FORM 12b-25

PART III. NARRATIVE

State below in reasonable detail the reasons why Form 10-K, 11-K, 20-F, 10-Q, N-SAR or the transition report portion thereof could not be filed within the prescribed time period. (Attach extra sheets if needed.)

For the quarter ended June 30, 2001 Form 10-Q could not be filed within the prescribed time limit because of the substantial time and attention of management required to collect data requested by our bank group in order to obtain waivers of our debt covenants. Futhermore, the Company's ability to timely file its Form 10-Q has been adversely affected by continued changes in management resulting from the resignations of the former Chief Executive Officer and Chief Financial Officer in late October 2000 and the resignation of the Corporate Controller in April 2001.

Exhibit A
Emergence from Bankruptcy

On September 16, 1999, the Company filed (the "Filing") for protection under Chapter 11 of the United States Bankruptcy Code (the "Code") in the District of Delaware. The Company operated as a Debtor-in-Possession ("DIP") under the Code. Subsequent to the Filing, the Company obtained a \$42.4 million senior collateralized DIP credit facility to meet its ongoing working capital needs and replace its pre-petition revolving credit facility. The DIP facility provided for borrowings up to \$35 million on a revolving credit facility, with availability depending upon a borrowing base formula based on accounts receivable. Additionally, the DIP facility provided additional borrowing capacity of \$2.4 million to refinance an existing term loan collateralized by five hundred and forty-one trailers and an incremental \$5 million of borrowings, if drawn, to be collateralized by identified real property and other unencumbered trailers. The borrowings bore interest at rates ranging from prime rate plus .25% to .50% or from LIBOR rates plus 2.25% to 2.50%. The DIP facility was repaid in full on February 15, 2000, the effective date of the Plan of Reorganization (the "Plan"). On October 25, 1999 the Court signed an order approving the second amended disclosure statement for a joint plan of reorganization. On December 9, 1999, the Plan was confirmed by the United States Bankruptcy Court, District of Delaware (the "Court".)

On February 15, 2000, the consummation of the Company's Plan of Reorganization was completed, and the Company exited from Chapter 11. The Company converted the existing Senior Subordinated Notes ("Notes") and common equity as outlined under the terms of the restructuring agreement.

The agreement provided for the Notes to be converted into (i) new notes in the aggregate principal amount of \$30 million, due February 15, 2005, with interest at the rate of 12% per annum (the first semi-annual interest payment was paid on March 15, 2000), and (ii) 95% of the new common equity of the Company to be issued post-recapitalization. The agreement also provided that the Company's old common equity would be converted into 5% of the new common equity issued post-recapitalization.

In connection with the exit from Chapter 11, the Company executed a new, three-year \$42.5 million revolving credit facility ("Revolver"). The Revolver provides for borrowings up to \$42.5 million based on a borrowing base formula determined by eligible accounts receivable, certain unencumbered trailers, and the Company's real property in Kennesaw, Georgia. The Revolver also provides for the issuance of letters of credit up to \$17 million. The Revolver bears interest at the prime rate plus .25% or LIBOR plus 2.25%. No financial covenants exist unless availability, as defined, initially falls below \$5 million for ten consecutive business days. Required covenants if availability falls below \$5 million include a minimum net worth threshold, minimum fixed charge coverage ratio and a maximum leverage ratio. The Revolver also limits debt incurrence, capital expenditures, changes in control and management, mergers and certain material asset sales, irrespective of the \$5 million availability threshold.

Shareholder Rights Plan

On April 27, 2001, the Company's Board of Directors adopted a Shareholder Rights Plan designed to assure that all of the Company's securityholders are offered a full and fair price in the event a potential acquirer seeks to gain control of the Company and to protect securityholders from attempts to acquire effective control through open market and/or private purchases of common stock without paying a fair control premium to either selling or remaining stockholders. Under the terms of the Rights Plan, under certain circumstances the Rights will become exercisable if a person or group (other than those eligible to report such ownership on Schedule 13G) acquires beneficial ownership of 30% or more of the Company's outstanding common stock, in which case each Right not held by such person or group will enable the holder to purchase that number of shares of the Company's common stock having a market value at that time of two times the \$1.50 exercise price of the Right. Details of the Rights Plan are described in the Company's Current Report on Form 8-K dated April 27, 2001 and a copy of the Rights Agreement establishing the Plan was filed as an Exhibit to such Current Report.

Exhibit A, continued
Summary of Second Quarter 2001 Results

Net loss for the quarter ended June 30, 2001, amounted to \$4.8 million or \$2.40 per basic and diluted share, compared to a net loss of \$0.3 million or \$0.17 per basic and diluted share, in the second quarter of 2000. Second quarter operating results were negatively impacted by fewer miles driven resulting from a reduction in total tractor count in both the Heavy Haul and Secured segments. Additionally, consolidated operating results were negatively impacted by a decline of \$2.7 million in brokerage revenues.

Operating Revenue

Operating revenue decreased \$8.5 million, or 11.3% from the second quarter 2000 to 2001. Revenue per loaded mile increased to \$1.93 for the quarter ended June 30, 2001 from \$1.82 for the quarter ended June 30, 2000, excluding brokerage, Super Heavy Haul and fuel surcharge revenues. Operating revenues were impacted by a decline in total miles driven of approximately 5.2 million from the second quarter of 2000 to 2001, which can be attributed to lower asset productivity and a reduction in total tractor count.

Revolving Credit Facility

On October 19, 2000, the Company was notified by CIT Business Credit that an event of default had occurred under the Revolver concerning a change in management restriction as a result of the resignation of the former Chief Executive Officer and Chief Financial Officer of the Company. On October 27, 2000, the Company was notified by CIT Business Credit that an event of default had occurred under the Revolver concerning a materially adverse effect evidenced by, (a) the Company's current and projected future negative earnings and cash flow, (b) the change in management discussed in notice of default on October 19, 2000, (c) the increase in fuel costs to the Company and (d) a proposed sixty percent increase in insurance premiums to the Company.

On November 8, 2000, the Company executed a forbearance agreement with CIT Business Credit that modified certain terms with the Revolver, including a \$3.0 million forbearance reserve on collateral availability, and increased interest rates to 2.0% above Prime and required the payment of a forbearance fee of \$150,000. The forbearance agreement has been subsequently amended to increase the forbearance reserve to \$3.8 million and extended for additional fees totaling \$748,000. The most recent amendment, dated August 10, 2001, extends the forbearance period until August 17, 2001. The Company has agreed, during the period of forbearance, not to pay the interest due on its outstanding Senior Subordinated Notes Due 2005. Under the terms of the Notes, the Company had a thirty-day grace period on its interest payment due March 15, 2001. The Company did not make the interest payment on April 15 and this constituted an Event of Default under the terms of the indenture pursuant to which the New Notes were issued. In addition, the Company is delinquent on all of its equipment debt obligations.

As a result of the Company's negative earnings and cash flow and its resulting failure to make the March 15, 2001 interest payment in the amount of \$1.8 million on the Notes and its continuing defaults under the Revolver with CIT Business Credit, there is substantial doubt as to the Company's ability to continue as a going concern. The Company's ability to continue as a going concern is dependent on obtaining additional financing and/or negotiating a restructuring of its indebtedness, including the Notes and the Revolver.

Cash and availability under the Revolver was approximately \$1.9 million at June 30, 2001, after reserving \$3.8 million as required by the forbearance agreement. Borrowings under the Revolver amounted to approximately \$29.1 million at June 30, 2001. The Company has classified the long-term debt under the Revolver as current due to the existence of the technical default caused by a change in management.
