Table of Contents**SELLING SHAREHOLDERS**

The number of shares of our common stock indicated as owned by each of the selling shareholders below reflects their ownership as of June 30, 2009.

Beneficial ownership is determined in accordance with the rules of the SEC. These rules generally attribute beneficial ownership of securities to persons who possess sole or shared voting power or investment power with respect to such securities. Except as otherwise indicated, all of the shares reflected in the table are shares of common stock and each selling shareholder listed below has sole voting and investment power with respect to the shares beneficially owned thereby, subject to applicable community property laws. Ownership calculations are based on 103,275,164 shares outstanding as of June 30, 2009.

MatlinPatterson Private Placement

On September 21, 2007 we issued and sold 38,354,293 newly-issued unregistered shares of our common stock for an aggregate cash purchase price of \$50 million (the Private Placement) to MatlinPatterson FA Acquisition LLC and certain co-investors pursuant to the Investment Agreement, dated as of May 14, 2007 (the Investment Agreement), between the Company and MatlinPatterson.

Pursuant to the Investment Agreement, MatlinPatterson had the right to designate one or more co-investors to purchase a portion of the shares of common stock to be purchased by MatlinPatterson in place of MatlinPatterson. On September 21, 2007, MatlinPatterson entered into a Co-Investment Agreement with each of Robert M. Tirschwell and Mr. Robert M. Fine pursuant to which MatlinPatterson and Mr. Tirschwell agreed that Mr. Tirschwell and Mr. Fine would each purchase the number of shares corresponding to an aggregate purchase price of \$450,000 and \$130,000, respectively. Mr. Tirschwell is the Head of Trading of Broadpoint DESCAP, a division of Broadpoint Capital. Mr. Fine is the President of Broadpoint DESCAP.

As a result of these arrangements, on September 21, 2007 MatlinPatterson contributed \$49,420,000 of the \$50 million cash purchase price and received 37,909,383 newly-issued shares of our common stock.

The number of shares issued to MatlinPatterson, Mr. Tirschwell and Mr. Fine was subject to upward adjustment within 60 days of the closing of the Investment Agreement in the event that the final net tangible book value per share of the Company as of September 21, 2007 was less than \$1.60. On February 21, 2008, we entered into an agreement with MatlinPatterson, Mr. Tirschwell and Mr. Fine agreeing that the final net tangible book value per share of the Company as of September 21, 2007 was \$1.25. Pursuant to the terms of such agreement, we agreed to issue 3,632,009 additional shares of our common stock to MatlinPatterson, Mr. Tirschwell and Mr. Fine in satisfaction of this requirement.

Upon the closing of the Private Placement, we entered into a Registration Rights Agreement, dated as of September 21, 2007 (the Registration Rights Agreement), with MatlinPatterson, Mr. Tirschwell and Mr. Fine, which was amended by Amendment No. 1 to the Registration Rights Agreement, dated as of March 4, 2008. The Registration Rights Agreement contains customary terms found in such agreements, including provisions concerning registration rights, registration procedures and piggyback registration rights as well as customary indemnification rights for MatlinPatterson, Mr. Tirschwell and Mr. Fine. Pursuant to the Registration Rights Agreement, we would bear all of the costs of any registration other than underwriting discounts and commissions and certain other expenses.

Pursuant to the Investment Agreement, MatlinPatterson has the right to designate directors to be appointed to our Board of Directors. Each of Messrs. Patterson, Fensterstock, Pechock and Plimpton were designated to the Board pursuant to such right of MatlinPatterson.

MatlinPatterson Voting Agreement

On February 29, 2008, we and MatlinPatterson entered into a Voting Agreement (the Voting Agreement) whereby MatlinPatterson agreed to vote its shares in the Company in favor of an increase in the number of authorized shares under the 2007 Plan to be submitted to shareholders at the 2008 Annual Meeting of Shareholders. Fensterstock Consulting Arrangement

Prior to joining our Company as our CEO, Lee Fensterstock was party to a consulting agreement in 2007 with MatlinPatterson.

2008 Common Stock Private Placement

On March 4, 2008, we entered into a stock purchase agreement (the "Stock Purchase Agreement") with MatlinPatterson, Mast Credit Opportunities I Master Fund Limited, a Cayman Islands corporation ("Mast") and certain individual investors listed on the signature pages to the Stock Purchase Agreement (the "Individual Investors", and together with the MatlinPatterson and Mast, the "Investors"). Pursuant to the terms of the Stock Purchase Agreement, we issued and sold 11,579,592 shares of common stock to the investors, with 7,058,824 shares being issued to Mast, 1,594,000 shares being issued to the MatlinPatterson and 2,926,768 being shares issued to the individual investors. The shares were sold for an aggregate purchase price of approximately \$19.7 million, or \$1.70 per share. In addition, all of the individual investors are employees of the Company and/or its wholly-owned subsidiary Broadpoint Capital, including Mr. Fensterstock, Chief Executive Officer of the Company, and other senior officers of Broadpoint Capital.

Concurrently with the execution of the Stock Purchase Agreement, we entered into a Registration Rights Agreement, dated as of March 4, 2008 (the "Mast Registration Rights Agreement"), with Mast with respect to the shares that Mast purchased pursuant to the Stock Purchase Agreement (the "Mast Shares"). We filed a registration statement with the SEC for the resale of the Mast Shares in an offering on a delayed or continuous basis pursuant to Rule 415 under the Securities Act (the "Mast Shelf Registration") on April 1, 2008 and it was declared effective on April 29, 2008. We paid for all of the costs of the Mast Shelf Registration, a total of approximately \$45,000, other than underwriting discounts and commissions and certain other expenses, and grant customary indemnification rights thereunder to Mast.

Mast Mandatory Redeemable Preferred Stock

On June 27, 2008 we entered into the Preferred Stock Purchase Agreement with Mast for the issuance and sale of (i) 1,000,000 newly-issued unregistered shares of our Series B Mandatory Redeemable Preferred Stock, par value \$1.00 per share (the "Series B Preferred Stock") and (ii) a warrant to purchase 1,000,000 shares of our common stock, at an exercise price of \$3.00 per share (the "Warrant"), for an aggregate cash purchase price of \$25 million.

The Preferred Stock Purchase Agreement and the Series B Preferred Stock include, among other things, certain negative covenants and other rights with respect to the operations, actions and financial condition of the Company and its subsidiaries so long the Series B Preferred Stock remains outstanding. Cash dividends of 10% per annum must be paid on the Series B Preferred Stock quarterly, while an additional dividend of 4% per annum accrues and is cumulative, if not otherwise paid quarterly at the option of the Company. The Series B Preferred Stock must be redeemed on or before June 27, 2012.

The Warrant is subject to customary anti-dilution provisions and expires June 27, 2012. Concurrently with the execution of the Preferred Stock Purchase Agreement, we entered into a Registration Rights Agreement with Mast, dated as of June 27, 2008 (the "Warrant Registration Rights Agreement"), with respect to the shares of Common Stock

that are issuable to Mast pursuant to the Warrant (the Warrant Shares). Pursuant to the Warrant Registration Rights Agreement, Mast has the right to request registration of the Warrant Shares if at any time we propose to register common stock for our own account or for another, subject to certain exceptions for underwriting requirements. In addition, under certain circumstances Mast may demand a

Table of Contents

registration of no less than 300,000 Warrant Shares. We must register such Warrant Shares as soon as practicable and in any event within forty-five (45) days after the demand. We will bear all of the costs of all such registrations other than underwriting discounts and commissions and certain other expenses.

Concurrently with the execution of the Preferred Stock Purchase Agreement, we entered into a Preemptive Rights Agreement (the Preemptive Rights Agreement) with Mast. The Preemptive Rights Agreement provides that in the event that we propose to offer or sell any of our equity securities below the current market price, we shall first offer such securities to Mast to purchase; provided, however, that in the case of equity securities being offered to MatlinPatterson, Mast shall only have the right to purchase its pro rata share of such securities (based upon common stock ownership on a fully diluted basis). If Mast exercises such right to purchase the offered securities, Mast must purchase all (but not a portion) of such securities for the price, terms and conditions so proposed.

PLAN OF DISTRIBUTION

The common stock offered by this prospectus may be sold in any one or more of the following ways from time to time:

through agents;

to or through underwriters;

through dealers;

directly to purchasers, including through a specific bidding, auction or other process; or

through a combination of any such methods of sale.

Any such underwriters, dealers or agents may include our affiliates.

The specific plan of distribution will be described in the applicable prospectus supplement. If the plan of distribution includes the participation of underwriters, dealers or agents, the prospectus supplement will also identify them and describe applicable fees, discounts and commissions.

We may (directly or through agents) sell, and the underwriters may resell, common stock in one or more transactions, including negotiated transactions, at a fixed public offering price or prices, which may be changed, or at market prices prevailing at the time of sale, at prices related to prevailing market prices or at negotiated prices.

In connection with the sale of common stock, the underwriters or agents may receive compensation from us or from purchasers of the common stock for whom they may act as agents. The underwriters may sell common stock to or through dealers, who may also receive compensation from purchasers of the common stock for whom they may act as agents. Compensation may be in the form of discounts, concessions or commissions. Underwriters, dealers and agents that participate in the distribution of the common stock may be underwriters as defined in the Securities Act, and any discounts or commissions received by them from us and any profit on the resale of the securities by them may be treated as underwriting discounts and commissions under the Securities Act. Broadpoint Gleacher Securities Group, Inc. is the parent of Broadpoint Capital, Inc. and Broadpoint Amtech, Inc., both of which are members of FINRA. Rule 2720 of FINRA's conduct rules imposes certain requirements when a parent of a FINRA member conducts a public offering, and we will comply with all applicable requirements in that regard. Rule 2720 imposes additional requirements when a FINRA member distributes an affiliated company's securities. Broadpoint Capital, Inc. and Broadpoint Amtech, Inc. each has advised us that each offering of our common stock in which it participates will comply with the applicable requirements of Rule 2720. Neither Broadpoint Gleacher Securities Group, Inc. nor any other FINRA member is permitted to sell securities in an offering to an account over which it exercises discretionary authority without the prior written approval of the customer to which the account relates.

In compliance with the guidelines of the FINRA, the maximum commission or discount to be received by any FINRA member or independent broker dealer may not exceed 8% of the aggregate principal amount of securities offered

pursuant to this prospectus.

In an offering of our common stock through this prospectus, certain persons participating in the offering may engage in transactions that stabilize, maintain, or otherwise affect the price of our common stock. These transactions may include over-allotments or short sales of our common stock, which involve the sale by persons participating in the offering of more of our common stock than we sold to them. In these circumstances, these persons would cover such over-allotments or short positions by making purchases in the open market or by exercising their over-allotment option, if any. In addition, these persons may stabilize or maintain the price of our common stock by bidding for or purchasing our securities in the open market or by imposing penalty bids, whereby selling concessions allowed to dealers participating in the offering may be

Table of Contents

reclaimed if our common stock sold by them is repurchased in connection with stabilization transactions. The effect of these transactions may be to stabilize or maintain the market price of our common stock at a level above that which might otherwise prevail in the open market. These transactions, if commenced, may be discontinued at any time.

If so indicated in the prospectus supplement relating to a particular offering of common stock, we will authorize underwriters, dealers or agents to solicit offers by certain institutions to purchase the common stock from us under delayed delivery contracts providing for payment and delivery at a future date. These contracts will be subject only to those conditions set forth in the prospectus supplement, and the prospectus supplement will set forth the commission payable for solicitation of these contracts.

The selling shareholders may sell shares of our common stock through one or more underwritten public offerings.

That plan expired March 30, 2008 without any shares of Series A Junior Participating Stock having been issued.

Common Stock

The holders of common stock are entitled to one vote per share on all matters upon which shareholders have a right to vote. Subject to the preferences of any outstanding shares of preferred stock, the holders of common stock are entitled to receive ratably any dividends our Board of Directors declares out of funds legally available for the payment of dividends. If the Company is liquidated, dissolved or wound up, the holders of common stock are entitled to share pro rata all assets remaining after payment of liabilities and liquidation preferences of any outstanding shares of preferred stock. Holders of common stock have no preemptive rights or rights to convert their common stock into any other securities. There are no redemption or sinking fund provisions applicable to the common stock.

Preferred Stock

Our Certificate of Incorporation authorizes our Board of Directors to establish one or more series of preferred stock. Unless required by law or by any stock exchange, the authorized shares of preferred stock will be available for issuance without further action by our shareholders. Our Board of Directors is able to determine, with respect to any

series of preferred stock, the terms and rights of that series, including:

the designation of the series;

the number of shares of the series, which our Board of Directors may, except otherwise provided in the preferred stock designation, increase or decrease, but not below the number of shares then outstanding;

whether dividends, if any, will be cumulative or non-cumulative and the dividend rate of the series;

the dates at which dividends, if any, will be payable;

the rights, if any, of the holders of such series to convert their shares into, or exchange the shares for, shares of any other class or classes or of any series of the shares or any other class or classes of stock of the Company and the terms and conditions of such conversion or exchange;

the redemption rights and price or prices, if any, for shares of the series;

the amounts payable on shares of the series in the event of any voluntary or involuntary liquidation, dissolution or winding-up of the affairs of the Company;

the terms and amounts of any sinking fund provided for the purchase or redemption of shares of the series; and

Series B Mandatory Redeemable Preferred Stock

On June 27, 2008, we entered into a Preferred Stock Purchase Agreement with Mast Credit Opportunities I Master Fund Limited, which we refer to as Mast, for the issuance and sale of (i) 1,000,000 newly-issued unregistered shares of our Series B Mandatory Redeemable Preferred Stock, par value \$1.00 per share, which we refer to as the Series B Preferred Stock, and (ii) a warrant to purchase 1,000,000 shares of our common stock at an exercise price of \$3.00 per share, for an aggregate cash purchase price of \$25 million.

The Preferred Stock Purchase Agreement and the Series B Preferred Stock include, among other things, certain negative covenants and other rights with respect to the operations, actions and financial condition of the Company and its subsidiaries so long as the Series B Preferred Stock remains outstanding. Cash dividends of 10% per annum must be paid on the Series B Preferred Stock quarterly, while an additional dividend of 4% per annum accrues and is cumulative, if not otherwise paid quarterly at the option of the Company. The Series B Preferred Stock must be redeemed on or before June 27, 2012. The redemption prices are as follows:

Date	Premium Call Factor
From June 27, 2009 to December 27, 2009	1.06
From December 28, 2009 to June 27, 2010	1.05
From June 28, 2010 to December 27, 2011	1.04
From December 28, 2011 to June 27, 2012	1.00

Preemptive Rights

When we issued the Series B Preferred Stock, we also granted preemptive rights to Mast. These preemptive rights become exercisable if we offer or sell equity securities of the Company below the then-current market price. There are certain limitations to these rights.

Registration Rights

We have granted to several of our significant shareholders and certain others rights with respect to registration under the Securities Act of the offer and sale of our common stock. These rights include both demand rights, which require us to file a registration statement if asked by such holders, as well as incidental, or piggyback, rights granting the right to such holders to be included in a registration statement filed by us. There are approximately 52,123,000 shares of our common stock to which these rights pertain. In April 2008, the SEC declared effective a resale registration statement with respect to approximately 7,059,000 of these shares owned by Mast.

Provisions with a Potential Anti-Takeover Effect

Our Board of Directors may, if it deems it advisable, take actions that have the effect of deterring a takeover or other offer for our securities. Any such actions, together with provisions of our Certificate of Incorporation and Bylaws, as well as New York law, could make more difficult efforts by shareholders to change our Board of Directors or management.

Our Certificate of Incorporation and Bylaws divide our Board of Directors into three classes. The directors' terms are staggered such that approximately one-third of our directors are elected each year. The classification of the Board of Directors has the effect of requiring at least two annual shareholder meetings, instead of one, to replace a majority of the members of the Board of Directors.

Pursuant to our Certificate of Incorporation, the provision establishing our classified board may not be amended, altered, changed or repealed without the affirmative vote of at least 80% of the outstanding capital stock entitled to vote.

Our Certificate of Incorporation limits the personal liability of our directors to the Company and to our shareholders to the fullest extent permitted by law. The inclusion of this provision in our Certificate of Incorporation may reduce the likelihood of derivative litigation against directors and may discourage or deter shareholders or management from bringing a lawsuit against directors for breach of their duty of care.

Our Bylaws provide that special meetings of shareholders can be called only by our President or by resolution of the Board of Directors. Our Bylaws do not provide our shareholders with the right to call a special meeting or to require the Board of Directors to call a special meeting. Subject to rights of any series of preferred stock or any other series or class of stock set forth in our Certificate of Incorporation, any vacancy on the Board of Directors resulting from death, resignation, retirement, disqualification, removal from office or other cause or newly created directorships, may be filled only by the affirmative vote of a majority of the remaining directors, and a director can be removed from office without cause only by a majority vote of the Board of Directors or by the affirmative vote of the holders of at least 80% of the voting power of the then outstanding voting stock, voting together as a single class.

Statutory Restrictions

Section 912 of the New York Business Corporation Law (the "Business Corporation Law") restricts certain business combinations. The statute prohibits certain New York corporations from engaging in a merger or other business combination with a holder of 20% or more of the corporation's outstanding voting stock ("interested shareholder") for a period of five years following acquisition of the stock unless the merger or other business combination, or the acquisition of the stock, is approved by the corporation's board of directors prior to the date of the stock acquisition. The statute also prohibits consummation of such a merger or other business combination at any time unless the transaction has been approved by the corporation's board of directors or by a majority of the outstanding voting stock not beneficially owned by the interested shareholder or certain "fair price" conditions have been met.

The provisions of Section 912 of the Business Corporation Law apply if and for so long as a New York corporation has a class of securities registered under Section 12 of the Exchange Act. We have not elected to opt out of these provisions of the Business Corporation Law.

Item 15. *Indemnification of Directors and Officers.*

Under Section 6.07 of the Company's Bylaws, the Company is required to indemnify its directors and officers to the maximum extent permitted and in the manner prescribed by the Business Corporation Law against judgments, fines, amounts paid in settlement and reasonable expenses, including attorneys' fees actually and necessarily incurred, as a result of any such person being made, or threatened to be made, a party to or a witness in an action or proceeding (other than one by or in the right of the Company to procure judgment in its favor) by reason of the fact that he was a director or officer of the Company or was serving at the request of the Company as a director or officer of any other corporation of any type or kind, domestic or foreign, of any partnership, joint venture, trust, employee benefit plan or other enterprise. Section 6.07 of the Company's Bylaws requires that the Company pay in advance the expenses incurred by such indemnified directors and officers in defending a civil or criminal action or proceeding prior to the final disposition of such action or proceeding to the maximum extent permitted and in the manner prescribed by the Business Corporation Law.

The right of indemnification provided by Section 6.07 of the Company's Bylaws is in addition to, and not in limitation of, any rights of indemnification to which any director or officer of the Registrant is entitled under Sections 721 through 726 of the Business Corporation Law. Subject to the limitations set forth in Sections 721 through 726, the Business Corporation Law generally allows corporations to indemnify its directors and officers should those directors and officers be made, or threatened to be made, a party to an action or proceeding (other than one by or in the right of the corporation to procure a judgment in its favor) by reason of the fact that they served as directors or officers of the corporation.

Certain of the Company's officers are also entitled to indemnification under their respective employment agreements. These officers' employment agreements provide that the Company will, to the maximum extent permitted under applicable law and the Company's Bylaws and consistent therewith, indemnify and hold such officer harmless against expenses and other amounts actually and reasonably incurred in connection with any proceeding arising by reason of such officer's employment by the Company.

The Company has also purchased directors and officers liability insurance. The employment agreements of certain of the Company's officers require that the Company cover such officers under directors and officers liability insurance both during and, while potential liability exists, after the term of employment, in the same amount and to the same extent as the Company covers its other directors and officers.

Item 16. Exhibits.

A list of exhibits filed herewith is contained in the exhibit index that immediately precedes such exhibits and is incorporated herein by reference.

Item 17. Undertakings.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of a prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided, however, that

Paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) do not apply if the registration statement is on Form S-3 or Form F-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) If the registrant is relying on Rule 430B:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the

prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date; or

(ii) If the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(6) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(7) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the

Table of Contents

Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
