUs will be determined by multiplying the full time-based award amount by a fraction equal to the portion of the vesting period that had transpired prior to the cessation of employment. For performance-based RSUs, the pro-rated amount will be determined as described above, but not until the LTCP cycle has completed and a determination has been made regarding performance against established goals.

Table of Contents**Potential Payments upon Termination or Change in Control**

The following tables reflect the amount of compensation payable to each of the named executive officers pursuant to their employment agreements, as well as pursuant to the LTCP and Annual Employee Bonus Plan, upon: termination for long-term disability, termination by death, termination for cause, termination without cause, termination for absenteeism, termination by the named executive officer and termination upon a change in control of the company. The amounts shown assume that the termination was effective as of December 31, 2008 and the price per share of the company's common stock was \$27.50, the closing market price as of that date. The amounts reflected are estimates of the amounts that would be paid out to the named executive officers upon their termination. The actual amounts to be paid out can be determined only at the time the events described above actually occur.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The company has a written statement of policy with respect to related person transactions that is administered by the audit committee. Under the policy, a Related Person Transaction is any transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) between the company (including any of its subsidiaries) and a related person, in which the related person had, has or will have a direct or indirect material interest. A Related Person includes any of our executive officers, directors or director nominees, any shareholder owning in excess of 5% of our common stock, any immediate family member of any of the foregoing persons, and any firm, corporation or other entity in which any of the foregoing persons is employed as an executive officer or is a partner or principal or in a similar position or in which such person has a 5% or greater beneficial ownership interest. Related Person Transactions do not include any transactions involving only director or executive officer compensation, transactions where the Related Person receives proportional benefits as a shareholder along with all other shareholders, transactions involving competitive bids or transactions involving certain bank-related services.

Pursuant to the policy, a Related Person Transaction may be consummated or may continue only if:

The audit committee approves or ratifies the transaction in accordance with the terms of the policy; or

The chairman of the audit committee, pursuant to authority delegated to the chairman by the audit committee, pre-approves or ratifies the transaction and the amount involved in the transaction is less than \$100,000, provided that, for the Related Person Transaction to continue, it must be approved by the audit committee at its next regularly scheduled meeting.

It is the company's policy to enter into or ratify Related Person Transactions only when the audit committee determines that the Related Person Transaction in question is in, or is not inconsistent with, the best interests of the company, including but not limited to situations where the company may obtain products or services of a nature, quantity or quality, or on other terms, that are not readily available from alternative sources or when the company provides products or services to Related Persons on an arm's length basis on terms comparable to those provided to unrelated third parties or on terms comparable to those provided to employees generally.

In determining whether to approve or ratify a Related Person Transaction, the committee takes into account, among other factors it deems appropriate, whether the Related Person Transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the Related Person's interest in the transaction.

There have been no Related Person Transactions since January 1, 2008.

OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Did all directors and executive officers comply with Section 16(a) reporting requirements?

Based upon a review of filings with the SEC and written representations that no other reports were required, we believe that all of our directors and executive officers complied during 2008 with the reporting requirements of Section 16(a) of the Securities Exchange Act of 1934.

Shareholder Proposals

How may shareholders make proposals or director nominations for the 2010 annual meeting?

Shareholders interested in submitting a proposal for inclusion in the proxy statement for the 2010 annual meeting may do so by submitting the proposal in writing to our secretary at InterDigital, Inc., 781 Third Avenue, King of Prussia, Pennsylvania 19406-1409. To be eligible for inclusion in our proxy statement, shareholder proposals must be received no later than December 31, 2009, and they must comply with all applicable SEC requirements. The submission of a shareholder proposal does not guarantee that it will be included in the proxy statement.

Our bylaws also establish an advance notice procedure with regard to nominations of persons for election to the board and shareholder proposals that are not submitted for inclusion in the proxy statement but that a shareholder instead wishes to present directly at an annual meeting. Shareholder proposals and nominations may not be brought before the 2010 annual meeting unless, among other things, the shareholder's submission contains certain information concerning the proposal or the nominee, as the case may be, and other information specified in our bylaws, and we receive the shareholder's submission no earlier than March 6, 2010, and no later than April 5, 2010. However, if the date of our 2010 annual meeting is more than 30 days before or more than 60 days after the anniversary of our 2009 annual meeting, this information must be received by us no earlier than the 90th day prior to the 2010 annual meeting and no later than the later of the 60th day prior to the annual meeting or the 15th day following the day on which we first publicly announce the date of the 2010 annual meeting. Proposals or nominations not meeting the advance notice requirements in our bylaws will not be entertained at the 2010 annual meeting. A copy of the full text of the relevant bylaw provisions may be obtained on our website at <http://ir.interdigital.com> under the heading Corporate Governance, or by writing to our secretary at InterDigital, Inc., 781 Third Avenue, King of Prussia, Pennsylvania 19406-1409.

Proxy Solicitation Costs and Potential Savings

Who pays for the proxy solicitation costs?

We will bear the entire cost of proxy solicitation, including preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional materials furnished to shareholders. Copies of proxy solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others to forward to such beneficial owners. In addition, we may reimburse such persons for their cost of forwarding the solicitation materials to such beneficial owners. One or more of telephone, email, telegram, facsimile or personal solicitation by our directors, officers or regular employees may supplement solicitation of proxies by mail. No additional compensation will be paid for such services. We may engage the services of a professional proxy solicitation firm to aid in the solicitation of proxies from certain brokers, bank nominees and other

institutional owners. In 2008, the company engaged the Altman Group for this purpose at a cost of approximately \$3,040.

What is householding of proxy materials, and can it save the company money?

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy materials with respect to two or more shareholders sharing the same address by delivering a single annual report and proxy statement to those shareholders. This process, which is commonly

Table of Contents

referred to as householding, potentially provides extra convenience for shareholders and cost savings for companies. Although we do not household for registered shareholders, a number of brokerage firms have instituted householding for shares held in street name, delivering a single set of proxy materials to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, now or in the future, you no longer wish to participate in householding and would prefer to receive a separate annual report and proxy statement, please notify us by calling (610) 878-7866 or by sending a written request to our secretary at InterDigital, Inc., 781 Third Avenue, King of Prussia, Pennsylvania 19406-1409, and we will promptly deliver a separate copy of our annual report and proxy statement. If you are receiving multiple copies of the annual report and proxy statement and wish to receive only one, please notify your broker.

Annual Report on Form 10-K

How will I receive the annual report?

We have mailed the annual report booklet together with the notice of our annual meeting, this proxy statement and your proxy card.

We will provide to any shareholder without charge a copy of our 2008 annual report on Form 10-K upon written request to our secretary at InterDigital, Inc., 781 Third Avenue, King of Prussia, Pennsylvania 19406-1409. Our annual report booklet and this proxy statement are also available online at <http://ir.interdigital.com/annuals.cfm>.

Other Business

Will there be any other business conducted at the annual meeting?

As of the date of this proxy statement, we know of no business that will be presented for consideration at the annual meeting other than the items referred to in this proxy statement. If any other matter is properly brought before the meeting for action by shareholders, proxies in the enclosed form returned to us will be voted in accordance with the recommendation of the board or, in the absence of such a recommendation, in accordance with the judgment of the proxy holder.

3. Eligibility

Any person who is a current or prospective officer or employee of the Company or of any Subsidiary shall be eligible for selection by the Administrator for the grant of Awards hereunder. In addition, Nonemployee Directors and any other service providers who have been retained to provide consulting, advisory or other services to the Company or to any Subsidiary shall be eligible for the grant of Awards hereunder as determined by the Administrator. Options intending to qualify as Incentive Stock Options may only be granted to employees of the Company or any Subsidiary within the meaning of the Code, as selected by the Administrator.

4. Effective Date and Termination of Plan

This Plan was adopted by the Board as of April 27, 2009, and it will become effective (the *Effective Date*) when it is approved by the Company's shareholders at a meeting of the Company's shareholders or by written consent in accordance with the laws of the Commonwealth of Pennsylvania, which approval must be obtained within twelve (12) months of the adoption of this Plan by the Board. The Plan shall remain available for the grant of Awards until the tenth (10th) anniversary of the Effective Date. Notwithstanding the foregoing, the Plan may be terminated at such earlier time as the Board may determine. Termination of the Plan will not affect the rights and obligations of the Participants and the Company arising under Awards theretofore granted and then in effect.

5. Shares Subject to the Plan and to Awards

(a) *Aggregate Limits.* The aggregate number of Shares issuable pursuant to all Awards shall not exceed 2,114,439, plus (i) any Shares that are authorized for issuance under the Prior Plans that, as of the Effective Date, remain available for issuance under the Prior Plans (not including any Shares that are subject to, as of the Effective Date, outstanding awards under the Prior Plans or any Shares that prior to the Effective Date were issued pursuant to awards granted under the Prior Plans) and (ii) any Shares subject to outstanding awards under the Prior Plans as of the Effective Date (the *Prior Plan Awards*) that on or after such date cease for any reason to be subject to such awards (other than by reason of exercise or settlement of the awards to the extent they are exercised for or settled in vested and nonforfeitable shares). The aggregate number of Shares available for grant under this Plan and the number of Shares subject to outstanding Awards shall be subject to adjustment as provided in Section 12. The Shares issued pursuant to Awards granted under this Plan may be shares that are authorized and unissued or shares that were reacquired by the Company, including shares purchased in the open market.

(b) *Issuance of Shares.* For purposes of Section 5(a), the aggregate number of Shares issued under this Plan at any time shall equal only the number of Shares actually issued upon exercise or settlement of an Award. The aggregate number of Shares available for Awards under this Plan at any time shall not be reduced by (i) Shares subject to Awards that have been terminated, expired unexercised, forfeited or settled in cash, (ii) Shares subject to Awards (or Prior Plan Awards) that have been retained or withheld by the Corporation in payment or satisfaction of the exercise price, purchase price or tax withholding obligation of an Award (or Prior Plan Award), or (iii) Shares subject to Awards (or Prior Plan Awards) that otherwise do not result in the issuance of Shares in connection with payment or settlement thereof. In addition, Shares that have been delivered (either actually or by attestation) to the Company in payment or satisfaction of the exercise price, purchase price or tax withholding obligation of an Award (or Prior Plan Award) shall be available for Awards under this Plan.

Table of Contents

(c) *Tax Code Limits.* In each calendar year a Participant may be granted Awards under this Plan denominated in Shares relating up to his or her Annual Share Limit. A Participant's Annual Share Limit, in any calendar year, shall equal 300,000 Shares plus the amount of the Participant's unused Annual Share Limit as of the close of the previous year, which number shall be calculated and adjusted pursuant to Section 12 only to the extent that such calculation or adjustment will not affect the status of any Award intended to qualify as performance-based compensation under Section 162(m) of the Code but which number shall not count any tandem SARs (as defined in Section 7). In each calendar year a Participant may be granted Awards under this Plan denominated in cash (and not Shares) relating up to his or her Annual Cash Limit. A Participant's Annual Cash Limit, in any calendar year, shall equal \$1.5 million plus the amount of the Participant's unused Annual Cash Limit as of the close of the previous year. The aggregate number of Shares that may be issued pursuant to the exercise of Incentive Stock Options granted under this Plan shall not exceed 3,000,000, which number shall be calculated and adjusted pursuant to Section 12 only to the extent that such calculation or adjustment will not affect the status of any option intended to qualify as an Incentive Stock Option under Section 422 of the Code.

6. Options

(a) *Option Awards.* Options may be granted at any time and from time to time prior to the termination of the Plan to Participants as determined by the Administrator. No Participant shall have any rights as a shareholder with respect to any Shares subject to Options hereunder until said Shares have been issued. Each Option shall be evidenced by an Award Agreement. Options granted pursuant to the Plan need not be identical but each Option must contain and be subject to the terms and conditions set forth below.

(b) *Price.* The Administrator will establish the exercise price per Share under each Option, which, in no event will be less than the Fair Market Value of the Shares on the date of grant; provided, however, that the exercise price per Share with respect to an Option that is granted in connection with a merger or other acquisition as a substitute or replacement award for options held by optionees of the acquired entity may be less than 100% of the Fair Market Value of the Shares on the date such Option is granted if such exercise price is based on a formula set forth in the terms of the options held by such optionees or in the terms of the agreement providing for such merger or other acquisition. The exercise price of any Option may be paid in Shares, cash or a combination thereof, as determined by the Administrator, including an irrevocable commitment by a broker to pay over such amount from a sale of the Shares issuable under an Option, the delivery of previously owned Shares and withholding of Shares deliverable upon exercise.

(c) *No Repricing without Shareholder Approval.* Other than in connection with a change in the Company's capitalization (as described in Section 12) the exercise price of an Option may not be reduced without shareholder approval (including canceling previously awarded Options in exchange for cash, other Awards or Options or Stock Appreciation Rights with an exercise price that is less than the exercise price of the original Award).

(d) *Provisions Applicable to Options.* The date on which Options become exercisable shall be determined at the sole discretion of the Administrator and set forth in an Award Agreement. Unless provided otherwise in the applicable Award Agreement, to the extent that the Administrator determines that an approved leave of absence is not a Termination of Employment, the vesting period and/or exercisability of an Option shall be adjusted by the Administrator during or to reflect the effects of any period during which the Participant is on an approved leave of absence or is employed on a less than full-time basis. The Administrator shall establish the term of each Option, which in no case shall exceed a period of 10 years from the date of grant.

(e) *Incentive Stock Options.* Notwithstanding anything to the contrary in this Section 6, in the case of the grant of an Option intending to qualify as an Incentive Stock Option: (i) if the Participant owns stock possessing more than 10 percent of the combined voting power of all classes of stock of the Company (a 10% Shareholder), the exercise

price of such Option must be at least 110 percent of the Fair Market Value of the Shares on the date of grant and the Option must expire within a period of not more than five (5) years from the date of grant, and (ii) Termination of Employment will occur when the person to whom an Award

A-5

Table of Contents

was granted ceases to be an employee (as determined in accordance with Section 3401(c) of the Code and the regulations promulgated thereunder) of the Company and its Subsidiaries. Notwithstanding anything in this Section 6 to the contrary, options designated as Incentive Stock Options shall not be eligible for treatment under the Code as Incentive Stock Options (and will be deemed to be Nonqualified Stock Options) to the extent that either (1) the aggregate Fair Market Value of Shares (determined as of the time of grant) with respect to which such Options are exercisable for the first time by the Participant during any calendar year (under all plans of the Company and any Subsidiary) exceeds \$100,000, taking Options into account in the order in which they were granted, or (2) such Options otherwise remain exercisable but are not exercised within 3 months of Termination of Employment (or such other period of time provided in Section 422 of the Code).

7. Stock Appreciation Rights

Stock Appreciation Rights may be granted to Participants from time to time either in tandem with or as a component of other Awards granted under the Plan (tandem SARs) or not in conjunction with other Awards (freestanding SARs) and may, but need not, relate to a specific Option granted under Section 6. The provisions of Stock Appreciation Rights need not be the same with respect to each grant or each recipient. Any Stock Appreciation Right granted in tandem with an Award may be granted at the same time such Award is granted or at any time thereafter before exercise or expiration of such Award. All freestanding SARs shall be granted subject to the same terms and conditions applicable to Options as set forth in Section 6 and all tandem SARs shall have the same exercise price, vesting, exercisability, forfeiture and termination provisions as the Award to which they relate. Subject to the provisions of Section 6 and the immediately preceding sentence, the Administrator may impose such other conditions or restrictions on any Stock Appreciation Right as it shall deem appropriate. Stock Appreciation Rights may be settled in Shares, cash or a combination thereof, as determined by the Administrator and set forth in the applicable Award Agreement.

8. Restricted Stock and Restricted Stock Units

(a) *Restricted Stock and Restricted Stock Unit Awards.* Restricted Stock and Restricted Stock Units may be granted at any time and from time to time prior to the termination of the Plan to Participants as determined by the Administrator. Restricted Stock is an award or issuance of Shares the grant, issuance, retention, vesting and/or transferability of which is subject during specified periods of time to such conditions (including continued employment or performance conditions) and terms as the Administrator deems appropriate. Restricted Stock Units are Awards denominated in units of Shares under which the issuance of Shares is subject to such conditions (including continued employment or performance conditions) and terms as the Administrator deems appropriate. Each grant of Restricted Stock and Restricted Stock Units shall be evidenced by an Award Agreement. Unless determined otherwise by the Administrator, each Restricted Stock Unit will be equal to one Share and will entitle a Participant to either the issuance of Shares or payment of an amount of cash determined with reference to the value of Shares. Restricted Stock and Restricted Stock Units granted pursuant to the Plan need not be identical but each grant of Restricted Stock and Restricted Stock Units must contain and be subject to the terms and conditions set forth below.

(b) *Contents of Agreement.* Each Award Agreement shall contain provisions regarding (i) the number of Shares or Restricted Stock Units subject to such Award or a formula for determining such number, (ii) the purchase price of the Shares, if any, and the means of payment, (iii) the performance criteria, if any, and level of achievement versus these criteria that shall determine the number of Shares or Restricted Stock Units granted, issued, retainable and/or vested, (iv) such terms and conditions on the grant, issuance, vesting and/or forfeiture of the Shares or Restricted Stock Units as may be determined from time to time by the Administrator, (v) the term of the performance period, if any, as to which performance will be measured for determining the number of such Shares or Restricted Stock Units, and (vi) restrictions on the transferability of the Shares or Restricted Stock Units. Shares issued under a Restricted Stock Award may be issued in the name of the Participant and held by the Participant or held by the Company, in each case as the Administrator may provide.

Table of Contents

(c) *Vesting and Performance Criteria.* The grant, issuance, retention, vesting and/or settlement of shares of Restricted Stock and Restricted Stock Units will occur when and in such installments as the Administrator determines or under criteria the Administrator establishes, which may include Qualifying Performance Criteria. Notwithstanding anything in this Plan to the contrary, the performance criteria for any Restricted Stock or Restricted Stock Unit that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code will be a measure based on one or more Qualifying Performance Criteria selected by the Administrator and specified when the Award is granted.

(d) *Discretionary Adjustments and Limits.* Subject to the limits imposed under Section 162(m) of the Code for Awards that are intended to qualify as performance-based compensation, notwithstanding the satisfaction of any performance goals, the number of Shares granted, issued, retainable and/or vested under an Award of Restricted Stock or Restricted Stock Units on account of either financial performance or personal performance evaluations may, to the extent specified in the Award Agreement, be reduced, but not increased, by the Administrator on the basis of such further considerations as the Administrator shall determine.

(e) *Voting Rights.* Unless otherwise determined by the Administrator, Participants holding shares of Restricted Stock granted hereunder may exercise full voting rights with respect to those shares during the period of restriction. Participants shall have no voting rights with respect to Shares underlying Restricted Stock Units unless and until such Shares are reflected as issued and outstanding shares on the Company's stock ledger.

(f) *Dividends and Distributions.* Participants in whose name Restricted Stock is granted shall be entitled to receive all dividends and other distributions paid with respect to those Shares, unless determined otherwise by the Administrator. The Administrator will determine whether any such dividends or distributions will be automatically reinvested in additional shares of Restricted Stock and subject to the same restrictions on transferability as the Restricted Stock with respect to which they were distributed or whether such dividends or distributions will be paid in cash. Shares underlying Restricted Stock Units shall be entitled to dividends or dividend equivalents only to the extent provided by the Administrator.

9. Incentive Bonuses

(a) *General.* Each Incentive Bonus Award will confer upon the Participant the opportunity to earn a future payment tied to the level of achievement with respect to one or more performance criteria established for a performance period specified by the Administrator.

(b) *Incentive Bonus Document.* The terms of any Incentive Bonus will be set forth in an Award Agreement. Each Award Agreement evidencing an Incentive Bonus shall contain provisions regarding (i) the target and maximum amount payable to the Participant as an Incentive Bonus, (ii) the performance criteria and level of achievement versus these criteria that shall determine the amount of such payment, (iii) the term of the performance period as to which performance shall be measured for determining the amount of any payment, (iv) the timing of any payment earned by virtue of performance, (v) restrictions on the alienation or transfer of the Incentive Bonus prior to actual payment, (vi) forfeiture provisions and (vii) such further terms and conditions, in each case not inconsistent with this Plan as may be determined from time to time by the Administrator.

(c) *Performance Criteria.* The Administrator shall establish the performance criteria and level of achievement versus these criteria that shall determine the target and maximum amount payable under an Incentive Bonus, which criteria may be based on financial performance and/or personal performance evaluations. The Administrator may specify the percentage of the target Incentive Bonus that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code. Notwithstanding anything to the contrary herein, the performance criteria for any portion of an Incentive Bonus that is intended by the Administrator to satisfy the requirements for

performance-based compensation under Section 162(m) of the Code shall be a measure based on one or more Qualifying Performance Criteria (as defined in Section 14(b)) selected by the Administrator and specified at the time the Incentive Bonus is granted. The Administrator shall certify the extent to which any Qualifying Performance Criteria has been

A-7

Table of Contents

satisfied, and the amount payable as a result thereof, prior to payment of any Incentive Bonus that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code.

(d) *Timing and Form of Payment.* The Administrator shall determine the timing of payment of any Incentive Bonus. Payment of the amount due under an Incentive Bonus may be made in cash or in Shares, as determined by the Administrator. The Administrator may provide for or, subject to such terms and conditions as the Administrator may specify, may permit a Participant to elect for the payment of any Incentive Bonus to be deferred to a specified date or event.

(e) *Discretionary Adjustments.* Notwithstanding satisfaction of any performance goals, the amount paid under an Incentive Bonus on account of either financial performance or personal performance evaluations may, to the extent specified in the Award Agreement, be reduced, but not increased, by the Administrator on the basis of such further considerations as the Administrator shall determine.

10. Deferral of Gains

The Administrator may, in an Award Agreement or otherwise, provide for the deferred delivery of Shares upon settlement, vesting or other events with respect to Restricted Stock or Restricted Stock Units, or in payment or satisfaction of an Incentive Bonus. Notwithstanding anything herein to the contrary, in no event will any deferral of the delivery of Shares or any other payment with respect to any Award be allowed if the Administrator determines, in its sole discretion, that the deferral would result in the imposition of the additional tax under Section 409A(a)(1)(B) of the Code. No award shall provide for deferral of compensation that does not comply with Section 409A of the Code, unless the Board, at the time of grant, specifically provides that the Award is not intended to comply with Section 409A of the Code. The Company shall have no liability to a Participant, or any other party, if an Award that is intended to be exempt from, or compliant with, Section 409A of the Code is not so exempt or compliant or for any action taken by the Board.

11. Conditions and Restrictions Upon Securities Subject to Awards

The Administrator may provide that the Shares issued upon exercise of an Option or Stock Appreciation Right or otherwise subject to or issued under an Award shall be subject to such further agreements, restrictions, conditions or limitations as the Administrator in its discretion may specify prior to the exercise of such Option or Stock Appreciation Right or the grant, vesting or settlement of such Award, including without limitation, conditions on vesting or transferability, forfeiture or repurchase provisions and method of payment for the Shares issued upon exercise, vesting or settlement of such Award (including the actual or constructive surrender of Shares already owned by the Participant) or payment of taxes arising in connection with an Award. Without limiting the foregoing, such restrictions may address the timing and manner of any resales by the Participant or other subsequent transfers by the Participant of any Shares issued under an Award, including without limitation (i) restrictions under an insider trading policy or pursuant to applicable law, (ii) restrictions designed to delay and/or coordinate the timing and manner of sales by Participant and holders of other Company equity compensation arrangements, (iii) restrictions as to the use of a specified brokerage firm for such resales or other transfers and (iv) provisions requiring Shares to be sold on the open market or to the Company in order to satisfy tax withholding or other obligations.

12. Adjustment of and Changes in the Stock

In the event that any dividend or other distribution (whether in the form of cash, Shares, other securities or other property), stock split or a combination or consolidation of the outstanding Shares into a lesser number of shares, is declared with respect to the Shares, the authorization limits under Sections 5(a) and 5(c) shall be increased or decreased proportionately, and the Shares then subject to each Award shall be increased or decreased proportionately

without any change in the aggregate purchase price therefore. In the event the Shares shall be changed into or exchanged for a different number or class of shares of stock or securities of the Company or of another corporation, whether through recapitalization, reorganization, reclassification, merger, consolidation, split-up, spin-off, combination, repurchase or exchange of Shares or other securities of the Company, issuance of warrants or other rights to purchase Shares or other securities of the Company, or

A-8

Table of Contents

any other similar corporate transaction or event affects the Shares such that an equitable adjustment would be required in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, then the authorization limits under Sections 5(a) and 5(c) shall be adjusted proportionately, and an equitable adjustment shall be made to each Share subject to an Award such that no dilution or enlargement of the benefits or potential benefits occurs. Each such Share then subject to each Award shall be adjusted to the number and class of shares into which each outstanding Share shall be so exchanged such that no dilution or enlargement of the benefits occurs, all without change in the aggregate purchase price for the Shares then subject to each Award. Action by the Administrator pursuant to this Section 12 may include adjustment to any or all of: (i) the number and type of Shares (or other securities or other property) that thereafter may be made the subject of Awards or be delivered under the Plan; (ii) the number and type of Shares (or other securities or other property) subject to outstanding Awards; (iii) the purchase price or exercise price of a Share under any outstanding Award or the measure to be used to determine the amount of the benefit payable on an Award; and (iv) any other adjustments the Administrator determines to be equitable.

No right to purchase fractional shares shall result from any adjustment in Awards pursuant to this Section 12. In case of any such adjustment, the Shares subject to the Award shall be rounded down to the nearest whole share. The Company shall notify Participants holding Awards subject to any adjustments pursuant to this Section 12 of such adjustment, but (whether or not notice is given) such adjustment shall be effective and binding for all purposes of the Plan.

13. Effect of a Change in Control

Unless otherwise expressly provided in the Award Agreement or another contract, including an employment agreement, or under the terms of a transaction constituting a Change in Control, the Administrator may provide for the acceleration of the vesting and, if applicable, exercisability of any outstanding Award, or portion thereof, or the lapsing of any conditions of restrictions on or the time for payment in respect of any outstanding Award, or portion thereof upon termination of the Participant's employment following a Change in Control. In addition, unless otherwise expressly provided in the Award Agreement or another contract, including an employment agreement, or under the terms of a transaction constituting a Change in Control, the Administrator may provide that any or all of the following shall occur in connection with a Change in Control: (i) the substitution for the Shares subject to any outstanding Award, or portion thereof, stock or other securities of the surviving corporation or any successor corporation to the Company, or a parent or subsidiary thereof, in which event the aggregate purchase or exercise price, if any, of such Award, or portion thereof, shall remain the same, (ii) the conversion of any outstanding Award, or portion thereof, into a right to receive cash or other property upon or following the consummation of the Change in Control in an amount equal to the value of the consideration to be received by holders of Common Shares in connection with such transaction for one Share, less the per share purchase or exercise price of such Award, if any, multiplied by the number of Shares subject to such Award, or a portion thereof, and/or (iii) the cancellation of any outstanding and unexercised Awards upon or following the consummation of the Change in Control. Any actions or determinations of the Administrator pursuant to this Section 13 may, but need not be uniform as to all outstanding Awards, and the Administrator may, but need not treat all holders of outstanding Awards identically.

14. Qualifying Performance-Based Compensation

(a) *General.* The Administrator may establish performance criteria and level of achievement versus such criteria that shall determine the number of Shares to be granted, retained, vested, issued or issuable under or in settlement of or the amount payable pursuant to an Award, which criteria may be based on Qualifying Performance Criteria or other standards of financial performance and/or personal performance evaluations. In addition, the Administrator may specify that an Award or a portion of an Award is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code, provided that the performance criteria for such Award or portion of

an Award that is intended by the Administrator to satisfy the requirements for performance-based compensation under Section 162(m) of the Code shall be a measure based on one or more Qualifying Performance Criteria selected by the Administrator and specified at the time

A-9

Table of Contents

the Award is granted. The Administrator shall certify the extent to which any Qualifying Performance Criteria has been satisfied, and the amount payable as a result thereof, prior to payment, settlement or vesting of any Award that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code. Notwithstanding satisfaction of any performance goals, the number of Shares issued under or the amount paid under an award may, to the extent specified in the Award Agreement, be reduced, but not increased, by the Administrator on the basis of such further considerations as the Administrator in its sole discretion shall determine.

(b) *Qualifying Performance Criteria.* For purposes of this Plan, the term Qualifying Performance Criteria shall mean any one or more of the following performance criteria, or derivations of such performance criteria, either individually, alternatively or in any combination, applied to either the Company as a whole or to a business unit or Subsidiary, either individually, alternatively or in any combination, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as specified by the Administrator: (i) net sales; (ii) earnings from operations, earnings before or after taxes, earnings before or after interest, depreciation, amortization, or extraordinary or special items; (iii) net income or net income per common share (basic or diluted); (iv) return on assets (gross or net), return on investment, return on capital, or return on equity; (v) cash flow, free cash flow, cash flow return on investment (discounted or otherwise), net cash provided by operations, or cash flow in excess of cost of capital; (vi) interest expense after taxes; (vii) economic value added or created; (viii) operating margin or profit margin; (ix) stock price or total shareholder return; (x) average cash balance or cash position; and (xi) strategic business criteria, consisting of one or more objectives based on meeting specified product development, strategic partnering, licensing, research and development, market penetration, geographic business expansion goals, cost targets, customer satisfaction, employee satisfaction, management of employment practices and employee benefits, supervision of litigation and information technology, and goals relating to acquisitions or divestitures of subsidiaries, affiliates or joint ventures. To the extent consistent with Section 162(m) of the Code, the Administrator (a) shall appropriately adjust any evaluation of performance under a Qualifying Performance Criteria to eliminate the effects of charges for restructurings, discontinued operations, extraordinary items and all items of gain, loss or expense determined to be extraordinary or unusual in nature or related to the disposal of a segment of a business or related to a change in accounting principle all as determined in accordance with standards established by opinion No. 30 of the Accounting Principles Board (APA Opinion No. 30) or other applicable or successor accounting provisions, as well as the cumulative effect of accounting changes, in each case as determined in accordance with generally accepted accounting principles or identified in the Company's financial statements or notes to the financial statements, and (b) may appropriately adjust any evaluation of performance under a Qualifying Performance Criteria to exclude any of the following events that occurs during a performance period: (1) asset write-downs, (2) litigation, claims, judgments or settlements, (3) the effect of changes in tax law or other such laws or provisions affecting reported results, (4) accruals for reorganization and restructuring programs and (5) accruals of any amounts for payment under this Plan or any other compensation arrangement maintained by the Company.

15. Transferability

Each Award may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated by a Participant other than by will or the laws of descent and distribution, and each Option or Stock Appreciation Right shall be exercisable only by the Participant during his or her lifetime. Notwithstanding the foregoing, to the extent permitted by the Administrator, the person to whom an Award is initially granted (the Grantee) may transfer an Award to any family member of the Grantee (as such term is defined in Section 1(a)(5) of the General Instructions to Form S-8 under the Securities Act of 1933, as amended (Form S-8)), to trusts solely for the benefit of such family members and to partnerships in which such family members and/or trusts are the only partners; provided that, (i) as a condition thereof, the transferor and the transferee must execute a written agreement containing such terms as specified by the Administrator, and (ii) the transfer is pursuant to a gift or a domestic relations order to the extent permitted under the General Instructions to Form S-8. Except to the extent specified otherwise in the agreement the Administrator

provides for the Grantee and transferee to execute, all vesting, exercisability and forfeiture provisions that are conditioned on the Grantee s continued

A-10

Table of Contents

employment or service shall continue to be determined with reference to the Grantee's employment or service (and not to the status of the transferee) after any transfer of an Award pursuant to this Section 15, and the responsibility to pay any taxes in connection with an Award shall remain with the Grantee notwithstanding any transfer other than by will or intestate succession.

16. Suspension or Termination of Awards

Except as otherwise provided by the Administrator, if at any time (including after a notice of exercise has been delivered or an award has vested) the Chief Executive Officer or any other person designated by the Administrator (each such person, an Authorized Officer) reasonably believes that a Participant may have committed any act constituting Cause for termination of employment or any Detrimental Activity, the Authorized Officer, Administrator or the Board may suspend the Participant's rights to exercise any Option, to vest in an Award, and/or to receive payment for or receive Shares in settlement of an Award pending a determination of whether such an act has been committed.

If the Administrator or an Authorized Officer determines a Participant has committed any act constituting Cause for termination of employment or any Detrimental Activity, then except as otherwise provided by the Administrator, (a) neither the Participant nor his or her estate nor transferee shall be entitled to exercise any Option or Stock Appreciation Right whatsoever, vest in or have the restrictions on an Award lapse, or otherwise receive payment of an Award, (b) the Participant will forfeit all outstanding Awards and (c) the Participant may be required, at the Administrator's sole discretion, to return and/or repay to the Company any then unvested Shares previously issued under the Plan. In making such determination, the Administrator or an Authorized Officer shall give the Participant an opportunity to appear and present evidence on his or her behalf at a hearing before the Administrator or its designee or an opportunity to submit written comments, documents, information and arguments to be considered by the Administrator.

17. Compliance with Laws and Regulations

This Plan, the grant, issuance, vesting, exercise and settlement of Awards thereunder, and the obligation of the Company to sell, issue or deliver Shares under such Awards, shall be subject to all applicable foreign, federal, state and local laws, rules and regulations, stock exchange rules and regulations, and to such approvals by any governmental or regulatory agency as may be required. The Company shall not be required to register in a Participant's name or deliver any Shares prior to the completion of any registration or qualification of such shares under any foreign, federal, state or local law or any ruling or regulation of any government body which the Administrator shall determine to be necessary or advisable. To the extent the Company is unable to or the Administrator deems it infeasible to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, the Company and its Subsidiaries shall be relieved of any liability with respect to the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained. No Option shall be exercisable and no Shares shall be issued and/or transferable under any other Award unless a registration statement with respect to the Shares underlying such Award is effective and current or the Company has determined that such registration is unnecessary.

The Administrator may modify the provisions of the Plan or adopt rules or procedures relating to the operation and administration of the Plan to accommodate the specific requirements of local laws and procedures or to recognize differences in local law, currency or tax policy. The Administrator may also impose conditions on the grant, issuance, exercise, vesting, settlement or retention of Awards in order to comply with such foreign law and/or to minimize the Company's obligations with respect to tax equalization for Participants employed outside their home country. Without limiting the generality of the foregoing, the Administrator is specifically authorized to adopt rules and procedures regarding the conversion of local currency, data privacy security, payroll tax, withholding procedures and handling of

stock certificates which vary with local requirements. The Administrator may also adopt sub-plans applicable to particular Subsidiaries or locations. The rules of such sub-plans may take precedence over other provisions of this Plan, with the exception of Sections 5 and 20, but unless otherwise superseded by the terms of such sub-plan, the provisions of this Plan shall govern the operation of such sub-plan. The Administrator shall not be required to obtain the

A-11

Table of Contents

approval of shareholders prior to the adoption, amendment or termination of any sub-plan unless required by applicable law (including the law of the foreign jurisdiction in which Participants participating in the sub-plan are located) or the NASDAQ Global Select Market listing requirements.

18. Withholding

To the extent required by applicable federal, state, local or foreign law, a Participant shall be required to satisfy, in a manner satisfactory to the Company, any withholding tax obligations that arise by reason of an Option exercise, disposition of Shares issued under an Incentive Stock Option, the vesting of or settlement of an Award, an election pursuant to Section 83(b) of the Code or otherwise with respect to an Award. To the extent a Participant makes an election under Section 83(b) of the Code, within ten days of filing such election with the Internal Revenue Service, the Participant must notify the Company in writing of such election. The Company and its Subsidiaries shall not be required to issue Shares, make any payment or to recognize the transfer or disposition of Shares until all such obligations are satisfied. The Administrator may provide for or permit these obligations to be satisfied through the mandatory or elective sale of Shares and/or by having the Company withhold a portion of the Shares that otherwise would be issued to him or her upon exercise of the Option or the vesting or settlement of an Award, or by tendering Shares previously acquired. To the extent a Participant makes an election under Section 83(b) of the Code, within ten days of filing such election with the Internal Revenue Service, the Participant must notify the Company in writing of such election.

19. Administration of the Plan

(a) *Administrator of the Plan.* The Plan shall be administered by the Administrator who shall be a committee of two or more directors designated by the Board, or in the absence of such a committee, the Board itself. Initially, the Compensation Committee of the Board will be designated as the Administrator. Any power of the Administrator may also be exercised by the Board, except to the extent that the grant or exercise of such authority would cause any Award or transaction to become subject to (or lose an exemption under) the short-swing profit recovery provisions of Section 16 of the Securities Exchange Act of 1934 or cause an Award designated as a Performance Award not to qualify for treatment as performance-based compensation under Section 162(m) of the Code. To the extent that any permitted action taken by the Board conflicts with action taken by the Administrator, the Board action shall control. The Compensation Committee hereby designates the Secretary of the Company and the head of the Company's human resource function to assist the Administrator in the administration of the Plan and execute Award Agreements or other documents entered into under this Plan on behalf of the Administrator or the Company. In addition, the Compensation Committee may delegate any or all aspects of the day-to-day administration of the Plan to one or more officers or employees of the Company or any Subsidiary, and/or to one or more agents.

(b) *Powers of Administrator.* Subject to the express provisions of this Plan, the Administrator shall be authorized and empowered to do all things that it determines to be necessary or appropriate in connection with the administration of this Plan, including, without limitation: (i) to prescribe, amend and rescind rules and regulations relating to this Plan and to define terms not otherwise defined herein; (ii) to determine which persons are Participants, to which of such Participants, if any, Awards shall be granted hereunder and the timing of any such Awards; (iii) to grant Awards to Participants and determine the terms and conditions thereof, including the number of Shares subject to Awards and the exercise or purchase price of such Shares and the circumstances under which Awards become exercisable or vested or are forfeited or expire, which terms may but need not be conditioned upon the passage of time, continued employment, the satisfaction of performance criteria, the occurrence of certain events (including a Change in Control), or other factors; (iv) to establish and verify the extent of satisfaction of any performance goals or other conditions applicable to the grant, issuance, exercisability, vesting and/or ability to retain any Award; (v) to prescribe and amend the terms of the agreements or other documents evidencing Awards made under this Plan (which need not be identical) and the terms of or form of any document or notice required to be delivered to the Company by Participants

under this Plan; (vi) to determine the extent to which adjustments are required pursuant to Section 12; (vii) to interpret and construe this Plan, any rules and regulations under this Plan and the terms and conditions of any Award granted hereunder, and to make exceptions to any such provisions in if the Administrator, in good faith,

determines that it is necessary to do so in light of extraordinary circumstances and for the benefit of the Company; (viii) to approve corrections in the documentation or administration of any Award; (ix) to require or permit Participant elections and/or consents under this Plan to be made by means of such electronic media as the Administrator may prescribe; and (x) to make all other determinations deemed necessary or advisable for the administration of this Plan. The Administrator may, in its sole and absolute discretion, without amendment to the Plan, waive or amend the operation of Plan provisions respecting exercise after termination of employment or service to the Company or an Affiliate and, except as otherwise provided herein, adjust any of the terms of any Award. The Administrator may also (a) accelerate the date on which any Award granted under the Plan becomes exercisable or (b) accelerate the vesting date or waive or adjust any condition imposed hereunder with respect to the vesting or exercisability of an Award, provided that the Administrator, in good faith, determines that such acceleration, waiver or other adjustment is necessary or desirable in light of extraordinary circumstances. Notwithstanding anything in the Plan to the contrary, no Award outstanding under the Plan may be repriced, regranted through cancellation, including cancellation in exchange for other Awards or Options or Stock Appreciation Rights with an exercise price that is less than the exercise price of the original Award, or otherwise amended to reduce the exercise price applicable thereto (other than with respect to adjustments made in connection with a transaction or other change in the Company's capitalization as described in Section 12) without the approval of the Company's shareholders.

(c) *Determinations by the Administrator.* All decisions, determinations and interpretations by the Administrator regarding the Plan, any rules and regulations under the Plan and the terms and conditions of or operation of any Award granted hereunder, shall be final and binding on all Participants, beneficiaries, heirs, assigns or other persons holding or claiming rights under the Plan or any Award. The Administrator shall consider such factors as it deems relevant, in its sole and absolute discretion, to making such decisions, determinations and interpretations including, without limitation, the recommendations or advice of any officer or other employee of the Company and such attorneys, consultants and accountants as it may select.

(d) *Subsidiary Awards.* In the case of a grant of an Award to any Participant employed by a Subsidiary, such grant may, if the Administrator so directs, be implemented by the Company issuing any subject Shares to the Subsidiary, for such lawful consideration as the Administrator may determine, upon the condition or understanding that the Subsidiary will transfer the Shares to the Participant in accordance with the terms of the Award specified by the Administrator pursuant to the provisions of the Plan. Notwithstanding any other provision hereof, such Award may be issued by and in the name of the Subsidiary and shall be deemed granted on such date as the Administrator shall determine.

20. Amendment of the Plan or Awards

The Board may amend, alter or discontinue this Plan and the Administrator may amend, or alter any agreement or other document evidencing an Award made under this Plan but, except as provided pursuant to the provisions of Section 12, no such amendment shall, without the approval of the shareholders of the Company:

- (a) increase the maximum number of Shares for which Awards may be granted under this Plan;
- (b) reduce the price at which Options may be granted below the price provided for in Section 6(a);
- (c) reduce the exercise price of outstanding Options;
- (d) extend the term of this Plan;
- (e) change the class of persons eligible to be Participants;

(f) otherwise amend the Plan in any manner requiring shareholder approval by law or under the NASDAQ Global Select Market listing requirements; or

(g) increase the individual maximum limits in Section 5(c).

No amendment or alteration to the Plan or an Award or Award Agreement shall be made which would impair the rights of the holder of an Award, without such holder's consent, provided that no such consent shall

be required if the Administrator determines in its sole discretion and prior to the date of any Change in Control that such amendment or alteration either is required or advisable in order for the Company, the Plan or the Award to satisfy any law or regulation or to meet the requirements of or avoid adverse financial accounting consequences under any accounting standard.

21. No Liability of Company

The Company and any Subsidiary or affiliate which is in existence or hereafter comes into existence shall not be liable to a Participant or any other person as to: (i) the non-issuance or sale of Shares as to which the Company has been unable to obtain from any regulatory body having jurisdiction the authority deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder; and (ii) any tax consequence expected, but not realized, by any Participant or other person due to the receipt, exercise or settlement of any Award granted hereunder.

22. Non-Exclusivity of Plan

Neither the adoption of this Plan by the Board nor the submission of this Plan to the shareholders of the Company for approval shall be construed as creating any limitations on the power of the Board or the Administrator to adopt such other incentive arrangements as either may deem desirable, including without limitation, the granting of restricted stock or stock options otherwise than under this Plan or an arrangement not intended to qualify under Code Section 162(m), and such arrangements may be either generally applicable or applicable only in specific cases.

23. Governing Law

This Plan and any agreements or other documents hereunder shall be interpreted and construed in accordance with the laws of the Commonwealth of Pennsylvania and applicable federal law. Any reference in this Plan or in the agreement or other document evidencing any Awards to a provision of law or to a rule or regulation shall be deemed to include any successor law, rule or regulation of similar effect or applicability.

24. Arbitration of Disputes

In the event a Participant or other holder of an Award or person claiming a right under an Award or the Plan believes that a decision by the Administrator with respect to such person or Award was arbitrary or capricious, the person may request arbitration with respect to such decision. The review by the arbitrator shall be limited to determining whether the Participant or other Award holder has proven that the Administrator's decision was arbitrary or capricious. This arbitration shall be the sole and exclusive review permitted of the Administrator's decision. Participants, Award holders and persons claiming rights under an Award or the Plan explicitly waive any right to judicial review.

Notice of demand for arbitration shall be made in writing to the Administrator within thirty (30) days after the applicable decision by the Administrator. The arbitrator shall be selected by those members of the Board who are neither members of the Compensation Committee nor employees of the Company or any Subsidiary. If there are no such members of the Board, the arbitrator shall be selected by the Board. The arbitrator shall be an individual who is an attorney licensed to practice law in the jurisdiction in which the Company's headquarters are then located. Such arbitrator shall be neutral within the meaning of the Commercial Rules of Dispute Resolution of the American Arbitration Association; provided, however, that the arbitration shall not be administered by the American Arbitration Association. Any challenge to the neutrality of the arbitrator shall be resolved by the arbitrator whose decision shall be final and conclusive. The arbitration shall be administered and conducted by the arbitrator pursuant to the Commercial Rules of Dispute Resolution of the American Arbitration Association. Each side shall bear its own fees and expenses, including its own attorney's fees, and each side shall bear one half of the arbitrator's fees and expenses. The decision of the arbitrator on the issue(s) presented for arbitration shall be final and conclusive and may be enforced in any court of

competent jurisdiction.

25. No Right to Employment, Reelection or Continued Service

Nothing in this Plan or an Award Agreement shall interfere with or limit in any way the right of the Company, its Subsidiaries and/or its affiliates to terminate any Participant's employment, service on the Board or service for the Company at any time or for any reason not prohibited by law, nor shall this Plan or an Award itself confer upon any Participant any right to continue his or her employment or service for any specified period of time. Neither an Award nor any benefits arising under this Plan shall constitute an employment contract with the Company, any Subsidiary and/or its affiliates. Subject to Sections 4 and 20, this Plan and the benefits hereunder may be terminated at any time in the sole and exclusive discretion of the Board without giving rise to any liability on the part of the Company, its Subsidiaries and/or its affiliates.

26. Unfunded Plan

The Plan is intended to be an unfunded plan. Participants are and shall at all times be general creditors of the Company with respect to their Awards. If the Administrator or the Company chooses to set aside funds in a trust or otherwise for the payment of Awards under the Plan, such funds shall at all times be subject to the claims of the creditors of the Company in the event of its bankruptcy or insolvency.
