PROXY STATEMENT

The Board of Directors of PACCAR Inc issues this proxy statement to solicit proxies for use at the Annual Meeting of Stockholders on April 27, 2004, at the Meydenbauer Center in Bellevue, Washington. This proxy statement includes information about the business matters that will be voted upon at the meeting. The proxy statement and proxy form were first sent to stockholders on or about March 15, 2004.

GENERAL INFORMATION

Voting Rights

Stockholders eligible to vote at the meeting are those identified as owners at the close of business on the record date, March 1, 2004. Each outstanding share of common stock is entitled to one vote on all items presented at the meeting. At the close of business on March 1, 2004, the Company had 175,413,375 shares of common stock outstanding and entitled to vote.

Stockholders may vote in person at the meeting or by proxy. Execution of a proxy does not affect the right of a stockholder to attend the meeting. **The Board recommends that stockholders exercise their right to vote by promptly completing and returning the proxy form either by mail, telephone, or the Internet.**

Voting by Proxy

Mark C. Pigott and Gerald Grinstein are designated proxy holders to vote shares on behalf of stockholders at the 2004 Annual Meeting. The proxy holders are authorized to:

vote shares as instructed by the stockholders who have properly completed and returned the proxy form;

vote shares as recommended by the Board when stockholders have executed and returned the proxy form, but have given no instructions; and

vote shares at their discretion on any matter not identified in the proxy form that is properly brought before the Annual Meeting.

The Trustee for the PACCAR Inc Savings Investment Plan (the SIP Plan) votes shares held in the SIP Plan according to each member's instructions on the proxy form. If the proxy form is not returned or is returned without voting instructions, the Trustee will vote the shares in direct proportion to the shares for which it has received timely voting instructions, as provided for in the SIP Plan.

Proxy Voting Procedures

The proxy form allows registered stockholders to vote in one of three ways:

Mail. Stockholders may complete, sign, date, and return the proxy form in the pre-addressed, postage-paid envelope provided.

Telephone. Stockholders may call the toll-free number listed on the proxy form and follow the voting instructions given.

Internet. Stockholders may access the Internet address listed on the proxy form and follow the voting instructions given.

Telephone and Internet voting procedures authenticate each stockholder by using a control number. The voting procedures will confirm that your instructions have been properly recorded. Stockholders who vote by telephone or Internet should not return the proxy form.

Table of Contents

Stockholders who hold shares through a broker or agent should follow the voting instructions received from that broker or agent.

Revoking Proxy Voting Instructions. A proxy may be revoked by a later-dated proxy or by written notice to the Secretary of the Company at any time before it is voted. Stockholders who hold shares through a broker should contact the broker or other agent if they wish to change their vote after executing the proxy.

Online Delivery of Annual Meeting Materials

PACCAR's 2003 annual report and the 2004 proxy statement are available on PACCAR's website at www.paccar.com/corp/finance.asp. Registered stockholders who previously elected to receive these documents electronically and now wish to receive paper copies of the annual report and proxy statement may contact the Company's transfer agent, Wells Fargo Shareowner Services, at 1.800.468.9716 or visit www.econsent.com/pcar/. Stockholders who hold PACCAR stock in street name must contact their bank or broker to change their election and receive paper copies of the annual report and proxy statement.

Registered stockholders can receive future proxy statements and annual reports in electronic format, instead of receiving paper documents, by registering at www.econsent.com/pcar/. Stockholders who hold PACCAR stock in street name may inquire of their bank or broker about the availability of electronic receipt of future annual meeting materials.

Stockholders who choose electronic receipt of annual meeting materials will receive a notice when the proxy materials become available with instructions on how to access them over the Internet.

Multiple Stockholders Sharing the Same Address

Registered stockholders at a shared address who would like to discontinue receipt of multiple copies of the annual report and proxy statement in the future should contact Wells Fargo Shareowner Services at 1.877.602.7615 or P.O. Box 64854, St. Paul, Minnesota 55164-0854. Street name stockholders at a shared address who would like to discontinue receipt of multiple copies of the annual report and proxy statement in the future should contact their bank or broker.

Some street name stockholders elected to receive one copy of the 2003 Annual Report and 2004 Proxy Statement at a shared address prior to the 2004 Annual Meeting. If those stockholders now wish to change that election, they may do so by contacting their bank, broker, or PACCAR at 425.468.7520, P.O. Box 1518, Bellevue, Washington 98009.

Vote Required and Method of Counting Votes

The presence at the Annual Meeting, in person or by duly authorized proxy, of a majority of all the stock issued and outstanding and having voting power shall constitute a quorum for the transaction of business.

Item 1: Election of Directors

Directors are elected by a plurality of the votes cast for the election of directors. If a stockholder does not vote for the election of directors because the authority to vote is withheld, because the proxy is not returned, because the broker holding the shares does not vote, or because of some other reason, the shares will not count in determining the total number of votes for each nominee. The Company's Certificate of Incorporation does not provide for cumulative voting. Proxies signed but returned unmarked will be voted **FOR** the nominees for Class III Director.

If any nominee is unable to act as director because of an unexpected occurrence, the proxy holders may vote the proxies for another person or the Board of Directors may reduce the number of directors to be elected.

Item 2: Amendment of the Certificate of Incorporation

The affirmative vote of two-thirds (2/3) of the shares outstanding is required for the adoption of an amendment of the Certificate of Incorporation to increase the number of authorized common shares. If the

Table of Contents

abstain box on the proxy is checked, it will count as a vote against the proposal. Proxies that are signed and returned unmarked will be voted **FOR** the proposal. Brokers who hold shares in accounts for their clients and are not given instructions on how to vote on this proposal do not have discretion to vote and should return the proxy unmarked on Item 2 (a broker nonvote). Broker nonvotes will count as a vote against the proposal.

Item 3: Amendments to the Restricted Stock and Deferred Compensation Plan

To be approved, the Plan amendments must receive the affirmative vote of a majority of shares present in person or by proxy and entitled to vote at the Annual Meeting. Abstentions will count as a vote against Item 3. Broker nonvotes do not affect the voting calculations. Proxies that are signed and returned unmarked will be voted **FOR** Item 3.

Items 4 and 5: Stockholder Proposals

To be approved, each item must receive the affirmative vote of a majority of shares present in person or by proxy and entitled to vote at the Annual Meeting. Abstentions will count as a vote against each item. Broker nonvotes do not affect the voting calculations. Proxies that are signed and returned unmarked will be voted **AGAINST** Items 4 and 5.

Expenses of Solicitation

Expenses for solicitation of proxies will be paid by the Company. Solicitation will be by mail, except for any facsimile, telephone, or personal solicitation by directors, officers, and employees of the Company, which will be made without additional compensation. The Company will request banks and brokers to solicit proxies from their customers and will reimburse those banks and brokers for reasonable out-of-pocket costs for this solicitation.

BOARD GOVERNANCE

The Board of Directors has determined that the following persons are independent directors as defined by NASDAQ Rule 4200: John M. Fluke, Jr., Gerald Grinstein, David K. Newbigging, James C. Pigott, William G. Reed, Jr., Harry C. Stonecipher, and Harold A. Wagner.

Stockholders may contact the Board of Directors by writing to: The Board of Directors, PACCAR Inc, 11th Floor, P.O. Box 1518, Bellevue, WA 98009 or by e-mailing PACCAR.Board@paccar.com. The Corporate Secretary will receive, process, and acknowledge receipt of all written communications. Suggestions or concerns involving accounting, internal controls or auditing matters will be directed to the audit committee chairman. Concerns regarding other matters will be directed to the individual director or committee named. If no identification is made, the matter will be directed to the executive committee of the Board.

The Board of Directors met four times during 2003, and each member attended at least 75% of the combined total of meetings of the Board of Directors and the committees of the Board on which each served. All PACCAR directors are expected to attend each annual stockholder meeting. All directors attended the 2003 annual stockholder meeting. The Board has four standing committees. The members of each committee are listed below with the chairman of each committee listed first:

Audit Committee	Compensation Committee	Executive Committee	Nominating Committee
W. G. Reed, Jr.	G. Grinstein	M. C. Pigott	J. C. Pigott
J. M. Fluke, Jr.	J. M. Fluke, Jr.	J. C. Pigott	G. Grinstein
H. C. Stonecipher	D. K. Newbigging	W. G. Reed, Jr.	D. K. Newbigging
H. A. Wagner			

The Audit Committee selects and evaluates the independent auditors and approves all services they provide; it reviews reports of independent auditors, internal auditors, and the annual financial statements; and monitors the effectiveness of the audit process, financial reporting, and the corporate compliance programs. The Committee met three times in 2003.

The Compensation Committee reviews and approves salaries and other compensation matters for executive officers. It administers the Long Term Incentive Plan (LTI Plan), the Senior Executive Yearly Incentive Compensation Plan (SEI Plan), and the Deferred Incentive Compensation Plan (DIC Plan). The Committee met five times in 2003.

Table of Contents

The Executive Committee acts on routine Board matters when the Board is not in session. The Committee did not meet or take action in 2003.

The Nominating Committee selects candidates for election to the Board of Directors and considers nominees recommended by stockholders. All director nominees must be approved by a majority of the Board's independent directors. The Committee met four times in 2003.

COMPENSATION OF DIRECTORS

In 2003, each director who was not an employee was entitled to an annual retainer of \$60,000, of which \$50,000 is paid in cash and \$10,000 is paid in restricted stock under the Restricted Stock and Deferred Compensation Plan for Non-Employee Directors (RSDC Plan). The Company also paid non-employee directors a fee of \$7,500 for each Board meeting attended and \$5,000 for each committee meeting attended, unless the meeting was held by telephone. A single meeting attendance fee was paid when a board and committee meeting were held on the same day. Non-employee directors may elect to defer all or a part of their cash retainer and fees to an income account or to a stock unit account under the RSDC Plan.

ITEM 2: PROPOSAL TO AMEND CERTIFICATE OF INCORPORATION TO INCREASE AUTHORIZED COMMON SHARES

It is recommended that the stockholders adopt an amendment to the Fourth Article of the Certificate of Incorporation to increase the authorized number of shares of common stock of the Company from 200 million (200,000,000) to 400 million (400,000,000). The par value of the common stock of the company will remain at \$1 per share and the authorized number and par value of shares of preferred stock will not change. The proposed amendment and the language currently in effect are set forth as Appendices A and B, respectively, to this proxy statement. As in the past, each share of common stock will be entitled to one vote and no holder of common stock will have any preemptive rights.

The authorized capital stock of the Company consists of 200 million shares of common stock and one million shares of preferred stock. On February 5, 2004, the Company paid a 50% stock dividend to stockholders. As a result, the Company had issued and outstanding 175,413,375 shares of common stock on March 1, 2004. No preferred stock is outstanding (see chart below).

Authorized Capital Stock

Currently Authorized	Par Value	After Amendment	Par Value
Preferred 1,000,000	No par	1,000,000	No par
Common 200,000,000	\$1 per share	400,000,000	\$1 per share

Management believes it is desirable to increase the number of authorized common shares. This action will provide the Company with flexibility in the future by assuring availability of sufficient authorized but unissued common stock for possible acquisitions, stock splits, stock dividends, financing requirements and other corporate purposes without the necessity of further stockholder action.

It is possible that the issuance of additional common stock may result in some dilution of the voting rights of existing stockholders as the shares become more widely distributed. It could make an unsolicited acquisition more difficult. The Certificate of Incorporation presently contains the following provisions previously approved by stockholders which may discourage unsolicited takeover attempts: (1) affirmative vote of two-thirds of the outstanding shares entitled to vote is required to approve a merger, consolidation, dissolution or sale of substantially all the Company's assets or to change the Bylaws or the Certificate of Incorporation; (2) a person who acquires 20% of the Company's outstanding common stock must purchase the remaining shares in any subsequent merger or other business combination at the highest price paid for any of the initial shares acquired; (3) the Board of Directors is divided into three equal classes, each class being elected annually for a three-year term; (4) directors may be removed only with the approval of two-thirds vote

Table of Contents

of outstanding common shares entitled to vote; and (5) stockholder action may be taken only during a duly called meeting of stockholders.

Further, the Company's Bylaws provide that a special stockholders' meeting may be called by a majority of the Board of Directors. The Bylaws also require stockholders to give timely notice prior to an annual meeting of any matter they wish to present or nomination they wish to make for election to the Board.

In December 1998, the Board of Directors approved a Rights Agreement designed to protect the Company against abusive takeover attempts. A dividend of one preferred share purchase right (the Rights) was declared on each outstanding share of common stock. The Rights become exercisable when a person or group (an Acquiring Person) publicly announces its intention to acquire or acquires 15% or more of the Company's common stock. After such an announcement, each Right entitles the holder to purchase for \$200.00 a fractional share of Company preferred stock designed to have a market value equal to the market value of a common share. If an Acquiring Person acquires 15% or more of the common stock, a holder of a Right (other than the Acquiring Person) will then be entitled to receive, upon exercise of the Right, shares of PACCAR common stock having a market value of two times the exercise price of \$200.00. In the event the Company is acquired in a merger, each holder of a Right will be entitled to receive upon exercise of the Right shares of common stock of the Acquiring Company having a market value of two times the exercise price. At any time after an Acquiring Person acquires more than 15% but less than 50% of the Company's common stock, the Board of Directors may exchange the Rights, in whole or in part, at a ratio of one common share per Right.

ITEM 3: PROPOSAL TO APPROVE AMENDMENTS TO THE PACCAR Inc. RESTRICTED STOCK AND DEFERRED COMPENSATION PLAN FOR NON-EMPLOYEE DIRECTORS

The Company recommends to the stockholders the approval of the amended and restated PACCAR Inc Restricted Stock and Deferred Compensation Plan (RSDC Plan) for Non-Employee Directors. The Plan was first approved by the stockholders in 2000.

Description of the Amendments. The purpose of the amendments is to increase the shares available under the plan from 112,500 to 487,500 (as adjusted for intervening stock dividends) and to increase the dollar amount used to determine the annual restricted stock award from \$10,000 to \$60,000 effective January 1, 2004. If the amendments are not approved, the RSDC Plan will continue in effect pursuant to its prior terms.

Stock Available for Grants. As of December 31, 2003, 84,099 shares are available for issuance under the Plan (as adjusted for the February 5, 2004 stock dividend). The Plan reserves shares of PACCAR common stock for benefits under this Plan, which shall be authorized but unissued shares of stock or treasury shares. The Board of Directors may adjust the number of shares granted to prevent dilution in the event of a stock split, a stock dividend, or other event that increases or decreases the number or value of issued and outstanding shares.

Summary of Benefits. Under the Plan, each non-employee director receives a grant of restricted stock annually in addition to the cash compensation discussed above. There are currently seven non-employee directors. Effective January 1, 2004, the number of shares granted will be determined by dividing sixty thousand dollars (\$60,000) by the fair market value of PACCAR Inc common stock on the grant date. The grant date is the first business day of each calendar year. Plan participants have all the rights of a stockholder with respect to the restricted shares from the date of the grant, including the right to vote the shares and to receive cash dividends on those shares. Each grant is evidenced by a written Restricted Stock Grant Agreement.

The restricted shares cannot be sold or otherwise transferred for three years from the grant date. Shares that have not been held for the three-year holding period at the time the director terminates service with the company are forfeited unless termination is due to mandatory retirement, disability, or death. In those circumstances restricted shares are not forfeited and immediately become unrestricted.

Table of Contents

The Plan also allows non-employee directors to defer their cash compensation into an income account with interest at a variable rate or into a stock unit account representing the value of an equal number of shares of PACCAR stock. Stock units are credited with dividend equivalents in the same amount as dividends paid on PACCAR shares. Upon retirement or termination from the Board the stock unit account will be paid out in shares of PACCAR stock. The director may elect to receive payment from the income account in a lump sum or in installments over a period of up to 15 years.

New Plan Benefits. The following table sets forth the dollar amount of the Plan benefits in each fiscal year. If the Plan amendments are approved, each non-employee director, including each nominee for election as a director, will receive 1,073 shares of PACCAR stock in 2004 determined according to the Plan formula.

Name and Position	Dollar Value
Non-Executive Director Group(7)	\$420,000

Plan Administration. The Plan is administered by the Executive Committee of the Board of Directors. The Committee has sole discretion to make all determinations necessary for Plan administration. Its decisions are binding.

Amendment or Termination. The Board of Directors or the Executive Committee may amend or terminate the Plan at any time. Approval by the Company's stockholders shall be obtained only if required by law.

Change in Control. In the event of a change in control all restricted stock will become unrestricted. Deferred accounts will be payable within 30 days from the date the change in control occurs.

Federal Tax Consequences. Grants of restricted stock are taxable to the non-employee director as ordinary income in the year the grant becomes unrestricted unless the director elects to be taxed in the year the stock is granted under IRS Section 83(b). Deferred compensation accounts are taxable as ordinary income in the year received. The Company is entitled to receive a corresponding deduction for the year that monies are included in the non-employee director's taxable income.

Effective Date and Duration. The Plan amendments are effective January 1, 2004 upon approval by the Company's stockholders and shall remain in effect until terminated.

The text of the amended Plan is set forth in Appendix C to this proxy statement. The foregoing summary of its principal features does not purport to be complete and is subject to and qualified in its entirety by Appendix C.

Awards are tied to achieving Company, business unit and individual goals over a three-year performance period. Company performance goals are based on the Company's financial performance relative to a select group of companies with similar business characteristics. Business unit and individual performance goals are based on financial and strategic objectives approved by the Compensation Committee on an individual basis.

The target amount will be earned if Company financial performance ranks above at least half of the Selected Companies and individual and business unit performance are at 100% of goal. The maximum award amount will be earned if Company financial performance ranks above all the comparison companies and business unit and individual performance are at least 150% of goal. No award will be earned if the Company's financial performance ranks below 75% of the Selected Companies and business unit and individual performance are below 75% of goal.

PENSION PLAN

The following table shows the estimated annual retirement benefit payable to participating employees, including the Named Officers, under the Company's noncontributory retirement plan and Supplemental Retirement Plan:

Remuneration	Years of Service

\$ 400,000	\$ 86,702	\$ 115,603	\$ 144,504	\$ 173,405	\$ 202,306
1,000,000	221,702	295,603	369,504	443,405	517,306
1,600,000	356,702	475,603	594,504	713,405	832,306
2,200,000	491,702	655,603	819,504	983,405	1,147,306
2,800,000	626,702	835,603	1,044,504	1,253,405	1,462,306

The Company's noncontributory retirement plan has been in effect since 1947. The Named Officers participate in this plan on the same basis as other salaried employees. The plan provides benefits based on years of service and salary. The benefit for each year of service, up to a maximum of 35 years, is equal to 1% of salary plus 0.5% of salary in excess of the Social Security Covered Compensation level. Salary is defined as the average of the highest 60 consecutive months of an employee's cash compensation, which includes those amounts reported in the Salary and Bonus columns of the Summary Compensation Table, but it excludes compensation under the LTI Plan. Years of credited service as of December 31, 2003 for the Named Officers are: M. C. Pigott, 25 years; D. J. Hovind, 35 years; M. A. Tembreull, 33 years; T. E. Plimpton, 27 years; and N. P. Panza, 22 years.

The Company's unfunded Supplemental Retirement Plan provides a retirement benefit to those affected by the maximum benefit limitations permitted for qualified plans by the Internal Revenue Code and to those deferring incentive compensation bonuses. The benefit is equal to the amount of normal pension benefit

reduction resulting from the application of maximum benefit and salary limitations and the exclusion of deferred incentive compensation bonuses from the retirement plan benefit formula.

The Pension Plan Table illustrates approximate retirement benefits at age 65, based on single life annuity amounts. The benefit listed is not subject to any deduction for Social Security or other offset amounts.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors has furnished the following report on executive compensation:

Under the supervision of the Compensation Committee, the Company has designed its executive pay programs to provide a direct link between Company performance and executive compensation. These programs have been in use for a number of years. The compensation of executive officers under these programs is determined annually by the Compensation Committee, which is composed exclusively of independent directors.

The Company believes that its executive compensation package should be sufficient to attract and retain highly qualified executives and should provide meaningful incentives for measurably superior performance. The Company's executive compensation is comprised of three main components: (i) base salaries; (ii) annual cash bonuses intended to focus maximum effort on achieving profitability, individually assigned objectives, and the highest level of product quality; and (iii) long-term incentives in the form of stock options and cash awards intended to focus efforts on achieving long-term growth in net income, return on sales, and return on capital.

Base Salaries. Salary surveys, including surveys provided by outside consultants, are used to compare base salaries to comparable positions at companies with which the Company competes for executive talent. These surveys include data from a wide variety of Fortune 500 vehicle manufacturing and other large manufacturing companies, including all of the selected companies described in the LTI Plan discussed below (the Selected Companies). The surveys include all of the nine companies which comprise the peer group index used in the performance graph set forth later in this proxy statement. The Committee believes it is important to include companies that make up the peer group index and to also include organizations with which the Company competes in the broader market for executive talent. According to the surveys, the base salaries of the Company's executive officers, including its Chief Executive Officer, were in the median range of the salaries paid by the companies surveyed.

Annual Cash Bonuses. Annual cash bonuses may range from 0% up to 96% of the executive officer's base salary. For the Chief Executive Officer and other Named Officers, bonuses are awarded under the Senior Executive Yearly Incentive Compensation Plan based on Company performance relative to an overall profit goal established annually by the Compensation Committee. The Committee in its sole discretion may reduce or eliminate any award otherwise earned by the Chief Executive Officer or a Named Officer based on an assessment of individual performance. For all other Executive Officers, bonuses are awarded based upon Company performance relative to an overall profit goal approved by the Compensation Committee and the attainment of one or more individual goals approved by the Chief Executive Officer. In general, these goals involve factors such as the financial performance of the business units for which the executive has direct responsibility, profitability or return on investment, as well as non-financial performance criteria such as market share improvement, product quality, new product development, production efficiencies, and similar specific individual assignments. The individual goals are changed annually, and a level of importance is assigned to each goal on a percentage basis. The calculation of the bonus takes into account both the level of achievement and the assigned importance of the goal. The achievement of each goal is determined separately, and no bonus for a specific goal is paid unless at least 70% of that goal is achieved. The bonuses earned in 2003 and paid in 2004 reflect achievement greater than 100% of the Company's overall profit goal for 2003.

Long Term Incentives. Given the cyclical nature of the Company's business, long term incentives are awarded under the LTI Plan based on a three-year performance period and are provided through annual grants of stock options and cash incentives. The Compensation Committee determines a target award for each

Table of Contents

executive officer, expressed as a percentage of salary at the date the award is granted. The target award is allocated 85% to stock options and 15% to the cash incentive award. Stock options become exercisable at the end of the three-year performance period and are intended to link the interests of key employees directly with stockholders' interests through increased individual stock ownership. The exercise price of the stock options is the market price at the time of grant.

A significant portion (25% to 100%) of the long term cash incentive award is based on overall Company performance measured in terms of the Company's rank in compound growth of net income, return on sales, and return on capital (weighted equally) when compared to the Selected Companies. The list of Selected Companies, which is periodically revised by the Compensation Committee, has been used for this comparison for a number of years. The Selected Companies are chosen because, in the judgment of the Company's compensation consultants and the Compensation Committee, they are the most directly comparable to the Company in size and nature of business. The Selected Companies include all nine companies that make up the peer group index in the performance graph set forth below.

The remaining portion of the long term cash incentive award is based upon business unit and individual objectives that involve factors similar to those described above for the annual cash bonus, but are measured over a three-year performance cycle. The cash incentive award is based on the Committee's evaluation of each executive's achievement of performance objectives during the preceding three years. The target amount will be earned if the Company's financial performance ranks above at least half of the Selected Companies (the Comparative Performance Goal) and business unit and individual performance are at 100% of goal. The maximum award amount will be earned if the Company's financial performance ranks above all of the Selected Companies and business unit and individual performance are at least 150% of goal. No award will be earned if the Company's financial performance ranks below 75% of the Selected Companies and business unit and individual performance are below 75% of goal.

The cash awards paid in 2003 for the three-year cycle ended in 2002 reflect an achievement greater than 100% of the Comparative Performance Goal. The incentive cash awards for each executive officer for the three-year cycle ended in 2003 had not been determined on the date this proxy statement was prepared.

Chief Executive Officer's Compensation. The Chief Executive Officer's compensation is comprised of the same components as other executives: (i) base salary; (ii) an annual cash bonus; and (iii) a long-term incentive in the form of stock options and a cash award.

The Chief Executive Officer's 2003 annual cash bonus was based entirely on the Company's profit goal. The annual bonus earned in 2003 and paid in 2004 reflects an achievement greater than 100% of the goal for 2003. The cash portion of the long-term incentive was based 100% on the Company's performance during the three-year cycle as compared to the Selected Companies. For the three-year cycle ended in 2002, Company performance resulted in goal achievement greater than 100% of the Comparative Performance Goal. The incentive cash award for the three-year cycle ended in 2003 had not been determined on the date this proxy statement was prepared.

The LTI Plan and the SEI Plan are structured to allow the Company to preserve tax deductions for performance-based executive compensation under Section 162(m) of the Internal Revenue Code.

STOCKHOLDER RETURN PERFORMANCE GRAPH

The following line graph compares the yearly percentage change in the cumulative total stockholder return on the Company's common stock to the cumulative total return of the Standard & Poor's Composite 500 Stock Index and the return of an industry peer group of companies identified in the graph (the Peer Group Index) for the last five fiscal years ending December 31, 2003. Standard & Poor's has calculated a return for each company in the Peer Group Index weighted according to its respective capitalization at the beginning of each period with dividends reinvested on a monthly basis. Management believes that the identified companies and methodology used in the graph for the Peer Group Index provides a better comparison than other indices available. The Peer Group Index includes ArvinMeritor, Inc., Caterpillar Inc., Cummins Inc., Dana Corp., Deere & Co., Eaton Corp., Ingersoll-Rand Co. Ltd., Navistar International Corp., and Oshkosh Truck Corp. The comparison assumes that \$100 was invested December 31, 1998, in the Company's common stock and in the stated indices and assumes reinvestment of dividends.

In accordance with the proxy regulations, the following is the complete text of each proposal exactly as submitted. The Company accepts no responsibility for the proposals.

ITEM 4: STOCKHOLDER PROPOSAL REGARDING SHAREHOLDER RIGHTS PLAN

Shareholder Input on a Poison Pill

RESOLVED: Shareholders request that our Directors increase shareholder voting rights and submit the adoption, maintenance or extension of any poison pill to a shareholder vote. Also once this proposal is adopted, dilution or removal of this proposal is requested to be submitted to a shareholder vote at the earliest possible shareholder election. Directors have discretion to set the earliest election date and in responding to shareholder votes.

We as shareholders voted in support of this topic:

Year	Rate of Support
2002	48%
2003	42%

These percentages are based on yes and no votes cast. I believe this level of shareholder support is significant because this support followed our Directors' objections. I believe these results are more impressive than the raw percentages because greater than 12% of our stock was held by insiders in 2003.(1)

I believe that the above votes and the additional votes in 2003 for:

Annual Election of Each Director	44% Support
Independent Board Chairman	26% Support

are a sign of shareholder concern that corporate governance status quo is not acceptable at our company.

The poison pill vote topic also won an overall 60% yes-vote at 79 companies in 2003.(2) I believe our two consecutive votes greater than 40% are a strong signal of shareholder concern. I do not see why our Directors object to this proposal because it gives our Directors the flexibility to overrule our input and then ignore our shareholder vote if our Directors seriously believe they have a good reason.

Poison Pill Negative

That's the key negative of poison pills - instead of protecting investors, they can also preserve the interests of management deadwood as well.

The Potential of a Tender Offer Can Motivate Our Directors

Hectoring directors to act more independently is a poor substitute for the bracing possibility that shareholders could sell the company out from under its present management.

Diluted Stock

There are often reasons that hostile takeovers should fail. But anti-democratic schemes to flood the market with diluted stock are not one of them.

BOARD OF DIRECTORS RESPONSE

THE BOARD OF DIRECTORS OPPOSES THE PROPOSED RESOLUTION AND UNANIMOUSLY RECOMMENDS A VOTE AGAINST ITEM 4 FOR THE FOLLOWING REASONS:

The Board of Directors maintains a shareholder rights plan (poison pill) to ensure that the Company s stockholders will receive fair value for their investment in the Company in the event of a change in control or takeover. Similar rights plans (poison pills) have been adopted by a majority of the corporations included in the Fortune 500.

The Board initially adopted a shareholder rights plan in December 1989. The Board adopted a new rights plan that became effective in February 1999 (the Rights Plan). The Rights Plan was renewed because the Board believes the Rights Plan safeguards the interests of the stockholders.

The Rights Plan encourages potential acquirers to negotiate in good faith directly with the Board, which is in the best position to evaluate the adequacy and fairness of proposed offers, and to negotiate on behalf of all stockholders.

The Rights Plan is designed to protect stockholders against potential abuses during the takeover process, such as creeping acquisitions of the Company s stock in the open market, hostile tender offers made at less than full and fair price, partial tender offers that discriminate among stockholders, and other abusive practices that can be used to deprive all stockholders of the ability to get a full and fair price for all of their shares.

The Rights Plan is not intended to and will not prevent a takeover on terms determined by the Board to be fair and equitable to all stockholders, nor is it intended as a deterrent to a stockholder s initiation of a proxy contest. If the Board determines that an offer adequately reflects the value of the Company and is in the best interests of all stockholders, the Plan provides that the Board may redeem the Rights Plan.

Delaware law imposes a fiduciary duty on the Board to act in the best interests of the Company s stockholders and to oppose unfair takeover offers. Courts have recognized that rights plans are a useful and legitimate tool available to directors in fulfilling these fiduciary responsibilities to stockholders. The Company s directors fiduciary duties and governance responsibilities to the Company s stockholders are paramount when evaluating the merits of any acquisition proposal.

The Board believes that the adoption or extension of a stockholder rights plan is within the scope of responsibilities of the Board, acting on behalf of the stockholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST ITEM 4.

ITEM 5: STOCKHOLDER PROPOSAL REGARDING PERFORMANCE-BASED RESTRICTED STOCK GRANTS

Resolved, that the shareholders of PACCAR Inc (Company) hereby request that the Board of Directors Compensation Committee, in developing future senior executive equity compensation plans, utilize

(3) Council of Institutional Investors Corporate Governance Policies, updated September 4, 2003.

Table of Contents

performance and time-based restricted share programs in lieu of stock options. Restricted shares issued by the Company should include the following features:

- (1) Operational Performance Measures The restricted share program should utilize justifiable operational performance criteria combined with challenging performance benchmarks for each criteria utilized. The performance criteria and associated performance benchmarks selected by the Compensation Committee should be clearly disclosed to shareholders.
- (2) Time-Based Vesting A time-based vesting requirement of at least three years should also be a feature of the restricted shares program. That is, in addition to the operational performance criteria, no restricted shares should vest in less than three years from the date of grant.
- (3) Dividend Limitation No dividend or proxy voting rights should be granted or exercised prior to the vesting of the restricted shares.
- (4) Share Retention In order to link shareholder and management interests, a retention feature should also be included; that is, all shares granted pursuant to the restricted share program should be retained by the senior executives for the duration of their tenure with the Company.

The Board and Compensation Committee should implement this restricted share program in a manner that does not violate any existing employment agreement or equity compensation plan.

Supporting Statement: As long-term shareholders of the Company, we support executive compensation policies and practices that provide challenging performance objectives and serve to motivate executives to achieve long-term corporate value creation goals. The Company's executive compensation program should include a long-term equity compensation component with clearly defined operational performance criteria and challenging performance benchmarks.

We believe that performance and time-based restricted shares are a preferred mechanism for providing senior executives long-term equity compensation. We believe that stock option plans, as generally constituted, all too often provide extraordinary pay for ordinary performance. In our opinion, performance and time-based restricted shares provide a better means to tie the levels of equity compensation to meaningful financial performance beyond stock price performance and to condition equity compensation on performance above that of peer companies.

Our proposal recognizes that the Compensation Committee is in the best position to determine the appropriate performance measures and benchmarks. It is requested that detailed disclosure of the criteria be made so that shareholders may assess whether, in their opinion, the equity compensation system provides challenging targets for senior executives to meet. In addition, the restricted share program prohibits the receipt of dividends and the exercise of voting rights until shares vest.

We believe that a performance and time-based restricted share program with the features described above offers senior executives the opportunity to acquire significant levels of equity commensurate with their long-term contributions. We believe such a system best advances the long-term interests of our Company, its shareholders, employees and other important constituents. We urge shareholders to support this reform.

BOARD OF DIRECTORS RESPONSE

THE BOARD OF DIRECTORS OPPOSES THE PROPOSED RESOLUTION AND UNANIMOUSLY RECOMMENDS A VOTE AGAINST ITEM 5 FOR THE FOLLOWING REASONS:

PACCAR's executive long term compensation program is designed to provide a direct link between Company performance and executive compensation. The Board believes that PACCAR's existing program of stock options and performance-based cash awards is properly designed and appropriately aligns the interests of executives with those of PACCAR stockholders.

Table of Contents

Many of the Proponent's suggestions for executive compensation already exist in PACCAR's executive compensation program. For example:

Under PACCAR's Long Term Incentive Plan (LTI Plan), 100% of the three-year performance-based cash award for four of the five Named Officers is based on objective measures of Company performance versus a peer group as described in the LTI Plan.

PACCAR stock options have a three-year vesting cycle and are awarded at fair market value on the date of grant. An executive who is no longer a participant in the LTI Plan forfeits unvested options.

No dividend or voting rights attach to unexercised stock options.

Effective in 2003, PACCAR accounts for its stock options as an expense. Thus, the cost of stock options to stockholders is similar to that of restricted stock.

PACCAR grants stock options with an exercise price equal to the fair market value on the date the stock option is granted which aligns the interests of executives and stockholders. Executives do not receive any benefit unless the stock price increases above the grant price. **In contrast, the holders of performance-based restricted stock benefit even if the stock price falls below the fair market value on the date the stock option is granted.**

PACCAR's return to stockholders has exceeded the returns of the S&P 500 Index for the past one-, five- and ten-year periods. PACCAR has generated a net income for 65 consecutive years and has paid cash dividends to stockholders since 1941. The Board of Directors believes PACCAR stockholders are best served by continuing the existing executive long term compensation program of stock options and performance-based cash awards. PACCAR shareholders have benefited from the Company's superior performance and the rigorous application of the proven long-term stock option plan.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST ITEM 5.

4. Awards of Restricted Stock

(a) On (January 1, 2004) and on the first business day of each calendar year thereafter for the duration of the PLAN (the GRANT DATE), each person who is a NON-EMPLOYEE DIRECTOR shall receive a grant of RESTRICTED STOCK in an amount to be determined in accordance with the following formula: the number of shares of RESTRICTED STOCK granted to each NON-EMPLOYEE DIRECTOR each calendar year shall be determined by (i) dividing sixty thousand dollars (\$60,000) by the FAIR MARKET VALUE of the COMMON STOCK on the GRANT DATE, and (ii) rounding the resulting number up to the nearest whole share.

(b) Shares of RESTRICTED STOCK shall become unrestricted on the third anniversary of the applicable GRANT DATE subject to the provisions of Section 10. Shares of RESTRICTED STOCK may not be resold or otherwise transferred by a GRANTEE until such shares become unrestricted in accordance with the provisions of this Section 4(b).

(c) Each RESTRICTED STOCK grant shall be evidenced by a written RESTRICTED STOCK GRANT AGREEMENT that shall be executed by the GRANTEE and an authorized COMPANY representative which shall indicate the date of the RESTRICTED STOCK award, the number of shares of COMMON STOCK awarded, and contain such terms and conditions as the COMMITTEE shall determine with respect to such RESTRICTED STOCK grant consistent with the PLAN.

5. Shares of Stock Subject to the Plan

There shall be reserved for use under the PLAN (subject to the provisions of Section 8 hereof) a total of 487,500 shares of COMMON STOCK, which shares may be authorized but unissued shares of COMMON STOCK, treasury shares, or issued shares of COMMON STOCK that shall have been reacquired by the COMPANY.

6. Dividend, Voting, and Other Shareholder Rights

Except as otherwise provided in the PLAN, each GRANTEE shall have all of the rights of a shareholder of the COMPANY with respect to all outstanding shares of RESTRICTED STOCK registered in his name, including the right to receive dividends and other distributions paid or made with respect to such shares and the right to vote such shares.

7. Deferral of Compensation

In addition to the grant of RESTRICTED STOCK a NON-EMPLOYEE DIRECTOR may elect, on or before December 31 of any year, to defer payment of at least 25% of the cash compensation to be paid to

the NON-EMPLOYEE DIRECTOR for services as a COMPANY director during the following calendar year. Before the term of a new NON-EMPLOYEE DIRECTOR begins, he may elect to defer payment for the remainder of the first calendar year of his term.

Each participating NON-EMPLOYEE DIRECTOR may elect to have all or a portion of his cash compensation placed into one or both of two unfunded accounts maintained by the COMPANY (hereafter DEFERRED ACCOUNTS).

(a) *Stock Unit Account.* The initial account balance will be equal to the number of shares of COMMON STOCK that the amount deferred could have purchased at the FAIR MARKET VALUE on the date the NON-EMPLOYEE DIRECTOR'S cash compensation is payable. Thereafter any dividends earned will be treated as if those dividends had been invested in additional shares of COMMON STOCK at the FAIR MARKET VALUE on the date the dividend is payable. Payment from the PACCAR Stock Unit Account will be in shares of COMMON STOCK from those authorized under Section 5 of this PLAN. Fractional shares will be paid in cash.

(b) *Income Account.* Interest shall accrue on the balance in the account commencing as of the date the NON-EMPLOYEE DIRECTOR'S cash compensation is payable. Interest is credited at a rate equal to the

simple combined average of the monthly Aa Industrial Bond yield averages for the immediately preceding calendar quarter as reported in Moody's Bond Record. Interest is compounded quarterly.

8. Adjustments to the Number or Value of Shares of Common Stock

If there are any changes in the number or value of shares of COMMON STOCK by reason of stock dividends, stock splits, reverse stock splits, recapitalizations, mergers, consolidations, or other events that increases or decreases the number or value of issued and outstanding shares of COMMON STOCK, the BOARD OF DIRECTORS or COMMITTEE may make such adjustments as it shall deem appropriate, in order to prevent dilution or enlargement of rights. This provision does not, however, authorize the delivery of a fractional share of COMMON STOCK under the PLAN.

9. Non-Transferability

Shares of RESTRICTED STOCK and any DEFERRED ACCOUNTS shall not be assigned, attached, or otherwise subject to any creditor's process or transferred by the GRANTEE except by will or the laws of descent and distribution, or pursuant to a trust created for the benefit of the NON-EMPLOYEE DIRECTOR or his family or pursuant to a qualified domestic relations order as defined by the Internal Revenue Code, Title I of ERISA or the rules thereunder. The restrictions set forth in Section 4(b) shall apply to the shares of RESTRICTED STOCK in the hands of the trustee or NON-EMPLOYEE DIRECTOR'S former spouse.

10. Termination of Status as a Non-Employee Director

(a) In the event of a TERMINATION by reason of MANDATORY RETIREMENT, disability, or death all shares of RESTRICTED STOCK held by the GRANTEE shall become fully vested, notwithstanding the provisions of Section 4(b) hereof, and the GRANTEE (or the GRANTEE'S estate or a person who acquired the shares of RESTRICTED STOCK by bequest or inheritance) shall have the right to resell or transfer such shares at any time.

(b) In the event of a TERMINATION for any reason other than those specified in subparagraph (a) above, any shares of RESTRICTED STOCK granted hereunder shall be forfeited and the GRANTEE shall return to the COMPANY for cancellation any stock certificates representing such forfeited shares which shall be deemed to be canceled and no longer outstanding as of the date of TERMINATION; and from and after the date of TERMINATION, the GRANTEE shall cease to be a shareholder with respect to such forfeited shares and shall have no dividend, voting, or other rights with respect thereto.

(c) Upon TERMINATION for any reason, any balance in the deferred Stock Unit Account in Section 7(a) will be paid in shares of COMMON STOCK. Payment from the Income Account in Section 7(b) will be paid in a lump sum or, if the NON-EMPLOYEE DIRECTOR elects, in quarterly, semi-annual, or annual installments over a period not in excess of 15 years.

(d) Notwithstanding the provisions of subparagraphs (a) through (c) above, the BOARD OF DIRECTORS may, in its sole discretion, establish different terms and conditions pertaining to the effect of TERMINATION to the extent permitted by applicable federal and state law.

11. Change in Control

Upon the occurrence of a change in control of the Company, all time periods relating to shares of RESTRICTED STOCK becoming unrestricted shall be accelerated so that all such shares immediately become unrestricted. Any DEFERRED ACCOUNTS will be payable within 30 days of the change in control in a lump sum.

12. Plan Administration

The PLAN will be administered by the Executive Committee of the BOARD OF DIRECTORS (the COMMITTEE). The COMPANY will pay all costs of administration of the PLAN. The COMMITTEE

shall have sole discretion to interpret the PLAN, amend and rescind rules relating to its implementation and make all determinations necessary for administration of the PLAN. Any determination, decision, or action of the COMMITTEE in connection with the interpretation, administration, or application of the PLAN shall be final, conclusive, and binding on all persons. The COMMITTEE may employ consultants or other persons and rely upon their advice. All elections taken and all determinations made by the COMMITTEE in good faith shall be final and binding upon all GRANTEES, the COMPANY, and all interested persons. No member of the COMMITTEE shall be personally liable for any action, determination, or interpretation made in good faith with respect to the PLAN.

The COMMITTEE may make such amendments or modifications in the terms and conditions of any grant of RESTRICTED STOCK as it may deem advisable, or cancel or annul any grant of RESTRICTED STOCK, provided, however, that no such amendment, modification, cancellation or annulment may, without the consent of the GRANTEE, adversely affect his rights with respect to such grant.

13. Tax Withholding

To the extent required by law, the GRANTEE may make such arrangements satisfactory to the COMPANY to satisfy any tax withholding or employment tax obligations resulting from the grant of RESTRICTED STOCK.

14. Amendment and Termination of the Plan

The BOARD OF DIRECTORS or the COMMITTEE may at any time suspend, terminate, modify or amend the PLAN in any respect; provided, however, shareholder approval of any PLAN amendment shall be obtained only if required by law or the requirements of any stock exchange on which the COMMON STOCK is listed or quoted. No suspension, termination, modification, or amendment of the PLAN may, without the consent of the GRANTEE, adversely affect his rights with respect to the RESTRICTED STOCK granted to such GRANTEE or his DEFERRED ACCOUNTS.

15. Beneficiary Designation

Each NON-EMPLOYEE DIRECTOR may designate a beneficiary for each outstanding grant of RESTRICTED STOCK and for payment of his DEFERRED ACCOUNTS in the event of his death. If no beneficiary is designated or the beneficiary does not survive the NON-EMPLOYEE DIRECTOR, the award shall be made to the NON-EMPLOYEE DIRECTOR'S surviving spouse or, if there is none, to his estate.

16. Effective Date of the Plan and Duration

This PLAN, as amended, will become effective January 1, 2004 upon approval by the shareholders of the COMPANY and will remain in effect until terminated by the COMMITTEE or the BOARD OF DIRECTORS.

APPENDIX E

PACCAR Inc Audit Committee Pre-Approval Policy

I. Statement of Principles

The Audit Committee is required to pre-approve the audit and non-audit services performed by the independent auditor in order to assure that the provision of such services does not impair the auditor's independence. Unless a type of service to be provided by the independent auditor has received general pre-approval, it will require specific pre-approval by the Audit Committee. Any proposed services exceeding pre-approved cost levels will require specific pre-approval by the Audit Committee.

The appendices to this Policy describe the Audit, Audit-related, Tax and All Other services that have the pre-approval of the Audit Committee. The amounts approved for such services will be documented in the minutes of the Audit Committee meeting and adjusted for any supplemental specific pre-approvals. The term of any pre-approval is for the designated calendar year, unless the Audit Committee specifically provides for a different period. At the request of the Audit Committee, Management will provide an update of actual fees incurred, plus an estimate of fees to be incurred for the remainder of the approval period. The Audit Committee will periodically revise the list of pre-approved services based on subsequent determinations.

II. Delegation

The Audit Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated shall report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The Audit Committee does not delegate its responsibilities to pre-approve services performed by the independent auditor to management.

III. Audit Services

The annual Audit services engagement terms and fees will be subject to the specific pre-approval of the Audit Committee. Audit Committee approval is required for any changes in terms, conditions and fees resulting from changes in audit scope, Company structure or other matters.

In addition to the annual Audit services engagement approved by the Audit Committee, the Audit Committee may grant pre-approval for Other Audit services, as described in Appendix A, which are those services that only the independent auditor reasonably can provide. The Audit Committee has pre-approved the Audit services outlined in Ernst & Young's signed annual engagement letter. All Other Audit services not listed in the engagement letter must receive general pre-approval or be separately pre-approved by the Audit Committee.

IV. Audit-Related Services

Audit-related services are assurance and related services that are reasonably related to the performance of the audit or review of PACCAR Inc's financial statements and that are traditionally performed by the independent auditor. The Audit Committee believes that the provision of Audit-related services does not impair the independence of the auditor, and has pre-approved the Audit-related services listed in Appendix B. All other Audit-related services not listed in Appendix B must be separately pre-approved by the Audit Committee.

V. Tax Services

The Audit Committee believes that the independent auditor can provide Tax services to PACCAR Inc such as tax compliance, tax planning and tax advice without impairing the auditor's independence. However, the Audit Committee will not permit the retention of the independent auditor in connection with a transaction initially recommended by the independent auditor, the purpose of which may be tax avoidance and the tax treatment of which may not be supported in the Internal Revenue Code and related regulations. The Audit

Table of Contents

Committee has pre-approved the Tax services listed in Appendix C. All Tax services involving large and complex transactions not listed in Appendix C must be separately pre-approved by the Audit Committee.

VI. All Other Services

The Audit Committee may grant pre-approval to those permissible non-audit services classified as All Other services that it believes are routine and recurring services, and would not impair the independence of the auditor. The Audit Committee has pre-approved the All Other services listed in Appendix D. Permissible All Other services not listed in Appendix D must be separately pre-approved by the Audit Committee.

A list of the SEC's prohibited non-audit services is attached to this policy as Exhibit 1. The SEC's rules and relevant guidance should be consulted to determine the precise definitions of these services and the applicability of exceptions to certain of the prohibitions.

VII. Pre-Approval Fee Levels

Pre-approval fee levels for all services to be provided by the independent auditor will be established periodically by the Audit Committee. Any proposed services exceeding these levels will require specific pre-approval by the Audit Committee.

VIII. Supporting Documentation

With respect to each service proposed for pre-approval, the independent auditor will provide detailed back-up documentation, which will be provided to the Audit Committee upon request, regarding the specific services provided or to be provided.

IX. Procedures

Requests or applications to provide services that require separate approval by the Audit Committee will be submitted to the Audit Committee by both the independent auditor and the Vice President-Controller, and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence.
