VOTING AND REVOCATION OF PROXY

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Famous Dave s of America, Inc. (periodically referred to herein as Famous Dave s and the Company) to be used at the annual meeting of shareholders of the Company (the Annual Meeting) to be held on Wednesday, May 10, 2006, at 9:00 a.m. at the Famous Dave s Calhoun Blues Club, 3001 Hennepin Avenue, Calhoun Square, Minneapolis, Minnesota, for the purpose of considering and taking appropriate action with respect to the following:

1. To elect six directors;
2. To ratify the appointment of Grant Thornton LLP as the independent registered public accounting firm of the Company for fiscal 2006; and
3. To transact any other business as may properly come before the meeting or any adjournments thereof.

The approximate date on which this Proxy Statement and the accompanying proxy were first sent or given to shareholders was April 11, 2006. Each shareholder who signs and returns a proxy in the form enclosed with this Proxy Statement may revoke the same at any time prior to its use by giving notice of such revocation to the Company in writing, in open meeting or by executing and delivering a new proxy to the Secretary of the Company. Unless so revoked, the shares represented by each proxy will be voted at the Annual Meeting and at any adjournments thereof. Presence at the Annual Meeting of a shareholder who has signed a proxy does not alone revoke that proxy. Only shareholders of record at the close of business on March 20, 2006 (the Record Date) will be entitled to vote at the Annual Meeting or any adjournments thereof.

PROXIES AND VOTING

Only holders of record of the Company s Common Stock at the close of business on March 20, 2006, the Record Date for the Annual Meeting, are entitled to notice of and to vote at the Annual Meeting. On the Record Date, there were 10,608,583 shares of Common Stock outstanding. Each share of Common Stock entitles the holder thereof to one vote upon each matter to be presented at the Annual Meeting. A quorum, consisting of a majority of the outstanding shares of the Common Stock entitled to vote at the Annual Meeting, must be present in person or represented by proxy before action may be taken at the Annual Meeting.

Each proxy returned to the Company will be voted in accordance with the instructions indicated thereon. Adoption of each proposal requires the affirmative vote of the holders of a majority of the shares of the Company s common stock present in person or represented by proxy at the Annual Meeting.

Table of Contents

All shares represented by proxies will be voted for the election of the nominees for the Board of Directors named in this Proxy Statement and for ratification of Grant Thornton LLP's appointment as the Company's independent registered public accounting firm unless a contrary choice is specified. If any nominee for the Board of Directors should withdraw or otherwise become unavailable for reasons not presently known, the proxies which would have otherwise been voted for such nominee will be voted for such substitute nominee as may be selected by the Board of Directors. A shareholder who abstains with respect to any proposal is considered to be present and entitled to vote on such proposal and is in effect casting a negative vote, but a shareholder (including a broker) who does not give authority to a proxy to vote, or withholds authority to vote, on any proposal, shall not be considered present and entitled to vote on such proposal.

The Board of Directors unanimously recommends that you vote FOR the election of all nominees for the Board of Directors named in this Proxy Statement and FOR the ratification of Grant Thornton LLP as the independent registered public accounting firm of the Company for fiscal 2006.

While the Board of Directors knows of no other matters to be presented at the Annual Meeting or any adjournment thereof, all proxies returned to the Company will be voted on any such matter in accordance with the judgment of the proxy holders.

In the case of the 2006-2008 Program, if the Company achieves between 100% and 150% of the Cumulative EPS Goal for the period, in addition to the Target number of Performance Shares, the recipient will be entitled to receive a number of additional Performance Shares equal to twice the incremental percentage increase in the Cumulative EPS Goal over 100% (e.g., if the Company achieves 120% of the Cumulative EPS Goal, then the recipient will be entitled to receive 140% of his or her Target Performance Share amount).

Employment Agreements and Employment Arrangements

On July 25, 2003, the Company entered into a two-year written employment agreement with David Goronkin, the Company's current Chief Executive Officer, that became effective on August 11, 2003. Pursuant to the agreement, Mr. Goronkin was entitled to receive an annualized base salary of \$450,000 (subject to increase at the discretion of the Board of Directors) and was eligible for a bonus of up to 50% of his base salary based on his satisfaction of certain performance-based criteria. In addition to providing health, medical, dental, vision and disability insurance coverage, and customary benefits, the Company agreed to purchase a term life insurance policy with beneficiaries of Mr. Goronkin's choice. The employment agreement provided that Mr. Goronkin would continue to receive his base salary and insurance benefits for a period of up to 18 months if he was terminated by the Company for a reason other than death, disability or cause, if Mr. Goronkin resigned for good reason, or if Mr. Goronkin was terminated for any reason within six months following a change in control, each as defined in the employment agreement. The employment agreement provided that Mr. Goronkin would not compete with the Company for two years after the termination of his employment with the Company. Effective January 1, 2005, the Board of Directors increased Mr. Goronkin's annualized base salary to \$472,500.

On February 25, 2005, the Company entered into an amended and restated employment agreement with Mr. Goronkin on substantially the same terms as his prior agreement, except that Mr. Goronkin's minimum annualized base salary was set at \$472,500, he is eligible to receive a bonus of up to 75% of his base salary, and that Mr. Goronkin's severance package (payable if he is terminated by the Company for a reason other than death, disability or cause, if he resigns for good reason, or if he is terminated for any reason within six months following a change in control, each as defined in the employment agreement) was reduced from 18 to 12 months of base salary and insurance benefits. The new agreement has a one year term commencing as of January 1, 2005 and automatically renews for successive one year terms.

Diana G. Purcel, the Company's Chief Financial Officer and Secretary, has an employment arrangement with the Company pursuant to which, during fiscal 2005, she received an annualized salary of \$175,000, along with medical, dental and other customary benefits. Effective January 2, 2006, the Company increased Ms. Purcel's annualized base salary to \$210,000. Ms. Purcel's employment arrangement includes a statement of severance protection which provides that, in the event of her separation from employment due to change in control or for any reason other than for cause, the Company will provide her six months' base compensation, mitigated should she find new employment during the six month period.

Christopher O. Donnell, the Company's Executive Vice President of Operations, has an employment arrangement with the Company pursuant to which, during fiscal 2005, he received an annualized salary of \$172,000, along with medical, dental and other customary benefits. Effective January 2, 2006, the Company increased Mr. O. Donnell's annualized base salary to \$180,600.

Other Employee Compensation Plans and Arrangements*Performance Share Programs*

The Company has approved three Performance Share Programs under its equity compensation plans, each of which grants recipients the right to receive a specified number of shares of the Company's common stock (Performance Shares) following the filing of the Company's Annual Report on Form 10-K for the last fiscal year of the applicable three-year performance period, subject to the Company achieving certain percentages of the cumulative total of the earnings per share goals during each of the fiscal years making up the three-year performance period (the Cumulative EPS Goal).

Table of Contents

Under the 2004-2006 Performance Share Program, the Company granted certain employees, including the officers, the right to receive Performance Shares following the filing of the Company's Annual Report on Form 10-K for fiscal 2006, subject to the Company achieving a specified percentage of its Cumulative EPS Goal for fiscal 2004, fiscal 2005 and fiscal 2006. The specified percentage will be determined using a weighted average calculation that takes into account 100% of the fiscal 2004 earnings per share goal and 80% of the earnings per share goals for each of fiscal 2005 and 2006. If the Company achieves the specified percentage of the Cumulative EPS Goal, each recipient will be entitled to receive a percentage of his or her Performance Shares equal to the percentage of the Cumulative EPS Goal achieved by the Company, up to a maximum of 100%.

Under the 2005-2007 Performance Share Program, the Company granted certain employees, including officers, the right to receive Performance Shares following the filing of the Company's Annual Report on Form 10-K for fiscal 2007, subject to the Company achieving at least 80% of the Cumulative EPS Goal for fiscal 2005, fiscal 2006 and fiscal 2007. If the Company achieves at least 80% of the Cumulative EPS Goal, each recipient will be entitled to receive a percentage of his or her Performance Shares equal to the percentage of the Cumulative EPS Goal achieved by the Company, up to a maximum of 100%.

Under the 2006-2008 Performance Share Stock Program, the Company granted certain employees, including officers, the right to receive Performance Shares following the filing of the Company's Annual Report on Form 10-K for fiscal 2008, subject to the Company achieving at least 80% of the Cumulative EPS Goal for fiscal 2006, fiscal 2007 and fiscal 2008. If the Company achieves at least 80% of the Cumulative EPS Goal, each recipient will be entitled to receive a percentage of his or her Performance Shares equal to the percentage of the Cumulative EPS Goal achieved by the Company. If the Company achieves between 100% and 150% of the Cumulative EPS Goal, each recipient will be entitled to receive an additional percentage of the Target number of Performance Shares granted equal to twice the incremental percentage increase in the Cumulative EPS Goal over 100% (e.g., if the Company achieves 120% of the Cumulative EPS Goal, then the recipient will be entitled to receive 140% of his or her Target Performance Share amount).

The earnings per share goal for each fiscal year is determined by the Company's Compensation Committee prior to the end of the first fiscal quarter of the applicable fiscal year. The actual earnings per share for each fiscal year is based on the earnings per diluted share amount for that fiscal year as set forth in the audited financial statements filed with the Company's corresponding Annual Report on Form 10-K. The Performance Shares will be issued following the filing of the Company's Annual Report on Form 10-K for the last fiscal year of the three-year performance period, as provided above, if the applicable specified percentage of the Cumulative EPS Goal is achieved. The Performance Share grants for each recipient are also contingent upon the recipient remaining an employee of the Company until the filing of the Annual Report on Form 10-K for the applicable fiscal year and the recipient having signed and delivered a non-competition agreement.

2004 Deferred Stock Unit Plan

The Company has adopted an Executive Elective Deferred Stock Unit Plan (the Deferred Stock Unit Plan), in which executives can elect to defer all or part of their bonus compensation for a specified period of time. The amount of compensation that is deferred is converted into a number of stock units, as determined by the share price of our common stock on the effective date of the election. Accordingly, we recognize compensation expense throughout the deferral period to the extent that the share price of our common stock increases, and reduce compensation expense throughout the deferral period to the extent that the share price of our common stock decreases.

Deferred Compensation Plan

The Company adopted a Non-Qualified Deferred Compensation Plan effective as of February 25, 2005 (the Deferred Compensation Plan). Selected employees who are at the director level and above are eligible to participate in the Deferred Compensation Plan. Participants must complete a deferral election each year to indicate the level of compensation (salary, bonus and commissions) they wish to have deferred for the

Table of Contents

coming year. This deferral election is irrevocable except to the extent permitted by the Deferred Compensation Plan's administrator, and the applicable regulations promulgated by the Internal Revenue Service. The Company matches 50.0% of the first 4.0% contributed by participants and currently pays a declared interest rate of 8.0% on balances outstanding. The Board of Directors administers the Deferred Compensation Plan and can change the rate and any other aspects of the plan at any time.

Deferral periods are capped at the earlier of termination of employment or not less than three calendar years following the end of the applicable Deferred Compensation Plan Year. Extensions of the deferral period for a minimum of five years are allowed provided the election is made at least one year before the first payment affected by the change. Payments can be in a lump sum or in equal payments over a two-, five- or ten-year period, plus interest from the commencement date.

The Deferred Compensation Plan assets are kept in an unsecured account that has no trust fund. In the event of bankruptcy, any future payments would have no greater rights than that of an unsecured general creditor of the Company and they confer no legal rights for interest or claim on any assets of the Company. Benefits provided by the Deferred Compensation Plan are not insured by the Pension Benefit Guaranty Corporation (PBGC) under Title IV of the Employee Retirement Income Security Act of 1974 (ERISA), because the pension insurance provisions of ERISA do not apply to the Deferred Compensation Plan.

For the plan year ended January 1, 2006, Named Executives contributed approximately \$31,400 to the Plan and the Company provided matching funds and interest of approximately \$7,500.

Director Compensation

The Company grants each of its non-employee directors options to purchase 25,000 shares of the Company's Common Stock upon his or her initial election to the Board of Directors, which vest in equal installments over four years. The Company also grants its non-employee directors options to purchase 5,000 shares of the Company's Common Stock on the day after each annual shareholder's meeting, which vest in their entirety on the first anniversary of the date of grant. The exercise price of all such options is equal to the fair market value of the Company's Common Stock on the date of grant.

In addition to stock options, each non-employee director of the Company receives \$5,000 for each meeting of the Board of Directors attended in person, or \$2,500 for each such meeting attended by telephone.

Non-employee directors may also be granted, at the discretion of the Compensation Committee, additional stock incentives that contain such terms and provisions as the Compensation Committee determines at the time of grant.

During fiscal 2005 options were granted to the following non-employee directors:

Table of Contents**STOCK PERFORMANCE GRAPH**

The Securities and Exchange Commission requires that the Company include in this Proxy Statement a line-graph presentation comparing the cumulative, five-year return to the Company's shareholders (based on appreciation of the market price of the Company's common stock) on an indexed basis with (i) a broad equity market index and (ii) an appropriate published industry or line-of-business index, or peer group index constructed by the Company. The following presentation compares the Company's common stock price for the period from December 31, 2000 through January 1, 2006, to the S&P 500 Stock Index and to the S&P Small Cap Restaurant Index.

The Company has elected to use the S&P Small Cap Restaurant Index in compiling its stock performance graph because it believes the S&P Small Cap Restaurant Index represents a comparison to competitors with similar market capitalization to the Company.

The presentation assumes that the value of an investment in each of the Company's common stock, the S&P 500 Index and the S&P Small Cap Restaurant Index was \$100 on December 31, 2000, and that any dividends paid were reinvested in the same security.

**RATIFICATION OF THE APPOINTMENT
OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
(Proposal Two)**

The Board of Directors and management of the Company are committed to the quality, integrity and transparency of the Company's financial reports. Independent registered public accountants play an important part in the Company's system of financial control. In accordance with the duties set forth in its written charter, the Audit Committee of the Company's Board of Directors has appointed Grant Thornton LLP as the Company's independent registered public accounting firm for the 2006 fiscal year. A representative of Grant Thornton LLP is expected to attend this year's Annual Meeting and be available to respond to appropriate questions from shareholders, and will have the opportunity to make a statement if he or she desires to do so.

If the shareholders do not ratify the appointment of Grant Thornton LLP, the Audit Committee may reconsider its selection, but is not required to do so. Notwithstanding the proposed ratification of the appointment of Grant Thornton LLP by the shareholders, the Audit Committee, in its discretion, may direct the appointment of new independent auditors at any time during the year without notice to, or the consent of, the shareholders, if the Audit Committee determines that such a change would be in the best interests of the Company and its shareholders.

Fees billed to Company by Its Independent Registered Public Accounting Firm

The following table presents fees for professional audit services and 401(k) audit services, tax services and other services rendered by Grant Thornton LLP during fiscal years 2005 and 2004.

	2005	2004
Audit Fees ⁽¹⁾⁽²⁾	\$ 230,300	\$ 170,765
Audit-Related Fees ⁽³⁾	9,700	7,520
Tax Fees ⁽⁴⁾	75,000	0
All Other Fees ⁽⁵⁾	4,000	0
Total Fees	\$ 319,000	\$ 178,285

- (1) Audit Fees consist of fees for professional services rendered for the audit of the Company's consolidated annual financial statements and review of the interim consolidated financial statements included in quarterly reports and services that are normally provided in connection with statutory and regulatory filings or engagements.
- (2) Includes fees of \$142,000 in fiscal 2005 and \$91,440 in fiscal 2004 for work performed in connection with the requirements of Section 404 of the Sarbanes-Oxley Act of 2002.
- (3) Audit-Related Fees consist principally of assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements but not reported under the caption *Audit Fees* above including 401K audit.
- (4) Tax Fees consist of fees for tax compliance, tax advice, and tax planning.
- (5) All Other Fees typically consist of fees for permitted non-audit products and services provided.

The Audit Committee of the Board of Directors has reviewed the services provided by Grant Thornton LLP during fiscal year 2005 and the fees billed for such services. After consideration, the Audit Committee has determined that the receipt of these fees by Grant Thornton LLP is compatible with the provision of independent audit services. The Audit Committee discussed these services and fees with Grant Thornton LLP and Company management to determine

that they are permitted under the rules and regulations concerning auditor independence promulgated by the U.S. Securities and Exchange Commission to implement the Sarbanes-Oxley Act of 2002, as well as the American Institute of Certified Public Accountants.

Pre-Approval Policy

The Company's Audit Committee Charter (a copy of which was attached as *Appendix A* to the proxy statement for the 2004 annual shareholders' meeting) provides that all audit and non-audit accounting services that are permitted to be performed by the Company's independent registered public accounting firm

under applicable rules and regulations must be pre-approved by the Audit Committee or by designated members of the Audit Committee, other than with respect to de minimus exceptions permitted under the Sarbanes-Oxley Act of 2002. During fiscal 2005, all services performed by Grant Thornton LLP were pre-approved in accordance with the Audit Committee Charter.

Prior to or as soon as practicable following the beginning of each fiscal year, a description of the audit, audit-related, tax, and other services expected to be performed by the independent registered public accounting firm in the following fiscal year is presented to the Audit Committee for approval. Following such approval, any requests for audit, audit-related, tax, and other services not presented and pre-approved must be submitted to the Audit Committee for specific pre-approval and cannot commence until such approval has been granted. Normally, pre-approval is provided at regularly scheduled meetings. However, the authority to grant specific pre-approval between meetings, as necessary, has been delegated to the Chairperson of the Audit Committee. The Chairperson must update the Audit Committee at the next regularly scheduled meeting of any services that were granted specific pre-approval. In addition, the Audit Committee has granted pre-approval for the Chief Executive Officer and the Chief Financial Officer to spend up to \$5,000 on a cumulative basis in additional permitted audit fees with Grant Thornton, which authority and amount will be reviewed and approved annually.

Compensation Committee Report on Executive Compensation

A two-member Compensation Committee within the Board of Directors generally makes decisions on compensation of the Company's executives. All decisions by the Compensation Committee relating to the compensation of the Company's executive officers are reviewed by the full Board of Directors. The current members of the Compensation Committee are Messrs. F. Lane Cardwell and Dean A. Riesen (Chairman). Pursuant to rules designed to enhance disclosure of the Company's policies toward executive compensation, set forth below is a report prepared by the Compensation Committee addressing the compensation policies for the Company and its subsidiaries for the 2005 fiscal year as they affected the Company's executive officers.

The Compensation Committee's executive compensation policies are designed to provide competitive levels of compensation that integrate pay with the Company's annual objectives and long-term goals, reward above-average corporate performance, recognize individual initiative and achievements, and assist the Company in attracting and retaining qualified executives. Executive compensation is set at levels that the compensation committee believes to be consistent with others in the Company's industry.

There are four elements in the Company's executive compensation program, all determined by individual and corporate performance.

Base salary compensation

Annual incentive compensation

Stock incentive awards (including conditional grants of performance shares)

Deferred Stock Unit Plan

Total compensation opportunities are competitive with those offered by employers of comparable size, growth and profitability in the Company's industry.

Base Salary Compensation

Base salary compensation is determined by the potential impact the individual has on the Company, the skills and experiences required by the job, the performance and potential of the incumbent in the job and competitive market information.

Annual Incentive Compensation

Annual incentive compensation potential for executives of the Company is based on competitive market information for similar positions and experience and the actual payouts are based on achieving corporate earnings per share targets.

Stock Incentive Awards

Based upon surveys of employee stock incentive programs and consultations with independent compensation advisers, in fiscal 2004 the Compensation Committee determined that, commencing in fiscal 2005, all stock incentive awards for employees of the Company, including officers should take the form of performance shares, replacing the Company's historical practice of issuing stock options as a form of stock incentive. It was the determination of the Compensation Committee that performance shares as an incentive award more closely align the Company's objectives with that of its shareholders, as these shares are earned based on achievement of specific cumulative earnings per share goals for a three year period, not merely the passage of time. The Company initiated the issuance of performance shares with its 2004-2006 Performance Share Program and has since established two subsequent Programs. A full description of the 2004-2006, 2005-2007 and 2006-2008 Performance Share Programs can be found below under the heading Description of Performance Share Programs.

The Compensation Committee surveys employee stock incentive programs of companies with similar capitalization to the Company prior to recommending grants of stock incentives to the Company's executive officers. The Compensation Committee also consults with independent compensation advisers when it deems

Table of Contents

such consultation to be appropriate. The value realizable from stock incentives is dependent upon the extent to which the Company's performance is reflected in the market price of the Company's common stock at any particular point in time with respect to exercisable stock options and following the three year period over which performance criteria is measured with respect to grants of performance shares. In addition, the decision as to whether the value of exercisable stock options will be realized in any particular year is determined by each individual executive's decision whether to exercise all or portion of such stock options and not by the Compensation Committee. Accordingly, when the Compensation Committee recommends that a stock incentive be granted to an executive, that recommendation does not take into account any gains realized that year by the executive as a result of his or her individual decision to exercise an option granted in a previous year or any gains realized by him or her upon the ultimate grant of shares underlying a stock performance grant.

In future years, the Compensation Committee will continue to evaluate the appropriate form for Company stock incentive awards and make changes to the form of such awards as it deems desirable and in the best interests of the Company from time to time.

Description of Performance Share Programs

The Compensation Committee of the Company's Board of Directors has approved a 2004-2006 Performance Stock Program under its equity compensation plans. Under the Program, the Company granted certain employees, including the officers, the right to receive a specified number of shares of the Company's common stock (the Performance Shares) following the filing of the Company's Annual Report on Form 10-K for fiscal 2006, subject to the Company achieving a specified percentage of the cumulative total of the earnings per share goals for fiscal 2004, fiscal 2005 and fiscal 2006 (the Cumulative EPS Goal). The specified percentage will be determined using a weighted average calculation that takes into account 100% of the fiscal 2004 earnings per share goal and 80% of the earnings per share goals for each of fiscal 2005 and 2006. If the Company achieves the specified percentage of the Cumulative EPS Goal, each recipient will be entitled to receive a percentage of his or her Performance Shares equal to the percentage of the Cumulative EPS Goal achieved by the Company, up to a maximum of 100%. The Performance Share grants for each recipient are also contingent upon the recipient remaining an employee of the Company until the filing of the Annual Report on Form 10-K for fiscal 2006 and the recipient having signed and delivered a non-competition agreement.

The Compensation Committee has approved a 2005-2007 Performance Share Stock Program under its equity compensation plans. The 2005-2007 Program granted certain Company employees, including officers, the right to receive Performance Shares following the filing of the Company's Annual Report on Form 10-K for fiscal 2007. Under the 2005-2007 Program, if the Company fails to achieve 100% of the Cumulative EPS Goal but achieves at least 80% of the Cumulative EPS Goal, recipients will be entitled to receive a percentage of their Performance Shares equal to the percentage of the Cumulative EPS Goal achieved by the Company, up to a maximum of 100%.

The Compensation Committee has approved a 2006-2008 Performance Share Stock Program under its equity compensation plans. The 2006-2008 Program granted certain Company employees, including officers, the right to receive Performance Shares following the filing of the Company's Annual Report on Form 10-K for fiscal 2008 if the Company achieves at least 80% of the Cumulative EPS Goal. In such instance, each recipient will be entitled to receive a percentage of his or her Performance Shares equal to the percentage of the Cumulative EPS Goal achieved by the Company. If the Company exceeds its Cumulative EPS Goal, each recipient will receive 100% of his or her Performance Shares plus an additional percentage equal to twice the incremental percentage over 100% achieved by the Company, up to a maximum of 200% of his or her Performance Shares (e.g., if the Company achieves 120% of the Cumulative EPS Goal, then the recipient will be entitled to receive 140% of his or her Target Performance Share amount).

The earnings per share goal for each fiscal year will be determined by the Compensation Committee prior to the end of the first fiscal quarter of the applicable fiscal year. The actual earnings per share for each fiscal

Table of Contents

year shall be based on the earnings per share amount for that fiscal year as set forth in the audited financial statements filed with the Company's corresponding Annual Report on Form 10-K.

The Compensation Committee believes that the Performance Share Programs, as amended and revised, are more consistent with the Company's desire to provide increased levels of incentive compensation based upon increased levels of employee performance.

In fiscal 2005, the Company granted certain employees, including its officers, the right to receive up to 126,013 Performance Shares under the 2005-2007 and 83,200 Performance Shares under the 2006-2008 Performance Stock Program, subject to achieving 100% of the performance thresholds set forth above. In the event that more than 100% of the performance thresholds are achieved, the number of Performance Shares issued under the 2006-2008 Program could be greater as explained above. The Company recognized approximately \$566,000 of compensation expense in its consolidated statement of operations for fiscal 2005 related to these programs in addition to its 2004-2006 program.

Compensation of Chief Executive Officer

Based on the terms of his employment agreement with the Company, Mr. Goronkin received an annualized base salary of \$472,500 during fiscal 2005, which the Compensation Committee believes is competitive with executives in other industry-related companies. Mr. Goronkin elected to defer \$27,369 of his salary under the Company's Nonqualified Deferred Compensation Plan and, pursuant to that plan, the Company matched his deferral in the amount of \$5,451. The Company granted Mr. Goronkin a bonus of \$236,368 in 2005 for his performance during fiscal 2004 of which Mr. Goronkin elected to defer \$47,274 for one year under the Company's Deferred Stock Unit Plan.
