PROXY STATEMENT

GENERAL INFORMATION

Introduction

This Proxy Statement is furnished to the holders of the common stock, par value \$0.10 per share (Common Stock), of CA, Inc. (we, us, our or the Company) in connection with the solicitation of proxies by our Board of Directors for the 2010 Annual Meeting of Stockholders and any adjournment or postponement of the meeting. The meeting will be held on July 27, 2010 at 10:00 a.m. Eastern Daylight Time. The matters expected to be acted upon at the meeting are set forth in the preceding Notice of Annual Meeting. At present, the Board of Directors knows of no other business to come before the meeting.

Meeting Admittance Procedures

To enter the meeting, you will have to present an admission ticket or other proof that you were a stockholder of the Company on the June 1, 2010 record date. Admission tickets are on the outside back cover of this Notice of Annual Meeting and Proxy Statement. If you hold your shares of Common Stock through a bank, broker or other nominee, you will have to bring either a copy of the voting instruction card provided by your broker or nominee, or a copy of a brokerage statement showing your ownership of Common Stock as of June 1, 2010. You may also be required to present official identification containing your photograph (such as a driver's license or passport). We may inspect your packages and bags and we may require you to check them, and in some cases, we may not permit you to enter the meeting with them. Please note that, at our discretion, we may exclude cameras, mobile phones, recording equipment and other electronic devices. Please do not bring non-essential packages, bags or other items to the meeting. We may take other security measures in connection with the meeting. Please allow sufficient time and otherwise plan accordingly.

Notice of Internet Availability

If you received a notice regarding the availability of annual meeting proxy materials on the Internet (Notice of Internet Availability) for the annual meeting, you will not receive a printed copy of the proxy materials unless you specifically request one. The Notice of Internet Availability provides you with instructions on how to view our proxy materials on the Internet.

If you want to receive a paper or e-mail copy of the proxy materials, you may request one. There is no charge to you for requesting a copy. Please make your request for a copy as instructed in the Notice of Internet Availability by July 13, 2010 to facilitate timely delivery.

We plan to mail the Notice of Internet Availability on or about June 14, 2010. We will mail a printed copy of the proxy materials to certain stockholders, as in prior years, and we expect that mailing to begin on or about June 17, 2010.

Table of Contents

Stockholders of Record; Street Name

If your shares of Common Stock are registered directly in your name with our transfer agent, BNY Mellon Shareowner Services, you are considered the stockholder of record with respect to those shares, and the Notice of Internet Availability (and, if applicable, the mailed proxy materials) was sent directly to you. If your shares are held in an account at a bank, brokerage firm, or other similar organization, then you are the beneficial owner of shares held in street name, and the Notice of Internet Availability (and, if applicable, the mailed proxy materials) was forwarded to you by that firm. The firm holding your account is considered the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct that firm on how to vote the shares held in your account. We may reimburse those firms for reasonable fees and out-of-pocket costs incurred in forwarding the Notice of Internet Availability (and, if applicable, the mailed proxy materials) to you.

Proxy Solicitation

We will bear the cost of our soliciting proxies. In addition to using the Internet, our directors, officers and employees may solicit proxies in person and by mailings, telephone, telegram, facsimile, or electronic transmission, for which they will not receive any additional compensation. We will also make arrangements with brokerage firms and other custodians, nominees and fiduciaries to forward solicitation material to the beneficial owners of shares of Common Stock held by such persons, and we may reimburse those custodians, nominees and fiduciaries for reasonable fees and out-of-pocket expenses incurred. We have retained Morrow & Co., LLC to assist us in soliciting proxies for a fee of \$7,500, plus expenses.

Voting

The shares of Common Stock represented by valid proxies received and not revoked will be voted at the meeting.

If you are a stockholder of record and you:

indicate when voting on the Internet or by telephone that you wish to vote as recommended by our Board of Directors; or

sign and return a proxy card without giving specific voting instructions,

then the proxy holders (*i.e.*, the persons named in the proxy card provided by our Board of Directors) will vote your shares in the manner recommended by our Board of Directors on all matters presented in this Proxy Statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the meeting.

If you are a beneficial owner of shares held in street name and do not provide the firm that holds your shares with specific voting instructions, under the rules of various national and regional securities exchanges, the firm that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If the firm that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, it will inform our Inspector of Election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a broker non-vote. (Please see Broker Non-Votes, below.)

When our Inspector of Election tabulates the votes for any particular matter, broker non-votes will be counted for purposes of determining whether a quorum is present, but will not otherwise be counted. We encourage you to provide

voting instructions to the firm that holds your shares by carefully following the instructions provided in the Notice of Internet Availability.

Please note that if you hold your shares through a bank, broker or other nominee and you want to vote in person at the meeting, you must obtain a proxy from your bank, broker or other nominee authorizing you to vote those shares and you must bring that proxy to the meeting. If any other

Table of Contents

business properly comes before the meeting or any adjournment or postponement, it is the intention of the proxy holders named in the Board of Directors accompanying proxy card to vote the shares represented by the proxy card on those matters in accordance with their best judgment.

Broker Non-Votes

A broker non-vote occurs when your broker submits a proxy for your shares but does not indicate a vote on a particular matter because the broker has not received voting instructions from you and does not have authority to vote on that matter without instructions from you. Broker non-votes are treated as present for purposes of determining a quorum, but are not counted as votes for or against the matter in question or as abstentions, and they are not counted in determining the number of votes present for the particular matter.

Under the rules applicable to brokers, if your broker holds shares in your name, the broker, in the absence of voting instructions from you, is entitled to vote your shares on Proposal 2.

Revocability of Proxy

You may revoke your proxy at any time before it is exercised by filing a written revocation with the Corporate Secretary at CA, Inc., One CA Plaza, Islandia, NY 11749, submitting a proxy bearing a later date (including by telephone or the Internet), or voting in person at the meeting.

Record Date and Voting Rights

Only stockholders of record at the close of business on June 1, 2010 are entitled to notice of and to vote at the meeting or any adjournment or postponement. On June 1, 2010, we had outstanding [] shares of Common Stock. Each outstanding share of Common Stock is entitled to one vote. A majority of the outstanding shares of Common Stock, present or represented by proxy at the meeting, will constitute a quorum.

Votes cast at the meeting by proxy or in person will be tabulated by the Inspector of Election. The Inspector of Election will treat shares of Common Stock represented by a valid proxy as present at the meeting for purposes of determining a quorum, whether or not the proxy is marked as casting a vote or abstaining on any or all matters. Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining a quorum.

Assuming that a quorum is present at the meeting, a majority of the votes cast at the meeting with regard to a director will be required to elect the director, which means that the number of votes cast for the director must exceed the number of votes cast against the director. Abstentions and broker non-votes will have no effect on the election of directors since only votes cast for and against a director will be counted. If a director does not receive the requisite vote, the Board of Directors will have 90 days from the certification of the vote to accept or reject the individual's irrevocable resignation that all incumbent directors were required to submit before the mailing of this Proxy Statement. For additional information, please see Proposal 1 Election of Directors.

Assuming that a quorum is present at the meeting, the affirmative vote of the holders of a majority of the shares of Common Stock present or represented by proxy at the meeting and entitled to vote on the subject matter will be required to approve Proposal 2, the ratification of our independent registered public accountants, Proposal 3, the ratification of the Stockholder Protection Rights Agreement, and Proposal 4, the stockholder proposal. In determining whether Proposal 2, 3 or 4 has received the requisite number of affirmative votes, abstentions will have the effect of a vote against the proposal, and broker non-votes, if any, will reduce the absolute number, but not the percentage, of affirmative votes needed for approval of these proposals.

Householding

If you and other residents with the same last name at your mailing address own shares of Common Stock in street name, your broker or bank may have sent you a notice that your household will receive only one Notice of Internet Availability or annual report and proxy statement for each company in which you hold stock through that broker or bank. This practice of sending only one copy of proxy materials is known as householding. If you received a householding communication, your broker will send one copy of the Notice of Internet Availability or this Proxy Statement and our Annual Report for the fiscal year ended March 31, 2010 to your address unless contrary instructions were given by any stockholder at that address. If you received more than one copy of the Notice of Internet Availability or the proxy materials this year and you wish to reduce the number of copies you receive in the future and save us the cost of printing and mailing these documents, please contact your bank or broker.

You may revoke your consent to householding at any time by sending your name, the name of your bank or brokerage firm, and your account number to our Investor Relations Department at the address below. The revocation of your consent to householding will be effective 30 days following its receipt. In any event, if your household received a single set of the Notice of Internet Availability or proxy materials for this year, but you would prefer to receive your own copy, we will send a copy of the Notice of Internet Availability or the Proxy Statement and Annual Report to you if you send a written request to CA, Inc., Investor Relations Department, One CA Plaza, Islandia, NY 11749, or contact our Investor Relations Department at 1-800-225-5224.

Annual Report

Our Annual Report for the fiscal year ended March 31, 2010 accompanies this Proxy Statement and is also available on the Internet. Please follow the instructions in the Notice of Internet Availability if you want to review our Annual Report on line. Our Annual Report contains financial and other information about us. The Annual Report is not a part of this Proxy Statement.

Although the deferred stock units are derivative equity securities owned by the directors, the deferred stock units are not included in the above column headed "Number of Shares Beneficially Owned" because the directors do not have the right currently to dispose of or to vote the underlying shares of Common Stock. PROPOSAL 1 ELECTION OF DIRECTORS

Nominees

On the recommendation of the Corporate Governance Committee, the Board of Directors has nominated the persons listed below for election as directors at the annual meeting, each to serve until the next annual meeting and until his or her successor is duly elected and qualified. Each of the nominees is an incumbent director.

The Board has determined that eight of the nominees (all of the nominees other than Mr. McCracken) are independent under The NASDAQ Stock Market LLC (NASDAQ) listing requirements and our Corporate Governance Principles (the Corporate Governance Principles), which are attached to this Proxy Statement as Exhibit A. Mr. McCracken is deemed not to be independent because of his current position as our Chief Executive Officer. The Board also determined that Senator D Amato and Mr. La Blanc, who retired as directors during fiscal year 2010, were independent under NASDAQ listing requirements and our Corporate Governance Principles. Mr. Swainson, who also retired as a director during fiscal year 2010, was deemed not to be independent because he served as our Chief Executive Officer at that time.

In the course of the Board s determination regarding the independence of each non-employee director, the Board considers transactions, relationships and arrangements as required by the independence guidelines contained in our Corporate Governance Principles. There were no transactions, relationships or arrangements outside of the independence guidelines that required review by the Board for purposes of determining whether the directors were independent.

Each of the nominees has confirmed to us that he or she expects to be able to continue to serve as a director until the end of his or her term. If, however, at the time of the annual meeting, any of the nominees named below is not available to serve as a director (an event that the Board does not anticipate), all the proxies granted to vote in favor of that director s election will be voted for the election of any other person or persons that the Board may nominate.

All members of the Audit, Compensation and Human Resources, and Corporate Governance Committees are independent directors as defined by NASDAQ listing requirements and our Corporate Governance Principles. Members of the Audit Committee also satisfy the separate independence requirements of the U.S. Securities and Exchange Commission (SEC).

Our policy is that all directors and nominees should attend our annual meetings of stockholders. All of our directors then in office attended the 2009 Annual Meeting of Stockholders.

Under our majority voting standard for uncontested elections of directors, a director nominee will be elected only if the number of votes cast for exceeds the number of votes against the director s election. In contested elections, the plurality voting standard will apply, under which the nominees receiving the most votes will be elected regardless of whether those votes constitute a majority of the shares voted at the meeting. Under our Corporate Governance Principles, if a director does not receive more votes for than votes against at an annual meeting of stockholders, generally the Board of Directors will have 90 days from the certification of the vote to accept or reject the individual s irrevocable resignation that all incumbent directors are required to submit before the mailing of the proxy statement for the annual meeting.

The Board does not have a formal policy with respect to diversity. However, the Board and the Corporate Governance Committee each believe that it is essential that the Board members represent diverse viewpoints, with a broad array of

experiences, professions, skills, geographic representation and backgrounds that, when considered as a group, provide a sufficient mix of perspectives to allow the Board to best fulfill its responsibilities to the long-term interests of the Company's stockholders.

Set forth below are each nominee's name, age, principal occupation for the last five years and other biographical information, including the year in which each was first elected a director of the

Table of Contents

Company. In addition, the biographies discuss the particular experience, qualifications, attributes and skills of the director that, in light of the Company's business and structure, led the Board to conclude that the individual should serve on the Board of the Company.

Raymond J. Bromark, 64, has been a director since 2007. Mr. Bromark is a retired Partner of PricewaterhouseCoopers, LLP (PwC), an international accounting and consulting firm. He joined PwC in 1967 and became a Partner in 1980. He was Partner and Head of the Professional, Technical, Risk and Quality Group of PwC from 2000 to 2006, a Global Audit Partner from 1994 to 2000 and Deputy Vice Chairman, Auditing and Business Advisory Services from 1990 to 1994. In addition, he served as a consultant to PwC from 2006 to 2007. Mr. Bromark has been a director of World Color Press, Inc., a provider of printing services to publishers, retailers, catalogers and magazines, since 2009 and chairs its audit committee. He is a member of the American Institute of Certified Public Accountants (the AICPA) and a former member of the University of Delaware's Weinberg Center for Corporate Governance's Advisory Board. Mr. Bromark was PwC's representative on the AICPA's Center for Public Company Audit Firms' Executive Committee. He has also been a member of the Financial Accounting Standards Board Advisory Council, the Public Company Accounting Oversight Board's Standing Advisory Group, the AICPA's Special Committee on Financial Reporting, the AICPA's SEC Practice Section Executive Committee and the AICPA's Ethics Executive Committee. Mr. Bromark's qualifications include: extensive experience in accounting, auditing, financial reporting, and compliance and regulatory matters; deep understanding of financial controls and familiarity with large public company audit clients; and extensive experience in leadership positions at PwC.

Gary J. Fernandes, 66, has been a director since 2003. Mr. Fernandes has been Chairman and President of FLF Investments, a family business involved with the acquisition and management of commercial real estate properties and other assets, since 1999. Mr. Fernandes retired as Vice Chairman of Electronic Data Systems Corporation (EDS), a global technology services company, in 1998, after serving as Senior Vice President of EDS from 1984 to 1996 and as Chairman of A.T. Kearney, a management consulting firm and a subsidiary of EDS, from 1995 to 1998. He served on the board of directors of EDS from 1981 to 1998. After retiring from EDS, Mr. Fernandes founded Convergent Partners, a venture capital fund focusing on buyouts of technology-related companies, and was a partner from 1999 to 2000. In 1993, he founded Voyagers The Travel Store Holdings, Inc., a chain of travel agencies, acting as president and sole shareholder. Voyagers filed a petition under Chapter 7 of the U.S. federal bankruptcy laws in 2001. He has served as a director of BancTec, Inc., a privately-held systems integration, manufacturing and services company, since 2003 and Blockbuster Inc., a provider of home entertainment services since 2004. Mr. Fernandes also serves as an advisory director of MHT Partners, an investment banking firm serving mid-market companies. Mr. Fernandes was a director of webMethods, Inc., a business integration and optimization software company, from 2002 until 2005 and a director of 7-Eleven, Inc., an operator, franchisor, and licensor of convenience stores worldwide, from 1991 until 2005. RELATED PERSON TRANSACTIONS

The Board has adopted a Related Person Transactions Policy (the Policy), which is a written policy governing the review and approval or ratification of Related Person Transactions, as defined in SEC rules.

Under the Policy, each of our directors, nominees for director and executive officers must notify the General Counsel and/or the Office of Corporate Secretary of any potential Related Person Transaction involving that person or an immediate family member of that person. The General Counsel and/or the Office of Corporate Secretary will review each potential Related Person Transaction to determine if it is subject to the Policy. If so, the transaction will be referred for approval or ratification to the Corporate Governance Committee, which will approve or ratify the transaction only if it determines that the transaction is in, or is not inconsistent with, our best interests and the best interests of our stockholders. In determining whether to approve or ratify a Related Person Transaction, the Corporate Governance Committee may consider, among other things:

the fairness to us of the Related Person Transaction;

whether the terms of the Related Person Transaction would be on the same basis if the transaction, arrangement or relationship did not involve a related person;

the business reasons for us to participate in the Related Person Transaction;

the nature and extent of our participation in the Related Person Transaction;

whether any Related Person Transaction involving a director, nominee for director or an immediate family member of a director or nominee for director would be immaterial under the categorical standards adopted by the Board with respect to director independence contained in our Corporate Governance Principles;

whether the Related Person Transaction presents an actual or apparent conflict of interest for any director, nominee for director or executive officer, the nature and degree of such conflict and whether any mitigation of such conflict is feasible;

the availability of other sources for comparable products or services;

the direct or indirect nature and extent of the related person's interest in the Related Person Transaction;

the ongoing nature of the Related Person Transaction;

the relationship of the related person to the Related Person Transaction and with us and others;

the importance of the Related Person Transaction to the related person; and

the amount involved in the Related Person Transaction.

The Corporate Governance Committee will administer the Policy and may review, and recommend amendments to, the Policy from time to time.

Since the beginning of fiscal year 2010, there has been one Related Person Transaction. Erica Christensen La Blanc, a daughter-in-law of Robert E. La Blanc, our former director, has served as a non-executive employee of the Company. She has received an annual salary and annual employee benefits valued at approximately \$138,000. Mr. La Blanc reached age 75 during fiscal year 2010 and in connection with our director retirement policy did not stand for re-election at the 2009 Annual Meeting of Stockholders. This Related Person Transaction was approved in accordance with the Policy.

NOMINATING PROCEDURES

The Corporate Governance Committee will consider director candidates recommended by stockholders. In considering candidates submitted by stockholders, the Committee will take into consideration the factors specified in our Corporate Governance Principles, which are attached to this Proxy Statement as Exhibit A, as well as the current needs of the Board and the qualifications of the candidate. The Committee may also take into consideration the number of shares held by the recommending stockholder and the length of time that such shares have been held. To recommend a candidate for consideration by the Committee, a stockholder must submit the recommendation in writing, including the following information:

the name of the stockholder and evidence of the stockholder's ownership of Common Stock, including the number of shares owned and the length of time the shares have been owned; and

the name of the candidate, the candidate's résumé or a listing of his or her qualifications to be a director of the Company, and the person's consent to be named as a director nominee if recommended by the Committee and nominated by the Board.

Recommendations and the information described above should be sent to the Corporate Secretary at CA, Inc., One CA Plaza, Islandia, New York 11749.

Once a person has been identified by the Corporate Governance Committee as a potential candidate, the Committee may collect and review publicly available information regarding the person to assess whether the person should be considered further; request additional information from the candidate and the proposing stockholder; contact references or other persons to assess the candidate; and conduct one or more interviews with the candidate. The Committee may consider that information in light of information regarding any other candidates that the Committee may be evaluating at that time. The evaluation process generally does not vary based on whether or not a candidate is recommended by a stockholder; however, as stated above, the Committee may take into consideration the number of shares held by the recommending stockholder and the length of time that these shares have been held.

In addition to recommending director candidates to the Corporate Governance Committee, stockholders may also nominate candidates for election to the Board at the annual meeting of stockholders. These nominations must be received by the Corporate Secretary no earlier than March 29, 2011 and no later than April 28, 2011 (unless the date of the 2011 annual meeting of stockholders is changed by more than 30 days from the one year anniversary date of the 2010 annual meeting of stockholders). These nominations must provide certain information specified in our By-laws. See *Advance Notice Procedures for 2011 Annual Meeting*, below, for more information.

In addition to stockholder recommendations, the Corporate Governance Committee may receive suggestions as to nominees from our directors, officers or other sources, which may be either unsolicited or in response to requests from the Committee for these suggestions. In addition, the Committee may engage search firms to assist it in identifying director candidates.

COMMUNICATIONS WITH DIRECTORS

The Board of Directors is interested in receiving communications from stockholders and other interested parties, which would include, among others, customers, suppliers and employees. These parties may contact any member (or members) of the Board or any committee, the non-employee directors as a group, or the Chair of any committee, by mail or electronically. In addition, the Audit Committee of the Board of Directors is interested in receiving communications from employees and other interested parties, which would include stockholders, customers, suppliers and employees, on issues regarding accounting, internal accounting controls or auditing matters. Any such correspondence should be addressed to the appropriate person or persons, either by name or title, and sent by postal mail to the office of the Corporate Secretary at CA, Inc., One CA Plaza, Islandia, New York 11749, or by e-mail to directors@ca.com.

The Board has determined that the following types of communications are not related to the duties and responsibilities of the Board and its committees and are, therefore, not appropriate: spam and similar junk mail and mass mailings; product complaints, product inquiries and new product suggestions; résumés and other job inquiries; surveys; business solicitations or advertisements; and any communication that is unduly hostile, threatening, illegal or similarly unsuitable. Each communication received as described in the preceding paragraph will be forwarded to the applicable directors, unless the Corporate Secretary determines that the communication is not appropriate. Regardless, certain of these communications may be forwarded to other employees in the Company for review and action, when appropriate, or to the directors upon request.

CORPORATE GOVERNANCE

Directly and through the Corporate Governance Committee, the Board periodically reviews corporate governance developments.

We periodically consider and review our Corporate Governance Principles. Our current Corporate Governance Principles are attached to this Proxy Statement as Exhibit A and can be found, together with other corporate governance information, on our website at investor.ca.com. The Board also evaluates the principal committee charters from time to time, as appropriate.

We maintain a Code of Conduct, which is applicable to all employees and directors, and is available on our website at investor.ca.com. Any waiver to the Code of Conduct that applies to our directors or executive officers will be contained in a report filed with the SEC on Form 8-K or will be otherwise disclosed as permitted by law or regulation.

Each of our Corporate Governance Principles and our Code of Conduct is available free of charge in print to any stockholder who requests a copy by writing to our Corporate Secretary, at CA, Inc., One CA Plaza, Islandia, New York 11749.

Board Leadership Structure

The Board is currently led by our non-executive Chairman, Mr. Weinbach, who is an independent director. Our Corporate Governance Principles set forth no policy with respect to the separation of the positions of Chairman and Chief Executive Officer or with respect to whether the Chairman should be a member of management or a non-management director. The Board recognizes that there is no single, generally accepted approach to providing Board leadership, and given the dynamic and competitive environment in which we operate, the Board's leadership structure may vary as circumstances warrant. The Board has determined that the leadership of the Board is currently

best conducted by an independent Chairman. The Chairman provides overall leadership to the Board in its oversight function, while the Chief Executive Officer, Mr. McCracken, provides leadership with respect to the day-to-day management and operation of our business. We believe the separation of the offices allows Mr. Weinbach to focus on management of Board matters and allows Mr. McCracken to focus on managing our business. In addition, we believe the separation of the offices enhances the

Table of Contents

objectivity of the Board in its management oversight role. To further enhance the objectivity of the Board, we have limited the members of our Board who are not independent to our Chief Executive Officer.

Board Role in Risk Oversight

Our management is responsible for managing risks affecting the Company, including identifying, assessing and appropriately mitigating risk. The responsibilities of the Board include oversight of the Company's risk management processes. To enhance the effectiveness of the Board's risk oversight function, the Board has established the Compliance and Risk Committee. The Board exercises its risk oversight responsibilities primarily through the Compliance and Risk Committee, which regularly reviews and discusses with management the significant risks that may affect our enterprise. In addition to reporting to our Chief Executive Officer, our Executive Vice President, Risk and Chief Administrative Officer, whose department includes our Chief Risk Officer, reports to the Compliance and Risk Committee with respect to the Company's enterprise risk management function, including operational, financial, strategic, legal and regulatory risks. Our Executive Vice President and General Counsel reports to the Compliance and Risk Committee with respect to the Company's business practices and compliance functions. The other committees of the Board also provide risk oversight associated with their respective areas of responsibility. For example, the Audit Committee oversees risks related to our financial statements, our financial reporting process, our internal control processes and accounting matters. In addition, the Compensation and Human Resources Committee provides oversight with respect to risks related to our compensation practices. The Corporate Governance Committee oversees risks related to our corporate governance structure and processes. In fulfilling their oversight responsibilities, all committees receive regular reports on their respective areas of responsibility from members of management. The Chair of each committee, in turn, reports regularly to the full Board on matters including risk oversight.

COMPENSATION OF DIRECTORS

Only our non-employee directors receive compensation for their services as directors. Under our 2003 Compensation Plan for Non-Employee Directors (the "2003 Directors Plan"), each non-employee director receives an annual fee that is fixed by the Board and paid in the form of deferred stock units, except that up to 50% of that fee may be paid in cash, if elected by the director in advance. Following termination of service, a director receives shares of Common Stock in an amount equal to the number of deferred stock units in the director's deferred compensation account. The deferred stock units are settled, at the election of the director, by delivery of shares of Common Stock either in a lump sum or in up to 10 annual installments beginning on the first business day of the calendar year after termination of service. The 2003 Directors Plan also allows the Board of Directors to authorize the payment of additional fees to any eligible director who chairs a committee of the Board of Directors or to an eligible director serving as the lead independent director or Chairman of the Board. Currently, all of our non-employee directors receive compensation pursuant to the 2003 Directors Plan.

Under the 2003 Directors Plan, the compensation of our non-employee directors is based on a director service year that, prior to the 2010 Annual Meeting of Stockholders, covered the period from annual meeting to annual meeting. The 2003 Directors Plan was amended in November 2009 to adjust the director service year to coincide with the calendar year beginning on the date of the 2010 Annual Meeting of Stockholders.

Each non-employee director receives an annual director fee of \$175,000. In addition, the non-executive Chairman of the Board receives an annual Chairman's fee of \$175,000, the Chair of the Audit Committee receives an annual Chair's fee of \$25,000 and each non-employee Chair of each other committee of the Board of Directors receives an annual Chair's fee of \$10,000. These additional fees are also payable in deferred stock units, unless the director elects to receive up to 50% in cash, as described above for annual fees. Annual fees are generally paid to directors quarterly in arrears.

In September 2009, Mr. Swainson announced that he planned to retire as Chief Executive Officer effective December 31, 2009. In connection with the announcement, Mr. McCracken was appointed as Interim Executive Chairman. Mr. McCracken was subsequently elected Chief Executive Officer in January 2010. Upon being appointed as Interim Executive Chairman in September 2009, Mr. McCracken ceased being compensated as a non-executive director and non-executive Chairman of the Board. For a description of Mr. McCracken's compensation in all capacities for fiscal year 2010, please see "Compensation and Other Information Concerning Executive Officers," below.

In connection with Mr. McCracken's appointment as Interim Executive Chairman, Mr. Fernandes was appointed as lead independent director and received a one-time lump sum payment of \$10,000 in the form of deferred stock units.

In addition to director fees, to further our commitment to support charities, non-employee directors are able to participate in our Matching Gifts Program. Under this program, we match contributions by directors up to an aggregate annual amount of \$25,000 by a director to charities approved by us. Upon the mandatory retirement of a director in accordance with our director retirement policy, we also make a one-time donation of \$10,000 to a charity specified by the retiring director.

We also provide directors with, and pay premiums for, director and officer liability insurance and we reimburse directors for reasonable expenses incurred in connection with Company business.

(1) As noted above, 100% of directors' fees are paid in deferred stock units, except that up to 50% of those fees may be paid in cash, if elected by the director in advance. The amounts in the Fees Earned or Paid in Cash column represent the amounts paid to directors who elected to receive a portion of their director fees in cash. In fiscal year 2010, Messrs. Bromark, D Amato, Sulpizio and Zambonini and Mss. Koplovitz and Unger elected to receive 50% of their director fees in cash; Messrs. Fernandes, La Blanc and Weinbach elected to receive 100% of their director fees in deferred stock units; and Mr. Lofgren elected to receive 100% of his director fees in deferred stock units prior to September 14, 2009 and elected to receive 50% of his director fees in cash after September 14, 2009.

(2) As required by SEC rules, this column represents the aggregate grant date fair value of awards computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation - Stock Compensation for deferred stock units. The aggregate grant date fair value for deferred stock units is calculated by multiplying the number of deferred stock units by the closing market price of the

Common Stock on the date the deferred stock units are credited to a director's account. These award fair values have been determined based on the assumptions set forth in Note 11, Stock Plans, in the Notes to the Consolidated Financial Statements in our Annual Report on Form 10-K for the fiscal year ended March 31, 2010.

- (3) No options were granted to directors during fiscal year 2010. Under prior director compensation arrangements, directors received a portion of their fees in options, each to purchase a share of Common Stock. The options were granted as of the day of the annual meeting of stockholders, with an exercise price equal to the closing price of the Common Stock on that date and the options vested on the day before the next succeeding annual meeting date. As of March 31, 2010, the following options were outstanding for each director, all of which are vested.

(4) The amounts in this column include contributions we made under our Matching Gifts Program in fiscal year 2010. Under our current Matching Gifts Program, we match up to \$25,000 of director charitable contributions made in each fiscal year by each director. Because our matching gifts are processed several months after the related director contributions are reported to us, the matching gifts that are included in this column for fiscal year 2010 also include matching gifts that were made in fiscal year 2010 to match some director contributions made in fiscal year 2009. The contributions we made under our Matching Gifts Program in fiscal year 2010 were as follows: Mr. Bromark, \$500; Senator D Amato, \$25,000; Mr. Fernandes, \$2,000; Ms. Koplovitz,

\$21,500; Mr. La Blanc, \$25,000; Mr. Lofgren, \$9,700; Ms. Unger, \$16,133; and Mr. Weinbach, \$24,500.

- (5) The amounts in this column include charitable contributions made in connection with the retirement of directors. Upon the mandatory retirement of a director in accordance with our director retirement policy, we offer to make a one-time donation of \$10,000 to a charity specified by the retiring director. In fiscal year 2010 we made the following retirement-related contributions: Senator D Amato, \$10,000; and Mr. La Blanc, \$10,000.

In September 2009, Mr. McCracken was appointed as Interim Executive Chairman and ceased being compensated in those former capacities and began to be compensated as an employee of the Company. For a description of Mr. McCracken's total compensation for fiscal year 2010 in all capacities with the Company, please see Compensation and Other Information Concerning Executive Officers, below.

COMPENSATION DISCUSSION AND ANALYSIS

The Company's Executive Compensation Program Philosophy

Our Company has adopted a pay-for-performance philosophy and we expect our executives to deliver superior results. For this reason, the Company ties a substantial portion of our executive's compensation to the Company's performance. The Company compensates executives largely based on the achievement of the Company's strategic, operational and financial objectives. Our executive compensation program is designed to appropriately balance the annual and long-term performance objectives of the Company and in order to promote the interests of our stockholders. Our executives' annual performance cash incentive and one-year and three-year performance share awards are all payable based on the achievement of specific performance goals established by the Compensation Committee at the beginning of the pertinent performance cycle. The executive compensation performance objectives have been determined by the Compensation Committee to be consistent with the Company's operational, strategic and financial targets for the fiscal year. As a result of this close alignment between the Company's operational, strategic and financial targets and our pay-for-performance philosophy, the Company does not believe that our executive compensation program promotes or encourages excessive risk-taking. Consistent with a pay-for-performance philosophy, the Company also adopted a compensation recovery policy that permits the Company to claw back compensation in the case of a substantial restatement of the Company's financial statements that is a direct result of intentional misconduct or fraud.

The objectives of our executive compensation program are to: (1) attract and retain talented senior executives whose judgment is vital to the continued success of the Company; (2) recognize executives' performance during the fiscal year and over long-term performance period; (3) align compensation with the interests of our stockholders; and (4) encourage our executives to conduct business in a manner that is accountable to our stockholders and does not expose the Company to inappropriate risk-taking.

The Company also expects its executives to maintain substantial equity ownership in the Company. Our executive compensation program includes a significant equity component and it imposes stock ownership requirements under which executives are expected to accumulate and retain Company stock equal to a multiple of their base salary. For

additional information regarding our executive stock ownership requirements, please see Other Important Compensation Policies Affecting Named Executive Officers Executive Stock Ownership Requirements, below.

Processes and Procedures for Determining Executive Compensation

The Role of the Compensation Committee

The responsibilities of the Compensation and Human Resources Committee of the Board of Directors (the Compensation Committee) include overseeing our compensation plans and policies, establishing the performance measures under our annual and long-term incentive programs that cover executive officers, approving executive officer compensation and authorizing awards under our equity-based plans. The responsibilities of the Compensation Committee are set forth in the Compensation Committee s charter, which is available on our website at investor.ca.com. The Compensation Committee: (1) develops an executive compensation philosophy and objectives and establishes principles to guide the design and components of executive compensation; (2) approves the amount and the form of compensation of the Company s executive officers (as defined in the applicable SEC regulations), including the Chief Executive Officer (the CEO) and the other Named Executive Officers (as defined in applicable SEC regulations); and (3) recommends to the Board approval of all executive compensation plans and programs. The Compensation Committee may delegate its authority to one or more members or subcommittees, when deemed appropriate, but has not delegated any of the abovementioned responsibilities. The Compensation Committee consists entirely of directors who are independent as described in applicable NASDAQ rules.

The Compensation Committee, together with the Corporate Governance Committee, oversees the performance of the CEO and oversees executive management development and succession planning.

The Compensation Committee meets regularly in executive session, without management present. The Compensation Committee reports to the Board at each regular Board meeting.

The Role of Executive Management

In making these executive compensation determinations, the Compensation Committee considers input from a number of sources, including executive management.

The Compensation Committee considers the views and insights of the CEO and the Executive Vice President, Global Human Resources (the EVP-HR), in making compensation decisions for Named Executive Officers and others. Since the input of these executive officers with respect to the business environment and competitive status in various business areas is an essential component of the Compensation Committee s process, the input of executive officers is critical. No executive officer provides any recommendation regarding the determination of that executive officer s own compensation, however.

In fiscal year 2010, our CEO and our EVP-HR made recommendations to the Compensation Committee with regard to each executive officer s base salary levels and individual incentive compensation targets (*i.e.*, annual performance cash incentive target and long-term incentive plan (LTIP) target amounts), based on each executive s experience, role, potential and performance.

The recommendations of our CEO and EVP-HR were then reviewed by the Compensation Committee with the assistance of the Compensation Committee s independent compensation consultant, Towers Watson (formerly Towers Perrin), and compared with competitive market data for the CEO and key executives of certain peer companies based on, among other things, compensation information disclosed in publicly filed documents from a selected peer group, as well as survey data for companies in the computer software and services industry.

The Company's Chief Financial Officer and its Corporate Senior Vice President and Corporate Controller (principal accounting officer) certified the level of attainment of the performance goals for the annual and long-term incentive components of the fiscal year 2010 compensation program. Based on the input of those officers, the Compensation Committee approved the level of attainment and the payouts based on that level of attainment.

Table of Contents

The Compensation Committee also determines the form in which the compensation will be paid *e.g.*, cash or equity and determines the form of equity, including stock options, stock appreciation rights, restricted stock, restricted stock units or performance shares. In each year since fiscal year 2006, the Compensation Committee has approved a compensation program that the Compensation Committee believes (1) incorporates a well-balanced mix of short-term and long-term incentives and cash and non-cash components; (2) links pay to the achievement of goals that are tied to our operational performance; and (3) helps achieve the objectives with respect to compensation that are described elsewhere in this Compensation Discussion and Analysis section. As detailed below, this compensation program was also followed in fiscal year 2010.

The Role of the Compensation Consultant

During fiscal year 2010, the Compensation Committee engaged Towers Watson as its independent executive compensation consultant. Towers Watson provided the Compensation Committee with the following services:

- advised with respect to the design, form, components and amounts of compensation for executive officers;
- advised on the appropriate composition of the Company's peer group;
- advised with respect to compensation arrangements for new executive hires and terminating executives;
- reviewed the Company's current compensation programs and determined whether such compensation programs were competitive and well balanced;
- reviewed market trends, regulatory issues and developments and their potential effect on executive compensation programs;
- consulted with the Compensation Committee on appropriate performance metrics for the annual performance cash incentive and long-term incentive program; and
- advised on proxy disclosure rule changes related to compensation policies and programs.

The process in which the Compensation Committee engages Towers Watson to perform work is set forth in a formal agreement containing a description of the scope of Towers Watson's services. The Compensation Committee engaged Towers Watson based on their experience, expertise and familiarity with the Company. A representative of Towers Watson often attends sessions of the Compensation Committee that deal with executive compensation matters.

Peer Group

The Compensation Committee, with the assistance of Towers Watson, conducted a competitive compensation review for the Company's executive leadership team. Towers Watson presented the Compensation Committee with a competitive market range of compensation for our Named Executive Officers based on compensation data as set forth in the proxy statement disclosures of our peer group (identified below) and Towers Watson's compensation survey-based data for the computer, hardware, software and services industry. Towers Watson used the following selection criteria for recommending the fiscal year 2010 peer group for purposes of benchmarking compensation: (1) U.S.-based publicly traded companies with annual revenues between \$1 billion and \$6 billion; and (2) companies that report the majority of their revenues using software and technology services industry classifications. The resulting peer group consisted of the following companies:

Axiom Corporation
Adobe Systems Incorporated
Autodesk, Inc.
BMC Software, Inc.

Cadence Design Systems, Inc.
Citrix Systems, Inc.
Compuware Corporation
Intuit, Inc.

McAfee, Inc.
Novell, Inc.
Symantec Corporation
VeriSign, Inc.

Table of Contents

The fiscal 2010 peer group was unchanged from the fiscal 2009 peer group.

The purpose of comparing the Company's executive compensation program with peer group proxy data was to inform the Compensation Committee of competitive compensation practices. In addition, the Compensation Committee reviewed survey-based data for the computer hardware, software and services industry to provide a secondary data point for the Compensation Committee when considering market data. Towers Watson used the following selection criteria for determining the companies in the survey: (1) companies that participated in the Towers Watson (at the time Towers Perrin) 2008 general Industry Executive Compensation Survey; and (2) U.S.-based publicly traded companies that have annual revenues between \$1 billion and \$20 billion; and (3) companies that report the majority of their revenues using computer hardware, software and services industry classifications.

The Compensation Committee also considered the Company's performance and individual contribution, experience and potential when comparing compensation data. The Compensation Committee considered this data in establishing target total direct compensation opportunities for our Named Executive Officers and executive leadership team, which is targeted to be within the 50th to 75th percentiles of compensation of executives in the selected peer group. After taking these factors into account, the Compensation Committee exercised its judgment in making compensation decisions. We believe that this approach gives the Compensation Committee the information necessary to make compensation decisions based upon all of the relevant facts and circumstances.

Risk Considerations Relating to Compensation

The Company's Chief Risk Officer and its EVP-HR presented the Compensation Committee with an analysis of the risks involved in the design and implementation of all of the Company's significant incentive compensation programs, including all of the executive compensation plans that cover our Named Executive Officers. Based on that presentation, the Compensation Committee concurred with management's assessment that our incentive compensation programs should not give rise to risks that are reasonably likely to have a material adverse effect on the Company. Some factors considered in this analysis were the following:

The long-term equity awards granted to our executives are subject to long-term performance goals that are linked to the Company's long-term strategy and have long-term performance cycles or vesting schedules, which links the compensation to long-term stock price performance and to the long-term interests of the Company's stockholders.

The Company's clawback policy gives the Compensation Committee the ability under certain circumstances to recover executive compensation awards when an executive engages in intentional misconduct or fraud that results in a substantial restatement of the Company's financial statements.

The Compensation Committee has discretion to decrease the amount of any incentive compensation payouts (negative discretion) when determining final payouts of awards, which gives the Compensation Committee the ability to avoid rewarding executives for excessive or inappropriate risk-taking.

Determination of Fiscal Year 2010 Compensation

Elements of Compensation

Our executives' aggregate compensation includes base salary, annual performance cash incentive, long-term equity incentive compensation, broad-based employee benefit programs and limited perquisites. The Compensation Committee approved aggregate compensation at the beginning of fiscal year 2010 that was generally targeted to be competitive among compensation of a selected peer group of companies in the computer software and technology

services industry, assuming

Table of Contents

predetermined performance objectives were attained at the target level. See Processes and Procedures for Determining Executive Compensation Peer Group, above.

For fiscal year 2010, our long-term incentive plan (LTIP) compensation included: (1) a fiscal year 2010 one-year performance share award for a performance cycle that commenced on April 1, 2009 and ended on March 31, 2010, and which is subject to a three-year prorated vesting schedule; and (2) a three-year performance share award for a performance cycle that commenced on April 1, 2009 and ends March 31, 2012.

The following table briefly summarizes the elements of compensation for our executive officers, which are described in greater detail elsewhere in this Compensation Discussion and Analysis section.

Compensation Element	Description	Purpose	Other Features
Base Salary	Generally, base salary is the smallest element of each executive's total target direct compensation opportunity (<i>i.e.</i> , base salary, target annual performance cash incentive, one-year performance share target value and three-year performance share target value).	To provide a competitive base level of fixed cash compensation, which reflects the executive's position, responsibilities, skills, contributions and potential in order to attract, retain and motivate superior key executive talent.	Base salaries are reviewed annually and determined based on (i) the responsibilities of the position; (ii) the experience, performance and potential of the executive; and (iii) periodic reference to the competitive marketplace, as described above.
Annual Performance Cash Incentive	The annual performance cash incentive generally represents approximately 20% of the Named Executive Officers' total target direct compensation opportunity.	To reward performance on key strategic, operational and financial goals over the course of a year, as part of focus on both short-term and long-term performance goals serving as the foundation for superior longer-term performance.	The annual performance cash incentive is awarded to executives upon achieving annual financial, strategic and operational performance objectives. The Compensation Committee retains negative discretion to reduce annual performance cash incentive payouts for any reason.

Performance-Based Compensation Annual and Long-Term Incentives***Annual Performance Cash Incentive***

Early in fiscal year 2010, the Compensation Committee approved performance metrics for executive officers, including the Named Executive Officers, which were based on the Company's annual financial, operational and strategic objectives for fiscal year 2010. The annual cash performance metrics for fiscal year 2010 were:

Operating Income: Defined as income from continuing operations before interest and income taxes as reported in Item 8, Financial Statements and Supplementary Data, of the Company's Form 10-K for fiscal year 2010, plus non-GAAP operating adjustments, including purchased software amortization, intangibles amortization, acquired in-process research and development, and hedging gains, net, as reported in the Reconciliation of GAAP Results to Non-GAAP Net Income table of the Company's fourth quarter fiscal year 2010 financial results press release.

Revenue in Constant Currency: Defined as growth in total revenue as reported in Item 8, Financial Statements and Supplementary Data, of the Company's 10-K for fiscal year 2010 excluding the impact of foreign currency exchange on total revenue as reported in Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations section of the Company's Form 10-K for fiscal year 2010.

Generally, under the terms of the annual performance cash incentive award, if an executive's employment terminates prior to the end of the fiscal year, the executive ceases to be eligible for any portion of the award. However certain executive contracts may contain terms that provide for an executive to be paid all or a prorated portion of the executive's annual performance cash incentive bonus at the end of the fiscal year, based on the Company's actual performance. For further information please see Other Compensation Arrangements Provided to Our Named

Executive Officers.

The Compensation Committee retains negative discretion to reduce any annual performance cash incentive payout for any reason, including the results of the Compensation Committee's review

Table of Contents

of the basis on which the performance goals were achieved. This review includes an examination of, among other things, the quality and long-term strategic alignment of the performance underlying the attainment of the performance goals, as well as the long-term risks associated with the manner in which the performance goals were attained. For further discussion, please see Other Important Compensation Policies Affecting Named Executive Officers.

Executive compensation is also tied to the ethical standards of the Company. A failure to complete annual ethics training results in a mandatory 10% reduction of an executive's annual performance cash incentive. In determining whether to exercise its discretion to reduce payouts on the basis of issues relating to ethical standards, the Compensation Committee considers each executive's contribution to the establishment and maintenance of high ethical and compliance standards throughout his or her organization and, in general, throughout the Company. The Company's Ethics Committee also notifies the Compensation Committee whether there were any incidents or reports of unethical behavior or other misconduct. No reductions were made to any Named Executive Officer's annual performance cash incentive for ethical or other reasons with respect to payouts made for fiscal year 2010.

In May 2010, the Compensation Committee approved the payment of the fiscal year 2010 annual performance cash incentive based on the achievement of the previously established targets. The annual performance cash incentive amounts paid to the Named Executive Officers are reflected in the Non-Equity Incentive Plan Compensation column of the Fiscal Year 2010 Summary Compensation Table, below, and in the Performance Targets and Actual Results for Fiscal Year 2010 table, below.

Additional details about the fiscal year 2010 annual performance cash incentives, including results and payouts, are provided in the Performance Targets and Actual Results for Fiscal Year 2010 table, below.

Long-Term Incentive Plan

The Compensation Committee approves the aggregate target amounts of the LTIP awards, their respective apportionment between the components of the program, the applicable performance metrics and the applicable performance targets. The components of the LTIP compensation opportunities awarded in fiscal year 2010 were one-year performance shares and three-year performance shares.

One-Year Performance Shares

Represented the opportunity to earn shares of Common Stock that vest 34% at issuance and 33% on each of the first two anniversaries of the issuance date.

Granted at the beginning of the fiscal year 2010 performance cycle.

Settled by issuance of restricted shares at the end of fiscal year 2010 (after the Compensation Committee considered the results for the fiscal year 2010 performance cycle) based on the achievement of one-year performance goals.

Intended to promote retention and align the interests of our executives with the long-term performance of our stock price and the interests of our stockholders as approximately two-thirds of the award vests over the two-year period following completion of the performance cycle, during which the executive must remain employed by the Company.

Intended to reward growth in fiscal year 2010 revenue, operating income and cash flow from operations, recognizing the importance of annual operating performance to our business.

The threshold, target, maximum and actual payout factors for fiscal year 2010 one-year performance shares are shown in the Relationship of Actual Performance to Payouts for Performance-Based Compensation for Performance Cycles Ending in Fiscal Year 2010 table. The

Table of Contents

actual number of shares issued under this award is shown in the Performance Targets and Actual Results for Fiscal Year 2010 table.

Under the LTIP program, the issuance of stock at the conclusion of the one-year performance cycle from April 1, 2009 to March 31, 2010 was dependent on the achievement of specified performance targets set early in fiscal year 2010 by the Compensation Committee. The LTIP performance metrics for fiscal year 2010 were:

Operating Income: As defined above under Annual Performance Cash Incentive, above.

Revenue in Constant Currency: As defined above under Annual Performance Cash Incentive, above.

Adjusted Cash Flow From Operations (CFFO): Defined as Net Cash Provided by Continuing Operating Activities as reported in Item 8, Financial Statements and Supplementary Data, of the Company's Form 10-K for fiscal year 2010, plus Restructuring and Other Payments for fiscal year 2010, as reported within the Company's fourth quarter of fiscal year 2010 Supplemental Financial Information Package.

Three-Year Performance Shares

Represent the opportunity to earn shares of Common Stock.

Granted at the beginning of the three-year performance cycle consisting of fiscal years 2010, 2011 and 2012.

To be settled by issuance of shares of Common Stock (after the Compensation Committee considers the results for the fiscal year 2010-2012 performance cycle).

Intended to reward growth in cash flow from operations, operating income, and revenue over the performance cycle.

The three-year performance shares are granted exclusively to our executive leadership team which includes our Named Executive Officers, because the Compensation Committee believes that members of the executive leadership team are principally responsible for determining and executing the Company's long-term strategy.

The number of three-year performance shares that the Named Executive Officers may earn for the fiscal year 2010-2012 performance cycle are reflected in the Estimated Future Payouts under Equity Incentive Plan Awards column of the Fiscal Year 2010 Grants of Plan-Based Awards table. The number of three-year performance shares that the Named Executive Officers actually earned for the fiscal year 2008-2010 performance cycle are reflected in the Base Salary Plus Performance-Based Compensation Earned for Performance Cycles Ending March 31, 2010 table, below, which also identifies the range of shares that could have been earned as well as the achievement of specified performance goals for that performance cycle.

The performance metrics for the fiscal year 2008-2010 three-year performance cycle, which concluded on March 31, 2010, approved by the Compensation Committee, were the following:

Average Three-Year Revenue: Defined as average three-year total growth in Revenue in Constant Currency (as defined above under Annual Performance Cash Incentive), expressed as a percentage, as reported in the Company's Form 10-K for fiscal year, 2010.

Average Three-Year Adjusted CFFO: Defined as average annual growth rate for Adjusted CFFO (as defined above) for fiscal years 2008, 2009 and 2010.

Effect of Termination of Employment. If an executive's employment terminates prior to the end of the applicable LTIP performance cycle, the executive generally ceases to be eligible for any portion of the award. However certain executive contracts may contain terms that provide for an executive to be paid a prorated portion of his or her annual performance cash incentive bonus at the end of the

Table of Contents

fiscal year, based on the Company's actual performance. For further information please see *Other Compensation Arrangements Provided to Our Named Executive Officers*. Also, if employment is terminated due to disability or by the Company without cause, an executive may be eligible for a prorated portion of the award after the performance cycle, in accordance with the terms of the program. All determinations are at the Compensation Committee's discretion. Also, in the event of the executive's death, the executive's estate would receive a prorated portion of the target award (based on the portion of the period completed through the date of death).

Negative Discretion. The Compensation Committee retains negative discretion to reduce any LTIP payout for any reason, including the results of the Compensation Committee's review of the basis on which the performance goals were achieved. This review includes an examination of, among other things, the quality and long-term strategic alignment of the performance underlying the attainment of the performance goals, as well as the long-term risks associated with the manner in which the performance goals were attained. For further discussion please see *Other Important Compensation Policies Affecting Named Executive Officers*.

Supplemental Tables to Illustrate Fiscal Year 2010 Compensation

In effort to illustrate to our stockholders what the performance targets are for our Named Executive Officers and the actual results for compensation payable during fiscal year 2010, as well as how the Compensation Committee views the relationship of performance to executive compensation, we have provided three additional tables in the Compensation Discussion and Analysis portion of this Proxy Statement.

The first table shows the Compensation Committee's targeted value for base salary, annual performance cash incentive and one-year performance shares for each Named Executive Officer for fiscal year 2010, as well as the value actually earned based on fiscal year 2010 performance. The table also shows the targeted compensation opportunity value for fiscal 2010-2012 three-year performance shares for each Named Executive Officer. In addition, the table illustrates the targeted percentage of total direct compensation represented by each of these components. The table does not show the actual value earned for the fiscal 2010-2012 three-year performance shares, since it will not be earned until after the end of the three-year performance cycle in fiscal year 2012. For more information, including projected performance with respect to the fiscal 2010-2012 three-year performance shares, see *Performance-Based Compensation - Annual and Long-Term Incentives* below.

- (6) The actual value of the fiscal year 2010-2012 three-year performance share awards is not shown because it cannot be determined until the conclusion of the fiscal year 2010-2012 three-year performance cycle on March 31, 2012.

- (8) Target Allocation represents the percentage of each component of the Named Executive Officer's total direct compensation (*i.e.*, base salary, target annual performance cash incentive, one-year performance share target value and three-year performance share target value) that the Compensation Committee targeted to deliver to the Named Executive Officer at the beginning of fiscal year 2010.
- (9) Payout Factor is the percentage of target actually earned by each Named Executive Officer based on performance cycles that concluded in fiscal year 2010.
- (10) For a description of the components of Mr. McCracken's fiscal year 2010 base salary, see Fiscal Year 2010 Summary Compensation Table, below. Pursuant to the terms of Mr. McCracken's employment agreement, with respect to fiscal year 2010, Mr. McCracken was eligible to receive a target annual performance cash incentive of \$1,250,000, which was prorated to reflect his service as Chief Executive Officer from January 28 to March 31, 2010, based on the Company's actual performance.
- (11) Mr. Swainson retired as CEO on December 31, 2009 and his employment terminated on March 15, 2010. Pursuant to the terms of Mr. Swainson's employment agreement, he received a portion of his annual performance cash incentive for the year in which his termination as CEO occurred, prorated for the portion of the fiscal year during which he served as CEO, based on the Company's actual performance. See Other Compensation Arrangements Provided to our Named Executive Officers' Employment Agreements, below.
- (12) Mr. Christenson's employment with the Company terminated on May 31, 2010.

Table of Contents

The second table in this Compensation Discussion and Analysis reflects the relationship of (i) actual performance against the Company's performance goals to (ii) payouts for the annual performance cash incentive and LTIP awards, including the one-year performance shares for fiscal year 2010 and the three-year performance shares for fiscal years 2008-2010. For each of these components of the LTIP awards, total payouts are based on a weighted average of each performance metric (each component of the LTIP has performance metrics as indicated in the table below). The fiscal year 2010 one-year performance cycle measures for each metric range from threshold (the minimum level at which an executive may earn the relevant portion of the award) to maximum (150% of the targeted value of the relevant portion of the award, as shown below). The fiscal year 2008-2010 three-year performance cycle measures for each metric range from threshold (the minimum level at which an executive may earn the relevant portion of the award) to maximum (200% of the targeted value of the relevant portion of the award, as shown below). These measurements are weighted and averaged to produce a Total Payout Factor, which is shown in the following table. The Total Payout Factor is multiplied by each executive's target award value (in dollars or number of shares) to produce the executive's final award. For more information, see the Base Salary Plus Performance-Based Compensation Earned for Performance Cycles Ending March 31, 2010 table, below.

- (3) Defined as Net Cash Provided by Continuing Operating Activities as reported in Item 8, Financial Statements and Supplementary Data, of the Company's Form 10-K for the fiscal year 2010, plus Restructuring and Other Payments for fiscal year 2010, as reported within the Company's fourth quarter of fiscal year 2010 Supplemental Financial Information Package. See Supplemental Financial Information, below.

Because the performance cycle for fiscal year 2010-2012 three-year performance share awards ends with fiscal year 2012, the results for that performance cycle are not yet available and no payout will occur until after fiscal year 2012. The financial objectives for the fiscal year 2010-2012 three-year performance cycle reflected our internal, confidential business plan at the time the awards were established. The Company believes that the disclosure of these objectives and targets could result in competitive harm, particularly since disclosure may provide insight to our competitors about our capital allocation strategy and cash flow and income growth objectives. At the time the fiscal year 2010-2012 three-year performance objectives were formulated, there was a substantial degree of difficulty with respect to achieving those objectives, since the threshold payout level would require performance above the level of our results for the fiscal year that ended immediately prior to the beginning of the three-year performance cycle.

The third table in this Compensation and Discussion Analysis summarizes total base salary plus performance-based compensation earned by each Named Executive Officer for performance cycles ending in fiscal year 2010, as determined by the Compensation Committee. This table also includes the market value of shares earned for performance in fiscal year 2010, including the three-year performance shares for the fiscal year 2008-2010 performance cycle. This table is a meaningful representation of the LTIP compensation earned and the manner in which the Compensation Committee determines compensation opportunities. A significant portion of this compensation

continues to be at risk because it is paid in shares of our Common Stock, which remain subject to vesting or is subject to our stock ownership requirements.

agreement, with respect to fiscal year 2010, Mr. McCracken was eligible to receive a target annual performance cash incentive of \$1,250,000, which was prorated to reflect his service as Chief Executive Officer from January 28 to March 31, 2010, based on the Company's actual performance.

Other Important Compensation Policies Affecting Named Executive Officers

Negative Discretion of the Compensation Committee

The Compensation Committee retains discretion to reduce the amount of any incentive compensation payout (including annual performance cash incentive and LTIP) for any reason, including the results of the Compensation Committee's review of the basis on which the performance goals were achieved. This review includes an examination of, among other things, the quality and long-term strategic alignment of the performance underlying the attainment of the performance goals, as well as the long-term risks associated with the manner in which the performance goals were attained. For example, the Compensation Committee did not pay any fiscal year 2006 annual performance cash incentive to the CEO and many other senior executives due to the Company's overall performance in that fiscal year, notwithstanding formulaic outcomes of performance goals.

Policy on Adjustments or Recovery of Compensation

In April 2007, the Compensation Committee approved a compensation recovery policy that is applicable in the event of a substantial restatement of our financial statements that is a direct result of the intentional misconduct or fraud of an executive officer or other senior executive. Under this policy, the Compensation Committee can, in its discretion, direct that we recover all or a portion of any award (which includes any cash or equity based bonus or incentive compensation award) made to any executive officer or other senior executive who engaged in such intentional misconduct and/or fraud for any fiscal year that is negatively affected by such restatement. The amount the Compensation Committee can seek to recover is the amount by which the affected award exceeds the amounts that would have been payable to such person had the financial statements been initially filed as restated, or any greater or lesser amount (but not greater than the entire affected awards in the given period). The Compensation Committee will determine how we may recover this compensation, including by seeking repayment, reduction of any potential future payments and/or an adjustment of what otherwise might have been a future increase in compensation or a compensatory grant.

Tax Deductibility of Incentive Compensation

Section 162(m) of the Internal Revenue Code limits the deductibility of compensation in excess of \$1 million paid to the CEO and to the other three highest-paid executive officers (other than the Chief Financial Officer) unless this compensation qualifies as performance-based. For purposes of Section 162(m), compensation derived from the exercise of stock options generally qualifies as performance-based. In addition, we generally intend that incentive compensation paid in cash or in the form of restricted stock or restricted stock units or performance shares qualifies as performance-based and we believe that, for fiscal year 2010, incentive compensation paid to the Named Executive Officers in cash and equity qualified as performance-based. However, the Compensation Committee retains discretion to approve or revise annual, long-term or other compensation arrangements in a manner that does not permit the compensation to qualify for tax deductibility under Section 162(m).

Executive Stock Ownership Requirements

The objective of our Executive Stock Ownership Requirements is to align certain executives' interests with those of stockholders and encourage growth in stockholder value. In 2006, the Compensation Committee adopted Executive Stock Ownership Guidelines, which are applicable to executives including the Named Executive Officers. In order to

maintain a strong alignment between

Table of Contents

the interests of management and stockholders of the Company, effective as of July 28, 2009, the Company amended its Executive Stock Ownership Guidelines to incorporate a minimum retention ratio requirement. The Compensation Committee believes that the minimum retention ratio requirement strongly reinforces our executive compensation philosophy by aligning the interests of executives with stockholder value.

Under the Executive Stock Ownership Requirements, the amount of Common Stock each executive is targeted to own, which is stated as a multiple of the executive's base salary, reflects each executive's role and level of responsibility at the Company. The multiples applicable to the Named Executive Officers are as follows: (i) CEO four times, (ii) the President and Chief Operating Officer and the Chief Financial Officer three times and (iii) the other Named Executive Officers two times. A Named Executive Officer who equals or exceeds the applicable stock ownership requirement may dispose of shares of Company stock only so long as such Named Executive Officer's remaining ownership of Company stock equals or exceeds the applicable stock ownership requirement. However, if a Named Executive Officer is not in compliance with the applicable stock ownership requirement, the Named Executive Officer must maintain a minimum retention ratio of 75% of the after tax value of any Company stock that the Named Executive Officer receives upon vesting of any Company incentive award. Additionally, the Compensation Committee may, among other things, elect to reduce future equity awards or require cash incentives to be paid in shares of Company stock for executives who do not meet the minimum stock ownership requirement.

Other Important Compensation Matters

Three of the Named Executive Officers Mr. McCracken and Mss. Cooper and Fliegelman Olli have employment agreements with the Company. In each of these cases, the use of employment agreements was deemed to be necessary to recruit or retain the executive. Generally, these employment agreements provide for severance upon a termination of employment without cause or a resignation for good reason (as defined in the agreements) equal to one times base salary, although this can vary depending on specific circumstances.

The Company also maintains an Executive Deferred Compensation Plan, under which our executive officers may be eligible to defer a portion of their annual performance cash incentive. In addition, at the time of the hiring of Mr. Swainson and Ms. Cooper, the Company credited certain amounts to deferred compensation accounts for the benefit of these executives to make up for retirement and other benefits that were being forfeited with their prior employers.

Our Change in Control Severance Policy is intended to maintain continuity of management in the event of a change in control. The Board has broad latitude to amend this policy and to add or remove executives as participants under the policy, as it deems appropriate.

During fiscal year 2010, the Company entered into retention agreements with Messrs. Bryant and Christenson and Mss. Cooper and Fliegelman Olli. The purpose of these agreements was to retain these members of management during the transition from the former CEO, the search for a new CEO and the initial period of employment of a new CEO by providing those executives with the opportunity to earn cash payments generally equivalent to a year's base salary should the executives remain employed through certain milestone dates. The executives will not receive the retention payment if their employment is terminated for any reason other than termination without cause or resignation for good reason or, in some instances, non-renewal of their employment agreement prior to the milestone date. If the executive is terminated prior to the milestone date, the executive is required to sign a release of claims against the Company in order to receive the retention payment.

Details about the compensation arrangements discussed in this section are provided below under Other Compensation Arrangements Provided to Our Named Executive Officers.

These annual performance cash incentive amounts were paid early in fiscal years 2011,

2010 and 2009 for performance in fiscal years 2010, 2009 and 2008, respectively. We also accrued these amounts for financial reporting purposes in fiscal years 2010, 2009 and 2008, respectively. The receipt of these awards may be partially deferred at the election of the recipient under our Executive Deferred Compensation Plan. Pursuant to the terms of his employment agreement, Mr. McCracken was paid a prorated portion of his annual performance cash incentive based on actual attainment of the Company's performance goals.

(a) In order to help maintain the confidentiality of business matters and to increase productivity when traveling, certain Named Executive Officers had personal use of Company provided automobile transportation in fiscal year 2010 or reimbursement for personal automobile transportation. The amounts reflected in the table represent the incremental cost related to the executives' personal use.

(b) Mr. McCracken and Mr. Swainson used the Company's corporate aircraft for personal travel in fiscal year 2010 in accordance with our Aircraft Use Policy. The Policy required Mr. McCracken and Mr. Swainson to use the corporate aircraft for personal travel for security reasons and permits other executives to use corporate aircraft for personal purposes. We determined that the value of such use for Mr. McCracken, based on the incremental cost to the Company, was \$15,510, plus additional charges for family members of \$10,917, for a total value of \$26,427. We determined that the value of such use for Mr. Swainson, based on

the incremental cost to the Company, was \$35,465, plus additional charges for family members of \$71,124, for a total value of \$106,589. We determined the value of such use for Ms. Fliegelman Olli, based on the incremental cost to the Company, was \$26,340, plus additional charges for family members of \$280. With respect to Messrs. Christenson and Bryant, the amounts above represent the cost for family members use of the corporate aircraft, which was \$7,112 and \$751, respectively. The incremental cost is based on the direct operating cost as calculated by a third party provider, based on a number of variables, including fuel, fuel additives, maintenance, labor, parts and landing and parking fees. Although we believe there is no incremental cost for use by family members who travel with an executive, for purposes of this table, we assume and reflect charges comparable to first-class airfare (or in the case of helicopter use, charter fares) for family members. This incremental cost valuation of aircraft use is different from the standard industry fare level (SIFL) valuation used to impute income to the executives for tax purposes.

- (c) The Company reimbursed Mr. Swainson for the tax effect of the amount imputed as income to him (which differs from the incremental cost) until December 31, 2009. At the regular

meeting of the Compensation Committee held on July 28, 2009, the Committee reviewed the personal use of corporate aircraft by Mr. Swainson and his family. Mr. Swainson agreed to waive the tax reimbursement of the effect of the income imputed to him for future personal use of corporate aircraft by him and his family and the Compensation Committee agreed that the Company would no longer reimburse Mr. Swainson for that tax effect commencing with personal use on and after January 1, 2010, the start of the 2010 tax year.

- (d) Reflects the amount the Company paid in fiscal year 2010 for corporate housing. The Company defrays corporate housing expense in lieu of relocation of the executive to the vicinity of the Company's corporate headquarters.
 - (e) Effective January 1, 2010, the Company offers financial planning services from a third party to certain executives of the Company to assist executives in managing complex investment, tax, legal and estate planning matters so the executives remain focused on business priorities rather than personal financial concerns.
 - (f) The amount reflects Company matching contributions under our tax-qualified 401(k) retirement plan and related nonqualified supplemental retirement plans. The amount also reflects the Company's annual discretionary contribution under the tax-qualified 401(k) plan, which was made in fiscal year 2011, but relates to fiscal year 2010. The Company offers a tax-qualified 401(k) plan, related non-qualified supplemental plans and a non-qualified deferred compensation plan for our executives to promote retention of key executives by providing a competitive long-term retirement savings opportunity on a tax-efficient basis.
 - (g) The amount shown for Mr. Swainson represents the Company's matching contributions made in fiscal year 2010 with respect to charitable contributions made by Mr. Swainson. Under our charitable gift matching program for U.S. employees, we match up to \$5,000 of contributions for each employee per calendar year. The amount shown for Mr. McCracken represents the Company's matching contributions of \$10,200 made in fiscal year 2010 with respect to charitable contributions made by Mr. McCracken in his capacity as a non-employee director. For a description of our matching gift program for non-employee directors, please refer to Compensation of Directors. above.

Under the 2003 Directors Plan, Mr. McCracken elected to receive his director fees 50% in cash (\$72,917) and 50% in deferred stock units (\$72,917). These shares actually vested early in fiscal year 2011, when the Compensation Committee certified the attainment of the performance goals for those performance cycles.
- (2) In fiscal year 2010, the Value Realized on Vesting for the performance share awards described in footnote (1) above was calculated using \$23.47, the closing market price of the Common Stock on March 31, 2010. For the fiscal year 2010 one-year performance shares, shares of Common Stock were issued in settlement on May 11, 2010 to the Named Executive Officers, in the following numbers of shares and market values, based on \$21.47, the closing market price of the Common Stock on the date of issuance: Mr. Bryant 55,029/\$1,181,473; Ms. Cooper 26,729/\$573,872; Ms. Fliegelman Olli 17,374/\$373,020; Mr. Swainson 103,652/\$2,225,408; and Mr. Christenson 33,411/\$717,334. For the fiscal year 2008-2010 three-year performance shares, whose performance cycle concluded on March 31, 2010, unrestricted shares of Common Stock were issued in settlement on May 11, 2010 to the Named Executive Officers in the following numbers of shares and market values, based on the closing market price of the Common Stock \$21.47 on the date of issuance: Mr. Bryant 39,016/\$837,674; Ms. Cooper 29,652/\$636,628; Ms. Fliegelman Olli 20,288/\$435,583; Mr. Swainson 71,625/\$1,537,789; and Mr. Christenson 31,213/\$670,143.

Table of Contents**Fiscal Year 2010 Non-Qualified Deferred Compensation**

The following table summarizes our Named Executive Officers' compensation under our Executive Deferred Compensation Plan, including our supplemental 401(k) plan and the executive deferred compensation arrangements.

In addition to the deferred compensation arrangements for Mr. Swainson and Ms. Cooper described in the table below and in the next section under Deferred Compensation Arrangements, we maintain a voluntary Executive Deferred Compensation Plan for certain key employees, including the Named Executive Officers. Executives are entitled to defer up to 90% of their annual performance cash incentive. Once income is deferred, participants in the plan have the opportunity to index deferred amounts (on a notional basis) to various investment vehicles available under our 401(k) plan.

- (1) This contribution reflects the 25% deferral that Mr. Swainson elected in respect of his fiscal year 2010 annual performance cash incentive, which was credited to his account when the annual performance cash incentive was paid in fiscal year 2011. This contribution was a part of Mr. Swainson's 2010 annual performance cash incentive as reported in the Non-Equity Incentive Compensation Plan column of the Fiscal Year 2010 Summary Compensation Table for fiscal year 2010. A further description of Mr. Swainson's deferred compensation plan and related rabbi trust is provided under Other Compensation Arrangements Provided to Our Named Executive Officers' Deferred Compensation Arrangements, below.
- (2) As reflected and described above in footnote (4) of the Fiscal Year 2010 Summary Compensation Table, we made a discretionary contribution in fiscal year 2011 to our 401(k) Supplemental Plans in respect of fiscal year 2010 performance and, therefore, that contribution is reflected in the table above, including in the March 31, 2010 balance. In addition, we made discretionary contributions in respect of fiscal year 2010 to the 401(k) plan in

the following amounts: \$16,231 for Ms. Cooper; \$9,188 for Mr. Bryant; \$6,125 for Ms. Fliegelman Olli; \$15,874 for Mr. Swainson; and \$6,125 for Mr. Christenson. For additional information, please see Other Compensation Arrangements Provided to Our Named Executive Officers 401(k) Supplemental Plans, below.

- (3) Represents earnings during fiscal year 2010 under the individual deferred compensation account for Mr. Swainson, the Executive Deferred Compensation Plan, and the 401(k) Supplemental Plans. For additional information, please see Other Compensation Arrangements Provided to Our Named Executive Officers Deferred Compensation Arrangements and 401(k) Supplemental Plans, below.
- (4) With respect to Mr. Swainson and Ms. Cooper, the balance includes \$2,835,000 and \$500,000, respectively, which amounts were initially credited to their deferred compensation accounts pursuant to their employment agreements. Ms. Cooper's balance has decreased below this amount due to notional investment losses. These amounts were previously reported as All Other Compensation in our Summary Compensation Table for fiscal year 2008 (for Mr. Swainson) and fiscal year 2009 (for Ms. Cooper). For additional information, please see Other Compensation Arrangements Provided to Our Named Executive Officers, below.

Executive Deferred Compensation Plan. We offer to senior executives, including the Named Executive Officers, the Executive Deferred Compensation Plan, under which they may defer a portion of their annual performance cash incentive payouts. Compensation that is deferred is credited to a participant's account, which is indexed to one or more investment options chosen by the participant. The amount credited is adjusted for, among other things, hypothetical investment earnings, expenses and gains or losses to the investment options. The investment options generally track those options available to our U.S. employees under the tax-qualified 401(k) plan.

Under the Executive Deferred Compensation Plan, a participant receives a lump sum distribution of the value of his or her deferral account after the earliest of death, disability, six months after separation from service, a termination in connection with a change in control (as each term is defined in the plan document) or a date specified by the participant (generally 5, 10 or 15 years following the deferral).

Deferred Compensation Plan for John Swainson. On April 29, 2005, we entered into a deferred compensation plan and related rabbi trust for the benefit of Mr. Swainson. The plan and trust fulfill our obligation under Mr. Swainson's employment agreement entered into on November 22, 2004, to provide him with the present value of certain benefits he would have received had he remained employed with his prior employer plus interest on such amount since the execution of Mr. Swainson's employment agreement, which totaled \$2,835,000. Mr. Swainson had an initial deferred compensation account balance of \$2,835,000 and is entitled to allocate his account balance notionally among various investment options (generally those options available to our U.S. employees under the tax-qualified 401(k) plan) for the purpose of determining the value of his account. The plan provides for Mr. Swainson to receive in cash the lump sum value of his deferred compensation balance upon the earliest of his death, six months after his separation from service or a change in control (as each term is defined in the plan document). The trust is in the form of a so-called rabbi trust whose assets are subject to the claims of our creditors. Mr. Swainson retired as CEO from the Company on December 31, 2009; therefore, the balance of his deferred compensation plan account will be distributed in accordance with his distribution elections.

401(k) Supplemental Plans

The CA, Inc. Restoration Plan and the CA, Inc. Excess Benefit Plan (the 401(k) Supplemental Plans) are unfunded plans that were created for the purpose of benefiting participants in the CA Savings Harvest Plan, our tax-qualified 401(k) plan, who are unable to receive a full allocation of employer contributions due to limitations imposed under the applicable tax rules. Pursuant to each of these plans, we set up an account that is credited with an amount, if any, that would have been credited to the participant's 401(k) plan account absent those tax limitations. In addition, we credited these accounts with an interest-equivalent amount equal to the interest that would have been earned if the accounts had been invested in the money market fund investment alternative under our tax-qualified 401(k) plan. The amounts credited to the accounts under the 401(k) Supplemental Plan vest in accordance with the same schedule that employer contributions vest under the tax-qualified 401(k) plan, except that upon termination of the plan or a change in control of the Company, the accounts become fully vested. Following a termination of employment, the vested portion of the accounts are distributed in the form of a lump sum.

Employment Agreements

Below are summaries of the employment agreements for Mr. McCracken and Mss. Cooper and Fliegelman Olli. Mr. Bryant did not have employment agreement with the Company during fiscal year 2010, and the employment agreements for Messrs. Swainson and Christenson expired during fiscal year 2010.

Table of Contents

We also note that each of our employees, including the Named Executive Officers, has signed a confidentiality agreement that, among other things, generally prohibits the employees from competing and soliciting employees and customers from the Company for one year following a termination of employment.

Our employment agreements with our Named Executive Officers generally contain similar definitions for "good reason" and "cause." "Good reason" is generally defined as: (1) any material and adverse change in the Named Executive Officer's authorities and responsibilities; (2) any material reduction by the Company of the Named Executive Officer's base salary or target incentive compensation; or (3) any material breach by the Company of the Named Executive Officer's employment agreement. "Cause" is generally defined as: (1) willful failure to perform duties; (2) conduct that materially harms the reputation or financial position of the Company; (3) conviction of, or plea of guilty or *nolo contendere* to, a felony; or (4) the commission of any other crime involving dishonesty, breach of fiduciary duties, or failure to cooperate with the Company in any investigation, or impeding any investigation.

William E. McCracken (Chief Executive Officer)

Effective January 28, 2010, the Board of Directors elected William E. McCracken as the Chief Executive Officer of the Company.

On May 6, 2010, the Company entered into an Employment Agreement with Mr. McCracken. The employment agreement has an initial term that ends on March 31, 2012. Thereafter, on each anniversary of March 31, 2012, the agreement will automatically extend for one year unless either the Company or Mr. McCracken gives at least 90 days notice of non-extension.

Mr. McCracken's employment agreement provides for compensation approved annually by the Board of Directors, including an initial annual base salary of \$1,000,000. With respect to the fiscal year 2010, Mr. McCracken was eligible to receive a target annual cash bonus of \$1,250,000, which was prorated to reflect his service as Chief Executive Officer from January 28, 2010 through March 31, 2010. Details regarding those programs and payouts to Mr. McCracken are set forth above in the Compensation Discussion and Analysis, the Fiscal Year 2010 Summary Compensation Table and the Fiscal Year 2010 Grants of Plan-Based Awards table, above. With respect to fiscal year 2011, Mr. McCracken is eligible to receive: (1) a target annual cash bonus of \$1,500,000; and (2) a target long-term performance bonus of \$5,000,000.

In addition, under his employment agreement, Mr. McCracken was granted a sign-on bonus of \$1,300,000 intended to reflect a discretionary bonus for the portion of the fiscal year during which Mr. McCracken served as Interim Executive Chairman and to compensate him for increased personal living expenses he incurred during 2009 and expects to incur in his capacity as a full time employee of the Company.

Pursuant to his employment agreement, Mr. McCracken is eligible to participate in all employee benefit and welfare plans on a basis that is at least as favorable as other senior employees.

Mr. McCracken's employment agreement also provides that if Mr. McCracken's employment is terminated by the Company without "cause" or by Mr. McCracken for "good reason" (as those terms are defined in his employment agreement), he will receive: (1) his annual performance cash incentive for the year in which termination occurred, based on actual performance; (2) have accelerated vesting of any outstanding awards of stock options; and (3) if his termination occurs prior to March 31, 2012, salary continuation through March 31, 2012. In addition to the amounts above: (1) if Mr. McCracken is terminated prior to April 1, 2011, he will receive a one-time grant of 270,000 severance restricted stock units (RSUs) and an additional cash payment equal to his annual bonus for the year in which termination occurred, based on actual performance and (2) if he is terminated after March 31, 2011, but prior to April 1, 2012, he will receive a one-time grant of 91,000 severance RSUs. If the Company chooses not to extend

Mr. McCracken's employment agreement, he will: (1) receive his annual bonus

for the year in which he received notice of non-extension, based on actual performance; and (2) have accelerated vesting of any outstanding awards of stock options. If the Company elects not to extend Mr. McCracken's employment for the one-year period beginning April 1, 2012, he will also be granted a one-time grant of 91,000 severance RSUs.

The severance RSUs received in connection with a termination by the Company without cause or by Mr. McCracken for good reason, or in the case of non-extension of Mr. McCracken's agreement, each as described above, are to be awarded in recognition of the lost value of his long-term performance awards that will be forfeited as a result of his termination. These severance RSU awards will be fully vested at the time of grant, but will not be settled or transferable, until 34%, 33% and 33% of the underlying shares of the Company's Common Stock are delivered to him on the first, second and third anniversaries of his termination date, respectively. All other equity awards will be governed by the terms of the Company's equity and long-term performance programs.

Mr. McCracken is subject to standard non-compete and non-solicitation covenants during, and for the 12-month period following, his employment with us.

Mr. McCracken is also a participant in our Change in Control Severance Policy and is entitled to a lump-sum severance payment equal to 2.99 times his annual base salary and annual performance cash incentive target, and to certain other benefits, in the event of a termination without cause or resignation for good reason following a change in control of the Company (as those terms are defined in that policy).

We will also indemnify and hold Mr. McCracken harmless for acts and omissions in connection with Mr. McCracken's employment to the maximum extent permitted under applicable law.

Nancy E. Cooper (Executive Vice President and Chief Financial Officer)

Ms. Cooper entered into an amended and restated employment agreement with the Company on September 30, 2009, the initial term of which will expire on September 30, 2010. On each anniversary of that date, the agreement will automatically extend for one year unless either the Company or Ms. Cooper gives at least 90 days' notice of non-extension.

Ms. Cooper's employment agreement provides for: (1) an initial annual base salary of \$600,000; (2) an initial annual performance cash incentive target of \$600,000; and (3) an initial target LTIP award equal to \$2,000,000. Details regarding those programs and payouts to Ms. Cooper are set forth above in the Compensation Discussion and Analysis, the Fiscal Year 2010 Summary Compensation Table and the Fiscal Year 2010 Grants of Plan-Based Awards table, above.

Under the employment agreement, Ms. Cooper is eligible to participate in all retirement, welfare and benefit plans and perquisites generally made available to our other senior employees.

If Ms. Cooper resigns for good reason or is terminated by us without cause, (as generally defined above) other than on account of death or disability (as defined in her employment agreement), subject to her execution and delivery of a valid and effective release and waiver of claims against the Company, we will pay her a lump sum cash amount equal to her annual base salary and a prorated portion of her target amount under the annual performance cash incentive.

Additionally, Ms. Cooper is a participant in our Change in Control Severance Policy, and is entitled to a lump-sum severance payment equal to 2.99 times her annual base salary and annual performance cash incentive target and certain other benefits, in the event of a termination without cause or for good reason following a change in control of the Company (as those terms are defined in that policy).

Amy Fliegelman Olli (Executive Vice President and General Counsel)

Ms. Fliegelman Olli entered into an amended and restated employment agreement with the Company on September 30, 2009, the initial term of which will expire on September 30, 2010. On

Table of Contents

each anniversary of that date, the employment agreement will automatically extend for one year unless either the Company or Ms. Fliegelman Olli gives at least 90 days notice of non-extension.

Ms. Fliegelman Olli's employment agreement provides for: (1) an initial annual base salary of \$550,000; (2) an initial annual performance cash incentive target of \$550,000; and (3) an initial target LTIP award equal to \$1,300,000. Details regarding those programs and payouts to Ms. Fliegelman Olli are set forth above in the Compensation Discussion and Analysis, the Fiscal Year 2010 Summary Compensation Table and the Fiscal Year 2010 Grants of Plan-Based Awards table, above.

Under the employment agreement, Ms. Fliegelman Olli is eligible to participate in all retirement, welfare and benefit plans and perquisites generally made available to our other senior employees. Also, Ms. Fliegelman Olli is entitled to receive a \$5,000 per month stipend to assist with her transportation between our offices and her home in North Carolina in lieu of relocation.

If Ms. Fliegelman Olli resigns for good reason or is terminated by us without cause, (as generally defined above) other than on account of death or disability (as defined in her employment agreement), subject to her execution and delivery of a valid and effective release and waiver, we will pay her a lump sum cash amount equal to her annual base salary and a prorated portion of her target amount under the annual performance cash incentive.

Additionally, Ms. Fliegelman Olli is a participant in our Change in Control Severance Policy, and is entitled to a lump-sum severance payment equal to 2.00 times her annual base salary and annual performance cash incentive target and certain other benefits, in the event of a termination without cause or for good reason following a change in control of the Company (as those terms are defined in that policy).

John A. Swainson (Former Chief Executive Officer)

On September 1, 2009, Mr. Swainson notified the Company of his plan to retire as CEO effective on the earlier of December 31, 2009 or the appointment of a successor. At the time Mr. Swainson announced his retirement he agreed to assist in the transition to a new CEO. From January 1, 2010 through March 15, 2010, Mr. Swainson continued to perform services for the Company in the role of Distinguished Engineer.

In connection with Mr. Swainson's retirement from the Company, the Company entered into a Separation and Release Agreement to confirm the payments and benefits that Mr. Swainson was entitled to receive under his employment agreement upon his termination of employment with the Company. These payments and benefits, which were also in consideration for his execution and delivery of a valid and effective release and waiver of claims against the Company, consisted of (1) a lump-sum severance payment equivalent to two times annual base salary and target annual bonus; (2) a lump-sum payment equal to 18 months COBRA continuation coverage; and (3) accelerated vesting of his outstanding equity awards that would have vested, absent the termination of employment, during the 24-month period following termination. Mr. Swainson remains subject to standard non-compete and non-solicitation covenants for the 12-month period following his termination of employment.

The Compensation Committee prorated Mr. Swainson's one-year LTIP award for for the portion of fiscal year 2010 during which he served as CEO and approved special retirement vesting of the restricted shares granted under which he received 70% of the shares earned upon completion of the performance cycle. The remaining shares were forfeited on the date of Mr. Swainson's termination of employment.

Michael J. Christenson (Former President and Chief Operating Officer)

Mr. Christenson entered into an employment agreement with the Company on May 31, 2007, which was subsequently amended in February 2008, appointing Mr. Christenson President of the Company. The employment agreement was then amended and restated on December 29, 2009. The

Table of Contents

term of Mr. Christenson's employment agreement would have automatically renewed for a one year period on May 31, 2010 unless the Company provided 60 days advance notice of non-extension. On March 30, 2010, the Company informed Mr. Christenson of its intent not to extend the term of his contract beyond May 31, 2010. Mr. Christenson's employment with the Company terminated voluntarily on May 31, 2010.

Mr. Christenson's employment agreement provided for compensation approved annually by the Company, including (1) an initial annual base salary of \$800,000; (2) an initial annual performance cash incentive target equal to \$800,000; (3) an initial target LTIP award equal to \$2,000,000. For fiscal year 2010, Mr. Christenson's target annual performance cash incentive was \$800,000 and his target LTIP award was \$2,500,000. Details regarding those programs and payouts to Mr. Christenson are set forth in the Compensation Discussion and Analysis, the Fiscal Year 2010 Summary Compensation Table and the Fiscal Year 2010 Grants of Plan-Based Awards table, above.

Pursuant to his agreement, Mr. Christenson was also eligible to participate in all retirement, welfare and benefit plans and perquisites generally made available to other senior employees.

Pursuant to his agreement, if Mr. Christenson were to have resigned for good reason or were terminated by us other than for cause, (as generally defined above) other than on account of death or disability (as defined in the agreement), subject to Mr. Christenson's execution and delivery of a release and waiver, we would have been obligated to pay him a lump-sum payment equal to his base salary and a prorated portion of his target amount under the annual performance cash incentive.

Retention Agreements

During fiscal year 2010, the Company entered into retention agreements with Messrs. Bryant and Christenson and Mss. Cooper and Fliegelman Olli. The purpose of these agreements was to retain members of management during the transition from the former CEO, the search for a new CEO and the initial period of employment of a new CEO by providing those executives with the opportunity to earn cash payments generally equivalent to a year's base salary should the executives remained employed through certain milestone dates. The executives would not receive the retention payment if their employment terminated for any reason other than termination without cause or resignation for good reason or, in some instances, non-renewal of their employment agreement prior to the milestone date. If a participating executive is terminated prior to a milestone date, the executive is required to sign a release of claims against the Company in order to receive the retention payment.

Change in Control Severance Policy

We maintain a Change in Control Severance Policy, which was approved by the Board in October 2004. This policy covers such senior executives as the Board of Directors may designate from time to time, including the Named Executive Officers discussed below.

The Policy provides for certain payments and benefits in the event that, following a change in control or potential change in control of the Company, a covered executive's employment is terminated either without cause by the Company or for good reason by the executive. The amount of the severance payment would range from 1.00 to 2.99 times an executive's annual base salary and bonus (bonus is generally defined under the Policy as the higher of the target annual performance cash incentive for the fiscal year in which the termination occurs or the average annual performance cash incentives earned during the last three completed fiscal years of the Company immediately preceding the date of termination) as determined from time to time by the Board of Directors. Mr. McCracken and Ms. Cooper would be entitled to cash severance payments equal to 2.99 times their respective annual base salaries and bonuses and Mr. Bryant and Ms. Fliegelman Olli would be entitled to cash severance payments equal to 2.00 times their respective annual base salaries and bonuses, to be paid no later than 60 days following such termination of

employment.

Table of Contents

The Policy also provides the following additional benefits: (1) prorated target bonus payments for the year of termination; (2) a payment equal to the cost of 18 months continued healthcare coverage; (3) one year of outplacement services; (4) if applicable, certain relocation expenses; and (5) payments to make the executive whole with respect to excise taxes under Section 280G of the Internal Revenue Code (Section 280G). To the extent payment under the Policy would give rise to an excess parachute excise tax, the Policy provides that the payment will be reduced to an amount that would not give rise to an excise tax under Section 280G, provided that the reduction will not be more than 10%. If a reduction of greater than 10% would be required such that the payment would not give rise to an excise tax, no reduction will be required and we will gross up the executive to keep the executive whole.

Under the Policy, a change in control would include, among other things, each of the following events: (1) the acquisition of 35% or more of our voting power; (2) a change in a majority of the incumbent members of our Board of Directors; (3) the sale of all or substantially all our assets; (4) the consummation of certain mergers or other business combinations; and (5) stockholder approval of a plan of liquidation or dissolution.

Estimated Payments in the Event of Termination of Employment or Following a Change in Control

Upon certain types of terminations of employment not related to a change in control of the Company, the Company may pay severance benefits to the Named Executive Officers. With regard to Mr. McCracken and Mss. Cooper and Fliegelman Olli, severance in certain situations is provided in their employment agreements and special retention bonus agreements. Mr. Bryant s special retention bonus agreement also describes severance arrangements available to him in certain situations. See discussion under Other Compensation Arrangements Provided to Our Named Executive Officers, above.

Our Change in Control Severance Policy is intended to provide post change in control severance benefits consistent with current competitive practice. These benefits are intended: (1) to provide additional incentive to those key executives most closely connected to a potential change in control to remain focused on the Company s business priorities and to act more objectively and, therefore, in the best interests of stockholders, despite the fact that such a transaction could result in the executives termination; (2) to encourage key executives to remain with the Company prior to completion of a change in control and to work toward a successful transition; and (3) to provide potential additional non-competition and non-solicitation protection. In addition, pursuant to the equity incentive plans under which equity-based awards are granted such as options, restricted stock, restricted stock units and performance shares those equity-based awards generally vest upon a change in control. As a condition to receiving a payment under the Change in Control Severance Policy, an executive must sign a separation and release agreement that, among other things, requires the executive to acknowledge that their confidentiality agreement (described above under Other Compensation Arrangements Provided to Our Named Executive Officers Employment Agreements), including with respect to non-competition and non-solicitation provisions, continues to be in full force and effect.

Table of Contents

The following table shows the potential payments to our Named Executive Officers under existing agreements, plans or arrangements, under various scenarios involving a change in control or termination of employment, assuming a March 31, 2010 termination date and using the closing price of the Common Stock on March 31, 2010 of \$23.47.

- (1) Upon termination due to an executive's death or disability, stock options become immediately exercisable and can be exercised within one year of such death or disability, but not later than the normal expiration date of the option. Restricted stock awards that have not vested immediately vest upon death or disability. This column includes the intrinsic value (*i.e.*, the value based upon our stock price, and in the case of options, less the exercise price) of equity awards that would become exercisable or vested if the Named Executive Officer had died or become disabled as of March 31, 2010. With regard to the three-year performance component of the LTIP described above, promptly after death, the executive's estate would receive a prorated portion of the target share award based on the portion of the performance cycle that lapsed prior to the death. In the event of a disability, the executive would be eligible to receive a prorated number of shares based on the actual results after the end of the performance cycle, based on the portion of the performance cycle that lapsed prior to the disability. For purposes of this calculation, we determined the value of the prorated amount of the outstanding performance awards under the fiscal year 2009 and 2010 LTIPs using the closing market price of the Common Stock (\$23.47) on March 31, 2010 based achievement of target performance under those awards.

Table of Contents

- (2) Assuming a March 31, 2010 termination date, Mr. Christenson and Mss. Cooper and Fliegelman Olli would be entitled to the following cash severance payments upon termination without cause or resignation for good reason (as defined in their respective employment agreements): Mr. Christenson is entitled to one times his annual base salary and annual performance cash incentive based on actual performance of the Company at the end of the March 31, 2010 performance cycle, payable in a lump sum; and Mss. Cooper and Fliegelman Olli are each entitled to one times her annual base salary, payable in a lump sum. Messrs. Bryant and Christenson and Mss. Cooper and Fliegelman Olli are also entitled to their retention payments of \$500,000, \$800,000, \$600,000 and \$500,000, respectively. Mr. McCracken and the Company had not yet entered into an employment agreement on March 31, 2010. For a description of severance payments to which Mr. McCracken may be entitled, please refer to Other Compensation Arrangements Provided to Our Named Executive Officers Employment Agreements.
- (3) With regard to the three-year performance share component of the fiscal year 2009-2011 and 2010-2012 LTIPs, the Compensation Committee reserves discretion, in the event of a termination without cause, to pay a prorated portion of any award the executive would have received had the executive remained employed through the payment date. Eligibility and amount would be determined at the conclusion of the applicable performance cycle. With respect to the one-year performance share component for fiscal year 2010 the calculations assume amounts payable at target with only 34% vesting immediately and the remaining two-thirds forfeited upon termination of employment in accordance with the terms of the LTIP. See also description of the LTIP and the three-year performance share component in the Compensation Discussion and Analysis.
- (4) Represents cash payment and value of benefits payable upon a termination without cause or resignation for good reason within the two-year period following a change in control, under our Change in Control Severance Policy (described above). Messrs. McCracken and Christenson and Ms. Cooper are entitled to 2.99 times their annual base salaries and annual performance cash incentive. In addition, this calculation includes (i) the payment of the fiscal year 2010 annual performance cash incentive, assuming achievement of target levels, payable in a lump sum; (ii) the value of the accelerated vesting of each executive's equity calculated as described in footnote (3) above; (iii) the value of one year of outplacement services; (iv) an amount equal to 18 months of COBRA premium payments (paid in a lump sum); and (v) for Mr. McCracken, an estimated gross-up amount of approximately \$4,429,111 to make him whole with respect to certain excise taxes. The excise tax gross up is intended to preserve a competitive level of change in control severance benefits. With regard to outstanding equity, our 2002 Incentive Plan and 2007 Incentive Plan, pursuant to which, respectively, options and restricted stock are currently outstanding, provide for the immediate acceleration of such awards upon a change in control. For purposes of this table, the Company assumes the fiscal year 2010 performance cycle concluded on March 31, 2010 and that one-third of the performance awards vested and the remaining two-thirds accelerated upon the change in control.
- (5) The estimated payments shown for Mr. McCracken reflect the terms of his employment agreement, which was entered into after March 31, 2010, as described in Other Compensation Arrangements Provided to Our Named Executive Officers Employment Agreements, above.
- (6) The amounts in this row represent acceleration of unvested equity: Mr. McCracken's 72,323 stock options and 23,957 restricted stock units. Also represents the aggregate outstanding equity awards for Messrs. Bryant and Christenson and Mss. Cooper and Fliegelman Olli, respectively, as follows: 101,489, 106,969, 108,923, 78,536.
- (7) Mr. Bryant does not have an employment agreement. Absent any special arrangements approved by the Compensation Committee or the Board of Directors for an executive officer, he would be eligible for severance under our U.S. broad-based discretionary severance policy, which is capped at 52 weeks of salary. For purposes of this calculation, we assume payment of severance equal to one times annual base salary. The actual amount

paid for an executive officer, however, will be at the discretion of the Compensation Committee.

Table of Contents

Mr. Swainson is not shown in the above table because he was no longer employed by the Company on March 31, 2010. The severance payments to Mr. Swainson are described in Other Compensation Arrangements Provided to Our Named Executive Officers Employment Agreements, above.

In addition to the payments summarized above, upon any termination of employment (including the scenarios described above, or a termination for cause or resignation without good reason), whether or not in connection with a change in control, the Named Executive Officers would be entitled to the balance of their vested accounts under our tax-qualified 401(k) plan, the 401(k) Supplemental Plans and the deferred compensation arrangements and vested equity, in accordance with their terms. Without regard to vesting, the balances of these accounts for the Named Executive Officers as of March 31, 2010 (except for the 401(k) plan) are disclosed in the last column of the Fiscal Year 2010 Non-Qualified Deferred Compensation table, above.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The following table summarizes share and exercise price information about our equity compensation plans as of March 31, 2010. All of our equity compensation plans pursuant to which grants are being made have been approved by our stockholders. Our 2007 Incentive Plan was approved by stockholders in August 2007; and all equity awards to employees after the date of stockholder approval will be granted under the 2007 Incentive Plan; however, awards already granted under the 2002 Incentive Plan, including awards for which performance targets have been established under that plan, will remain outstanding and be satisfied under the 2002 Incentive Plan. Payment of fees to non-executive directors will continue to be paid under the 2003 Compensation Plan for Non-Employee Directors.

- (2) Includes all stock options outstanding under the 1993 Stock Option Plan for Non-Employee Directors, 2002 Compensation Plan for Non-Employee Directors, 2001 Stock Option Plan, 2002 Incentive Plan and 2007 Incentive Plan, all restricted stock units outstanding under the 2002 Incentive Plan and the 2007 Incentive Plan, and all deferred stock units outstanding under the 2002 Compensation Plan for Non-Employee Directors and the 2003 Compensation Plan for Non-Employee Directors. Although shares were not awarded as of March 31, 2010 for the performance-based targets set under the fiscal year 2008 2009 and 2010 LTIP programs (see description of the LTIP in the Compensation Discussion and Analysis section above), we have assumed the following for purposes of this table: with regard to (i) the three-year performance

Table of Contents

components of the fiscal year 2009-2011 and 2010-2012 LTIPs (for which the performance cycles will end after fiscal years 2011 and 2012, respectively), we have assumed a payout at the maximum level and note that payouts under these arrangements could range respectively from 0-200% and 0-150% of target at the end of the applicable performance cycle, depending on performance; and (ii) the one-year performance component of the fiscal year 2010 LTIP and the three-year component of the fiscal year 2008-2010 LTIP, the actual grants occurred in fiscal year 2010 (as indicated in the Outstanding Equity Awards at 2010 Fiscal Year End table, above) and we have reflected the actual number of shares awarded with respect to this component in this column. This also includes 366,301 options with a weighted average exercise price of \$21.38 assumed by us in connection with acquisitions. No additional options or rights will be granted under these assumed equity rights plans.

- (3) Fiscal year 2010 is the last year that the Company will issue three-year LTIP awards under the 2002 Incentive Plan which consists of 26,023,387 shares. Respectively under the 2007 Incentive Plan 19,561,143 shares are available and 428,237 shares are available under the 2003 Compensation Plan for Non-Employee Directors. Effective July 1, 2009, the Company's Board of Directors terminated the Company's Employee Stock Purchase Plan.

LITIGATION INVOLVING DIRECTORS AND EXECUTIVE OFFICERS

Stockholder Derivative Litigation

In June and July 2004, three purported derivative actions were filed in the United States District Court for the Eastern District of New York (the "Federal Court") by Ranger Governance, Ltd. ("Ranger"), Bert Vladimir and Irving Rosenzweig against certain current or former employees and/or directors of the Company. In November 2004, the Federal Court issued an order consolidating the three actions into *Computer Associates International, Inc., Derivative Litigation*, No. 04 Civ. 2697 (E.D.N.Y.) (the Derivative Action). The derivative plaintiffs filed a consolidated amended complaint (the Consolidated Complaint) on January 7, 2005. The Consolidated Complaint names as defendants Charles Wang, Sanjay Kumar, Ira Zar, Charles McWade, Peter Schwartz, William de Vogel, Richard Grasso, Roel Pieper, Russell Artzt, Alfonse D. Amato, Lewis Ranieri, Stephen Richards, Steven Woghin, David Kaplan, David Rivard, Lloyd Silverstein, Michael A. McElroy, Gary Fernandes, Robert E. La Blanc, Jay W. Lorsch, Kenneth Cron, Walter P. Schuetze, KPMG LLP, and Ernst & Young LLP. The Company is named as a nominal defendant. The Consolidated Complaint seeks from one or more of the defendants (1) contribution towards the consideration the Company had previously agreed to provide then current and former stockholders in settlement of certain class action litigation commenced against the Company and certain officers and directors in 1998 and 2002; (2) compensatory and consequential damages in an amount not less than \$500 million in connection with the investigations giving rise to the Deferred Prosecution Agreement ("DPA") entered into between the Company and the United States Attorney's Office in 2004 and a consent to enter into a final judgment ("Consent Judgment") in a parallel proceeding brought by the SEC regarding certain of the Company's past accounting practices, including its revenue recognition policies and procedures during certain periods prior to the adoption of the Company's new business model in October 2000 (In May 2007, based upon the Company's compliance with the terms of the DPA, the Federal Court ordered dismissal of the charges that had been filed against the Company in connection with the DPA, and the DPA expired. The injunctive provisions of the Consent Judgment permanently enjoining the Company from violating certain provisions of the federal securities laws remain in effect.); (3) unspecified relief for violations of Section 14(a) of the Exchange Act for alleged false and material misstatements made in the Company's proxy statements issued in 2002 and 2003; (4) relief for alleged breach of fiduciary duty; (5) unspecified compensatory, consequential and punitive damages based upon allegations of corporate waste and fraud; (6) unspecified damages for breach of duty of reasonable care; (7) restitution and rescission of the compensation earned under the Company's executive compensation plan; and (8) pursuant to Section 304 of the Sarbanes-Oxley Act, reimbursement of bonus or other incentive-based equity compensation and alleged profits realized

Table of Contents

from sales of securities issued by the Company. Although no relief is sought from the Company, the Consolidated Complaint seeks monetary damages, both compensatory and consequential, from the other defendants, including current or former employees and/or directors of the Company, Ernst & Young LLP and KPMG LLP in an amount totaling not less than \$500 million.

On February 1, 2005, the Company established a Special Litigation Committee of members of its Board of Directors who are independent of the defendants to, among other things, control and determine the Company's response to the Derivative Action. On April 13, 2007, the Special Litigation Committee issued its reports, which announced the Special Litigation Committee's conclusions, determinations, recommendations and actions with respect to the claims asserted in the Derivative Action. The Special Litigation Committee also served a motion which seeks to dismiss and realign the claims and parties in accordance with the Special Litigation Committee's recommendations. As summarized below, the Special Litigation Committee concluded as follows:

The Special Litigation Committee has concluded that it would be in the best interests of the Company to pursue certain of the claims against Messrs. Wang and Schwartz.

The Special Litigation Committee has concluded that it would be in the best interests of the Company to pursue certain of the claims against the former Company executives who have pled guilty to various charges of securities fraud and/or obstruction of justice including Messrs. Kaplan, Richards, Rivard, Silverstein, Woghin and Zar. The Special Litigation Committee has determined and directed that these claims be pursued by the Company using counsel retained by the Company, unless the Special Litigation Committee is able to successfully conclude its ongoing settlement negotiations with these individuals.

The Special Litigation Committee has reached a settlement (subject to court approval) with Messrs. Kumar, McWade and Artzt.

The Special Litigation Committee believes that the claims against current and former Company directors Messrs. Cron, D Amato, de Vogel, Fernandes, Grasso, La Blanc, Lorsch, Pieper, Ranieri and Schuetze should be dismissed. The Special Litigation Committee has concluded that these directors did not breach their fiduciary duties and the claims against them lack merit.

The Special Litigation Committee has concluded that it would be in the best interests of the Company to seek dismissal of the claims against Ernst & Young LLP, KPMG LLP and Mr. McElroy.

By letter dated July 19, 2007, counsel for the Special Litigation Committee advised the Federal Court that the Special Litigation Committee had reached a settlement of the Derivative Action with two of the three derivative plaintiffs Bert Vladimir and Irving Rosenzweig. In connection with the settlement, both of these plaintiffs have agreed to support the Special Litigation Committee's motion to dismiss and to realign. The Company has agreed to pay the attorney's fees of Messrs. Vladimir and Rosenzweig in an amount up to \$525,000 each. If finalized, this settlement would require approval of the Federal Court. On July 23, 2007, Ranger filed a letter with the Federal Court objecting to the proposed settlement. On October 29, 2007, the Federal Court denied the Special Litigation Committee's motion to dismiss and realign, without prejudice to renewing following a decision by the United States Court of Appeals for the Second Circuit on an appeal brought by Ranger in other derivative litigation.

On December 14, 2009, the Company and the Special Litigation Committee renewed the motion to dismiss and realign. That motion is pending.

Texas Litigation

On August 9, 2004, a petition was filed by Sam Wyly and Ranger against the Company in the District Court of Dallas County, Texas, seeking to obtain a declaratory judgment that plaintiffs did not breach two separation agreements they entered into with the Company in 2002 (the 2002

Table of Contents

Agreements). On February 18, 2005, Mr. Wyly filed a separate lawsuit in the United States District Court for the Northern District of Texas alleging that he is entitled to attorneys' fees in connection with the original litigation filed in the District Court of Dallas County, Texas. The two actions have been consolidated and transferred to the Federal Court. On March 31, 2005, the plaintiffs amended their complaint to allege a claim that they were defrauded into entering the 2002 Agreements and to seek rescission of those agreements and damages. On September 29, 2009, the Federal Court entered an order granting the Company's motion for summary judgment, and dismissing the action in its entirety. That order was appealed to the Second Circuit on October 28, 2009. Although the ultimate outcome cannot be determined, the Company believes that the claims are unfounded and that the Company has meritorious defenses.

General

The Company is obligated to indemnify its officers and directors under certain circumstances to the fullest extent permitted by Delaware law. As a part of that obligation, the Company has advanced and will continue to advance certain attorneys' fees and expenses incurred by current and former officers and directors in various litigations and investigations arising out of similar allegations, including the litigation described above under the caption "Litigation Involving Directors and Executive Officers."

Additional information about litigation involving the Company's directors and executive officers is contained in our periodic and other reports filed with the SEC.

Table of Contents**PROPOSAL 2 RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS**

KPMG LLP has been the Company's independent registered public accountants (independent auditor) since the fiscal year ended March 31, 2000 and has been appointed by the Audit Committee to serve in that capacity for the fiscal year ending March 31, 2011, subject to ratification by our stockholders. Our agreement with KPMG LLP contains procedures for the resolution of disputes between us and KPMG LLP. These procedures provide for the submission of a dispute to mediation if requested by us or if we agree to KPMG LLP's request for mediation. If we do not agree to KPMG LLP's request for mediation, if a dispute is not resolved by mediation within 90 days of the commencement of the mediation (or by the end of a longer period if agreed to by the parties) or if one of the parties declares that mediation is inappropriate to resolve the dispute, the agreement provides that arbitration will be used to resolve the dispute. In such an arbitration, the agreement provides that the panel of arbitrators will have no power to award non-monetary or equitable relief. The agreement provides that damages that are punitive in nature, or that are not measured by the prevailing party's actual damages, will not be available in arbitration or any other forum. The agreement provides that all aspects of such an arbitration shall be treated as confidential.

Although our By-laws do not require the submission of the selection of our independent registered public accountants to our stockholders for approval or ratification, the Audit Committee considers it desirable to obtain the views of the stockholders on that appointment. If our stockholders fail to ratify the appointment of KPMG LLP, the Audit Committee may reconsider its selection of the firm as our independent registered public accountants for the fiscal year ending March 31, 2011.

A representative of KPMG LLP will be present at the annual meeting, will have an opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions from stockholders.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE *FOR* THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS (PROPOSAL 2).

Table of Contents

Audit-Related Fees

Audit-related fees are for assurance and related services that are traditionally performed by the independent auditor, including employee benefit plan audits and special procedures required to meet certain regulatory requirements. The audit-related fees for fiscal year 2010 primarily reflect services in connection with business combinations (\$972,000), benefit plan audits (\$55,000), XBRL Reporting (\$92,000) and an engagement under Statement on Auditing Standards (SAS) No. 70, *Service Organizations* (\$90,000). The audit-related fees for fiscal year 2009 reflect services in connection with employee benefit plan audits (\$53,000) and an engagement under SAS No. 70 (\$87,000).

Tax Fees

Tax fees reflect all services, except those services specifically related to the audit of the financial statements, performed by the independent auditor's tax personnel, including assisting with tax planning; supporting other tax-related regulatory requirements; and assisting with tax compliance and reporting matters. The tax fees for fiscal year 2010 reflect services in connection with international and U.S. tax compliance matters, preparation of U.S. income tax forms, as well as consulting on business combinations. The tax fees for fiscal year 2009 reflect services in connection with international and U.S. tax compliance matters and the preparation of U.S. income tax forms.

All Other Fees

All other fees represent fees for services related to certain of the Company's compliance programs and the Company's accounting and procedures manual, of which there were \$125,000 in fiscal year 2010 and none in fiscal year 2009.

The Audit Committee has concluded that the provision of the non-audit services listed above is compatible with maintaining the independence of KPMG LLP.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee has adopted policies and procedures requiring Audit Committee pre-approval of the performance of all audit, audit-related and non-audit services (including tax services) by our independent registered public accountants. The Audit Committee may consult with management in determining which services are to be performed, but may not delegate to management the authority to make these determinations. The Committee has also delegated to its Chairman the authority to pre-approve the performance of audit, audit-related and non-audit services by our independent registered public accountants (provided that tax services may be pre-approved only up to \$100,000), if such approval is necessary or desirable in between meetings, provided that the Chairman must advise the Committee no later than its next scheduled meeting.

**PROPOSAL 3 RATIFICATION OF
STOCKHOLDER PROTECTION RIGHTS AGREEMENT**

General

The Board of Directors has authorized, and we have entered into, a Stockholder Protection Rights Agreement dated as of November 5, 2009 (the Rights Agreement) with Mellon Investor Services LLC, as Rights Agent. The Rights Agreement is substantially similar to our expired Stockholder Protection Rights Agreement, which was voted on by, and received the favorable support of, our stockholders in 2007. As with the prior rights plan, the Board has directed that our stockholders be given the opportunity to vote on the Rights Agreement at the annual meeting of stockholders.

In addition to seeking stockholder ratification, the Rights Agreement includes all of the stockholder-friendly features that were part of the expired rights plan ratified by stockholders in 2007, including setting the threshold for triggering exercise of the Rights Agreement at 20% of the outstanding shares of Common Stock; a fixed term for the Rights Agreement of only three years; and a provision requiring a committee of independent directors to assess annually whether the Rights Agreement remains in the best interests of our stockholders. Like the expired rights plan, the Rights Agreement also includes a provision that states that the Rights Agreement will not be triggered by a Qualifying Offer (described below) if holders of at least 10% of the outstanding shares of Common Stock request that a special meeting of stockholders be convened for the purpose of exempting such offer from the Rights Agreement, and thereafter the stockholders vote at such meeting to exempt such Qualifying Offer from the Rights Agreement.

The Board believes that the Rights Agreement is in the best interests of our stockholders and strikes an appropriate balance between allowing the Board to use a rights plan to increase its negotiating leverage to maximize stockholder value and current best practices giving stockholders a voice in such process. In the case of offers that the Board considers to be coercive, abusive or opportunistic, the Rights Agreement should provide time for the Board to evaluate such offer, to seek out and secure potentially superior financial alternatives, if available, and ultimately to negotiate the best price for our stockholders if a change of control transaction is to occur. The following is a summary of the material terms of the Rights Agreement. The statements below are only a summary, and we refer you to the full text of the Rights Agreement, which is attached as Exhibit B to this Proxy Statement. Each statement in this summary is qualified in its entirety by reference to the Rights Agreement.

Under the terms of the Rights Agreement, holders of our Common Stock as of November 16, 2009 received one stockholder protection right for every share of our Common Stock held after the close of business on November 16, 2009. Each share of our Common Stock issued after the close of business on November 16, 2009 also will be issued one corresponding right. The rights are evidenced by our Common Stock certificates. After the separation time, which is described below, the rights may separate and each right will entitle the holder to purchase from us 0.001 shares of participating preferred stock at a purchase price of \$100 per share, subject to adjustment, or, after a flip-in date (described below), to purchase shares of our Common Stock equal in value (as calculated under the terms of the Rights Agreement) to twice the exercise price (as adjusted). The rights would also entitle their holders to acquire common stock of an acquiror in the circumstances described below.

The rights serve as an anti-takeover device and encourage third parties who may be interested in acquiring us to negotiate directly with the Board. The rights will not prevent a takeover of us. However, as described below, the rights may cause substantial dilution to a person or group that acquires 20% or more of the outstanding Common Stock unless the rights are first redeemed by the Board. Nevertheless, the rights should not interfere with a transaction that is in the best interests of our stockholders because the rights may be redeemed at any time prior to the flip-in date that is

Table of Contents

described below. The Board's decision to enter into the Rights Agreement was not made in response to, or in anticipation of, any acquisition proposal.

Events Causing the Exercisability of the Rights

The rights will become exercisable upon the occurrence of the separation time, which is defined in the Rights Agreement as the next business day following the earlier to occur of:

the flip-in date, which is

the first date of a public announcement by us that any person has become an Acquiring Person under the Rights Agreement, which generally means a person or group that has become the beneficial owner of 20% or more of the outstanding Common Stock (Walter Haefner and his affiliates and associates are grandfathered under this provision so long as their aggregate ownership of Common Stock does not exceed approximately 130,000,000 shares); or

the date and time on which any Acquiring Person becomes the beneficial owner of more than 50% of the outstanding shares of Common Stock; or

the tenth business day (or such later date as determined by resolution of the Board) after the date on which any person commences a tender or exchange offer that, if consummated, would result in that person becoming an Acquiring Person.

Until the separation time, the rights may be transferred only with shares of our Common Stock.

Effect of Flip-In Date

In the event that a flip-in date occurs prior to the expiration of the rights, each right (other than rights owned by an Acquiring Person, its affiliates or transferees, which will become void) will thereafter constitute the right to receive, upon exercise for the exercise price of \$100, subject to adjustment, that number of shares of our Common Stock (or, in certain circumstances, cash, property or other securities) having a value equal to two times the exercise price, as determined pursuant to the terms of the Rights Agreement. However, the Board may exchange the rights (other than rights that have become void) at any time after a flip-in date and prior to the time that an Acquiring Person becomes the beneficial owner of more than 50% of the outstanding shares of Common Stock in whole or in part, at an exchange ratio of one share of our Common Stock per right. Before effecting such an exchange, the Board may direct us to enter into a trust agreement establishing a trust into which we shall issue all or some of the shares of our Common Stock (or other securities) issuable pursuant to the exchange, and all holders of rights entitled to receive shares pursuant to the exchange shall only be entitled to receive these shares from the trust upon compliance with the relevant terms of the trust agreement.

Until a right is exercised or exchanged, the holder of the right, by virtue of being a right holder, will have no rights as a stockholder of ours, including, for example, the right to vote or to receive dividends.

The Board May Redeem or Exchange the Rights

The Board may, at its option, at any time prior to the flip-in date, redeem all (but not less than all) of the then outstanding rights at a price of \$0.001 per right. The rights will then terminate immediately and each right, whether or not previously exercised, will thereafter represent only the right to receive the redemption price in cash or securities, as determined by the Board.

Exercise of Rights for Shares of an Acquiring Company

If, on or after a flip-in date, an Acquiring Person controls the Board or beneficially owns 90% or more of our Common Stock, and we are involved in (i) a merger, consolidation or statutory share

Table of Contents

exchange (or enter into an agreement to undertake any of the foregoing) and either (A) such merger, consolidation, or statutory share exchange is with such Acquiring Person (or any affiliate or associate thereof) or (B) any term of such merger, consolidation or share exchange relating to the treatment of capital stock that is beneficially owned by the Acquiring Person is not identical to the terms of such transaction relating to capital stock beneficially owned by other holders or (ii) a sale of more than 50% of our assets or earning power, proper provision will be made so that the holders of the rights will then each have the right to receive, upon the exercise thereof at the then current exercise price, common stock of the acquiring company having a market value at the time of such transaction equal to two times the exercise price of the right.

Qualifying Offer

In the event we receive a Qualifying Offer (that has not been terminated prior thereto and which continues to be a Qualifying Offer), stockholders representing at least 10% of the shares of Common Stock then outstanding may request that the Board call a special meeting of stockholders to vote to exempt the Qualifying Offer from the operation of the Rights Agreement not earlier than 90, nor later than 120, business days following the commencement of such offer. The Board must then call and hold such a meeting to vote on exempting such offer from the terms of the Rights Agreement within the 90th business day following receipt of the stockholder demand for such meeting; provided that such period may be extended if, prior to such vote, we enter into an agreement (that is conditioned on the approval by the holders of not less than a majority of the outstanding shares of Common Stock) with respect to a merger, recapitalization, share exchange, or a similar transaction involving us or the direct or indirect acquisition of more than 50% of our consolidated total assets (a Definitive Acquisition Agreement), until the time of the meeting at which the stockholders will be asked to vote on the Definitive Acquisition Agreement. If no person has become an Acquiring Person, the offer continues to be a Qualifying Offer and stockholders representing at least a majority of the shares of Common Stock represented at the meeting at which a quorum is present vote in favor of redeeming the rights, then such Qualifying Offer shall be deemed exempt from the Rights Agreement on the date that the vote results are certified. If no person has become an Acquiring Person and no special meeting is held by the date required, the rights will be redeemed at the close of business on the tenth business day following that date.

A Qualifying Offer, in summary terms, is an offer determined by the Board to have the following characteristics, which are generally intended to preclude offers that are coercive, abusive, or highly contingent:

is a fully financed all-cash tender offer or an exchange offer offering shares of common stock of the offeror, or a combination thereof, for any and all of the outstanding shares of Common Stock at the same per-share consideration;

is an offer that has commenced within the meaning of Rule 14d-2(a) under the Securities Exchange Act of 1934, as amended (the Exchange Act), and is made by an offeror (including its affiliates or associates) that beneficially owns no more than 5% of the outstanding Common Stock as of the date of such commencement;

is an offer not subject to any financing, funding or similar conditions or any requirements with respect to the offeror or its agents being permitted any due diligence on us;

is an offer pursuant to which we and our stockholders have received an irrevocable written commitment of the offeror that the offer will remain open for not less than 120 business days and, if a stockholder demand is duly delivered to the Board at least ten business days after the date of the special meeting or, if no special meeting is held within the required period, at least ten business days following the end of such period, subject to certain exceptions set forth in the Rights Agreement;

Table of Contents

is an offer pursuant to which we have received an irrevocable written commitment by the offeror that the offer, if it is otherwise to expire prior thereto, will be extended for at least 15 business days after any increase in the price offered, and after any bona fide alternative offer is commenced, subject to certain exceptions set forth in the Rights Agreement;

if an offer includes stock of the offeror, offeror must allow our investment bank, legal counsel and accountants to perform appropriate due diligence on the offeror's business;

is an offer conditioned on a minimum of at least a majority of the outstanding shares of Common Stock being tendered and not withdrawn as of the offer's expiration date, which condition shall not be waivable;

is an offer pursuant to which we and our stockholders have received an irrevocable written commitment of the offeror to consummate as promptly as practicable upon successful completion of the offer a second-step transaction whereby all shares of Common Stock not tendered into the offer will be acquired at the same consideration per share actually paid pursuant to the offer, subject to any stockholders' statutory appraisal rights;

is an offer pursuant to which we and our stockholders have received an irrevocable written commitment of the offeror that no amendments will be made to the offer to reduce the offer consideration, or otherwise change the terms of the offer in a way that is materially adverse to a tendering stockholder (other than extensions of the offer consistent with the terms thereof); and

if an offer includes stock of the offeror, (i) the stock portion of consideration must consist solely of common stock of the offeror, which must be a U.S. corporation whose stock is freely and publicly traded and is listed on the New York Stock Exchange or the NASDAQ National Market System, (ii) no stockholder approval is required or if required, has been obtained, (iii) no person beneficially owns more than 20% of the voting stock of the offeror, (iv) no other class of voting stock of the offeror is outstanding and the offeror may register securities on Form S-3, and (v) we have received written representations and certification of the offeror and the offeror's chief executive officer and chief financial officer that all material facts about the offeror have been fully and accurately disclosed and new facts will be fully and accurately disclosed during the period during which the offer remains open, and all required Exchange Act reports will be filed by the offeror in a timely manner during the offer period.

Adjustments to Exercise Price

The exercise price for each right and the number of shares of participating preferred stock (or other securities or property) issuable upon exercise of the rights are subject to adjustment from time to time.

Amendments to Terms of the Rights; Suspension of Exercisability or Exchangeability

Except for any extension of the expiration date (or any change in the definition thereof), which may only be done by action of our stockholders, any of the terms or provisions of the Rights Agreement may be amended by the Board prior to the flip-in date. After the rights are no longer redeemable, the provisions of the Rights Agreement may be amended by the Board in order to cure any ambiguity, defect or inconsistency, or to make changes that do not materially adversely affect the interests of holders of rights (other than the Acquiring Person or its affiliates or associates).

If the Board determines that some action needs to be taken under certain terms and provisions of the Rights Agreement, or in order to properly give effect to those terms and provisions, or to comply with federal or state securities laws or applicable regulations of the exchange on which the rights are traded, we may suspend the exercisability or exchangeability of the rights for a reasonable period sufficient to allow us to take such action or comply with such laws or regulations. In the event of any such suspension, we will promptly make a public announcement stating that the exercisability

Table of Contents

or exchangeability of the rights has been temporarily suspended. Upon such suspension, any rights of action vested in a rights holder will also be temporarily suspended.

Annual Review by Independent Directors

A committee of our independent directors will evaluate the Rights Agreement annually to determine whether it continues to be in the best interests of our stockholders, or, rather, if the rights should be redeemed.

Term

The rights will expire at the close of business on November 30, 2012, unless earlier redeemed, exercised or exchanged by us as described above, or unless an extension is approved by our stockholders prior to that date.

Stockholder Ratification

Stockholders are being asked to vote to ratify the Rights Agreement in an effort to determine the viewpoint of stockholders on the advisability of the Rights Agreement. If the Rights Agreement is not ratified by stockholders as proposed, the Board intends to reevaluate the Rights Agreement and determine whether it believes the Rights Agreement in its current form continues to be in the stockholders' best interests. The Board may, as a result of such reevaluation and determination, terminate the Rights Agreement, modify the terms of the Rights Agreement or allow the Rights Agreement to remain in place without change, among other actions.

PROPOSAL 4 STOCKHOLDER PROPOSAL

AFSCME Employees Pension Plan, 1625 L Street, N.W., Washington, DC 20036-5687, has informed us that it is the beneficial owner of 31,603 shares of our Common Stock and that it intends to introduce the following resolution at the Annual Meeting:

RESOLVED, that stockholders of CA, Inc. (CA), urge the Compensation Committee (Committee) to make the following changes to any short-term incentive plans (STIP) in which senior executives participate as applied to senior executives, in order to promote a longer-term perspective:

1. An award to a senior executive under the APBP (a Bonus) that is based on one or more financial measurements (each, a Financial Metric) whose performance measurement period (PMP) is one year or shorter shall not be paid in full for a period of three years (the Deferral Period) following the end of the PMP;
2. The Committee shall develop a methodology for (a) determining what proportion of a Bonus should be paid immediately, (b) adjusting the remainder of the Bonus over the Deferral Period to reflect performance on the Financial Metric(s) during the Deferral Period and (c) paying out the remainder of the Bonus, adjusted if required, during and at the end of the Deferral Period; and
3. The adjustment described in 2(b) should not require achievement of new performance goals but should focus on the quality and sustainability of performance on the Financial Metric(s) during the Deferral Period.

The policy should be implemented in a way that does not violate any existing contractual obligation or the terms of any compensation or benefit plan currently in effect. CA should submit for stockholder approval any change where such approval is required under any law, regulation or plan.

SUPPORTING STATEMENT

As long-term stockholders, we support compensation policies that promote the creation of sustainable value. We are concerned that short-term incentive plans, can encourage senior executives to manage for the short term and take on excessive risk. The current financial crisis illustrates what can happen when executives are rewarded for short-term performance without any effort to ensure that the performance is sustainable.

This proposal urges that STIPs be changed, as they apply to senior executives, to encourage a longer-term orientation on the part of those executives. Specifically, the proposal asks that the Committee develop a system for retaining some portion of each bonus based on short-term financial metrics for three years and adjusting the unpaid portion to the account for performance during that period. The proposal gives the Committee discretion to set the terms and mechanics of this process.

A bonus deferral system is gaining significant support internationally. In September 2009, the G-20 endorsed the Principles for Sound Compensation Practices, which recommend that a substantial portion of variable compensation be deferred over a period of at least three years.

France already requires that at least 50% of bankers' bonuses be deferred for three years. The U.K.'s Financial Services Authority has adopted a remuneration code [that] mandates that two-thirds of senior employees' bonuses be deferred over three years.

We urge support FOR this proposal.

BOARD OF DIRECTORS RESPONSE TO THE STOCKHOLDER PROPOSAL

The Board of Directors believes that the Company's total executive incentive compensation program already does substantially what the stockholder proposal seeks. The substance of the stockholder proposal recommends that a portion of annual incentive compensation be deferred in order to encourage a management focus on long-term performance.

Our total executive compensation program already encourages a longer-term perspective by:

paying a competitive portion of total incentive compensation in cash for the achievement of annual performance goals, and

paying a substantial portion of total incentive compensation in the form of equity (including restricted stock) and deferring the vesting of a significant portion that stock after the performance goals have been attained.

The following table compares the apparent philosophy behind the stockholder proposal with the design of our current incentive compensation plan, and demonstrates that adoption of the stockholder proposal is not necessary or desirable.

**The stockholder proposal's
apparent philosophy**

A portion of incentive compensation based on a performance measurement period of one year or less should be paid on a deferred basis, after the completion of the performance measurement period.

Our incentive compensation plan design

Our total incentive compensation plan includes two elements that are based on a performance measurement period:

A portion of our executive management's incentive compensation that is based on an annual performance measurement period is paid promptly after the attainment of the performance goals: *i.e.*, the annual performance cash incentive, which is paid in cash promptly after the completion of the performance measurement period.

A portion of our executive management's incentive compensation that is based on annual performance is paid on a deferred basis: *i.e.*, one-year performance shares, which are settled as follows:

34% in stock promptly after the completion of the performance measurement period, and

66% in stock that does not vest until each of the first two anniversaries of the grant date.

For additional information, please see Compensation Discussion and Analysis—Determination of Fiscal Year 2010 Compensation Elements of Compensation, above.

Table of Contents

**The stockholder proposal's
apparent philosophy**

The Compensation Committee should have discretion at the end of the deferral period to adjust the payout of the deferred portion of annual incentive compensation after a review of the quality and sustainability of performance on the financial metrics on which the annual incentive compensation was based.

Our incentive compensation plan design

Any lack of sustainability of performance should be reflected in the Company's stock price, which automatically reduces the value of the equity that executive management received in settlement of the one-year performance shares.

In addition, our Compensation Committee may exercise discretion to adjust the payout of the annual performance bonus and the one-year performance shares for any reason, including the results of the Committee's review of the basis on which the performance goals were achieved. This review includes an examination of, among other things, the quality and long-term strategic alignment of the performance underlying the attainment of the performance goals, as well as the long-term risks associated with the manner in which the performance goals were attained. Our Compensation Committee has previously exercised their discretion to reduce incentive compensation with respect to fiscal year 2006 incentive

compensation. For additional information, please see Compensation Discussion and Analysis - Determination of Fiscal Year 2010 Compensation - Performance-Based Compensation-Annual and Long-Term Incentives, above.

Also, the Compensation Committee may exercise discretion to claw back compensation in the case of a substantial restatement of our financial statements. For additional information, please see Compensation Discussion and Analysis - Other Important Compensation Policies Affecting Named Executive Officers - Policy on Adjustments or Recovery of Compensation, above.

Table of Contents

**The stockholder proposal's
apparent philosophy**

The deferral of a portion of annual incentive compensation should encourage a longer-term orientation on the part of senior executives.

Our incentive compensation plan design

Our total incentive compensation plan design encourages a longer-term focus by executive management by:

Paying a substantial portion of target total incentive compensation opportunity (up to approximately 69%) in Common Stock, including the one-year performance shares and three-year performance shares. Three-year performance shares require the attainment of performance goals over a three-year period, and are settled 100% in Common Stock upon the attainment of those goals. For additional information, please see

Compensation Discussion and Analysis – Determination of Fiscal Year 2010 Compensation – Elements of Compensation, above.

Requiring executive management to accumulate and retain a substantial investment in the Company's stock. For additional information, please see Compensation Discussion and Analysis – Other Important Compensation Policies Affecting Named Executive Officers – Executive Stock Ownership Requirements, above.

Stock payment and retention requirements align our executives' interests with the long-term interests of all stockholders.

AFSCME Employees Pension Plan has submitted a similar stockholder proposal to a number of other companies, most of which are in the financial services industry. Our Compensation Committee believes that the Company's total incentive compensation design is significantly different from, and more conservative than, the compensation model that was recently prevalent in the financial services industry, which is considered to have contributed to excessive risk taking and the recent financial crisis. Our Compensation Committee believes that our Company's payment of a substantial portion of an executive's incentive compensation in equity and the deferral of a portion of that compensation through vesting requirements, combined with stock ownership guidelines and the Compensation Committee's discretion to reduce any incentive compensation award for any reason, strike the appropriate balance for the Company and adequately encourages a longer-term perspective and provides a disincentive against excessive risk-taking. The Board of Directors believes that the Company's incentive compensation program appropriately aligns the interests of management with the long-term interests of stockholders.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE AGAINST THE STOCKHOLDER PROPOSAL (PROPOSAL 4).

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, executive officers and persons who beneficially own more than 10% of the Common Stock to file with the SEC initial reports of ownership and reports of changes in beneficial ownership of Common Stock and other equity securities of the Company. Directors, executive officers and 10% stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file. Based solely on our review of such copies of Section 16(a) reports received by us, or written representations from each reporting person for the fiscal year ended March 31, 2010, we believe that each of our directors, executive officers and 10% stockholders complied with all applicable filing requirements during the fiscal year ended March 31, 2010.

STOCKHOLDER PROPOSALS FOR 2011 ANNUAL MEETING

The submission deadline for stockholder proposals to be included in our proxy materials for the 2011 annual meeting pursuant to Rule 14a-8 of the Exchange Act is [], 2011, except as may otherwise be provided in Rule 14a-8. Accordingly, the notice for nominating directors at, or bringing other business before, the 2011 annual meeting must be submitted no earlier than March 29, 2011 and no later than April 28, 2011 (unless the date of the meeting is changed by more than 30 days). OTHER BUSINESS

The Board of Directors knows of no other business to be acted upon at the meeting. However, if any other business properly comes before the meeting or any adjournment or postponement, it is the intention of the persons named in the Company's proxy to vote the shares represented thereby on such matters in accordance with their best judgment.

Non-GAAP Financial Measures

This proxy statement includes certain financial measures that exclude the impact of certain items and therefore have not been calculated in accordance with U.S. generally accepted accounting principles (GAAP). Non-GAAP metrics for operating income exclude the following items: non-cash amortization of purchased software and other intangibles, pre-fiscal year 2010 restructuring and other charges and include the gains and losses since inception of hedges that mature within the quarter, but exclude gains and losses of hedges that do not mature within the quarter. Non-GAAP adjusted cash flow excludes restructuring and other payments. These non-GAAP financial measures may be different from non-GAAP financial measures used by other companies. Non-GAAP financial measures should not be considered as a substitute for, or superior to, measures of financial performance prepared in accordance with GAAP. By excluding these items, non-GAAP financial measures facilitate management s internal comparisons to the Company s historical operating results and cash flows, to competitors operating results and cash flows, and to estimates made by securities analysts. Management uses these non-GAAP financial measures internally to evaluate its performance and they are key variables in determining management incentive compensation. The Company believes these non-GAAP financial measures are useful to investors in allowing for greater transparency of supplemental information used by management in its financial and operational decision-making. In addition, the Company has historically reported similar non-GAAP financial measures to its investors and believes that the inclusion of comparative numbers provides consistency in its financial reporting. Investors are encouraged to review the reconciliation of the non-GAAP financial measures used in this proxy statement to their most directly comparable GAAP financial measures, which are also included in this proxy statement.

CORPORATE GOVERNANCE PRINCIPLES

General

These Corporate Governance Principles (these Principles) have been approved by the Board of Directors of CA, Inc. (the Company) and provide the basic outline of the Company s corporate governance.

Role and Functions of the Board

The Board is elected by the stockholders to oversee the business and affairs of the Company, to oversee management, to build long-term value for the stockholders, and to sustain the Company s vitality for its stockholders and other constituencies, including its employees.

In addition to these general roles, the Board performs a number of more specific functions, including:

- selecting and overseeing the evaluation of the Chief Executive Officer (the CEO);

- overseeing CEO and senior management succession planning;

- providing counsel and oversight on the selection, evaluation and development of senior management;

- reviewing and approving corporate strategy on an annual basis;

- advising and counseling the CEO and senior management on relevant topics;

- reviewing, monitoring and, where appropriate, approving fundamental financial and business strategies and major corporate actions;

- assessing major risks facing the Company and considering strategies for their management and mitigation; and

- overseeing and evaluating processes designed to maintain the integrity of the Company, including the integrity of its financial statements, its compliance with law and ethics, and its relationships with its employees, customers, suppliers and other stakeholders.

Director Qualifications

Directors should possess the highest personal and professional ethics, integrity and values, and must be committed to representing the long-term interests of the Company and its stockholders. They must have an inquisitive and objective perspective, practical wisdom and mature judgment, as well as an understanding of the Company s business and the willingness to question what they do not understand.

Each director should be free of any conflict of interest which would interfere with the proper performance of the responsibilities of a director.

Directors must be willing to devote sufficient time to carrying out their duties and responsibilities effectively. To ensure that a director has sufficient time to devote, no director may serve on more than three boards of directors of public companies in addition to the Company's Board.

To enable the Corporate Governance Committee to monitor compliance with the criteria for service as a director, as well as for service on a particular Board Committee, a director shall notify the Chair of the Corporate Governance Committee promptly of: (1) the director's retirement from his or her principal occupation or a material change in his or her principal occupation or business

association; (2) the proposed election of the director to the board of directors (or similar body) or any board committee of another entity (other than not-for-profit entities); (3) the director's removal or other cessation of service as a member of any such board or committee; or (4) any other development that could affect the director's ability to serve on the Board or any Board Committee. The Corporate Governance Committee shall determine whether to recommend to the Board that any action be taken as a result of any such event.

Director Independence

A majority of the directors must be independent directors, as determined by the Board on the recommendation of the Corporate Governance Committee, based on the guidelines set forth below. The Board believes that the CEO should serve on the Board. At no time shall more than two employees of the Company (including the CEO) serve on the Board; provided, that if the total number of directors exceeds twelve, no more than 25% of the total number of directors may be employees of the Company.

For a director to be considered independent, the Board must determine that the director does not have any relationship which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The Board has established guidelines to assist it in determining director independence in conformity with The NASDAQ Stock Market LLC (NASDAQ) listing requirements. In addition, the Board will consider all relevant facts and circumstances in making an independence determination, not only from the standpoint of the director, but also from that of persons or organizations with which the director has an affiliation.

A director will not be independent if:

the director is, or at any time during the past three years was, employed by the Company (provided that employment by a director as an executive officer on an interim basis for a period no longer than one year will not disqualify that director from being considered independent following such employment);

a family member of the director is, or at any time during the past three years was, employed by the Company as an executive officer;

the director or a family member of the director accepted any compensation from the Company in excess of \$120,000 during any period of 12 consecutive months within the past three years (provided that compensation received by the director for former service as an executive officer on an interim basis for a period no longer than one year will not be considered in determining independence following such service), other than (i) compensation for Board or Board committee service, (ii) compensation paid to a family member of the director who is an employee (other than an executive officer) of the Company or (iii) benefits under a tax-qualified retirement plan, or non-discretionary compensation;

the director or a family member of the director is a partner in, or a controlling shareholder or an executive officer of, any organization to which the Company made, or from which the Company received payments for property or services in the current or any of the past three fiscal years that exceed 2% of the recipient's consolidated gross revenues for that year or \$200,000, whichever is more, other than (i) payments arising solely from investments in the Company's securities or (ii) payments under non-discretionary charitable contribution matching programs;

the director or a family member of the director is an executive officer of another entity where at any time during the past three years any of the executive officers of the Company served on the compensation committee of such other entity; or

the director or a family member of the director is a current partner or employee of the Company's outside auditor, or was a partner or an employee of the Company's outside auditor who worked on the Company's audit at any time during any of the past three years.

Any one or more of the following relationships, whether individually or in any combination, will be considered immaterial and will not, in and of themselves, impair the director's independence:

Payments To/From the Company

1. the director or a family member of the director is a partner in or an executive officer of another company or entity to which the Company made or from which the Company received payments for property or services in an amount that does not exceed, in the current or any of the past three fiscal years 2% of the recipient's consolidated gross revenues for that year or \$200,000, whichever is more, other than (i) payments arising solely from investments in the Company's securities or (ii) payments under non-discretionary charitable contribution matching programs;
2. the director and family members of the director directly or indirectly own, in the aggregate, a 10% or greater equity interest in another company or entity to which the Company made or from which the Company received payments for property or services in an amount that does not exceed, in the current or any of the past three fiscal years 2% of the recipient's consolidated gross revenues for that year or \$200,000, whichever is more, other than (i) payments arising solely from investments in the Company's securities or (ii) payments under non-discretionary charitable contribution matching programs;

Indebtedness

1. the director or a family member of the director is a partner in or an executive officer of another company or entity that is indebted to the Company, or to which the Company is indebted, and the total amount of either company's (or entity's) indebtedness to the other at the end of the last completed fiscal year is less than 2% of the other company's or entity's total consolidated assets;
2. the director and family members of the director directly or indirectly own, in the aggregate, a 10% or greater equity interest in another company or entity that is indebted to the Company, or to which the Company is indebted, and the total amount of either company's (or entity's) indebtedness to the other at the end of the last completed fiscal year is less than 2% of the other company's or entity's total consolidated assets;

Charitable Contributions

1. the director or a family member of the director is an executive officer, of a charitable organization, and the Company's discretionary charitable contributions to the organization (i.e., other than contributions made under the Company's matching grant program) do not exceed, in the current or any of the past three fiscal years, 2% of the charitable organization's consolidated gross revenues for that year or \$200,000 whichever is more;

Directorships

1. the director or a family member of the director is a director, advisory director or trustee (or serves in a similar position) of another company, entity or charitable organization that engages in any transactions (including indebtedness transactions), or has any other relationships, with the Company (including any contributions by the Company to any such charitable organization);

Less Than 10% Equity Interest

1. the director and the family members of the director directly or indirectly own, in the aggregate, less than a 10% equity interest in another company or entity that engages in any transactions (including indebtedness transactions), or

has any other relationships, with the Company;

Other

1. the director or a family member of the director is an employee (but not an executive officer) of another company, entity or charitable organization that engages in any transactions (including indebtedness transactions), or has any other relationships, with the Company (including any contributions by the Company to any such charitable organization);
2. a member of the director's family (other than a family member) serves in any capacity with the Company; or
3. a member of the director's family (other than a family member) serves in any capacity with, or owns any equity interest in, another company, entity or charitable organization that engages in any transactions (including indebtedness transactions), or has any other relationships, with the Company (including any contributions by the Company to any such charitable organization).

Notwithstanding the foregoing, the Board (on the recommendation of the Corporate Governance Committee) may determine that a director who has a relationship that exceeds the limits described in the immediately preceding paragraph (but only to the extent that the Board determines that the director does not have any direct or indirect material relationship with the Company and any such relationship does not constitute a bar to independence under NASDAQ listing requirements) is nonetheless independent.

For purposes of these Principles, the term "family member" means a person's spouse, parents, children, and siblings, whether by blood, marriage or adoption, or anyone residing in such person's home.

The ownership of stock in the Company by directors is encouraged and the ownership of a substantial amount of stock in the Company shall not in itself be a basis for a determination that a director is not independent.

The Board will undertake an annual review of the independence of all non-employee directors, based on the recommendation of the Corporate Governance Committee.

Size of Board

The Corporate Governance Committee considers and makes recommendations to the Board concerning the appropriate size and needs of the Board, taking into account the Board's ability to function effectively and with appropriate diversity and expertise.

The Corporate Governance Committee shall be responsible for selecting and recommending to the Board candidates to fill vacancies on the Board that occur as a result of expansion of the size of the Board, by resignation, by retirement or for any other reason.

Period of Board Service

A non-employee director shall serve until the annual meeting after his or her 75th birthday and for a maximum of ten years; provided, however, that the Board, on the recommendation of the Corporate Governance Committee, may waive such age and/or term limitation if circumstances warrant.

Director Selection Process

All directors shall stand for election by the stockholders each year at the Company's Annual Meeting of Stockholders. The Board, on the recommendation of the Corporate Governance Committee, shall propose a slate of nominees for

election at each such meeting. In addition, between such meetings, the Board, on the recommendation of the Corporate Governance Committee, may elect directors to serve until the next such meeting.

A-4

Table of Contents

Stockholders may propose nominees for consideration by the Corporate Governance Committee in accordance with procedures developed by that Committee and disclosed in the Company's Proxy Statement each year. Each director shall submit his or her Irrevocable Resignation (as defined below) in writing to the Chairman of the Corporate Governance Committee. The Board shall nominate for re-election as a director only an incumbent candidate who has tendered, prior to the mailing of the proxy statement for the annual meeting at which he or she is to be re-elected as a director, an irrevocable resignation authorized by Section 141(b) of the Delaware General Corporation Law that will be effective upon (i) the failure to receive the required vote at any annual meeting at which such candidate is nominated for re-election and (ii) Board acceptance of such resignation (an Irrevocable Resignation). In addition, the Board shall fill director vacancies and new directorships only with candidates who tender, at or prior to the time of their appointment to the Board, the same form of Irrevocable Resignation tendered by other directors in accordance herewith.

The Corporate Governance Committee (or such other committee comprised of independent directors as the Board may appoint) shall consider the Irrevocable Resignation submitted by any director not receiving the requisite number of votes to be elected pursuant to Section 7 of Article II of the By laws and shall recommend to the Board the action to be taken with respect to such tendered resignation. If no independent directors received the required majority vote, the Board shall act on the resignation offers. Any director whose Irrevocable Resignation is under consideration pursuant to this provision shall not participate in the committee recommendation regarding whether to accept the resignation offer. The Board shall take action within 90 days following certification of the vote, unless such action would cause the Company to fail to comply with any requirement of NASDAQ or any rule or regulation promulgated under the Securities Exchange Act of 1934, in which event the Company shall take action as promptly as is practicable while continuing to meet such requirements. The Board will promptly disclose its decision and the reasons therefore in a Form 8-K furnished to the Securities and Exchange Commission. After accepting a director's resignation, the Board may fill any resulting vacancy or may decrease the size of the Board.

Former CEOs and Other Employees' Board Membership

The Board believes that the Board membership of the CEO and other employees of the Company following their resignation or retirement from the Company is a matter to be decided in each individual instance. When the CEO no longer holds that position or an employee director resigns or retires as an employee of the Company, resignation from the Board should be offered at the same time.

Meetings

The Board should have at least five scheduled meetings each year. There shall be an agenda for each meeting, focusing on relevant issues for the Board's consideration. Directors are expected to attend all scheduled meetings of the Board and the Committees on which they serve, as well as meetings of the Company's stockholders.

The independent directors will have regularly scheduled meetings at least twice a year at which only independent directors are present. The Chairman of the Board (if he or she is an independent director) or the Lead Independent Director (described below), if any, shall preside at those meetings.

Agendas and other meeting materials should be distributed in advance of Board and Committee meetings so as to provide the directors sufficient time to review such materials; the directors are expected to review such materials. Directors are encouraged to make suggestions as to agenda items and to ask that additional information be provided to the Board or any Committee to facilitate its performance.

On an annual basis, the Secretary of the Company shall prepare and distribute to the directors a detailed calendar of the meetings scheduled to be held by the Board and each of its Committees

Table of Contents

during the ensuing year. The calendar shall also specify the matters to be considered and acted upon at each such meeting, to the extent known at such time.

Board Leadership

The Board has no policy with respect to separation of the positions of Chairman and CEO or with respect to whether the Chairman should be a member of management or a non-management director, and believes that these are matters that should be discussed and determined by the Board from time to time. When the Chairman of the Board is a member of management or is otherwise not independent, the non-employee directors shall elect annually, on the recommendation of the Corporate Governance Committee, a Lead Independent Director. The duties of the Lead Independent Director (or the Chairman, if he or she is independent) shall include presiding at executive sessions of the non-employee and independent directors.

Board Self-Assessment

The Board shall conduct an annual self-assessment of its performance to determine whether the Board and its Committees are functioning effectively.

Board Compensation

Directors who are employees shall not receive any compensation, directly or indirectly, for their services as directors. The Corporate Governance Committee shall be responsible for recommending to the Board the compensation and any benefits for non-employee directors, which shall be subject to the full discussion and approval by the Board. In discharging this duty, the Corporate Governance Committee shall be guided by three goals: (1) compensation should fairly pay directors for the work they perform; (2) compensation should include a significant equity component to align directors' interests with the long-term interests of stockholders; and (3) the structure of the compensation should be simple, transparent and easy for stockholders to understand.

Stock Ownership Guideline for Non-Employee Directors

Consistent with our director compensation programs, each non-employee director receives at least 50% of his or her director compensation in the form of equity in the Company, which may not be transferred until after the director's retirement.

Counsel and Other Advisors; Company Funding Obligations

The Board shall have the authority, to the extent deemed necessary or appropriate, to retain and terminate independent legal counsel or other advisors to assist the Board in carrying out its responsibilities. The Company shall provide for appropriate funding, as determined by the Board, to pay any such counsel or other advisors retained by the Board.

Access to Management and Outside Counsel and Auditors

Non-employee directors may contact senior managers of the Company and the Company's outside counsel and auditors without the permission of senior corporate management, and without such management being present. To facilitate such contact, non-employee directors are encouraged to periodically visit Company locations without senior corporate management being present.

Director Orientation and Education

The Company shall provide orientation for new directors. Such orientation shall include information concerning the Company's business and operations, as well as its corporate governance and other relevant matters, and shall be coordinated by the Secretary, under the guidance of the Corporate Governance Committee. The Company shall also provide continuing education for

A-6

Table of Contents

directors, which may include programs concerning topics of interest to directors, meetings with key management and visits to Company facilities.

Board Committees

The Board has established the following committees to assist the Board in discharging its responsibilities: the Audit Committee; the Compensation and Human Resources Committee; the Corporate Governance Committee; and the Compliance and Risk Committee. The Board may from time to time modify any of these Committees or establish new Committees.

The composition, responsibilities and other attributes of each Committee shall be specified in a Charter that shall be adopted by such Committee and approved by the Board. The Charters provide that each Committee will annually evaluate its performance.

Upon the recommendation of the Corporate Governance Committee, the Board of Directors shall appoint the Chairs and members of the Committees, each of whom shall serve at the discretion of the Board. In designating members of the Committees, the Board shall consider the extent to which Committee assignments should be rotated from time to time. While rotating Committee members should be considered periodically, the Board does not believe rotation should be mandated as a policy since there are significant benefits attributable to continuity, experience gained in service on particular committees and utilizing most effectively the individual talents of the directors.

The frequency, length and agenda of meetings of each Committee are determined by the Chair of the Committee, who may consult with members of the Committee and appropriate officers of the Company. Board members who are not members of a particular Committee are welcome to attend meetings of that Committee.

Each Committee's duties may be described briefly as follows:

Audit Committee. The Audit Committee's general purpose is to assist the Board in fulfilling its oversight responsibilities with respect to (1) the audits of Company's financial statements and the integrity of the Company's financial statements and internal controls; (2) the qualifications and independence of the Company's independent auditor (including the Committee's direct responsibility for the engagement of the independent auditor); (3) the performance of the Company's internal audit function and independent auditor; (4) the Company's accounting and financial reporting processes; and (5) the activity of the Company's internal control function, including reviewing decisions with respect to scope, risk assessment, testing plans, and organizational structure.

Compensation and Human Resources Committee. The Compensation and Human Resources Committee's general purpose is to assist the Board in fulfilling its responsibilities with respect to executive compensation and human resources matters, including (1) reviewing and approving corporate goals and objectives relevant to the compensation of the CEO; in coordination with the Corporate Governance Committee, evaluating his or her performance in light of those goals and objectives; and determining and approving his or her compensation based upon such evaluation; and (2) determining the compensation of senior executives other than the CEO, including determinations regarding equity-based and other incentive compensation awards.

Corporate Governance Committee. The Corporate Governance Committee's general purpose is to assist the Board in fulfilling its responsibilities with respect to the governance of the Company, and includes making recommendations to the Board concerning (1) the size and composition of the Board, the qualifications and independence of the directors, and the recruitment and selection of individuals to stand for election as directors; (2) the organization and operation of the Board, including the nature, size and composition of Committees, the

designation of Committee Chairs, the designation of a Lead Independent Director, Chairman of

the Board or similar position, and the process for distribution of information to the Board and its Committees; and (3) the compensation of non-employee directors.

Compliance and Risk Committee. The Compliance and Risk Committee's general purposes are (i) to provide general oversight to the Company's Risk and Compliance functions; (ii) to provide input to management in the identification, assessment and mitigation of enterprise-wide risks faced by the Company both internally and externally; and (iii) to provide recommendations to the Board with respect to its review of the Company's business practices and compliance activities and enterprise risk management.

It is the policy of the Board that all of the members of the Audit Committee, the Compensation and Human Resources Committee and the Corporate Governance Committee will be independent directors.

Communications with Stockholders and Other Interested Parties

The Board is interested in receiving communications from stockholders and other interested parties, which would include customers, suppliers and employees. Such parties may contact any member (or members) of the Board or any Committee, the non-employee directors as a group, or the Chair of any committee, by mail or electronically. In addition, the Audit Committee is interested in receiving communications from employees and other interested parties, which would include stockholders, customers and suppliers, on issues regarding accounting, internal accounting controls or auditing matters. Any such correspondence should be addressed to the appropriate person or persons, either by name or title, and sent by regular mail to the office of the Corporate Secretary at One CA Plaza, Islandia, New York 11749, or by e-mail to directors@ca.com.

The Board has determined that the following types of communications are not related to the duties and responsibilities of the Board and its committees and are, therefore, not appropriate: spam and similar junk mail and mass mailings; product complaints, product inquiries and new product suggestions; résumés and other job inquiries; surveys; business solicitations or advertisements; and any communication that is unduly hostile, threatening, illegal or similarly unsuitable. Each communication received as described above will be forwarded to the directors, unless the Corporate Secretary determines said communication is not appropriate. Regardless, certain of these communications will be forwarded to others in the Company for review and action, when appropriate, or to the directors upon request.

Management Development and Succession Planning

The Board, with recommendations from the Corporate Governance Committee and the Compensation and Human Resources Committee, shall approve and maintain a succession plan for the CEO. On an annual basis, the Corporate Governance Committee and the Compensation and Human Resources Committee shall present to the Board a report on succession planning for senior management and a report on management development.

Stock Ownership Requirements for Executives

Stock ownership requirements have been adopted under which all members of the Senior Leadership Team must achieve ownership thresholds based on a multiple of their base salary.

These Principles

These Principles shall be subject to review, at least annually, by the Board or the Corporate Governance Committee, and any changes deemed appropriate shall be adopted by the Board, on the recommendation of the Corporate Governance Committee.

2.2 Legend on Common Stock Certificates. Certificates for the Common Stock issued on or after the Payment Time but prior to the Separation Time shall evidence one Right for each share of Common Stock represented thereby and shall have impressed on, printed on, written on or otherwise affixed to them substantially the following legend:

Until the Separation Time (as defined in the Rights Agreement referred to below), this certificate also evidences and entitles the holder hereof to certain Rights as set forth in a Rights Agreement, dated as of November 5, 2009 (as such may be amended from time to time, the Rights Agreement),

between CA, Inc. (the Company) and Mellon Investor Services LLC, as Rights Agent, the terms of which are hereby incorporated herein by reference and a copy of which is on file at the principal executive offices of the Company.

Under certain circumstances, as set forth in the Rights Agreement, such Rights may be redeemed, may become exercisable for securities or assets of the Company or securities of another entity, may be exchanged for shares of Common Stock or other securities or assets of the Company, may expire, may become null and void (if they are

Beneficially Owned by an Acquiring Person or an Affiliate or Associate thereof, as such terms are defined in the Rights Agreement, or by any transferee of any of the foregoing) or may be evidenced by separate certificates and may no longer be evidenced by this certificate. The Company will mail or arrange for the mailing of a copy of the Rights Agreement to the holder of this certificate without charge after the receipt of a written request therefor.

Certificates representing shares of Common Stock that are issued and outstanding at the Payment Time shall, together with the letter mailed pursuant to Section 2.1, evidence one Right for each share of Common Stock evidenced thereby notwithstanding the absence of the foregoing legend.

If the Common Stock issued after the Payment Time but prior to the Separation Time shall be uncertificated, the registration of such Common Stock on the stock transfer books of the Company shall evidence one Right for each share of Common Stock represented thereby and the Company shall mail to every Person that holds such Common Stock a confirmation of the registration of such Common Stock on the stock transfer books of the Company, which confirmation will have impressed, printed, written or stamped thereon or otherwise affixed thereto the above legend. The Company shall mail or arrange for the mailing of a copy of this Agreement to any Person that holds Common Stock, as evidenced by the registration of the Common Stock in the name of such Person on the stock transfer books of the Company, without charge, after the receipt of a written request therefor.

2.3 Exercise of Rights; Separation of Rights. (a) Subject to Sections 3.1, 5.1 and 5.10 and subject to adjustment as herein set forth, each Right will entitle the holder thereof, at or after the Separation Time and prior to the Expiration Time, to purchase, for the Exercise Price, one one-thousandth of a share of Preferred Stock.

(b) Until the Separation Time, (i) no Right may be exercised and (ii) each Right will be evidenced by the certificate for the associated share of Common Stock (or, if the Common Stock shall be uncertificated, by the registration of the associated Common Stock on the stock transfer books of the Company and the confirmation thereof provided for in Section 2.2), together, in the case of certificates issued prior to the Payment Time, with the letter mailed to the record holder thereof pursuant to Section 2.1, and will be transferable only together with, and will be transferred by a transfer (whether with or without such letter or confirmation) of, such associated share.

(c) Subject to the terms and conditions hereof, at or after the Separation Time and prior to the Expiration Time, the Rights (i) may be exercised pursuant to Section 2.3(d) below and (ii) may be transferred independent of shares of Common Stock. Promptly following the Separation Time (provided that the Board of Directors of the Company has not elected to exchange all of the then outstanding Rights pursuant to Section 3.1(c)), the Rights Agent, if requested by the Company and provided with all necessary information, will mail to each holder of record of Common Stock as of the Separation Time (other than any Person whose Rights have become null and void pursuant to Section 3.1(b)), at such holder's address as shown by the records of the Company (the Company hereby agreeing to furnish copies of such records to the Rights Agent for this purpose) or the transfer agent or registrar for the Common Stock, (x) a certificate (a Rights Certificate) in substantially the form of Exhibit A hereto appropriately completed, representing the number of Rights held by such holder at the Separation Time and having such marks of identification or designation and such legends, summaries or endorsements printed thereon as the Company may deem appropriate and as are not inconsistent with the provisions of this Agreement and as do not affect the rights, liabilities, responsibilities or duties of the Rights Agent, or as may be required to comply with any law or with

any rule or regulation made pursuant thereto or with any rule or regulation of any national securities exchange or quotation system on which the Rights may from time to time be listed or traded (Trading Regulation), or to conform to usage, and (y) a disclosure statement describing the Rights; provided, however, that the Company shall have no obligation to distribute Rights Certificates to any Acquiring Person or Affiliate or Associate of an Acquiring Person or any transferee of any of the foregoing. Receipt of a Rights Certificate by any Person shall not preclude a later determination that such Rights are null and void pursuant to Section 3.1(b).

(d) Subject to the terms and conditions hereof, Rights may be exercised on any Business Day at or after the Separation Time and prior to the Expiration Time by submitting to the Rights Agent the Rights Certificate evidencing such Rights with an Election to Exercise (an Election to Exercise) substantially in the form attached to the Rights Certificate duly executed and properly completed, accompanied by payment in cash, or by certified or official bank check or money order payable to the order of the Company, of a sum equal to the Exercise Price multiplied by the number of Rights being exercised and a sum sufficient to cover any tax or charge which may be payable in respect of any transfer involved in the transfer or delivery of Rights Certificates or the issuance or delivery of certificates (or, if uncertificated, the registration on the stock transfer books of the Company) for shares or depositary receipts (or both) in a name other than that of the holder of the Rights being exercised.

(e) Upon receipt of a Rights Certificate, with a properly completed and duly executed Election to Exercise accompanied by payment as set forth in Section 2.3(d), and subject to the terms and conditions hereof, the Rights Agent will thereupon promptly (i)(A) requisition from any transfer agent stock certificates evidencing such number of shares or other securities to be purchased or, in the case of uncertificated shares or other securities, requisition from any transfer agent a notice setting forth such number of shares or other securities to be purchased for which registration will be made on the stock transfer books of the Company (the Company hereby irrevocably authorizing each such transfer agent to comply with all such requisitions), and (B) if the Company elects pursuant to Section 5.5 not to issue certificates (or effect registrations on the stock transfer books of the Company) representing fractional shares, requisition from the depositary selected by the Company depositary receipts representing the fractional shares to be purchased (the Company hereby irrevocably authorizes each such depositary agent to comply with such requisitions); (ii) when necessary to comply with this Agreement, requisition from the Company the amount of cash to be paid in lieu of fractional shares in accordance with Section 5.5; (iii) after receipt of such certificates, depositary receipts and/or notices, cause the same to be delivered to or upon the order of the registered holder of such Rights Certificate, registered in such name or names as may be designated by such holder; and (iv) when necessary to comply with this Rights Agreement, after receipt, promptly deliver such cash to or upon the order of the registered holder of such Rights Certificate.

(f) In case the holder of any Rights shall exercise less than all the Rights evidenced by such holder's Rights Certificate, a new Rights Certificate evidencing the Rights remaining unexercised will be issued by the Rights Agent to such holder or to such holder's duly authorized assigns.

(g) The Company covenants and agrees that it will (i) take all such action as may be necessary to ensure that all shares delivered (or evidenced by registration on the stock transfer books of the Company) upon exercise of Rights shall, at the time of delivery of the certificates (or registration) for such shares (subject to payment of the Exercise Price), be duly and validly authorized, executed, issued and delivered (or registered) and fully paid and nonassessable; (ii) take all such action as may be necessary to comply with any applicable requirements of the Securities Act and the Exchange Act, and the rules and regulations thereunder, and any other applicable law, rule or regulation, in connection with the issuance of any shares upon exercise of Rights; and (iii) pay when due and payable any and all federal and state taxes and charges which may be payable in respect of the original issuance or delivery of the Rights Certificates or of any shares issued upon the exercise of Rights, provided, that the Company shall not be required to pay any tax or charge which may be payable in respect of any transfer involved in the transfer or delivery of Rights Certificates or the

issuance or delivery of certificates (or the registration) for shares in a name other than that of the holder of the Rights being transferred or exercised.

(h) Notwithstanding anything in this Agreement to the contrary, neither the Rights Agent nor the Company shall be obligated to undertake any action with respect to the exercise or assignment of a Rights Certificate unless the registered holder of such Rights Certificate shall have (i) properly completed and duly signed the certificate following the form of assignment or the form of election to exercise, as applicable, set forth on the reverse side of the Rights Certificate surrendered for such exercise or assignment, (ii) provided such additional evidence of the identity of the Beneficial Owner (or former Beneficial Owner) thereof and of the rights evidenced thereby, and the Affiliates and Associates of such Beneficial Owner or former Beneficial Owner, as the Company or the Rights Agent may reasonably request and (iii) paid a sum sufficient to cover any tax or charge that may be imposed in connection with any transfer, split up, combination or exchange of Right Certificates as required under Section 2.3(d) hereof.

2.4 Adjustments to Exercise Price; Number of Rights. (a) In the event the Company shall at any time after the Record Time and prior to the Separation Time (i) declare or pay a dividend on Common Stock payable in Common Stock, (ii) subdivide the outstanding Common Stock or (iii) combine the outstanding Common Stock into a smaller number of shares of Common Stock, (x) the Exercise Price in effect after such adjustment will be equal to the Exercise Price in effect immediately prior to such adjustment divided by the number of shares of Common Stock including any fractional shares in lieu of which such holder received cash (the Expansion Factor) that a holder of one share of Common Stock immediately prior to such dividend, subdivision or combination would hold thereafter as a result thereof and (y) each Right held prior to such adjustment will become that number of Rights equal to the Expansion Factor, and the adjusted number of Rights will be deemed to be distributed among the shares of Common Stock with respect to which the original Rights were associated (if they remain outstanding) and the shares issued in respect of such dividend, subdivision or combination, so that each such share of Common Stock will have exactly one Right associated with it. Each adjustment made pursuant to this paragraph shall be made as of the payment or effective date for the applicable dividend, subdivision or combination.

In the event the Company shall at any time after the Record Time and prior to the Separation Time issue any shares of Common Stock otherwise than in a transaction referred to in the preceding paragraph, each such share of Common Stock so issued shall automatically have one new Right associated with it, which Right shall be evidenced by the certificate representing such share (or, if the Common Stock shall be uncertificated, such Right shall be evidenced by the registration of such Common Stock on the stock transfer books of the Company and the confirmation thereof provided for in Section 2.2). Rights shall be issued by the Company in respect of shares of Common Stock that are issued or sold by the Company after the Separation Time only to the extent provided in Section 5.3.

(b) In the event the Company shall at any time after the Record Time and prior to the Separation Time issue or distribute any securities or assets in respect of, in lieu of or in exchange for Common Stock (other than pursuant to any non-extraordinary periodic cash dividend or a dividend paid solely in Common Stock) whether by dividend, in a reclassification or recapitalization (including any such transaction involving a merger, consolidation or statutory share exchange), or otherwise, the Company shall make such adjustments, if any, in the Exercise Price, number of Rights and/or securities or other property purchasable upon exercise of Rights as the Board of Directors of the Company, in its sole discretion, may deem to be appropriate under the circumstances in order to adequately protect the interests of the holders of Rights generally, and the Company and the Rights Agent shall amend this Agreement as necessary to provide for such adjustments.

(c) Each adjustment to the Exercise Price made pursuant to this Section 2.4 shall be calculated to the nearest cent. Whenever an adjustment to the Exercise Price is made pursuant to this Section 2.4, the Company shall (i) promptly prepare a certificate setting forth such adjustment and a

Table of Contents

brief statement of the facts accounting for such adjustment and (ii) promptly file with the Rights Agent and with each transfer agent for the Common Stock a copy of such certificate. The Rights Agent shall be fully protected in relying on any such certificate and on any adjustment or statement therein contained and shall have no duty or liability with respect to, and shall not be deemed to have knowledge of, any adjustment or any such event unless and until it shall have received such a certificate.

(d) Rights Certificates shall represent the right to purchase the securities purchasable under the terms of this Agreement, including any adjustment or change in the securities purchasable upon exercise of the Rights, even though such certificates may continue to express the securities purchasable at the time of issuance of the initial Rights Certificates.

2.5 Date on Which Exercise is Effective. Each Person in whose name any certificate for shares is issued (or registration on the stock transfer books is effected) upon the exercise of Rights shall for all purposes be deemed to have become the holder of record of the shares represented thereby on the date upon which the Rights Certificate evidencing such Rights was duly surrendered and payment of the Exercise Price for such Rights (and any applicable taxes and other governmental charges payable by the exercising holder hereunder) was made; provided, however, that if the date of such surrender and payment is a date upon which the stock transfer books of the Company are closed, such Person shall be deemed to have become the record holder of such shares on, and such certificate (or registration) shall be dated, the next succeeding Business Day on which the stock transfer books of the Company are open.

2.6 Execution, Authentication, Delivery and Dating of Rights Certificates. (a) The Rights Certificates shall be executed on behalf of the Company by its Chairman of the Board, President or one of its Vice Presidents, under its corporate seal reproduced thereon attested by its Secretary or one of its Assistant Secretaries. The signature of any of these officers on the Rights Certificates may be manual or facsimile.

Rights Certificates bearing the manual or facsimile signatures of individuals who were at any time the proper officers of the Company shall bind the Company, notwithstanding that such individuals or any of them have ceased to hold such offices prior to the countersignature and delivery of such Rights Certificates.

Promptly after the Separation Time, the Company will notify in writing the Rights Agent of such Separation Time (and if such notification is given orally, the Company shall confirm same in writing on or prior to the Business Day next following) and will deliver Rights Certificates executed by the Company to the Rights Agent for counter-signature, and, subject to Sections 3.1(b) and 2.3(c), the Rights Agent shall manually or by facsimile countersign and deliver such Rights Certificates to the holders of the Rights pursuant to Section 2.3(c). Until the written notice provided for in this Section 2.6 is received by the Rights Agent, the Rights Agent may presume conclusively for all purposes that the Separation Time has not occurred. No Rights Certificate shall be valid for any purpose unless manually or by facsimile countersigned by the Rights Agent.

(b) Each Rights Certificate shall be dated the date of countersignature thereof.

2.7 Registration, Registration of Transfer and Exchange. (a) After the Separation Time, the Company will cause to be kept a register (the Rights Register) in which, subject to such reasonable regulations as it may prescribe, the Company will provide for the registration and transfer of Rights. The Rights Agent is hereby appointed Rights Registrar for the purpose of maintaining the Rights Register for the Company and registering Rights and transfers of Rights after the Separation Time as herein provided. In the event that the Rights Agent shall cease to be the Rights Registrar, the Rights Agent will have the right to examine the Rights Register at all reasonable times after the Separation Time.

After the Separation Time and prior to the Expiration Time, upon surrender for registration of transfer or exchange of any Rights Certificate, and subject to the provisions of Sections 2.7(c) and

(b) Except as otherwise provided in Section 3.1(b), all Rights issued upon any registration of transfer or exchange of Rights Certificates shall be the valid obligations of the Company, and such Rights shall be entitled to the same benefits under this Agreement as the Rights surrendered upon such registration of transfer or exchange.

(c) Every Rights Certificate surrendered for registration of transfer or exchange shall be duly endorsed, or be accompanied by a written instrument of transfer in form satisfactory to the Company or the Rights Agent, as the case may be, duly executed by the holder thereof or such holder's attorney duly authorized in writing. As a condition to the issuance of any new Rights Certificate under this Section 2.7, the Company may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto.

(d) The Company shall not register the transfer or exchange of any Rights which have become null and void under Section 3.1(b), been exchanged under Section 3.1(c) or been redeemed under Section 5.1.

2.8 Mutilated, Destroyed, Lost and Stolen Rights Certificates. (a) If any mutilated Rights Certificate is surrendered to the Rights Agent prior to the Expiration Time, then, subject to Sections 3.1(b), 3.1(c) and 5.1, the Company shall execute and the Rights Agent shall countersign and deliver in exchange therefor a new Rights Certificate evidencing the same number of Rights as did the Rights Certificate so surrendered.

(b) If there shall be delivered to the Company and the Rights Agent prior to the Expiration Time (i) evidence to their satisfaction of the destruction, loss or theft of any Rights Certificate and (ii) such security or indemnity as may be required by them to save each of them and any of their agents harmless, then, subject to Sections 3.1(b), 3.1(c) and 5.1 and in the absence of written notice to the Company or the Rights Agent that such Rights Certificate has been acquired by a bona fide purchaser, the Company shall execute and upon its written request the Rights Agent shall countersign and, if requested by the Company and provided with all necessary information, deliver, in lieu of any such destroyed, lost or stolen Rights Certificate, a new Rights Certificate evidencing the same number of Rights as did the Rights Certificate so destroyed, lost or stolen.

(c) As a condition to the issuance of any new Rights Certificate under this Section 2.8, the Company may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Rights Agent) connected therewith. The Rights Agent shall have no duty or obligation to take any action under any Section of this Agreement which requires the payment by a Rights holder of applicable taxes and/or governmental charges unless and until it is satisfied that all such taxes and/or governmental charges have been paid.

(d) Every new Rights Certificate issued pursuant to this Section 2.8 in lieu of any destroyed, lost or stolen Rights Certificate shall evidence an original additional contractual obligation of the Company, whether or not the destroyed, lost or stolen Rights Certificate shall be at any time enforceable by anyone, and, subject to Section 3.1(b), shall be entitled to all the benefits of this Agreement equally and proportionately with any and all other Rights duly issued hereunder.

2.9 Persons Deemed Owners. Prior to due presentment of a Rights Certificate (or, prior to the Separation Time, the associated Common Stock certificate or notice of transfer, if uncertificated) for registration of transfer, the Company, the Rights Agent and any agent of the Company or the Rights Agent may deem and treat the Person in whose name such Rights Certificate (or, prior to the Separation Time, such Common Stock certificate or Common Stock

registration, if uncertificated) is

registered as the absolute owner thereof and of the Rights evidenced thereby for all purposes whatsoever, including the payment of the Redemption Price, and neither the Company nor the Rights Agent shall be affected by any notice to the contrary. As used in this Agreement, unless the context otherwise requires, the term holder of any Rights shall mean the registered holder of such Rights (or, prior to the Separation Time, the associated shares of Common Stock).

2.10 *Delivery and Cancellation of Certificates.* All Rights Certificates surrendered upon exercise or for registration of transfer or exchange shall, if surrendered to any Person other than the Rights Agent, be delivered to the Rights Agent and, in any case, shall be promptly cancelled by the Rights Agent. The Company may at any time deliver to the Rights Agent for cancellation any Rights Certificates previously countersigned and delivered hereunder which the Company may have acquired in any manner whatsoever, and all Rights Certificates so delivered shall be promptly cancelled by the Rights Agent. No Rights Certificates shall be countersigned in lieu of or in exchange for any Rights Certificates cancelled as provided in this Section 2.10, except as expressly permitted by this Agreement. The Rights Agent shall destroy all cancelled Rights Certificates and deliver to the Company a certificate attesting to such destruction.

2.11 *Agreement of Rights Holders.* Every holder of Rights by accepting the Rights, consents and agrees with the Company and the Rights Agent and with every other holder of Rights that:

- (a) prior to the Separation Time, each Right will be transferable only together with, and will be transferred by a transfer of, the associated share of Common Stock;
- (b) after the Separation Time, the Rights Certificates will be transferable only on the Rights Register as provided herein;
- (c) prior to due presentment of a Rights Certificate (or, prior to the Separation Time, the associated Common Stock certificate or Common Stock registration, if uncertificated) for registration of transfer, the Company, the Rights Agent and any agent of the Company or the Rights Agent may deem and treat the Person in whose name the Rights Certificate (or, prior to the Separation Time, the associated Common Stock certificate or Common Stock registration, if uncertificated) is registered as the absolute owner thereof and of the Rights evidenced thereby for all purposes whatsoever, and neither the Company nor the Rights Agent shall be affected by any notice to the contrary;
- (d) Rights Beneficially Owned by certain Persons will, under the circumstances set forth in Section 3.1(b), become null and void;
- (e) this Agreement may be supplemented or amended from time to time in accordance with its terms; and
- (f) the power and authority delegated to the Board of Directors pursuant to this Agreement shall be exclusive and shall be as set forth in Section 5.14.

ARTICLE III

ADJUSTMENTS TO THE RIGHTS IN
THE EVENT OF CERTAIN TRANSACTIONS

3.1 *Flip-in.* (a) In the event that prior to the Expiration Time a Flip-in Date shall occur, except as otherwise provided in this Section 3.1, each Right shall constitute the right to purchase from the Company, upon exercise thereof in accordance with the terms hereof (but subject to Section 5.10), that number of shares of Common Stock having an aggregate Market Price on the Stock Acquisition Date that gave rise to the Flip-in Date equal to twice the Exercise Price for an amount in cash equal to the Exercise Price (such right to be appropriately adjusted in order to protect the interests of the holders of Rights generally in the event that on or after such Stock Acquisition Date any of the events

described in Section 2.4(a) or (b), or any analogous event, shall have occurred with respect to the Common Stock).

(b) Notwithstanding the foregoing, any Rights that are or were Beneficially Owned on or after the Stock Acquisition Date by an Acquiring Person or an Affiliate or Associate thereof, or by any transferee, direct or indirect, of any of the foregoing shall become null and void and any holder of such Rights (including transferees, whether direct or indirect, of any such Persons) shall thereafter have no right to exercise or transfer such Rights under any provision of this Agreement. If any Rights Certificate is presented for assignment or exercise and the Person presenting the same will not complete the certification set forth at the end of the form of assignment or notice of election to exercise or, if requested, will not provide such additional evidence, including without limitation, the identity of the Beneficial Owner and their Affiliates and Associates (or former Beneficial Owners and their Affiliates and Associates) as the Company or the Board of Directors of the Company shall reasonably request in order to determine if such Rights are null and void, then the Company shall be entitled conclusively to deem the Rights to be Beneficially Owned by an Acquiring Person or an Affiliate or Associate thereof or a transferee of any of the foregoing and accordingly will deem the Rights evidenced thereby to be null and void and not transferable, exercisable or exchangeable.

(c) The Board of Directors of the Company may, at its option, at any time after a Flip-in Date and prior to the time that an Acquiring Person becomes the Beneficial Owner of more than 50% of the outstanding shares of Common Stock, elect to exchange all (but not less than all) the then outstanding Rights (which shall not include Rights that have become null and void pursuant to the provisions of Section 3.1(b)) for shares of Common Stock at an exchange ratio of one share of Common Stock per Right, appropriately adjusted in order to protect the interests of holders of Rights generally in the event that after the Separation Time any of the events described in Section 2.4(a) or (b), or any analogous event, shall have occurred with respect to the Common Stock (such exchange ratio, as adjusted from time to time, being hereinafter referred to as the Exchange Ratio).

Immediately upon the action of the Board of Directors of the Company electing to exchange the Rights, without any further action and without any notice, the right to exercise the Rights will terminate and each Right (other than Rights that have become null and void pursuant to Section 3.1(b)), whether or not previously exercised, will thereafter represent only the right to receive a number of shares of Common Stock equal to the Exchange Ratio. The exchange of the Rights by the Board of Directors may be made effective at such time, on such basis and with such conditions as the Board of Directors in its sole discretion may establish. Promptly after the action of the Board of Directors electing to exchange the Rights, the Company shall give written notice thereof (specifying the steps to be taken to receive shares of Common Stock in exchange for Rights) to the Rights Agent and the holders of the Rights (other than Rights that have become null and void pursuant to Section 3.1(b)) outstanding immediately prior thereto by mailing such notice in accordance with Section 5.9.

Before effecting an exchange pursuant to this Section 3.1(c), the Board of Directors may direct the Company to enter into a Trust Agreement in such form and with such terms as the Board of Directors shall then approve (the Trust Agreement). If the Board of Directors so directs, the Company shall enter into the Trust Agreement and shall issue to the trust created by such agreement (the Trust) all or some (as designated by the Board of Directors) of the shares of Common Stock (or other securities) issuable pursuant to the exchange, and all holders of Rights entitled to receive shares pursuant to the exchange shall be entitled to receive such shares (and any dividends paid or distributions made thereon after the date on which such shares are deposited in the Trust) only from the Trust and solely upon compliance with the relevant terms and provisions of the Trust Agreement. Prior to effecting an exchange and registering shares of Common Stock (or other such securities) in any Person's name, including any nominee or transferee of a Person, the Company may require (or cause the trustee of the Trust to require), as a condition thereof, that any holder of Rights provide evidence, including, without limitation, the identity of the Beneficial Owners thereof and their Affiliates and Associates (or former Beneficial Owners thereof and their Affiliates and Associates) as the

Company or the Board of Directors of the Company shall reasonably request in order to determine if such Rights are null and void. If any Person shall fail to comply with such request, the Company shall be entitled conclusively to deem the Rights formerly held by such Person to be null and void pursuant to Section 3.1(b) and not transferable or exercisable or exchangeable in connection herewith. Any shares of Common Stock or other securities issued at the direction of the Board in connection herewith shall be validly issued, fully paid and nonassessable shares of Common Stock or of such other securities (as the case may be), and the Company shall be deemed to have received as consideration for such issuance a benefit having a value that is at least equal to the aggregate par value of the shares so issued.

Each Person in whose name any certificate for shares is issued (or for whom any registration on the stock transfer books of the Company is made) upon the exchange of Rights pursuant to this Section 3.1(c) or Section 3.1(d) shall for all purposes be deemed to have become the holder of record of the shares represented thereby on, and such certificate (or registration on the stock transfer books of the Company) shall be dated (or registered as of), the date upon which the Rights Certificate evidencing such Rights was duly exchanged or deemed exchanged by the Company and payment of any applicable taxes and other governmental charges payable by the holder was made; provided, however, that if the date of such exchange and payment is a date upon which the stock transfer books of the Company are closed, such Person shall be deemed to have become the record holder of such shares on, and such certificate (or registration on the stock transfer books of the Company) shall be dated (or registered as of), the next succeeding Business Day on which the stock transfer books of the Company are open.

(d) Whenever the Company shall become obligated under Section 3.1(a) or (c) to issue shares of Common Stock upon exercise of or in exchange for Rights, the Company, as determined by the Board of Directors of the Company, may substitute therefor shares of Preferred Stock, at a ratio of one one-thousandth of a share of Preferred Stock for each share of Common Stock so issuable, subject to adjustment.

(e) In the event that there shall not be sufficient treasury shares or authorized but unissued shares of Common Stock or Preferred Stock of the Company to permit the exercise in full of the Rights in accordance with Section 3.1(a) or if the Company so elects to make the exchange referred to in Section 3.1(c), to permit the issuance of all shares pursuant to the exchange, the Company shall either (i) call a meeting of stockholders seeking approval to cause sufficient additional shares to be authorized (provided that if such approval is not obtained the Company will take the action specified in clause (ii) of this sentence) or (ii) take such action as shall be necessary to ensure and provide, as and when and to the maximum extent permitted by applicable law and any agreements or instruments in effect on the Stock Acquisition Date (and remaining in effect) to which it is a party, that each Right shall thereafter constitute the right to receive, (x) in the case of any exercise in accordance with Section 3.1(a), at the Company's option as determined by the Board of Directors, either in return for the Exercise Price, debt or equity securities or other assets (or a combination thereof) having a fair value equal to twice the Exercise Price, or without payment of consideration (except as may be required for the valid issuance of securities or otherwise required by applicable law), debt or equity securities or other assets (or a combination thereof) having a fair value equal to the Exercise Price, or (y) in the case of an exchange of Rights in accordance with Section 3.1(c), debt or equity securities or other assets (or a combination thereof) having a fair value equal to the product of the Market Price of a share of Common Stock on the Flip-in Date times the Exchange Ratio in effect on the Flip-in Date, where in any case set forth in (x) or (y) above the fair value of such debt or equity securities or other assets (or a combination thereof) shall be as determined in good faith by the Board of Directors of the Company, after consultation with a nationally recognized investment banking firm.

3.2 Flip-over. (a) Prior to the Expiration Time, the Company shall not enter into any agreement with respect to, consummate or permit to occur any Flip-over Transaction or Event unless and until it shall have entered into a supplemental agreement with the Flip-over Entity, for the benefit of the

holders of the Rights (the terms of which shall be reflected in an amendment to this Agreement entered into with the Rights Agent), providing that, upon consummation or occurrence of the Flip-over Transaction or Event (1) each Right shall thereafter constitute the right to purchase from the Flip-over Entity, upon exercise thereof in accordance with the terms hereof, that number of shares of Flip-over Stock of the Flip-over Entity having an aggregate Market Price on the date of consummation or occurrence of such Flip-over Transaction or Event equal to twice the Exercise Price for an amount in cash equal to the Exercise Price (such right to be appropriately adjusted in order to protect the interests of the holders of Rights generally in the event that after such date of consummation or occurrence any of the events described in Section 2.4(a) or (b), or any analogous event, shall have occurred with respect to the Flip-over Stock) and (2) the Flip-over Entity shall thereafter be liable for, and shall assume, by virtue of such Flip-over Transaction or Event and such supplemental agreement, all the obligations and duties of the Company pursuant to this Agreement.

(b) Prior to the Expiration Time, unless the Rights will be redeemed pursuant to Section 5.1 pursuant to an agreement entered into by the Company prior to a Flip-in Date, the Company shall not enter into any agreement with respect to, consummate or permit to occur any Flip-over Transaction or Event if (i) at the time thereof there are any rights, warrants or securities outstanding or any other arrangements, agreements or instruments that would eliminate or otherwise diminish in any material respect the benefits intended to be afforded by this Rights Agreement to the holders of Rights upon consummation of such transaction, (ii) prior to, simultaneously with or immediately after such Flip-over Transaction or Event, the stockholders of the Person who constitutes, or would constitute, the Flip-over Entity shall have received a distribution of Rights previously owned by such Person or any of its Affiliates or Associates, or (iii) the form or nature of organization of the Flip-over Entity would preclude or limit the exercisability of the Rights.

(c) The provisions of this Section 3.2 shall apply to successive Flip-over Transactions or Events.
