Edgar Filing: ENCORE ACQUISITION CO - Form DEF 14A

proxy are first being sent or given to stockholders of the Company on or about March 31, 2003.

QUORUM AND VOTING

Voting Stock. The Company has one outstanding class of securities that entitles holders to vote generally at meetings of the Company's stockholders: common stock, par value \$.01 per share. Each share of common stock outstanding on the record date is entitled to one vote.

Record Date. The record date for stockholders entitled to notice of and to vote at the Annual Meeting is the close of business on March 14, 2003. As of the record date, 30,678,866 shares of common stock were entitled to be voted at the Annual Meeting.

Quorum and Adjournments. The presence, in person or by proxy, of the holders of a majority of the votes eligible to be cast at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting.

If a quorum is not present, the stockholders entitled to vote who are present in person or by proxy at the Annual Meeting have the power to adjourn the Annual Meeting from time to time, without notice other than an announcement at the Annual Meeting, until a quorum is present. At any adjourned Annual Meeting at

which a quorum is present, any business may be transacted that might have been transacted at the Annual Meeting as originally notified.

Vote Required. Directors will be elected by holders of a plurality of the shares of common stock present in person or represented by proxy, and entitled to be voted at the Annual Meeting. An automated system that the Company's transfer agent administers will tabulate the votes. Brokers who hold shares in street name for customers are required to vote shares in accordance with instructions received from the beneficial owners. Brokers are permitted to vote on discretionary items if they have not received instructions from the beneficial owners, but they are not permitted to vote (a "broker non-vote") on non-discretionary items absent instructions from the beneficial owner. Abstentions and broker non-votes will count in determining whether a quorum is present at the Annual Meeting. On director elections, however, abstentions will have no effect on the outcome. Broker non-votes will not be voted or considered present on the matter and, therefore, will be disregarded and have no effect on the outcome of the vote. With regard to each matter submitted to the vote of stockholders, shares voted as abstentions will be considered present on the matter and will have the effect of voting against the matter, even though the stockholder may interpret such action differently.

Default Voting. A Proxy that is properly completed and returned will be voted at the Annual Meeting in accordance with the instructions on the Proxy. If you properly complete and return a Proxy, but do not indicate any contrary voting instructions, your shares will be voted as follows:

- FOR the election of the seven persons named in this Proxy Statement as the Board of Directors' nominees for election to the Board of Directors. If any nominee becomes unable or unwilling to accept nomination or election, the persons acting under Proxy will vote for the election of a substitute nominee that the Board of Directors recommends.

If any other business properly comes before the stockholders for a vote at the meeting, your shares will be voted in accordance with the discretion of the holders of the Proxy. The Board of Directors knows of no matters, other than the election of directors, to be presented for consideration at the Annual Meeting.

2000 STOCK INCENTIVE PLAN

During 2000, the Company's Board of Directors approved the 2000 Incentive Stock Plan. The purpose of the plan is to attract, motivate, and retain selected employees of the Company and to provide the Company with the ability to provide incentives more directly linked to the profitability of the business and increases in shareholder value. All directors and full-time regular employees of the Company and its subsidiaries and affiliates are eligible to be granted awards under the plan. The total number of shares reserved and available for distribution pursuant to the plan is 1.8 million shares. The plan provides for the granting of incentive stock options, non-qualified stock options, and restricted stock at the discretion of the Company's Compensation Committee of the Board of Directors.

All options granted under the plan have a strike price equal to the market price on the date of grant. Additionally, all have a ten-year life and vest equally over a two or three-year period. The following table summarizes the number of options and their related weighted average strike prices for 2002 and 2001:

CHANGE-IN-CONTROL ARRANGEMENTS

On February 11, 2003, the Board adopted the Employee Severance Protection Plan, which provides employees of the Company with severance payments and benefits upon certain terminations of employment occurring from 90 days prior to until two years following a Change-in-Control (as described below) of the Company. If during such time period, a named executive officer is involuntarily terminated by the Company other than for cause or he resigns for Good Reason (as described below), the officer will receive a cash amount equal to twice his annual salary and bonus, continued insurance coverage for up to 36 months, and the automatic vesting of all his stock options and restricted stock. The Company would also be obligated to pay an additional amount to "gross up" the amount, if any, of excise and related income tax payable by the officer under the golden parachute provisions of the Internal Revenue Code in order for the officer to be able to retain the full amount due under the severance plan.

Generally, a Change-in-Control occurs upon (1) the acquisition by a party of 40% or more of the voting securities of the Company unless the party owned 20% prior to February 11, 2003; (2) a majority of the Board no longer consists of persons who were Board members on February 11, 2002 or persons appointed to the Board by those members; (3) approval by the stockholders of the Company of a complete liquidation or dissolution of the Company; or (4) approval by the stockholders of the Company of a reorganization, merger,

10

share exchange, consolidation or a sale of all or substantially all of the assets of the Company, unless more than 60% of the voting securities of the new entity are held by persons who were stockholders of the Company.

A resignation for Good Reason occurs when an officer resigns as a result of a reduction in his titles, duties, responsibilities, compensation level or the relocation of his place of employment.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors (the "Committee") submits the following report with respect to the executive compensation program of the Company.

COMPENSATION PRINCIPLES AND PHILOSOPHY

1. Base salaries should be at levels competitive with peer group companies that compete with the Company for acquisitions of similar size and quality.

2. Annual bonus, stock option and restricted stock awards should reflect Company progress.

3. The combination of salaries and bonuses should not be out of line when compared to competitive companies.

4. The Company should encourage significant executive stock ownership through stock options and restricted stock awards.

The Omnibus Budget Reconciliation Act of 1993 placed restrictions on the deductibility of executive compensation paid by public companies. Under the restrictions, the Company is not able to deduct compensation paid to any of the named executive officers in excess of \$1,000,000 unless the compensation meets the definition of "performance based compensation" in the legislation. Non-deductibility could result in additional tax costs to the Company. While the Committee cannot assess with certainty how the Company's

compensation program will ultimately be affected by this law, the Committee generally tries to preserve the deductibility of all executive compensation if it can do so without interfering with the Company's ability to attract and retain capable and highly motivated senior management.

ELEMENTS OF COMPENSATION

Edgar Filing: ENCORE ACQUISITION CO - Form DEF 14A

The elements of the compensation program the Committee administers for executive officers, including the Chief Executive Officer, consist of base salaries, annual bonuses, stock option awards, restricted stock awards, and contributions to the Company's 401(k) retirement plan. Base salaries, annual bonuses, and stock options and restricted stock awards are discussed separately below; however, the Committee considers the aggregate remuneration of executives when evaluating the executive compensation program.

Base Salaries. An executive's base salary is viewed as a component of total compensation that is competitive with base salaries at companies that compete for similar size and quality of oil and natural gas acquisitions. The Committee evaluates the base salaries of the Company's executive officers on the basis of competitive base salary data and consideration of each officer's duties and responsibilities. The Committee views the named executives that report to the CEO as a team with diverse duties, but shared corporate results and goals.

Annual Bonuses and Stock Option Grants. Each year, the Committee reviews the progress of the Company. The Committee sets bonuses for the CEO and other named executives that report to the CEO as well as approves the bonuses for the entire Company.

In setting executive bonuses and option grants, the Committee not only reviews the progress of the Company, but also considers competitive bonuses and options of the peer group. In awarding 2002 bonuses, the Committee reviewed the following criteria.

- Growth Relative to Oil and Natural Gas Market Conditions in 2002
- Reserve Replacement
- Cost of Reserve Replacement
- Production Growth
- Acquisition Opportunities Evaluated
- Quality of Future Growth
- Inventory of Future Growth
- Operating Cost in Total and Per Barrel of Oil Equivalent
- Hedging Implementation
- Quality of Balance Sheet
- Safety Record

Restricted stock awards. Shares of restricted stock granted to the top four named executives may vest only upon the attainment of performance goals pre-established by the compensation committee, as well as the passage of time and continued employment or upon a change of control. Shares of restricted stock granted to all other employees may vest only upon the passage of time and continued employment or upon a change of control.

The Committee evaluates Company performance in light of oil and natural gas industry fundamentals and assesses how effectively management adapts to changing industry conditions and opportunities during the year in preparing itself to

Edgar Filing: ENCORE ACQUISITION CO - Form DEF 14A

capitalize on opportunities in the future.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is responsible for independent, objective oversight of the Company's internal controls, financial statements and the audit process. The Board of Directors, in its business judgment, has determined that all three members of the committee are independent as required under the listing standards of the New York Stock Exchange. The committee operates pursuant to a written charter adopted by the Board of Directors, which was attached to the Company's 2002 proxy statement.

Management is responsible for the preparation, presentation and integrity of the Company's financial statements, accounting and financial reporting principles, and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors, Ernst & Young LLP, are responsible for performing an independent audit of the consolidated financial statements in accordance with generally accepted auditing standards.

Ernst & Young LLP served as the Company's independent auditor during 2002 and was appointed by the Audit Committee to serve in that capacity for 2003. Representatives of Ernst & Young LLP will be present at the annual stockholder's meeting, will have the opportunity to make a statement if so desired, and will be available to respond to appropriate questions from stockholders.

In performing its oversight role, the Audit Committee has reviewed and discussed the audited financial statements with management and the independent auditors. The committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as currently in effect. The committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as currently in effect. The committee has also considered whether the performance of other non-audit services by the independent auditors is compatible with maintaining the auditors' independence and has discussed with the auditors the auditors' independence.

Based on the reports and discussions described in this Report, and subject to the limitations on the roles and responsibilities of the committee referred to below and in the charter, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2002, for filing with the Commission.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting for the Company and are not experts in auditor independence standards. Members of the committee rely without independent verification on the information provided to them and on the representations made by management and the independent auditors. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial

Edgar Filing: ENCORE ACQUISITION CO - Form DEF 14A

reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles, or that Ernst & Young LLP is in fact independent.

OTHER MATTERS

INDEPENDENT AUDITORS AND AUDITOR FEES

The Company retains Ernst & Young LLP as its principal independent public accountants, as recommended by the Audit Committee and approved by the Board of Directors. On April 1, 2002, we dismissed Arthur Andersen LLP as our independent accountants effective as of that date. The decision to dismiss Arthur Andersen LLP was recommended by the Audit Committee of the Board of Directors and was approved by the Board of Directors on April 1, 2002.

Arthur Andersen LLP's report on the Company's financial statements for the fiscal year ended December 31, 2001 did not contain an adverse opinion or disclaimer of opinion and was not qualified or modified as to uncertainty or audit scope. Arthur Andersen LLP included in its opinion explanatory language related to the Company's change in its method of accounting for derivatives as a result of the Company's adoption of Statement of Financial Accounting Standards No. 133, "Accounting for Derivative Instruments and Hedging Activities." During the fiscal year ended December 31, 2001 and the period from January 1, 2002 through the date of Arthur Andersen LLP's termination, there were no disagreements between us and Arthur Andersen LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Arthur Andersen LLP, pursuant to Item 304(a)(1) of Regulation S-K, would have caused it to make reference to the subject matter of the disagreements in its report.

As required under the regulations of the SEC, we provided Arthur Andersen LLP with a copy of our disclosure in connection with this matter and requested Arthur Andersen LLP to furnish us with a letter addressed to the Commission stating whether it agreed with our statements and, if not, stating the respects in which it did not agree. Arthur Andersen LLP's letter was filed as Exhibit 16.1 to our Current Report on Form 8-K filed with the SEC on April 5, 2002.

Effective April 1, 2002, we engaged Ernst & Young LLP as our new independent accountants for the fiscal year ending December 31, 2002. The decision to appoint Ernst & Young LLP was recommended by the Audit Committee of the Board of Directors and was approved by the Board of Directors on April 1, 2002.

The table set forth below indicates the amounts billed by Ernst & Young LLP during 2002 for the services provided to the Company. The Audit Committee has considered whether the provision by Ernst & Young LLP of services under the titles "Audit related services" and "Tax fees" is compatible with maintaining Ernst & Young LLP's independence.

If the date of the annual meeting is more than 30 days before or more than 90 days after the anniversary date of the preceding year's annual meeting, then the notice by the stockholder to be timely must be delivered not earlier than the close of business on the 120th day prior to the annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of the annual meeting is first made by the Company. Only those Rule 14a-8 Proposals that are timely received by the Company and proper for stockholder action (and otherwise proper) will be included in the Company's proxy materials.

Any stockholder of the Company who desires to submit a proposal for action at the annual meeting of stockholders in 2004, but does not wish to have such proposal (a "Non-Rule 14a-8 Proposal") included in the Company's proxy materials, must submit such Non-Rule 14a-8 Proposal to the Company at its principal executive offices no later than February 15, 2004, unless the Company notifies the stockholder otherwise. If a Non-Rule 14a-8 Proposal is not received by the Company on or before February 15, 2004, then the Company intends to exercise its discretionary voting authority with respect to such Non-Rule 14a-8 Proposal. "Discretionary voting authority" is the ability to vote proxies that stockholders have executed and returned to the Company, on matters not specifically reflected in the Company's proxy materials, and on which stockholders have not had an opportunity to vote by proxy.

17

Written requests for inclusion of any stockholder proposal should be addressed to Corporate Secretary, Encore Acquisition Company, 777 Main Street, Suite 1400, Fort Worth, Texas 76102. The Company recommends that any such proposal be sent by certified mail with return receipt requested.
