RADA Electronic Industries Announces Q1 2008 Results

Wednesday May 21, 10:30 am ET

NETANYA, Israel, May 21 /PRNewswire-FirstCall/ -- RADA Electronic Industries Ltd. (Nasdaq SmallCap: RADA - News) today reported its financial results for the first quarter ended March 31, 2008. Revenues were \$3.7 million, an increase of 34% from 2007 and gross profit was \$0.6 million, an increase of 35% from 2007. Operating loss for the quarter was \$319 thousand compared with an operating loss of \$339 thousand in the first quarter of 2007. The financial expenses of the period increased to \$432 thousand from \$182 thousand in 2007. As a result the company reported a net loss of \$0.77 million or \$0.09 per share. This compares with a net loss of \$0.53 million or \$0.06 per share, for the comparable quarter in 2007.

Commenting on the results, Zvika Alon, RADA's CEO said, "The revenues and gross profits of the first quarter have improved compared to the Q1 2007 results. Traditionally we have experienced that the first half of the year is weaker than the second, we maintain our view that we will continue to show improvement in our orders backlog resulting from our marketing efforts. While our production deliveries keep increasing, we plan to continue investing during 2008 in research and development mainly in our new Inertial Navigation product line."

### About RADA

RADA Electronic Industries Ltd. is an Israel based company involved in the military and commercial aerospace industries. The Company specializes in Avionics systems (Digital Video Recorders, Ground Debriefing Stations, Stores Management Systems, Flight Data Recorders, Inertial Navigation Systems), Trainers Upgrades, Avionics systems for the UAV market, and Electro optic cameras for airplanes and armored vehicles.

Note: Certain statements in this press release are "forward-looking statements" within the meaning of the Private Securities Litigation Act of 1995. Such statements involve known and unknown risks, uncertainties and other factors that may cause actual results to differ materially. Such risk uncertainties and other factors include, but are not limited to, changes in general economic conditions, risks in product and technology developments, market acceptance of new products and continuing product demand, level of competition and other factors described in the Company's Annual Report on Form 20-F and other filings with the Securities and Exchange Commission.
