**Annual Meeting of Shareholders
August 8, 2006**

SOLICITATION OF PROXIES

The accompanying proxy is solicited by the Board of Directors of Monro Muffler Brake, Inc., a New York corporation (the Company or Monro), for use at the Annual Meeting of Shareholders (the Annual Meeting) to be held at the Genesee Valley Club, 421 East Avenue, Rochester, New York 14607, on Tuesday, August 8, 2006, commencing at 10 a.m., or at any adjournment or postponement thereof.

A shareholder who executes a proxy may revoke it at any time before it is voted. Attendance at the meeting shall not have the effect of revoking a proxy unless the shareholder so attending shall, in writing, notify the secretary of the meeting at any time prior to the voting of the proxy of the revocation. A proxy which is properly signed and not revoked will be voted for the nominees for election as directors listed herein, and for the ratification of the proposal regarding evaluating the selection of independent public accountants as proposed herein, unless contrary instructions are given, and such proxy may be voted by the persons named in the proxy in their discretion upon such other business as may be properly brought before the meeting.

The cost of soliciting proxies will be borne by the Company. In addition to solicitation by mail, directors, officers and employees of the Company may solicit proxies by telephone or otherwise. The Company will reimburse brokers or other persons holding shares in their names or in the names of their nominees for their charges and expenses in forwarding proxies and proxy material to the beneficial owners of such shares. It is anticipated that the mailing of this Proxy Statement and form of proxy will commence on or about July 7, 2006.

VOTING SECURITIES

Only shareholders of record at the close of business on Monday, June 19, 2006, the record date, will be entitled to vote. At May 26, 2006, the Company had outstanding 13,705,171 shares of Common Stock, par value \$.01 per share (Common Stock). Each share of Common Stock is entitled to one vote on each matter as may properly be brought before the meeting.

The voting rights of holders of Common Stock are subject to the voting rights of the holders of 65,000 shares outstanding of the Company's Class C Convertible Preferred Stock, par value \$1.50 per share (Class C Preferred Stock). The vote of the holders of at least 60% of the shares of Class C Preferred Stock at the time outstanding, voting as a separate class, or, alternatively, the written consent of the holders of all outstanding

Table of Contents

shares of Class C Preferred Stock, is needed to effect or validate any action approved by a vote of the holders of shares of Common Stock. Therefore, such preferred shareholders have an effective veto over all matters put to a vote of common shareholders, and such veto power could be used, among other things, to block the election of directors, the proposal regarding selection of independent public accountants, or any other transaction that the holders of the Common Stock might otherwise approve at the Annual Meeting. It is expected that the holders of the Class C Preferred Stock will approve, by unanimous written consent, all matters currently proposed to be put to a vote of common shareholders at the Annual Meeting.

With regard to the election of directors, votes may be cast in favor of or withheld from each nominee. Director nominees must receive a plurality of the votes cast at the meeting to be elected. Votes that are withheld from any nominee are counted as present for purposes of determining the existence of a quorum but are not deemed cast at the meeting and, thus, have no effect on the determination of a plurality. Abstentions may be specified on proposals other than the election of directors, which proposals require a majority of the votes cast at the meeting for approval. Abstentions will be counted as present for purposes of determining the existence of a quorum but are not deemed cast at the meeting and, thus, have no effect on the determination of a majority. With respect to shares of Common Stock held in street name, where no vote is indicated on a matter because the nominee or broker lacks authority to vote such shares without specific instructions from the beneficial owner, and the nominee or broker has received no such instructions (a broker non-vote), such shares are not counted as present for the purpose of determining the existence of a quorum and are not counted as votes cast with respect to any such matter.

ELECTION OF DIRECTORS

The Board of Directors of the Company is divided into two classes having terms which expire at the Annual Meeting (Class 1) and at the 2007 annual meeting of shareholders (Class 2). Four Class 1 directors are proposed for re-election at the Annual Meeting.

Current Nominees

It is proposed to elect at the Annual Meeting four persons to Class 1 of the Board of Directors to serve (subject to the Company's by-laws) until the election and qualification of their successors at the 2008 annual meeting of shareholders. If any such person should be unwilling or unable to serve as a director of the Company (which is not anticipated), the persons named in the proxy will vote the proxy for substitute nominees selected by the Board of Directors unless the number of directors to be elected has been reduced to the number of nominees willing and able to serve.

Additionally, during fiscal 2006, the Company paid legal fees of \$5,400, \$300 and \$3,000, respectively, in connection with filings by Messrs. Solomon, Glickman and Danziger regarding Company stock transactions.

The Board of Directors has determined that a majority of Board members is independent as defined by the listing standards of the National Association of Securities Dealers, Inc. (NASDAQ).

Table of Contents

The Company does not have a separate nominating committee due to the small size of the Company's Board. The Board believes it can effectively accomplish the functions of a nominating committee through the actions of the independent members of the Board, namely Messrs. Solomon, Berenson, Danziger, Mellor, Spiro and Strawbridge.

The independent directors of the Board are responsible for identifying, screening and recommending candidates for membership on the Board pursuant to written guidelines established by the Board. These guidelines are available on the Investor Information-Corporate Governance section of the Company's website, www.monro.com. In assessing potential new directors, these directors consider individuals from various disciplines and diverse backgrounds. The selection of qualified directors is complex and crucial to Monro's long-term success. Board candidates are considered based upon various criteria, such as their broad-based business skills and experiences, a global business perspective, concern for the long-term interests of the shareholders, and personal integrity and judgment. In addition, directors must have time available to devote to Board activities and to enhance their knowledge of Monro and the automotive service industry.

The independent directors will consider recommendations from shareholders of potential candidates for the Board of Directors. A shareholder wishing to recommend a potential candidate must submit the recommendation in writing, addressed to the Secretary, Monro Muffler Brake, Inc., 200 Holleder Parkway, Rochester, NY 14615, Attention: Independent Directors, so that the Secretary receives the recommendation not less than 120 days (nor more than 180 days) prior to the meeting. Each recommendation must set forth the information required by the Certificate of Incorporation for shareholders submitting a nomination. Additional information and a copy of the Certificate of Incorporation may be obtained by submitting a written request to the Secretary of the Company, or by reference to the Company's website.

Under the Company's Certificate of Incorporation, each year prior to the annual meeting of shareholders, the independent Directors recommend the Board's nominees to serve as Monro's directors for the next two years. The Board is soliciting proxies to elect these individuals. All candidates nominated by the Board of Directors, except for Mr. Glickman, have been determined to be independent directors.

Communications with Directors

Shareholders wishing to communicate with the non-management directors may send a letter to the Secretary, Monro Muffler Brake, Inc., 200 Holleder Parkway, Rochester, NY 14615, Attention: Non-Management Directors. All correspondence sent to that address will be delivered to the appropriate directors on a quarterly basis, unless the Secretary determines by individual case that it should be sent more promptly. Any concerns relating to accounting, internal controls, auditing or officer conduct will be sent promptly to the Chair of the Audit Committee. All correspondence to non-management directors will be acknowledged by the Secretary and may also be forwarded within Monro to the subject matter expert for investigation. Monro has adopted a Corporate Code of Ethics that applies to its principal executive officer, principal financial officer, principal accounting officer, and persons performing similar functions, and is posted on its website at www.monro.com. Communication with non-management directors may occur as outlined in the Code of Ethics.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors (the Committee) is composed of three non-employee directors and operates under a written charter adopted by the Board of Directors. Each member of the Committee is an independent director as defined by rules of the SEC and NASDAQ. In addition, the Board of Directors has determined that Richard A. Berenson is an audit committee financial expert as defined by SEC rules, and is independent from management.

In fiscal 2006, the Audit Committee, as a matter of routine, reviewed its charter and practices. The Committee determined that its charter and practices are consistent with listing standards of NASDAQ.

Management is responsible for the Company's internal controls and the financial reporting process. The external auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with standards of the Public Company Accounting Oversight Board. The Committee's responsibility is to monitor and oversee these processes.

In this context, the Committee has met and held discussions with management and the external auditors. Management represented to the Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed the consolidated financial statements with management and the external auditors. The Committee discussed with the external auditors matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended.

The Company's external auditors also provided to the Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with the external auditors that firm's independence.

Based on the Committee's discussion with management and the external auditors and the Committee's review of the representation of management and the report of the external auditors to the Committee, the Committee recommended to the Board of Directors, and the Board has approved, that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended March 25, 2006, for filing with the SEC. The Committee has also approved, subject to shareholder ratification, the decision to reevaluate the selection of PricewaterhouseCoopers LLP as the Company's external auditors for fiscal 2007.

Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors is responsible for setting the Chief Executive Officer's compensation and that of the other executive officers after considering recommendations made by the Chief Executive Officer.

Executive compensation is a mix of salary, annual bonus awarded under the Management Incentive Compensation Plan or other executive bonus plans, Company contributions to the profit sharing plan, deferred compensation plan, and pension plan, long-term compensation in the form of stock options and other benefits generally available to all employees. The Company relies to a large degree on bonus, stock options and stock ownership to attract and retain executives of outstanding ability and to motivate them to work to their fullest potential. Under the Management Incentive Compensation Plan and executive bonus plans, the Compensation Committee seeks to enhance the profitability of the Company by aligning closely the financial interest of the Company's executives with those of its shareholders through the payment of bonuses based on attainment of profit targets. In setting base salaries, the Company takes into account competitive market compensation paid by other companies for similar positions.

The Chief Executive Officer's fiscal 2006 compensation consisted of a base salary of \$665,000 in accordance with his employment agreement (see also Employment Agreements and Change-in-Control Arrangements), and other benefits extended to all full-time employees. Mr. Gross's bonus is limited to a maximum of 150% of his base salary. In fiscal 2005, Mr. Gross did not receive a bonus, because the Company did not attain the minimum required percentage of targeted profit performance. In fiscal 2006 and 2004, Mr. Gross's bonus was based on the Company's attainment of specific profit targets. The Chief Executive Officer does not participate in the Compensation Committee's determination of his compensation.

Additionally, in connection with the renewal of his employment agreement in fiscal 2003, Mr. Gross was awarded a \$1,000,000 special retention bonus, which was paid annually in four equal installments of \$250,000, beginning in January 2003.

The salaries of other executive officers are set at amounts the Company believes to be comparable to those paid to executives holding similar positions at other automotive service companies of comparable size. Bonuses are paid based on attainment of profit targets, which the Company achieved in fiscal 2006 and 2004.

All employees, including executive officers, may receive stock options from time to time under the Company's stock option plans. Stock option grants are approved by the Compensation Committee of the Board of Directors, a committee composed entirely of non-management directors. The stock option grant size is based upon the individual's overall compensation package, job performance, future potential, awards made to executives at comparable companies and other factors. Under the stock option plans, 437,262 shares were available for grants to employees at March 25, 2006. During fiscal 2006, the Compensation Committee granted 307,100 options, including 80,000 to Robert G. Gross, President and Chief Executive Officer; 60,000 to Joseph Tomarchio Jr., President Tire Group; 20,000 to Catherine D. Amico, Executive Vice President Finance and Chief Financial Officer; 10,000 to Christopher R. Hoornbeck, Divisional Vice President Western Operations; 10,000 to Craig L. Hoyle, Divisional Vice President Southern Operations; and 10,000 to John VanHeel, Senior Vice President Store Support.

Table of Contents

Options exercisable for an aggregate of 31,913 shares were also granted to seven non-employee directors of the Company under the terms of the 2003 Non-Employee Directors Stock Option Plan (the 2003 Plan). The 2003 Plan was approved by shareholders in August 2003.

Effective March 24, 2006, the Compensation Committee of the Board of Directors approved the accelerated vesting of all 220,000 unvested stock options held by the Company s employees.

The Company s executive officers and certain senior level managers have agreed that they will hold the shares related to the accelerated vesting at least through the original vesting date of the corresponding options. Except for the accelerated vesting, all other material terms and conditions of the previously granted awards remain unchanged.

The decision to accelerate the vesting of these stock options was made to reduce non-cash compensation expense that would otherwise have been recorded in future periods following the Company s adoption of Statement of Financial Accounting Standards No. 123(R) (SFAS 123(R)), which became effective for the Company on March 26, 2006. The accelerated vesting resulted in a one-time non-cash stock-based compensation charge of approximately \$272,000, or \$.02 per diluted share, in the fourth quarter of fiscal 2006. As a result of the vesting acceleration, the Company expects it will eliminate the recognition of approximately \$900,000 to \$1,000,000 of non-cash expense over the next four years, beginning March 26, 2006, with more than half of the expense reduction attributable to fiscal 2007.

The executive officers participate in the Company s qualified profit sharing/401(K) and pension plans on the same basis as all other employees. The Company offers health care, life insurance, disability insurance and other benefits to the executive officers on substantially the same terms as available to all employees of the Company. The executive officers are also eligible to participate in a non-qualified Deferred Compensation Plan to provide an opportunity for additional tax-deferred savings. In addition, it allows the Company to credit to participant accounts such amounts as would have been contributed to the profit sharing/401(K) plan but for the limitations that are imposed under the Internal Revenue Code of 1986, as amended (the Code), based upon the participants status as highly compensated employees. (See additional discussion under Deferred Compensation Plan). The amount of perquisites received by any executive officer in fiscal 2006 did not exceed \$50,000 or ten percent of his or her cash compensation.

The federal income tax laws impose limitations on the deductibility of compensation in excess of \$1 million paid to executive officers in certain circumstances. The Compensation Committee intends that all compensation paid to executive officers in fiscal 2006 will be deductible by the Company under such tax laws. For federal income tax purposes, the Company is generally entitled to a compensation deduction at the time an officer or employee exercises a stock option in an amount equal to the excess of the value of the shares received upon such exercise and the exercise price of the option. Since the amount of the compensation deduction is based on the number of the options exercised and the spread between the value of the Company s stock and the exercise price on the exercise date, the amount of any such deduction cannot be determined in advance. Accordingly, if certain executive officers exercise options during fiscal 2007 and the value of the Company s stock significantly exceeds the exercise price of the options, it is possible that the Company would not be entitled to deduct a portion of the compensation attributable to such exercise.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee are Frederick M. Danziger, Robert E. Mellor and Francis R. Strawbridge.

In December 1998, the Company loaned \$523,000 to Robert G. Gross, its President and Chief Executive Officer, to purchase 75,000 shares of the Company's Common Stock at the then fair market value. This loan, which bore an interest rate of 5.5% per annum, matured on December 1, 2003, and required five equal annual installments of principal beginning on the first anniversary of the loan. If Mr. Gross was employed with the Company when a principal payment was due, that installment was forgiven by the Company. Accordingly, the entire loan and all interest, which was due on the fifth anniversary of the loan, have been forgiven. The loan was secured by the related Common Stock. All amounts forgiven were recorded by the Company as compensation expense.

The Company has a management agreement, effective July 1, 1991, with Peter J. Solomon Company, L.P. (PJSC), pursuant to which PJSC provides strategic and financial advice relating to financing, capital structure, mergers and acquisitions and offensive/defensive positioning to the Company, for a fee of \$300,000 per year (plus reimbursement of out-of-pocket expenses). Pursuant to such agreement, the Company has agreed to indemnify PJSC against certain liabilities. In addition, PJSC, from time to time, provides additional investment banking services to the Company for customary fees. No additional fees were paid in fiscal 2004, 2005 or 2006. Peter J. Solomon, Chairman of the Board and principal shareholder of the Company, is Chairman of PJSC. Of the fees paid by the Company to PJSC, approximately half were paid to Donald Glickman, a director and principal shareholder of the Company, by PJSC for consulting services.

In May 2003, the annual fee was increased to \$300,000 from \$160,000 per year effective July 1, 2003, with approval from the independent Compensation Committee of the Company's Board of Directors. The total amount of fees paid to PJSC was \$300,000, \$300,000 and \$265,000 in 2006, 2005 and 2004, respectively.

Pension Plan

The Company sponsors a noncontributory retirement plan (the Pension Plan) which is intended to qualify under Section 401(a) of the Code, as amended (the Code). As of September 30, 1999, participants ceased to accrue benefits under the Pension Plan and no employees will become plan participants after this date. Compensation and services after this date are not taken into consideration in determining benefits under the Pension Plan. Prior to September 30, 1999, each employee who attained age 21 became a participant on the April 1 or October 1 following the date the employee completed one

Table of Contents

year of service. Benefit payments generally begin upon retirement at age 65 or age 60 with 20 years of service.

Benefits under the Pension Plan are 100% vested in each participant upon completion of five years of service, attainment of age 65 or the termination of the Pension Plan. Lump sum distributions are available at termination or retirement only for accrued benefits of \$5,000 or less.

The following table shows the estimated annual benefits payable to participants under the Pension Plan upon retirement at age 65. The table does not show the reduction for Social Security benefits (see formula below).

PENSION PLAN TABLE

Average Compensation (Prior to September 30, 1999)	Number of Years of Service				
	5	10	15	20	25
\$100,000	\$ 22,500	\$ 45,000	\$ 45,000	\$ 45,000	\$ 45,000
80,000	18,000	36,000	36,000	36,000	36,000

For the purpose of determining amounts payable under the Pension Plan for each of the Named Officers, compensation includes the average of ten years (i) base salary (including the amount of any reductions in the executive's otherwise payable compensation attributable to any cafeteria plan) plus (ii) cash bonuses. For the last three years, the base salaries and bonuses of each Named Officer are shown in the Summary Compensation Table. Compensation does not include stock options (Long Term Compensation column) or the Company's contributions to the Profit Sharing Plan (All Other Compensation column) shown in the Summary Compensation Table. Compensation is limited to \$100,000 for determining amounts payable under the Pension Plan.

The following are the years of credited service as of September 30, 1999 (rounded to the nearest year) under the Pension Plan for each of the Named Officers: Robert G. Gross one year; Joseph Tomarchio, Jr. zero years; Catherine D. Amico eight years; Christopher R. Hoornbeck 28 years; and Craig L. Hoyle two years.

The basic benefit under the Pension Plan is a straight life annuity. Subject to certain limits required by law, benefits are payable monthly in an amount equal to (i) 45% of a participant's average monthly earnings for the highest ten consecutive years prior to September 30, 1999, less (ii) 45% of the monthly primary Social Security benefit payable to the participant at retirement. The amount of the benefit is also reduced for short service participants and participants terminating employment prior to retirement.

Due to the fact that the Pension Plan was frozen as of September 30, 1999, the amount of the benefit will be multiplied by a fraction (not greater than one), the numerator of which is the participant's total number of years of service as of September 30, 1999, and the denominator of which is the number of years of service the participant would have accumulated if he had continued his employment until the earlier of (i) age 65 or (ii) the date after age 60 but before age 65 on which the participant had at least 20 years of vesting service under the Pension Plan.

In connection with the purchase of Kimmel Automotive, Inc. (KAI) in April 2002, the Company also sponsors a non-contributory retirement plan covering certain

Table of Contents

employees of KAI. Participants ceased to accrue benefits under this plan prior to April 2002. No Named Officers are covered under this plan. This plan merged with the Pension Plan during fiscal year 2005.

Profit Sharing Plan

The Company sponsors a profit sharing plan with a 401(K) feature (the Profit Sharing Plan). The Profit Sharing Plan is intended to qualify under Section 401(a) of the Code.

Each employee who has attained age 21 becomes a participant as of the first day of the month following completion of three months of service. Participants may elect to reduce their compensation by up to the lesser of 30% of their annual compensation or the statutorily prescribed annual limit (\$15,000 in 2006) and to have the amount of the reduction contributed to their account in the Profit Sharing Plan. One of the investment options available to participants is the Company's Common Stock.

The Company may make discretionary matching contributions to the matching accounts of those employees who are contributing to the Profit Sharing Plan. The Board approves matching contributions quarterly. A discretionary Company profit sharing contribution may also be made on an annual basis.

Deferred Compensation Plan

The Company has adopted the Monro Muffler Brake, Inc. Deferred Compensation Plan (the Plan) to provide an opportunity for additional tax-deferred savings to a select group of management or highly compensated employees. The Plan is an unfunded arrangement and the participants or their beneficiaries have an unsecured claim against the general assets of the Company to the extent of their Plan benefits.

The Compensation Committee designates the individuals eligible to participate in the Plan. Currently, only those employees who are highly compensated employees, as that term is defined under Section 414(q) of the Code, have been designated as eligible to participate in the Plan.

The Plan permits participants to defer all or any portion of the compensation that would otherwise be payable to them for the calendar year. In addition, the Company will credit to the participants' accounts such amounts as would have been contributed to the Monro Muffler Brake, Inc. Profit Sharing Plan but for the limitations that are imposed under the Code based upon the participants' status as highly compensated employees. The Company may also make such additional discretionary allocations as are determined by the Compensation Committee.

No amounts credited under the Plan are funded and the Company maintains accounts to reflect the amounts owed to each participant. At least annually, the accounts are credited with earnings or losses calculated on the basis of an interest rate or other formula as determined by the Compensation Committee.

Benefits are payable at a participant's election in a single cash sum or in monthly installments for a period not to exceed 10 years at the date designated by the participant upon his or her initial enrollment in the Plan, but in no event later than the date the participant attains age 65. Payments are made earlier in the event a participant dies or incurs an unanticipated emergency.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Affiliate Leases

The Company leases six stores from lessors in which Joseph Tomarchio, Jr. has beneficial ownership interests. In fiscal 2006, the Company expensed \$573,000 as rent for these stores. Mr. Tomarchio is an officer of the Company.

Aside from the six leases assumed as part of the Mr. Tire acquisition in March 2004, the Company has not entered into any affiliate leases, other than renewals or modifications of existing leases, since May 1989, and as a matter of policy, will not do so.

(See also Compensation Committee Interlocks and Insider Participation).

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act), requires the Company s directors and executive officers, and persons who beneficially own more than ten percent of the Company s Common Stock, to file with the SEC initial reports of ownership and reports of changes in ownership of Common Stock. Officers, directors and greater than ten-percent shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

To the Company s knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, during fiscal 2006, all Section 16(a) filing requirements applicable to its officers, directors and greater than ten-percent beneficial owners were complied with, except that Peter J. Solomon, Director, reported the sale of 5,814 shares on a Form 4 that was filed late; and Joseph Tomarchio, Jr., President Tire Group, reported the exercise of 10,000 options on a Form 4 that was filed late.

APPROVAL OF INDEPENDENT ACCOUNTANTS

Shareholder ratification of the appointment of the Company s independent public accountants is not required by the Company s Amended and Restated By-laws or otherwise. The Audit Committee may direct the appointment of different independent accountants at any time during the fiscal year if it determines that such a change would be in the best interests of the Company and its shareholders. However, as good corporate practice, the Audit Committee is requesting that the shareholders approve its proposal to reevaluate the selection of independent public accountants to audit the books and accounts for fiscal 2007.

PricewaterhouseCoopers LLP (PWC) has been engaged as the Company s independent accountants since 1984. A representative of PWC will be present at the Annual Meeting to respond to questions and will have an opportunity to make a statement if he or she desires to do so.

In addition to retaining PWC to audit the Company s consolidated financial statements for fiscal 2006, the Company retained PWC and other consulting firms to provide advisory, auditing, and consulting services in fiscal 2006. The Company understands the need for PWC to maintain objectivity and independence in its audit of its

Table of Contents

financial statements. To minimize relationships that could appear to impair the objectivity of PWC, the Audit Committee has restricted the non-audit services that PWC may provide primarily to tax services, merger and acquisition due diligence services and audit services. They also determined that the Company would obtain non-audit services from PWC only when the services offered by PWC are more effective or economical than services available from other service providers, and, to the extent possible, only after competitive bidding.

The Audit Committee has also adopted policies and procedures for pre-approving all non-audit work performed by PWC after May 5, 2003. Specifically, the committee has pre-approved the use of PWC for the following categories of non-audit service: merger and acquisition due diligence and audit services; tax services; internal control reviews; and reviews and procedures that the Company requests PWC to undertake to provide assurances on matters not required by laws or regulations. In each case, the Committee requires management to report the specific engagements to the Committee on a regular basis, and also obtain specific pre-approval on any engagement over \$25,000.

Aggregate fees billed to the Company for services rendered by PWC for fiscal 2006 and 2005 were:

	2006	2005
Audit Fees, including quarterly reviews	\$ 392,600	\$ 684,000
Audit Related Fees	157,000	41,000
Tax Fees	173,700	66,400
All Other Fees	1,600	1,600
Total Fees	\$ 724,900	\$ 793,000

In the table above, in accordance with SEC definitions and rules, **audit fees** are fees the Company paid to PWC for professional services for the audit of the Company's consolidated financial statements included in Form 10-K and review of financial statements included in Form 10-Qs, for the Sarbanes-Oxley Section 404 internal control audit or for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements; **audit-related fees** are comprised of assistance on acquisitions, and assurance and other audit-related services that are traditionally performed by the external auditor; **tax fees** are fees related to preparation of the Company's tax returns, as well as fees for tax compliance, tax advice, and tax planning; and **all other fees** are fees billed by PWC to the Company for any services not included in the first three categories.

The Audit Committee has considered whether the non-audit services provided by PWC are compatible with PWC maintaining its independence and has determined that they are compatible.

The Board of Directors recommends the shareholders vote FOR ratification of the proposal regarding evaluating the selection of independent public accountants of the Company for the fiscal year ending March 31, 2007.

At least one member of the Audit Committee shall be an Audit Committee Financial Expert as defined by the SEC.

To the extent permitted by applicable legal and listing requirements, the Audit Committee may delegate authority to one or more of its members, provided that a determination to grant pre-approval of audit and non-audit services by any member to whom authority is so delegated shall be presented to the full Audit Committee at its next scheduled meeting.

STATEMENT OF POLICY

The Audit Committee shall provide assistance to the Board in fulfilling its responsibilities to the Company and the Company's shareholders relating to oversight of management and the independent auditors in respect of corporate accounting, financial reporting practices and the quality and integrity of the financial reports of the Company. It is the role of the Audit Committee to oversee the work of management and the independent auditors. In so doing, it is the responsibility of the Audit Committee to maintain open communication between the directors, the independent auditors and the financial management of the Company.

The independent auditors for the Company are ultimately accountable to the Audit Committee. The Audit Committee has the ultimate authority and responsibility to appoint (or nominate for shareholder approval), compensate and oversee the independent auditors.

RESPONSIBILITIES

In carrying out its responsibilities, the Audit Committee believes its policies and procedures should remain flexible in order to best react to changing conditions and to oversee management's implementation of prudent corporate accounting and reporting policies.

In carrying out these responsibilities, the Audit Committee shall:

1. Have the sole authority and responsibility for the selection, appointment (or nomination for shareholder approval), compensation, oversight and, if appropriate, termination of the independent auditors.
2. For the purpose of monitoring the independence of the independent auditors, pre-approve (i) the annual engagement agreement and fee arrangement between the Company and the independent auditors, and (ii) all proposed engagements of the independent auditors for audit and non-audit services, subject to the

de minimus exception for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act. In no event shall the independent auditors be engaged on behalf of the Company to perform any prohibited activities described in Section 10A(g) of the Exchange Act, or any other services prohibited by applicable legal or listing requirements to be performed by the independent auditors of a public company. The Audit Committee shall be advised of any other study or service undertaken by the independent auditors at the request of management that is beyond the scope of the Company's audit engagement letter.

3. Be responsible for ensuring that the independent auditors submit to the Audit Committee, on a periodic basis, a formal written statement delineating all relationships between the independent auditors and the Company. The Audit Committee is responsible for discussing with the independent auditors any disclosed relationships or services that may impact the objectivity and independence of the independent auditors and for recommending that the Board take appropriate action in response to the independent auditors' report to satisfy itself of the independent auditors' independence.

4. Review the scope and general extent of the independent auditors' annual audit. The Audit Committee's review should include an explanation from the independent auditors of the factors considered by them in determining the audit scope, including the major risk factors. The independent auditors should confirm to the Audit Committee that no limitations have been placed on the scope or nature of their audit procedures.

5. At the completion of the annual audit, review and discuss with management and the independent auditors the following:

The annual financial statements and related footnotes and financial information to be included in the Company's annual report to shareholders and on Form 10-K (including disclosures made in the Management's Discussion and Analysis of Financial Condition and Results of Operations' section thereof).

The results of the audit of the financial statements and the related report thereon and, if applicable, a report on changes during the year in accounting principles and their application.

Significant changes to the audit plan, if any, and any serious disputes or difficulties with management encountered during the audit. The Audit Committee also shall inquire about the cooperation received by the independent auditors during their audit, including access to all requested records, data and information. Additionally, the Audit Committee shall inquire of independent auditors whether there have been any disagreements with management which, if not satisfactorily resolved, would have caused them to issue a nonstandard report on the Company's financial statements.

Other communications as required to be communicated by the independent auditors by Statement of Auditing Standards (SAS) 61 as amended by SAS 90 relating to the conduct of the audit. The Audit Committee also shall receive written communication provided by the independent auditors concerning their judgment about the quality of the Company's accounting principles, as outlined in SAS 61 as amended by SAS 90, and that they concur with management's representation concerning audit adjustments.
