INDEPENDENT ACCOUNTANTS' AUDIT REPORT

Board of Directors and Stockholders  
WellComm Group, Inc.  
Omaha, Nebraska

We have audited the accompanying balance sheets of WellComm Group, Inc., an Illinois corporation, as of December 31, 2001 and 2000, and the related statements of operations, stockholders' equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of WellComm Group, Inc. as of December 31, 2001 and 2000, and the results of its operations and its cash flows for the years ended in conformity with accounting principles generally accepted in the United States of America.

1. Summary of Significant Accounting Policies

---

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below.

Organization and  
Nature of Business

WellComm Group, Inc. (the "Company") was incorporated in January of 1997. The Company is a national health management organization committed to improving performance, quality and access to care and wellness through its "Telehealth" service program, which provides patients covered by health insurance policies, 24-hour access to professional, telephonic health advice and wellness information and support. The Company is located in Omaha, Nebraska.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported

Edgar Filing: I TRAX INC - Form 8-K/A

amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash  
Equivalents

For purposes of the Statement of Cash Flows, the Company considers all investments with maturities of three months or less to be cash and cash equivalents.

Trade Accounts  
Receivable

The Company considers trade accounts receivable to be fully collectible; accordingly, no allowance for doubtful accounts is required. If amounts become uncollectible, they will be charged to operations when that determination is made.

Concentration of  
Credit Risk

The Company has two financial instruments that potentially subject the Company to credit risk. The Company maintains bank accounts in which the balances sometimes exceed federally insured limits. The Company's trade accounts receivable also subject the Company to credit risk.

Property and  
Equipment

Property and equipment are recorded at cost. Expenditures for additions and betterments are capitalized; expenditures for maintenance and repairs are charged to expense as incurred. The costs of assets disposed and the related accumulated depreciation are eliminated from the accounts in the year of disposal. Gains or losses from property disposals are recognized in the year of disposal.

Revenue Recognition Revenue is recognized as services are rendered. The Company contracts with its customers to provide services based on an established monthly fee, a per-call charge or a combination of both. The Company invoices its customers in arrears of rendering these services.

Income Taxes Deferred income tax assets and liabilities are computed annually for differences between the financial statement and tax bases of assets and liabilities that will result in taxable or deductible amounts in the future based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. Income tax expense is the tax payable or refundable for the period plus or minus the change during the period in deferred tax assets and liabilities.

2. Financing Arrangements

---

The Company has a \$308,108 revolving bank line of credit, with interest at .5% over the national prime rate as published by the Wall Street Journal (4.75% at December 31, 2001) and payable monthly. This line of credit is collateralized by all assets of the Company. There were no amounts outstanding against this line of credit at December 31, 2001 and 2000.

3. Notes Payable, Related Parties

---

Notes payable, related parties consisted of two unsecured notes to the Company's vice president of operations, also a stockholder, and her sister. Both notes were non-interest bearing and paid in full during the year ended December 31, 2001.

4. Long-Term Debt

---

Long-term debt at December 31, consists of the following:

Capitalized equipment lease payable to a corporation, payable in monthly installments of \$4,856, including imputed interest at 10.91%, through July 2003, collateralized by the equipment being leased.

5. Commitments and Contingencies

Lease Obligations

The Company has entered into various operating leases for office space and certain equipment used by the Company. The future minimum lease payments under these noncancelable operating leases as of December 31, 2001 are as follows:

Year Ending December 31,	
2002	\$42,057
2003	28,923
2004	1,420
	-----
	\$72,400
	=====

Lease expense under these operating leases was approximately \$43,000 and \$28,000 for the years ended December 31, 2001 and 2000, respectively.

Edgar Filing: I TRAX INC - Form 8-K/A

Employment Agreements

The Company entered into two employment agreements with its president and vice president of operations, both stockholders of the Company, in April 2000 that provides for a minimum annual salary. Subsequent to December 31, 2001, these agreements were terminated and new agreements were signed as a result of the Company being acquired (See Note 9).

8

WELLCOMM GROUP, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2001 AND 2000

5. Commitments and Contingencies - Continued

Stockholder Agreements

The Company and its stockholders have entered into an agreement, which restricts the stockholders from selling their shares to any entity other than the Company or remaining stockholders unless approved by the Company and its stockholders. The Company and remaining stockholders have the first option to purchase the shares, except in the case of death, whereby the Company and remaining stockholders are required to purchase the shares, at purchase price as defined in the agreement.

6. Economic Dependency - Major Customers

Major customers whose revenue exceeded 10% of the total revenues were as follows:

	2001	2000
Number of Major Customers	1	2
Percentage of Revenues	82%	92%
Percentage of Trade Accounts Receivable at December 31	74%	59%

These revenues consist of several contracts with each customer that have specific terms. Additionally, these contracts have a termination clause without cause of 30 days.

7. 401(k) Plan

## Edgar Filing: I TRAX INC - Form 8-K/A

The Company implemented a 401(k) plan in December 2001, which covers substantially all employees upon the completion of three months of service and attainment of 21 years of age. Matching contributions to the plan are at the Company's discretion. The plan goes into affect beginning January 2002.

### 8. Income Taxes

Components of the provision for income tax expense (benefit) are as follows:

	Federal	State	Total

## Edgar Filing: I TRAX INC - Form 8-K/A

### Footnotes to Pro Forma Balance Sheet and Statement of Operations

- Adj. A I-trax, Inc. prior to acquiring WellComm Group, Inc. sold a 6% convertible senior debenture in the aggregate principal amount of \$2,000,000 to Palladin Opportunity Fund LLC pursuant to a Purchase Agreement dated February 4, 2002. The outstanding principal and any capitalized interest under this debenture are payable in full on or before February 3, 2004. Further, outstanding principal and any capitalized interest may be converted at any time at the election of Palladin into I-trax common stock at an initial conversion price of \$1.00 per share.
- Adj. B Pursuant to a Merger Agreement, on February 6, 2002, I-trax completed the acquisition of WellComm by issuing 7,440,000 shares of I-trax common stock and granting 560,000 options with a nominal exercise price. Therefore, the total stock consideration issued by I-trax to acquire WellComm was 8,000,000 shares of I-trax common stock. For purposes of these pro forma statements, I-trax had assigned a per share price of \$1.25 for each share of I-trax Common Stock issued in the acquisition, or \$10,000,000 in the aggregate. I-trax also paid \$2,190,000 in cash. And therefore the aggregate acquisition value is \$12,190,000. WellComm is a healthcare service company that offers a broad array of expertise including a nurse contact center specializing in disease management, triage, health information survey, and research services for the healthcare industry. The acquisition will be accounted for as a purchase. As such, the purchase price will be allocated to the estimated fair values of the assets acquired and liabilities assumed. I-trax is in the process of obtaining third-party valuations of certain intangible assets.
- Adj. C To eliminate the stockholder's equity of WellComm upon consolidation.
