**IMPORTANT NOTICE
REGARDING THE AVAILABILITY OF PROXY MATERIALS
FOR THE STOCKHOLDER MEETING TO BE HELD ON MAY 19, 2010**

**The 2010 Proxy Statement and 2009 Annual Report of
WESCO International, Inc.
are available to review at: www.proxydocs.com/wcc.**

We are pleased this year to take advantage of the Securities and Exchange Commission (SEC) rule that permits companies to furnish proxy materials to stockholders over the Internet. On or about April 7, 2010, we will begin mailing a Notice of Internet Availability of Proxy Materials (Notice). The Notice contains instructions on how to vote online or by telephone, or in the alternative, request a paper copy of the proxy materials and a proxy card. By furnishing a Notice and access to our proxy materials by the Internet, we are lowering the costs and reducing the environmental impact of our Annual Meeting.

We encourage you to sign up for direct email notice of the availability of future proxy materials by submitting your email address when you vote your proxy via the Internet.

QUESTIONS AND ANSWERS

1. Who is entitled to vote at the Annual Meeting?

If you held shares of WESCO International, Inc. (WESCO or the Company) Common Stock at the close of business on March 24, 2010, you may vote at the Annual Meeting. Each share is entitled to one vote on each matter presented for consideration and action at the Annual Meeting.

In order to vote, you must either designate a proxy to vote on your behalf or attend the Annual Meeting and vote your shares in person. The Board of Directors requests your proxy so that your shares will count toward a quorum and be voted at the meeting.

2. What matters are scheduled to be presented?

Proposal 1 The election of three Director nominees with terms expiring at the 2013 Annual Meeting of Stockholders.

Proposal 2 The ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2010.

Action may be taken at the Annual Meeting with respect to any other business that properly comes before the meeting, and the proxy holders have the right to and will vote in accordance with their judgment on any additional business.

3. How do I cast my vote?

There are four different ways you may cast your vote. You may vote by:

the Internet, at the address provided on the Notice;

telephone, using the toll-free number listed on the Notice;

following the instructions on the Notice to request a paper copy of the proxy card and proxy materials and then marking, signing, dating and returning each proxy card in the postage-paid envelope provided; or

attending the Annual Meeting and voting your shares in person.

The deadline for voting by Internet or telephone is 11:59 p.m., Eastern time, on Tuesday, May 18, 2010.

Table of Contents

4. What if I don't indicate my voting choices?

If you return your signed proxy card but do not mark the boxes showing how you wish to vote, your shares will be voted FOR the election of each of the Director nominees named in this Proxy Statement and FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our Company's independent registered public accounting firm for the year ending December 31, 2010.

5. How do I revoke or change my vote?

If you have returned a proxy via mail, telephone or Internet, you may revoke it at any time before it is voted at the Annual Meeting by:

notifying the Corporate Secretary at the Company's headquarters office;

sending another proxy dated later than your prior proxy either by Internet, telephone or mail; or

attending the Annual Meeting and voting in person by ballot or by proxy.

6. What does it mean if I receive more than one Notice?

If your shares are registered differently and are in more than one account (for example, some shares may be registered directly in your name and some may be held in the Company's 401(k) Retirement Savings Plan), you may receive more than one Notice from the Company or a broker, bank or other nominee account with respect to your shares held in street name. Please carefully follow the instructions on each Notice you receive and vote all of the proxy requests to ensure that all your shares are voted.

7. May I attend and vote my shares in person at the Annual Meeting?

Shares held beneficially through a broker, bank or other nominee may not be voted in person at the Annual Meeting UNLESS you obtain a Legal Proxy. A Legal Proxy must be obtained from your broker, bank or other nominee that holds your shares. Without a Legal Proxy, you will not be able to attend and vote those shares in person at the Annual Meeting at the Hyatt Regency Pittsburgh International Airport, located at 1111 Airport Boulevard, Pittsburgh, Pennsylvania.

Shares registered directly in your name with our transfer agent, BNY Mellon Shareowner Services, may be voted in person at the Annual Meeting.

Directions to the Annual Meeting at the Pittsburgh Hyatt Regency, 1111 Airport Boulevard, Pittsburgh, Pennsylvania, are available at www.wesco.com.

8. Who will count the votes?

Representatives of our transfer agent, BNY Mellon Shareowner Services, and two other appointed inspectors of election will certify their examination of the list of stockholders, number of shares held and outstanding as of the record date, and the necessary quorum for transaction of the business for this meeting. These persons will count the votes at the Annual Meeting.

9. May I elect to receive a paper copy of proxy materials in the future?

Stockholders can elect to receive future WESCO Proxy Statements and Annual Reports via paper copies in the mail.

If you are a stockholder of record you can choose to receive future Annual Reports and Proxy Statements via paper copy at no charge by writing to WESCO International, Inc., 225 West Station Square Drive, Suite 700, Pittsburgh, Pennsylvania, 15219-1122, Attention: Corporate Secretary. If you hold your WESCO stock in street name (such as through a broker, bank, or other nominee account), follow the information provided by your nominee for instructions on how to elect to receive paper copies of future Proxy Statements and Annual Reports.

PROXY SOLICITATION AND VOTING INFORMATION

Holders of our Common Stock at the close of business on the record date of March 24, 2010, may vote at our Annual Meeting. On the record date, 42,429,966 shares of our Common Stock were outstanding. A list of stockholders entitled to vote will be available at the Annual Meeting and during ordinary business hours for 10 days prior to the Annual Meeting at the Hyatt Regency Pittsburgh International Airport, located at 1111 Airport Boulevard, Pittsburgh, Pennsylvania. Any stockholder of record may examine the list for any legally valid purpose.

The Board of Directors is soliciting your proxy to vote at our Annual Meeting of Stockholders, and at any adjournment or postponement of the meeting. In addition to soliciting proxies by mail, telephone, and the Internet, our Board of Directors, without receiving additional compensation, may solicit in person. Brokerage firms and other custodians, nominees, and fiduciaries will forward proxy soliciting material to the beneficial owners of our Common Stock, held of record by them, and we will reimburse these brokerage firms, custodians, nominees, and fiduciaries for reasonable out-of-pocket expenses incurred by them in doing so. The cost of this proxy solicitation will consist primarily of printing, legal fees, and postage and handling. We will pay the cost of this solicitation of proxies.

To conduct the business of the Annual Meeting, we must have a quorum. The presence, in person or by proxy, of stockholders holding at least a majority of the shares of our Common Stock outstanding will constitute a quorum. Abstentions, broker non-votes and votes withheld from Director nominees count as shares present for purpose of determining a quorum. A broker non-vote occurs when a broker, bank or other nominee holder does not vote on a particular item because the nominee holder does not have discretionary authority to vote on that item and has not received instructions from the beneficial owner of the shares. In the absence of voting instructions from the beneficial owner of the shares, nominee holders will not have discretionary authority to vote the shares in the election of Directors at the Annual Meeting but will have discretionary authority to vote on the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2010. Broker non-votes will not affect the outcome of any of the matters scheduled to be voted upon at the Annual Meeting, and they are not counted as shares voting with respect to any matter on which the broker has not voted expressly. Proxies that are transmitted by nominee holders for beneficial owners will count toward a quorum and will be voted as instructed by the nominee holder.

The election of Directors will be determined by a plurality of the votes cast and the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2010, will require affirmative votes by a majority of the shares present in person or by proxy and entitled to vote at the Annual Meeting. Only votes FOR or WITHHELD affect the outcome of the election of Directors. With respect to the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2010, abstentions have the effect of a negative vote.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

We have adopted Corporate Governance Guidelines in conformity with the New York Stock Exchange (NYSE) listed company standards to assist members of our Board in fully understanding and effectively implementing their responsibilities while assuring our on-going commitment to high standards of corporate conduct and compliance.

We have adopted a Code of Business Ethics and Conduct, referred to as the Code, which applies to our Board of Directors and all of our employees and covers all areas of professional conduct, including customer relations, conflicts of interest, insider trading, financial disclosure, and compliance with applicable laws and regulations.

We also have adopted a Senior Financial Executive Code of Business Ethics and Conduct, referred to as the Senior Financial Executive Code, which applies to our Chief Executive Officer, Chief Financial Officer and Corporate Controller. We will disclose future amendments to, or waivers from, the Senior Financial Executive Code on the corporate governance section of our website within four business days of any amendment or waiver.

You may access our Corporate Governance Guidelines, Committee Charters, Code of Business Ethics and Conduct, Senior Financial Executive Code of Business Ethics and Conduct, Independence Policy, and related documents on our website at www.wesco.com/governance.

Director Independence

Our Board has adopted independence standards that meet or exceed the independence standards of the NYSE. Also, as part of our independence standards, our Board has adopted categorical standards to assist it in evaluating the independence of each of its Directors. The categorical standards are intended to assist our Board in determining whether or not certain direct or indirect relationships between its Directors and our Company or its subsidiaries are material relationships for purposes of the NYSE independence standards. The categorical standards establish thresholds at which any relationships are deemed to be material.

In February 2010 the independence of each Director was reviewed, applying our independence standards. The review considered relationships and transactions between each Director and his or her immediate family and affiliates and our management and our independent registered public accounting firm.

Based on this review, our Board affirmatively determined that the following Directors have no relationships with our Company other than as disclosed in this Proxy Statement and are independent as defined in our categorical standards and consistent with the independence standards of the NYSE: Ms. Beach Lin, Mr. Miles, Mr. Morgan, Mr. Raymund, Mr. Singleton, Mr. Tarr, Ms. Utter, Mr. Vareschi and Mr. Way. Ms. Beach Lin's relationship described under Transactions with Related Persons - Related Party Transactions was determined by our Board to be immaterial because Ms. Beach Lin did not receive any direct material benefits from her company's ordinary business transactions with us. Mr. Haley is considered an inside Director because of his status as our Executive

Chairman of the Board and his past employment as our Chief Executive Officer. Messrs. Engel and Van Oss are also considered inside Directors because of their employment as President and Chief Executive Officer and Senior Vice President and Chief Operating Officer, respectively.

Director Qualifications

Our Nominating and Governance Committee reviews with the Board at least annually the qualifications of new and existing Board members, considering the level of independence of individual members, together with such other factors, including overall skills and experience. Each Director's particular and specific experience, qualifications, attributes or skills which support their position as a Director on our Board are identified for each Director on pages 3 to 5.

Director Diversity

The Nominating and Governance Committee considers various factors in determining whether to recommend a candidate for nomination as a Director, including an individual's aptitude for independent analysis, level of integrity, personal and professional ethics, soundness of business judgment and ability and willingness to commit sufficient time to Board activities. Although the Company does not have a formal written diversity policy, the Nominating and Governance Committee consults with the Board to determine the most appropriate combination of characteristics, skills and experiences for the Board as a whole with the objective of having a Board whose members have diverse backgrounds and experiences. The Committee considers candidates diverse in geographic origin, gender, ethnic background and professional experience and evaluates each individual in the context of the individual's potential contribution to the Board as a whole to best promote the success of the Company's business, represent stockholder interests through the exercise of sound judgment and allow the Board to benefit from the group's diversity of backgrounds and experiences. The Committee also reviews the characteristics of various Board members and prospective Board members to ensure that the Board, as a whole, possesses the experience, expertise and competencies that are relevant or desirable, such as CEO experience, financial or marketing expertise, supply chain or industry experience, mergers and acquisitions experience, international experience, technology expertise, and operational or strategy experience, among others. The Committee may also target prospective candidates for Board members based on their attributes compared to current Board members to achieve a good overall Board composition. The Committee applies the same criteria to all candidates that it considers, including any candidates submitted by stockholders.

Compensation Committee Interlocks

None of our executive officers serves as an executive officer of, or as a member of, the compensation committee of any public company that has an executive officer, Director or other designee serving as a member of our Board.

Executive Sessions and Presiding Director

During 2009, the non-management members of our Board met in executive session at the conclusion of each regularly scheduled Board of Directors meeting. Mr. Way presided over three of these executive sessions, and Mr. Vareschi presided over two, both as Presiding Director. The Presiding Director has broad authority to call and conduct meetings of the independent Directors. He is also responsible for planning and conducting the annual evaluation of Board performance and effectiveness.

Succession Strategy and Board Leadership Structure

On an annual basis, the Board reviews a comprehensive organizational assessment, including documented performance reviews, development plans, and succession plans for major executive positions. The Board also discusses these matters periodically in executive session. As previously reported, a major management succession event occurred in 2009 with John J. Engel being named as President and Chief Executive Officer, while Roy W. Haley continues to serve during a transition period of two years as Chairman of the Board. As currently structured, having separate roles of Chairman of the Board and Chief Executive Officer benefits the Company by maintaining continuity of leadership of the Board. The Board considers this structure to be appropriate at this time and expects to maintain it during the transition period through the Annual Meeting of the Stockholders in 2011. The Board will assess periodically whether the roles should be separated or combined based on its evaluation of what is in the best interests of the Company and its stockholders. In addition, the Board has a Presiding Director,

who as the Board's lead independent Director presides over executive sessions of the Board and is active in setting meeting agendas.

Communications with Directors

Our Board has established a process by which stockholders and other interested parties may communicate with the Board, our Board Committees, and/or individual Directors by confidential e-mail. Such communications should be sent in writing to the e-mail addresses noted in the corporate governance section of our website at www.wesco.com/governance under the caption "Contact Our Board."

Our Director of Internal Audit will review all of these communications on a timely basis and will forward appropriate communications, (i.e., other than solicitations, invitations, advertisements, or irrelevant material) to the relevant Board members on a timely basis.

Stockholders who wish to communicate with our Board in writing via regular mail should send correspondence to: WESCO International, Inc., 225 West Station Square Drive, Suite 700, Pittsburgh, Pennsylvania, 15219-1122, Attention: Director of Internal Audit.

Our Board members routinely attend our Annual Meeting of Stockholders. This provides you with additional access to our Board. Eleven of twelve members of our Board were present at our 2009 Annual Meeting of Stockholders, with one member having had a conflicting international travel commitment which was approved by the Board.

Director Nominating Procedures

Our Nominating and Governance Committee recommends potential candidates for nomination as Director based on a number of criteria, including the needs of our Board. Any stockholder who would like the Nominating and Governance Committee to consider a candidate for Board membership should send a letter of recommendation containing:

A description of what would make the proposed candidate a good addition to our Board;

A description of any relationship that could affect the proposed candidate's ability to qualify as an independent Director, including identifying all other public company board and committee memberships;

A confirmation of the proposed candidate's willingness to serve as a Director if selected by our Nominating and Governance Committee;

Any information about the proposed candidate that, under the federal proxy rules, would be required to be included in our Proxy Statement if the proposed candidate were a nominee; and

The name of the stockholder submitting the proposed candidate, together with information as to the number of shares owned and the length of time of ownership.

You should send the information described above to: WESCO International, Inc., 225 West Station Square Drive, Suite 700, Pittsburgh, Pennsylvania, 15219-1122, Attention: Corporate Secretary. To allow for timely consideration,

recommendations must be received not less than 90 days prior to the first anniversary of the date of our most recent Annual Meeting. In addition, the Company may request additional information regarding any proposed candidates.

Board's Role in Oversight of Risk Management

Management is responsible for risk management, and the Board's role is to oversee management's efforts in this area. As part of their regular meetings and deliberations, the Board and its Committees review and discuss matters of significance regarding operational, financial and other risks that are relevant to the Company's business. Strategic risks and operating risks are monitored by the Board through discussions regarding the Company's strategic and operating plans and regular reviews of the Company's operating performance. The Audit Committee of the Board discusses and reviews guidelines and policies with respect to risk assessment and risk management and discusses with management the Company's major financial risk exposures and the steps management takes to monitor and control such exposures. In addition, the Company has an enterprise risk

management committee that reviews with the Board significant risks and associated mitigating factors on an annual basis.

Stockholder Proposals for 2010 and 2011 Annual Meeting

No stockholder proposals were submitted for consideration by our Board for the 2010 Annual Meeting.

If you wish to have a stockholder proposal included in the Company's proxy soliciting materials for the 2011 Annual Meeting of Stockholders, you must do so by our deadline which is 120 days prior to the first anniversary of the mailing of this Proxy Statement, or December 8, 2010. For any other business to be properly brought before the 2011 Annual Meeting by a stockholder, notice in writing must be delivered to the Company in accordance with the Company's amended and restated By-Laws not less than 90 days nor more than 120 days prior to the first anniversary of the 2010 Annual Meeting, or between January 19, 2011 and February 18, 2011. We may be required to include certain limited information concerning any such proposal in our Proxy Statement so that proxies solicited for the 2011 Annual Meeting may confer discretionary authority to vote on that matter. Any stockholder proposals should be addressed to our Corporate Secretary, 225 West Station Square Drive, Suite 700, Pittsburgh, Pennsylvania, 15219-1122.

COMPENSATION DISCUSSION AND ANALYSIS

==

This Compensation Discussion and Analysis discusses the Company's compensation philosophy, policies and arrangements for the 2009 year that are applicable to our Named Executive Officers (NEOs): Roy W. Haley, John J. Engel, Stephen A. Van Oss, Richard P. Heyse, and Andrew J. Bergdoll. This discussion and analysis should be read in conjunction with the Summary Compensation Table on page 29, its accompanying footnotes and the additional tables and narrative disclosure that follows the Summary Compensation Table.

Compensation Program Overview and Philosophy

The Company's compensation program builds upon the core philosophies of attracting and retaining high caliber people, motivating them to achieve the results that create stockholder value, and rewarding them for successful performance in the competitive distribution industry.

Our compensation program for NEOs consists of base salary, an annual cash incentive, a long-term incentive, and health and welfare benefits. We do not provide post-employment retirement benefits, retiree health and welfare coverage, or supplemental executive retirement benefit programs. Our executives have significant amounts of compensation at risk, with a high percentage of annual compensation being directly linked to actual Company performance, Company performance relative to the prior year, and strategic and operational objectives approved by the Board at the beginning of each year. Our Compensation Committee (Committee) believes that this pay for performance compensation philosophy appropriately motivates our executives without encouraging unnecessary and excessive risk taking. The Company's annual incentive compensation is based on various balanced performance metrics that promote disciplined progress toward longer-term goals. The Company also has significant stock ownership guidelines for executive officers which require them to hold their ownership positions during their service as executives with the Company. See the "Stock Ownership Guidelines for Directors and Executive Officers" section on page 23.

Compensation Setting Process

Our Board has delegated to the Committee, composed entirely of independent, non-employee Directors, the responsibility of administering executive compensation and benefit programs, policies and practices. The Committee annually reviews the performance of the management team relative to financial results and non-financial measures, including the areas of strategic and organizational development. The Committee then reviews, approves, and recommends to the Board (and the Board jointly approves) the compensation levels for our NEOs on an annual basis.

Our compensation setting process for NEOs consists of the following steps:

Reviewing external market data;

Confirming the reasonableness of total compensation awards as well as the reasonableness of each component of compensation when compared to peer companies;

Assessing overall Company performance in relation to our competition and industry circumstances, along with individual performance, changes in duties and responsibilities, and strategic and operational accomplishments;

Adjusting base salaries, as appropriate, based on job performance, leadership, tenure, experience, and other factors, including market data relative to our peer companies;

Applying consistent practices from year to year for annual cash incentive award payments based on an evaluation of pre-established operating and financial performance factors, non-financial performance criteria, and strategic, operational, and organizational development objectives; and

Making awards under our long-term incentive plan that reflect recent performance and an assessment of the future impact each NEO can have on the long-term success of the Company.

For purposes of our annual incentive program, the performance measures for our NEOs who are corporate officers with broad-ranging responsibilities across the entire enterprise or for multiple operating and corporate support functions (i.e., Messrs. Engel, Van Oss and Heyse) consist of in the achievement of earnings before interest, taxes, depreciation and amortization (EBITDA), free cash flow and return on invested capital (ROIC) targets, and individual performance objectives.

For purposes of our annual incentive program, the performance measures for our NEOs who are responsible for leading a more narrowly focused subset of organizational functions, operating locations, or market segments (i.e.,

Table of Contents

Mr. Bergdoll) consist of the achievement of sales, earnings before interest and taxes (EBIT), and return on invested assets (ROIA) targets, and individual performance objectives for their particular areas of responsibility.

The Committee and the Board retain the right to increase or decrease performance objectives or to make discretionary adjustments to annual incentive awards to reflect acquisitions, changes in responsibility, external changes, or unanticipated business conditions that have a material impact on the fairness of the previously established performance factors.

Use of Compensation Consultants

To assist in the compensation setting process, in 2009, the Committee engaged Hewitt Associates, LLC⁽¹⁾, an internationally recognized compensation consulting firm, to provide information and advice regarding compensation and benefit levels and incentive plan designs. In particular, the Committee retained Hewitt to gather market data, prepare compensation plan reviews, identify general trends and practices in executive compensation programs, perform a study of the compensation of senior management at comparable peer companies, and furnish its input regarding the compensation and incentives of the Chief Executive Officer and other highly compensated executives. In 2009, the Committee met in executive session, with no management present, on four occasions with Hewitt consultants to review reports and analyses and to discuss executive compensation trends and developments. In addition, the Committee sought the recommendation of the Chief Executive Officer regarding the other NEOs relative to compensation adjustments and individual performance objectives he believed would be appropriate to achieve the Company's strategic and operational goals. Neither the Company nor the Committee utilized Hewitt for any additional services which exceeded \$120,000.

Peer Group Comparison

In 2009, the Committee reviewed analyses of compensation paid by companies in our comparison group through the use of marketplace compensation profiles prepared by Hewitt. At the Committee's request, Hewitt conducted a comprehensive review of the peer group used in prior years and, upon review, recommended no changes to the previous year's peer group for 2009 as it continued to accurately reflect the companies with which the Company competes for executive talent. Based upon compensation analyses drawn from its extensive proprietary database of compensation data of public and private companies, Hewitt compared our compensation program to a peer group of comparably sized, industrial distribution companies, other large distributors, wholesalers, retailers and industrial product manufacturers which are potential competitors for executive talent of interest to WESCO.

The current peer group includes the following 45 companies:

Table of Contents

Information from this database makes it possible to evaluate and assess compensation for numerous executive positions that are not included in proxy statement reporting. To adjust for a variation in size among our Company and the companies in our comparison group, Hewitt uses regression analysis techniques to adjust the compensation data for differences in peer group company revenues. This median level adjusted value is used as the basis to compare our compensation with peer companies.

Management Succession Plan

The Board has a succession planning process in which it considers and reviews succession plans for executive positions annually. The Company implemented a management succession plan, effective September 1, 2009. Under this succession plan, John J. Engel, previously the Company's Senior Vice President and Chief Operating Officer, became the Company's President and Chief Executive Officer. Roy W. Haley, previously the Company's Chairman of the Board and Chief Executive Officer, will remain as Chairman of the Board until the completion of his current term as a member of the Board of Directors in May 2011. In addition, Stephen A. Van Oss, previously the Company's Senior Vice President of Finance and Administration and Chief Financial Officer, assumed the responsibilities of Senior Vice President and Chief Operating Officer. Also, during June 2009, Mr. Richard P. Heyse joined the Company as Vice President and Chief Financial Officer.

Base Salaries

Base salaries are intended to provide our NEOs with a level of competitive cash compensation that is critical for retention and appropriate given their accomplishments and position and responsibilities with the Company. Salaries for executives are reviewed annually. The Committee reviews detailed individual salary history for approximately the 25 highest paid executives and compares their base salaries to salaries for comparable positions at companies within our peer group. Hewitt provides market data as a means to assess external compensation practices and trends for companies in our peer group. From time to time (and not necessarily on an annual basis), the Committee adjusts base salaries for executive officers to reflect performance, changes in job scope, and competitive pay practices of companies in our peer group based on the 50th percentile of base salaries for comparable positions in Hewitt's peer group analyses.

In 2009, the Committee recommended and the Board approved promotions for Mr. Engel to President and Chief Executive Officer, and Mr. Van Oss to Chief Operating Officer. To recognize the increase in job scope, Mr. Engel's base salary was adjusted to an annualized rate of \$725,000 and Mr. Van Oss's base salary was adjusted to an annualized rate of \$600,000. Mr. Haley's base salary remained at an annualized rate of \$865,000 during 2009. As described on page 24, it will be reduced to an annualized rate of \$600,000 from July 1, 2010 through June 30, 2011 to reflect the implementation of the management succession plan. Mr. Heyse's base salary was set at an annualized rate of \$325,000 upon his joining the Company in June 2009. The base salary for Mr. Bergdoll was \$250,000 during the year, which was unchanged from the prior year.

Mr. Engel, the President and Chief Executive Officer, makes base salary recommendations to the Committee for all of the NEOs, excluding himself. In determining adjustments to base salaries, the Committee considers Company performance, prevailing economic conditions, base salaries of recent additions to management, performance assessments, changes in duties and responsibilities, comparable salary practices of companies within our peer group, the recommendation of Mr. Engel (in the case of the other NEOs), and any other factors the Committee deems relevant.

Annual Cash Incentive Bonuses

Our practice is to award cash incentive bonuses for achievement of our strategic, financial, operational, and human resources development objectives. Short-term incentives are designed to provide compensation that approximates the 50th percentile of our peer group for achieving planned performance objectives and acknowledges exceptional performance with awards that are above the 50th percentile.

Annually, the Board reviews and approves the Company's performance criteria and financial and operational targets for the upcoming year. Our cash incentive bonuses for NEOs are based on absolute performance and/or improvements over the prior year for sales, profitability, free cash flow, ROIA or ROIC, and for the successful achievement of leadership expectations and individual performance objectives. They are based on both quantitative performance targets and qualitative or subjective performance goals, and the Board has the ability to

Table of Contents

make discretionary awards. Under the terms of Mr. Haley's amended and restated employment agreement, he is not eligible for a cash incentive bonus.

The performance measures we used to determine annual cash incentive bonuses for Messrs. Engel, Van Oss and Heyse, the relative weightings of such measures, and the related payout as a percentage of opportunity are reflected below:

Performance Measure	Weighting	Percent Achievement	Payout Percent of Maximum Opportunity⁽¹⁾
Earning Before Interest Taxes Depreciation and Amortization	25%	< 85% 85% to 100% >100% to 115%	0% Up to 50% Between 50% and 100%
Free Cash Flow	25%	< 85% 85% to 100% >100% to 115%	0% Up to 50% Between 50% and 100%
Return on Invested Capital	25%	< 85% 85% to 100% >100% to 115%	0% Up to 50% Between 50% and 100%
Individual Performance	25%	<25% 25% to 100%	0% Up to 100%
Total (as a percent of Opportunity)	100%		0% to 100%

(1) Amounts interpolated, as appropriate.

For 2009, the cash incentive bonuses for each NEO were determined as follows:

Mr. Engel received a 2009 cash incentive bonus of \$450,000, which was based on a base salary of \$535,000 for eight months of the year with a maximum incentive payout percentage opportunity of 100% and a base salary of \$725,000 for four months of the year with a maximum incentive payout percentage opportunity of 200%. Thus, in dollars, his maximum bonus opportunity was \$840,000 (i.e., \$535,000 x 8/12 x 100% plus \$725,000 x 4/12 x 200%). The actual achievement of each of the financial components in the chart above was: (1) the Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA) payout percentage was 0%, since 2009 EBITDA of \$206 million represented an actual achievement level of 75.8%, which was below the 85% threshold; (2) the Free Cash Flow payout percentage was 100%, since 2009 actual Free Cash Flow of \$278.7 million represented an achievement level of 123%; and (3) the Return on Invested Capital (ROIC) payout percentage was 12.5%, since the actual level of 8.1% represented an 88% achievement level. For the fourth component of individual achievement, which represents the Committee's overall review and qualitative assessment of performance and accomplishments during the year, the Committee awarded 100% in recognition of Mr. Engel's efforts in managing an effective succession plan transition, continuing to develop and refine the Company's strategy, managing the Company's cost structure consistent with sales activity and declining end market conditions, accelerating execution of the Company's sales and marketing initiatives, and enhancing operational effectiveness and talent management. Thus, Mr. Engel's total cash incentive bonus of \$450,000 for 2009 was calculated by multiplying \$840,000 by [(25% weighting x 0% for EBITDA) + (25% weighting

x 100% for Free Cash Flow) + (25% weighting x 12.5% for ROIC) + (25% weighting x 100% for individual performance)], or approximately \$446,250, which was rounded to \$450,000.

Mr. Van Oss received a 2009 cash incentive bonus of \$325,000, which was based on a base salary of \$535,000 for eight months of the year with a maximum incentive payout percentage opportunity of 100% and a base salary of \$600,000 for four months of the year with a maximum incentive payout percentage opportunity of 160%. Thus, in dollars, his maximum bonus opportunity was \$676,667 (i.e., $\$535,000 \times 8/12 \times 100\%$ plus $\$600,000 \times 4/12 \times 160\%$). Mr. Van Oss' total cash incentive bonus of \$325,000 was calculated by multiplying \$676,667 by [(25% weighting x 0% for EBITDA) + (25% weighting x 100% for Free Cash Flow) + (25% weighting x 12.5% for ROIC) + (25% weighting x approximately 80% for individual performance)], or approximately \$325,000 in total. The portion for individual performance, which represents the Committee's overall review and qualitative assessment of

Table of Contents

performance and accomplishments during the year, was based on the Committee's recognition of Mr. Van Oss' efforts in completing an operations transition and assimilation plan, managing the Company's cost structure consistent with sales activity and declining end market conditions, strengthening the capital structure by reducing debt levels and improving liquidity, continuing to develop and refine the Company's acquisition pipeline, enhancing operational effectiveness, and improving the control environment.

Mr. Heyse received a 2009 cash incentive bonus of \$100,000. He was employed by the Company for approximately 6.5 months of the year at a base salary of \$325,000 with a maximum incentive payout percentage opportunity of 100%. Thus, in dollars, Mr. Heyse's maximum bonus opportunity was \$176,042 (i.e., \$325,000 x 6.5/12 x 100%). His total cash incentive bonus of \$100,000 was calculated by multiplying \$176,042 by [(25% weighting x 0% for EBITDA) + (25% weighting x 100% for Free Cash Flow) + (25% weighting x 12.5% for ROIC) + (25% weighting x 100% for individual performance)], or approximately \$93,522 in total, which was rounded to \$100,000. The portion for individual performance, which represents the Committee's overall review and qualitative assessment of performance and accomplishments during the year, was based on the Committee's recognition of Mr. Heyse's efforts in managing credit exposure, tax planning, enterprise risk management, completing the Chief Financial Officer orientation and assimilation plan, improving the control environment, strengthening the capital structure by reducing debt levels and improving liquidity, and completing the implementation of certain financial information technology systems.

The performance measures used to determine the annual cash incentive bonus for Mr. Bergdoll are linked to the performance results of the operating locations and market segments for which he is responsible. These measures, their relative weightings, and the related payout as a percentage of opportunity are reflected below:

Performance Measure	Weighting	Achievement	Payout Percent of Maximum Opportunity⁽¹⁾
Earnings Before Interest and Taxes	40%	<5%	0%
		5% to 10%	Up to 100%
		10% or more	100%
Return on Invested Assets	20%	<20%	0%
		20% or more	Up to 100%
Sales	20%	< Threshold %	0%
		Threshold % or more	Up to 100%
Individual Performance	20%	<25%	0%
		25% to 100%	Up to 100%
Total (as a percent of Opportunity)	100%		0% to 100%

(1) Amounts interpolated, as appropriate.

Mr. Bergdoll received a 2009 cash incentive bonus of \$110,000. His base salary during the year was \$250,000 with a maximum payout percentage opportunity of 100%, or \$250,000. The actual achievement of each of the financial components in the chart above was: (1) Earnings Before Interest and Taxes was within the 5% to 10% range, which

yielded a payout percentage of 50%; (2) Return on Invested Assets was in excess of 20% and yielded a payout percentage of 50%; and (3) the Sales payout percentage was 0%, since sales declined during the year to less than the threshold percentage, which was 93% of the prior year's sales. His total cash incentive bonus was calculated by multiplying \$250,000 by [(40% weighting x 50% for Earnings Before Interest and Taxes) + (20% weighting x 50% for Return on Invested Assets) + (20% weighting x 0% for Sales) + (20% weighting x 70% for individual performance)]. The portion for individual performance, which represents an overall review and qualitative assessment of performance and accomplishments during the year, was based on the recognition of Mr. Bergdoll's efforts in improving results in a declining sales environment, managing customer and supplier relationships, reorganizing the business to gain efficiencies and developing new business models to position the business for growth. The various target performance levels for the operating locations and market segments for which Mr. Bergdoll is responsible, including those relating to Earnings Before Interest and Taxes, sales performance, Return on Invested Assets and individual performance, are set so that the relative difficulty of achieving the target level is consistent from year to year. The objective is to achieve target, on average over a

Table of Contents

period of years, but to make it very difficult to achieve the maximum payout in any given year. In each of 2008 and 2009, Mr. Bergdoll received 44% of his maximum incentive payout opportunity.

Long-term Incentives

The Company has four long-term incentive award plans: the WESCO International, Inc. 1999 Long-Term Incentive Plan (referred to as LTIP), the WESCO International, Inc. 1998 Stock Option Plan, the CDW Holding Corporation Stock Option Plan for Branch Employees, and the CDW Holding Corporation Stock Option Plan. The LTIP was designed to be the successor plan to all prior plans. Outstanding options under prior plans continue to be governed by their existing terms, which are substantially similar to the LTIP.

The Board has delegated to the Committee responsibility for determining eligibility, granting equity and other long-term awards, and administering the LTIP. The Committee may grant stock options, SARs, restricted stock, restricted stock units, performance awards, and other incentive awards under the LTIP. Our officers and employees, including all of the NEOs, are eligible to receive LTIP awards.

The Company annually provides long-term incentives to NEOs and other key managers in order to encourage retention and reward sustained improvement. The Company's long-term incentives have historically been stock-based. Stock-based compensation is considered in establishing the overall compensation level, but is not used formulaically to adjust other forms or amounts of compensation.

Equity awards in 2009 consisted of stock appreciation rights (SARs) and restricted stock units (RSUs). SARs act as a retention vehicle and encourage management to achieve long-term value creation goals as they only have value to the recipient if the stock price appreciates, benefiting all stockholders. SARs entitle the participant to receive, upon exercise, a value equal to (i) the excess of the fair market value of a share of Common Stock on the exercise date over the exercise price of the SARs, times (ii) the number of shares of Common Stock with respect to which the SARs are exercised. Upon exercise of a SAR, payment is made in shares of Common Stock. The 2009 SARs vest ratably over three years. RSUs also encourage management to achieve long-term value creation goals and serve as a retention vehicle. RSUs cliff vest after three years.

Grants of SARs and RSUs to the NEOs are allocated from a total number of SARs authorized and issued by the Committee each year. For 2009, the Committee authorized a total issuance of 801,531 SARs. The authorized awards were approximately equal to 2% of the outstanding stock of the Company. With respect to the NEOs other than himself, the Chief Executive Officer makes grant recommendations to the Committee based on each individual executive's expected long-term contributions to the value creation of the Company and consideration of peer data from Hewitt. The Committee considers the Chief Executive Officer's recommendations and Hewitt's analysis in making its grant determinations. With respect to the Chief Executive Officer, the Committee determines (without the input of the Chief Executive Officer) the amount of his grant, which it then recommends to the Board for approval.

Our philosophy is to grant SARs or RSUs having an economic value (based on the Company's standard stock award assumptions for accounting purposes) which approximates the 50th percentile of grants by companies in our peer group. We believe this target allows us to attract, motivate and retain the executive talent necessary to develop and execute our business strategy. The Committee has discretion and authority to increase or decrease actual awards given in any year to reflect specific circumstances and performance. It has been the recent practice of the Compensation Committee to issue equity awards annually, on or about July 1st of each year. Awards are generally determined several weeks prior to the grant date, which we set to occur on a date that does not conflict with any material events that are likely to positively or negatively affect the stock price. Our Insider Trading Policy prohibits Directors and Officers from engaging in hedging transactions that involve Company securities.

In 2009, we granted SARs awards to approximately 127 employees. The SARs and RSUs grants to our NEOs in 2009 were as follows:

⁽²⁾ Mr. Heyse joined the Company on June 15, 2009 and thus did not receive a grant on July 1, 2009. For SAR grants to Mr. Heyse pursuant to the grant provisions described on page 24, see the tables on pages 33 and 34.

Retirement Savings

Our Company maintains a 401(k) Retirement Savings Plan for all eligible employees, including the NEOs. In 2009, the Company provided two types of 401(k) plan contributions with respect to eligible employees. The Company matched employee contributions at a rate of \$0.50 per \$1.00 up to 6% of eligible compensation. On August 1, 2009 the match was temporarily suspended, but was reinstated on January 1, 2010 for all employees except for a small group of senior executives. Additionally, a discretionary Company contribution was made by the Compensation Committee in 2009 relating to the plan year ending in December 2008. The Company has made discretionary contributions in seven of the past twelve years. When discretionary payments are made to the 401(k) plan, the contribution amount is based on age and years of service and varies from 1-7% of an employee's annual base salary. For the plan year ending in December 2008, the NEOs received discretionary payments in the 401(k) plan, which was paid on May 1, 2009, subject to a \$2,100 cap. There will be no discretionary payment for the plan year ending in December 2009.

We also maintain an unfunded deferred compensation plan for a group of qualifying management or highly compensated employees, including the NEOs, under certain provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Participants may defer a portion of their salary and are eligible for a Company match at a rate of \$0.50 per \$1.00 up to 6% of eligible compensation less any Company match paid under the Retirement Savings Plan. On August 1, 2009 the match was temporarily suspended, but was reinstated on January 1, 2010 for all employees except for a small group of senior executives. Earnings are credited to employees' accounts based on their selection from offered investment funds. Notwithstanding any provision of the Deferred Compensation Plan or benefit election made by any participant deemed to be a key employee, benefits payable under the Deferred Compensation Plan will not commence until six months after the key employee's separation from employment. See the Non-Qualified Deferred Compensation table on page 31 for more information regarding the NEOs' benefits under the Deferred Compensation Plan.

Our Company does not have a defined benefit or supplementary retirement plan nor does it provide for post-retirement health benefits.

Health and Welfare Benefits

We provide health benefits to all full-time permanent employees, including the NEOs, who meet the eligibility requirements. Employees pay a portion of the cost of healthcare on an increasing scale correlated to higher annual incomes. Accordingly, the NEO s share of the cost of benefit coverage under our plan is higher than other employees. Our health and welfare benefits are evaluated periodically by external benefits consultants to assess plan performance and costs and to validate that benefit levels approximate the median value provided to employees of peer companies.

Table of Contents

Perquisites

During 2009, the Company provided a limited number of perquisites to the NEOs. They primarily consist of a vehicle allowance and club memberships. The Compensation Committee determined that it is in the Company's best interest to continue providing these perquisites in order to offer a competitive pay package. See the All Other Compensation table on page 30 for more information regarding the perquisites given to our NEOs.

Stock Ownership Guidelines for Directors and Executive Officers

Our Board has adopted stock ownership guidelines for all Directors and certain executive officers. Directors are expected to acquire beneficial ownership of an amount of equity in our Company with an initial value of at least two times their annual retainer. Directors are asked to hold these initially acquired ownership positions during their service as Directors. Our Board has asked the Directors to satisfy this guideline within three years from initial election to our Board. Also, our Chief Executive Officer and each Senior Vice President and Vice President are expected to acquire beneficial ownership of an amount of equity in our Company in accordance with Committee approved guidelines. These officers are asked to acquire their initial ownership positions within three years of their appointment and to hold these initial ownership positions during their service as executives of the Company. For the Chief Executive Officer the ownership guideline is four times his annual base salary. The guideline for Senior Vice Presidents and Vice Presidents is two times annual base salary. All of our NEOs have acquired or are acquiring equity in accordance with the guidelines. See Security Ownership on page 13 for more information on their ownership positions.

Chief Executive Officer Compensation

Mr. Engel's compensation is higher than the compensation of other NEOs due to the broad scope of his responsibilities as Chief Executive Officer, including executive leadership in the articulation and promotion of the Company's vision, goals and values, the development and execution of the Company's long-term strategy, his accountability for its financial results, the development and motivation of the senior management team, ensuring the recruitment, training and development of adequate human resources to meet the needs of the Company and service as the principal spokesperson for the Company in communicating with stockholders, employees, customers, suppliers, and our Board and Board committees. Mr. Engel's base salary is approximately 75% of the median for the Company's peer group, and his target total compensation for 2009, including salary, cash incentive bonus and equity grants, is approximately 67% of the median.

Employment, Severance or Change in Control Arrangements

In connection with the management succession plan, and in recognition of the increase in Mr. Engel's responsibilities effective September 1, 2009, the Company and Mr. Engel amended Mr. Engel's employment agreement to provide for, among other things, an annual base salary of \$725,000, with a target bonus of 100% of base salary and a bonus opportunity of up to 200% of his base salary. Mr. Engel also received long-term equity-based incentives under the Company's Long-Term Incentive Plan as determined by the Committee, and such long-term incentives had an approximate grant date value on or about July 1, 2009 of \$2.1 million. In the event that prior to a change in control Mr. Engel's employment is terminated by the Company without cause or by Mr. Engel for good reason, he will be entitled to receive monthly cash payments for 24 months in an amount equal to his monthly base salary as of the termination date, a lump sum cash amount equal to his target annual incentive opportunity for the year in which he was terminated and accelerated vesting of all stock-based awards, exercisable for up to 18 months, except for performance based awards where operational or performance criteria have not been met. If such termination occurs within two years after a change in control, Mr. Engel will instead be entitled to receive, (i) a lump sum cash payment equal to two times the sum of his annual base salary and his annual target incentive opportunity as of the termination date, (ii) a gross-up payment to offset certain excise taxes, if any, (iii) prorated incentive compensation for the year in

which he was terminated and (iv) accelerated vesting of all stock-based awards, exercisable for up to 18 months, except for performance-based awards where operational or performance criteria have not been met. See Potential Payments Upon Termination on page 39 for additional information. The amended employment agreement has a term of three years and thereafter is subject to one-year automatic extensions. Mr. Engel is subject to confidentiality obligations during the term of his employment and for five years thereafter. He is bound by restrictive covenants in the form of non-competition and

Table of Contents

non-solicitation of employees and customers during the term of his employment and for a period of two years thereafter.

Similarly, in recognition of the increase in his responsibilities effective September 1, 2009, the Company and Mr. Van Oss amended Mr. Van Oss' employment agreement to provide for, among other things, an annual base salary of \$600,000, with a target bonus of 80% of base salary and a bonus opportunity of up to 160% of his base salary. Mr. Van Oss also received long-term equity-based incentives under the Company's Long-Term Incentive Plan as determined by the Committee, and such long-term incentives had an approximate grant date value of \$1.5 million for 2009. In the event that prior to a change in control Mr. Van Oss' employment is terminated by the Company without cause or by Mr. Van Oss for good reason, he will be entitled to receive monthly cash payments for 24 months in an amount equal to his monthly base salary as of the termination date, a lump sum cash amount equal to his target annual incentive opportunity for the year in which he was terminated and accelerated vesting of all stock-based awards, exercisable for up to 18 months, except for performance-based awards where operational or performance criteria have not been met. If such termination occurs within two years after a change in control, Mr. Van Oss will instead be entitled to receive, (i) a lump sum cash payment equal to two times the sum of his annual base salary and his annual target incentive opportunity as of the termination date, (ii) a gross-up payment to offset certain excise taxes, if any, (iii) prorated incentive compensation for the year in which he was terminated and (iv) accelerated vesting of all stock-based awards, exercisable for up to 18 months, except for performance-based awards where operational or performance criteria have not been met. See Potential Payments Upon Termination on page 41 for additional information. The amended employment agreement has a term of three years and thereafter is subject to one-year automatic extensions. Mr. Van Oss is subject to confidentiality obligations during the term of his employment and for five years thereafter. He is bound by restrictive covenants in the form of non-competition and non-solicitation of employees and customers during the term of his employment and for a period of two years thereafter.

The Company and Mr. Haley amended his employment agreement to reflect, among other things, his new position and compensation arrangements. Mr. Haley's compensation as Chairman of the Board, which will remain at \$865,000 through June 30, 2010, will be reduced to \$600,000 for the period July 1, 2010 through June 30, 2011. Mr. Haley will also receive two grants of RSUs (or equivalent value) that will each vest over a three-year period. The first grant of RSUs was made in July 2009 and had an approximate grant date value of \$4.0 million. The second grant will be made on or about July 1, 2010 and have an approximate grant date value of \$2.6 million. In the event that Mr. Haley's employment is terminated by the Company without cause or by Mr. Haley for good reason or by reason of Mr. Haley's death or disability, he will be entitled to receive his unpaid base salary until June 2011. In addition, upon such termination all of Mr. Haley's stock-based awards will become immediately vested and exercisable for up to 24 months. In the event of Mr. Haley's retirement, his stock-based awards will become immediately vested and exercisable for up to 36 months. Mr. Haley is subject to confidentiality obligations during the term of his employment and for five years thereafter. He is bound by restrictive covenants in the form of non-competition and non-solicitation of employees and customers during the term of his employment and for a period of two years thereafter.

Mr. Heyse's annual base salary is \$325,000, with a target bonus of 50% of his base salary and a bonus opportunity of up to 100% of his base salary, and his bonus for 2009 was guaranteed to be at least \$75,000. He also received a one-time sign-on bonus of \$50,000, repayable on a pro-rata basis if he terminates his employment without good cause or the Company terminates his employment for good reason within one year of June 15, 2009. Mr. Heyse is also entitled to receive SARs equity grants equal to the number of shares he purchases for long-term investment within the first twelve months of employment (up to the equivalent of three times his annual base salary) at a strike price set at the closing price on the date of purchase on the open market in one or more transactions, not to exceed three trading days. Mr. Heyse will be entitled to receive a severance payment equal to one year's base salary if he is terminated by the Company without cause or if he terminates his employment for good reason.

During 2007, our Board adopted the WESCO Distribution, Inc. 2007 Severance Plan which provides severance benefits to all eligible employees, not limited to executives. In accordance with the WESCO Distribution, Inc. 2007 Severance Plan, in the event of an involuntary not for cause termination, an eligible employee would receive severance payments of up to 52 weeks of base pay based on the employee's completed years of service. Under this plan, Mr. Bergdoll would be entitled to benefits in the amount of \$14,423. Additionally, in accordance with the

agreements governing option, SAR and RSU grants for all employees who have received equity awards, in the event of a change in control, all equity awards would become fully vested for Mr. Bergdoll, and assuming a change in control date of December 31, 2009, would result in compensation for Mr. Bergdoll of \$82,766.

Deductibility of Executive Compensation

The Company intends for compensation paid to its executive officers to be within the limits of, or exempt from, the deductibility limits of Section 162(m) of the Internal Revenue Code and expects that all compensation will be deductible. However, the Company reserves the right to pay compensation that is not deductible if it determines that to be in the best interests of the Company and its stockholders. Section 162(m) generally imposes a \$1 million limit on the amount that a public company may deduct for compensation paid to the Company's named executive officers who are employed as of the end of the year. This limitation does not apply to compensation that meets the requirements under Section 162(m) for qualifying performance-based compensation (i.e., compensation paid only if the individual's performance meets pre-established objective goals based on performance criteria). For 2009, the payments for the annual incentive awards were designed to satisfy the requirements for deductible compensation. As required under applicable tax laws, the Company generally must obtain shareholder approval every five years of the material terms of the performance goals for qualifying performance-based compensation.

DIRECTOR COMPENSATION

==

Independent members of the Board of Directors receive compensation in the form of an annual retainer and an annual equity award. Directors have the ability to defer 25% to 100% of the retainer. Deferred amounts are converted into stock units and credited to an account in the Director's name using the average of the high and low trading prices of our Common Stock on the first trading day in January of that year. During 2009, non-employee Directors received an annual retainer of \$50,000, payable in shares of our Common Stock or a combination of cash and shares of our Common Stock (of which a maximum of 50% may consist of cash) at each Director's election. The Chair of our Audit Committee receives an additional fee of \$10,000 payable annually. In addition to the retainer, non-employee Directors are reimbursed for travel and other reasonable out-of-pocket expenses related to attendance at Board and Committee meetings. Directors receive no additional compensation for Board or Committee meeting attendance. Members of our Board who are also our employees do not receive compensation for their services as Directors.

In addition, as of each July 1, each continuing non-employee Director receives an equity grant. For 2009, Directors received a grant of non-qualified SARs and RSUs. The exercise price of the SARs is equal to the fair market value per share of our Common Stock on the date of grant. A non-employee Director's equity awards granted through 2007 vest on the third anniversary of the date of grant. SARs granted since 2007 vest in one-third increments on the anniversary date of the grant. RSUs granted in 2009 vest on the third anniversary of the date of the grant. If a Director's Board service ends as a result of a scheduled Board term expiration, then all of the Director's equity will vest in full. If a Director's Board service is terminated prior to a normal termination or re-election date, then unvested equity is forfeited. It was determined at the June 19, 2009 meeting of the Executive Committee of the Board to award 6,100 SARs and 675 RSUs to each Director for 2009. The SARs and RSUs awarded July 1, 2009, have a grant price of \$25.37, the closing price of our Common Stock on July 1, 2009. The expiration date is July 1, 2019.

Distribution of deferred stock units will be made in a lump sum or in installments, in the form of shares of our Common Stock, in accordance with the distribution schedule selected by the Director at the time the deferral election is made. All distributions will be made or begin as soon as practical after January 1 of the year following the Director's termination of Board service.

In February 2010, the Board approved an increase in the annual retainer amount to \$70,000 for 2010. The retainer amount had not been adjusted since 2005. A \$20,000 increase had been previously approved by the Board, and such approval was rescinded in 2009 due to economic conditions and cost savings actions.

(1) Equity awards granted in 2009 are SARs and RSUs. Equity awards granted in 2007 and 2008 are SARs.

(2) Represents aggregate grant date fair value at the time of the award, in accordance with FASB ASC Topic 718 (formerly FAS 123R). These equity awards are subject to time-based vesting criteria. The estimate of forfeitures related to service-based vesting requirements has been disregarded for purposes of this valuation. The assumptions used in calculating these amounts are set forth on page 38 of our financial statements for the year ended December 31, 2009 and Annual Report on Form 10-K. All the equity awards were granted under the WESCO International, Inc. 1999 Long-Term Incentive Plan, as amended and approved by our Board and stockholders.

(3) 2009: Represents annual cash incentive bonus amounts which reflect compensation earned in year 2009, but approved and paid in year 2010. See page 18 for a description of our annual incentive plan. Under the terms of Mr. Haley's 2009 Employment Agreement, he will not be eligible for an annual cash incentive during his employment term.

2008: Represents annual cash incentive bonus amounts which reflect compensation earned in year 2008, but approved and paid in year 2009. See page 18 for a description of our annual incentive plan.

2007: Represents annual cash incentive bonus amounts which reflect compensation earned in year 2007, but approved and paid in year 2008.

- (4) See the All Other Compensation table on page 30 for additional information.
- (5) Amounts shown are less than the individual's stated base salary because during 2009 the Company had a cost-savings program of mandatory unpaid leaves of absence in which individuals took a week's leave of absence in the second, third and fourth quarters without pay. In addition, Mr. Heyse's amount is less than his stated annual base salary because he joined the Company in June 2009.

(4) The Retirement Savings Program includes both the Retirement Savings Plan, a 401(k) plan and the Deferred Compensation Plan, a non-qualified plan. Company contributions to the retirement savings programs include matching contributions and discretionary contributions. The table below breaks down the Company contribution by plan and contribution type. Company matching contributions are capped at 50% of participant deferrals, not to exceed 3% of compensation. Matching contributions are made to the 401(k) plan up to maximum limits established by the IRS, with any excess contributed to the deferred compensation plan. Similarly, discretionary

contributions are made to the 401(k) plan up to maximum limits established by the IRS, with the excess contributed to the deferred compensation plan. Company discretionary contribution to the 401(k) Plan and the Deferred Compensation Plan reflect amounts earned based on results for 2006, 2007 and 2008, but paid in 2007, 2008 and 2009, where applicable.

- (1) Reflects participation by the NEOs in the Deferred Compensation Plan during 2009, including deferral of portions of both base salary and incentive compensation. The NEOs cannot withdraw any amounts from their deferred compensation balances until termination, retirement, death or disability with the exception that the Compensation Committee may approve an amount (hardship withdrawal) necessary to meet unforeseen needs in the event of an emergency.
- (2) All amounts in this column are Company matching contributions to the Deferred Compensation Plan. The Company did not make any discretionary contributions to the accounts of the NEOs for 2009. Please refer to footnote 4 of the All Other Compensation table for a discussion of the determination of these contributions, which amounts are reported as compensation in the All Other Compensation column of the Summary Compensation table on page 29.
- (3) Reflects investment returns or earnings (losses) calculated by applying the investment return rate at the valuation date to the average balance of the participant's deferral account and Company contribution account since the last valuation date for each investment vehicle selected by the participant. Investment vehicles available to participants are a subset of those offered in the Company's 401(k) Retirement Savings Plan and notably do not include Company stock. See footnote 5 and the related All Funds Performance table.
- (4) Based upon years of service to the Company, Mr. Haley, Mr. Engel, and Mr. Van Oss are each fully vested in the aggregate balance of their respective accounts at last year-end. Mr. Bergdoll is fully vested in \$42,420 of his aggregate balance at last year-end.
- (5) The funds currently chosen are Haley: American Funds Amcap and RAFI Enhanced Large Company; Van Oss: MFS Value Fund, Alger Midcap Growth Institutional, RVS Mid Cap Value, Thornburg International Value, American Funds Balanced, Loomis Sayles Investment Grade Bond and Stable Value; Engel: Thornburg International Value, Alger Midcap Growth Institutional, American Funds Amcap, MFS Value Fund, and Stable Value; and Bergdoll: Loomis Sayles Investment Grade Bond.
