GREGG M. LARSON
*Assistant General Counsel
and Secretary*

THIS PROXY STATEMENT AND PROXY CARD ARE BEING DISTRIBUTED ON OR ABOUT MARCH 29, 2004.

PROXY STATEMENT

The Board of Directors (the Board) of 3M Company (3M or the Company) is soliciting proxies for the Annual Meeting of Stockholders. You are receiving a proxy statement because you own shares of 3M common stock that entitle you to vote at the meeting. By use of a proxy, you can vote whether or not you attend the meeting. The proxy statement describes the matters we would like you to vote on and provides information on those matters so you can make an informed decision.

The information included in this proxy statement relates to proposals to be voted on at the meeting (if properly presented), voting process, compensation of directors and our most highly paid officers, and other required information.

Purpose of the Annual Meeting

The purpose of the Annual Meeting is to elect directors and to conduct the business described in the Notice of Annual Meeting.

Annual Meeting Admission

Only stockholders are invited to attend the meeting. An admission ticket or proof of ownership of 3M stock, along with personal identification, must be presented in order to be admitted to the Annual Meeting. If you are a shareholder of record, your admission ticket is on the back of this proxy statement. If your shares are held in the name of a bank, broker or other holder of record, you must bring a brokerage statement or other proof of ownership with you to the Annual Meeting, or obtain an admission ticket in advance. Tickets are also available on the Internet voting site www.eproxy.com/mmm.

No cameras, recording equipment, electronic devices, large bags, briefcases, or packages will be permitted in the Annual Meeting.

Quorum

A quorum is the minimum number of shares required to hold a meeting. Under 3M's Bylaws, a quorum requires a majority of the outstanding shares of stock entitled to vote at the meeting must be represented in person or by proxy at the meeting. Both abstentions and broker non-votes are counted as present for determining the presence of a quorum. Broker non-votes, however, are not counted as shares present and entitled to be voted with respect to the matter on which the broker has not voted. Thus, broker non-votes will not affect the outcome of any of the matters to be voted on at the Annual Meeting. Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because (1) the broker has not received voting instructions from the beneficial owner and (2) the broker lacks discretionary voting power to vote such shares.

Stockholders Entitled to Vote

Each share of our common stock outstanding as of the close of business on March 12, 2004, the record date, is entitled to one vote at the Annual Meeting on each matter properly brought before the meeting. As of that date, there were [xxx,000,000] shares of common stock issued and outstanding.

Most 3M stockholders hold their shares through a stockbroker, bank, trustee, or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially:

STOCKHOLDER OF RECORD If your shares are registered directly in your name with 3M's Transfer Agent, Wells Fargo Bank, N.A., you are considered the stockholder of record of those shares and these proxy materials are being sent directly to you by 3M. As the

stockholder of record, you have the right to grant your voting proxy directly to 3M or to vote in person at the meeting.

BENEFICIAL OWNER If your shares are held in a stock brokerage account, by a bank, trustee, or other nominee, you are considered the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by your broker, trustee, or nominee who is considered the stockholder of record of those shares. As the beneficial owner, you have the right to direct your broker, trustee or nominee on how to vote and are also invited to attend the meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the meeting. Your broker, trustee, or nominee is obligated to provide you with a voting instruction card for you to use.

1

If your shares are held in your account in the 3M Voluntary Investment Plan and Employee Stock Ownership Plan or the 3M Savings Plan, you are considered the beneficial owner of these shares and the trustee of the plans is the stockholder of record. Participants in 3M's Voluntary Investment Plan and Employee Stock Ownership Plan or the 3M Savings Plan may direct the trustee how to vote the shares allocated to their account by following the voting instructions contained on the proxy card. Participants in 3M's Voluntary Investment Plan and Employee Stock Ownership Plan may also direct the trustee how to vote a proportionate number of allocated shares of common stock for which it has not received direction, and shares not allocated to individual participant accounts by following the same voting instructions. If you fail to direct the trustee how to vote your shares by following these voting instructions, the trustee will vote your shares as described in the voting instructions.

Proposals You Are Asked to Vote On and the Board's Voting Recommendations

The following proposals are scheduled to be voted on at the meeting. 3M's Board recommends that you vote your shares as indicated below.

| Proposals: | The Board's Voting Recommendation: |
|--|-------------------------------------|
| 1. The election of directors for a 3-year term | FOR each nominee to the Board |
| 2. The ratification of the appointment of PricewaterhouseCoopers LLP as 3M's independent auditors | FOR |
| 3. Proposal to Approve an Amendment to the Certificate of Incorporation to Increase the Authorized Common Stock | FOR |
| 4. Consideration of a stockholder proposal to separate the positions of Chairman of the Board and Chief Executive Officer, if it is properly presented at the meeting. | AGAINST |

Other than the proposals described in this proxy statement, the Board is not aware of any other matters to be presented for a vote at the Annual Meeting. If you grant a proxy by telephone, Internet, or by signing and returning

Edgar Filing: 3M CO - Form PRE 14A

your proxy card, any of the persons named as proxy holders W. James McNerney, Jr., 3M's Chairman and CEO, Edward A. Brennan, and Rozanne L. Ridgway will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If any of our nominees is unavailable as a candidate for director, the above-named proxy holders will vote your proxy for another candidate or candidates as may be nominated by the Board of Directors.

Required Vote

Director Nominees The nominees for election as directors at the Annual Meeting will be elected by a plurality of the votes cast at the meeting. This means that the director nominee with the most votes for a particular slot is elected for that slot. Votes withheld from one or more director nominees will have no effect on the election of any director from whom votes are withheld.

Amendment of Certificate of Incorporation The affirmative FOR vote by the holders of a majority of the outstanding common stock entitled to vote is required to approve the amendment to the Company's Certificate of Incorporation. Since stockholder approval is dependent upon receipt of the affirmative vote of the holders of a majority of the outstanding common stock, any abstention, broker non-vote or other failure to cast an affirmative vote for this proposal will have the effect of a vote against this proposal.

Except as noted above, all other proposals require the affirmative FOR vote of a majority of those shares present in person or represented by proxy at the meeting and entitled to vote on the matter. If you are a beneficial owner and do not provide the stockholder of record with voting instructions, your shares may constitute broker non-votes, as described in the section above entitled Quorum. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered entitled to vote on that proposal. The stockholder proposal is presented as a request to the Board to take action. Affirmative votes for this proposal will inform the Board about the level of interest in this proposal.

2

Voting Methods

If you hold shares directly as the stockholder of record, you may vote by granting a proxy or, if you hold shares beneficially in street name, by submitting voting instructions to your broker or nominee. If you own shares beneficially as a participant in the 3M Voluntary Investment Plan and Employee Stock Ownership Plan or the 3M Savings Plan, you may vote by submitting voting instructions to the trustee. In most instances, you will be able to do this over the Internet, by telephone, or by mail. Please refer to the summary instructions below and those included on your proxy card or, for shares held in street name, the voting instruction card included by your broker or nominee.

The Internet and telephone voting procedures are designed to authenticate stockholders by use of a control number and to allow you to confirm that your instructions have been properly recorded. If you vote by telephone or on the Internet, you do not need to return your proxy card. Telephone and Internet voting facilities for shareholders of record will be available 24 hours a day, and will close at 10:00 p.m. on the day before the Annual Meeting. Participants in 3M's Voluntary Investment Plan and Employee Stock Ownership Plan and the 3M Savings Plan may instruct the trustee how to vote their shares via the Internet, by telephone, or by signing and returning the proxy card by 5:00 p.m. (Central Time) on May 6, 2004.

VOTE BY INTERNET www.eproxy.com/mmm If you have Internet access, you may submit your proxy from any location in the world 24 hours a day, 7 days a week. Have your proxy card in hand when you access the Web site. You will be prompted to enter your 3-digit company number and a 7-digit control number (these numbers are located on the proxy card) to create an electronic ballot.

VOTE BY TELEPHONE 1-800-560-1965 If you live in the United States, you may use any

Edgar Filing: 3M CO - Form PRE 14A

touch-tone telephone to vote your proxy toll-free 24 hours a day, 7 days a week. Have your proxy card in hand when you call. You will be prompted to enter your 3-digit company number and a 7-digit control number (these numbers are located on the proxy card). Follow the recorded instructions.

VOTE BY MAIL You may do this by signing your proxy card or, for shares held in street name, the voting instruction card included by your broker or nominee and mailing it in the enclosed, postage-paid, addressed envelope. If you provide specific voting instructions, your shares will be voted as you instruct. If you sign, but do not provide instructions, your shares will be voted as the Board recommended. Mark, sign, and date your proxy card and return it in the postage-paid envelope provided so that it is received by May 10, 2004.

All shares that have been properly voted and not revoked will be voted at the Annual Meeting.

Changing Your Vote

You may change your proxy instructions at any time prior to the vote at the Annual Meeting. For shares held directly in your name, you may accomplish this by granting a new proxy or by voting in person at the Annual Meeting. For shares held beneficially by you, you may change your vote by submitting new voting instructions to your broker or nominee.

Counting the Vote

In the election of directors, you may vote **FOR** all of the nominees or your vote may be **WITHHELD** from one or more of the nominees. For the other proposals, you may vote **FOR**, **AGAINST**, or **ABSTAIN**. If you **ABSTAIN**, it has the same effect as a vote **AGAINST**. If you sign your proxy card or broker voting instruction card with no further instructions, your shares will be voted in accordance with the recommendations of the Board. Shares held in your account in the 3M Voluntary Investment Plan and Employee Stock Ownership Plan or the 3M Savings Plan will be voted by the trustee as described in **Shareholders Entitled to Vote** on page 1.

Representatives of Wells Fargo Bank, N.A., 3M's transfer agent, will tabulate the votes and act as the inspectors of election.

3

Confidentiality

The Company's Board of Directors has a policy that all stockholder proxies, ballots, and tabulations that identify stockholders are to be maintained in confidence. No such document will be available for examination, and the identity and vote of any stockholder will not be disclosed, except as necessary to meet legal requirements and allow the inspectors of election to certify the results of the stockholder vote. The policy also provides that inspectors of election for stockholder votes must be independent and cannot be employees of the Company. Occasionally, stockholders provide written comments on their proxy card that may be forwarded to 3M management.

Results of the Vote

We will announce preliminary voting results at the meeting and publish final results in our Quarterly Report on Form 10-Q for the quarter ending June 30, 2004. A news release with voting results will be available on our Web site www.3M.com/profile/pressbox/index.html.

Delivery of Proxy Materials

Securities and Exchange Commission rules now allow us to deliver a single copy of an annual report and proxy statement to any household at which two or more stockholders reside, if we believe the stockholders are members of the same family. This rule benefits both you and the Company. We believe it eliminates irritating duplicate mailings that stockholders living at the same address receive and it reduces our printing and mailing costs. This rule applies to any annual reports, proxy statements, proxy statements combined with a prospectus, or information statements. Each stockholder will continue to receive a separate proxy card or voting instruction card.

Your household may have received a single set of proxy materials this year. If you prefer to receive your own copy now or in future years, please request a duplicate set by contacting our transfer agent, Wells Fargo Bank, N.A. at 1-800-401-1952 (U.S.), 651-450-4064 (outside the U.S.), www.wellsfargo.com/shareownerservices, or in writing to 161 North Concord Exchange, South St. Paul, MN 55075.

If a broker or other nominee holds your shares, you may continue to receive some duplicate mailings. Certain brokers will eliminate duplicate account mailings by allowing stockholders to consent to such elimination, or through implied consent if a stockholder does not request continuation of duplicate mailings. Since not all brokers and nominees may offer stockholders the opportunity this year to eliminate duplicate mailings, you may need to contact your broker or nominee directly to discontinue duplicate mailings from your broker to your household.

List of Shareholders

The names of stockholders of record entitled to vote at the Annual Meeting will be available at the Annual Meeting and for ten days prior to the meeting for any purpose germane to the meeting, between the hours of 8:45 a.m. and 4:30 p.m., at our principal executive offices at 3M Center, St. Paul, Minnesota, by contacting the Secretary of the Company.

Electronic Delivery of Proxy Materials and Annual Report

We are able to distribute the Annual Report and Proxy Statement to 3M stockholders in a fast and efficient manner via the Internet. This reduces the amount of paper delivered to a stockholder's address and eliminates the cost of sending these documents by mail. Stockholders may elect to view all future annual reports and proxy statements on the Internet instead of receiving them by mail. If you choose to view these materials online, you will continue to receive a proxy card in the mail. You may make this election when voting your proxy this year: simply follow the instructions to vote via the Internet or go directly to www.econsent.com/mmm to register your consent. Have your account number (found above your name and address on your dividend check stub) and your Social Security Number (if you have one) available. Your election to view proxy materials online continues until you revoke it. Future proxy cards will contain the Internet Web site address and instructions to view the materials. You will continue to have the option to vote your shares by telephone, mail, or via the Internet.

Cost of Proxy Solicitation

3M will pay for the cost of preparing, assembling, printing, mailing, and distributing these proxy materials. You will need to obtain your own Internet access if you choose to access the proxy materials and/or vote over the Internet. In addition to mailing these proxy materials, the solicitation of proxies or votes may be made in person, by telephone, or by electronic communication by our directors, officers, and employees, who do not receive any additional compensation for these solicitation activities. We have hired Georgeson Shareholder Communications, Inc. to assist us in the distribution of proxy materials and the solicitation of votes. We will pay Georgeson Shareholder Communications, Inc. a fee of \$15,000 plus expenses for these services. We will also reimburse brokerage houses and other custodians, nominees, and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to beneficial owners of stock.

Transfer Agent

Our Transfer Agent is Wells Fargo Bank, N.A. All communications concerning shareholders of record accounts, including address changes, name changes, common stock transfer requirements, and similar issues can be handled by contacting Wells Fargo Bank, N.A. at 1-800-401-1952 (U.S.), 651-450-4064 (outside the U.S.), www.wellsfargo.com/shareownerservices, or in writing, 161 North Concord Exchange, South St. Paul, MN 55075.

GOVERNANCE OF THE COMPANY

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines that, along with the charters of the Board committees, provide the framework for the governance of the Company. The Board's Nominating and Governance Committee is responsible for overseeing and reviewing the Guidelines at least annually, and recommending any proposed changes to the Board for approval. The Corporate Governance Guidelines are available on our Web site at www.3M.com, under Investor Relations Corporate Governance. The Guidelines and charters of the Board committees are also attached to this proxy statement as Appendices A-E.

Presiding Director

Independent directors regularly meet in executive sessions without the Chairman/CEO and may select a director to facilitate the meeting. The chairs of the Audit, Compensation, Nominating and Governance, and Public Issues Committees of the Board may chair executive sessions of the independent directors at which the principal items to be considered are within the scope of the committee chair's authority. The Board believes that this practice ensures leadership at all executive sessions of the independent directors without needing to designate a lead director.

Communication with Directors

The Board of Directors has adopted the following process for stockholders to send communications to member of the Board. Stockholders may communicate with the chairs of the Audit, Compensation, Nominating and Governance, and Public Issues Committees of the Board, or with our independent directors, by sending a letter to the following address: 3M Company, c/o Corporate Secretary, 3M Center, Building 0220-13W-39, St. Paul, MN 55144-1000.

Director Independence

The Board of Directors believes in having a substantial majority of independent directors on the 3M Board. Pursuant to the New York Stock Exchange listing standards, the Board has adopted Director Qualification Standards with respect to the determination of director independence. In accordance with these Standards, the Board must affirmatively determine that a director has no material relationship with the Company (directly or as a partner, shareholder, or officer of an organization that has a relationship with the Company) other than as a director. The Standards specify the criteria by which the independence of our directors will be determined, including strict guidelines for directors and their immediate families with respect to past employment or affiliation with the Company or its independent auditor. The Standards also prohibit Audit Committee members from any direct or indirect financial relationship with the Company, and restrict commercial relationships of all directors with the Company. Directors may not be given personal loans or extensions of credit by the Company, and all directors are required to deal at arm's length with the Company and its subsidiaries, and to disclose any circumstance that might be perceived as a conflict of interest.

To be considered independent for purposes of these Standards, a director must be determined, by resolution of the Board, after due deliberation, to have no material relationship with the Company other than as a director. In each case, the Board shall broadly consider all relevant facts and circumstances and shall apply the following standards:

1. In no event will a director be considered independent if, within the preceding three years: (i) a director was employed by the Company or any of its subsidiaries; (ii) an immediate family member was employed by the Company as an officer, (iii) a director received, or whose immediate family member received, more than \$100,000 per year in direct compensation from 3M or a consolidated subsidiary (other than director fees); (iv) a director was affiliated with or employed by, or whose immediate family member was affiliated with or employed in a professional capacity by, a present or former internal or external auditor of 3M; (v) a director who was employed, or whose immediate family member was employed, as an executive officer of another company where any of 3M's present executives serve on that company's compensation committee; or (vi) a director was an executive officer or an employee, or whose immediate family member was an executive officer, of a company that made payments to, or received payments from, 3M for property or services in an amount which, in any single fiscal year, exceeded the greater of \$1 million, or two percent of the director's company's consolidated gross revenues.

6

-
2. Audit Committee members may not accept any consulting, advisory, or other compensatory fee from 3M, other than directors' fees.
 3. The following commercial relationships will not be considered to be material relationships that would impair a director's independence: (i) if a 3M director is an executive officer or employee of another company that does business with 3M and the annual sales to, or purchases from, 3M are less than or equal to one percent of the annual consolidated gross

revenues of the company he or she serves as an executive officer; or (ii) if a 3M director is an executive officer or employee of another company which is indebted to 3M, or to which 3M is indebted, and the total amount of either company's indebtedness to the other is less than or equal to one percent of the total consolidated assets of the company he or she serves as an executive officer.

The Board will annually review all commercial relationships of directors. Whether directors meet these categorical independence tests will be reviewed annually and will be made public in the proxy statement prior to their standing for re-election to the Board.

4. For relationships not covered by the guidelines in paragraph 3 above, the determination of whether the relationship is material or not, and therefore whether the director would be independent or not, shall be made by the directors who satisfy the independence guidelines set forth in paragraphs 1 and 3 above. For example, if a director is the CEO of a company that purchases products and services from 3M that are more than one percent (but not more than two percent) of that Company's annual revenues, the independent directors could determine, after considering all of the relevant circumstances, whether such a relationship was material or immaterial, and whether the director would therefore be considered independent under the NYSE rules. The Company would explain in the next proxy statement the basis for any Board determination that a relationship is immaterial despite the fact that it does not meet the categorical standards of immateriality set forth in paragraph 3 above.
5. The Company will not make any personal loans or extensions of credit to directors. All directors are required to deal at arm's length with the company and its subsidiaries and to disclose circumstances material to the director that might be perceived as a conflict of interest.

The Board of Directors has determined that every director, with the exception of the Chairman of the Board and Chief Executive Officer, W. James McNerney, Jr., is independent under these Standards. The Board has also determined that no members of the Audit Committee received any compensation from the Company other than directors' fees.

3M Business Conduct Policies

More than a century of operating with honesty and integrity has given 3M trust from our customers, credibility with our communities, and dedication from our employees. All of our employees, including our Chief Executive Officer, Chief Financial Officer, and Principal Accounting Officer, are required to abide by 3M's long-standing business conduct policies to ensure that our business is conducted in a consistently legal and ethical manner. These policies form the foundation of a comprehensive process that includes compliance with corporate policies and procedures and a companywide focus on uncompromising honesty and integrity in every aspect of our operations. Our business conduct policies cover many topics, including antitrust and competition law, conflicts of interest, financial reporting, protection of confidential information, and compliance with all laws and regulations applicable to the conduct of our business.

Employees are required to report any conduct that they believe in good faith to be an actual or apparent violation of the business conduct policies. The Audit Committee has adopted procedures to receive, retain, and treat complaints received regarding accounting, internal accounting controls, or auditing matters, and to allow for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters.

The Board of Directors adopted a Code of Business Conduct and Ethics for directors of the Company. This Code incorporates long-standing principles of conduct the Company and the Board follow to ensure the Company's business and the activities of the Board are conducted with integrity, adherence to the highest ethical standards, and in compliance with the law.

The Company's Business Conduct Policies for employees and the Code of Business Conduct and Ethics for Directors are available on our Web site at www.3M.com under Investor Relations Corporate Governance.

BOARD STRUCTURE AND COMMITTEE MEMBERSHIP

The Board is divided into three classes serving staggered three-year terms. The Board has eleven directors and the following four Committees: Audit, Compensation, Nominating and Governance, and Public Issues. The membership during 2003 and the function of each Committee are described below.

During 2003, the Board of Directors held six regular and one telephonic meetings. The Audit, Compensation, Nominating and Governance, and Public Issues Committees held five, five, four, and three regularly scheduled meetings, respectively, and both the Audit and Compensation Committees held one telephonic meeting during 2003. All of our directors attended all of the regularly scheduled and special telephonic meetings of the Board and Board Committees on which they served, except that one director was unable to attend a specially scheduled telephonic meeting of a committee on which he serves.

The Board and each committee conducted an evaluation of their performance in 2003.

Audit Committee

The Audit Committee assists the Board in its oversight of the integrity of the Company's financial statements, compliance with legal and regulatory requirements, the qualifications, independence, and performance of the Company's independent auditor, and the performance of the Company's internal auditing department. In addition, the Committee:

Reviews the annual audited and quarterly consolidated financial statements;

Reviews the Company's financial reporting process and disclosure and internal controls and procedures, including major issues regarding accounting principles and financial statement presentation, and critical accounting policies to be used in the consolidated financial statements;

By delegation to the Chair, reviews earnings press releases prior to issuance;

Appoints, oversees, and approves compensation of the independent auditor;

Reviews with the independent auditor the scope of the annual audit, including fees and staffing, and approves all audit and permitted non-audit services provided by the independent auditor;

Reviews findings and recommendations of the independent auditor and management's response to the recommendations of the independent auditor;

8

Discusses policies with respect to risk assessment and risk management, the Company's major risk exposures, and the steps management has taken to monitor and mitigate such exposures; and

Reviews compliance with the Company's business conduct policies.

The Board of Directors has determined that all Audit Committee members are independent and financially literate and the Chair of the Committee, Edward M. Liddy, has financial management expertise under the New York Stock Exchange listing standards. In addition, Mr. Liddy qualifies as an audit committee financial expert within the meaning of SEC regulations. The Board has determined that service on more than three other audit committees by Aulana Peters does not impair her ability to serve effectively on the Company's Audit Committee because Mrs. Peters is retired and has the time to devote to her responsibilities and has considerable expertise in audit committee matters. The charter of the Audit Committee is available at www.3M.com under Investor Relations - Corporate Governance - Committee Composition and attached as Appendix B to this proxy statement.

Compensation Committee

The Compensation Committee reviews the Company's compensation practices and policies, annually reviews and approves (subject to ratification by the independent directors of the Board) the compensation for the CEO, annually reviews and approves the compensation for the other senior executives, evaluates CEO performance, and annually prepares a report on executive compensation for inclusion in the Company's proxy statement. In addition, the Committee:

Approves, subject to ratification by the independent directors of the Board, employment agreements and severance arrangements for the CEO, as appropriate;

Approves for the senior executives of the Company (other than the CEO) employment agreements and severance arrangements, as appropriate; and

Interprets and supervises the administration of the Company's stock and long-term incentive compensation programs, and determines the employees who receive awards and the size of their awards under such programs.

The Board of Directors has determined that all Compensation Committee members are independent under the New York Stock Exchange listing standards. The charter of the Compensation Committee is available at www.3M.com under Investor Relations - Corporate Governance - Committee Composition and attached as Appendix C to this proxy statement.

Nominating and Governance Committee

The Nominating and Governance Committee establishes Board membership criteria, assists the Board by identifying individuals qualified to become Board members, recommends to the Board matters of corporate governance, facilitates the annual review of the performance of the Board and its Committees, and periodically reviews CEO and management succession plans. In addition, the Committee:

Selects and recommends candidates to the Board of Directors to be submitted for election at the Annual Meeting and candidates to fill any vacancies on the Board, including stockholder nominees for director (submitted in accordance with the Company's Bylaws). The Committee considers all candidates in light of the Board membership criteria adopted by the Board of Directors;

Reviews and makes recommendations to the Board of Directors concerning the composition and size of the Board and its Committees, Board membership criteria, frequency of meetings, and directors' fees;

Reviews the Company's Corporate Governance Guidelines at least annually, and recommends any proposed changes to the Board for approval;

Develops and recommends to the Board standards to be applied in making determinations on the types of relationships that constitute material relationships between the Company and a director for purposes of determining director independence;

9

Develops and recommends to the Board for its approval an annual self-assessment process of the Board and its Committees and oversee the process; and

Reviews periodically with the Chairman/CEO succession plans relating to positions held by elected corporate officers, and makes recommendations to the Board with respect to the selection of individuals to occupy these positions.

The Board of Directors has determined that all Nominating and Governance Committee members are independent under the New York Stock Exchange listing standards. The charter of the Nominating and Governance Committee is available at www.3M.com under Investor Relations Corporate Governance Committee Composition and attached as Appendix D to this proxy statement.

Public Issues Committee

The Public Issues Committee reviews public policy issues and trends affecting the Company, reviews and advises with respect to the Company's environmental, health and safety programs and compliance, human resources, the corporate contribution program and the 3M Foundation, and reviews and approves the Company's response to stockholder proposals relating to public policy issues. social responsibilities and the public interest in its business affairs, including such activities as those related to the environment, human resources, labor, and community relations.

The Board of Directors has determined that all Public Issues Committee members are independent under the New York Stock Exchange listing standards. The charter of the Public Issues Committee is available at www.3M.com under Investor Relations Corporate Governance Committee Composition and attached as Appendix E to this proxy statement.

NOMINATION PROCESS

Role of the Nominating and Governance Committee

The Nominating and Governance Committee (Committee) identifies individuals that the Committee believes are qualified to become Board members in accordance with the Board Membership Criteria set forth below, and recommends selected individuals to the Board for nomination to stand for election at the next meeting of stockholders of the Company in which directors will be elected. In the event there is a vacancy on the Board between meetings of stockholders, the Committee identifies individuals that the Committee believes are qualified to become Board members in accordance with the Board Membership Criteria set forth below, and recommends one or more of such individuals for appointment to the Board.

Nominees Proposed by Stockholders for Consideration by the Committee

The Committee has a policy to consider properly submitted stockholder nominees for candidates for membership on the Board of Directors. Stockholders proposing individuals for consideration by the Committee must include at least the following information about the proposed nominee: the proposed nominee's name, age, business or residence address, principal occupation or employment, and whether such person has given written consent to being named in the proxy statement as a nominee and to serving as a director if elected. Stockholders should send the required information about the nominee to:

Corporate Secretary
3M Company
3M Center
Building 0220-13W-39
St. Paul, MN 55144-1000.

In order for an individual proposed by a stockholder to be considered by the Committee for recommendation as a Board nominee, the Corporate Secretary must receive the proposal no later than 5 p.m. Central Time on November 29, 2004. Such proposals must be sent via registered, certified, or express mail (or other means that allows the stockholder to determine when the proposal was received by the Company). The Corporate Secretary will send properly submitted stockholder proposed nominations to the Committee Chair for consideration at a future Committee meeting. Individuals proposed by stockholders in accordance with these procedures will receive the same consideration that individuals identified to the Committee through other means receive.

Stockholder Nominations

In addition, 3M's Bylaws permit stockholders to nominate directors at an annual meeting of stockholders or at a special meeting at which directors are to be elected in accordance with the notice of meeting. Stockholders intending to nominate a person for election as a director must comply with the requirements set forth in the Company's Bylaws. Our Bylaws require, among other things, that the Corporate Secretary receive written notice from the record shareholder no earlier than January 11, 2005, and no later than February 10, 2005. The notice must contain the information required by the Bylaws, a copy of which is available upon request to the Corporate Secretary. Nominations received after February 10, 2005, will not be acted upon at the Annual Meeting.

Director Qualifications

The Committee periodically reviews with the Board the requisite skills and characteristics of its members. 3M's Corporate Governance Guidelines contain Board Membership Criteria that apply to nominees for a position on 3M's Board. The Committee periodically reviews with the Board the appropriate skills and characteristics required of Board members given the current Board composition. It is the intent of the Board that the Board, itself, will be a high performance organization creating competitive advantage for the Company. To perform as such, the Board will be comprised of individuals who have distinguished records of leadership and success in their arena of activity and who will make substantial contributions to Board operations and effectively represent the interests of all stockholders. The Committee's and the Board's assessment of Board candidates includes, but is not limited to, consideration of:

- (i) Roles and contributions valuable to the business community;
- (ii) Personal qualities of leadership, character, judgment, and whether the candidate possesses and maintains throughout service on the Board a reputation in the community at large of integrity, trust, respect, competence, and adherence to the highest ethical standards;
- (iii) Relevant knowledge and diversity of background and experience in such things as business, manufacturing, technology, finance and accounting, marketing, international business, government, and the like; or
- (iv) Whether the candidate is free of conflicts and has the time required for preparation, participation, and attendance at all meetings.

In addition to these minimum requirements, the Committee will also evaluate whether the nominee's skills are complementary to the existing Board members' skills, the Board's needs for particular expertise in fields such as business, manufacturing, technology, financial, marketing, international, governmental, or other areas of expertise, and assess the nominee's impact on Board dynamics and effectiveness.

Identification, Evaluation and Selection of Nominees

The Committee periodically reviews the appropriate size and composition of the Board and anticipates future vacancies and needs of the Board. In the event the Committee recommends an increase in the size of the Board or a vacancy occurs, the Committee considers qualified nominees from several sources, including current Board members, a director search firm, and nominees recommended by stockholders and other persons.

The Committee may from time to time retain a director search firm to help the Committee identify qualified director nominees for consideration by the Committee.

The Committee evaluates qualified director nominees at regular or special Committee meetings against the current Board Membership Criteria described above and reviews qualified director nominees with the Board. The Committee and the Chairman of the Board interview candidates that meet the Board Membership Criteria, and the Committee selects nominees that best suit the Board's current needs and recommends one or more of such individuals for appointment to the Board.

DIRECTOR COMPENSATION AND STOCK OWNERSHIP GUIDELINES

The following table provides information on 3M's compensation and reimbursement practices during 2003 for nonemployee directors.

In August 2003, the Nominating and Governance Committee recommended, and the Board approved, an increase in compensation for nonemployee directors, which became effective August 11, 2003. In developing its recommendations, the Committee was guided by the following goals: compensation should fairly pay directors for work required in a company of 3M's size and scope and compensation should align directors' interests with the long-term interests of shareowners. The Board increased the annual retainer from \$95,000 to \$150,000, and increased the additional retainer for committee chairs from \$5,500 to \$7,000, but eliminated the board and committee meeting fees.

| | Previous | Current |
|--|----------|-----------|
| Annual Director Retainer | \$95,000 | \$150,000 |
| Minimum Percentage of Annual Retainer to be paid in 3M Stock | 68.4% | 63% |
| Board Meeting Attendance Fees per Meeting | \$1,800 | 0 |
| Committee Meeting Attendance Fees per Meeting | \$1,200 | 0 |
| Additional Retainer for Committee Chair | \$5,500 | \$7,000 |
| Reimbursement for Expenses Attendant to Board Membership | Yes | Yes |

Nonemployee directors received \$95,000 of the total annual retainer of \$150,000 in common stock of the Company pursuant to the terms of the Company's 1992 Directors Stock Ownership Program. Nonemployee directors may elect to defer payment of all or a portion of the foregoing fees payable in cash through a deferred cash or common stock equivalents account, and fees payable in stock through a deferred common stock equivalents account. The nonemployee directors also may elect to receive common stock of the Company at current fair market value, in lieu of cash retainer. Information regarding accumulated deferred stock is set forth in the section entitled Common Stock Ownership of Directors and Executive Officers. Currently, 91 percent of director compensation is paid in 3M stock.

Stock Ownership Guidelines The Board also approved stock ownership guidelines that provide that each director should attain over her or his three-year term an investment position in 3M's stock (including deferred stock) equal to two times the annual retainer. All directors currently meet these stock ownership guidelines, except one director who has not completed his first three-year term.

Matching Gift Program The nonemployee directors are eligible to participate in the matching gift program on the same terms as 3M employees. Under this program, 3M will match up to a total of \$5,000 a year in contributions by the director to institutions of higher education or public broadcasting organizations approved by 3M.

DIRECTOR ATTENDANCE AT ANNUAL MEETINGS OF STOCKHOLDERS

The Company has a long-standing policy that directors are expected to attend the Annual Meeting of Stockholders unless extenuating circumstances prevent them from attending. All directors attended last year's Annual Meeting of Stockholders.

**PROPOSAL NO. 2
RATIFICATION OF INDEPENDENT AUDITORS**

The Audit Committee appointed the firm of PricewaterhouseCoopers LLP, independent auditors, to audit the consolidated financial statements of the Company and its subsidiaries for the year 2004. Audit services provided by the firm in 2003 included audit of consolidated financial statements of the Company and its subsidiaries; reviews of interim consolidated financial information; and consultations on matters related to accounting and financial reporting.

PricewaterhouseCoopers LLP also provided certain audit related and nonaudit services to the Company during 2003, all of which were approved by the Audit Committee.

Representatives of PricewaterhouseCoopers LLP are expected to attend the Annual Meeting where they will be available to respond to questions and, if they desire, to make a statement.

The Board of Directors recommends a vote FOR the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent auditors. Proxies solicited by the Board of Directors will be voted FOR ratification unless a contrary vote is specified.

**PROPOSAL NO. 3
PROPOSAL TO APPROVE AN AMENDMENT TO THE CERTIFICATE OF INCORPORATION
TO INCREASE THE AUTHORIZED COMMON STOCK**

The Company's Board of Directors has approved and recommends that stockholders approve at the Annual Meeting a proposal to amend paragraph A of Article FOURTH of the Company's Certificate of Incorporation (the Certificate) to increase the number of authorized shares of Common Stock, par value \$0.01 per share, from 1,500,000,000 shares to 3,000,000,000 shares. The Board of Directors believes that the proposed amendment to the Certificate of Incorporation shown below is in the best interests of the Company and its stockholders:

A. The total number of shares of all classes of stock which this Corporation shall have authority to issue is 3,010,000,000 consisting of 10,000,000 shares of preferred stock without par value and 3,000,000,000 shares of common stock with a par value of \$0.01 per share.

As of February 27, 2004, 944,033,056 shares of common stock were issued, including 783,967,306 outstanding shares and 160,065,750 shares held by the Company in treasury. Approximately 74,000,000 shares were under option to participants in the Company's stock option plans with an additional 35,000,000 reserved for issuance under stockholder approved stock plans. As of the close of business on February 27, 2004, none of the Company's 10,000,000 shares of authorized preferred stock have been issued. As a result, approximately 607,032,700 shares of Common Stock (including shares held in Treasury) remained available for future corporate purposes.

Reasons for the Proposal: The Board of Directors has concluded that increasing the number of authorized shares of common stock will give the Company the ability to respond to growth of the Company's business that may occur in the future and to react quickly to today's competitive, fast-changing environment. Although the Board has no specific plans or commitments for the issuance of any of the additional shares that would be authorized by the amendment, the Board believes that the increase in the number of authorized shares will provide flexibility for future stock splits (effected in the form of a stock dividend) without the expense of a special stockholder meeting or waiting until the next annual meeting, and for other actions the Company might wish to take, such as paying for acquisitions

with stock of the Company, equity offerings to raise capital, and employee benefit plans.

Certain Effects of the Proposal: If stockholders approve the proposed amendment, the Board of Directors may issue such shares without further stockholder action except as required by law, regulation, or applicable stock exchange requirements. The additional shares, when issued, will have the same voting and other rights as the Company's presently authorized common stock. The holders of common stock do not have preemptive rights to subscribe for additional shares of common stock.

16

Anti-Takeover Effects and Other Provisions: Although the Board has no present intention of issuing any additional shares of common stock as an anti-takeover step, the issuance of additional common shares could be used to create impediments to or otherwise discourage persons attempting to gain control of the Company. For example, the issuance of additional shares could be used in a manner that would dilute the voting power of shares then outstanding. Shares of common stock could also be issued to persons or entities that would support the Board of Directors in opposing a takeover bid which the Board determines to be not in the best interests of the Company, its stockholders, and its employees.

Effective Date: The Board reserves the right to abandon the amendment set forth in this Proposal at any time before its effectiveness whether before or after stockholder approval under Delaware General Corporation Law §242(c). If approved by the stockholders and not abandoned by the Board, the amendment would become effective upon the filing with the Secretary of State of Delaware of a Certificate of Amendment, which filing is expected to take place shortly after the stockholders approve the amendment.

Vote Required: The affirmative FOR vote by the holders of a majority of the outstanding common stock entitled to vote is required to approve this amendment to the Company's Certificate of Incorporation.

The Board of Directors recommends that stockholders vote FOR this proposal. Proxies solicited by the Board of Directors will be voted FOR this proposal unless a contrary vote is specified.

PROPOSAL NO. 4 STOCKHOLDER PROPOSAL

3M has received a stockholder proposal from C. Thomas Keegel (General Secretary-Treasurer) as representative of stockholder Teamster Affiliates Pension Plan on behalf of the International Brotherhood of Teamsters Affiliates Pension Plan, 25 Louisiana Avenue, N.W., Washington, D.C. 20001 (the Proponent). The Proponent has requested the Company to include the following proposal and supporting statement in its proxy statement for the Annual Meeting of Stockholders. The proposal may be voted on at the Annual Meeting only if properly presented by the Proponent or the Proponent's qualified representative.

Proponent's Proposal:

RESOLVED: The shareholders of 3M Company, (3M or the Company) urge the Board of Directors (the Board) to amend the by-laws to require that an independent director who has not served as the chief executive of the Company serve as Board Chair. Implementation will be deferred until the 2005 Annual Meeting of Shareholders and will not interfere with any current employment agreement.

SUPPORTING STATEMENT:

It is the responsibility of the Board of Directors to protect shareholders' interests by providing independent oversight of management, including the Chief Executive Officer (CEO), in directing the corporation's business and affairs. The Board exists to ensure that management acts in the best long-term interests of the shareholders. Currently at 3M, Mr. James McNerney holds the positions of both Chairman of the Board and CEO. We believe that no single individual can both fill the position of CEO and, at the same time, provide the necessary leadership and objectivity required as Chairman of the Board to properly represent the interests of shareholders. Further, an appearance of a conflicted Board Chair can damage the credibility of the Company.

Edgar Filing: 3M CO - Form PRE 14A

We believe a clear delineation between the roles of Chair and CEO is necessary and will promote greater accountability to 3M's shareholders.

Investors require consistency and stability from the leadership of our Company. The Company has faced litigation primarily from alleged users of the Company's respirator mask products and ongoing breast implant insurance recovery litigation. 3M needs a Chairman that can provide quality independent oversight of management's performance.

We believe that separating the positions of Chair and CEO will enhance independent Board leadership at 3M. Other institutional investors and corporate governance experts agree:

The National Association of Corporate Directors recommend that Boards designate an independent director as Chair or lead director to evaluate CEO and Board Chair functions.

17

CalPERS Corporate Governance Guidelines state, "The independence of a majority of the Board is not enough. The leadership of the board must embrace independence, and must ultimately change the way in which directors interact with management."

The Ethical Funds and Domini Social Investments Proxy Voting Guidelines call for a strong independent director as Board Chair to represent the interests of shareholders.

We believe the recent wave of corporate scandals at companies, such as Enron, WorldCom, and Tyco demonstrate that no matter how many independent directors there are on the Board, that Board is less likely to protect shareholder interests by providing independent oversight of the officers if the Chairman of that Board is also the CEO of the company.

We urge shareholders to vote FOR this proposal.

Board's Statement Opposing the Proposal

The Board of Directors believes it is fundamentally wrong to permanently and inflexibly separate or combine the positions of Chairman of the Board and Chief Executive Officer. To do so deprives the Board of the ability to act in the stockholders' best interests in selecting future Board leadership.

The Board rejected permanent separation or combination of the positions of Chairman and CEO in its Corporate Governance Guidelines, which are set forth in Appendix A. Instead, the Board adopted an approach that allows it, in representing the stockholders' best interests, to decide who should serve as Chairman or CEO, or both, under present or anticipated future circumstances.

The Proposal appears to presume that a CEO serving also as Chairman impairs the Board's independence. That is not the case at 3M. The Board believes that the Company's corporate governance measures ensure that strong, independent directors will continue to effectively oversee the Company's management and key issues related to strategy, risk, and integrity. The Corporate Governance Guidelines provide:

Independent directors comprise a substantial majority of the Board. Currently, all but one director is independent.

Only independent directors serve on the Audit, Compensation, Nominating and Governance, and Public Issues Committees.

The committee chairs establish their respective agenda.

Edgar Filing: 3M CO - Form PRE 14A

The Board and committees may retain their own advisors.

The independent directors meet in executive session without the CEO or other employees during each regular Board meeting and may select a director to preside at the meeting. The chairs of the Audit, Compensation, Nominating and Governance, or Public Issues Committees of the Board may chair executive sessions where the principal items to be considered are within the scope of the committee chair's authority.

The Board currently believes that combining the roles of CEO and Chairman contributes to a more efficient and effective Board. The independent directors recruited the current Chairman and CEO from outside 3M to be its leader in a time of changing and challenging global economic conditions. The Board believes that to drive change and continuous improvement within the Company, tempered by respect for 3M's traditions and values, requires the maximum authority to be effective. The CEO bears primary responsibility for effectively leading significant change, improving operational efficiency, driving growth, managing the Company's day-to-day business, and reinforcing the expectation for all employees of continuing to build on 3M's century-old tradition of uncompromising honesty and integrity. The Board currently believes the CEO is the person in the best position to chair regular Board meetings and is in the best position to bring key business issues and stakeholder interests to the Board's attention.

The Proponent refers to several of the companies involved in the recent corporate scandals and asserts that companies with a separate chairman and CEO are better able to protect stockholder interests by providing independent oversight of the officers. In fact, several of these companies cited by the Proponent had separated the positions of chairman and CEO. The failure of corporate governance at those companies clearly illustrates that separating the chairman and CEO positions does not necessarily increase the oversight of management or improve governance and certainly is not as important as setting the clear tone at the top by an effective CEO. Indeed, in these instances, separating the roles of chairman and CEO appears to have been irrelevant.

18

The Board of Directors believes the Company's Bylaws and Corporate Governance Guidelines provide appropriate flexibility for the selection of a Chairman, and that the proposal imposes an unnecessary restriction that is not in the best interests of the Company and its shareholders.

The Board of Directors recommends a vote AGAINST this proposal for the reasons discussed above. Proxies solicited by the Board of Directors will be voted AGAINST this proposal unless a stockholder indicates otherwise in voting the proxy.

FOOTNOTES TO SUMMARY COMPENSATION TABLE

(1) Generally, profit sharing is paid in cash; however, the Named Executive Officers have in the past, and may in the future, receive a portion of their profit sharing in restricted shares of the Company's common stock as determined by the Compensation Committee. The restricted shares vest at the end of three years or at age 65, whichever occurs first, or upon death or permanent disability. For Mr. Ziegler, in 2003 Bonus includes \$283,333 of a signing bonus payable to him in accordance with his employment agreement with the Company.

(2) Other Annual Compensation includes perquisites or other personal benefits received by the named individuals to the extent that the aggregate amount thereof exceeds \$50,000, amounts reimbursed to individuals during the year for payment of taxes and that portion of interest above market rates (as determined by the SEC) paid on that compensation voluntarily deferred by the individuals. For Mr. McNerney, Other Annual Compensation includes in 2003, 2002, and 2001, \$107,833, \$114,300, and \$154,362, respectively, for the incremental cost of company-required personal use of corporate aircraft. In 2003, the Company changed the method of calculating the value of the personal use of aircraft from imputed income calculated pursuant to IRS regulations to incremental cost to the Company.

22

These shares vest in increments of 10 percent on the 1st of January in the years 2002 through 2011 if he remains continuously employed by the Company. As of December 31, 2003, Mr. Ziegler held 12,000 shares of restricted stock that had a value of \$1,020,360. These shares resulted from a grant of 12,000 shares of restricted stock made to Mr. Ziegler in accordance with his employment agreement with the Company. These shares vest in increments of 33-1/3 percent on the 1st of January in the years 2006, 2008, and 2010 if he remains continuously employed by the Company. As of December 31, 2003, Mr. Campbell held 4,000 shares of restricted stock that had a value of \$340,120. These shares resulted from a grant of 6,000 shares of restricted stock made to Mr. Campbell in accordance with his employment agreement with the Company. These shares vest in increments of 33-1/3 percent on the 1st of February in the years 2003 through 2005 if he remains continuously employed by the Company. Dividends are paid on this restricted stock to the same extent and at the same time the Company pays dividends on its common stock. (For more information about this restricted stock, see the section entitled "Employment Contracts, Termination of Employment, and Change-in-Control Arrangements"). In addition, as of December 31, 2003, each of the Named Executive

FOOTNOTES TO OPTION GRANTS IN LAST FISCAL YEAR TABLE

(1) The Company did not grant any stock appreciation rights (SARs) during 2003. The options shown for each individual include both annual grants of nonqualified stock options and grants of Progressive Stock Options (PSOs). Nonqualified options granted to certain participants are subject to a reload feature when exercised with the payment of the option price in the form of previously owned shares of the Company s common stock. Such an exercise results in further grants of PSOs. The first grant shown for each individual is the annual grant. The remaining lines are PSOs. The PSO grants for each individual were made on a single date, but are, pursuant to SEC rules, shown in multiple lines because of different expiration dates.

PSO grants were made to participants who exercised nonqualified stock options and who paid the purchase price using shares of previously owned Company common stock. The PSO grant is for the number of shares equal to the shares utilized in payment of the purchase price and tax withholding, if any. The option price for the PSO is equal to 100 percent of the market value of the Company s common stock on the date of the exercise of the primary option. The option period is equal to the remaining period of the options exercised.

The participant must have owned Company common stock used for payment for at least six months, and only one exercise of nonqualified options per participant per calendar year will be eligible for PSO grants by the Compensation Committee.

24

The presence of PSOs encourages early exercise of nonqualified stock options, without foregoing the opportunity for further appreciation, and promotes retention of the Company stock acquired.

In any event, a participant receiving an annual grant of nonqualified stock options can never acquire more shares of Company common stock through successive exercises of the primary option and subsequent PSO grants than the number of shares covered by the primary annual option grant from the Committee.

(2) All options granted during the period were granted at the market value on the date of grant, as calculated from the average of the high and low prices reported on the New York Stock Exchange Composite Index. The option price shown for the All Optionees line is \$62.294 and represents the weighted average exercise price of the options granted in 2003.

(3) The expiration date for the All Optionees line is shown as May 13, 2013, since that is the applicable date for the vast majority of options granted during 2003.

(4) Pursuant to the rules of the SEC, the Company has elected to provide a grant date present value for these option grants determined by a modified Black-Scholes pricing model. The Company's use of this model should not be construed as an endorsement of its accuracy at valuing options. All stock option valuation models, including the Black-Scholes model, require a prediction about the future movement of the stock price. Among key assumptions utilized in this pricing model were: (i) that the time of exercise of stock options would be 66 months (28 months for PSOs) into the term of the option, which could be for terms as long as ten years, in recognition of the historical exercise patterns at the Company for these types of options; (ii) expected volatility of 25.0 percent (24.1 percent for PSOs); (iii) risk-free rate of return of 4.6 percent (2.6 percent for PSOs); and (iv) dividend growth rate of 3.2 percent. No adjustments for nontransferability or risk of forfeiture have been made. The Company expresses no opinion that the present value will, in fact, be realized and expressly disclaims any representation to that effect.

FOOTNOTES TO OPTION GRANTS IN LAST FISCAL YEAR TABLE

(1) The Value Realized or the unrealized Value of Unexercised In-the-Money Options at FY-End represents the aggregate difference between the market value on the date of exercise or at December 31, 2003, in the case of the unrealized values, and the applicable exercise prices. These differences accumulate over what may be, in many cases, several years. These stock options all have option periods of ten years when first granted, and Progressive Stock Options have option periods equal to the remaining option period of the primary nonqualified options resulting in Progressive Stock Options.

FOOTNOTES TO LONG-TERM INCENTIVE PLAN AWARDS TABLE

(1) The Company's Performance Unit Plan (the Plan) provides long-term compensation to approximately 120 key management personnel based upon the Company's attainment of long-term performance and growth criteria.

The Compensation Committee administers the Plan. The Committee has sole discretion in the selection of participants, performance criteria, size of awards, performance period, and the timing and form of payment, as well as all other conditions regarding awards.

Awards made in 2003 under the Performance Unit Plan are based on performance criteria that focus management attention on two key factors that create shareholder value: Economic Profit Growth and Improvement in Net Working Capital Turns. The payout can vary from \$0 to \$360 per unit. More detail about current performance goals is available in the Report of the Compensation Committee.

The right to receive payment is contingent upon continued employment to the payment date, and is subject to forfeiture prior to the payment date in the event of termination of employment for any reason other than retirement under a pension plan of the Company, death, or physical or mental disability. Participants receiving awards during 2003, including the Named Executive Officers, will receive payment in 2006, provided that such individuals continue employment with the Company until such payment date (except in the event of death, retirement, or disability). Payment under the Plan may be made in cash, shares of the Company's common stock, or any combination of cash and stock, at the discretion of the Compensation Committee. In the past, payment has been made only in cash.

(2) The value of awards granted for 2003 will be determined by the Company's attainment of Economic Profit Growth and Improvement in Net Working Capital Turns performance criteria during a three-year performance period of 2003, 2004, and 2005. More detail about current performance goals is available in the Report of the Compensation Committee.

The initial term of the agreement ends on January 1, 2004, but, beginning on January 1, 2002, the term automatically extends so that the remaining term is always two years. The agreement provides for an initial base salary of \$1,300,000 per year and

for annual profit sharing initially designed to pay \$2,200,000 per year, depending on the Company's performance. The agreement also recognizes that Mr. McNerney will be entitled to participate in the same retirement and welfare benefit programs that the Company provides to other senior executives.

26

The agreement also required 3M to grant Mr. McNerney the following stock options, restricted stock, and performance units under the Performance Unit Plan:

Stock Options Effective December 4, 2000, Mr. McNerney was granted options to purchase 1,200,000 shares of 3M common stock at \$51.525 per share. A portion of these options was designed to compensate Mr. McNerney for the restricted stock and stock options he forfeited upon leaving his prior employer. 800,000 of these options become exercisable in increments of 20 percent on the 1st of January in the years 2002 through 2006, and the remaining 400,000 of these options become exercisable in increments of one-third on the 1st of January in the years 2002 through 2004, in each case assuming he remains employed by the Company. All 1,200,000 options will become exercisable in full immediately upon termination of Mr. McNerney's employment by reason of death or disability, termination without cause, a termination for good reason, or a change in control of the Company.

Restricted Stock In order to compensate Mr. McNerney for the restricted stock and stock options he forfeited upon leaving his prior employer, the Company also granted Mr. McNerney 220,000 shares of restricted stock. These shares of restricted stock vest in increments of 10 percent on the 1st of January in the years 2002 through 2011, assuming he remains employed by the Company, although such vesting accelerates in the event of the termination of Mr. McNerney's employment by reason of death or disability, termination without cause, a termination for good reason, or a change in control of the Company.

Performance Units The Company granted Mr. McNerney 10,000 performance units for the performance period commencing January 1, 2001, and ending December 31, 2003, subject to the terms of the Company's Performance Unit Plan. The value of these units and the amount paid to Mr. McNerney will depend on the performance of the Company, but in no event will the value be less than \$100 per unit nor more than \$200 per unit.

The agreement also requires 3M to provide Mr. McNerney supplemental retirement benefits. If he remains employed by 3M for at least ten years, the supplemental benefits will be equal in value to an annuity payable for his lifetime commencing at age 62 and based on 50 percent of his highest average annual compensation over a three-year period. If Mr. McNerney is employed by 3M for less than ten years, the amount of these supplemental retirement benefits will be prorated accordingly. The amount of such benefits will be reduced by the amount of his benefits under 3M's pension plans or the pension plans of his prior employer. These supplemental retirement benefits vest after five years of employment with the Company, although they vest immediately in the event of the termination of his employment by reason of death or disability, termination without cause, a termination for good reason, or a change in control of the Company.

In the event that Mr. McNerney's employment is terminated by the Company other than for cause, or if Mr. McNerney terminates his employment for good reason, then he will receive a lump-sum cash payment equal to three times his annual base salary and profit sharing. As a condition to receiving such payment, Mr. McNerney would be required to sign a release of all claims against the Company.

Chief Financial Officer

3M has also entered into an employment agreement with Patrick D. Campbell providing for his employment as Senior Vice President and Chief Financial Officer of the Company. The term of this agreement began on February 1, 2002, and ends on February 1, 2005. If Mr. Campbell's employment with the Company continues beyond February 1, 2005, his employment would be governed by the same terms and conditions that apply to other similar executives of the Company. The agreement provides for an initial base salary of \$450,000 per year and for annual profit sharing initially designed to pay \$300,000 per year, depending on the Company's performance. The agreement also recognizes that Mr. Campbell will be entitled to participate in certain retirement and welfare benefit programs that the Company provides to other senior executives, and will be entitled to reimbursement of his reasonable relocation expenses. For purposes of 3M's postretirement medical program, Mr. Campbell will be

credited with an opening retiree medical credit balance as if he had completed 12 years of service with the Company.

The agreement also required 3M to grant Mr. Campbell the following stock options, restricted stock, and performance units under the Performance Unit Plan:

Stock Options Effective February 1, 2002, Mr. Campbell was granted options to purchase 48,000 shares of 3M common stock at \$55.965 per share. These options become exercisable in increments of one-third on the 1st of February in the years 2003 through 2005, assuming he remains employed by the Company. All 48,000 options will become exercisable in full immediately upon termination of Mr. Campbell's employment by reason of death or disability, termination without cause, or termination for good reason, and in that event such options shall remain exercisable for up to two years following Mr. Campbell's death, the termination of his employment due to disability, termination without cause, or termination for good reason. In addition, any portion of these 48,000 options that have already become exercisable may be exercised by Mr. Campbell within 90 days following his resignation from the Company without good reason.

27

In May 2002, Mr. Campbell was granted options to purchase 40,000 shares of 3M common stock at \$64.50 per share. All 40,000 options will become exercisable in full immediately upon termination of Mr. Campbell's employment by reason of death or disability, termination without cause, or termination for good reason, and in that event such options shall remain exercisable for up to two years following Mr. Campbell's death, the termination of his employment due to disability, termination without cause, or termination for good reason. In addition, any portion of these 40,000 options that have already become exercisable may be exercised by Mr. Campbell within 90 days following his resignation from the Company without good reason.

Restricted Stock The Company also granted Mr. Campbell 6,000 shares of restricted stock. These shares vest in increments of one-third on the 1st of February in the years 2003 through 2005, assuming he remains employed by the Company, although such vesting accelerates in the event of termination of Mr. Campbell's employment by reason of death or disability, termination without cause, or termination for good reason.

Performance Units The Company granted Mr. Campbell 2,400 performance units for the performance period commencing January 1, 2002, and ending December 31, 2004, subject to the terms of the Company's Performance Unit Plan. These units will vest at the end of such three-year performance period, assuming he remains employed by the Company, although such vesting accelerates in the event of termination of Mr. Campbell's employment by reason of death or disability, termination without cause, or termination for good reason. The value of these units and the amount paid to Mr. Campbell will depend on the performance of the Company, although in the event that the vesting of such units accelerates due to the termination of Mr. Campbell's employment by reason of death or disability, termination without cause, or termination for good reason, the value of such units is limited to their par value (\$120 per unit) multiplied by the ratio of the number of days he was employed by the Company to the total number of days between February 1, 2002, and December 31, 2004.

The agreement also requires 3M to provide Mr. Campbell supplemental retirement benefits. If he remains employed by 3M for at least ten years, the supplemental benefits will be payable in the form of an annuity payable for his lifetime commencing at age 60 and based on 45 percent of his highest average annual compensation over a four-year period. If Mr. Campbell is employed by 3M for less than ten years, the amount of these supplemental retirement benefits will be prorated accordingly. The amount of such benefits will be reduced by the amount of his benefits under 3M's pension plans and the pension plans of his prior employer. Once he has completed two years of employment with 3M, the sum of these supplemental retirement benefits and the benefits payable under 3M's pension plans will not be less than \$100,000 per year. These supplemental retirement benefits (other than the \$100,000 minimum benefit, which vests after two years of employment with the Company) vest after five years of employment with the Company, although they vest immediately in the event of the termination of his employment by reason of death or disability, termination without cause, or a termination for good reason.

In the event that Mr. Campbell's employment is terminated by the Company other than for cause, or if Mr. Campbell terminates his employment for a good reason, then he will receive a lump-sum payment equal to (i) two times his annual base salary and profit sharing if such termination occurs during the first five years following his employment commencement date, or (ii) one times his annual base salary and profit sharing if such termination

occurs more than five but no more than ten years following his employment commencement date. As a condition to receiving such payment, Mr. Campbell would be required to sign a release of all claims against the Company.

Senior Vice President, Legal Affairs and General Counsel

3M has also entered into an employment agreement with Richard F. Ziegler providing for his employment as Senior Vice President, Legal Affairs and General Counsel of the Company. The term of this agreement began on January 1, 2003, and ends on January 1, 2006. If Mr. Ziegler's employment with the Company continues beyond January 1, 2006, his employment would be governed by the same terms and conditions that apply to other similar executives of the Company. The agreement provides for an initial base salary of \$600,000 per year and for annual profit sharing initially designed to pay \$400,000 per year,

28

depending on the Company's performance. The agreement also recognizes that Mr. Ziegler will be entitled to participate in the same retirement and welfare benefit programs that the Company provides to its other similarly situated executives, and will be entitled to reimbursement of his reasonable relocation expenses. For purposes of 3M's postretirement medical program, Mr. Ziegler will be credited with an opening retiree medical credit balance as if he had completed 13 years of service with the Company.

The agreement also required 3M to pay Mr. Ziegler the following cash bonus and to grant him the following stock options, restricted stock, and performance units under the Performance Unit Plan:

Cash Bonus The agreement provides for a cash-signing bonus in the amount of \$850,000, payable in equal installments on the 1st of January in the years 2003 through 2005, assuming Mr. Ziegler remains employed by the Company. Any unpaid installments would become payable in full immediately upon the termination of Mr. Ziegler's employment by reason of death or disability, termination without cause, termination for good reason, or a change in control of the Company.

Stock Options In May 2003, Mr. Ziegler was granted options to purchase 46,000 shares of 3M common stock at \$61.85 per share. All 46,000 options will become exercisable in full immediately upon termination of Mr. Ziegler's employment by reason of death or disability, termination without cause, or termination for good reason, and in that event such options shall remain exercisable for up to two years following Mr. Ziegler's death, the termination of his employment due to disability, termination without cause, or termination for good reason. In addition, any portion of these 46,000 options that have already become exercisable may be exercised by Mr. Ziegler within 90 days following his resignation from the Company without good reason.

Restricted Stock The Company also granted Mr. Ziegler 12,000 shares of restricted stock. These shares vest in increments of one-third on the 1st of January in the years 2006, 2008, and 2010, assuming he remains employed by the Company, although such vesting accelerates in the event of termination of Mr. Ziegler's employment by reason of death or disability, termination without cause, termination for good reason, or a change in control of the Company.

Performance Units The Company granted Mr. Ziegler 2,400 performance units for the performance period commencing January 1, 2003, and ending December 31, 2005, subject to the terms of the Company's Performance Unit Plan. These units will vest at the end of such three-year performance period, assuming he remains employed by the Company, although such vesting accelerates in the event of termination of Mr. Ziegler's employment by reason of death or disability, termination without cause, or termination for good reason. The value of these units and the amount paid to Mr. Ziegler will depend on the performance of the Company, although in the event that the vesting of such units accelerates due to the termination of Mr. Ziegler's employment by reason of death or disability, termination without cause, or termination for good reason, the value of such units is limited to their par value (\$120 per unit) multiplied by the ratio of the number of days he was employed by the Company to the total number of days between January 1, 2003, and December 31, 2005.

The agreement also requires 3M to provide Mr. Ziegler supplemental retirement benefits. If he remains employed by 3M for at least nine years, the supplemental benefits will be payable in the form of an annuity payable

for his lifetime commencing at age 62 and based on 45 percent of his highest average annual compensation over a four-year period. If Mr. Ziegler is employed by 3M for less than nine years, the amount of these supplemental retirement benefits will be prorated accordingly. The amount of such benefits will be reduced by the amount of his benefits under 3M's pension plans. Once he has completed two years of employment with 3M, the sum of these supplemental retirement benefits and the benefits payable under 3M's pension plans will not be less than \$300,000 per year. These supplemental retirement benefits (other than the \$300,000 minimum benefit, which vests after two years of employment with the Company) vest after five years of employment with the Company, although they vest immediately in the event of the termination of his employment by reason of death or disability, termination without cause, or a termination for good reason.

In the event that Mr. Ziegler's employment is terminated by the Company other than for cause, or if Mr. Ziegler terminates his employment for a good reason, then he will receive a lump-sum payment equal to (i) two times his annual base salary and profit sharing if such termination occurs during the first three years following his employment commencement date, or (ii) one times his annual base salary and profit sharing if such termination occurs more than three but no more than ten years following his employment commencement date. As a condition to receiving such payment, Mr. Ziegler would be required to sign a release of all claims against the Company.

Retirement Benefits

The Company maintains a tax-qualified defined benefit pension plan for its eligible employees in the United States. Effective January 1, 2001, the Company amended this plan (the Employee Retirement Income Plan, or the ERIP) to include a pension equity feature for (1) employees hired or rehired on or after January 1, 2001, and (2) employees who voluntarily elected the pension equity feature during the one-time choice election period in 2001. Of the Named Executive Officers, Dr. Reich and Mr. Wiens participate in the non-pension equity portion of the ERIP (the Portfolio I Pension Plan), while Mr. McNerney, Mr. Ziegler, and Mr. Campbell participate in the pension equity portion of the ERIP (the Portfolio II Pension Plan). Retirement benefits under the ERIP are based on an employee's years of service and average annual earnings during the employee's highest four consecutive years of service. Since the Internal Revenue Code limits the amount of benefits that can be paid from the ERIP as well as the amount of compensation upon which such benefits may be earned, the Company also maintains several nonqualified pension plans for eligible employees. The following table shows the estimated annual benefits payable on retirement under both the ERIP and these nonqualified plans to the Company's eligible employees in the United States.

FOOTNOTES TO PENSION PLAN TABLES

(1) Earnings include base salary and profit sharing actually earned by the participant and does not include any other forms of remuneration. The benefits are computed on the basis of straight-life annuity amounts and are not subject to any deduction for social security or other offset amounts.

(2) Under the Portfolio I plan, a participant may retire with an unreduced pension at age 60 (61 or 62 for employees born after 1942) and if the participant's age and years of service total at least 90 (91 or 92 for employees born after 1942) he or she would receive a social security bridge to age 62. Under the Portfolio II plan, a participant may retire anytime after age 55 with at least five years of service and their pension is based on the total pension value determined at retirement converted to an actuarially equivalent annuity. The Named Executive Officers are presently entitled to the respective years of service credit set opposite their names:

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors (the Committee) reviews the Company's compensation practices and policies, annually reviews and approves (subject to ratification by the independent directors of the Board) the compensation of the Chief Executive Officer, annually reviews and approves the compensation for the other senior executives, evaluates the performance of the Chief Executive Officer, and annually prepares this report on executive compensation for inclusion in the proxy statement. The Committee's membership is determined by the Board of Directors, and is composed solely of independent nonemployee directors.

Executive Compensation Philosophy and Practices

The Board believes that providing appropriate motivation of the Company's executives and effective leadership are essential for establishing 3M's preeminence in the markets we serve and creating an attractive investment for stockholders. The Committee is responsible to the Board for ensuring that Company executives are highly qualified and are compensated in a manner that aligns the interests of executives and stockholders. Consistent with this philosophy, the following core principles provide a framework for the Company's executive compensation programs:

Total compensation must be competitive to attract the best talent to 3M; motivate employees to perform at their highest levels; reward outstanding achievement; and retain those individuals with the leadership abilities and skills necessary for building long-term stockholder value;

A significant portion (targeted at 65 percent to 89 percent) of an executive's total compensation is variable and at risk and tied to both the annual and long-term financial performance of the Company, such as economic profit and stock price appreciation; and

Stock ownership is emphasized so that executives manage from an owner's perspective. The Committee believes that broad and deep employee stock ownership effectively aligns the interests of employees with those of stockholders and strongly motivates executives to build stockholder value. The Committee has established specific stock ownership guidelines for key management employees and has created programs that encourage employees to have an ownership interest in the Company.

The Committee annually surveys the executive compensation practices of large industrial companies that are likely competitors for executive talent. The Committee's objective of maintaining the total compensation at a competitive level has resulted in short-term compensation (base salary and profit sharing) being at or very close to the median and long-term compensation (Performance Unit Plan and stock options) in the 50th to 75th percentile, with more variability and risk based on Company performance.

Executive compensation is linked to Company performance compared to specific financial and nonfinancial objectives. These objectives range from achieving earnings and sales growth targets to upholding the Company's Statement of Corporate Values (which include customer satisfaction through superior quality and value, attractive investor return, ethical business conduct, respect for the environment, and employee pride in the Company).

31

Components of Executive Compensation

The compensation program for executive officers consists of the following components: base salary, profit sharing, Performance Unit Plan, stock options, and (in appropriate circumstances) restricted stock. The Committee determines the amount of compensation under each component of executive compensation granted to the executive officers to achieve the appropriate ratio between performance-based compensation and other forms of compensation, and to reflect the level of responsibility of the executive officer.

Base Salary

The Committee establishes base salaries annually in relation to base salaries paid by companies included in the compensation surveys. Base salary for an executive officer is established each year based on (1) a compensation range corresponding to the executive's responsibilities and (2) the executive's overall individual job performance.

Profit Sharing

Profit sharing is variable compensation based on the quarterly economic profit of the Company and its business units. Economic profit is defined as quarterly net operating income minus a charge for operating capital used by the business. The economic profit measurement is directly related to the creation of stockholder value since it emphasizes the effective use of capital and solid profitable growth. Compensation paid under the profit sharing plan fluctuates based on Company performance.

The amount payable under this plan is based on the number of shares of profit sharing assigned to a participant, multiplied by an amount based on quarterly economic profit. The total amount paid under this plan to the Company's five most highly compensated executive officers never exceeds one-half percent of the Company's consolidated net income for any period, and no single executive officer ever receives more than one-sixth percent of the Company's consolidated net income for any period. Profit sharing payments to these individuals are subject to limitations when individual amounts exceed specified relationships to planned compensation.

Currently, all profit sharing payments are made in cash. However, the plan does permit the Committee to pay all or a portion of the profit sharing payable to the Named Executive Officers in shares of the Company's common stock.

Performance Unit Plan

The Performance Unit Plan is variable compensation based on the Company's long-term performance. The amount payable with respect to each performance unit granted is determined by and is contingent upon attainment of the performance criteria selected each year by the Compensation Committee over the applicable three-year performance period (each year weighted equally).

The performance criteria selected by the Compensation Committee for performance units granted during 2003 were designed to focus management attention on two key factors that create shareholder value: Economic Profit Growth and Improvement in Net Working Capital Turns.

Performance Criteria:

(1) Economic Profit Growth is the percentage amount by which the Economic Profit of the Company for a year exceeds the Economic Profit of the Company for the immediately preceding year; and

(2) Improvement in Net Working Capital Turns is the percentage amount by which the Net Working Capital Turns of the Company for a year increases from the Net Working Capital Turns for the immediately preceding year; where the term Net Working Capital Turns means the Company's net sales during the fourth quarter of a year multiplied by four, and divided by the Company's Net Working Capital as of the end of such year; and where the term Net Working Capital means the sum of the Company's accounts receivable and inventories, minus the Company's accounts payable.

32

Performance Unit Plan Payments:

The amount payable for each performance unit granted in 2003 is linked to the performance criteria of Economic Profit Growth and Improvement in Net Working Capital Turns. The amount payable may be anywhere from \$0 to \$360 per unit, depending on the performance of the Company during the three-year performance period ending on December 31, 2005. Payment for the units granted in 2003 will be made no later than June 2006, in the form (at the discretion of the Committee) of cash, stock, or a combination of cash and stock.

Stock Options and Restricted Stock

The objectives of the Management Stock Ownership Program are to help the Company attract and retain outstanding employees, and to promote the growth and success of the Company's business by aligning the financial interests of these employees with the other stockholders of the Company. The Program authorizes the Committee to grant stock options, restricted stock, stock appreciation rights, and other stock awards to employees of the Company. Currently, the Committee makes annual grants of stock options under the Program to the executive officers. These options have an exercise price equal to the market price of the Company's common stock on the

grant date, and generally expire ten years after the grant date. Stock options encourage executives to become owners of the Company, which further aligns their interests with those of the stockholders. These options only have value to the recipients if the price of the Company's stock appreciates after the options are granted. Currently, the Committee has made grants of restricted stock under the Program only to selected executive officers in appropriate circumstances. These circumstances have included the hiring of new executive officers as well as the need to retain current executive officers. These shares of restricted stock vest over periods ranging from one to ten years after the grant date, which encourage the executives to remain employed by the Company until the shares have vested.

Stock Ownership Guidelines

The Company's stock ownership guidelines are designed to increase an executive's equity stake in 3M and more closely align his or her interests with those of our stockholders. The guidelines provide that the CEO should attain an investment position in 3M's stock equal to five times his or her annual base salary, Executive and Senior Vice Presidents should attain an investment position in 3M's stock equal to three times their annual base salary, and Vice Presidents who are members of 3M's Quarterly Management Council should attain an investment position in 3M's stock equal to two times their annual base salary. While the stock ownership guidelines provide that executives attain these investment positions in 3M stock within five years of their appointment to these positions, most of our executives have already attained or exceeded these investment positions.

Chief Executive Officer Compensation

Effective January 1, 2001, the Company hired W. James McNerney, Jr., as Chairman of the Board and Chief Executive Officer and entered into an employment agreement. In determining Mr. McNerney's compensation, the Board focused on competitive levels of compensation for CEOs managing companies of similar size and complexity and the importance of hiring a chief executive officer with the strategic, financial, and leadership skills to ensure the continued growth and success of the Company.

In his third year as Chairman of the Board and Chief Executive Officer, Mr. McNerney continued to demonstrate strong leadership and vision for the Company. He continued the implementation of five initiatives (Six Sigma, Global Sourcing Effectiveness, 3M Acceleration, Indirect Cost Reduction, and e-Productivity) that strengthen 3M and enhance its competitiveness.

The compensation of Mr. McNerney is governed by his employment agreement and generally consists of the same short-term and long-term components (base salary, profit sharing, Performance Unit Plan, and stock options) as those of other Named Executive Officers. A higher portion of Mr. McNerney's total compensation is variable and at risk by being tied to quantifiable measures of the Company's performance. These measures are Economic Profit, Economic Profit Growth, and Improvement in Net Working Capital Turns, as defined above, and appreciation in the value of 3M stock.

In order to compensate Mr. McNerney for the restricted stock and stock options he forfeited upon leaving his prior employer, the Company also granted Mr. McNerney 220,000 shares of restricted stock. These shares of restricted stock vest in increments of ten percent on the 1st of January in the years 2002 through 2011, assuming he remains employed by the Company, although such vesting accelerates in the event of the termination of Mr. McNerney's employment by reason of death or disability, termination without cause, a termination for good reason, or a change in control of the Company.

The terms of Mr. McNerney's employment agreement appear under Employment Contract, Termination of Employment, and Change-In-Control Arrangements of this proxy statement.

Limit on Tax Deductible Compensation

Section 162(m) of the Internal Revenue Code prohibits the Company from deducting compensation paid in any year to certain executives in excess of \$1 million but does not subject performance-based compensation to this limit. The Committee continues to emphasize performance-based compensation for executives and thus minimize

the effect of Section 162(m). However, the Committee believes that its primary responsibility is to provide a compensation program that attracts, retains, and rewards the executive talent necessary for the Company's success. Consequently, in any year the Committee may authorize nonperformance-based compensation in excess of \$1 million. The Committee recognizes that the loss of the tax deduction may be unavoidable under these circumstances.

Conclusion

The Committee is satisfied that the short-term and long-term compensation paid to the executive officers of the Company is aligned with the Company's strategic objectives and ensures that payouts are determined by Company and employee performance.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of the Compensation Committee are named in the preceding section. No members of the Compensation Committee were officers or employees of 3M or any of its subsidiaries during the year, were formerly 3M officers, or had any relationship otherwise requiring disclosure.

AUDIT COMMITTEE REPORT

The role of the Audit Committee is to assist the Board of Directors in its oversight of the Company's financial reporting process. The Board of Directors, in its business judgment, has determined that all members of the Committee are independent, as required by applicable listing standards of the New York Stock Exchange and SEC rules. In addition, the Board has determined that the Chair of the Committee, Edward M. Liddy, is both independent and an audit committee financial expert as defined by SEC rules. The Committee operates pursuant to a written charter, a copy of which is set forth in Appendix B. As set forth in the Charter, management of the Company is responsible for the preparation, presentation, and integrity of the Company's financial statements, the Company's accounting and financial reporting principles, and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Our independent auditors, PricewaterhouseCoopers LLP, are responsible for auditing the Company's consolidated financial statements and expressing an opinion as to whether they are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States of America.

In the performance of its oversight function, the Committee has:

Considered and discussed the audited consolidated financial statements with management and our independent auditors;

Discussed with our independent auditors the matters required to be discussed by Statements on Auditing Standards No. 61, Communication with Audit Committees, and No. 71, Interim Financial Information, as currently in effect;

Received the written disclosures from our independent auditors required by Independence Standards Board Standard No.1, Independence Discussions with Audit Committees, as currently in effect, and discussed the independence of PricewaterhouseCoopers LLP with them; and

Reviewed the services provided by our independent auditors other than their audit services and considered whether the provision of such other services by our independent auditors is compatible with maintaining their independence.

Based upon the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Committee referred to in the Charter, the Committee recommended to the Board that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003, to be filed with the Securities and Exchange Commission.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

The Audit Committee is responsible for appointing and overseeing the work of the independent auditor. The Audit Committee has established the following procedures for the pre-approval of all audit and permissible non-audit services provided by the independent auditor.

Before engagement of the independent auditor for the next year's audit, the independent auditor will submit a detailed description of services expected to be rendered during that year for each of the following categories of services to the Audit Committee for approval.

1. Audit services include audit work performed in the preparation of consolidated financial statements, as well as work that generally only the independent auditor can reasonably be expected to provide, including comfort letters, statutory audits, and attest services and consultation regarding financial accounting and/or reporting standards.
2. Audit Related services are for assurance and related services that are traditionally performed by the independent auditor, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.
3. Tax services include all services performed by the independent auditor's tax personnel except those services specifically related to the audit of the financial statements, and includes fees in the areas of tax compliance, tax planning, and tax advice.
4. Other services are those services not captured in the other categories.

Before engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires the independent auditor to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditor.

The Audit Committee has delegated pre-approval authority to the chair of the committee. The chair must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

INDEPENDENT AUDITOR S FEES

The following table presents fees for professional services rendered by PricewaterhouseCoopers LLP for the audit of the Company's consolidated financial statements for the years ended December 31, 2003, and December 31, 2002, and fees billed for other services rendered by PricewaterhouseCoopers LLP during those periods.

3M STOCK PERFORMANCE GRAPH

The following graph compares the five-year cumulative total stockholder return for 3M common stock (assuming reinvestment of dividends) against the Standard & Poor's 500 Stock Index and the Dow Jones Industrial Average (DJIA), both of which are well-known and published industry indices. The Company is included in both the S&P 500 Stock Index and the Dow Jones Industrial group of 30 companies. The Company, as a highly diversified manufacturer and seller of a broad line of products, is not easily categorized with other, more specific, industry indices.

The annual changes for the five-year period shown in the graph are based on the assumption that \$100 had been invested in 3M stock and each index on December 31, 1998, as required by SEC rules, and that all quarterly dividends were reinvested at the average of the closing stock prices at the beginning and end of the quarter. The total cumulative dollar returns shown on the graph represent the value that such investments would have had on December 31, 2003.

APPENDIX A

3M CORPORATE GOVERNANCE GUIDELINES

A. THE ROLES OF THE BOARD OF DIRECTORS AND MANAGEMENT

1. The Board of Directors The business of the Company is conducted under the oversight of the Board of Directors. The Board selects the Chairman and Chief Executive Officer and delegates to the CEO the authority and responsibility to manage the Company's operations. The Board of Directors serves as elected representatives of the shareholders, acts as an advisor and counselor to the CEO and senior management, and oversees management performance on behalf of shareholders.
2. Management The CEO and senior management are responsible for running the Company's business operations.

B. BOARD COMPOSITION AND LEADERSHIP

1. Chairman of the Board and Chief Executive Officer The Board has the authority to decide whether the positions of Chairman and CEO should be held by the same person and shall determine the best arrangement for the Company and its shareholders in light of all relevant and changing circumstances. The Board currently believes that the same individual should hold the position of Chairman and CEO (Chairman/CEO).
2. Size of the Board The number of Directors should not exceed a number that can function efficiently. The Nominating and Governance Committee considers and makes recommendations to the Board concerning the appropriate size and needs of the Board.
3. Board Independence The Board believes in having a substantial majority of independent Directors on the 3M Board. A Director is independent if the Board affirmatively determines that the Director has no material relationship with the Company directly or as a partner, shareholder or officer of an organization that has a relationship with the Company and otherwise meets the requirements for independence of the listing standards of the New York Stock Exchange. The independent Directors will make the Board decisions on corporate governance matters.
4. Board Membership Criteria The Nominating and Governance Committee periodically reviews with the Board the appropriate skills and characteristics required of Board members given the current Board composition. It is the intent of the Board that the Board, itself, will be a high performance organization creating competitive advantage for the Company. To perform as such, the Board will be comprised of individuals who have distinguished records of leadership and success in their arena of activity and who will make substantial

contributions to Board operations and effectively represent the interests of all stockholders. The Board's assessment of Board candidates includes, but is not limited to, consideration of: (i) roles and contributions valuable to the business community, (ii) personal qualities of leadership, character, judgment and whether the candidate possesses and maintains throughout service on the Board a reputation in the community at large of integrity, trust, respect, competence and adherence to the highest ethical standards, (iii) relevant knowledge and diversity of background and experience in such things as business, manufacturing, technology, finance and accounting, marketing, international business, government and the like; or (iv) whether the candidate is free of conflicts and has the time required for preparation, participation and attendance at all meetings. A Director's qualifications in light of these criteria is considered at least each time the Director is re-nominated for Board membership.

5. Selection of New Director Candidates The Nominating and Governance Committee screens and recommends Board candidates to the Board.
6. Director Orientation and Continuing Education The Company provides Directors with an orientation and education program to familiarize them with the Company's business operations and plans, industry trends and corporate governance practices, as well as ongoing education on issues facing the Company and on subjects that would assist the Directors in discharging their duties.
7. Directors Who Experience Change in Present Job Responsibilities or Other Relevant Circumstances When a Director's principal occupation or business affiliation changes, or other circumstances arise which may raise questions about the Director's continuing qualifications in relation to the Board Membership Criteria set forth above, then the Director will tender her/his resignation, or the Nominating and Governance Committee will ask for such tender. The Nominating and Governance Committee will consider the tendered resignation and recommend to the Board the action to be taken.

A-1

-
8. Service On Other For-Profit Boards Independent Directors are encouraged to evaluate carefully the time required to serve on other boards (excluding non-profit) taking into account board attendance, preparation, participation and effectiveness on these boards. Independent Directors must advise the Chairman/CEO before accepting an invitation to serve on another board to enable the Company to determine whether (i) any regulatory issues or potential conflicts are raised by the Director accepting such an invitation and (ii) the Director will have the time required for preparation, participation and attendance at 3M Board meetings. Independent Directors should not serve on more than five other boards of public companies in addition to the Company Board. The current position in excess of these limits will be in compliance by the end of 2004.
 9. Retirement Policy Each nonemployee Director must tender her/his resignation at the annual meeting following her or his 72nd birthday. If circumstances dictate, the Nominating and Governance Committee may ask a Director to continue to serve on the Board past age 72.
 10. Board Compensation Review The Nominating and Governance Committee will periodically receive reports on the status of Board compensation in relation to other large U.S. companies and is responsible for recommending to the Board changes in compensation for nonemployee Directors.
 11. Board's Interaction with Stakeholders The Chairman/CEO is responsible for establishing effective communications with the Company's stakeholders, including shareholders, customers, employees, communities, suppliers, creditors, governments and corporate partners. It is the policy of the Board that management speaks for the Company. This policy does not preclude independent Directors from meeting with stakeholders, but management where appropriate should be present at such meetings.

C. BOARD OPERATIONS

Edgar Filing: 3M CO - Form PRE 14A

1. Selection of Agenda Items for Board Meetings At the first Board meeting of each year, the Chairman/CEO will propose for the Board's approval agenda items to be discussed during the course of the year. Before each meeting, the Chairman/CEO will review proposed agenda items that fall within the scope of responsibilities of a Board committee with the chair of that committee and distribute the agenda in advance to the Board. Any Board member may ask to include items on the agenda.
2. Board Materials Distributed in Advance Board members receive materials related to agenda items in advance of Board meetings so that the Directors may prepare to discuss the items at the meeting. Sensitive subjects may be discussed at the meeting without distributing written materials in advance or at the meeting.
3. Director Responsibilities Directors must exercise their business judgment to act in the best interests of the shareholders and the Company. In discharging this obligation, Directors reasonably may rely on the Company's senior executives and its advisors and auditors. Directors are expected to attend and participate in all meetings of the Board and of committees on which they serve and to spend the time needed and prepare for and meet as frequently as necessary to discharge their responsibilities.
4. Board Presentations and Access to Employees Members of senior management may be invited to attend part or all of a Board meeting in order to participate in discussions. Generally, the executive responsible for an area of the Company's operations the Board is to consider makes the presentation. Board members have complete access to all other members of management and Company employees.
5. Board Access to Independent Advisors The Board and its committees may seek advice from outside advisors as appropriate. The Board shall have sole authority to approve related fees and retention terms.
6. Executive Sessions of Independent Directors Independent Directors regularly meet without the Chairman/CEO and may select a Director to facilitate the meeting. The chairs of the Audit, Compensation, Nominating and Governance, and Public Issues Committees of the Board may chair executive sessions of the independent Directors at which the principal items to be considered are within the scope of the committee chair's authority. The Board believes that this practice ensures leadership at all executive sessions of the independent Directors without needing to designate a lead Director.

A-2

D. BOARD COMMITTEES

1. Committees The current committees are Audit, Compensation, Nominating and Governance, and Public Issues.
2. Assignment and Term of Service of Committee Members The Board is responsible for the appointment of committee members and chairs, based on recommendations of the Nominating and Governance Committee. The Board at its first meeting following the annual meeting of stockholders shall elect the members of each Committee.
3. Agenda, Frequency, Length and Reports of Committee Meetings The chair of each committee approves the agenda, length of and attendance at each committee meeting and determines the frequency of meetings. Materials related to agenda items are given to the committee members sufficiently in advance to allow the members to prepare for discussing the items at the meeting. The committee chairs report a summary of their meeting to the Board following each regular committee meeting.
4. Membership All Board members may serve on the Public Issues Committee, but only independent Directors may serve on the Audit, Compensation, and Nominating and Governance Committees.
5. Responsibilities The Board periodically reviews the responsibilities of each committee and approves the committee charters, copies of which are attached to these guidelines.

E. BOARD AND MANAGEMENT EVALUATION

1. Formal Evaluation of the Chairman/CEO The Compensation Committee, in consultation with the Chairman/CEO, sets annual and long-term performance goals for the Chairman/CEO. The Chair of the Compensation Committee leads the discussion of the Chairman/CEO's performance against such goals with the independent Directors and communicates the Board's evaluation to the Chairman/CEO. The Compensation Committee will use the evaluation when determining the compensation of the Chairman/CEO.
2. Board Self-Assessment The Board will conduct an annual self-evaluation to determine whether it and its committees are functioning effectively. The Nominating and Governance Committee will receive comments from all Directors and share those comments with the Board. Based on the comments and further discussion, the Board will make an assessment specifically reviewing areas in which the Board and/or the management believe improvements could be made to increase the effectiveness of the Board and its committees.
3. Succession Planning The Board plans the succession to the position of Chairman/CEO and certain other senior management positions. To assist the Board, the Chairman/CEO annually assesses senior managers and their succession potential. The Chairman/CEO also provides the Board with an assessment of persons considered potential successors to certain senior management positions.
4. Management Development The Chairman/CEO annually should report to the Board on the Company's program for management development.

A-3

Policy on Adoption of a Rights Plan

In 2002 and 2003, Mr. Nick Rossi, a 3M stockholder, submitted a shareholder proposal to 3M regarding the approval process for adopting a stockholders' rights plan (also known as a "poison pill"). 3M does not have a rights plan and is not currently considering adopting one. The Board continues to believe, however, that there may be circumstances under which adoption of a rights plan would be necessary to give the Board the negotiating power and leverage to obtain the best result for 3M stockholders in the context of a takeover effort.

Following consideration of the favorable vote Mr. Rossi's proposal received in the past two years and in light of this belief, the Board has adopted and reaffirmed a statement of policy on this topic. The Board's policy is that it will only adopt a rights plan if either (1) stockholders have approved adoption of the rights plan or (2) the Board in its exercise of its fiduciary responsibilities, including a majority of the independent members of the Board, makes a determination that, under the circumstances existing at the time, it is in the best interests of 3M's stockholders to adopt a rights plan without the delay in adoption that would come from the time reasonably anticipated to seek stockholder approval.

The Board has directed the Nominating and Governance Committee to review this policy statement on an annual basis and to report to the Board on any recommendations it may have concerning the policy. The terms of the policy, as in effect, will be included in 3M's published Corporate Governance Guidelines and its proxy statement.
