MOYCO AND METROPOLITAN HEALTH NETWORKS SIGN
LETTER OF INTENT TO MERGE

MONTGOMERYVILLE, Pa and WEST PALM BEACH, Fla. -- Moyco Technologies, Inc. (Nasdaq: MOYC), has signed a letter of intent to acquire and merge with Metropolitan Health Networks, Inc. (OTC: MDPA), a provider of healthcare services and a prescription drug business with \$130 million in annual revenues for its last fiscal year ended December 31, 2001. The letter of intent has been unanimously approved by the independent directors of both companies. The transaction will be structured as an exchange of stock whereby each share of Metropolitan will be exchanged for one share of Moyco common stock. All outstanding options and warrants will be exchanged on a similar basis.

The parties expect to execute definitive agreements by July 15th, 2002 and anticipate closing the transaction on or before September 30, 2002. The closing is subject to certain conditions including approval by the Board of Directors and shareholders of both companies, receipt of all third party consents, and continued listing of Moyco on Nasdaq or a new listing on the American Stock Exchange.

Moyco, with over one hundred years of history as a manufacturer and distributor of medical products predominantly in the dental market and a public company since 1968, has decided to re-enter the multi-billion dollar health-care industry after evaluating the market and Metropolitan's significant presence in Florida, its growth plan, and potential to increase shareholder value. Until May 2001, Moyco was a manufacturer, marketer, and distributor of professional dental supplies. Moyco was able to sell this business for about \$20 million including the assumption of certain liabilities. This transaction provided shareholders of Moyco with a partial liquidating dividend of \$1.45 per share. Moyco continues to operate its precision abrasives business through its wholly owned subsidiary, Moyco Precision Abrasives, Inc.

Once the merger is completed, Metropolitan shareholders will have the benefit of aligning with a well-established NASDAQ company that has the ability to provide access to the financial markets to continue to enhance the implementation of its business plan. Metropolitan plans to expand its pharmacy division and its health care services with the filing of its application to become its own HMO in

Edgar Filing: METROPOLITAN HEALTH NETWORKS INC - Form 425

targeted underserved Medicare markets in Florida. Metropolitan is a provider of health care services through its Provider Service Network (PSN) and prescription

drug business with estimated annualized revenues of \$150 million for 2002. Its PSN assumes the risk for and manages the provisions of health care services for patients through contracts entered into with Health Maintenance Organizations. Its pharmacy division, Metcare Rx, operates pharmacies in Florida, New York and Maryland. For the fiscal year ended December 31, 2001 Metropolitan reported revenues of \$130 million and net income of \$1 million or \$0.04 per share. For the first quarter ending March 31, 2002 Metropolitan reported revenues of \$38 million and net income of \$800,000 or \$0.03 per share.

Commenting on the letter of intent, Moyco CEO and President, Marvin E. Sternberg stated, "We are delighted to have this opportunity to combine our companies and pursue an exciting business plan in a multi-billion dollar market that has tremendous revenue and profit potential. We fully recognize Metcare's needs and will use every available resource to support this growth."

In addition to the prior healthcare industry experience of Moyco management, Marvin E. Sternberg, Chief Executive Officer and Chairman of the Board of Moyco will provide the combined companies with significant financial and operational expertise. Marvin Sternberg currently serves on the Board of Directors of Pennsylvania Business Bank and the RBB Fund, a family of mutual funds. He is also a Director of Cellucap Manufacturing Company, a private producer of disposable headwear and garments used in the healthcare industry. Certain members of Moyco's current Board of Directors will provide additional healthcare and financial industry experience and it is expected that these individuals will add depth of knowledge and abilities to the Board of Directors of the combined companies.

After the merger, Marvin E. Sternberg, brother of Fred Sternberg, Chairman and CEO of Metropolitan, will continue as the Chief Executive Officer and Chairman of the Board of the combined entities. Fred Sternberg will continue as President and CEO of Metropolitan and Debbie Finnel will continue as Chief Operating Officer of Metropolitan. It's anticipated the combined company will have nine members of the Board of Directors with five appointed by Moyco and four appointed by Metropolitan of which at least five will be independent directors. Metropolitan will continue to operate their businesses with the present management teams in place as a wholly owned subsidiary of Moyco. Moyco's precision abrasives subsidiary will likewise continue to operate with its present management team as a wholly owned subsidiary of Moyco.
