Notes to Schedule of Investments

Security valuation

The net asset value of the common shares of the Fund is determined daily as of the close of the New York Stock Exchange (NYSE), normally at 4:00 P.M., Eastern Time. Short-term debt investments that have a remaining maturity of 60 days or less are valued at amortized cost, and thereafter assume a constant amortization to maturity of any discount or premium, which approximates market value. Investments in John Hancock Cash Investment Trust (JHCIT), an affiliate of John Hancock Advisers, LLC (the Adviser), a wholly owned subsidiary of John Hancock Financial Services, Inc., a subsidiary of Manulife Financial Corporation (MFC), are valued at their net asset value each business day. All other securities held by the Fund are valued at the last sale price or official closing price (closing bid price or last evaluated quote if no sale has occurred) as of the close of business on the principal securities exchange (domestic or foreign) on which they trade or, lacking any sales, at the closing bid price. Securities traded only in the over-the-counter market are valued at the last bid price quoted by brokers making markets in the securities at the close of trading. Securities for which there are no such quotations, principally debt securities, are valued based on the valuation provided by an independent pricing service, which utilizes both dealer-supplied and electronic data processing techniques, which take into account factors such as institutional-size trading in similar groups of securities, yield, quality, coupon rate, maturity, type of issue, trading characteristics and other market data.

Other assets and securities for which no such quotations are readily available are valued at fair value as determined in good faith under consistently applied procedures established by and under the general supervision of the Board of Trustees. Generally, trading in non-U.S. securities is substantially completed each day at various times prior to the close of trading on the NYSE. The values of such securities used in computing the net asset value of the Fund's shares are generally determined as of such times. Occasionally, significant events that affect the values of such securities may occur between the times at which such values are generally determined and the close of the NYSE. Upon such an occurrence, these securities will be valued at fair value as determined in good faith under consistently applied procedures established by and under the general supervision of the Board of Trustees.

Joint repurchase agreement

Pursuant to an exemptive order issued by the Securities and Exchange Commission, the Fund, along with other registered investment companies having a management contract with John Hancock Advisers, LLC (the Adviser), a wholly owned subsidiary of John Hancock Financial Services, Inc., a subsidiary of Manulife Financial Corporation, may participate in a joint repurchase agreement transaction. Aggregate cash balances are invested in one or more large repurchase agreements, whose underlying securities are obligations of the U.S. government and/or its agencies. The Fund's custodian bank receives delivery of the underlying securities for the joint account on the Fund's behalf. The Adviser is responsible for ensuring that the agreement is fully collateralized at all times.

Securities lending

The Fund may lend securities in amounts up to 33 1/3% of the Fund's total assets. Such loans are available at any time and are at all times fully secured by cash, cash equivalents or securities issued or guaranteed by the U.S. government or its agencies or instrumentalities and marked-to-market on a daily basis. The Fund may bear the risk of delay in recovery of, or even of rights in, the securities loaned should the borrower of the securities fail financially. The Fund receives compensation for lending their securities either in the form of fees and/or by retaining a portion of interest on the investment of any cash received as collateral. The Fund

Edgar Filing: HANCOCK JOHN BANK & THRIFT OPPORTUNITY FUND - Form N-Q

invests the cash collateral received in connection with securities lending transactions in the JHCIT, a Delaware common law trust and an affiliated fund. JHCIT is exempt from registration under Section 3(c)(7) of the 1940 Act (pursuant to exemptive order issued by the SEC) and is managed by the Adviser, for which the Adviser receives an investment advisory fee of 0.04% of the average daily net assets of the JHCIT.

Notes to Schedule of Investments Page 2

All collateral received will be in an amount equal to at least 100% of the market value of the loaned securities and is intended to be maintained at that level during the period of the loan. The market value of the loaned securities is determined at the close of business of the Fund and any additional required collateral is delivered to the Fund the next business day. During the loan period, the Fund continues to retain rights of ownership, including dividends and interest of the loaned securities.
