**EXPLANATORY NOTE**

This Amendment No. 1 to Form T-3 is being filed to (i) amend and restate Item 2. Securities Act Exemption Applicable, Item 6. Underwriters, Item 7. Capitalization and Item 8. Analysis of Indenture Provisions, as set forth in the Application for Qualification of Indentures on Form T-3 (File No. 022-28831) filed by Belden CDT Inc., a Delaware corporation (the Company), with the Securities and Exchange Commission on March 5, 2007 (the Application) and (ii) to update Exhibit T3C, the Indenture between the Company and U.S. Bank National Association, as Trustee.

**GENERAL**

**1. General Information.**

(a) *Form of organization.* Belden CDT Inc. (the Company) is a corporation.

(b) *State or other sovereign power under the laws of which organized.* The Company was organized under the laws of the State of Delaware.

**2. Securities Act Exemption Applicable.**

Pursuant to the terms and subject to the conditions set forth in the Company's offering circular dated March 5, 2007 (as may be amended or supplemented from time to time, the Offering Circular) and the related letter of transmittal, the Company is offering to exchange (the Exchange Offer) \$1,000 principal amount of its new 4.00% Convertible Subordinated Debentures due 2023 (the New Debentures) and a cash exchange fee of \$6.25 (the Exchange Fee) for each \$1,000 principal amount of its currently outstanding 4.00% Convertible Subordinated Debentures due 2023 (the Old Debentures) validly tendered and accepted.

The terms of the New Debentures will be substantially similar to the terms of the Old Debentures, with the following modifications:

*Net Share Settlement Upon Conversion.* The New Debentures will include a net share settlement feature that will require the Company upon conversion to pay cash up to the principal amount of the New Debentures and to pay any conversion consideration in excess of the principal amount in shares of its common stock based on an initial conversion rate of 55.9942 shares per \$1,000 principal amount of New Debentures (which represents an initial conversion price of \$17.859 per share), under the circumstances and subject to the adjustments described in the Offering Circular. The Old Debentures are convertible in accordance with their terms only into shares of the Company's common stock, other than fractional shares which may be settled in cash.

*Conversion Rate Adjustment Upon Certain Changes in Control.* The New Debentures will provide for an increase in the conversion rate for holders that elect to convert the New Debentures upon the occurrence of certain changes in control that occur prior to July 21, 2008, unless the acquirer is a public acquirer, in which case, at the Company's option, the New Debentures may instead become contingently convertible into cash and, if applicable, common stock of the public acquirer, subject to the net share settlement provisions and other adjustments to the conversion rate described in the Offering Circular.

If the Exchange Offer is completed, the New Debentures will be issued under and governed by the indenture (the Indenture) to be qualified by this Application. For more detailed information regarding the Indenture, please see Item 8 of this Application.

No tenders of Old Debentures will be accepted before the effective date of this Application.

The Exchange Offer is being made by the Company in reliance on an exemption from the registration requirements of the Securities Act of 1933, as amended, afforded by Section 3(a)(9) thereof, based on the following facts:

The New Debentures are proposed to be offered for exchange by the Company with its existing security holders exclusively and solely for the Old Debentures of the Company.

No sales of securities of the same class as the New Debentures have been or are to be made by the Company or by or through an underwriter at or about the same time as the Exchange Offer for which the exemption is claimed.

The Company has not paid or given, and will not pay or give, directly or indirectly, any commission or other remuneration to any broker, dealer, salesman, agent or other person for soliciting tenders in the Exchange Offer. To the extent solicitations are undertaken by the Company's officers and employees, such officers and employees will not receive additional compensation for making such solicitations.

The Company has not retained a dealer-manager in connection with the Exchange Offer. The Company has engaged Global Bondholder Services Corporation as the exchange agent and the information agent and UBS Securities LLC as the financial advisor, all of whom will receive reasonable and customary fees for their services. None of the fee arrangements are conditioned on the success of the Exchange Offer, and none of such persons are authorized to solicit the exchange of Old Debentures in the Exchange Offer or to make recommendations as to acceptance or rejection of the Exchange Offer. The financial advisor, the information agent and the exchange agent will provide to holders of the Old Debentures only information

**Table of Contents**

contained in the Offering Circular and related documents and general information regarding the mechanics of the exchange process. The exchange agent will provide the actual acceptance and exchange services with respect to the exchange of Old Debentures for New Debentures. The Company will also make customary payments in respect of accounting, legal, printing and related fees and expenses, and payment of the Exchange Fee to exchanging holders.

No holder of the Old Debentures has made or will be requested to make any cash payment in connection with the Exchange Offer other than the payment of any applicable taxes in accordance with the terms of the Exchange Offer or, if such holder handles the transaction through its broker, dealer, commercial bank, trust company or other institution, any applicable brokerage fees or commissions.

**INDENTURE SECURITIES**

**8. Analysis of Indenture Provisions.**

The New Debentures will be issued under the Indenture between the Company and U.S. Bank National Association, as trustee (the *Trustee*). The following analysis is not a complete description of the Indenture provisions discussed. The description makes use of a number of terms defined in the Indenture and is qualified in its entirety by express reference to the Indenture, a form of which is attached as Exhibit T3C hereto and incorporated by reference herein.

*(a) Events of Default; Withholding of Notice.*

Each of the following constitutes an *Event of Default* under the Indenture:

- (1) The Company defaults in the payment of interest on any New Debenture that continues for 30 days or more after such payment is due, whether or not prohibited by the subordination provisions of the Indenture;
- (2) The Company defaults in the payment of the principal of any New Debenture or the redemption price, the purchase price or the change in control purchase price in respect of any New Debenture when due whether or not prohibited by the subordination provisions of the Indenture;
- (3) The Company fails to comply with any of its other covenants or agreements in the Indenture that continues for 90 days after written notice to us by the Trustee or the holders of at least 25% in aggregate principal amount of outstanding New Debentures;
- (4) The Company defaults in the payment when due, including any applicable grace period, in respect of indebtedness for borrowed money, which payment is in an amount in excess of \$20,000,000;
- (5) The Company defaults in respect of any indebtedness for borrowed money, which default results in acceleration of any such indebtedness which is in an amount in excess of \$20,000,000; and
- (6) Certain events of bankruptcy, insolvency or reorganization with respect to the Company or any of its significant subsidiaries.

A default under clause (3) above is not an *Event of Default* until the Trustee notifies the Company, or the holders of at least 25% in aggregate principal amount of outstanding New Debentures notify the Company and the Trustee, of the default and the Company does not cure such default (and such default is not waived) within the time specified in clause (3) above after actual receipt of such notice. Any such notice must specify the default, demand that it be remedied and state that such notice is a *Notice of Default*.

The Company shall deliver to the Trustee, within 30 days after it becomes aware of the occurrence thereof, written notice of any default, its status and what action the Company is taking or proposes to take with respect thereto.

If an *Event of Default* shall occur and be continuing and if it is known to the Trustee, the Trustee is required to mail to each holder of the New Debentures a notice of the *Event of Default* within 90 days

**Table of Contents**

after such default occurs. Except in the case of a default in payment of the principal, redemption price, purchase price or change in control purchase price of, or accrued interest on, any New Debenture, the Trustee may withhold the notice if and so long as the Trustee in good faith determines that withholding the notice is in the interests of the holders of the New Debentures.

*(b) Authentication and Delivery of New Debentures; Use of Proceeds.*

Two officers shall sign the New Debentures on behalf of the Company by manual or facsimile signature. The Company's seal shall be reproduced on the New Debentures.

If an officer whose signature is on a New Debenture no longer holds that office at the time the New Debenture is authenticated, the New Debenture shall nevertheless be valid.

A New Debenture shall not be valid until authenticated by the manual or facsimile signature of the Trustee. The Trustee's signature shall be conclusive evidence that the New Debenture has been authenticated under the Indenture.

The Trustee shall authenticate and make available for delivery New Debentures for original issue in an aggregate principal amount of up to \$110,000,000 in exchange for equivalent principal amounts of Old Debentures upon a Company order without any further action by the Company. The aggregate principal amount of the New Debentures outstanding at any time may not exceed the amount set forth in the foregoing sentence.

The Trustee may appoint an authenticating agent acceptable to the Company to authenticate New Debentures. An authenticating agent may authenticate New Debentures whenever the Trustee may do so, other than upon original issuance or upon issuance of replacement securities. An authenticating agent has the same rights as an agent to deal with the Company or an affiliate.

The New Debentures shall be issuable only in registered form without coupons and only in denominations of \$1,000 and any integral multiple thereof.

There will be no proceeds from the issuance of the New Debentures because the New Debentures are being issued in exchange for the Old Debentures.

*(c) Release and Substitution of Property Subject to the Lien of the Indenture.*

The New Debentures are unsecured obligations of the Company. As such, the New Debentures are not secured by any lien on any property.

*(d) Satisfaction and Discharge.*

The Company may satisfy and discharge its obligations under the Indenture by delivering to the Trustee for cancellation all outstanding New Debentures or by depositing with the Trustee, the paying agent or the conversion agent, as applicable, when the New Debentures have become due and payable, whether at stated maturity, on any redemption date, purchase date or change in control purchase date, upon conversion or otherwise, cash and/or shares of common stock (as applicable under the terms of the Indenture) sufficient to pay all of the outstanding New Debentures and all other sums payable under the Indenture by the Company.

**Table of Contents**

*(e) Evidence of Compliance with Conditions and Covenants.*

The Company is required to furnish the Trustee annually with a certificate as to its compliance with the conditions and covenants provided for in the Indenture.

**9. Other Obligors.**

None.
