**SECTION 1 REGISTRANT'S BUSINESS AND OPERATIONS**

**ITEM 1.01 Entry into a Material Definitive Agreement**

On April 4, 2005, the Board of Directors amended the CSX Corporation 2002 Corporate Director Deferred Compensation Plan (the "Plan"). The Plan is a nonqualified deferred and equity based compensation plan maintained by the Company for the benefit of its active and retired directors. The Plan was amended to provide directors with access to the same investment benchmarks available under other compensation plans maintained by the Company for its executives and certain other employees. These benchmarks include various investment funds with different degrees of risk. Directors may reallocate permitted amounts among the various deemed benchmark alternatives. These deemed alternative investments are measuring tools used to determine the value of a director's account, and CSX is not required to invest any amounts as a result of these elections. Prior to a director's retirement from the Board of Directors, the amendment to the Plan is solely applicable to the elective deferral portion of a director's fees. Fifty percent of each director's annual retainer continues to be paid in CSX common stock.

The Plan is an unfunded and unsecured liability of CSX, and benefits will be paid from CSX's general assets. A copy of the plan, as amended, is included as Exhibit 10.1 to this Form 8-K and is incorporated by reference herein.
