It also holds special meetings as required from time to time when important matters arise requiring Board action between scheduled meetings. During the last fiscal year, the board met four times.

The Audit Committee consists of Messrs. Campbell and Brooks. The Audit Committee operates under a written charter adopted by the Company's Board of Directors. Each non-employee director will be compensated separately for service on the Board and is reimbursed for expenses to attend Board meetings. Members of the Audit and Compensation Committees are not compensated separately for service on those committees. In addition, non-employee directors participate in the Outside Director Stock Option Plan. See "Executive Compensation - Compensation of Directors."

Compensation of Directors

On October 3, 1996, the Company adopted a new nonqualified performance stock option plan for the benefit of the Company's outside Directors. The plan provides that the outside Directors will receive grants to be determined and approved by the Company's inside directors and not to exceed 20,000 options per year per director. Under the terms of the plan, the options are exercisable for a term of ten years, and during such term are exercisable as follows: 25% after each year, and 100% anytime after the fourth year until the end of the tenth year. The purchase price of the common stock will be equal to 100% of the closing bid price of the common stock on the over-the-counter market on the date of grant.

On July 2, 2001, the Company's two outside directors were granted options to purchase 4,000 shares of common stock at \$4.55 per share. The Company's two inside directors each were granted options to purchase 4,000 shares of common stock at a price of \$4.55 per share.

The plans are administered by the non-participating members of the Board of Directors, who select the optionees and determine the terms and conditions of the stock option grant. The exercise price for options granted under the plans cannot be less than the fair market value of the stock at the date of grant or 110% of such fair market value with respect to options granted to any optionee who holds more than 10% of the Company's common stock. Options are not exercisable until one year after the date of grant and expire five years after the date of grant. All outstanding options are subject to vesting provisions whereby they become exercisable over a four-year period. The plans authorize options to purchase up to 200,000, 300,000 and 300,000 shares of common stock, respectively.

On October 21, 1999, the Company adopted a new stock compensation plan. The purpose of the plan is to encourage ownership of the Common Stock of the Company by certain officers, directors, employees and certain advisors of the Company in order to provide incentive to promote the success and business of the

6

Company. A total of 300,000 shares of Common Stock have been reserved for issuance under the plan and are subject to terms as set by the Compensation Committee of the Board of Directors at the time of grant.

As of March 31, 2002, options to purchase a total of 328,035 shares were outstanding, at exercise prices ranging from \$3.75 to \$7.00 per share. Further, as of March 31, 2002, options to purchase an aggregate of 271,395 shares remained available for grant under the Company's stock option plans. The plan adopted in September 1984 was terminated effective June 1, 1993. Options were granted during the fiscal year ended March 31, 2002, pursuant to the Company's incentive stock option plans, to each of the Company's executive officers. Options to purchase 6,000 shares at \$4.55 per share were granted to Mr. Steven W. Peterson, Vice President-Finance. Mr. Luke R. Schmieder, President, and Mr.
