Newtown, Pennsylvania 18940-1721**

PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Bio-Imaging Technologies, Inc. (the "Company") of proxies to be voted at the Annual Meeting of Stockholders of the Company to be held on Wednesday, February 27, 2002 (the "Meeting"), at the Company's executive offices at 826 Newtown-Yardley Road, Newtown, Pennsylvania, at 9:00 A.M., local time, and at any adjournment or adjournments thereof. Holders of record of Common Stock, \$0.00025 par value ("Common Stock"), as of the close of business on January 11, 2002 will be entitled to notice of and to vote at the Meeting and any adjournment or adjournments thereof. As of that date, there were 8,278,141 shares of Common Stock issued and outstanding and entitled to vote. Each share of Common Stock is entitled to one vote on any matter presented at the Meeting. The aggregate number of votes entitled to be cast at the Meeting is 8,278,141.

If proxies in the accompanying form are properly executed and returned, the shares of Common Stock represented thereby will be voted in the manner specified therein. If not otherwise specified, the shares of Common Stock represented by the proxies will be voted: (i) FOR the election of the eight nominees named below as Directors; (ii) FOR the proposal to adopt the Company's 2002 Stock Incentive Plan (the "2002 Plan"); (iii) FOR the ratification of the appointment of Arthur Andersen LLP, as independent auditors for the year ending December 31, 2002; and (iv) in the discretion of the persons named in the enclosed form of proxy, on any other proposals which may properly come before the Meeting or any adjournment or adjournments thereof. Any stockholder who has submitted a proxy may revoke it at any time before it is voted, by written notice addressed to and received by the Secretary of the Company, by submitting a duly executed proxy bearing a later date or by electing to vote in person at the Meeting. The mere presence at the Meeting of the person appointing a proxy does not, however, revoke the appointment.

Edgar Filing: BIO IMAGING TECHNOLOGIES INC - Form DEF 14A

The presence, in person or by proxy, of holders of shares of Common Stock having a majority of the votes entitled to be cast at the Meeting shall constitute a quorum. The affirmative vote by the holders of a plurality of the shares of Common Stock represented at the Meeting is required for the election of directors, provided a quorum is present in person or by proxy. Provided a quorum is present in person or by proxy, all other actions proposed herein, other than the election of directors, may be taken upon the affirmative vote of stockholders possessing a majority of the voting power represented at the Meeting.

Abstentions are included in the shares present at the Meeting for purposes of determining whether a quorum is present, and are counted as a vote against for purposes of determining whether a proposal is approved. Broker non-votes (when shares are represented at the Meeting by a proxy specifically conferring only limited authority to vote on certain matters and no authority to vote on other matters) are included in the determination of the number of shares represented at the Meeting for purposes of determining whether a quorum is present but are not counted for purposes of determining whether a proposal has been approved and thus have no effect on the outcome.

This Proxy Statement, together with the related proxy card, is being mailed to the stockholders of the Company on or about January 28, 2002. The Annual Report to Stockholders of the Company for the fiscal year ended September 30, 2001 ("Fiscal 2001"), including financial statements (the "Annual Report"), is being mailed together with this Proxy Statement to all stockholders of record as of January 11, 2002. In addition, the Company has provided brokers, dealers, banks, voting trustees and their nominees, at the Company's expense, with additional copies of the Annual Report so that such record holders could supply such materials to beneficial owners as of January 11, 2002.

In the event any of the nominees should become unavailable or unable to serve as a director, it is intended that votes will be cast for a substitute nominee designated by the Board of Directors. Committees and Meetings of the Board

There were six meetings of the Board of Directors during Fiscal 2001. During this period, each member of the Board of Directors attended more than 75% of the aggregate of: (i) the total number of meetings of the Board of Directors (held during the period for which such person has been a Director); and (ii) the total number of meetings held by all committees of the Board of Directors on which each such Director served (during the periods such Director served).

The Board of Directors has two standing committees: the Audit Committee and the Compensation/ISO Committee.

Audit Committee. The primary responsibilities of the Audit Committee include: (i) evaluating, and recommending to the Board of Directors the engagement of the Company's independent auditors; (ii) reviewing the results of their audit findings; and (iii) monitoring on a periodic basis the internal controls of the Company.

Each Audit Committee member is an independent member of the Board of Directors as defined in Rule 4200(a)(14) of the National Association of Securities Dealers' listing standards. As an independent director of the Board of Directors of the Company, each Audit Committee Member is not an officer or employee of the Company or its subsidiaries or does not have a relationship which, in the opinion of the Company's Board of Directors, would interfere with the exercise of independent judgement in carrying out the responsibilities of a director. The Audit Committee held four meetings during Fiscal 2001. The Audit Committee is currently comprised of Dr. Nowicki and Mr. Berger. Since Mr. Berger is not standing for re-election to the Board of Directors, the Board of Directors intends to appoint Mr. Stack as a member of the Audit Committee immediately after the Meeting.

Compensation/ISO Committee. The Compensation/ISO Committee makes recommendations concerning salaries and incentive compensation for management and employees of the Company and administered the Company's 1991 Stock Option Plan, as amended (the "1991

Edgar Filing: BIO IMAGING TECHNOLOGIES INC - Form DEF 14A

Plan") and will administer the 2002 Stock Plan. The Compensation/ISO Committee held two meetings in Fiscal 2001. The Compensation/ISO Committee is currently comprised of Drs. Berg and Taylor.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Transactions with Covance

On October 13, 1994, the Company and Covance Inc. entered into an agreement whereby Covance purchased: (i) 2,355,000 shares of the Company's Common Stock; (ii) a warrant to purchase 250,000 shares of Common Stock with an initial exercise price of \$1.25 per share; and (iii) a warrant to purchase 250,000 shares of Common Stock with an initial exercise price of \$1.50 per share (the "Warrants"), for an aggregate purchase price of \$1,819,500. The Warrants expired on October 13, 1998 without being exercised. Pursuant to the above agreement, the Company has agreed to take all actions necessary to nominate and cause the election to the Board of Directors of up to three designees of Covance, Inc. Covance, Inc. has designated Dr. Bannon to serve on the Company's Board of Directors until the 2003 Annual Meeting of Stockholders.

Transactions with Quintiles, Inc.

On October 25, 2001 (the "Closing Date"), the Company consummated the acquisition (the "Acquisition") of assets of the Intelligent Imaging business ("Intelligent Imaging") of Quintiles, Inc., a North Carolina corporation and wholly-owned subsidiary of Quintiles Transnational Corp. ("Quintiles"). The assets acquired included Intelligent Imaging's customer contracts, equipment, permits, leases and proprietary rights. In consideration for the assets purchased, the Company made payment to Quintiles of an aggregate purchase price consisting of \$1,000,000 in the form of an unsecured, subordinated convertible promissory note, dated as of October 25, 2001, made by the Company payable to Quintiles (the "Note") in the principal amount equal to \$1,000,000 with interest per annum equal to the rate in effect on the business day immediately prior to the date on which payments are due under the Note equal to the Three-Month London Interbank Offering Rate as published from time to time in the Wall Street Journal plus 300 basis points, compounded annually based on a 365-day year. The Note, which is payable in quarterly installments with respect to fifty percent (50%) of the aggregate principal amount, together with all accrued and unpaid interest on the entire outstanding principal amount, matures thirty-six (36) months from the Closing Date and is convertible, in whole or in part, by Quintiles any time prior to maturity into Common Stock. The number of shares of Common Stock into which the Note may be converted is calculated by dividing the outstanding principal balance of the Note (\$1,000,000 as of the Closing Date), plus all accrued and unpaid interest thereon, by the greater of: (i) 75% of the average closing price of the Company's Common Stock over the ten consecutive trading days ending prior to the date of conversion; or (ii) \$0.906 per share. Accordingly, as of the Closing Date, the Note was convertible into a maximum of 1,103,753 shares of Common Stock. The Company may pay Additional Consideration in accordance with the provisions as set forth in the Asset Purchase Agreement (the maximum number of shares to be issued to Quintiles pursuant to such provision is 646,247 shares of Common Stock which is to be paid no later than February 15, 2003). The Company also assumed certain liabilities of Intelligent Imaging, including all obligations of Intelligent Imaging arising after the Closing Date under certain contracts and unearned income reflected on the closing balance sheet, except for certain retained liabilities.

Pursuant to the above Acquisition, the Company has agreed to take all actions necessary to nominate and cause the election to the Board of Directors one individual designated by Quintiles to serve until the 2003 Annual Meeting of Stockholders. Quintiles has designated Ms. Stafford to serve on the Board of Directors until the 2003 Annual Meeting of Stockholders.

APPROVAL OF 2002 STOCK INCENTIVE PLAN

On January 13, 2002, the Board of Directors of the Company adopted, subject to stockholder approval, the 2002 Stock Incentive Plan (the "2002 Plan"). Up to 950,000 shares of Common Stock (subject to adjustment in the event of stock splits and other similar events) may be issued pursuant to awards granted under the 2002 Plan.

The 2002 Plan is intended to replace the Company's 1991 Plan, which expired by its terms on December 17, 2001. As of December 17, 2001, options to purchase 2,004,960 shares of Common Stock were outstanding under the 1991 Plan and an additional 115,565 shares were reserved for future option grants. On the expiration of the 1991 Plan on December 17, 2001, all then outstanding options remained in effect, but no additional option grants may be made under the 1991 Plan.

The Board of Directors believes that the future success of the Company depends, in large part, upon the ability of the Company to maintain a competitive position in attracting, retaining and motivating key personnel.

Accordingly, the Board of Directors believes adoption of the 2002 Plan is in the best interests of the Company and its stockholders and recommends a vote FOR the approval of the 2002 Plan.

Description of the 2002 Plan

The following is a brief summary of the 2002 Plan, a copy of which is attached as Appendix A to this Proxy Statement. The following summary is qualified in its entirety by reference to the 2002 Plan.

Types of Awards

The 2002 Plan provides for the grant of incentive stock options intended to qualify under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), non-statutory stock options and restricted stock awards (collectively, "Awards").

Incentive Stock Options and Non-statutory Stock Options. Optionees receive the right to purchase a specified number of shares of Common Stock at a specified option price and subject to such other terms and conditions as are specified in connection with the option grant. Subject to the limitations described below, options may be granted at an exercise price which may be less than, equal to or greater than the fair market value of the Common Stock on the date of grant. Under present law, however, incentive stock options and options intended to qualify as performance-based compensation under Section 162(m) of the Code may not be granted at an exercise price less than 100% of the fair market value of the Common Stock on the date of grant (or less than 110% of the fair market value in the case of incentive stock options granted to optionees holding more than 10% of the voting power of the Company). Options may not be granted for a term in excess of ten years. The 2002 Plan permits the following forms of payment of the exercise price of options: (i) payment by cash, check or in connection with a "cashless exercise" through a broker; (ii) surrender to the Company of shares of Common Stock; (iii) delivery to the Company of a promissory note; (iv) any other lawful means; or (v) any combination of these forms of payment.

Restricted Stock Awards. Restricted stock Awards entitle recipients to acquire shares of Common Stock, subject to the right of the Company to repurchase all or part of such shares from the recipient in the event that the conditions specified in the applicable Award are not satisfied prior to the end of the applicable restriction period established for such Award.

Such conditions to repurchase the restricted stock Awards may be based on performance goals set by the Board of Directors or a committee delegated authority by the Board of Directors. The performance goals which the Board of Directors (or a committee delegated authority by the Board) may establish with respect to any restricted stock Award may include any one or more of the following factors: (i) earnings per share, (ii) return on average equity or average assets with respect to a predetermined peer group,

(iii) earnings, (iv) earnings growth, (v) revenues, (vi) expenses, (vii) stock price, (viii) market share, (ix) return on sales, assets, equity or investment, (x) regulatory compliance, (xi) improvement of financial ratings, (xii) achievement of balance sheet or income statement objectives, (xiii) economic value added, (xiv) total shareholder return, (xv) net operating profit after tax, (xvi) pre-tax or after-tax income, (xvii) cash flow, (xviii) market value added, (xix) productivity, or (xx) such other objective goals established by the Board, and may be absolute in their terms or measured against or in relationship to other companies comparably, similarly or otherwise situated, including a predetermined peer group. Such performance goals may be adjusted to exclude any one or more of (i) extraordinary items, (ii) gains or losses on the disposition of discontinued operations, (iii) the cumulative effects of changes in accounting principals, (iv) the write-down of any asset, and (v) charges for restructuring and rationalization programs. Such performance goals may be particular to the plan participant or the department, branch, line of business, subsidiary or other unit in which the plan participant works and may cover such period (not shorter than one year) as may be specified by the Board of Directors or any committee or executive officer that the Board of Directors has delegated such authority.

Eligibility to Receive Awards

Employees, officers, directors, consultants and advisors of the Company and its subsidiaries and of other business ventures in which the Company has a significant interest are eligible to be granted Awards under the 2002 Plan. Under present law, however, incentive stock options may only be granted to employees of the Company and its corporate subsidiaries. The maximum number of shares with respect to which Awards may be granted to any participant under the 2002 Plan may not exceed 200,000 shares per calendar year.

Plan Benefits

As of January 11, 2002, approximately 155 persons were eligible to receive Awards under the 2002 Plan, including the Company's four executive officers and seven non-employee directors. The granting of Awards under the 2002 Plan is discretionary, and the Company cannot

Edgar Filing: BIO IMAGING TECHNOLOGIES INC - Form DEF 14A

now determine the number or type of Awards to be granted in the future to any particular person or group.

On January 11, 2002, the last reported sale price of the Company Common Stock on the NASD OTC Bulletin Board was \$1.20.

Administration

The 2002 Plan is administered by the Board of Directors. The Board of Directors has the authority to adopt, amend and repeal the administrative rules, guidelines and practices relating to the 2002 Plan and to interpret the provisions of the 2002 Plan. Pursuant to the terms of the 2002 Plan, the Board of Directors may delegate authority under the 2002 Plan to one or more committees or subcommittees of the Board of Directors. The Board of Directors may authorize the Compensation Committee to administer certain aspects of the 2002 Plan, including the granting of options to executive officers, and may authorize one or more executive officers the authority to grant options to employees who are not executive officers.

Subject to any applicable limitations contained in the 2002 Plan, the Board of Directors the Compensation Committee, or any other committee to whom the Board of Directors delegates authority, as the case may be, selects the recipients of Awards and determines (i) the number of shares of Common Stock covered by options and the dates upon which such options become exercisable, (ii) the exercise price of options, (iii) the duration of options (which may not exceed 10 years), and (iv) the number of shares of Common Stock subject to any restricted stock or other stock-based Awards and the terms and conditions of such Awards, including conditions for repurchase, issue price, repurchase price, and the establishment of specified performance goals as a condition to repurchase.

15

The Board of Directors is required to make appropriate adjustments in connection with the 2002 Plan and any outstanding Awards to reflect stock splits, stock dividends, recapitalizations, spin-offs and other similar changes in capitalization. The 2002 Plan also contains provisions addressing the consequences of any Reorganization Event, (as defined in the 2002 Plan). Upon the occurrence of a Reorganization Event, all outstanding options are to be assumed, or substituted for, by the acquiring or succeeding corporation. However, if the acquiring or succeeding corporation does not agree to assume, or substitute for, outstanding options, then the Board of Directors must either accelerate the options to make them fully exercisable prior to consummation of the Reorganization Event or provide for a cash out of the value of any outstanding options. Upon the occurrence of a Reorganization Event, the repurchase and other rights of the Company under each outstanding restricted stock Award will inure to the benefit of the acquiring or succeeding corporation. The Board of Directors will specify the effect of a Reorganization Event on any other Award at the time the Award is granted.

If any Award expires or is terminated, surrendered, canceled or forfeited, the unused shares of Common Stock covered by such Award will again be available for grant under the 2002 Plan, subject, however, in the case of incentive stock options, to any limitations under the Code.

Amendment or Termination

No Award may be made under the 2002 Plan after January 12, 2012, but Awards previously granted may extend beyond that date. The Board of Directors may at any time amend, suspend or terminate the 2002 Plan, except that no Award designated as subject to Section 162(m) of the Code by the Board of Directors after the date of such amendment shall become exercisable, realizable or vested (to the extent such amendment was required to grant such Award) unless and until such amendment shall have been approved by the Company's stockholders to the extent that stockholder approval is required by Section 162(m).

Federal Income Tax Consequences

The following is a summary of the United States federal income tax consequences that generally will arise with respect to Awards granted under the 2002 Plan and with respect to the sale of Common Stock acquired under the 2002 Plan. This summary is based on the federal tax laws in effect as of the date of this proxy statement. Changes to these laws could alter the tax consequences described below.

Incentive Stock Options

In general, a participant will not recognize taxable income upon the grant or exercise of an incentive stock option. Instead, a participant will recognize taxable income with respect to an incentive stock option only upon the sale of Common Stock acquired through the exercise of the option ("ISO Stock"). The exercise of an incentive stock option, however, may subject the participant to the alternative minimum tax.

Edgar Filing: BIO IMAGING TECHNOLOGIES INC - Form DEF 14A

Generally, the tax consequences of selling ISO Stock will vary depending on the length of time that the participant owned the ISO Stock at the time it is sold. If the participant sells ISO Stock more than two years from the date the option was granted (the "Grant Date") and more than one year from the date the option was exercised (the "Exercise Date"), then the participant will recognize long-term capital gain in an amount equal to the excess of the sale price of the ISO Stock over the exercise price.

If the participant sells ISO Stock for more than the exercise price prior to satisfying the above waiting periods (a "Disqualifying Disposition"), then all or a portion of the gain recognized by the participant will be ordinary compensation income and the remaining gain, if any, will be a capital gain. This capital gain will be a long-term capital gain if the participant has held the ISO Stock for more than one year prior to the date of sale.

16

If a participant sells ISO Stock for less than the exercise price, then the participant will recognize capital loss in an amount equal to the excess of the exercise price over the sale price of the ISO Stock. This capital loss will be a long-term capital loss if the participant has held the ISO Stock for more than one year prior to the date of sale.

Non-statutory Stock Options

As in the case of an incentive stock option, a participant will not recognize taxable income upon the grant of a non-statutory stock option. Unlike the case of an incentive stock option, however, a participant who exercises a non-statutory stock option generally will recognize ordinary compensation income in an amount equal to the excess of the fair market value of the Common Stock acquired through the exercise of the option ("NSO Stock") on the Exercise Date over the exercise price.

With respect to any NSO Stock, a participant will have a tax basis equal to the exercise price plus any income recognized upon the exercise of the option. Upon selling NSO Stock, a participant generally will recognize capital gain or loss in an amount equal to the difference between the sale price of the NSO Stock and the participant's tax basis in the NSO Stock. This capital gain or loss will be a long-term gain or loss if the participant has held the NSO Stock for more than one year prior to the date of the sale.

Restricted Stock Awards

A participant will not recognize taxable income upon the grant of a restricted stock Award unless the participant makes a valid election under Section 83(b) of the Code ("Section 83(b) Election"). If the participant makes a valid Section 83(b) Election within 30 days of the date of the grant, then the participant will recognize ordinary compensation income, for the year in which the Award is granted, in an amount equal to the difference between the fair market value of the Common Stock at the time the Award is granted and the purchase price paid for the Common Stock. If a valid Section 83(b) Election is not made, then the participant will recognize ordinary compensation income, at the time that the forfeiture provisions or restrictions on transfer lapse, in an amount equal to the difference between the fair market value of the Common Stock at the time of such lapse and the original purchase price paid for the Common Stock. The participant will have a tax basis in the Common Stock acquired equal to the sum of the price paid and the amount of ordinary compensation income recognized.

Upon the disposition of the Common Stock acquired pursuant to a restricted stock Award, the participant will recognize a capital gain or loss equal to the difference between the sale price of the Common Stock and the participant's tax basis in the Common Stock. This capital gain or loss will be a long-term capital gain or loss if the shares are held for more than one year.

Tax Consequences to the Company

The grant of an Award under the 2002 Plan generally will have no tax consequences to the Company. Moreover, in general, neither the exercise of an incentive stock option nor the sale of any Common Stock acquired under the 2002 Plan will have any tax consequences to the Company. The Company or its parent or subsidiary, as the case may be, generally will be entitled to a business-expense deduction, however, with respect to any ordinary compensation income recognized by a participant under the 2002 Plan, including in connection with a restricted stock Award or as a result of the exercise of a non-statutory stock option or a Disqualifying Disposition. Any such deduction will be subject to the limitations of Section 162(m) of the Code.

BIO-IMAGING TECHNOLOGIES, INC.

2002 STOCK INCENTIVE PLAN

1. Purpose

The purpose of this 2002 Stock Incentive Plan (the "Plan") of Bio-Imaging Technologies, Inc., a Delaware corporation (the "Company"), is to advance the interests of the Company's stockholders by enhancing the Company's ability to attract, retain and motivate persons who make (or are expected to make) important contributions to the Company by providing such persons with equity ownership opportunities and performance-based incentives and thereby better aligning the interests of such persons with those of the Company's stockholders. Except where the context otherwise requires, the term "Company" shall include any of the Company's present or future parent or subsidiary corporations as defined in Sections 424(e) or (f) of the Internal Revenue Code of 1986, as amended, and any regulations promulgated thereunder (the "Code") and any other business venture (including, without limitation, joint venture or limited liability company) in which the Company has a controlling interest, as determined by the Board of Directors of the Company (the "Board").

2. Eligibility

All of the Company's employees, officers, directors, consultants and advisors are eligible to be granted options or restricted stock awards (each, an "Award") under the Plan. Each person who has been granted an Award under the Plan shall be deemed a "Participant".

3. Administration and Delegation

(a) *Administration by Board of Directors.* The Plan will be administered by the Board. The Board shall have authority to grant Awards and to adopt, amend and repeal such administrative rules, guidelines and practices relating to the Plan as it shall deem advisable. The Board may correct any defect, supply any omission or reconcile any inconsistency in the Plan or any Award in the manner and to the extent it shall deem expedient to carry the Plan into effect and it shall be the sole and final judge of such expediency. All decisions by the Board shall be made in the Board's sole discretion and shall be final and binding on all persons having or claiming any interest in the Plan or in any Award. No director or

Edgar Filing: BIO IMAGING TECHNOLOGIES INC - Form DEF 14A

person acting pursuant to the authority delegated by the Board shall be liable for any action or determination relating to or under the Plan made in good faith.

(b) *Appointment of Committees.* To the extent permitted by applicable law, the Board may delegate any or all of its powers under the Plan to one or more committees or subcommittees of the Board (a "Committee"). All references in the Plan to the "Board" shall mean the Board, a Committee of the Board, or the executive officers referred to in Section 3(c) to the extent that the Board's powers or authority under the Plan have been delegated to such Committee or executive officers. So long as the common stock of the Company, \$0.00025 par value per share (the "Common Stock"), is registered under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), the Board shall appoint one such Committee of not less than two members, each member of which shall be an "outside director" within the meaning of Section 162(m) of the Code ("Section 162(m)") and a "non-employee director" as defined in Rule 16b-3 promulgated under the Exchange Act.

(c) *Delegation to Executive Officers.* To the extent permitted by applicable law, the Board may delegate to one or more executive officers of the Company the power to grant Awards to employees or officers of the Company or any of its present or future subsidiary corporations and to exercise such other powers under the Plan as the Board may determine; provided, that, the Board shall fix the terms of the Awards to be granted by such executive officers (including the exercise price of such Awards, which may include a formula by which the exercise price will be determined) and the maximum number of shares subject to Awards that the executive officers may grant; provided further, however, that no executive officer shall be authorized to grant Awards to any "executive officer" of the Company (as defined by

Rule 3b-7 under the Exchange Act) or to any "officer" of the Company (as defined by Rule 16a-1 under the Exchange Act).

4. Stock Available for Awards

(a) *Number of Shares.* Subject to adjustment under Section 7, Awards may be made under the Plan for up to 950,000 shares of Common Stock. If any Award expires or is terminated, surrendered or canceled without having been fully exercised or is forfeited in whole or in part (including as the result of shares of Common Stock subject to such Award being repurchased by the Company at the original issuance price pursuant to a contractual repurchase right) or results in any Common Stock not being issued, the unused Common Stock covered by such Award shall again be available for the grant of Awards under the Plan, subject, however, in the case of Incentive Stock Options (as hereinafter defined), to any limitations under the Code. Shares issued under the Plan may consist in whole or in part of authorized but unissued shares or treasury shares.

(b) *Per-Participant Limit.* Subject to adjustment under Section 7, the maximum number of shares of Common Stock with respect to which Awards may be granted to any Participant under the Plan shall be 200,000 per calendar year. The per-Participant limit described in this Section 4(b) shall be construed and applied consistently with Section 162(m).

5. Stock Options

(a) *General.* The Board may grant options to purchase Common Stock (each, an "Option") and determine the number of shares of Common Stock to be covered by each Option, the exercise price of each Option and the conditions and limitations applicable to the exercise of each Option, including conditions relating to applicable federal or state securities laws, as it considers necessary or advisable. An Option which is not intended to be an Incentive Stock Option (as hereinafter defined) shall be designated a "Nonstatutory Stock Option".

(b) *Incentive Stock Options.* An Option that the Board intends to be an "incentive stock option" as defined in Section 422 of the Code (an "Incentive Stock Option") shall only be granted to employees of the Company and shall be subject to and shall be construed consistently with the requirements of Section 422 of the Code. The Company shall have no liability to a Participant, or any other party, if an Option (or any part thereof) which is intended to be an Incentive Stock Option is not an Incentive Stock Option.

(c) *Exercise Price.* The Board shall establish the exercise price at the time each Option is granted and specify it in the applicable option agreement; provided, however, that for an Incentive Stock Option, the exercise price shall be not less than 100% of the fair market value of the Common Stock, as determined by the Board, at the time the Option is granted (or 110% in the case of a Participant that owns more than 10% of the total combined voting power of all classes of stock of the Company or its parent or subsidiary (a "10% Shareholder")).

(d) *Duration of Options.* Each Option shall be exercisable at such times and subject to such terms and conditions as the Board may specify in the applicable option agreement; provided, however, that no Option will be granted for a term in excess of 10 years (or 5 years in the case of a 10% Shareholder in order to qualify as an Incentive Stock Option).

(e) *Exercise of Option.* Options may be exercised by delivery to the Company of a written notice of exercise signed by the proper person or by any other form of notice (including electronic notice) approved by the Board together with payment in full as specified in

Section 5(f) for the number of shares for which the Option is exercised.

2

(f) *Payment Upon Exercise.* Common Stock purchased upon the exercise of an Option granted under the Plan shall be paid for as follows:

(1) in cash or by check, payable to the order of the Company;

(2) except as the Board may, in its sole discretion, otherwise provide in an option agreement, by (i) delivery of an irrevocable and unconditional undertaking by a creditworthy broker to deliver promptly to the Company sufficient funds to pay the exercise price and any required tax withholding or (ii) delivery by the Participant to the Company of a copy of irrevocable and unconditional instructions to a creditworthy broker to deliver promptly to the Company cash or a check sufficient to pay the exercise price and any required tax withholding;

(3) so long as the Common Stock is registered under the Exchange Act, by delivery of shares of Common Stock owned by the Participant valued at their fair market value as determined by (or in a manner approved by) the Board in good faith ("Fair Market Value"), provided (i) such method of payment is then permitted under applicable law and (ii) such Common Stock, if acquired directly from the Company was owned by the Participant at least six months prior to such delivery;

(4) to the extent permitted by the Board, in its sole discretion by (i) delivery of a promissory note of the Participant to the Company on terms determined by the Board, or (ii) payment of such other lawful consideration as the Board may determine; or

(5) by any combination of the above permitted forms of payment.

(g) *Substitute Options.* In connection with a merger or consolidation of an entity with the Company or the acquisition by the Company of property or stock of an entity, the Board may grant Options in substitution for any options or other stock or stock-based awards granted by such entity or an affiliate thereof. Substitute Options may be granted on such terms as the Board deems appropriate in the circumstances, notwithstanding any limitations on Options contained in the other sections of this Section 5 or in Section 2.

6. *Restricted Stock*

(a) *Grants.* The Board may grant Awards entitling recipients to acquire shares of Common Stock, subject to the right of the Company to repurchase all or part of such shares at their issue price or other stated or formula price (or to require forfeiture of such shares if issued at no cost) from the recipient in the event that conditions specified by the Board in the applicable Award are not satisfied prior to the end of the applicable restriction period or periods established by the Board for such Award (each, a "Restricted Stock Award").

(b) *Terms and Conditions.* The Board shall determine the terms and conditions of any such Restricted Stock Award, including the conditions for repurchase (or forfeiture) and the issue price, if any. Without intending to limit the generality of the preceding sentence, the Board may establish the satisfaction of performance goals consistent with Section 6(d) as a condition for repurchase (or forfeiture) (such that the Restricted Stock Award qualifies as excluded income under Section 162(m)).

(c) *Stock Certificates.* Any stock certificates issued in respect of a Restricted Stock Award shall be registered in the name of the Participant and, unless otherwise determined by the Board, deposited by the Participant, together with a stock power endorsed in blank, with the Company (or its designee). At the expiration of the applicable restriction periods, the Company (or such designee) shall deliver the certificates no longer subject to such restrictions to the Participant or if the Participant has died, to the beneficiary designated, in a manner determined by the Board, by a Participant to receive amounts due or exercise rights of the Participant in the event of the Participant's death (the "Designated Beneficiary"). In the absence of an effective designation by a Participant, Designated Beneficiary shall mean the Participant's estate.

3

(d) *Performance Goals.* The performance goals which the Board may establish with respect to any Restricted Stock Award may include any one or more of the following factors: (i) earnings per share, (ii) return on average equity or average assets with respect to a predetermined peer group, (iii) earnings, (iv) earnings growth, (v) revenues, (vi) expenses, (vii) stock price, (viii) market share, (ix) return on sales, assets,

Edgar Filing: BIO IMAGING TECHNOLOGIES INC - Form DEF 14A

equity or investment, (x) regulatory compliance, (xi) improvement of financial ratings, (xii) achievement of balance sheet or income statement objectives, (xiii) economic value added, (xiv) total shareholder return, (xv) net operating profit after tax, (xvi) pre-tax or after-tax income, (xvii) cash flow, (xviii) market value added, (xix) productivity, or (xx) such other objective goals established by the Board, and may be absolute in their terms or measured against or in relationship to other companies comparably, similarly or otherwise situated, including a predetermined peer group. Such performance goals may be adjusted to exclude any one or more of (i) extraordinary items, (ii) gains or losses on the disposition of discontinued operations, (iii) the cumulative effects of changes in accounting principals, (iv) the writedown of any asset, and (v) charges for restructuring and rationalization programs. Such performance goals may be particular to a Participant or the department, branch, line of business, subsidiary or other unit in which the Participant works and may cover such period (not shorter than one year) as may be specified by the Board.

7. *Adjustments for Changes in Common Stock and Certain Other Events*

(a) *Changes in Capitalization.* In the event of any stock split, reverse stock split, stock dividend, recapitalization, combination of shares, reclassification of shares, spin-off or other similar change in capitalization or event, or any distribution to holders of Common Stock other than a normal cash dividend, (i) the number and class of securities available under this Plan, (ii) the per-Participant limit set forth in Section 4(b), (iii) the number and class of securities and exercise price per share subject to each outstanding Option, and (iv) the repurchase price per share subject to each outstanding Restricted Stock Award shall be appropriately adjusted by the Company (or substituted Awards may be made, if applicable) to the extent the Board shall determine, in good faith, that such an adjustment (or substitution) is necessary and appropriate. If this Section 7(a) applies and Section 7(c) also applies to any event, Section 7(c) shall be applicable to such event, and this Section 7(a) shall not be applicable.

(b) *Liquidation or Dissolution.* In the event of a proposed liquidation or dissolution of the Company, the Board shall upon written notice to the Participants provide that all then unexercised Options will (i) become exercisable in full as of a specified time at least 10 business days prior to the effective date of such liquidation or dissolution and (ii) terminate effective upon such liquidation or dissolution, except to the extent exercised before such effective date. The Board may specify the effect of a liquidation or dissolution on any Restricted Stock Award granted under the Plan at the time of the grant.

(c) *Reorganization Events.*

(1) *Definition.* A "Reorganization Event" shall mean: (a) any merger or consolidation of the Company with or into another entity (which is not an "affiliate as defined in Rule 144 under the Securities Act of 1933, as amended (the "Securities Act")") as a result of which all of the Common Stock of the Company is converted into or exchanged for the right to receive cash, securities or other property; (b) any merger, consolidation or other transaction in which the stockholders of the Company who control greater than 50% of the capital stock of the Company prior to the transaction beneficially owns less than 50% of the outstanding capital stock of the Company after such transaction; (c) the sale of all or substantially all of the assets of the Company to an unrelated person or entity (which is not an "affiliate" as defined in Rule 144 under the Securities Act); or (d) any exchange of all of the Common Stock of the Company for cash, securities or other property pursuant to a share exchange transaction.

(2) *Consequences of a Reorganization Event on Options.* Upon the occurrence of a Reorganization Event, or the execution by the Company of any agreement with respect to a Reorganization Event, the Board shall provide that all outstanding Options shall be assumed, or

equivalent options shall be substituted, by the acquiring or succeeding corporation (or an affiliate thereof). For purposes hereof, an Option shall be considered to be assumed if, following consummation of the Reorganization Event, the Option confers the right to purchase, for each share of Common Stock subject to the Option immediately prior to the consummation of the Reorganization Event, the consideration (whether cash, securities or other property) received as a result of the Reorganization Event by holders of Common Stock for each share of Common Stock held immediately prior to the consummation of the Reorganization Event (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares of Common Stock); provided, however, that if the consideration received as a result of the Reorganization Event is not solely common stock of the acquiring or succeeding corporation (or an affiliate thereof), the Company may, with the consent of the acquiring or succeeding corporation, provide for the consideration to be received upon the exercise of Options to consist solely of common stock of the acquiring or succeeding corporation (or an affiliate thereof) equivalent in fair market value to the per share consideration received by holders of outstanding shares of Common Stock as a result of the Reorganization Event.

Edgar Filing: BIO IMAGING TECHNOLOGIES INC - Form DEF 14A

Notwithstanding the foregoing, if the acquiring or succeeding corporation (or an affiliate thereof) does not agree to assume, or substitute for, such Options, then the Board shall, upon written notice to the Participants, provide that all then unexercised Options will become exercisable in full as of a specified time prior to the Reorganization Event and will terminate immediately prior to the consummation of such Reorganization Event, except to the extent exercised by the Participants before the consummation of such Reorganization Event; provided, however, that in the event of a Reorganization Event under the terms of which holders of Common Stock will receive upon consummation thereof a cash payment for each share of Common Stock surrendered pursuant to such Reorganization Event (the "Acquisition Price"), then the Board may instead provide that all outstanding Options shall terminate upon consummation of such Reorganization Event and that each Participant shall receive, in exchange therefor, a cash payment equal to the amount (if any) by which (A) the Acquisition Price multiplied by the number of shares of Common Stock subject to such outstanding Options (whether or not then exercisable), exceeds (B) the aggregate exercise price of such Options. To the extent all or any portion of an Option becomes exercisable solely as a result of the first sentence of this paragraph, upon exercise of such Option the Participant shall receive shares subject to a right of repurchase by the Company or its successor at the Option exercise price. Such repurchase right (1) shall lapse at the same rate as the Option would have become exercisable under its terms and (2) shall not apply to any shares subject to the Option that were exercisable under its terms without regard to the first sentence of this paragraph.

(3) *Consequences of a Reorganization Event on Restricted Stock Awards.* Upon the occurrence of a Reorganization Event, the repurchase and other rights of the Company under each outstanding Restricted Stock Award shall inure to the benefit of the Company's successor and shall apply to the cash, securities or other property which the Common Stock was converted into or exchanged for pursuant to such Reorganization Event in the same manner and to the same extent as they applied to the Common Stock subject to such Restricted Stock Award.

8. *General Provisions Applicable to Awards*

(a) *Transferability of Awards.* Except as the Board may otherwise determine or provide in an Award, Awards shall not be sold, assigned, transferred, pledged or otherwise encumbered by the person to whom they are granted, either voluntarily or by operation of law, except by will or the laws of descent and distribution, and, during the life of the Participant, shall be exercisable only by the Participant. References to a Participant, to the extent relevant in the context, shall include references to authorized transferees.

5

(b) *Documentation.* Each Award shall be evidenced in such form (written, electronic or otherwise) as the Board shall determine; provided, that, such written instrument may be in the form of an agreement signed by the Company and the Participant or a written confirming memorandum to the Participant from the Company. Each Award may contain terms and conditions in addition to those set forth in the Plan.

(c) *Board Discretion.* Except as otherwise provided by the Plan, each Award may be made alone or in addition or in relation to any other Award. The terms of each Award need not be identical, and the Board need not treat Participants uniformly.

(d) *Termination of Status.* The Board shall determine the effect on an Award of the disability, death, retirement, authorized leave of absence or other change in the employment or other status of a Participant and the extent to which, and the period during which, the Participant, the Participant's legal representative, conservator, guardian or Designated Beneficiary may exercise rights under the Award.

(e) *Withholding.* Each Participant shall pay to the Company, or make provision satisfactory to the Board for payment of, any taxes required by law to be withheld in connection with Awards to such Participant no later than the date of the event creating the tax liability. Except as the Board may otherwise provide in an Award, when the Common Stock is registered under the Exchange Act, Participants may satisfy such tax obligations in whole or in part by delivery of shares of Common Stock, including shares retained from the Award creating the tax obligation, valued at their Fair Market Value; provided, however, that the total tax withholding where stock is being used to satisfy such tax obligations cannot exceed the Company's minimum statutory withholding obligations (based on minimum statutory withholding rates for federal and state tax purposes, including payroll taxes, that are applicable to such supplemental taxable income). The Company may, to the extent permitted by law, deduct any such tax obligations from any payment of any kind otherwise due to a Participant.

(f) *Amendment of Award.* The Board may amend, modify or terminate any outstanding Award, including, but not limited to, substituting therefor another Award of the same or a different type, changing the date of exercise or realization, and converting an Incentive Stock Option to a Nonstatutory Stock Option; provided, that, the Participant's consent to such action shall be required unless the Board determines that the action, taking into account any related action, would not materially and adversely affect the Participant.

(g) *Conditions on Delivery of Stock.* The Company will not be obligated to deliver any shares of Common Stock pursuant to the Plan or to remove restrictions from shares previously delivered under the Plan until (i) all conditions of the Award have been met or removed to the satisfaction of the Company, (ii) in the opinion of the Company's counsel, all other legal matters in connection with the issuance and delivery of such shares have been satisfied, including any applicable securities laws and any applicable stock exchange or stock market rules and

regulations, and (iii) the Participant has executed and delivered to the Company such representations or agreements as the Company may consider appropriate to satisfy the requirements of any applicable laws, rules or regulations.

(h) *Acceleration.* The Board may at any time provide that any Award shall become immediately exercisable in full or in part, free of some or all restrictions or conditions, or otherwise realizable in full or in part, as the case may be.

9. *Miscellaneous*

(a) *No Right To Employment or Other Status.* No person shall have any claim or right to be granted an Award, and the grant of an Award shall not be construed as giving a Participant the right to continued employment or any other relationship with the Company. The Company expressly reserves the right at any time to dismiss or otherwise terminate its relationship with a Participant free from any liability or claim under the Plan, except as expressly provided in the applicable Award.

6

(b) *No Rights As Stockholder.* Subject to the provisions of the applicable Award, no Participant or Designated Beneficiary shall have any rights as a stockholder with respect to any shares of Common Stock to be distributed with respect to an Award until becoming the record holder of such shares. Notwithstanding the foregoing, in the event the Company effects a split of the Common Stock by means of a stock dividend and the exercise price of and the number of shares subject to such Option are adjusted as of the date of the distribution of the dividend (rather than as of the record date for such dividend), then an optionee who exercises an Option between the record date and the distribution date for such stock dividend shall be entitled to receive, on the distribution date, the stock dividend with respect to the shares of Common Stock acquired upon such Option exercise, notwithstanding the fact that such shares were not outstanding as of the close of business on the record date for such stock dividend.

(c) *Effective Date and Term of Plan.* The Plan shall become effective on the date on which it is adopted by the Board, but no Award granted to a Participant that is intended to comply with Section 162(m) shall become exercisable, vested or realizable, as applicable to such Award, unless and until the Plan has been approved by the Company's stockholders to the extent stockholder approval is required by Section 162(m) in the manner required under Section 162(m) (including the vote required under Section 162(m)). No Awards shall be granted under the Plan after the completion of ten years from the earlier of (i) the date on which the Plan was adopted by the Board or (ii) the date the Plan was approved by the Company's stockholders, but Awards previously granted may extend beyond that date.

(d) *Amendment of Plan.* The Board may amend, suspend or terminate the Plan or any portion thereof at any time; provided, that, to the extent required by Section 162(m), no Award granted to a Participant that is intended to comply with Section 162(m) after the date of such amendment shall become exercisable, realizable or vested, as applicable to such Award, unless and until such amendment shall have been approved by the Company's stockholders if required by Section 162(m) (including the vote required under Section 162(m)).

(e) *Governing Law.* The provisions of the Plan and all Awards made hereunder shall be governed by and interpreted in accordance with the laws of the State of Delaware, without regard to any applicable conflicts of law.
