Item 11. Executive Compensation

Compensation of Directors

Each non-employee Board member receives an annual retainer fee of \$10,000, provided the non-employee Board member attends at least 75% of the Board meetings. In addition, non-employee Board members are reimbursed for reasonable expenses incurred in connection with their attendance at such meetings. All of the non-employee Board members did not receive such annual retainer fee in 2000.

Under the revised Automatic Option Grant Program in effect under the 1992 Plan, a special one-time option grant was made on February 1, 2000 to each individual serving as a non-employee Board member at that time. The option allowed such non-employee Board member to purchase that number of shares of Common Stock equal to one half of one percent (0.5%) of the number of voting shares of the Company's capital stock outstanding at that time. Each individual who first joins the Board as a non-employee Board member will, upon his or her initial appointment or election to the Board, receive a special one-time option grant for number of shares of Common Stock equal to one half of one

Edgar Filing: SHAMAN PHARMACEUTICALS INC - Form 10-K/A

percent (0.5%) of the number of voting shares of the Company's capital stock outstanding on February 1, 2000, provided such individual has not previously been in the Company's employ. Such grant will be lieu of the 1,000-share option grant currently provided under the program for newly-appointed or elected non-employee Board members and the number of shares subject to such grant will be adjusted for any subsequent changes in the Company's capital structure resulting from stock dividends, stock splits, or other similar transactions. Each automatic option grant will have a maximum term of 10 years. Each automatic grant will become exercisable for the option shares in a series of 48 successive equal monthly installments over the optionee's period of continued Board service, measured from the grant date. Prior option grants under the program, all of which have been surrendered, vested in a series of 24 successive equal monthly installments measured from the applicable grant date. The option would, however, become immediately exercisable for all the option shares upon certain changes in control or ownership of the Company.

Messrs. Israelsen and Titus, each received, on April 18, 2000, an option grant for 100,000 shares of Common Stock under the 1992 Plan with an exercise price per share of \$0.25. The option grants were surrendered upon issuance of new option grants on June 2, 2000.

6

Messrs. Berg, Israelsen, Raab and Tooloee each received, on June 2, 2000, an option grant for 177,808 shares of Common Stock under the 1992 Plan with an exercise price per share of \$0.03. Messrs. Israelsen and Titus, each received, on June 2, 2000, an option grant for 277,804 shares of Common Stock under the 1992 Plan with an exercise price per share of \$0.03. Shares vest over 24 successive months. All prior option grants have been surrendered upon issuance of new option grants on June 2, 2000.

Upon joining the Board, Mr. Scannell received, on August 7, 2000, an option grant for 151,514 shares of Common Stock under the 1992 Plan with an exercise price per share of \$0.1094. Messrs. Berg, Bellamy, Raab and Israelsen are no longer members of our Board of Directors.

No other compensation was paid or accrued for directors of the Company with respect to their 2000 services as directors of or consultants to the Company.

- (1) Potential realizable value is based on assumption that the market price of the Common Stock appreciates at the annual rate shown (compounded annually) from the date of grant until the end of the 10-year option term. There can be no assurance that the actual stock price appreciation over the 10-year option term will be at the assumed 5% and 10% levels or at any other defined level.
- (2) Each option has a maximum term of 10 years, subject to earlier termination in the event of the optionee's cessation of service with the Company. However, each of the options granted to the named executive officers will become immediately exercisable in full upon an acquisition of the Company by merger or asset sale, unless the option is assumed by the successor entity. Each option includes a limited stock appreciation right which will result in the cancellation of that option, to the extent exercisable for vested shares, upon the successful completion of a hostile tender for securities possessing more than 50% of the combined voting power of the Company's outstanding voting securities. In return for the cancelled option, the optionee will receive a cash distribution per cancelled option share equal to the excess of (i) the highest price paid per share of the Company's Common Stock in such hostile tender offer over (ii) the exercise price payable per share under the cancelled option.
- (3) The exercise price may be paid in cash or in shares of Common Stock (valued at fair market value on the exercise date) or through a cashless exercise procedure involving a same-day sale of the purchased shares. The Company may also finance the option exercise by loaning the optionee sufficient funds to pay the exercise price for the purchased shares and the federal and state income tax liability incurred by the optionee in connection with such exercise. The optionee may be permitted, subject to the approval of the Plan Administrator, to apply a portion of the shares purchased under the option (or to deliver existing shares of Common Stock) in satisfaction of such tax liability.
- (4) Shares were surrendered for cancellation on December 12, 2000.
- (5) The option is exercisable on September 2, 2000.

- (6) The option is exercisable on October 17, 2000 for 18.75% of the optioned shares; 2.08% of the optioned shares vest on November 2, 2000; and remaining 79.17% vest in 19 equal monthly installments upon the completion of each additional month of employment service, commencing November 2, 2000.
- (7) The option is immediately exercisable on the date of grant.
- (8) Dr. Carlson's position was eliminated in March 2001.

On June 2, 2000, the Company implemented a special option cancellation/regrant program for all of its employees and non-employee Board members. Employment Contracts, Termination Agreements and Change of Control Agreements

On March 15, 1999, the Board of Directors approved a Change in Control provision concerning severance benefits for key executives. Pursuant to the provision, should their employment with the Company terminate within 12 months after a Change in Control, for any reason other than for cause, they will be entitled to receive in one lump sum payment the cash equivalent of 12 months of base salary plus any benefits

to which they would otherwise be entitled. In connection with these severance

benefits, the Company has agreed to pay the premiums for any COBRA coverage to which these individuals or their spouse or dependents are entitled under a Company sponsored medical plan after a Change in Control. In addition, in the event of a Change in Control, all of the options held by such key executives will automatically become fully vested and exercisable. Such executives' exercisable shares will be fixed at the termination of their employment, and they will have a period of 90 days from their termination date to purchase such exercisable shares, as set forth in the stock option agreements applicable to their options.

On March 30, 1998, the Company entered into a letter agreement with John W.S. Chow, Ph.D., pursuant to which he served as Vice President, Technical Operations. Pursuant to the letter agreement, Dr. Chow is paid an annual salary of \$165,000 in addition to the sign-on bonus paid to him in the amount of \$10,000, and he was reimbursed for closing costs incurred in the sale of his former residence in New Jersey and the purchase of his new residence in the Bay Area. Dr. Chow was also granted an option for 50 shares of Common Stock on May 15, 1998 with an exercise price per share of \$4,937.50, the fair market value per share of Common Stock on that date. Dr. Chow was also granted an additional 15 shares of Common Stock on May 15, 1998 with an exercise price of \$4,937.50, the fair market value per share of Common Stock on that date. Dr. Chow surrendered these options upon granting the Series R Preferred Stock option on December 14, 1999. The Company further agreed to pay Dr. Chow's reasonable moving expenses in an amount not to exceed \$20,000 and to provide him with an apartment for up to four months at a rental not to exceed \$2,500 per month. Should the Company terminate Dr. Chow's employment for any reason other than for cause prior to May 1, 2001, the Company will continue to pay Dr. Chow's base salary plus benefits on a monthly basis for up to six months or until Dr. Chow obtains near full-time employment or consulting of at least 80% of his time, whichever occurs sooner. The Company also extended a \$300,000 loan to Dr. Chow in connection with his purchase of a new residence in the Bay Area. See "Certain Relationships and Related Transactions."

None of the Company's other executive officers have employment agreements with the Company, and their employment may be terminated at any time at the discretion of the Board of Directors. As administrator of the Plan, the Compensation Committee has the authority to provide for accelerated vesting of the shares of Common Stock subject to any outstanding options held by the Chief Executive Officer and the Company's other executive officers or any unvested shares actually held by those individuals under the Plan upon a change in control of the Company effected through a successful tender offer for more than 50% of the Company's outstanding voting securities or through a change in the majority of the Board as a result of one or more contested elections for Board membership.

Item 12. Security Ownership of Certain Beneficial Owners and Management

The following table sets forth certain information known to the Company with respect to the beneficial ownership of the Common Stock as of April 23, 2001 by (i) all persons who are beneficial

owners of five percent or more of the Common Stock, (ii) each director, (iii) the Named Officers in the Summary Compensation Table above and (iv) all current directors and executive officers as a group. The number of shares beneficially owned by each director or executive officer is determined under rules of the SEC and the information is not necessarily indicative of beneficial ownership for any other purpose. Shares of Common Stock subject to options or warrants currently exercisable or exercisable within 60 days of April 23, 2001 are deemed to be beneficially owned by the person holding such option or warrant for computing the percentage ownership of such person, but are not treated as outstanding for computing the percentage of any other person. Except as otherwise indicated, the Company believes that the beneficial owners of the Common Stock listed below, based upon such information furnished by such owners, have sole investment power with respect to such shares, subject to community property laws where applicable.

Item 13. Certain Relationships and Related Transactions

On June 17, 1998, the Company loaned \$300,000 to John W.S. Chow, Ph.D., the Vice President, Technical Operations, to reimburse him for a reasonable difference between the purchase price of his residence in the Bay Area and the cost of comparable housing in New Jersey, his former state of residence. The loan is evidenced by his promissory note of the same date which will become due and payable in a series of five successive equal annual installments, with the first such installment due on June 25, 1999. The note will bear interest at a variable per annum rate equal to the short-term applicable federal rate in effect under the federal tax laws for January of each calendar year the loan remains outstanding. Accordingly, the interest rate in effect for the period Dr. Chow's note was outstanding during the 1998 calendar year was 5.52%. Accrued and unpaid interest will become due and payable each year on the same date the principal installment for that year becomes payable. Each installment of principal and accrued interest will automatically be forgiven as that installment becomes due, provided Dr. Chow continues in the Company's employ. However, the entire unpaid balance of the note, together with all accrued and unpaid interest, will become immediately due and payable upon Dr. Chow's termination of employment with the Company prior to June 25, 2003, unless Dr. Chow's employment is involuntarily terminated by the Company other than for cause. In the event (i) the Company terminates Dr. Chow's employment for any reason other than for cause or (ii) Dr. Chow's employment terminates by reason of his death or disability, then the entire principal balance of the note plus accrued interest will be forgiven. The Company is currently renegotiating the terms of Dr. Chow's employment agreement.

On February 28, 2001, Shaman borrowed \$188,000 from Anthony Conte, father of Lisa Conte, our President and Chief Executive. The note bears interest at the annual rate of 10% per annum and is due and payable on or before April 1, 2001. The note is secured by Shaman's SP-303 and Diabetes intellectual properties. The note was re-paid in April 2001.

Indemnification Agreements

Shaman's Certificate of Incorporation limits, to the maximum extent permitted by Delaware Law, the personal liability of directors for monetary damages for breach of their fiduciary duties as a director. Our Bylaws provide that we will indemnify our officers, directors, employees and agents to the full extent permitted by the general corporation law of Delaware. We have entered into indemnification agreements with our officers and directors containing provisions which are in some respects broader than the specific indemnification provisions contained in Delaware Law. The indemnification agreements may require us, among other things, to indemnify such officers and directors against certain liabilities that may arise by reason of their status or service as directors or officers (other than liabilities arising from willful misconduct of a culpable nature), to advance their expenses incurred as a result of any proceeding against them as to which they could be indemnified, and to obtain directors' and

14

officers' insurance, if available on reasonable terms. We currently maintain directors' and officers' insurance.

Section 145 of the Delaware Law provides that a corporation may indemnify a director, officer, employee or agent made or threatened to be made a party to an action by reason of the fact that he was a director, officer, employee or agent of the corporation or was serving at the request of the corporation against expenses actually and reasonably incurred in connection with such action if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. Delaware Law does not permit a corporation to eliminate a director's duty of care, and the provisions of our Certificate of Incorporation have no effect on the availability of equitable remedies, such as injunction or rescission, for a director's breach of the duty of care.
