Independent Auditors Report

To the Participants and Board of Directors

Parker-Hannifin Corporation

Parker Retirement Savings Plan

We have audited the accompanying statements of net assets available for benefits of the Parker Retirement Savings Plan as of December 31, 2002 and 2001, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Parker Retirement Savings Plan as of December 31, 2002 and 2001, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule listed in the accompanying index is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Investment Valuation**

The investments in Parker-Hannifin Corporation (the Company) common shares, Key Trust Employee Benefits Value Equity, Money Market, and Fixed Income Funds, PIMCO Total Return Fund, ING Small Company Fund, Capital Guardian International Equity Fund, the Vanguard Institutional Index Fund, the Washington Mutual Investors Fund, the Janus Fund, the SSgA S & P 500 Index Fund, and the John Hancock Technology Fund are valued at quoted market prices as of the last reported trade price on the last business day of the period. The Parker Retirement Savings Plan (the Plan) presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses from the sale of investments and the unrealized appreciation (depreciation) on investments held by the Plan.

Management believes that the Plan's investments are well diversified and do not create a significant concentration of credit risk. Participants assume all risk in connection with any decrease in the market price of any securities in all the Funds. Although the annual rates of return with respect to the contracts held in the Contract Income Fund are guaranteed by major insurance and bank companies, the Company does not make any representations as to the financial capability of such companies or their ability to make payments under the contracts.

**Contributions**

Participants may make contributions on a before-tax and/or after-tax basis. Contributions from employees and the Company are recorded in the period that payroll deductions are made from Plan participants.

Company contributions are invested solely in a non-participant directed ESOP Fund, which holds primarily Company stock.

**Other**

Purchases and sales of securities are reflected on a trade-date basis.

Dividend income is recorded on the ex-dividend date. Interest and other income are recorded as earned on the accrual basis.

## Edgar Filing: PARKER HANNIFIN CORP - Form 11-K

Costs incident to the purchase and sale of securities, such as brokerage commissions and stock transfer taxes, as well as investment advisory fees, are charged to the funds to which they relate and are netted against interest income. Certain costs and expenses incurred in administering the Plan are paid out of the Plan's assets and the Company pays the remainder.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Benefit distributions are recorded when paid.

The Plan is subject to Sections 401(a) and 401(k) of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was amended and restated effective January 1, 1999 to reflect certain operational and administrative changes and to comply with tax legislative changes.

Parker-Hannifin Corporation Contributions

The Company contributes an amount equal to 100% of the first 3% of the before-tax contributions and, effective May 1, 2001, an amount equal to 50% of the 4<sup>th</sup> percent and 5<sup>th</sup> percent of the contribution. Prior to May 1, 2001, the Company contributed an amount equal to 25% of the 4<sup>th</sup> percent and 5<sup>th</sup> percent of the before-tax contribution. The Company may also match after-tax contributions, but matches only 25% of the 4<sup>th</sup> percent and 5<sup>th</sup> percent of after-tax contributions. Company contributions match the before-tax contributions prior to the after-tax contributions. Company match contributions are invested in the ESOP Fund. A participant age 55 or older, with 10 or more years of participation in the Plan, may transfer a portion of the shares of stock in the ESOP Fund to any of the investment funds within the Plan.

Participant Loans

The Plan has a loan provision which allows an active participant to borrow a minimum of \$500 (actual dollars) and up to the lesser of a) 50% of their account balance or b) \$50,000 (actual dollars) less the largest outstanding loan balance he/she had in the last 12 months. The loan must be repaid, with interest equal to the prime rate at the time the loan is entered into plus 1%, over a period from 1 year to 4 1/2 years for a general purpose loan and up to ten years for a residential loan. Participant loans are valued at cost, which approximates fair value.

Participant Accounts

The Plan utilizes the unit value method for allocating Plan earnings for all funds. Unit values are determined on a daily basis and exclude contributions receivable and benefits payable.

3. VESTING, WITHDRAWALS AND DISTRIBUTIONS

Participants are fully vested at all times. In general, a participant's account is only paid out after termination of employment, but under certain circumstances, a participant may withdraw in cash a portion of his/her before- and/or after-tax contributions, subject to certain limitations and restrictions.

After a participant terminates employment for any reason, all amounts are distributable to the participant or if the participant is deceased, to the participant's designated beneficiary. The distribution may be deferred until the age of 70½ if the participant's interest exceeds \$5,000 (actual dollars). Distribution is in cash either in a single payment, quarterly installments, or by purchase of an annuity, except that amounts held in the Company Stock Fund and ESOP Fund may be distributed in the form of common shares or cash, as the participant elects.

Dividends received by the ESOP Fund with respect to allocated Company shares are either paid to the participants at the end of each Plan year or reinvested, at the participants' election.

During calendar 2002, the plan was amended to allow union employees at Green Camp, Ohio; Youngstown, Ohio; Hicksville, Ohio; and Minneapolis, Minnesota (Gresen) to participate. During calendar year 2001, the Plan was amended to allow union employees at Kalamazoo, Michigan; Springfield, Kentucky; and Minneapolis, Minnesota to participate.

Participants may elect to contribute, through payroll deductions, not less than 1% nor more than 30% of their total compensation for a Plan year and may change such percentage upon request. Such contributions can be made on a before tax basis only.

5. NOTES PAYABLE

Notes payable at December 31, 2002 and 2001 consisted of the following:

	<u>2002</u>	<u>2001</u>
Amortizing Notes, 6.34% due 2008	\$ 71,708	\$ 83,001
Senior Notes, 7.08% due 2009	9,230	14,243
	<u>\$ 80,938</u>	<u>\$ 97,244</u>

The 6.34% Amortizing Notes are guaranteed by the Company and call for payment of principal and interest semi-annually through July 15, 2008. The ESOP Fund uses company contributions and cash dividends received on unallocated shares to repay the loan plus interest.

The 7.08% Senior Notes were transferred to the ESOP Fund on December 31, 2001 as part of the merger of the Commercial Intertech Employee Stock Ownership Plan as discussed in Note 12. The 7.08% Senior Notes are guaranteed by the Company and call for payment of interest semiannually on June 30th and December 31<sup>st</sup> and the payment of principal annually on December 31<sup>st</sup>. Company contributions and cash dividends received on unallocated shares are used to repay the loan plus interest.

The shares purchased with the proceeds from these borrowings are held in suspense in the ESOP Fund (referred to as unallocated shares), to be released and allocated to participant s accounts periodically in full or partial satisfaction of the Company s matching contribution obligations.

Edgar Filing: PARKER HANNIFIN CORP - Form 11-K

8. CONTRACT INCOME FUND

Reported in aggregate for the Contract Income Fund (including cash and cash equivalents) at December 31:

	2002	2001
Contract Value of Assets	\$ 284,846	\$ 220,078
Fair Value of Assets	\$ 297,004	\$ 224,404
Average Yield of Assets	5.39%	5.68%
Return on assets for the 12 months ended December 31	5.61%	6.17%
Duration	2.85 Years	2.49 Years

The above information at December 31, 2001 does not include investment contracts with a fair value of \$11,671 held in a common-collective trust.

The above information is provided in compliance with the AICPA Statement of Position 94-4 (SOP 94-4). SOP 94-4 requires that fair value be based upon the standard discounted cash flow methodology as referred to in the Statement of Financial Accounting Standards No. 107. To arrive at the above aggregate fair value, comparable duration Wall Street Journal Guaranteed Investment Contract (GIC) Index rates were used as the discount factor within the discounted cash flow formula. A standard present value calculation has been employed to arrive at a current value for each cash flow within a contract. The sum of the present values for each contract's cash flows is the estimated total fair value for that contract.

## Edgar Filing: PARKER HANNIFIN CORP - Form 11-K

All of the contract fair values are then added together to arrive at the above aggregate fair value for the portfolio.

The Contract Income Fund contains synthetic GICs which are benefit-responsive and have an associated book-value wrap contract. The wrap contract amortizes gains and losses over the duration of the portfolio's average life and assures that book-value, benefit-responsive payments can be made for participant withdrawals. The synthetic GICs (which exceeded 5% of the Plan's net assets) included in the above amounts at December 31, 2002 and 2001 had a book value of \$200,372 and \$130,301, while the fair value was \$209,399 and \$133,666, respectively.

Certain employer initiated events (e.g., layoffs, bankruptcy, plant closings, plan termination, mergers, early retirement incentives) are not eligible for book value disbursements even from fully benefit responsive contracts. These events may cause liquidation of all or a portion of a contract at a market value adjustment.

9. **TAX STATUS**

The Internal Revenue Service has determined and informed the Company by letter dated May 2, 2002, that the terms of the Plan and related trust comply with applicable sections of the Internal Revenue Code (IRC). Since receiving the determination letter the Plan has been amended to provide for various administrative changes including adding additional investment funds. The Plan administrator and the Plan's tax counsel believe that the Plan continues to be designed and operated in compliance with the applicable provisions of the IRC.

Contributions matched by the Company and all earnings generally are not taxable until distributed to the participants.

10. **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company, by action of its Board of Directors, without further approval by the shareholders, has the right to amend, modify, suspend, or terminate the Plan in its entirety, or as to any subsidiary or operating location. No amendment, modification, suspension, or termination may permit assets held in trust by the Trustee to be used for or diverted to purposes other than for the exclusive benefit of participants or their beneficiaries. If the Plan is terminated, the Company contributions credited to each affected participant will continue to be fully vested.

11. **PARTY-IN-INTEREST**

Certain plan investments are units of common/collective trusts managed by Key Bank. During 2002, Key Bank was the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

12. **TRANSFERS FROM OTHER PLANS**

During calendar year 2002 and 2001, the net assets of the plans identified below were transferred to the Plan. The value of the individual participant accounts was not changed as a result of the transfer. Each participant is eligible to receive the benefits of the Plan as of the date of transfer.
