Item 1.01 Entry into a Material Definitive Agreement.

On December 19, 2007, UST Inc. (the Company) entered into a new \$200 million six-month credit agreement (the New Credit Agreement), by and among the Company and Morgan Stanley Bank and Lehman Commercial Paper Inc., as the initial Lenders. The New Credit Agreement provides the Company with the capacity to borrow up to an aggregate amount of \$200 million in as many as four separate term loans at any time prior to April 30, 2008. Such borrowings will primarily be used to fund a portion of the Company's ongoing repurchases of its common shares under its share repurchase program. The Company shall repay the unpaid principal amount of any borrowings under the New Credit Agreement by June 19, 2008. The Company currently intends to fund the repayment of any borrowings under the New Credit Agreement with proceeds from an anticipated long-term debt issuance.

As defined and described therein, amounts outstanding under the New Credit Agreement bear interest, at the Company's option, based on either (1) the higher of the Prime Lending Rate or the Federal Funds Rate, or (2) an adjusted London InterBank Offered Rate (LIBOR) plus a margin equal to 0.225% to 0.550%, calculated on the basis of the Company's long-term senior unsecured non-credit-enhanced debt ratings (the Rating). The Company will pay a quarterly commitment fee on the undrawn portion of the credit facility equal to 0.045% to 0.100%, calculated on the basis of the Rating. In addition, on April 30, 2008, the Company will pay a fee to each Lender equal to 0.075% of each Lender's commitment on such date, if the anticipated long-term debt issuance has not occurred.

The New Credit Agreement contains customary representations and warranties, as well as customary negative and affirmative covenants, all of which are substantially similar to those included in the Company's existing five-year revolving credit agreement (the Existing Credit Agreement), a description of which was contained in the Company's Current Report on Form 8-K filed on July 3, 2007.

The description of the New Credit Agreement contained herein is qualified in its entirety by reference to such agreement, a copy of which is filed herewith as Exhibit 10.1 and is incorporated herein by reference.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The information set forth above in Item 1.01 regarding the description of the New Credit Agreement is incorporated herein by reference.

At December 19, 2007, the Company had no direct borrowings under the New Credit Agreement, and an aggregate principal amount of \$150 million outstanding under the Existing Credit Agreement. The Company utilized borrowings under the Existing Credit Agreement in connection with its previously announced plans to spend up to \$350 million in the fourth quarter of 2007 on share repurchases under its current share repurchase program.
