SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors, executive officers and holders of more than 10% of a registered class of the Company's equity securities to file with the SEC initial reports of ownership of the Company's equity securities on a Form 3 and reports of changes in such ownership on a Form 4 or Form 5. Officers, directors and 10% shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on its review of copies of such filings by the Company's directors and executive officers and 10% shareholders or written representations from certain of those persons, the Company believes that all filings required to be made by those persons during the fiscal year ended January 31, 2003 were timely made with the following exceptions: The automatic initial option grants to purchase 25,000 ordinary shares granted under the Company's 2001 Outside Director Option Plan (the "Director Plan") to each of Messrs. Coleman, Gross and Edelstein on September 6, 2002 and the option to purchase 50,000 ordinary shares granted under the 2002 Share Option Plan (the "2002 Plan") to Colm M. Darcy on September 6, 2002 were reported late on their respective Forms 5 for the fiscal year ended January 31, 2003; and the automatic annual option grants to purchase 10,000 ordinary shares granted under the Director Plan to each of Mr. Krzywicki and Dr. von Prondzynski on January 1, 2003 were reported late on their respective Forms 4 filed on January 23, 2003.

DIRECTORS' COMPENSATION

No director receives any cash compensation for his services as a member of the Company's Board of Directors or any committee of the Board of Directors, although each director is reimbursed for his expenses in attending Board of Directors and related committee meetings. As described in the following paragraph, non-employee directors may receive stock compensation for their services as a member of the Board of Directors.

On initial election to the Board of Directors, each new non-employee director receives an option to purchase 25,000 ordinary shares under the Company's Director Plan. Each non-employee director who has been a director for

Edgar Filing: SKILLSOFT PUBLIC LIMITED CO - Form 10-K/A

at least six months receives an option to purchase 10,000 ordinary shares on January 1st of each year. All options granted under the Director Plan have a term of ten years and an exercise price equal to fair market value of the ordinary shares on the date of grant. Each option becomes exercisable as to 25% of the shares subject to the option on each anniversary of the date of grant, provided the non-employee director remains a director on such dates. Upon exercise of an option, the non-employee director may elect to receive his ordinary shares in the form of ADSs. After termination as a non-employee director, an optionee may exercise an option during the period set forth in his option agreement. If termination is due to death or disability, the option will remain exercisable for 12 months. In all other cases, the option will remain exercisable for a period of three months. However, an option may never be exercised later than the expiration of its ten-year term. A non-employee director may not transfer options granted under the Director Plan other than by will or the laws of descent and distribution. Only the non-employee director may exercise the option during his lifetime. In the event of the Company's merger with or into another corporation or a sale of substantially all of the Company's assets, the successor corporation may assume, or substitute a new option in place of, each option. If such assumption or substitution occurs, the options will continue to be exercisable according to the same terms as before the merger or sale of assets. Following such assumption or substitution, if a non-employee director is terminated other than by voluntary resignation, the option will become fully exercisable and generally will remain exercisable for a period of three months. If the outstanding options are not assumed or substituted for, the Company's Board of Directors will notify each non-employee director that he has the right to exercise the option as to all shares subject to the option for a period of 30 days following the

2

date of the notice. The option will terminate upon the expiration of the 30-day period. Unless terminated sooner, the Director Plan will automatically terminate in 2011. The Company's Board of Directors has the authority to amend, alter, suspend, or discontinue the Director Plan, but no such action may adversely affect any grant previously made under the Director Plan.

On November 26, 2001, Dr. von Prondzynski was granted an option to purchase 25,000 ordinary shares at an exercise price of \$20.68 per share reflecting his appointment to the Board of Directors in November 2001. Upon appointment to the Board of Directors on September 6, 2002, Messrs. Coleman, Edelstein and Gross were each granted an option to purchase 25,000 ordinary shares at an exercise price of \$4.25 per share. On January 1, 2002, Mr. Krzywicki was granted an option to purchase 10,000 ordinary shares at an exercise price of \$24.80 per share. On January 1, 2003, Mr. Krzywicki and Dr. von Prondzynski were each granted an option to purchase 10,000 ordinary shares at an exercise price of \$2.75 per share. Each option granted to a non-employee director was in accordance with the terms of the Director Plan described above.

(1) All options granted to the Named Executive Officers were granted under the Company's 1994 Share Option Plan (the "1994 Plan") and 2002 Plan. The exercise price of all options was equal to the fair market value of the Company's ADSs on the date of grant. In general, under each of the 1994 Plan and the 2002 Plan, such options vest as to 25% of the ordinary shares subject to the option one year from the vesting commencement date, which is generally the date of grant or the date of hire of the optionee, and as to 1/48th of the shares subject to the option each month thereafter. The options are generally not transferable by the optionee, are exercisable for a ten year period from the date of the grant, and must generally be exercised within three months after the end of the optionee's status as an employee or within twelve months after the optionee's death or disability. This table excludes options granted by SkillSoft Corporation prior to the merger on September 6, 2002 to each of Messrs. Moran, Nine, McDonald and Townsend, which options were assumed by the Company in connection with the merger and, based on the merger exchange ratio of 1 share of SkillSoft Corporation common stock for 2.3674 ordinary shares of the Company, are exercisable to purchase an aggregate of 1,657,180, 1,065,330, 946,960 and 946,960 ordinary shares, respectively, at an exercise price of \$4.06 per share.

(2) Based on a total of 7,060,844 ordinary shares subject to options granted by the Company to its employees during the 13 months ended January 31, 2003.

(3) Amounts represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. These gains are based on assumed rates of share price appreciation of 5% and 10% compounded annually from the date the respective options were granted to their expiration date. The grants shown are net of their option exercise price but do not include deductions for taxes or other expenses associated with the exercise of the option or the sale of the underlying shares. The actual gains, if any, on the exercises of options will depend on the market price of the ADSs, the optionee's continued employment through the option period, and the date on which the options are exercised.

Edgar Filing: SKILLSOFT PUBLIC LIMITED CO - Form 10-K/A

- (4) Pursuant to Mr. Newton's severance agreement, Mr. Newton's options continue to vest until September 6, 2005 (see "Severance Agreements -- Jeffrey N. Newton's Severance Agreement").

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

Edgar Filing: SKILLSOFT PUBLIC LIMITED CO - Form 10-K/A

The following table sets forth certain information as of January 31, 2003 with respect to the beneficial ownership of the Company's ADSs by:

- each person known to the Company to own beneficially more than 5% of the Company's outstanding securities;
- each director;
- each of the Named Executive Officers; and
- the current directors and executive officers of the Company as a group.

The number of ADSs beneficially owned by each 5% shareholder, director or executive officer is determined under rules of the SEC. Under such rules, beneficial ownership includes any shares as to which the individual or entity has sole or shared voting power or investment power and includes any ADSs representing the ordinary shares which the individual has the right to acquire on or before April 1, 2003 through the exercise of share options, and any reference in the footnotes to this table to shares subject to share options refers only to share options that are so exercisable. For purposes of computing the percentage of outstanding ADSs held by each person or entity, any shares which that person or entity has the right to acquire on or before April 1, 2003, are deemed to be outstanding but are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person. Unless otherwise indicated, each person or entity has sole investment and voting power (or shares such power with his or her spouse) with respect to the shares set forth in the following table. The inclusion herein of any shares deemed beneficially owned does not constitute an admission of beneficial ownership of those shares. As of January 31, 2003, the Company had approximately 99,603,965 ordinary shares outstanding. The shareholders of the Company may elect to hold their respective shares of the Company's outstanding securities in the form of ordinary shares or ADSs. In addition, holders of options to purchase ordinary shares of the Company may, upon exercise of their options, elect to receive such ordinary shares in the form of ADSs. The 5% shareholders, directors and executive officers identified in the following table hold their respective shares of the Company's outstanding securities in the form of ADSs.

exercise upon termination of service. The Knowledge Well 1998 Plan permits options to be exercised with cash, check, promissory note, certain other ordinary shares of the Company or consideration received by the Company under a "cashless exercise" program. In the event that the Company merges with or into another corporation, or sells substantially all of its assets, the Knowledge Well 1998 Plan provides that each outstanding option may be assumed or substituted for by the successor corporation. If such substitution or assumption does not occur, each option will fully vest and become exercisable. As of January 31, 2003, there were 610 ordinary shares subject to options outstanding under the Knowledge Well 1998 Plan, and 233,659 ordinary shares available for future issuance. The Company has not granted any further options under the Knowledge Well 1998 Plan since the date it was assumed and has no current intention of making future grants thereunder.
