PROXY STATEMENT

Your vote is very important. For this reason, our Board of Directors is requesting that you allow your common stock to be represented at the annual meeting by the proxies named on the enclosed proxy card. This proxy statement is being sent to you in connection with this request and has been prepared for the Board by our management.

The annual meeting will be held on Tuesday, September 24, 2002, at 10:30 a.m. at our principal executive offices at 5400 Bayfront Plaza, Building 5, Santa Clara, California. Our telephone number is (408) 326-5000. This proxy statement is first being sent to our stockholders on or about August 13, 2002.

GENERAL INFORMATION

Our Financial Information. Our financial statements and related information are included in our Annual Report on Form 10-K, which is enclosed with this Proxy Statement.

Who Can Vote. You are entitled to vote your 3Com common stock if our records showed that you held your shares as of the close of business on July 26, 2002. We refer to this date as the "Record Date." At the close of business on the Record Date, a total of 358,545,977 shares of common stock were issued and outstanding. You may vote in person or by proxy. Each share of 3Com common stock has one vote. There is no cumulative voting in the election of our directors.

Cost of this Proxy Solicitation. We will pay the cost of soliciting proxies. In addition to soliciting stockholders by mail and through our regular employees, we will request banks, brokers and other nominees to solicit their customers who hold our stock in street name and will reimburse them for their reasonable, out-of-pocket costs. We may use our officers, directors and others to solicit proxies, personally or by telephone, facsimile or electronic mail. None of these individuals will receive any additional or special compensation for soliciting proxies. We retained Automated Data Processing, Inc. to solicit proxies for the annual meeting. We estimate that the fee for these services, which does not depend on the outcome of the voting, is \$3,000, plus out-of-pocket expenses.

Voting Your Proxy. If you hold your common stock in street name through a bank, broker or other nominee, you will receive instructions from your bank, broker or other nominee that you must follow to vote your shares. If you hold your shares in your own name as a holder of record, you may vote by signing, dating and mailing the proxy card in the postage-paid envelope that we have provided to you. The proxies will vote your shares as you instruct. Of course, you can always attend the meeting and vote your shares in person. If you sign and return a proxy card without specific voting instructions, your shares will be voted as recommended by our Board.

Revoking Your Proxy. To revoke your proxy if you are a holder of record, you must advise our Secretary in writing before the meeting, deliver later proxy instructions that we receive prior to the meeting, or attend the meeting and vote your shares in person. You may revoke your proxy at any time before your shares are voted.

Quorum. The annual meeting will be held if a majority of the outstanding common stock entitled to vote is represented at the meeting. Shares that are voted "FOR", "AGAINST", "ABSTAIN" or "WITHHELD" on a matter are treated as being present at the meeting for purposes of establishing a quorum and are also treated as shares entitled to vote on that matter at the annual meeting (the "Votes Cast").

Edgar Filing: 3COM CORP - Form DEF 14A

Abstentions. Although the law in Delaware is unclear on the proper treatment of abstentions, we believe that abstentions should be counted for purposes of determining both (i) whether a quorum is present and (ii) the total number of Votes Cast with respect to a proposal (other than the election of directors). Without controlling precedent to the contrary, we intend to treat abstentions in this manner. Accordingly, abstentions will have no effect on the outcome of Proposal 1 and abstentions will have the effect of a vote against Proposal 2.

Broker Non-Votes. We will count broker non-votes in determining the presence or absence of a quorum, but broker non-votes will not be counted for purposes of determining the number of Votes Cast on a particular proposal. Accordingly, broker non-votes will have no effect on the outcome of either proposal.

Stock Ownership of Certain Beneficial Owners and Management. The following table contains information, as of the Record Date, with respect to the beneficial ownership of our common stock by (i) each person whom we know to own beneficially more than 5% of our common stock; (ii) each director and nominee; (iii) the Chief Executive Officer and each of our other executive officers included in the Summary Compensation Table; and (iv) all of our current executive officers and directors as a group.

ELECTION OF DIRECTORS

Our bylaws authorize the Board to fix the number of directors. The exact number of directors is currently fixed at eight. Our Board is divided into two classes, with the classes serving for staggered two-year terms. Class I currently has three (3) members and Class II currently has four (4) members. You may not vote for more than four nominees at the annual meeting. The four (4) Class II directors to be elected at the 2002 Annual Meeting are to be elected to hold office until the 2004 Annual Meeting and until their successors have been elected and qualified.

The Board's nominees as Class II directors are Messrs. Benhamou, DiCamillo, Long and Reddy. If a nominee declines to serve or becomes unavailable for any reason, the proxies may be voted for such substitute nominee as the Board may designate. The Board has no knowledge that any nominee will be unwilling or unable to serve.

Vote Required

Directors will be elected by a plurality of the votes cast at the meeting. This means that the four (4) nominees receiving the highest number of votes will be elected as Class II directors. Votes withheld for any nominee will not be counted. Assuming a quorum is present, abstentions and broker non-votes will have no effect on the election of directors. **THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" MESSRS. BENHAMOU, DICAMILLO, LONG AND REDDY.**

Nominees and Other Directors

The following table sets forth the name and age of each nominee and each director whose term of office will continue after the annual meeting, the principal occupation of each during the past five years and the period during which each has served as a director of 3Com. Each nominee currently serves as a director. There are no family relationships among any directors or executive officers.

OUR CORPORATE GOVERNANCE PRINCIPLES

Role and Composition of the Board

Primary Functions of the Board. The Board, which is elected by our stockholders, is the ultimate decision-making body of 3Com except for matters reserved to our stockholders. The Board oversees the conduct of our business by management and reviews our financial objectives and major corporate plans, strategies and actions. Our directors are expected to promote the best interests of our stockholders in terms of corporate governance, fiduciary responsibilities, compliance with laws and regulations, and maintenance of accounting and financial controls. Our directors also participate in the selection, evaluation and, where appropriate, replacement of our chief executive officer and provide input to our CEO for the evaluation and recruitment of our principal senior executives. Our corporate governance principles are set forth in our "Board Guidelines on Corporate Governance Issues," which are attached to this proxy statement as Exhibit A.

Leadership of the Board. Our Board is led by our chairman of the board and by our lead outside director. With assistance from the Nominating and Governance Committee, our chairman appoints the lead outside director. Our chairman recommends to the Board candidates for director and board committee assignments. Our chairman and corporate secretary provide briefing materials to our directors prior to board meetings.

Lead Outside Director. Our lead outside director serves as the focal point for outside directors to resolve conflicts with (or terminate) our CEO, cooperate with our CEO to resolve conflicts with (or terminate) outside directors, and coordinate feedback to our CEO on behalf of outside directors regarding business issues and board management. The lead outside director also serves as a special counsel to the CEO. Fred Anderson currently serves as our lead outside director.

Board Selection Process. We recently established a Nominating and Governance Committee. This committee will assist the board, our chairman and our CEO in director selection, committee assignments and rotation practices, evaluation of the overall effectiveness of the Board, and review and consideration of developments in corporate governance practices. The Nominating and Governance Committee will make recommendations to the Board regarding director nominees, whether for the slate of nominees proposed by the Board to stockholders or nominees elected by the Board to fill vacancies. In addition, this committee will review director candidates submitted by stockholders. The Nominating and Governance Committee will recommend directors for committee appointments and committee chairs. The Nominating and Governance Committee will determine the effect of a director's change in employment status on such director's continued tenure on the 3Com Board.

Delegation to Committees. It is our general policy that all major decisions should be approved by the Board as a whole. As a consequence, the committee structure of the Board is limited to those committees considered to be basic to or required for the operation of a publicly-owned company. Currently these committees are the Audit and Finance Committee, Compensation Committee, Nominating and Governance Committee and Technology Committee. Each of these committees has adopted a written charter (see Exhibits B, C and D), except for the Technology Committee. The Technology Committee was established to make recommendations to the Board of Directors regarding 3Com's long-term technology investments. The committee meets with the technology and engineering leaders from each of 3Com's operating units and reviews the financial, tactical or strategic benefits of selected projects in light of 3Com's overall technology strategy. The committee makes reports to the Board of Directors as appropriate.

Functioning of the Board

Board and Committee Meetings. Board materials are provided to directors in advance of Board meetings to allow the directors to prepare for discussion at the meeting. The format of each Board meeting may

7

include an executive session with the directors and chairman. In preparation for Board and committee meetings, our chairman and lead outside director consult with our CEO regarding the agenda and content and, with support from our secretary, distribute briefing materials to our directors for matters to be included in the meeting agenda, as well as minutes from prior meetings and any written reports by committees.

Board Access to Senior Management. Our directors have complete access to our executive committee. Our directors are to use judgment to ensure that contact with the executive committee would not be distracting to our business operation or management reporting structure. In addition, any written contact with the executive committee is to be copied to our CEO. Our Board encourages our CEO to bring into board meetings, managers who can provide additional insight into the matters being discussed or who have future potential that our CEO believes should be made visible to the Board.

Board and Committee Meetings

During the fiscal year ended May 31, 2002, our Board consisted of: Fred D. Anderson, Eric A. Benhamou, Bruce L. Claflin, Casey G. Cowell, James E. Cowie, Gary T. DiCamillo, David W. Dorman, Jean-Louis Gasse, Philip C. Kantz, James R. Long, Janice C. Peters, Raj Reddy and Paul G. Yovovich. As a part of a planned restructuring of the Board, Mr. Cowell resigned from the Board effective as of July 19, 2001, and Ms. Peters and Messrs. Cowie, Gasse, Kantz, and Zuendt each resigned from the Board effective as of September 20, 2001. Mr. Dorman resigned from the Board effective as of January 18, 2002. As of May 31, 2002, our Board consisted of Messrs. Anderson, Benhamou, Claflin, DiCamillo, Long, Reddy and Yovovich.

In fiscal 2002, our Board of Directors held six meetings. We currently have an Audit and Finance Committee, a Compensation Committee, a Nominating and Governance Committee, and a Technology Committee. The Audit and Finance, Compensation, and Nominating and Governance committees consist of only outside Directors.

Our Audit and Finance Committee met eight times in fiscal 2002. The Audit and Finance Committee makes recommendations to the Board regarding the engagement of our independent public accountants, approves services rendered by our accountants, reviews the activities and recommendations of our internal audit department, and reviews and evaluates our accounting systems, financial controls and financial personnel. At the beginning of fiscal 2002, Messrs. Anderson, Cowie, Dorman and Zuendt constituted the Audit and Finance Committee. Upon the resignation from the Board of Messrs. Cowie and Zuendt on September 20, 2001, Mr. Long was appointed to the Audit and Finance Committee. Upon the resignation of Mr. Dorman from the Board on January 18, 2001, Mr. DiCamillo was appointed to the Audit and Finance Committee. As of the end of fiscal 2002, the Audit and Finance Committee consisted of Messrs. Anderson, DiCamillo and Long. Our Audit and Finance Committee operates under a written charter, which is attached to this proxy statement as Exhibit B. For additional information concerning the Audit and Finance Committee, see "REPORT OF THE AUDIT AND FINANCE COMMITTEE OF THE BOARD OF DIRECTORS."

Our Compensation Committee met six times in fiscal 2002. The Compensation Committee reviews salaries and other compensation arrangements for our officers and other key employees, reviews the administration of our stock option and stock purchase plans, and advises the Board on general aspects of our compensation and benefit policies. At the beginning of fiscal 2002, Messrs. Yovovich and Kantz constituted the Compensation Committee. Upon the resignation of Mr. Kantz from the Board on September 20, 2001, Mr. DiCamillo was appointed to the Compensation Committee. As of the end of fiscal 2002, the Compensation Committee consisted of Messrs. DiCamillo and Yovovich. Our Compensation Committee operates under a written charter, which is attached to this proxy statement as Exhibit C. For additional information concerning the Compensation Committee, see "REPORT OF THE

COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION."

Our Nominating and Governance Committee was established by the Board on July 18, 2002. The mission of the Nominating and Governance Committee is to focus on the broad range of issues surrounding the composition and operation of the Board. The Nominating and Governance Committee will assist the Board, the Chairman of the Board and the CEO in director selection, committee selection and rotation practices, evaluation of the overall effectiveness of the Board, and review and consideration of developments in corporate governance practices. The members of the Nominating and Corporate Governance Committee will be designated by subsequent action of the Board. The Nominating and Corporate Governance Committee will consider nominees recommended by any stockholder entitled to vote in the election of directors. Any stockholder wishing to nominate an individual for election to the Board must comply with the advance notice procedures described at the end of this proxy statement. The nomination must contain the following information about the nominee: name; age; business and residence addresses; principal occupation or employment; the number of shares of common stock held by the nominee; the information that would be required under SEC rules in a proxy statement soliciting proxies for the election of such nominee as a director; and a signed consent of the nominee to serve as

Edgar Filing: 3COM CORP - Form DEF 14A

a director of 3Com, if elected. The Nominating and Governance Committee operates under a written charter, which is attached to this proxy statement as Exhibit D.

Our Technology Committee held four regular quarterly meetings in fiscal 2002. The Technology Committee consists of Messrs. Benhamou, Claflin and Reddy.

All directors, except Mr. Dorman and Ms. Peters, attended more than 75% of the total number of meetings of the Board and committees on which they served during fiscal 2002.

This option is subject to the terms of our 1983 Option Plan. The option vests and becomes exercisable in four equal annual increments on the anniversary of the date of grant, provided the optionee continues to be an employee of 3Com. The option has a term of 10 years from the date of grant.

All options were granted at an exercise price equal to the closing price of our common stock on the date of grant.

Potential realizable values are net of exercise price, but before deduction of taxes associated with exercise. These amounts represent assumed rates of appreciation only, based on the SEC rules, and do not represent our estimate of future stock prices. No gain to an optionee is possible without an increase in stock price, which will benefit all stockholders commensurately. A zero percent gain in stock price will result in zero dollars for the optionee. Actual realizable values, if any, on stock option exercises are dependent on the future performance of our common stock, overall market conditions and the option holder's continued employment through the vesting period.

Employment, Severance and Change-of-Control Arrangements

Management Retention Agreements. It is our practice to enter into Management Retention Agreements ("Retention Agreements") with our senior executive officers. Under the terms of the Retention Agreement with each of these executive officers, following a qualifying event involving a disposition or upon a Change of Control (as described below) and upon the signing of a complete release of all claims, such executive officer will receive (i) a lump sum payment equal to 100% of such executive officer's annual compensation (200% for the Chief Executive Officer) or, for such officers who are executives of the Company's independent businesses, 100% of annual base salary plus target bonus based on reaching 100% of target; (ii) continued coverage of employee benefits until the earlier of two years from the date of termination or when such executive officer receives comparable benefits from another employer; (iii) a bonus payment equal to the pro-rata share of that year's target bonus; and (iv) the full acceleration of stock options (and full acceleration of restricted stock grants for the Chief Executive Officer). Our Chief Executive Officer would be entitled to receive the foregoing benefits upon a Change of Control. Our Chief Financial Officer would be entitled to receive the foregoing benefits if our Chief Financial Officer terminates employment within three months following a disposition, if our Chief Financial Officer's duties or responsibilities are materially diminished, or if our Financial Officer is terminated involuntarily other than for cause, death or disability within twelve months of a Change of Control. Our Senior Vice President of Human Resources, our Senior Vice President, General Counsel and Secretary, and our Vice President of Corporate Branding & Communications would be entitled to receive the foregoing benefits if such officer is terminated within the twelve months following a Change of Control or if such officer voluntarily terminates for good reason. Each executive officer who is an executive of an independent business of 3Com is entitled to receive the foregoing benefits, if, within twelve months of a Change of Control, such officer is involuntarily terminated other than for cause or voluntarily terminates his or her employment for good reason. "Good Reason" under the Retention Agreements includes material reductions in duties, title, authority or responsibility (provided that such a reduction occurs solely by virtue of consummation of or following the Change of Control or disposition), reduction of base salary, material reduction in aggregate level of employee benefits, relocation or constructive termination.

In all of the Retention Agreements, if the officer's employment is terminated for any other reason, he or she will receive severance or other benefits only to the extent he or she would be entitled to receive those benefits under our then existing severance or benefit plans or pursuant to any other written agreement. For our Chief Executive Officer, Senior Vice President of Human Resources, Senior Vice President, General

Counsel and Secretary and Vice President of Corporate Branding & Communications, if the benefits provided under the Retention Agreements constitute parachute payments under Section 280G of the Internal Revenue Code and are subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, then such officers shall receive (i) a payment sufficient to pay such excise tax and (ii) an additional payment

sufficient to pay the taxes arising as a result of such payment.

As defined in the Retention Agreements for executives not associated with one of our independent businesses, a "Change of Control" means: (i) the acquisition by any person of 50% or more of the total voting power of our then outstanding securities; (ii) the consummation of the sale or disposition of all or substantially all of company assets; (iii) the consummation of a merger or consolidation of us where the outstanding securities immediately prior thereto no longer represent at least 50% of the voting power immediately after such merger or consolidation; (iv) a change in the composition of the Board during any two consecutive years, such that a majority consists of persons who are not either directors who were in office when the agreement was entered into or whose nominations were approved by a majority of the directors who were in office not in connection with a transaction described in (i) through (iii) above. For the Chief Executive Officer, "Change of Control" also occurs three months after a disposition of two of the three independent businesses. For executives primarily associated with one of our independent businesses, "Change of Control" means the sale or disposition, other than a spin-off or similar transaction, to third parties of all or substantially all of that executive's business unit.

Acceleration under Option Plans. Options granted under the 1994 Option Plan contain provisions pursuant to which outstanding options must either become fully vested and immediately exercisable prior to a "transfer of control" transaction or must be assumed in the transaction, and all unexercised options terminate to the extent they are not assumed upon such "transfer of control" as defined under the 1994 Option Plan. For purposes of the 1994 Option Plan, a transfer of control is a change in ownership in which our stockholders immediately prior to the ownership change do not retain, directly or indirectly, at least a majority of the beneficial interest in our voting stock after the ownership change.

Options granted under the 1983 Option Plan and the 1994 Option Plan have their vesting accelerated as to 50% of the unvested shares subject thereto if an executive or employee optionee is terminated without cause within 12 months after a "transfer of control" transaction.

Options granted under the 3Com Corporation Director Stock Option Plan (the "Director Plan") contain provisions pursuant to which all outstanding options granted under the Director Plan will become fully vested and immediately exercisable upon a merger or acquisition of us where we are not the survivor, or upon the sale of substantially all of our assets.

Severance Plan for Section 16(b) Officers. In April 2001, the Board approved a severance plan covering our Section 16(b) officers. The severance plan provides for:

Severance amount equal to one year's base salary and target bonus;

Accelerated vesting of all outstanding options by one year;

COBRA benefits for a period of one year; and

Extension of exercise period for all vested and unexercised options to a one-year period following termination.

Employment Agreement with Bruce Claflin. We entered into an at-will employment agreement with Mr. Claflin on January 1, 2001 concurrent with Mr. Claflin's promotion to Chief Executive Officer. This employment agreement provided for:

An initial base salary of \$750,000 per annum, plus a target bonus of 100% of base salary based on performance criteria set by our Compensation Committee. The Compensation Committee has

discretion to vary the base salary and target bonus based on performance, competitive data and achievement levels;

An option, vesting as to 25% of the shares subject to the option on the anniversary of the date of grant each year over a period of four years, to purchase one million shares of our common stock at the fair market value on the date of the employment agreement and with full acceleration of vesting in the event of a change of control;

Edgar Filing: 3COM CORP - Form DEF 14A

100,000 shares of restricted stock, vesting as to 25% of the shares subject to the right of our repurchase on the anniversary of the date of grant each year over a period of four years and with full acceleration of vesting in the event of a change in control;

\$20,000,000 term life insurance policy benefiting Mr. Claflin's family with premiums paid by us; and

Severance benefits of two years' base salary and target bonus, 50% vesting of any unvested stock options and restricted stock and 18 months of continued benefits if Mr. Claflin is terminated without cause or if Mr. Claflin voluntarily terminates his employment for good reason as defined in the employment agreement.

Compensation of Directors

Directors who are not 3Com employees received an annual retainer during fiscal 2002 as follows: lead director of the Board \$35,000; committee members \$30,000 each; other directors \$25,000 each; plus reimbursement of travel expenses for members of the Board who reside outside of the local area.

Outside directors receive options to purchase common stock pursuant to the Director Plan. The Director Plan provides for the initial grant of an option to purchase shares of our common stock to each of our directors who is not a 3Com employee ("Outside Director"), with a maximum of 120,000 shares to be subject to each such option (or 160,000 shares for the "lead" director). For continuing directors, an annual renewal grant is made effective with each regularly scheduled company annual stockholder meeting, subject to the same share limits described for initial grants. In addition, each Outside Director is granted an option to purchase shares of our common stock upon becoming a member of a Board committee, with a maximum of 48,000 shares to be subject to each such option. The actual number of shares to be subject to the options granted for Board of Directors and committee service is established by the administrator of the Director Plan. All options granted have a ten-year term, and the initial grant vests 25% on each anniversary date of the grant and the annual renewal grant vests over two years with the first 50% vesting one year after grant and the remaining 50% vesting two years after grant (subject to 3Com's right to repurchase any unvested shares) as long as the option holder continues to serve on the Board or a committee. During fiscal 2002, options were granted under the Director Plan for the following number of shares and at the per share exercise prices shown: Mr. Anderson 39,750 shares at \$3.79 per share; Mr. DiCamillo 39,750 shares at \$3.79 per share; Mr. Dorman 54,500 shares at \$3.79 per share; Mr. Long 39,750 shares at \$3.79 per share; Mr. Reddy 39,750 shares at \$3.79 per share, 79,500 shares at \$10.13 per share and 26,500 at \$18.00 per share; and Mr. Yovovich 39,750 shares at \$3.79 per share. The foregoing number of shares subject to options and per share exercise price are shown on a post-Palm Distribution Adjustment basis.

Compliance with Section 16(a) of the Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act requires our directors, executive officers and persons who beneficially own more than 10% of our common stock to file reports with the SEC. These persons are required by the SEC to furnish us with copies of all Section 16(a) reports that they file.

15

Based on our review of reports furnished to us and written representations from our directors and executive officers, we believe that all filing requirements were complied with in a timely manner during fiscal 2002 except as follows:

John McClelland filed one late Form 4 related to one transaction and Michael Rescoe filed one late Form 4 for a transaction during fiscal 2002 that was eligible for deferred reporting in fiscal 2001.

Compensation Committee Interlocks And Insider Participation

The Compensation Committee during fiscal 2002 consisted of Messrs. Yovovich and Kantz, and upon the resignation of Mr. Kantz, Mr. DiCamillo, none of whom is or has been an officer or employee of 3Com. No interlocking relationship existed during fiscal 2002 between our Board or Compensation Committee and the board of directors or compensation committee of any other company.

Related-Party Transactions

In February 2001 and May 2001, 3Com purchased shares of preferred stock of Intransa, Inc. for \$95,000 and \$1,900,000, respectively. Mr. Benhamou, our Chairman of the Board, invested \$100,000 in Intransa in May 2000. 3Com previously licensed certain technology to

Intransa in exchange for a minority interest. Mr. Benhamou is a director of Intransa and has also received options to purchase shares of Intransa as compensation for his service as a director.

In February 2000, January 2001 and December 2001, 3Com purchased shares of preferred stock of Atrica, Inc. for \$100,000, \$4,780,000 and \$4,000,000, respectively. Mr. Benhamou, our Chairman of the Board, invested \$250,000 in January 2001 and \$750,000 in December 2001 in Atrica. 3Com previously licensed certain technology to Atrica in exchange for a minority interest. Mr. Benhamou is a director of Atrica.

Except as described above or otherwise described under "Executive Compensation," there have not been any transactions, and there are currently no proposed transactions, in which the amount involved would exceed \$60,000 to which we or any of our subsidiaries were or are to be a party and in which any executive officer, director or 5% beneficial owner of our common stock, or members of the immediate family of them, had or will have a direct or indirect material interest, and there are no business relationships between us and any entity of which a director of 3Com is an executive officer or of which a director of 3Com owns equity interest in excess of 10%, involving payment for property or services in excess of 5% of our consolidated gross revenues for fiscal 2002.

3COM CORPORATION

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

The Compensation Committee (the "Committee") of the Board of Directors determines compensation for the chief executive officer, reviews and makes recommendations regarding pay programs for Section 16(b) executive officers and supervises the administration of the Company's equity plans for executives and all employees. The Committee is composed of two outside directors, neither of whom is an employee or former employee of the Company.

Executive Compensation Philosophy and Objectives

3Com's executive compensation philosophy seeks to provide a meaningful total compensation opportunity to each executive with a large portion of the package variable and aligned with shareholder value creation. Consequently, it is intended that 3Com executives may realize significant incentive value when 3Com shareholders receive significant gains. 3Com's executive compensation programs are designed to:

attract, retain and motivate highly qualified executives;

align executive compensation with shareholder value creation; and

ensure that rewards are commensurate with performance.

The Committee annually reviews the Company's executive compensation programs and policies in light of the above philosophy, as well as changes and trends in the external marketplace. The Committee retains the services of a leading compensation consulting firm to advise on pay levels and mix, incentive plan design, and performance measurement. To assess market pay levels and mix, the Committee relies upon published survey and publicly-disclosed compensation data for executives with comparable responsibilities at other high-technology companies of comparable size and business focus. In addition, the Committee reviews 3Com's incentive plan designs and performance linkage to ensure that programs continue to support the Company's strategic and operational goals.

Components of Compensation

Executive compensation at 3Com consists primarily of base salary, a cash incentive opportunity, and equity-based incentives consisting primarily of stock options as well as restricted stock.

Base Salary

Edgar Filing: 3COM CORP - Form DEF 14A

3Com targets executives' base salaries at the median-to-60th percentile of the competitive market. In determining each executive officer's base salary, the Committee considers competitive market data for similar positions at high-technology companies, individual responsibilities and performance, and internal equity within 3Com. In fiscal 2002, executive salary reviews were deferred from June to December and for fiscal 2003 the salary review will occur in December.

Executive Bonus

3Com's Executive Bonus Plan rewards executives for the attainment of key Company goals. The CEO's target bonus opportunity is 100% of annual base salary, while the target bonus opportunities for other executive officers range from 50% to 60% of annual base salary. If bonuses are awarded in fiscal 2003, the cash payment will be made in January and July.

For fiscal 2002, bonus payments for all executive officers were contingent upon achievement of operating unit contribution margin, corporate operating income and pro forma net income goals. Potential payments for fiscal 2002 ranged from zero to 200% of target, based on performance. 3Com operated in a loss

17

position throughout fiscal 2002; however, financial performance improved dramatically over the course of the fiscal year. As a result, for the first half of fiscal year 2002, executive bonuses were less than 4% of target. With improving performance and attainment of a pro forma net income objective by the end of the fourth quarter, the second half bonuses averaged 53% of target, bringing the average percent of bonus target paid to 28% for all of fiscal 2002.

For fiscal 2003, bonus payments will be based principally on operating profit measures as well as revenue targets at the corporate and operating unit levels.

Equity Incentives

Executive officers' pay mix emphasizes equity incentives. Consequently, equity compensation for 3Com's executives is normally targeted at the 65th percentile of the competitive market. Executive equity grants are determined by reviewing a composite set of data including Black-Scholes estimates of disclosed grants made by comparable companies, third-party survey data, internal relationships, and potential incremental dilution. The Committee believes that equity compensation should be emphasized because it is most directly linked to shareholders' interests. The Company's equity incentives have been primarily in the form of stock options, with restricted stock used on a more limited basis. Stock options are issued at an exercise price of fair market value on the date of grant. Because of special retention issues associated with a year focused on restructuring and business recovery, options granted in fiscal 2002 vest ratably over a two-year period, which is an exception from the normal four-year vesting of options granted under the Company's plan. The options we issue become valuable and exercisable only if the executive officer continues to work at 3Com and the stock price subsequently increases.

For fiscal 2003, the Company granted stock options and performance-accelerated restricted stock to executives. While the aggregate number of shares granted to executives increased, the total grant value of executive long-term incentives, measured on a Black-Scholes basis, is below the Company's targeted positioning. Stock option grants made in fiscal year 2003 will vest ratably over four years and the restricted stock grants will vest in their entirety after four years with the potential for accelerated vesting upon the achievement of certain financial goals during fiscal 2003.

3Com encourages all employees, including executives, to participate in stock ownership through the tax-qualified Employee Stock Purchase Plan (ESPP). The plan, within I.R.S. limits, gives employees the opportunity to purchase 3Com stock with up to 10% of their base salary and bonuses which in turn permits employees and executives to increase their ownership in the Company and profit as the value of 3Com stock increases.

CEO Compensation

The Chief Executive Officer's salary, bonus and equity grants follow the policies set forth above. In determining Mr. Claflin's compensation package, the Committee considered compensation practices at companies similar in size and complexity to 3Com. The annual base salary for Mr. Claflin was increased from \$750,000 to \$825,000 effective January 1, 2002. This 10% increase was based upon market data and Mr. Claflin's strong progress in leading the restructuring of the Company. Mr. Claflin's salary remains below the 60th percentile target established by the Compensation Committee through marketplace data. Mr. Claflin's bonus opportunity ranges from zero to 200% with his target bonus set at 100% of salary. For fiscal 2002, Mr. Claflin earned and received a cash bonus of \$210,375, or 25.5% of his target bonus. In terms of equity for fiscal 2002, Mr. Claflin was awarded stock option and restricted stock grants of 840,000 and 150,000 shares, respectively. Both the fiscal 2002 and fiscal 2003 equity grants fall below the median equity level of CEOs in 3Com's peer group.

Compliance with Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to a public corporation for compensation of more than \$1 million paid to the corporation's CEO and four other most highly compensated officers. Qualifying performance-based compensation will not be subject to the cap if certain requirements are met. The Committee has reviewed 3Com's Executive Bonus Program and has weighed the benefits of compliance against the burdens. While the Committee's intent is to maximize the deductibility of executive compensation to the extent reasonable, the Committee has chosen not to qualify the Executive Bonus Plan or the Restricted Stock Plan at this time in order to maintain flexibility. The Committee believes that any loss of deductibility will not be material to the Company's results and that the burdens of compliance outweigh the benefits. 3Com's stock option plans, however, are designed to comply with Section 162(m), so stock option grants under the plans are generally tax deductible upon exercise.

REPORT OF THE AUDIT AND FINANCE COMMITTEE OF THE BOARD OF DIRECTORS

The Audit and Finance Committee oversees our financial reporting process on behalf of the Board. Management has the primary responsibility for our financial statements and the overall reporting process, including our system of financial controls. In fulfilling its oversight responsibilities during fiscal 2002, the Audit and Finance Committee periodically:

reviewed the unaudited and audited financial statements with management and our independent auditors, Deloitte & Touche LLP;

discussed the accounting principles, significant assumptions, estimates and matters of judgment used in preparing the financial statements with management and Deloitte & Touche;

reviewed the Company's financial controls and financial reporting process; and

reviewed significant financial reporting issues and practices, including changes in accounting principles and disclosure practices.

The Audit and Finance Committee also reviewed with Deloitte & Touche, who are responsible for expressing an opinion on the conformity of the audited financial statements with generally accepted accounting principles, Deloitte & Touche's judgment as to the quality, and not just the acceptability, of our accounting principles as applied in our financial reporting and such other matters as are required to be discussed with the Audit and Finance Committee under generally accepted accounting principles. The Audit and Finance Committee periodically met with Deloitte & Touche, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls and the overall quality of the our financial reporting.

In addition, the Audit and Finance Committee discussed with Deloitte & Touche the independence of Deloitte & Touche from us and our management. The Audit and Finance Committee received from Deloitte & Touche the written disclosures required by the Independence Standards Board Standard No. 1 and discussed with Deloitte & Touche any matters required to be discussed by the Statement on Auditing Standards No. 61 (Communications with Audit Committees). The Audit and Finance Committee also considered the compatibility of Deloitte & Touche's non-audit services (principally tax advisory services) with the standards for auditors' independence. The Audit and Finance Committee discussed with Deloitte & Touche the overall scope and plans for their audit.

Each of the directors who serves on the Audit and Finance Committee is "independent" for purposes of the rules of the Nasdaq Stock Market and meets the financial literacy and expertise tests recommended by the Blue Ribbon Committee on Improving the Effectiveness of Corporate Audit

Committees. The Audit and Finance Committee updated and revised its charter in fiscal 2002. The current Audit and Finance Committee Charter is attached as Exhibit B. During fiscal 2002, the Audit and Finance Committee met eight times.

In reliance on the reviews and discussions referred to above and representations by management that the financial statements were prepared in accordance with generally accepted accounting principles, the Audit and Finance Committee recommended to the Board that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended May 31, 2002. The Audit and Finance Committee also recommended to the Board, subject to stockholder approval, the selection of Deloitte & Touche LLP as our independent accountants for the fiscal year ending May 30, 2003.

RATIFICATION OF APPOINTMENT OF INDEPENDENT PUBLIC ACCOUNTANTS

The Board has selected Deloitte & Touche LLP as our independent public accountants for the fiscal year ending May 30, 2003. Deloitte & Touche LLP has acted in this capacity since its appointment in 1980. A representative of Deloitte & Touche LLP will be present at the Annual Meeting, will be given the opportunity to make a statement if he or she so desires, and will be available to respond to appropriate questions.

Audit Fees

The aggregate fees billed to us by Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively, "Deloitte & Touche") for professional services rendered for the audit of our annual financial statements for the fiscal year ended May 31, 2002 and for the reviews of the financial statements included in our Quarterly Reports on Form 10-Q for that fiscal year were \$1,400,000.

Financial Information Systems Design And Implementation Fees

Deloitte & Touche did not perform any information technology services relating to financial information systems design and implementation for the fiscal year ended May 31, 2002.

All Other Fees

The other fees billed by Deloitte & Touche for services rendered to us for the fiscal year ended May 31, 2002 were \$978,000 including audit-related services of approximately \$869,000 and non-audit services of \$109,000. Audit-related services include foreign statutory audits and stand-alone audit related work. The Audit and Finance Committee considered and determined that the provision of the services other than the services described under "Audit Fees" is compatible with maintaining the independence of Deloitte & Touche LLP as our independent public accountants.

Vote Required

The affirmative vote of a majority of the Votes Cast is necessary to approve this proposal. Assuming a quorum is present, abstentions will have the effect of a vote "against" this proposal, and broker non-votes will have no effect on the outcome of the vote. If our stockholders do not ratify the appointment of Deloitte & Touche LLP as our independent public accountants, the Board will reconsider such appointment. **THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" RATIFICATION OF THE APPOINTMENT OF DELOITTE &**

3Com Board Guidelines on Corporate Governance Issues

Edgar Filing: 3COM CORP - Form DEF 14A

1. *Primary Functions of the Board of Directors.* The business and affairs of the corporation shall be under the direction of the board. This includes overseeing the conduct of the corporation's business by management and review of the corporation's financial objectives and major corporate plans, strategies and actions. 3Com directors are expected to promote the best interests of shareholders in terms of corporate governance, fiduciary responsibilities, compliance with applicable laws and regulations, and maintenance of accounting, financial or other controls. Directors will participate in the selection, evaluation and, where appropriate, replacement of the Chief Executive Officer and will provide input to the CEO for the evaluation, as well as the recruitment, of the principal senior executives of the corporation.
2. *Authorization Guidelines.* Consistent with the board's power to delegate management of the day-to-day operation of the corporation's business, the board shall exercise business judgment in establishing and revising guidelines for authorization of expenditures or other corporate actions, and these will periodically be reviewed with management.
3. *Board Access to Senior Management.* Directors have complete access to 3Com's executive committee. As a courtesy, directors will use judgment to ensure that such contact would not be distracting to the business operation, or management reporting structure of the corporation and any such contact in writing shall be copied to the CEO. The board encourages the CEO, from time to time, to bring managers into board meetings who can provide additional insight into the items being discussed or who have future potential that the CEO believes should be made visible to the board.
4. *Leadership of the Board.* The leadership of the board shall include a chairman of the board and a lead outside director. The Chairman shall appoint a lead outside director. The Chairman shall exercise initiative in recommending to the board candidates for directorships and board committee assignments. The Chairman and Secretary shall disseminate to directors on a timely basis briefing materials to be included in the meeting agenda, as well as minutes from prior meetings and any written reports by committees. The Nominating and Governing Committee, pursuant to its committee charter, shall evaluate board effectiveness and recommend best practices with respect to board governance.

The board endorses the role of a lead outside director, to be appointed by the Chairman. The lead outside director shall serve as the focal point for outside directors regarding resolving conflicts with or terminating the CEO, cooperating with the CEO in resolving conflicts with or terminating outside directors, and coordinating feedback to the CEO on behalf of outside directors regarding business issues and board management. The lead outside director will also serve as a special counsel to the CEO.

5. *Charters of Standing Committees.* The current committee structure of the corporation includes the following committees: Audit and Finance, Compensation, a Nominating and Governance committee, and Technology. The charters of each standing committee will be reviewed periodically with a view to delegating committees with the authority of the board concerning specified matters appropriate to such committee. Such authority will be set forth in board resolutions or bylaws pertaining to the charters of board committees.
6. *Board Selection Process.* It is expected that all directors will be alert to potential board candidates with appropriate skills and characteristics and communicate information regarding board selection matters to the Nominating and Governance Committee. The Nominating and Governance Committee shall exercise initiative in recommending to the board candidates for directorships and board committee assignments. The board endorses the value of seeking qualified directors from diverse backgrounds otherwise relevant to the corporation's mission, strategy and business operations and perceived needs of the board at a given time.

A-1

7. *Director's Term of Office.* Directors are elected to hold office for term of two years. As an alternative to term limits, the Chairman and lead director will review each director's continuation on the board at the conclusion of each two-year term. This will also allow each director the opportunity to conveniently confirm his or her desire to continue as a member of the board.
8. *Board and Committee Meetings.* In preparation for meetings of the board and its committees, the Chairman will consult with the CEO regarding the agenda and content and with support from the Secretary shall disseminate to directors on a timely basis briefing materials regarding matters to be included in the meeting agenda, as well as minutes from prior meetings and any written reports by committees. On those occasions in which the subject matter is too sensitive to put on paper, the presentation will be discussed at the meeting. Presentations to the board may rely on directors having reviewed and digested information set forth in the briefing materials, thus allowing more time for discussion, clarification, and feedback.

Consistent with authorization guidelines and committee charters, day-to-day operational matters, routine administrative items and matters specified in standing committee charters shall be acted upon either by management or a board committee, as reflected in normal management or committee reports to the board. The format of each board meeting may include executive session with the directors and Chairman. Adequate time will be scheduled for completion of matters placed on the agenda of each meeting, including an annual off-site meeting of the board to review long-term strategy.
