VOTING AT THE MEETING

Only holders of record of shares of the Company's common stock, par value \$0.01 per share ("Common Stock"), at the close of business on March 18, 2011, the record date, are entitled to vote at the Annual Meeting. As of that date, there were 87,794,354 shares of Common Stock outstanding. Each stockholder entitled to vote shall have the right to cast one vote for each share of Common Stock outstanding in such stockholder's name.

Shares cannot be voted at the Annual Meeting unless the holder of record is present in person or by proxy. The enclosed form of proxy is a means by which a stockholder may authorize the voting of his, her or its shares at the Annual Meeting.

The Company presently has no other class of stock outstanding and entitled to be voted at the Annual Meeting. The presence in person or by proxy of stockholders entitled to cast a majority of all votes entitled to be cast at the Annual Meeting will constitute a quorum. If a broker that is a record holder of Common Stock does not return a signed proxy, the shares of Common Stock represented by such proxy will not be considered present at the Annual Meeting and will not be counted toward establishing a quorum. If a broker that is a record holder of Common Stock does return a signed proxy, but is not authorized to vote on one or more matters (with respect to each such matter, a "broker non-vote"), the shares of Common Stock represented by such proxy will be considered present at the Annual Meeting for purposes of determining the presence of a quorum. A broker that is a member of the New York Stock Exchange is prohibited, unless the stockholder provides the broker with written instructions, from giving a proxy on non-routine matters. Please note that the New York Stock Exchange rules that guide how brokers vote your stock have changed. As a result, the only routine matter included in this proxy statement is the ratification of the appointment of KPMG. Consequently, your brokerage firm or other nominee may not vote your shares with respect to the other proposals.

Assuming a quorum is present:

- (i) a plurality of the votes cast by stockholders present, in person or by proxy, and entitled to vote for the election of directors at the Annual Meeting will be required to elect the members of the Board of Directors of the Company. Abstentions and broker non-votes will have no effect on the outcome of the election of directors;
- (ii) the affirmative vote of a majority of the votes cast by stockholders present, in person or by proxy, and entitled to vote at the Annual Meeting, will be required to approve the amendment and restatement of the Company's 2008 Equity Compensation Plan to increase the maximum number of shares authorized for issuance under the Plan from 11,500,000 to 13,500,000. Abstentions and broker non-votes will have no effect on the outcome of the vote to approve the amendment and restatement of the Company's 2008 Equity Compensation Plan to increase the maximum number of shares authorized for issuance under the Plan from 11,500,000 to 13,500,000;
- (iii) the affirmative vote of a majority of the votes cast by stockholders present, in person or by proxy, and entitled to vote at the Annual Meeting, will be required for the approval of the advisory resolution on executive compensation. Because the vote is advisory, it will not be binding upon the Company or the Board of Directors; however, the Board of Directors value the opinions of the Company's stockholders and expect to take into account the outcome of the vote when considering future executive compensation decisions to the extent they can determine the cause or causes of any significant negative voting results. Abstentions and broker non-votes will have no effect on the outcome of the vote to approve the advisory resolution on executive compensation;
- (iv) the affirmative vote of a majority of the votes cast by stockholders present, in person or by proxy, and entitled to vote at the Annual Meeting, will be required for the approval of an annual advisory vote on executive compensation. Because the vote is advisory, it will not be binding upon the Company or the Board of Directors;

however, the Board of Directors will take into account the outcome of the vote when considering the frequency of future advisory votes on the Company's executive compensation programs. Abstentions and broker non-votes will have no effect on the outcome of the vote to approve an annual advisory vote on executive compensation; and

- (v) the affirmative vote of a majority of the votes cast by stockholders present, in person or by proxy, and entitled to vote at the Annual Meeting, will be required for the ratification of the appointment of the independent registered public accounting firm for the current fiscal year. Abstentions and broker non-votes will have no effect on the outcome of the vote to ratify the appointment of KPMG LLP.

Stockholders are urged to specify their voting preference by marking the appropriate boxes on the enclosed proxy card. The shares of Common Stock represented by each properly executed proxy will be voted at the Annual Meeting in accordance with each stockholder's directions. If no choice has been specified and the enclosed proxy card is properly executed and returned, the shares represented by that proxy will be voted "FOR" the nominees for election as directors named under the caption "Election of Directors," "FOR" the approval of the amendment and restatement of the Company's 2008 Equity Compensation Plan to increase the maximum number of shares authorized for issuance under the Plan from 11,500,000 to 13,500,000, "FOR" the approval, on an advisory basis, of the executive compensation programs for our named executive officers as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables and the related narrative disclosure in this proxy statement, "FOR" an annual advisory vote on executive compensation, and "FOR" the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2011. If any other matters are properly presented at the Annual Meeting for action, the proxy holders will vote the proxies (which confer discretionary authority to vote on such matters) in accordance with their judgment.

Shrotriya will expire at the 2013 Annual Meeting of Stockholders.

Following the recommendation for nomination by our Governance and Nominating Committee, the Board of Directors has nominated the persons named below for election as directors.

The accompanying proxy will be voted in favor of the election of the following nominees for director, unless the stockholder giving the proxy indicates to the contrary on the proxy. The nominees have agreed to stand for election at the Annual Meeting of Stockholders. If any nominee is not available as a candidate for director at the time of the Annual Meeting, the proxies will be voted for another nominee designated by the Board of Directors to fill such vacancy, unless the stockholder giving the proxy indicates to the contrary on the proxy.

The Board of Directors recommends a vote FOR the election of the nominees.

CORPORATE GOVERNANCE

In accordance with the General Corporation Law of the State of Delaware and our Certificate of Incorporation and Bylaws, our business and affairs are managed under the direction of the Board of Directors. We provide information to the directors about our business through, among other things, operating, financial and other reports, as well as other documents presented at meetings of the Board of Directors and Committees of the Board of Directors.

Corporate Governance Guidelines

The Board of Directors has adopted Corporate Governance Guidelines that address the practices of the Board of Directors and specify criteria to assist the Board of Directors in determining Director independence. These criteria supplement the listing standards of the NYSE Amex and the regulations of the Securities and Exchange Commission (the “SEC”). Our Code of Business Conduct and Ethics sets forth rules of conduct that apply to all of our directors, officers and employees. The Corporate Governance Guidelines and Code of Business Conduct and Ethics are available on our website at www.antareshpharma.com as well as in printed form, free of charge to any stockholder who requests them, by writing or telephoning Antares Pharma, Inc., 250 Phillips Boulevard, Suite 290, Ewing, NJ 08618. (Telephone Number: 609-359-3020). With respect to any amendments or waivers of the Code of Business Conduct and Ethics (to the extent applicable to our chief executive officer, principal accounting officer or controller, or persons performing similar functions) we intend to either post such amendments or waivers on our website, www.antareshpharma.com, or disclose such amendments or waivers pursuant to a Current Report on Form 8-K.

Board Independence

The Board of Directors has determined that Dr. Leonard S. Jacob, Thomas J. Garrity, Dr. Jacques Gonella, Anton G. Gueth, Dr. Rajesh Shrotriya and Eamonn P. Hobbs are “independent” as defined under the listing standards of the NYSE Amex. The Board of Directors believes that the NYSE Amex independence requirements contained in the listing standards provide the appropriate standard for assessing director independence and uses the requirements in assessing the independence of each of its members.

Meetings and Committees of the Board of Directors

The Board of Directors met 4 times during 2010. The Board of Directors has an Audit Committee, a Compensation Committee and a Governance and Nominating Committee. During 2010, all of our current directors attended at least 100% of the aggregate number of meetings of the Board of Directors and 88% of the Committees on which they served. With Mr. Garrity acting as Chairman, this Committee met, either telephonically or in person, 8 times during 2010. The Audit Committee engages our independent registered public accounting firm, reviews the results and scope of the audit and other services provided by our independent registered public accounting firm, as well as our accounting principles and systems of internal controls, and reports the results of its review to, or holds concurrent meetings with, the full Board of Directors. The Board of Directors has determined that Mr. Garrity meets the requirements of an “audit committee financial expert,” as that term is defined by the SEC. Additionally, the Board of Directors has determined that Mr. Garrity is independent, as defined in Item 7(d)(3)(iv) of Schedule 14A under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and that each of the members of our Audit Committee is “independent” within the meaning of Section 803(A) of the NYSE Amex listing standards.

The Governance and Nominating Committee consists of all independent members of the Board of Directors and in 2010 consisted of Dr. Leonard S. Jacob, Thomas J. Garrity, Anton G. Gueth, Dr. Jacques Gonella, Dr. Rajesh Shrotriya and Eamonn P. Hobbs. With Dr. Jacob acting as Chairman, the Governance and Nominating Committee met in person 1 time during 2010. The purpose of the Governance and Nominating Committee is (i) to advise the Board of Directors regarding the membership and operations of the Board of Directors; (ii) to identify individuals qualified to serve as members of the Board of Directors, to select, subject to ratification by the Board of Directors, the director nominees for the next annual meeting of stockholders, and to recommend to the Board of Directors individuals to fill vacancies on the Board of Directors; (iii) to recommend to the Board of Directors the responsibilities of each Board committee, the structure and operation of each Board committee, and the director nominees for assignment to each Board committee; (iv) to oversee the Board of Director’s annual evaluation of its performance and the performance of other Board committees; and (v) to develop and recommend to the Board of Directors a set of corporate governance guidelines applicable to the Company and to periodically review the guidelines.

Although no formal diversity policy is in place, in performance of its duties, the Governance and Nominating Committee believes that the backgrounds and qualifications of the Board of Directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will enable the Board of Directors to fulfill its responsibilities. Therefore, the Governance and Nominating Committee considers diversity in identifying nominees for directors. In this regard, the Governance and Nominating Committee views diversity in a broad sense, including on the basis of business experience, public service experience, gender and ethnicity.

Director Nominations

In connection with our proxy solicitation relating to our Annual Meeting of Stockholders, the Board of Directors recommends a slate of director nominees for election by our stockholders. In addition, the Board of Directors fills vacancies on the Board of Directors when necessary or appropriate. The Board of Directors’ recommendations or determinations are made after consideration of the recommendations of, and information supplied by, our Governance and Nominating Committee as to the suitability of each individual nominee, taking into account the criteria described below and other factors, including the requirements for Board committee membership. The Board of Directors as a

whole should collectively possess a broad range of skills, expertise, industry and other knowledge, and business and other experience useful to the effective oversight of our business. The Board of Directors also seeks members from diverse backgrounds so that the Board of Directors consists of members with a broad spectrum of experience and expertise and with a reputation for integrity. Directors should have experience in positions with a high degree of responsibility, be leaders in the companies or institutions with which they are affiliated, and be selected based on contributions that they can make to us. In determining whether to recommend a director for reelection, our Governance and Nominating Committee also considers a director's past attendance at meetings and participation in and contributions to the activities of the Board of Directors and committees of the Board of Directors on which the director served. Our Board of Directors considers recommendations for

Table of Contents

nominations from a wide variety of sources, including members of our Board of Directors, business contacts, our legal counsel, community leaders and members of our management.

The Board of Directors will also consider candidates for nomination recommended by a stockholder. The procedures for nominating directors for election, other than by the Board of Directors, are set forth in the Bylaws and our Corporate Governance Guidelines. Nominations for the election of directors, other than by the Board of Directors, must be made by a stockholder entitled to vote for the election of directors by giving timely written notice to the Secretary of the Company (the “Secretary”) at the Company’s principal office. To be timely, a stockholder’s notice of such nominations shall be delivered to the Secretary not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the preceding year’s Annual Meeting; provided, however, that in the event that the date of the Annual Meeting is advanced by more than 30 days before or delayed by more than 60 days after such anniversary date, notice by the stockholder to be timely must be so delivered not earlier than the close of business on the 120th day prior to such Annual Meeting and not later than the close of business on the later of the 90th day prior to such Annual Meeting or the 10th day following the day on which public announcement of the date of such meeting is first made. Such stockholder’s notice shall set forth as to each person whom the stockholder proposes to nominate for election or reelection as a director, all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act (including such person’s written consent to being named in the proxy statement as a nominee and to serving as a director if elected) and as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made the name and address of such stockholder, as they appear on the Company’s books, and of such beneficial owner, and the class and number of shares of the Company which are owned beneficially and of record by such stockholder and such beneficial owner. If a stockholder fails to comply with the above provisions, then the Chairman of the meeting may declare that the nomination was not made in accordance with the procedures prescribed by the Bylaws and the defective nomination may be disregarded. Subject to compliance with statutory or regulatory requirements, the Board of Directors does not expect that candidates recommended by stockholders will be evaluated in a different manner than other candidates.

Board Role in Risk Oversight

The Board of Directors regularly and continually receives information intended to apprise the Board of Directors of the strategic, operational, commercial, financial, legal, and compliance risks the Company faces. Oversight of risk is an evolving process in which management continually seeks opportunities to further engrain enterprise risk management into business processes throughout the organization. The Board of Directors actively encourages management to continue to drive this evolution. While the Board of Directors has responsibility for oversight of the Company’s risk management practices, the Audit, Compensation and Governance and Nominating Committees of the Board of Directors also have risk management oversight responsibilities. In particular, the Audit Committee focuses on financial risk, including internal controls. The Audit Committee receives, reviews and discusses regular reports from management concerning risk assessment and risk management policies and practices and mitigation initiatives, to assure that the risk management processes designed and implemented by the Company are adapted to the Company’s strategy and are functioning as expected.

In addition, as part of its compensation philosophy, the Compensation Committee strives to adopt compensation incentives that encourage appropriate risk-taking behavior that is consistent with the Company’s long term business strategy and objectives. To meet its obligations under the Securities and Exchange Commission’s Enhanced Disclosure Rules, the Company undertook a process to assess to what extent risks arising from our compensation programs for employees are reasonably likely to have a material adverse effect on the Company. We concluded that it is not likely that our compensation policies will have such an effect. The Governance and Nominating Committee oversees risk management practices in its domain, including director candidate selection, governance and succession matters.

Board Leadership Structure

The Chairman of the Board of Directors is an independent director. The Company and the Board of Directors believe that the oversight function of the Board of Directors is enhanced when an independent director, serving as Chairman, is in a position to set the agenda for, and preside over, meetings of the Board of Directors. We also believe that our leadership structure enhances the active participation of our independent directors.

Communicating with our Board of Directors

You may communicate in writing with any or all of our directors via U.S. mail addressed to Antares Pharma, Inc., c/o Corporate Secretary, Princeton Crossroads Corporate Center, 250 Phillips Boulevard, Suite 290, Ewing, NJ 08618. Our Secretary will review and summarize all communications received for the purpose of expediting director review of matters communicated and will forward correspondence directly to the directors as appropriate.

Compensation of Directors

During 2009, we utilized Buck Consultants, an independent compensation consultant, to analyze the compensation packages for our directors as compared to the director compensation levels in place at companies in the Company's peer group. The analysis revealed that the level of director compensation for the non-employee directors of the Company was below the 25th percentile of the non-employee director compensation paid by the companies in the Company's peer group. As a result, the level of director compensation was revised so that the Company's director compensation program was in the 50th percentile relative to the Company's peer group. Accordingly, effective October 1, 2009, the annual retainer for all members was increased to \$40,000 and the annual nonqualified stock option grant was increased to 40,000 shares, the additional annual retainer for the chairpersons of the Audit and Compensation Committees was increased to \$15,000 per year, the additional annual retainer for members of the Audit and Compensation Committees was increased to \$6,500 per year, the additional annual retainer for the chairperson of the Governance/Nominating Committee was increased to \$7,500 per year, and the additional annual retainer for the Board Chairman was decreased to \$40,000 per year plus an additional annual nonqualified stock option grant of 40,000 shares. No additional payments are earned for each Board or Committee meeting and there is no additional annual retainer for members of the Governance/Nominating Committee.

Annually, the directors can elect to take restricted stock or options in lieu of the cash compensation. The number of shares of Common Stock issued would be based on the market value of the stock and the number of options granted would be determined based on a valuation using a Black-Scholes calculation. All directors are reimbursed for expenses actually incurred in attending meetings of the Board of Directors and its committees.

The following table provides information regarding director compensation in 2010, which reflects the standard compensation described above. The table does not include compensation for reimbursement of travel expenses related to attending Board and Committee meetings. In addition, the table does not address compensation for Dr. Wotton as Chief Executive Officer, which is addressed under "Executive Compensation" below. Dr. Wotton does not receive additional compensation for serving as a director.

At December 31, 2010 the directors held options to purchase an aggregate of 1,846,078 shares of Common Stock.

Proposal No. 2

APPROVAL OF AN AMENDMENT AND RESTATEMENT OF THE COMPANY'S 2008 EQUITY
COMPENSATION PLAN TO INCREASE THE MAXIMUM NUMBER OF SHARES AUTHORIZED FOR
ISSUANCE UNDER THE PLAN FROM 11,500,000 TO 13,500,000.

Antares currently maintains the Antares Pharma, Inc. 2008 Equity Compensation Plan (the "2008 Plan"), which was originally effective May 14, 2008 upon the approval by the stockholders of the Company. As of such date, the Company's 1993 Stock Option Plan (the "1993 Plan"), 1996 Stock Option Plan (the "1996 Plan"), Amended and Restated 2001 Stock Option Plan (the "2001 Plan"), Amended and Restated 2001 Incentive Stock Option Plan for Employees (the "2001 Employees Plan"), and 2006 Equity Incentive Plan (the "2006 Plan") (the 1993 Plan, 1996 Plan, 2001 Plan, 2001 Employees Plan and 2006 Plan collectively, the "Prior Plans") were merged with and into the 2008 Plan.

On February 25, 2011, the Board of Directors unanimously approved an amendment and restatement of the 2008 Plan to increase the maximum number of shares of Common Stock that may be issued under the 2008 Plan from 11,500,000 to 13,500,000. The Board of Directors approved the increase in the number of shares reserved and available for issuance under the 2008 Plan subject to stockholder approval and, accordingly, the Board of Directors directed that the amendment and restatement of the 2008 Plan be submitted to the Company's stockholders for approval at the Annual Meeting. The 2008 Plan currently authorizes 11,500,000 shares as the maximum aggregate number of shares available for issuance to employees, non-employee directors, and consultants and advisors of Antares and its subsidiaries who are participating in the 2008 Plan. If the stockholders do not approve the amendment and restatement of the 2008 Plan at the Annual Meeting, the increase in the maximum aggregate number of shares of Common Stock reserved and available for issuance under the 2008 Plan from 11,500,000 shares to 13,500,000 shares will not be effective and the increase in the maximum aggregate number of shares reserved and available for issuance will not be effective.

Currently, the maximum aggregate number of shares that may be issued under the 2008 Plan cannot exceed 11,500,000 shares of Common Stock. Based on the number of shares subject to outstanding grants under the 2008 Plan, 654,706 shares remain available for issuance. As part of the compensation plan for independent directors of the Company, options and stock of approximately 400,000 shares are awarded as payment for their services at every Annual Meeting of stockholders of the Company, typically occurring in May. After such grant to directors 254,706 shares would be available for employees. We do not believe that 254,706 shares is a sufficient number of shares available in light of our compensation structure and strategy. If this Proposal 2 is approved by our stockholders at the Annual Meeting, in no event will the maximum aggregate number of shares that may be issued under the 2008 Plan exceed 13,500,000 shares of Common Stock.

As of March 18, 2011, the Company had 210,667 shares subject to outstanding restricted stock awards, 425,000 shares that could be issued pursuant to outstanding performance-based stock bonus awards and 7,548,210 options outstanding with a weighted average exercise price of \$1.18 and a weighted average remaining term of 7.0 years. As of March 18, 2011, 2,661,417 fully vested, nonforfeitable shares have been issued under the 2008 Plan, which include: (i) 1,811,433 shares due to option exercises; (ii) 330,635 shares pursuant to performance-based stock bonus awards based upon attainment of applicable performance criteria; (iii) 95,586 shares subject to restricted stock awards received by any of our non-employee directors as payment of the annual retainer fee; and (iv) 423,763 shares subject to restricted stock awards received by our executives in connection with their performance of services for us. The total shares that have been issued or that could potentially be issued as a result of grants of options, restricted stock or performance-based stock bonus awards under the 2008 Plan is 10,845,294, leaving 654,706 shares reserved and available for issuance out of the maximum of 11,500,000 shares currently authorized for issuance.

The Board of Directors believes that the number of shares reserved and available for issuance under the 2008 Plan is not sufficient in light of our compensation structure and strategy. The Board of Directors has concluded that our

ability to attract, retain and motivate top quality employees, non-employee directors, and consultants and advisors is important to our success and would be enhanced by our continued ability to make grants under the 2008 Plan. In addition, the Board of Directors believes that our interests and the interests of our stockholders will be advanced if we can continue to offer our employees, non-employee directors and consultants and advisors the opportunity to acquire or increase their proprietary interests in us. The Board of Directors believes that the an increase in the maximum number of shares available for issuance under the 2008 Plan from 11,500,000 to 13,500,000 shares will ensure that we continue to have a sufficient number of shares with which to achieve our compensation strategy.

Stockholder approval is being sought (i) in order to meet the NYSE Amex Exchange listing requirements, (ii) so that compensation attributable to grants under the 2008 Plan may qualify for an exemption from the \$1 million deduction limit under section 162(m) of the Internal Revenue Code (see discussion of “Federal Income Tax Consequences of the 2008 Plan” below), and (iii) in order for incentive stock options to meet the requirements of the Internal Revenue Code (the “Code”). Stockholder approval of this proposal will also constitute a reapproval of the 1,000,000 share limitation and \$1,000,000 limitation for purposes of section 162(m) of the Code.

The material terms of the 2008 Plan are summarized below. A copy of the full text of the 2008 Plan is attached to this proxy statement as Exhibit A. This summary of the 2008 Plan is not intended to be a complete description of the 2008 Plan and is qualified in its entirety by the actual text of the 2008 Plan to which reference is made.

Material Features of the 2008 Plan

General. The 2008 Plan provides that grants may be made in any of the following forms:

- Incentive stock options
- Nonqualified stock options
- Stock units
- Stock awards
- Stock appreciation rights (“SARs”)
- Dividend equivalents
- Other stock-based awards

The 2008 Plan provides that the maximum aggregate number of shares of Common Stock with respect to which grants may be made to any individual during any calendar year is 1,000,000 shares, subject to adjustment in certain circumstances as described below. If dividend equivalents are granted as qualified performance-based compensation under section 162(m) of the Code, a grantee may not accrue more than \$1,000,000 of such dividend equivalents during any calendar year.

If and to the extent options (including options granted under the Prior Plans) and SARs granted under the 2008 Plan terminate, expire or are cancelled, forfeited, exchanged or surrendered without being exercised or if any stock awards (including stock awards granted under the Prior Plans), stock units, or other stock-based awards are forfeited, terminated, or otherwise not paid in full, the shares subject to such grants will become available again for purposes of the 2008 Plan. Shares of Common Stock surrendered in payment of the exercise price of an option, or withheld for payment of taxes, shall not be available for re-issuance under the 2008 Plan. Upon the exercise of an option through a net exercise procedure, or upon the exercise of a SAR, both for purposes of calculating the number of shares remaining available for issuance under the 2008 Plan and the number of shares remaining available for exercise under such option or SAR, the number of such shares shall be reduced by the gross number of shares for which the option or SAR is exercised and without regard to any cash settlement of a SAR. Except as provided with respect to cash settlement of SARs, to the extent that any grants are paid in cash and not in shares of Common Stock, any shares previously subject to such grants shall again be available for issuance or transfer under the 2008 Plan and shall not count against the share limits for purposes of shares available under the 2008 Plan.

Administration. The 2008 Plan is administered and interpreted by the Compensation Committee (the “Committee”). However, the Board of Directors approves and administers all grants made to non-employee directors. References to the Committee include the Board of Directors where appropriate. The Committee may delegate authority to administer the 2008 Plan to one or more subcommittees, as it deems appropriate.

The Committee has the authority to (i) determine the individuals to whom grants will be made under the 2008 Plan, (ii) determine the type, size, terms and conditions of the grants, (iii) determine when grants will be made and the duration of any applicable exercise or restriction period, including the criteria for exercisability and the acceleration of exercisability, (iv) amend the terms and conditions of any previously issued grant, subject to the limitations described below and (v) deal with any other matters arising under the 2008 Plan. The Committee presently consists of Anton G. Gueth (Chair), Leonard S. Jacob, M.D, Ph.D., and Dr. Rajesh C. Shrotriya, each of whom is a non-employee director of our Company.

Table of Contents

Eligibility for Participation. All of our employees and the employees of our subsidiaries, all of our non-employee directors, and consultants and advisors who perform services for us and our subsidiaries are eligible to receive grants under the 2008 Plan. As of March 18, 2011, approximately 22 employees and six non-employee directors are eligible to receive grants under the 2008 Plan. The Committee is authorized to select the persons to receive grants from among those eligible and the Committee will determine the number of shares of Common Stock that are subject to each grant.

Types of Awards.

Stock Options

The Committee may grant options intended to qualify as incentive stock options within the meaning of section 422 of the Code (“ISOs”) or “nonqualified stock options” that are not intended to so qualify (“NQSOS”) or any combination of ISOs and NQSOS. Anyone eligible to participate in the 2008 Plan may receive a grant of NQSOS. Only our employees and employees of our subsidiaries may receive a grant of ISOs.

The Committee will fix the exercise price per share of options on the date of grant. The exercise price of options granted under the 2008 Plan will be equal to or greater than the last reported sale price of the underlying shares of Common Stock on the date of grant. However, if the grantee of an ISO is a person who holds more than 10% of the total combined voting power of all classes of our outstanding stock, the exercise price per share of an ISO granted to such person must be at least 110% of the last reported sale price of a share of Common Stock on the date of grant.

The Committee will determine the term of each option which shall not exceed ten years from the date of grant, or, for Swiss employees, eleven years from the date of grant. Notwithstanding the foregoing, if the grantee of an ISO is a person who holds more than 10% of the combined voting power of all classes of our outstanding stock, the term of the ISO may not exceed five years from the date of grant. To the extent that the aggregate fair market value of shares of Common Stock, determined on the date of grant, with respect to which ISOs become exercisable for the first time by a grantee during any calendar year exceeds \$100,000, such ISOs will be treated as NQSOS.

The Committee will determine the terms and conditions of options, including when they become exercisable. The Committee may accelerate the exercisability of any options. The Committee will also determine under what circumstances a grantee may exercise an option after termination of employment or service. Generally, if a grantee ceases to be employed by, or provide service to, us for any reason other than disability, death, or termination for cause, the grantee’s options will terminate 90 days following the date on which the grantee ceases to be employed by, or provide service to, us. If a grantee ceases to be employed by, or provide service to, us on account of the grantee’s disability or death, the grantee’s options will terminate one year following the date on which the grantee ceases to be employed by, or provide service to, us. In each case described above, the Committee may specify a different option termination date, but in any event no later than the expiration of the option term. If a grantee ceases to be employed by, or provide service to, us on account of termination for cause, the grantee’s options will terminate immediately.

A grantee may exercise an option by delivering notice of exercise to us. The grantee will pay the exercise price and any withholding taxes for the option: (i) in cash, (ii) unless the Committee determines otherwise, by delivering shares of Common Stock already owned by the grantee and having a fair market value on the date of exercise equal to the exercise price or by attestation to ownership of shares of Common Stock having a fair market value on the date of exercise at least equal to the exercise price, (iii) by payment through a broker in accordance with the procedures permitted by Regulation T of the Federal Reserve Board, (iv) through a net exercise procedure whereby a number of shares of Common Stock having a fair market value on the date of exercise equal to the aggregate exercise price of the option and/or withholding taxes are withheld and the remainder of the shares subject to such exercised option are delivered to the grantee, or (v) by such other method as the Committee may approve.

Stock Awards

The Committee may grant stock awards to anyone eligible to participate in the 2008 Plan. The Committee may require that grantees pay consideration for the stock awards and may impose restrictions on the stock awards. If restrictions are imposed on stock awards, the Committee will determine whether they will lapse over a period of time or according to such other criteria as the Committee determines.

Table of Contents

The Committee will determine the number of shares of Common Stock subject to the grant of stock awards and the other terms and conditions of the grant. Unless the Committee determines otherwise, a grantee will have the right to vote shares of Common Stock and to receive dividends paid on such shares during the restriction period. The Committee may determine that a grantee's entitlement to dividends with respect to stock awards will be subject to the achievement of performance goals or other conditions.

Unless the Committee determines otherwise, if a grantee ceases to be employed by, or provide service to, us during the restriction period, or if other specified conditions are not met, then the grantee's stock award will terminate as to all shares covered by the award as to which the restrictions have not lapsed, and those shares of Common Stock must be immediately returned to us.

Stock Units

The Committee may grant stock units to anyone eligible to participate in the 2008 Plan. Each stock unit provides the grantee with the right to receive a share of Common Stock or an amount based on the value of a share of Common Stock at a future date. The Committee will determine the number of stock units that will be granted, whether stock units will become payable based on achievement of performance goals or other conditions, and the other terms and conditions applicable to stock units.

Stock units may be paid at the end of a specified period or deferred to a date authorized by the Committee. If a stock unit becomes distributable, it will be paid to the grantee in cash, in shares of Common Stock, or in a combination of cash and shares of Common Stock, as determined by the Committee. Unless the Committee determines otherwise, if a grantee ceases to be employed by, or provide service to, us before the stock units vest, or if other conditions are not met, the grantee's stock units will be forfeited.

SARs

The Committee may grant SARs to anyone eligible to participate in the 2008 Plan. SARs may be granted in connection with, or independently of, any option granted under the 2008 Plan. Upon exercise of an SAR, the grantee will receive an amount equal to the excess of the fair market value of Common Stock on the date of exercise over the base amount for the SAR. Payment will be made in shares of Common Stock.

The base amount of each SAR will be determined by the Committee and will be equal to the per share exercise price of the related option or, if there is no related option, an amount that is at least equal to the last reported sale price of a share of Common Stock on the date of grant of the SAR. The Committee will determine the terms and conditions of SARs, including when they become exercisable. The Committee may accelerate the exercisability of any SARs. SARs may only be exercised while the grantee is employed by, or providing service to, us and our subsidiaries or within a specified period of time after termination of employment or service, as determined by the Committee.

Dividend Equivalents

The Committee may grant dividend equivalents in connection with stock units or other stock-based awards. Dividend equivalents are payable in cash or shares of Common Stock and may be paid currently or accrued as contingent obligations. The terms and conditions of dividend equivalents will be determined by the Committee.

Other Stock-Based Awards

The Committee may grant other stock-based awards, which are grants other than options, SARs, stock units, and stock awards. The Committee may grant other stock-based awards to anyone eligible to participate in the 2008 Plan. These

grants will be based on or measured by shares of Common Stock, and will be payable in cash, in shares of Common Stock, or in a combination of cash and shares of Common Stock. The terms and conditions for other stock-based awards will be determined by the Committee.

Qualified Performance-Based Compensation. The 2008 Plan permits the Committee to impose objective performance goals that must be met with respect to grants of stock units, stock awards, other stock-based awards or dividend equivalents granted to employees under the 2008 Plan, in order for the grants to be considered qualified performance-based compensation for purposes of section 162(m) of the Code (see “Federal Income Tax

Table of Contents

Consequences" below). Prior to, or soon after the beginning of, the performance period, the Committee will establish in writing the performance goals that must be met, the applicable performance period, the amounts to be paid if the performance goals are met, and any other conditions. The Committee may provide in the grant agreement that qualified performance-based grants will be payable or restrictions on such grants will lapse, in whole or part, in the event of the grantee's death or disability during the performance period or under other circumstances consistent with Treasury regulations.

The performance goals, to the extent designed to meet the requirements of section 162(m) of the Code, will be based on one or more of the following measures: stock price, earnings per share, net earnings, operating earnings, earnings before income taxes, EBITDA (earnings before income tax expense, interest expense, and depreciation and amortization expense), return on assets, stockholder return, return on equity, growth in assets, unit volume, sales or market share, or strategic business criteria consisting of one or more objectives based on meeting specified revenue goals, market penetration goals, geographic business expansion goals, cost targets or goals relating to acquisitions or divestitures.

The Committee will not have the discretion to increase the amount of compensation that is payable upon achievement of the designated performance goals. After the announcement of our financial results for the performance period, the Committee will certify and announce the results for the performance period. If and to the extent that the Committee does not certify that the performance goals have been met, the grants of stock awards, stock units, other stock-based awards and dividend equivalents for the performance period will be forfeited or will not be made, as applicable.

Deferrals. The Committee may permit or require grantees to defer receipt of the payment of cash or the delivery of shares of Common Stock that would otherwise be due to the grantee in connection with any stock units or other stock-based awards under the 2008 Plan. The Committee will establish the rules and procedures applicable to any such deferrals and may provide for interest or other earnings to be paid on such deferrals.

Adjustment Provisions. If there is any change in the number or kind of shares of Common Stock outstanding (i) by reason of a stock dividend, spinoff, recapitalization, stock split, or combination or exchange of shares, (ii) by reason of a merger, reorganization or consolidation, (iii) by reason of a reclassification or change in par value, or (iv) by reason of any other extraordinary or unusual event affecting the outstanding shares of Common Stock as a class without our receipt of consideration, or if the value of outstanding shares of Common Stock is substantially reduced as a result of a spinoff or payment by us of an extraordinary dividend or distribution, the maximum number of shares of Common Stock available for issuance under the 2008 Plan, the maximum number of shares of Common Stock for which any individual may receive grants in any year, the kind and number of shares covered by outstanding grants, the kind and number of shares issued and to be issued under the 2008 Plan, and the price per share or the applicable market value of such grants will be equitably adjusted by the Committee, in such manner as the Committee deems appropriate, to reflect any increase or decrease in the number of, or change in the kind or value of, the issued shares of Common Stock to preclude, to the extent practicable, the enlargement or dilution of rights and benefits under the 2008 Plan and such outstanding grants. Any fractional shares resulting from such adjustment will be eliminated. In addition, in the event of a change of control, the provisions applicable to a change in control will apply. Any adjustments to outstanding grants shall be consistent with section 409A or 422 of the Code, to the extent applicable.

Change of Control. Unless the Committee determines otherwise, effective upon the date of the change of control:

- All outstanding options and SARs will automatically accelerate and become fully exercisable;
- The restrictions and conditions on all outstanding stock awards will immediately lapse; and
- All stock units, dividend equivalents and other stock-based awards will become fully vested and will be paid at their target value, or in such greater amounts as the Committee may determine.

Notwithstanding the foregoing, in the event of a change of control, the Committee may take any of the following actions with respect to any or all outstanding grants under the 2008 Plan:

- Require that grantees surrender their options and SARs in exchange for payment by us, in cash or shares of Common Stock as determined by the Committee, in an amount equal to the amount by which the then fair market value of the shares subject to the grantee's unexercised options and SARs exceeds the exercise price of the options or the base amount of the SARs, as applicable;

Table of Contents

- After giving grantees the opportunity to exercise their options and SARs, terminate any or all unexercised options and SARs at such time as the Committee deems appropriate; or
- Determine that outstanding options and SARS that are not exercised will be assumed by, or replaced with comparable options or rights by, the surviving corporation (or a parent or subsidiary of the surviving corporation), and other outstanding grants that remain in effect after the change of control will be converted to similar grants of the surviving corporation (or a parent or subsidiary of the surviving corporation).

For purposes of the 2008 Plan, a change of control will be deemed to have occurred if one of the following events occurs:

- Any person becomes the beneficial owner of securities representing 50% or more of the voting power of our securities, provided that a change of control will not occur as a result of a transaction in which we become a subsidiary of another corporation and in which our stockholders, immediately prior to the transaction, will own shares representing more than 50% of the parent corporation;
- Consummation of a merger or consolidation whereby our stockholders immediately before the transaction do not own more than 50% of the voting power of the voting securities of the surviving company;
- A sale or other disposition of all or substantially all of our assets; or
- A liquidation or dissolution of our Company.

Transferability of Grants. Only the grantee may exercise rights under a grant during the grantee's lifetime. A grantee may not transfer those rights except by will or the laws of descent and distribution; provided, however, that a grantee may transfer a grant other than an ISO pursuant to a domestic relations order. The Committee may also provide, in a grant agreement, that a grantee may transfer NQSOs to his or her family members, or one or more trusts or other entities for the benefit of or owned by such family members, consistent with applicable securities laws, according to such terms as the Committee may determine.

Participants Outside of the United States. If any individual who receives a grant under the 2008 Plan is subject to taxation in a country other than the United States, the Committee may make the grant on such terms and conditions as the Committee deems appropriate to comply with the laws of the applicable country.

No Repricing of Options. Neither the Board of Directors nor the Committee can amend the 2008 Plan or options previously granted under the 2008 Plan to permit a repricing of options, without prior stockholder approval.

Amendment and Termination of the 2008 Plan. The Board of Directors may amend or terminate the 2008 Plan at any time, subject to stockholder approval if such approval is required under any applicable laws or stock exchange requirements. The 2008 Plan will terminate on May 13, 2018, unless the 2008 Plan is terminated earlier by the Board of Directors or is extended by the Board of Directors with stockholder consent.

Stockholder Approval for Qualified Performance-Based Compensation. If stock awards, stock units, other stock-based awards or dividend equivalents are granted as qualified performance-based compensation under section 162(m) of the Code, the 2008 Plan must be re-approved by our stockholders no later than the first stockholders meeting that occurs in the fifth year following the year in which our stockholders previously approved the 2008 Plan.

Grants under the 2008 Plan. No award has been or will be granted under the 2008 Plan that is contingent upon approval of this proposal by our stockholders at the Annual Meeting. Grants under the 2008 Plan are discretionary, so it is not currently possible to predict the number of shares of Common Stock that will be granted or who will receive grants under the 2008 Plan after the Annual Meeting. The last reported sale price of a share of Common Stock on

March 18, 2011, was \$1.62 per share.

Federal Income Tax Consequences of the 2008 Plan

The federal income tax consequences of grants under the 2008 Plan will depend on the type of grant. The following description provides only a general description of the application of federal income tax laws to grants

Table of Contents

under the 2008 Plan. This discussion is intended for the information of stockholders considering how to vote at the Annual Meeting and not as tax guidance to grantees, as the consequences may vary with the types of grants made, the identity of the grantees and the method of payment or settlement. The summary does not address the effects of other federal taxes (including possible “golden parachute” excise taxes) or taxes imposed under state, local, or foreign tax laws.

From the grantees’ standpoint, as a general rule, ordinary income will be recognized at the time of delivery of shares of Common Stock or payment of cash under the 2008 Plan. Future appreciation on shares of Common Stock held beyond the ordinary income recognition event will be taxable as capital gain when the shares of Common Stock are sold. The tax rate applicable to capital gain will depend upon how long the grantee holds the shares. We, as a general rule, will be entitled to a tax deduction that corresponds in time and amount to the ordinary income recognized by the grantee, and we will not be entitled to any tax deduction with respect to capital gain income recognized by the grantee.

Exceptions to these general rules arise under the following circumstances:

- (i) If shares of Common Stock, when delivered, are subject to a substantial risk of forfeiture by reason of any employment or performance-related condition, ordinary income taxation and our tax deduction will be delayed until the risk of forfeiture lapses, unless the grantee makes a special election to accelerate taxation under section 83(b) of the Code.
- (ii) If an employee exercises a stock option that qualifies as an ISO, no ordinary income will be recognized, and we will not be entitled to any tax deduction, if shares of Common Stock acquired upon exercise of the stock option are held until the later of (A) one year from the date of exercise and (B) two years from the date of grant. However, if the employee disposes of the shares acquired upon exercise of an ISO before satisfying both holding period requirements, the employee will recognize ordinary income at the time of the disposition equal to the difference between the fair market value of the shares on the date of exercise (or the amount realized on the disposition, if less) and the exercise price, and we will be entitled to a tax deduction in that amount. The gain, if any, in excess of the amount recognized as ordinary income will be long-term or short-term capital gain, depending upon the length of time the employee held the shares before the disposition.
- (iii) A grant may be subject to a 20% tax, in addition to ordinary income tax, at the time the grant becomes vested, plus interest, if the grant constitutes deferred compensation under section 409A of the Code and the requirements of section 409A of the Code are not satisfied.

Section 162(m) of the Code generally disallows a publicly held corporation’s tax deduction for compensation paid to its chief executive officer or certain other officers in excess of \$1 million in any year. Qualified performance-based compensation is excluded from the \$1 million deductibility limit, and therefore remains fully deductible by the corporation that pays it. We intend that options and SARs granted under the 2008 Plan will be qualified performance-based compensation. Stock units, stock awards, dividend equivalents, and other stock-based awards granted under the 2008 Plan may be designated as qualified performance-based compensation if the Committee conditions such grants on the achievement of specific performance goals in accordance with the requirements of section 162(m) of the Code.

We have the right to require that grantees pay to us an amount necessary for us to satisfy our federal, state or local tax withholding obligations with respect to grants. We may withhold from other amounts payable to a grantee an amount necessary to satisfy these obligations. The Committee may permit a grantee to satisfy our withholding obligation with respect to grants paid in shares of Common Stock by having shares withheld, at the time the grants become taxable, provided that the number of shares withheld does not exceed the individual’s minimum applicable withholding tax rate for federal, state and local tax liabilities.

The Board of Directors unanimously recommends a vote FOR approval of the amendment and restatement of the Antares Pharma, Inc. 2008 Equity Compensation Plan to increase the number of shares of Common Stock reserved and available for issuance thereunder.

Proposal No. 3
ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act, the Company is presenting its stockholders with an advisory (non-binding) vote on the executive compensation programs as described in this proxy statement for our named executive officers (sometimes referred to as “Say on Pay”).

Accordingly, the following resolution is being presented by the Board of Directors at the 2011 Annual Meeting of Stockholders:

“RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.”

This vote is non-binding. The Board of Directors and the Compensation Committee, which is composed of independent directors, expect to take into account the outcome of the vote when considering future executive compensation decisions to the extent they can determine the cause or causes of any significant negative voting results.

During fiscal year 2010, we made significant forward strides toward achieving our strategic growth targets and improved our overall financial stability. Specifically, we saw a significant increase in revenue, and made progress toward our product development goals, all while reducing our cash burn rate. Consistent with its pay for performance philosophy, the Compensation Committee considered the impact of our corporate performance during 2010 in determining named executive officer compensation for 2010, as well each named executive officer’s individual performance, macroeconomic conditions generally, and data from peer group companies.

As described in detail under our Compensation Discussion and Analysis on pages 28 through 35 of this proxy statement, our executive compensation programs are designed to motivate our executives to achieve our primary goals of developing and commercializing novel parenteral therapeutic products using advanced drug delivery systems for improved safety and efficacy, reduced side effects, and enhanced patient comfort and adherence and providing our stockholders with a long-term, positive return on their investment. Further, the Company’s compensation philosophy is to pay for performance, support the Company’s business strategies, and offer competitive compensation arrangements. In the Compensation Discussion and Analysis, we have provided stockholders with a description of our compensation programs, including the philosophy and strategy underpinning the programs, the individual elements of the compensation programs, and how our compensation plans are administered.

We believe that our executive compensation program, with its balance of short-term incentives and long-term incentives, reward sustained performance that is aligned with long-term stockholder interests. We are mindful not to rely on highly leveraged incentives that would result in risky short-term behavior. Our compensation program provides long-term incentives to ensure that our executives continue in employment with us and directly tie executive compensation to achievement of our strategic objectives and generation of stockholder value. Stockholders are encouraged to read the Compensation Discussion and Analysis, the accompanying compensation tables and the related narrative disclosure.

The Compensation Committee has and will continue to take action to structure our executive compensation practices in a manner that is performance-based with a view towards maximizing long-term stockholder value. The Board of Directors believes that the executive compensation as disclosed in the Compensation Discussion and Analysis, tabular disclosures, and other narrative executive compensation disclosures in this proxy statement aligns with our peer group

pay practices and coincides with our compensation philosophy.

Vote Required; Recommendation of the Board of Directors

The affirmative vote of a majority of the votes cast by stockholders present, in person or by proxy, and entitled to vote at the Annual Meeting, is required to approve the advisory resolution on executive compensation.

The Board of Directors unanimously recommends that you vote FOR the approval, on an advisory basis, of the following resolution:

Proposal No. 4

ADVISORY VOTE ON WHETHER THE FREQUENCY OF THE ADVISORY VOTE ON OUR EXECUTIVE
COMPENSATION PROGRAMS SHOULD BE EVERY 1, 2 OR 3 YEARS

Pursuant to the proxy rules under the Exchange Act and in accordance with Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act, we are required, not less frequently than once every six years, to provide our stockholders with an advisory (non-binding) stockholder vote on the frequency of the advisory vote on executive compensation (Proposal No. 3). Our stockholders may indicate whether they would prefer an advisory vote on executive compensation every one (annually), two (biennially) or three (triennially) years. Stockholders may also abstain from voting. Accordingly, our stockholders are being asked to approve the following resolution:

“RESOLVED, that the stockholders’ advisory vote on executive compensation shall occur every one, two, or three years as approved by the stockholders at the Annual Meeting of Stockholders.”

As provided by the Dodd-Frank Act, this vote will not be binding on the Board of Directors or the Compensation Committee and may not be construed as overruling a decision by the Board of directors or the Compensation Committee or create or imply any additional fiduciary duty of the Board of Directors. However, the Compensation Committee and the Board of Directors recognize the importance of receiving input from our stockholders on important issues and expect to take into account the outcome of the vote when considering the frequency with which future say-on-pay votes will be held. Although the affirmative vote of the majority of the votes cast by stockholders present, in person or by proxy, and entitled to vote at the Annual Meeting, is required to approve this proposal, we expect to give weight to the option receiving the highest number of votes in determining the frequency of advisory votes on executive compensation in the future.

The Board of Directors is recommending an annual advisory vote on executive compensation because the Compensation Committee reviews and considers executive compensation and our compensation policies and procedures on an annual basis. As a result, the Board of Directors believes that input from stockholders on executive compensation annually, although not binding, would be beneficial to the Compensation Committee as it considers these matters. The accompanying form of proxy provides four choices (every one, two or three years, or abstain). Stockholders are voting on one of these frequencies, and are not voting to approve or disapprove our recommendation.

Vote Required; Recommendation of the Board of Directors

The affirmative vote of a majority of the votes cast by stockholders present, in person or by proxy, and entitled to vote at the Annual Meeting, is required to approve an annual advisory vote on executive compensation.

The Board of Directors unanimously recommends that you vote FOR an annual advisory vote on executive compensation.

Proposal No. 5
RATIFICATION OF SELECTION
OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

At the Annual Meeting of Stockholders, a vote will be taken on a proposal to ratify the appointment of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2011. KPMG LLP has audited our financial statements since 1995.

Neither our bylaws nor any other governing documents or law require stockholder ratification of the appointment of KPMG LLP as our independent registered public accounting firm. However, the Audit Committee is submitting the appointment of KPMG LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain KPMG LLP. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interest of our stockholders.

Pre-Approval Policies and Procedures

The Audit Committee has adopted a policy regarding pre-approval of non-audit services performed by the independent registered public accounting firm. The Audit Committee's pre-approval policy prohibits engaging the independent auditor to perform the following services:

- bookkeeping or other services relating to the accounting records or financial statements,
- financial information systems design and implementation,
- appraisal and valuation services, fairness opinions or contribution-in-kind reports,
- actuarial services,

- internal audit outsourcing services,
- management functions,
- human resource services,
- broker-dealer, investment advisor or investment banking services,
- legal services, and
- expert services unrelated to the audit.

The policy requires the pre-approval of the Audit Committee for all audit services, audit-related services, tax services and other services performed by the independent registered public accounting firm. The policy contains lists of the above categories of services that the Audit Committee has pre-approved, subject to an annual aggregate

dollar limit for each category. Any proposed services exceeding these limits require specific pre-approval by the Audit Committee. Services not listed in one of the above categories also require specific pre-approval from the Audit Committee.

The policy permits the Audit Committee to delegate pre-approval authority to one or more members of the Audit Committee, provided that the member or members report(s) to the entire Audit Committee pre-approval actions taken since the last Audit Committee meeting. The policy expressly prohibits delegation of pre-approval authority to management. In 2010, 100% of all services provided by our principal accounting firm were pre-approved by the Audit Committee or one or more of its members.

Vote Required; Recommendation of the Board of Directors

The affirmative vote of a majority of the votes cast by stockholders present, in person or by proxy, and entitled to vote at the Annual Meeting, is required to ratify the selection of the appointment of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2011.

The Board of Directors unanimously recommends a vote FOR the ratification of the appointment of KPMG LLP as our independent registered public accountants.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Employment Agreement with Dr. Paul K. Wotton. Paul K. Wotton was appointed President and Chief Operating Officer on July 7, 2008, and appointed Chief Executive Officer on October 10, 2008. We amended and restated Dr. Wotton's former employment agreement dated July 7, 2008 to (i) affirm Dr. Wotton's appointment to the position of Chief Executive Officer, (ii) adjust target bonus percentages and (iii) make certain other desired changes. Dr. Wotton's amended employment agreement became effective on November 12, 2008. The amended employment agreement supersedes and replaces the prior agreement in its entirety. The amended employment agreement provides for a base salary of \$337,000 per year, which will be subject to increase (but not decrease) based on Dr. Wotton's and our performance, as determined by the Compensation Committee. The Compensation Committee approved an increase in Dr. Wotton's base salary to \$390,000 in 2010. The amended agreement also stipulates that Dr. Wotton is eligible to receive a target annual bonus of up to 75% of base salary upon attainment of certain pre-set performance goals, as determined and approved by the Compensation Committee. This target bonus percentage was adjusted to 55% in connection with the approval of the increase in Dr. Wotton's salary in February 2010. The terms of the amended employment agreement with Dr. Wotton includes the issuance of stock options to purchase 400,000 shares of Common Stock at an exercise price equal to the closing price of a share of Common Stock on the date of grant, and vesting over three years at the rate of 33-1/3% each year beginning on the first anniversary of the date of grant. In addition, Dr. Wotton can earn up to an additional 400,000 shares of Common Stock as performance stock bonuses upon the occurrence of various triggering events. Pursuant to the amended agreement, Dr. Wotton was also granted 100,000 shares of restricted stock vesting over three years at the rate of 33-1/3% each year beginning on the first anniversary of the date of grant. Dr. Wotton is also eligible to participate in any other equity compensation plans established by the Company for members of management. Dr. Wotton's amended employment agreement has a term of three years and automatically renews for successive one-year periods unless notice is given by the Company at least 90 days prior to the end of a renewal period. The amended employment agreement provides Dr. Wotton with severance in the event that he is terminated by us without cause or resigns with good reason equal to twelve months of base pay (or 24 months of base pay if Dr. Wotton is terminated without cause or resigns for good reason during the one-year period following a change of control in which the transaction proceeds equals or exceeds a targeted amount), a pro-rated bonus payment for the year of termination based on actual performance and the number of days Dr. Wotton was employed by us in the year of his termination), and continued coverage under the Company's group medical and dental plans until the earlier of the last day of the twelve-month period following Dr. Wotton's termination or the date he obtains coverage from a new employer through COBRA, on the same cost sharing basis as if Dr. Wotton were an employee of the Company. Dr. Wotton will also receive the same benefits if he voluntarily resigns without good reason shortly after a change of control or a specified transition period following a change of control. Further, during the term of Dr. Wotton's employment with the Company, and for the one-year period after Dr. Wotton's termination of employment, Dr. Wotton cannot (i) compete against the Company, (ii) solicit in any way the customers of the Company; or (iii) recruit in any way the employees of the Company.

Employment Agreement with Mr. Robert F. Apple. Mr. Apple entered into an employment agreement dated February 9, 2006 and further amended on November 12, 2008. In addition, Mr. Apple was granted a stock option to purchase 250,000 shares of Common Stock that vests pro rata on the last day of each month over 48 months commencing upon employment. Also, Mr. Apple was granted a stock option to purchase an additional 150,000 shares of Common Stock, the vesting of which was based upon the achievement of certain performance milestones. As further discussed under the section "Long-Term Incentives – Equity Compensation," the Compensation Committee determined that these performance milestones were met in 2006 and the stock option to purchase 150,000 shares of Common Stock became fully vested in 2006. The agreement also stipulates that Mr. Apple is eligible to receive a target annual bonus of at least 20% up to a maximum of 35% of base salary upon attainment of certain pre-set performance goals as determined and approved by the Compensation Committee and is also eligible for additional bonuses and up to an additional 250,000 shares of Common Stock, upon the achievement of certain

performance-based criteria. The target annual bonus percentage was increased to 40% in August 2009. In addition, the employment agreement contains a covenant not to compete and a covenant with respect to nonsolicitation and noninterference with customers, suppliers or employees. Mr. Apple's agreement is for two years and automatically renews for consecutive one-year periods unless one of the parties delivers 60 days prior written notice of non-renewal. The employment agreement provides Mr. Apple with severance in the event that his employment is terminated by us without cause or by him for good reason equal to twelve months of base pay and continued coverage under the Company's group medical and dental plans for the corresponding period through COBRA, on the same cost sharing basis as if Mr. Apple were an employee of the Company.

As further compensation for Dr. Carrara's consulting services, the Company also agreed that any outstanding stock options held by Dr. Carrara will continue to vest during the term of this agreement. In addition, the employment agreement contains a covenant not to compete and a covenant with respect to nonsolicitation and noninterference with customers, suppliers or employees. Dr. Sadowski's agreement is for one year and automatically renews for consecutive one-year periods unless one of the parties delivers 60 days prior written notice of non-renewal. EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

In this Compensation Discussion and Analysis, we address the compensation paid or awarded to the individuals listed in the Summary Compensation Table that immediately follows this discussion. We sometimes refer to these individuals as our “named executive officers.”

During fiscal year 2010, we made significant forward strides toward achieving our strategic growth targets and improved our overall financial stability. Specifically, we saw a significant increase in revenue, and made progress toward our product development goals, all while reducing our cash burn rate. Consistent with its pay for performance philosophy, the Compensation Committee considered the impact of our corporate performance during 2010 in determining named executive officer compensation for 2010, as well as each named executive officer’s individual performance, macroeconomic conditions generally, and data from peer group companies.

The principal components of 2010 compensation that we paid to the named executive officers to meet these objectives are as follows:

Type of Compensation	Objectives Addressed
Salary	Competitive Compensation
A n n u a l P a y f o r I n c e n t i v e Compensation	Performance Competitive Compensation
Stock Options	P a y f o r Performance Stakeholder Incentives Competitive Compensation R e t e n t i o n Incentives
Stock Awards	P a y f o r Performance Stakeholder Incentives Competitive Compensation R e t e n t i o n Incentives

In addition to the above components, named executive officers have employment agreements that provide severance and change of control benefits, principally as a retention incentive.

Our Compensation Committee and senior management are focused on providing an appropriate mix of short-term and long-term incentives, and we are mindful not to rely on highly leveraged incentives that would result in risky short-term behavior. Our compensation program provides long-term incentives to ensure that our executives continue in employment with us and directly tie executive compensation to achievement of our strategic objectives and generation of stockholder value.

Determination of Competitive Compensation

In 2007, our Compensation Committee retained Buck Consultants to provide an executive compensation review of our overall executive compensation against that provided by our peer group. In that December 2007 report, to assess compensation levels, Buck Consultants, in collaboration with our senior management and the Chairman of the Compensation Committee, identified a comparator group of the 14 peer companies listed below. The comparator group was selected for the following key comparator factors: our competitors, primary area of business being drug delivery methods and technologies within specialty pharmaceuticals, revenue size, number of employees and market capitalization. In general, the comparator group consisted of companies one-half to two times our size. In addition, in the comparator group, our revenues were in the 50th percentile, our market capitalization was in the 30th percentile and our number of full time employees was in the 15th percentile. The comparator companies consisted of the following:

From December 2007 to December 2010, our Compensation Committee continued to refer to the report by Buck Consultants from December 2007 as a guide in assessing the level of overall compensation of our executives as well as more recent publicly available salary surveys and recent proxy filings of our peer companies for purposes of setting compensation levels for fiscal years 2008 through 2010.

In late 2010, our Compensation Committee reengaged Buck Consultants to provide an executive compensation review of our overall executive compensation against that provided by our peer group. In that December 2010 report, to assess compensation levels, Buck Consultants, in collaboration with our senior management and the Chairman of the Compensation Committee, identified a new comparator group of the 16 peer companies listed below. The comparator group was selected for the following key comparator factors: our competitors, primary area of business being drug delivery methods and technologies within specialty pharmaceuticals, revenue size, number of employees and market capitalization. In general, the comparator group consisted of companies two times our size. In addition, in the comparator group, as of October 2010, our revenues were in the 54th percentile and our market capitalization was in the 30th percentile. The comparator companies consisted of the following:

· Acura Pharmaceuticals, Inc.	· Cypress Bioscience	· Novavax, Inc.
· Adolor Corp.	· Cytokinetics Inc.	· Penwest Pharmaceuticals Co.
· Alexza Pharmaceuticals Inc.	· Delcath Systems Inc.	· Progenix Pharmaceuticals
· Biodel Inc.	· DepoMed, Inc.	· Vical Inc.
· BioSante Pharmaceuticals, Inc.	· Durect Corp.	
· Celldex Therapeutics	· Epicept Corp.	

Our Compensation Committee referred to the report by Buck Consultants from December 2010 as a guide in assessing the level of overall compensation of our executives in connection with its assessment of 2010 performance and determining the level of bonus amounts to be awarded and for base salary adjustments for 2011.

Based on our compensation objectives and philosophy with reference to the study conducted by Buck Consultants and published reports, the Compensation Committee has consistently determined that overall compensation, including base salary, annual incentive target payout and long-term incentives, should be targeted at a level that approximates the 50th percentile of our peer group. The Compensation Committee has from time to time made and will continue to make, determinations that represent a departure from this general guideline. In addition, because a significant portion of our compensation is performance-based, if performance targets are achieved (or not achieved), actual cash compensation paid to our named executive officers may vary considerably from that paid to executives in our peer group. In addition, as explained in more detail below, our long-term incentive compensation continues to be based primarily on stock options, coupled with performance stock awards.

We believe our approach to goal setting, weighting of targets, and evaluation of performance results assist in mitigating excessive risk-taking by our named executive officers that could harm our value or reward poor judgment

by our named executive officers. Several features of our programs reflect sound risk management practices. Specifically, we allocate our compensation among base salary and short and long-term incentive compensation target opportunities in such a way as to not encourage excessive risk-taking; we apply Company-wide metrics to encourage decision making that is in the best long-term interests of the Company and our stockholders; we use a mix of equity award instruments under our long-term incentive program, including both stock options and full value awards; and our equity awards vest over multiyear periods and/or are based on performance based vesting. All of the foregoing features are designed to mitigate risk and properly account for the time horizon of risk based on our strategic business objectives. For a more detailed discussion of these features, refer to the discussion below under “Annual Incentive Awards” and “Long-Term Incentives – Equity Compensation.”

Table of Contents

Each named executive officer has an employment agreement with us that includes base salary and annual and long term incentives as described previously in Certain Relationships and Related Transactions. Further details regarding the terms of these agreements, including the terms of Dr. Wotton's agreement, are described below.

Role of our Named Executive Officers in Determining Executive Compensation.

The Compensation Committee has established an annual performance review program for our named executive officers pursuant to which annual corporate and individual performance goals are determined and communicated in writing to each executive at the beginning of each calendar year. For named executive officers other than the Chief Executive Officer, individual goals are proposed by the Chief Executive Officer. The Chief Executive Officer's goals are approved by the Compensation Committee. Each named executive officer's evaluation begins with a written self-assessment which is submitted to the Chief Executive Officer. The Chief Executive Officer then prepares a written evaluation based on the named executive officer's self-assessment and the Chief Executive Officer's own evaluation. This process leads to a recommendation by the Chief Executive Officer for annual executive salary increases and bonuses, if any, which is then reviewed and approved by the Compensation Committee. In the case of the Chief Executive Officer, his individual performance evaluation is conducted by the Compensation Committee, which determines his compensation changes and awards. For all named executive officers, annual base salary increases and annual bonuses, to the extent granted, are implemented during the first calendar quarter of the year but before March 15. In connection with 2010 compensation, Dr. Wotton provided recommendations to the Compensation Committee to assist it in determining compensation levels. Dr. Wotton did not make recommendations as to his own compensation. While the Compensation Committee utilized this information, and valued Dr. Wotton's observations with regard to other named executive officers, the ultimate decisions regarding named executive officer compensation were made by the Compensation Committee.

Salaries

In February 2010, the Compensation Committee approved modest salary increases of approximately 3% for each Mr. Apple and Dr. Sadowski, and 2% for Dr. Carrara as set forth below and a significant increase for Dr. Wotton of 15.7%. The Compensation Committee determined to award Dr. Wotton such a significant salary increase to adjust his original base salary (that of Chief Operating Officer) to one commensurate of the Chief Executive Officer, as well as reward him for his significant leadership role in improving and stabilizing the Company's cash position, receiving approval by the FDA of the hGH device in the United States and successfully restructuring certain strategic contracts, as well as improving the integration and operation of the Company's management team which resulted in increased productivity and development.

In December 2010, in connection with the December 2010 compensation review conducted by Buck Consultants, the Compensation Committee adjusted Dr. Wotton's and Dr. Sadowski's base salary in order to bring them up to the 25th percentile of the comparator companies in the peer group. Effective January 1, 2011, Dr. Wotton's base salary was adjusted from \$390,000 to \$425,000 and Dr. Sadowski's base salary was adjusted from \$250,000 to \$270,000.

In February 2011, in connection with the Compensation Committee's evaluation of Company and named executive officer performance during 2010, the Compensation Committee approved additional base salary increases as set forth in the table below.

In assessing performance, the Committee agreed that the named executive officers performed well and made significant strides during 2010, including a significant improvement in the overall financial situation of the Company.

Name	Original Base Salary	Base Salary after Increase	Base Salary after Increase
------	----------------------	-------------------------------	-------------------------------

Edgar Filing: ANTARES PHARMA, INC. - Form DEF 14A

Annual Incentive Awards

Our principal objective in providing incentive compensation is to provide pay for performance. While we target our opportunities for incentive compensation to be comparable to the median level of our peer group of companies, this guideline is based on target award levels, and actual payouts to the named executive officers can vary significantly based on actual performance.

We set target award levels for our executives based on a percentage of their base salary. The applicable percentages for 2010 are set forth below. The Compensation Committee has the discretion to award bonuses in excess of the target award. The Compensation Committee reviewed the performance goals for each of the executives at its February 2010 meeting and finalized and approved the goals at its May 2010 meeting. In setting the goals for 2010, the Compensation Committee determined that the weight any particular goal carried within the applicable category, would be determined after the end of the year by the Committee in its discretion, based on actual performance, with input from Dr. Wotton (except with respect to his own performance). The Compensation Committee determined at its February 2011 meeting whether and to what extent the applicable performance goals were achieved for 2010 and approved the specific bonus amounts to be paid to each named executive officer. For executives other than the Chief Executive Officer, the Compensation Committee took into account the recommendations of the Chief Executive Officer.

Dr. Wotton has overall responsibility for the organization and progress made. Dr. Wotton had 8 goals in 2010 divided over the following three categories as follows: Corporate Objectives, Business Development Objectives, Management Objectives. The Compensation Committee determined that he achieved 100% of the goals. Among the corporate objectives were goals relating to revenue growth, pursuit of strategic alternatives for the Company, managing a proactive investor relations program, maintaining a strong cash balance position and goals relating to Anturol. The business development objective was related to execution and receipt of a milestone payment in connection with the license agreement with Ferring International Center SA. Among the management objectives were goals relating to maintaining a strong corporate culture and implementing certain strategic hires to support the Company's continued growth and business strategy over the longer term. Dr. Wotton accomplished all eight of the goals set.

For 2010, Dr. Wotton's bonus target was 55% of his base salary. In February 2011, the Compensation Committee exercised its discretion to award a bonus in excess of target and determined that a bonus of 103% of his target award (55%) was appropriate given the Company's and Dr. Wotton's overall performance.

Mr. Apple had 8 goals in 2010 divided over the following four categories: Corporate Objectives, Development Objectives, Business Development Objectives, and Management Objectives. Mr. Apple's bonus target is 40% of his base salary. The corporate objectives related to revenue growth, pursuit of strategic alternatives for the Company, cash balance targets and goals relating to Anturol. The development objectives related to certain goals relating to epinephrine, commercialization of hGH and goals relating to the pen development program. The business development objectives were related to development and partnership goals around device development projects. The management objectives were the same as those in place for Dr. Wotton. With input from Dr. Wotton, the Compensation Committee determined he achieved 100% of his goals. Based on his and the Company's performance, the Compensation Committee exercised its discretion to award a bonus in excess of target and determined that a bonus of just over 100% of his target award (40%) was appropriate.

Dr. Sadowski had 8 goals for 2010 divided over the same categories as Mr. Apple. The corporate objectives related to revenue growth and cash balance targets. The development objectives, the business development objectives and management objectives were also the same as those in place for Mr. Apple. With input from Dr. Wotton and Mr. Apple, the Compensation Committee determined he achieved 90% of his goals. Dr. Sadowski's bonus range is 20% to 35% of his base salary. Based on his performance, the Compensation Committee, in consultation with Dr. Wotton,

determined a bonus of 100% of his maximum potential award (35%) was appropriate.

Dr. Carrara resigned effective December 31, 2010 and no bonus was awarded to Dr. Carrara.

Table of Contents

Based on the applicable performance ratings described above, payments to the named executive officers were as follows:

Name	Performance Measure	Percentage of Salary Payable at Target Award Level	Actual 2010 Bonus Award	Actual Award as Percentage of Maximum Target Award Opportunity
Dr. Paul K. Wotton	Corporate Discretionary	55%	56.5% of base salary	103%
Mr. Robert F. Apple	Corporate Discretionary	40%	40% of base salary	100%
Dr. Peter Sadowski	Corporate Discretionary	20%-35%	35% of base salary	100%

For Dr. Wotton, Mr. Apple and Dr. Sadowski, the Compensation Committee determined to award two-thirds of the above bonuses in cash and one-third in restricted stock that was fully vested on the date of grant. The Compensation Committee determined that this was appropriate in order to preserve cash and to tie a portion of the bonus to alignment with the creation of future stockholder value. In accordance with applicable SEC regulations, the cash portion of award payments appears in the “Non-Equity Incentive Plan Compensation” column of the Summary Compensation Table and the restricted stock portion appears in a footnote to the “Non-Equity Incentive Plan Compensation” column of the Summary Compensation Table indicating that it was granted in 2011.

Long-Term Incentives – Equity Compensation

Stock Options

We generally seek to position long-term incentive awards for our named executive officers to be approximately equivalent to the median level of our peer group. We utilize stock options as our principal form of long-term compensation. Our stock options:

- have a 10-year term (except for options granted to Swiss employees which have an eleven year term),
- typically vest as to the underlying shares as follows: 33 1/3% annually in 8.33% installments each calendar quarter until the underlying shares are fully vested, and
- have an exercise price equal to 100% of the fair market value per share on the date of grant, which we determine based on the closing price as reported on the NYSE Amex exchange on the date of grant.

We believe that stock options provide a strong incentive to increase stockholder value, because the value of the options is entirely dependent on the increase in the market price of our Common Stock following the date of grant.

Under our long-term incentive program, we grant stock options to each of our named executive officers on an annual basis. Dr. Wotton makes recommendations to the Compensation Committee with respect to the size of the stock option grants to be made to named executive officers other than himself. The Compensation Committee decides the size of the stock option grant for Dr. Wotton. In determining the size of the stock option grants, the Compensation Committee considers the executive’s performance over the preceding calendar year and competitive data provided by compensation consultants. For 2010, stock options were granted in November 2010 consistent with target percentages of the peer group of companies. The size of option grants in 2010 to our named executive officers was the same

compared to 2009.

Table of Contents

The Compensation Committee awarded the following stock options to each of our named executive officers in November 2010 based on their performance, their potential to add value to the Company in the future, and on the competitive data:

Name of Executive	Number of Shares Underlying Option Grant
Dr. Paul K. Wotton	150,000
Mr. Robert F. Apple	100,000
Dr. Peter Sadowski	75,000

The number of shares underlying options granted to the named executive officers in November 2010 are set forth in the table under the caption “Grants of Plan-Based Awards – 2010” under the column heading, “All Other Option Awards: Number of Securities Underlying Options.” For additional information regarding stock option terms, see the narrative accompanying the Grants of Plan-Based Awards table. The dollar amount shown in the Summary Compensation Table reflects the aggregate grant date fair value of the option awards. See the footnotes to the Summary Compensation Table for further information.

Stock Awards

As previously discussed, during 2007, the Compensation Committee engaged a compensation consultant. Based on the recommendations of the consultant, the Compensation Committee determined to utilize stock awards in addition to stock options for purposes of long-term compensation. The Compensation Committee determined that it would grant shares of our Common Stock based on achievement of performance targets set by the Compensation Committee. Mr. Apple had already been eligible to receive shares of Common Stock based on the achievement of preestablished performance targets pursuant to the terms of his employment agreement.

Dr. Wotton, Dr. Carrara and Dr. Sadowski were also eligible to receive awards of Common Stock under the terms of their new or amended employment agreements. The Committee established the goals for the executives at various Compensation Committee meetings. After the performance goals were established by the Compensation Committee, the goals were then communicated to the respective named executive officer.

The following table summarizes the number of shares that could have been earned by the named executive officers upon the attainment of performance goals as established by the Compensation Committee. The shares are not granted until the performance goal is met.

Name of Executive	Number of Shares That May Be Awarded	Performance Goals
Dr. Paul K. Wotton	400,000	Divided among 14 categories with approximately equal weighting
Mr. Robert F. Apple	250,000	

Spread evenly over 11
performance goals

Dr. Dario Carrara	280,000	Spread evenly over 14 performance goals
-------------------	---------	--

Dr. Peter Sadowski	175,000	Spread evenly over 14 performance goals
--------------------	---------	--

Dr. Wotton's 14 performance goals included annual revenue targets, profitability over an established time period, business development goals as well as product and device approvals. During 2010, the Compensation Committee certified that Dr. Wotton achieved the following goal and awarded him 25,000 shares of Common Stock upon attainment of such goal:

- Certain product development target related to Methotrexate.

Mr. Apple's 11 performance goals included annual revenue targets above a certain threshold, cash flow targets, financing targets, development deal targets, internal department goals and market capitalization goals. The Compensation Committee certified that during 2010 Mr. Apple achieved the following goals and awarded him 22,727 shares of Common Stock upon attainment of each goal:

Table of Contents

- Cash flow break even for the device business.
- Maintenance of a certain market capitalization for 45 days in a 90-day period.
- Attainment of \$10 million in annual revenue.

Dr. Carrara's 14 goals included attainment of certain revenue goals for the Pharma division, acceptance and approval by applicable government agencies of products, revenue targets with respect to certain products and achieving certain strategic partnerships relating to products.

No shares were awarded to Dr. Carrara in 2010.

Dr. Sadowski's 14 performance goals included annual revenue targets, product and device approvals, revenue targets with respect to certain products and devices and product launch targets. During 2010, the Compensation Committee certified that Dr. Sadowski achieved the following goal and awarded him 12,500 shares upon attainment of such goal:

- hGH device annual revenue target.

The performance period for achieving the goals set under the performance-based stock awards expired on December 31, 2010 for Dr. Sadowski and Mr. Apple. New goals for performance-based stock awards will be established in 2011. On a quarterly basis the Compensation Committee evaluated whether any of the performance criteria had been met, and if the Compensation Committee determined that the performance criteria had been met, the Compensation Committee certified the results in writing authorizing the issuance of the shares. If the Compensation Committee determined that performance criteria had been met in the fourth quarter of the calendar year, the shares were awarded not later than March 15 of the calendar year following the calendar year during which the goal was achieved. Additionally, if the Compensation Committee determined that a performance condition is no longer viable or of value based on changes in the strategic direction of the Company, the Compensation Committee had the discretion to waive or modify the performance criteria to more relevant criteria.

The Compensation Committee approves all grants of stock options and stock awards. In general, the Compensation Committee makes annual grants of stock options. The Compensation Committee may also make off-cycle grants for newly hired or newly promoted officers, and otherwise makes other grants only in special circumstances. The Compensation Committee makes stock awards upon the attainment of the applicable performance objectives.

In July 2010, the Compensation Committee awarded Mr. Apple a special stock grant of 15,000 shares for significant performance. These shares were 100% vested as of the date of grant. In February 2011, the Compensation Committee has authorized the issuance of 25,000 shares of Common Stock of the Company to Dr. Wotton (without further action by the Compensation Committee) effective upon FDA acceptance of the NDA for Anturol. In addition, Dr. Carrara has been serving as a consultant and in February 2011, Dr. Carrara was issued a share award of 42,000 shares of Common Stock upon completion of the NDA filing for Anturol.

We do not backdate grants of stock options or Common Stock, nor do we time grants to coincide with the release of material non-public information about us. We believe that our grant practices are appropriate and minimize questions regarding "timing" of grants in anticipation of material events, since grants become effective in accordance with standard grant procedures.

Perquisites

We do not have programs for providing personal benefit perquisites to named executive officers, such as separate parking or dining facilities, except with respect to certain benefits provided to Dr. Carrara. Dr. Carrara resigned from employment effective December 31, 2010 and we have no further perquisite obligations to him.

Under Dr. Carrara's employment agreement, since he was a citizen of Argentina living in Switzerland, we provided Dr. Carrara with a flat expense reimbursement, child care expenses, a housing allowance, a life insurance policy, an incremental health insurance policy, the cost of having his tax return completed by a professional accounting firm, an annual car allowance including insurance, lease and operating costs, an annual school allowance for the international school of his three children and the costs of two round trips from Switzerland to Buenos Aires per year. The total cost of the above perquisites for 2010 in U.S. dollars was \$138,512.

Broad-Based Programs

Our named executive officers participate in our broad-based health plan and 401(k) savings plan. There is no mandatory matching provided by the Company during the year. Annually, the Compensation Committee determines if a discretionary match is to be made based on the performance and financial position of the Company. Under the 401(k) plan, we matched employee contributions at the rate of 50% for each dollar contributed up to the maximum dollar amount that may be deferred under the 401(k) plan for 2010, excluding the age fifty or over “catch up” contribution. The matching contributions vest based on a four-year vesting schedule. Employees can designate the investment of their 401(k) accounts from among a broad range of mutual funds. We do not allow investment in our Common Stock through the 401(k) plan. Please see the table titled “Security Ownership of Certain Beneficial Owners and Management” for information regarding stock ownership of our named executive officers.

STOCK OWNERSHIP GUIDELINES

While we do not have formal stock ownership guidelines or holding requirements, all of our current named executive officers continue to hold the shares issued to them upon vesting or upon attainment of the performance criteria under the performance stock bonus awards and none of our current named executive officers has ever sold shares of our Common Stock issued to them in connection with their employment with us. Please see the table entitled “Security Ownership of Certain Beneficial Owners and Management” for information regarding the holdings of Common Stock of our current named executive officers. See the table “Option Exercises and Stock Vested – 2010” for information regarding the options exercised by Dr. Carrara after submitting his resignation to the Company.

ONGOING AND POST-EMPLOYMENT COMPENSATION

Our employment agreements with our named executive officers provide for special benefits upon certain types of termination events. These agreements were designed to be part of a competitive compensation package. The description of these agreements below does not include plans that are available generally to our salaried employees and provide for the same method of allocation of benefits for management and non-management employees.

Employment Agreements

Our employment agreements with Dr. Wotton, Mr. Apple and Dr. Sadowski provide for certain severance payments and other benefits if we terminate such named executive officers’ employment without “cause,” or with respect to Dr. Wotton’s and Mr. Apple’s agreements only, if the executive officer terminates employment for “good reason,” in each case, without regard to whether the termination occurs in the context of a “change of control.” A general description of the definitions of those terms is set forth at the end of this section. As set forth in the discussion above under Certain Relationships and Related Transactions, Dr. Carrara resigned as of December 31, 2010 and no termination payments were due to him from the Company or from Antares Pharma AG as a result.

Dr. Paul K. Wotton

Under his amended employment agreement, provided that he executes and does not revoke a release and waiver of claims in favor of the Company and its affiliates, Dr. Wotton is entitled to severance in the event of a termination without cause or for good reason both before and after a change of control equal to (i) 12 months of his then-current base salary (or 24 months of base salary if Dr. Wotton’s employment is terminated without cause or he resigns for good reason during the one-year period following a change of control in which the transaction proceeds equals or exceeds \$175 million), (ii) a pro-rated bonus payment for the year of termination based on actual performance and the number of days Dr. Wotton was employed by us in the year of his termination, (iii) continued health and dental benefits through COBRA subject to the same cost-sharing as if he were an employee for the shorter of 12 months or

until the date he obtains coverage from a new employer and (iv) continued eligibility to receive performance stock bonuses for the 90-day period following Dr. Wotton's termination of employment. Dr. Wotton is also entitled to the same severance payments and benefits if he voluntarily resigns without good reason within 30 days after a change of control or remains employed for a specified transition period following a change of control and then resigns without good reason within 30 days after the transition period.

Table of Contents

Notwithstanding the terms of the 2008 Plan (or successor plan) or any applicable agreement to the contrary, upon the occurrence of a change of control, all outstanding equity rights held by Dr. Wotton immediately prior to such change of control that vest or become exercisable based on Dr. Wotton's continued service with the Company over time will become fully vested and/or exercisable, as the case may be, immediately prior to such change of control (without regard to Dr. Wotton's termination of his employment). Grants that vest based upon the attainment of performance criteria will only vest upon a change of control as determined by the Committee.

Dr. Wotton's amended employment agreement also provides that if the payments and benefits otherwise payable to Dr. Wotton under the amended employment agreement would constitute excess parachute payments within the meaning of section 280G of the Code, then the Company will reduce such payments and benefits to an amount that would avoid any excise taxes under section 4999 of the Code, provided that such reduction would provide Dr. Wotton with a greater net after-tax benefit than would no reduction.

In addition, during the term of Dr. Wotton's employment with the Company, and for the one-year period after Dr. Wotton's termination of employment for any reason, Dr. Wotton cannot (1) compete against the Company, (2) solicit in any way the customers of the Company; or (3) recruit in any way the employees of the Company. At all times during and after the term of his employment with the Company, Dr. Wotton must not divulge any of the Company's confidential information or disparage the Company in any way.

The following table sets forth information regarding potential payments upon termination or a change of control estimated as of December 31, 2010 for Dr. Wotton under the terms of his amended employment agreement:

	Salary \$(1)	Prorated Bonus \$(2)	Accelerated Equity \$(3)	All Other Compensation \$(4)	280G Tax Gross-Up(5)	Total (\$)
Termination without cause	425,000	240,000	—	17,846	—	682,846
Termination for good reason	425,000	240,000	—	17,846	—	682,846
Termination by death	—	—	—	—	—	—
Termination by disability	—	—	—	—	—	—
Non-renewal of agreement	425,000	240,000	—	17,846	—	682,846
Change of control(6)	850,000	240,000	543,205	17,846	—	1,651,051

(1) Payable in regular payroll installments.

(2) The figure in the chart above represents the value of Dr. Wotton's discretionary bonus earned for 2010.

(3) Includes the value of the unvested options granted to Dr. Wotton on August 6, 2008, October 20, 2008, November 12, 2009 and November 11, 2010, and the value of time-based restricted stock grants granted to Dr. Wotton on August 6, 2008 and February 22, 2010, all of which will accelerate upon a change in control.

(4) All Other Compensation consists of the continuation of health and dental insurance benefits. Although no value was assumed for purposes of this table, Dr. Wotton is also entitled to continued eligibility to receive performance-based stock bonuses for the 90-day period following his termination of employment without cause or for good reason, or if he voluntarily resigns without good reason within 30 days after a change of control or remains employed for a specified transition period following a change of control and then resigns without good reason within 30 days after the transition period.

- (5) Dr. Wotton's amended employment agreement also provides that if the payments and benefits otherwise payable to Dr. Wotton under the amended employment agreement would constitute excess parachute payments within the meaning of section 280G of the Code, then the Company will reduce such payments and benefits to an amount that would avoid any excise taxes under section 4999 of the Code, provided that such reduction would provide Dr. Wotton with a greater net after-tax benefit than would no reduction. Based on estimates as of December 31, 2010, Dr. Wotton is not entitled to excess parachute payments within the meaning of section 280G of the Code and no reduction would apply.
- (6) These amounts assume that Dr. Wotton's employment was terminated without cause or for good reason during the one-year period following a change in control and the amount (net of transaction related expenses) of any and all unrestricted cash, secured debt and/or securities of the buyer paid and/or distributed to the Company and/or the holders of all classes of the Company's common stock with respect to such common stock in connection with the change in control equals or exceeds \$175 million.

Mr. Robert F. Apple

Under his employment agreement, provided that he executes and does not revoke a release and waiver of claims in favor of the Company and its affiliates, Mr. Apple is entitled to severance in the event of a termination without cause or for good reason both before and after a change of control equal to (i) 12 months of his then-current base salary and (ii) continued health and dental benefits through COBRA subject to the same cost-sharing as if he were an employee for the shorter of 12 months or until the date he obtains coverage from a new employer.

If Mr. Apple's employment is terminated on account of his disability or death, the Company will pay Mr. Apple (or in the event of his death, his estate) his base salary, bonus and expenses accrued, but unpaid as of the date of his disability or death and the Company will fulfill its obligations as a result of any of Mr. Apple's vested benefits as of the date of such termination under any health or welfare benefit plan maintained, or contributed to, by the Company in accordance with the terms and conditions of each such plan or program.

Mr. Apple's outstanding stock options and time-based restricted stock will fully vest upon a change of control. Except as provided below, grants that vest based upon the attainment of performance criteria will only vest upon a change of control as determined by the Compensation Committee.

Mr. Apple's employment agreement also provides that if the payments and benefits otherwise payable to Mr. Apple under the employment agreement would constitute excess parachute payments within the meaning of section 280G of the Code, then the Company will reduce such payments and benefits to an amount that would avoid any excise taxes under section 4999 of the Code, provided that such reduction would provide Mr. Apple with a greater net after-tax benefit than would no reduction.

In addition, during the term of Mr. Apple's employment with the Company, and for the one-year period after Mr. Apple's termination of employment for any reason, Mr. Apple cannot (1) compete against the Company, (2) solicit in any way the customers of the Company; or (3) recruit in any way the employees of the Company. At all times during and after the term of his employment with the Company, Mr. Apple must not divulge any of the Company's confidential information or disparage the Company in any way.

The following table sets forth information regarding potential payments upon termination or a change of control estimated as of December 31, 2010 for Mr. Apple under the terms of his amended employment agreement:

Dr. Peter Sadowski

Under Dr. Sadowski's employment agreement, Dr. Sadowski is entitled to severance in the event of a termination without cause or non-renewal by the Company of the employment agreement both before and after a change of control equal to (i) six months of his then-current base salary, payable in installments and (ii) continued health and dental benefits through COBRA subject to the same cost-sharing as if he were an employee for the shorter of 6 months or until the date he obtains coverage from a new employer. Dr. Sadowski will receive the same benefits if his employment is terminated in connection with any merger of the Company with or into another person or entity or the sale by the Company of all or substantially all of its business, assets or stock.

Dr. Sadowski's outstanding stock options and time-based restricted stock will fully vest upon a change of control. Dr. Sadowski's grants that vest based upon the attainment of performance criteria will only vest upon a change of control as determined by the Compensation Committee.

If Dr. Sadowski's employment is terminated by the Company for cause or if Dr. Sadowski terminates this agreement, then the Company will pay Dr. Sadowski his base salary and expenses accrued, but unpaid as of the date of his termination. If Dr. Sadowski's employment is terminated on account of his disability or death, the Company will pay Dr. Sadowski (or in the event of his death, his estate) his base salary, bonus (in the event of his death only) and expenses accrued, but unpaid as of the date of his disability or death.

This agreement also provides that at all times during Dr. Sadowski's employment and for the five-year period after Dr. Sadowski's termination of employment, Dr. Sadowski will maintain the confidentiality of all confidential information obtained by him as a result of his employment with the Company, including information received by him prior to the effective date of this agreement. In addition, during the term of Dr. Sadowski's employment with the Company, and for the one-year period after Dr. Sadowski's termination of employment, Dr. Sadowski cannot (1) compete against the Company, (2) solicit in any way the customers of the Company; or (3) recruit in any way the employees of the Company.

The following table sets forth information regarding potential payments upon termination or a change of control estimated as of December 31, 2010 for Dr. Sadowski under the terms of his amended employment agreement:

Table of Contents

Termination for “good reason” generally means a termination initiated by Dr. Wotton or Mr. Apple in response to one or more of the following events: (i) a material decrease in the base salary of the named executive officer, (ii) a decrease in the target annual bonus below a specified percentage, (iii) a change in the designation of title, unless such change is to a higher title and level of responsibility, that results in a material diminution of the named executive officer’s authority, duties and responsibilities, (iv) a relocation of the principal business location to a location that is 60 miles or more from Center City, Philadelphia, (v) the Company’s failure to materially comply with the terms of the employment agreement, (vi) the failure of the Company to require a successor to assume the obligations of the Company to the named executive officer under the named executive officer’s employment agreement or any other agreement between the named executive officer and the Company, or (vii) the Company’s delivery to the named executive officer of a notice of its intent not to renew the term of the employment agreement, provided that the named executive officer is willing and able to execute a new contract providing terms and conditions substantially similar to the those in the agreement and to continue providing services to the Company. In order for a termination to be on account of good reason, the named executive officer must notify the Company of his intention to terminate for good reason, the Company has an opportunity to cure the action or omission that constitutes the ground for good reason and the named executive officer must terminate employment for good reason shortly after the end of the Company’s cure period.

Generally, a change of control under the employment agreements means: (1) the acquisition by any person or entity of 50 percent or more of the Company’s then outstanding voting stock or voting securities; (2) a merger or consolidation as a result of which our stockholders do not own at least 50 percent of the value of our outstanding equity or combined voting power of our voting securities; or (3) a sale of all or substantially all of our assets occurs.

A named executive officer’s employment may be terminated for “cause,” which generally includes the following: (A) dishonesty, fraud or misrepresentation in connection with employment, (B) theft, misappropriation or embezzlement of the Company’s funds or resources, (C) conviction of or a plea of guilty or nolo contendere in connection with any felony, crime involving fraud or misrepresentation, or any other crime, or (D) a breach by the officer of any material term of the employment agreement. Dr. Wotton’s employment agreement provides that in the event of a material breach by Dr. Wotton of any term of the employment agreement, if such breach is curable as determined by our board of directors, Dr. Wotton has 30 days to cure. In the event of termination for cause, the employment agreements generally require termination of all compensation as of the termination date, except as to amounts already earned.

TAX CONSIDERATIONS

Section 162(m) of the Code limits to \$1 million the deductibility for federal income tax purposes of annual compensation paid by a publicly held company to its chief executive officer and its four other highest paid executives, unless certain conditions are met. To the extent feasible, we structure our executive compensation to preserve deductibility for federal income tax purposes. In this regard, our stock option plans are designed to preserve, to the extent otherwise available, the deductibility of income realized upon the exercise of stock options. Nevertheless, we retain the flexibility to authorize compensation that may not be deductible if we believe it is in the best interests of the Company.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee reviewed and discussed with management the Compensation Discussion and Analysis required by SEC regulations. Based on its review and discussions, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

Solicitation

We will bear the cost of preparing, assembling and mailing the proxy card and proxy statement to our stockholders in connection with this solicitation. Brokerage houses and other custodians, nominees and fiduciaries may be requested to forward soliciting material to the beneficial owners of stock, in which case they will be reimbursed by us for their expenses in doing so. Proxies are being solicited primarily by mail, but our officers and directors may solicit proxies personally by telephone or special letter, but such persons will not receive compensation from us for doing so.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, certain officers and persons who own more than ten percent of a registered class of our equity securities, to file reports of ownership on Form 3 and changes in ownership on Forms 4 or 5 with the SEC. Such officers, directors and ten percent stockholders are also required by the SEC rules to furnish us with copies of all Section 16(a) reports they file.

Specific due dates for such reports have been established by the SEC and we are required to disclose in this proxy statement any failure to file reports by such dates. Based solely on a review of the copies of such reports received by us or by written representations from certain reporting persons, we believe that during the year ended December 31, 2010, all Section 16(a) filing requirements applicable to officers, directors and ten percent stockholders were met.

Advance Notice Provisions

Under our Bylaws, no business may be brought before an Annual Meeting of Stockholders unless it is specified in the notice of the meeting or is otherwise brought before the meeting at the direction of the Board of Directors or by a stockholder of record entitled to vote who has delivered written notice to our Secretary and such notice is received not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting and such notice has complied with the information requirements in our Bylaws. In addition, any stockholder who wishes to submit a nomination to the Board of Directors must deliver written notice of the nomination within this time period and comply with the information requirements in our Bylaws relating to stockholder nominations. See "Corporate Governance – Director Nominations" for additional information about stockholder nominations. These requirements are separate from and in addition to requirements that a stockholder must meet in order to have a stockholder proposal included in our proxy statement as described below.

Stockholder Proposals

Stockholders interested in submitting a proposal for inclusion in the proxy statement for our 2012 Annual Meeting of Stockholders may do so by following the procedures prescribed in SEC Rule 14a-8. To be eligible for inclusion in our proxy statement for our 2012 Annual Meeting of Stockholders, stockholder proposals must be prepared in accordance with the SEC's proxy rules and received by our Corporate Secretary no later than December 15, 2011.

Other

The Board of Directors does not intend to present at the 2011 Annual Meeting of Stockholders any matter not referred to above and does not presently know of any matters that may be presented to the stockholders meeting by others. However, if other matters properly come before the 2011 Annual Meeting of Stockholders, it is the intention of the persons named in the enclosed form of proxy to vote the proxy in accordance with their best judgment.

The Prior Plans were merged with and into this Plan as of May 14, 2008, and no additional grants shall be made thereafter under the Prior Plans. Outstanding grants under the Prior Plans shall continue in effect according to their terms as in effect before the Plan merger (subject to such amendments as the Committee (as defined below) determines, consistent with the Prior Plans, as applicable), and the shares with respect to outstanding grants under the Prior Plans shall be issued or transferred under this Plan.

The purpose of the Plan is to provide (i) employees of Antares Pharma, Inc. The Company believes that the Plan will encourage the participants to contribute materially to the growth of the Company, thereby benefiting the Company’s stockholders, and will align the economic interests of the participants with those of the stockholders. The Plan was originally effective as of May 14, 2008 upon approval by the stockholders of the Company. This amendment and restatement is effective as of February 25, 2011; provided that the share increase contemplated under Section 4(a) will be effective May 17, 2011, subject to approval by the stockholders of the Company.

own, immediately after the transaction, shares entitling such stockholders to more than 50% of all votes to which all stockholders of the parent corporation would be entitled in the election of directors.

The Board shall approve and administer all grants made to Non-Employee Directors. The Committee may delegate authority to one or more subcommittees, as it deems appropriate. To the extent that the Board or a subcommittee administers the Plan, references in the Plan to the “Committee” shall be deemed to refer to the Board or such subcommittee. In the absence of a specific designation by the Board to the contrary, the Plan shall be administered by the Committee of the Board or any successor Board committee performing substantially the same functions.
- (b) Committee Authority. The Committee shall have the sole authority to (i) determine the individuals to whom grants shall be made under the Plan, (ii) determine the type, size and terms of the grants to be made to each such individual, (iii) determine the time when the grants will be made and the duration of any applicable exercise or restriction period, including the criteria for exercisability and the acceleration of exercisability, (iv) amend the terms of any previously issued grant, subject to the provisions of Section 18 below, and (v) deal with any other matters

(c) Committee Determinations. The Committee shall have full power and express discretionary authority to administer and interpret the Plan, to make factual determinations and to adopt or amend such rules, regulations, agreements and instruments for implementing the Plan and for the conduct of its business as it deems necessary or advisable, in its sole discretion. The Committee's interpretations of the Plan and all determinations made by the Committee pursuant to the powers vested in it hereunder shall be conclusive and binding on all persons having any interest in the Plan or in any awards granted hereunder. All powers of the Committee shall be executed in its sole discretion, in the best interest of the Company, not as a fiduciary, and in keeping with the objectives of the Plan and need not be uniform as to similarly situated individuals.

Section 3. Grants

Awards under the Plan may consist of grants of Options as described in Section 6, Stock Awards as described in Section 7, Stock Units as described in Section 8, SARs as described in Section 9 and Other Stock-Based Awards as described in Section 10. All Grants shall be subject to the terms and conditions set forth herein and to such other terms and conditions consistent with this Plan as the Committee deems appropriate and as are specified in writing by the Committee to the individual in the Grant Instrument. All Grants shall be made conditional upon the Grantee's acknowledgement, in writing or by acceptance of the Grant, that all decisions and determinations of the Committee shall be final and binding on the Grantee, his or her beneficiaries and any other person having or claiming an interest under such Grant. Grants under a particular Section of the Plan need not be uniform as among the Grantees.

Section 4. Shares Subject to the Plan

(a) Shares Authorized. Subject to adjustment as described below, the aggregate number of shares of Company Stock that may be issued or transferred under the Plan shall be equal to the sum of the following: (i) 2,000,000 shares, plus (ii) the number of shares of Company Stock subject to outstanding grants under the Plan as of May 17, 2011, plus (iii) the number of shares of Company Stock remaining available for issuance under the Plan but not subject to previously exercised, vested or paid grants as of May 17, 2011; provided that in no event shall the maximum aggregate numbers of shares that may be issued or transferred under the Plan exceed 13,500,000 shares. Shares issued or transferred under the Plan may be authorized but unissued shares of Company Stock or reacquired shares of Company Stock, including shares purchased by the Company on the open market for purposes of the Plan. If and to the extent Options or SARs granted under the Plan (including options granted under the Prior Plans) terminate, expire or are canceled, forfeited, exchanged or surrendered without having been exercised or if any Stock Awards, Stock Units or Other Stock-Based Awards (including Stock Awards granted under the Prior Plans) are forfeited, terminated or otherwise not paid in full, the shares subject to such Grants shall again be available for purposes of the Plan. Shares of Company Stock surrendered in payment of the Exercise Price of an Option, and shares of Company Stock withheld or surrendered for payment of taxes, shall not be available for re-issuance under the Plan. Upon the exercise of an Option through the net exercise procedure under Section 6(g)(iv) or upon the exercise of a SAR, then both for purposes of calculating the number of shares of Company Stock remaining available for issuance under the Plan and the number of shares of Company Stock remaining available for exercise under such Option or SAR, the number of such shares shall be reduced by the gross number of shares for which the Option or SAR is exercised and without regard to any cash settlement of a SAR. Except as provided with respect to cash settlement of SARs, to the extent that any Grants are paid in cash and not in shares of Company Stock, any shares previously subject to such Grants shall again be available for issuance or transfer under the Plan and shall not count against the share limits in this Section 4(a).

(b) Individual Limits. All Grants under the Plan shall be expressed in shares of Stock. The maximum aggregate number of shares of Company Stock that shall be subject to Grants made under the Plan to any individual during any calendar year shall be 1,000,000 shares, subject to adjustment as described below.

(c) Adjustments. If there is any change in the number or kind of shares of Company Stock outstanding by reason of (i) a stock dividend, spinoff, recapitalization, stock split, or combination or exchange of shares, (ii) a merger, reorganization or consolidation, (iii) a reclassification or change in par value, or (iv) any other extraordinary or unusual event affecting the outstanding Company Stock as a class without the Company's receipt of consideration, or if the value of outstanding shares of Company Stock is substantially reduced as a result of a spinoff

A-4

or the Company's payment of an extraordinary dividend or distribution, the maximum number of shares of Company Stock available for issuance under the Plan, the maximum number of shares of Company Stock for which any individual may receive Grants in any year, the kind and number of shares covered by outstanding Grants, the kind and number of shares issued and to be issued under the Plan, and the price per share or the applicable market value of such Grants shall be equitably adjusted by the Committee to reflect any increase or decrease in the number of, or change in the kind or value of, the issued shares of Company Stock to preclude, to the extent practicable, the enlargement or dilution of rights and benefits under the Plan and such outstanding Grants; provided, however, that any fractional shares resulting from such adjustment shall be eliminated. In addition, in the event of a Change of Control of the Company, the provisions of Section 16 of the Plan shall apply. Any adjustments to outstanding Grants shall be consistent with section 409A or 424 of the Code, to the extent applicable. Any adjustments determined by the Committee shall be final, binding and conclusive.

Section 5. Eligibility for Participation

(a) Eligible Persons. All Employees (including, for all purposes of the Plan, an Employee who is a member of the Board) and Non-Employee Directors shall be eligible to participate in the Plan. Key Advisors shall be eligible to participate in the Plan if the Key Advisors render bona fide services to the Employer, the services are not in connection with the offer and sale of securities in a capital-raising transaction and the Key Advisors do not directly or indirectly promote or maintain a market for the Company's securities.

(b) Selection of Grantees. The Committee shall select the Employees, Non-Employee Directors and Key Advisors to receive Grants and shall determine the number of shares of Company Stock subject to a particular Grant in such manner as the Committee determines.

Section 6. Options

The Committee may grant Options to an Employee, Non-Employee Director or Key Advisor upon such terms as the Committee deems appropriate. The following provisions are applicable to Options:

(a) Number of Shares. The Committee shall determine the number of shares of Company Stock that will be subject to each Grant of Options to Employees, Non-Employee Directors and Key Advisors.

(b) Type of Option and Price.

(i) The Committee may grant Incentive Stock Options or Nonqualified Stock Options or any combination of the two, all in accordance with the terms and conditions set forth herein. Incentive Stock Options may be granted only to employees of the Company or its parent or subsidiary corporations, as defined in section 424 of the Code. Nonqualified Stock Options may be granted to Employees, Non-Employee Directors and Key Advisors.

(ii) The Exercise Price of Company Stock subject to an Option shall be determined by the Committee and shall be equal to or greater than the Fair Market Value of a share of Company Stock on the date the Option is granted. However, an Incentive Stock Option may not be granted to an Employee who, at the time of grant, owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company, or any parent or subsidiary corporation of the Company, as defined in section 424 of the Code, unless the Exercise Price per share is not less than 110% of the Fair Market Value of a share of Company Stock on the date of grant.

(c) Option Term. The Committee shall determine the term of each Option. The term of any Option for US Employees shall not exceed ten years from the date of grant. The term of any Option for Swiss Employees shall not exceed eleven years from the date of grant. Notwithstanding the foregoing, the term of any Incentive Stock Option that is granted to

an Employee who, at the time of grant, owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company, or any parent or subsidiary

A-5

Table of Contents

corporation of the Company, as defined in section 424 of the Code, shall not have a term that exceeds five years from the date of grant.

(d) Exercisability of Options. Options shall become exercisable in accordance with such terms and conditions, consistent with the Plan, as may be determined by the Committee and specified in the Grant Instrument. The Committee may accelerate the exercisability of any or all outstanding Options at any time for any reason.

(e) Grants to Non-Exempt Employees. Notwithstanding the foregoing, Options granted to persons who are non-exempt employees under the Fair Labor Standards Act of 1938, as amended, may not be exercisable for at least six months after the date of grant (except that such Options may become exercisable, as determined by the Committee, upon the Grantee's death, Disability or retirement, or upon a Change of Control or other circumstances permitted by applicable regulations).

(f) Termination of Employment, Disability or Death.

(i) Except as provided below, an Option may only be exercised while the Grantee is employed by, or providing service to, the Employer as an Employee, member of the Board or Key Advisor.

(ii) In the event that a Grantee ceases to be employed by, or provide service to, the Employer for any reason other than Disability, death or termination for Cause, any Option which is otherwise exercisable by the Grantee shall terminate unless exercised within 90 days after the date on which the Grantee ceases to be employed by, or provide service to, the Employer (or within such other period of time as may be specified by the Committee), but in any event no later than the date of expiration of the Option term. Except as otherwise provided by the Committee, any of the Grantee's Options that are not otherwise exercisable as of the date on which the Grantee ceases to be employed by, or provide service to, the Employer shall terminate as of such date.

(iii) In the event the Grantee ceases to be employed by, or provide service to, the Company on account of a termination for Cause by the Employer, any Option held by the Grantee shall terminate as of the date the Grantee ceases to be employed by, or provide service to, the Employer. In addition, notwithstanding any other provisions of this Section 6, if the Committee determines that the Grantee has engaged in conduct that constitutes Cause at any time while the Grantee is employed by, or providing service to, the Employer or after the Grantee's termination of employment or service, any Option held by the Grantee shall immediately terminate and the Grantee shall automatically forfeit all shares underlying any exercised portion of an Option for which the Company has not yet delivered the share certificates, upon refund by the Company of the Exercise Price paid by the Grantee for such shares. Upon any exercise of an Option, the Company may withhold delivery of share certificates pending resolution of an inquiry that could lead to a finding resulting in a forfeiture.

(iv) In the event the Grantee ceases to be employed by, or provide service to, the Employer because the Grantee is Disabled, any Option which is otherwise exercisable by the Grantee shall terminate unless exercised within one year after the date on which the Grantee ceases to be employed by, or provide service to, the Employer (or within such other period of time as may be specified by the Committee), but in any event no later than the date of expiration of the Option term. Except as otherwise provided by the Committee, any of the Grantee's Options which are not otherwise exercisable as of the date on which the Grantee ceases to be employed by, or provide service to, the Employer shall terminate as of such date.

(v) If the Grantee dies while employed by, or providing service to, the Employer or within 90 days after the date on which the Grantee ceases to be employed or provide service on account of a termination specified in Section 6(e)(ii) above (or within such other period of time as may be specified by the Committee), any Option that is otherwise exercisable by the Grantee shall terminate unless exercised within one year after the date on which the Grantee ceases

to be employed by, or provide service to, the Employer (or within such other period of time as may be specified by the Committee), but in any event no later than the date of expiration of the Option term. Except as otherwise provided by the Committee, any of the Grantee's Options that

A-6

Table of Contents

are not otherwise exercisable as of the date on which the Grantee ceases to be employed by, or provide service to, the Employer shall terminate as of such date.

(g) Exercise of Options. A Grantee may exercise an Option that has become exercisable, in whole or in part, by delivering a notice of exercise to the Company. The Grantee shall pay the Exercise Price for an Option as specified by the Committee (i) in cash, (ii) unless the Committee determines otherwise, by delivering shares of Company Stock owned by the Grantee and having a Fair Market Value on the date of exercise at least equal to the Exercise Price or by attestation (on a form prescribed by the Committee) to ownership of shares of Company Stock having a Fair Market Value on the date of exercise at least equal to the Exercise Price, (iii) by payment through a broker in accordance with procedures permitted by Regulation T of the Federal Reserve Board, (iv) through a net exercise of the Option whereby the Grantee instructs the Company to withhold that number of shares of Company Stock having a Fair Market Value on the date of exercise equal to the aggregate Exercise Price of the Option being exercised and deliver to the Grantee the remainder of the shares subject to such exercise, or (v) by such other method as the Committee may approve. Shares of Company Stock used to exercise an Option in (ii) above shall have been held by the Grantee for the requisite period of time necessary to avoid adverse accounting consequences to the Company with respect to the Option. Payment for the shares to be issued or transferred pursuant to the Option, and any required withholding taxes, must be received by the Company by the time specified by the Committee depending on the type of payment being made, but in all cases prior to the issuance or transfer of such shares.

(h) Limits on Incentive Stock Options. Each Incentive Stock Option shall provide that, if the aggregate Fair Market Value of the Company Stock on the date of the grant with respect to which Incentive Stock Options are exercisable for the first time by a Grantee during any calendar year, under the Plan or any other stock option plan of the Company or a parent or subsidiary, exceeds \$100,000, then the Option, as to the excess, shall be treated as a Nonqualified Stock Option. An Incentive Stock Option shall not be granted to any person who is not an Employee of the Company or a parent or subsidiary corporation (within the meaning of section 424(f) of the Code) of the Company.

Section 7. Stock Awards

The Committee may issue or transfer shares of Company Stock to an Employee, Non-Employee Director or Key Advisor under a Stock Award, upon such terms as the Committee deems appropriate. The following provisions are applicable to Stock Awards:

(a) General Requirements. Shares of Company Stock issued or transferred pursuant to Stock Awards may be issued or transferred for consideration or for no consideration, and subject to restrictions or no restrictions, as determined by the Committee. The Committee may, but shall not be required to, establish conditions under which restrictions on Stock Awards shall lapse over a period of time or according to such other criteria as the Committee deems appropriate, including, without limitation, restrictions based upon the achievement of specific performance goals. The period of time during which the Stock Awards will remain subject to restrictions will be designated in the Grant Instrument as the "Restriction Period."

(b) Number of Shares. The Committee shall determine the number of shares of Company Stock to be issued or transferred pursuant to a Stock Award and the restrictions applicable to such shares.

(c) Requirement of Employment or Service. If the Grantee ceases to be employed by, or provide service to, the Employer during a period designated in the Grant Instrument as the Restriction Period, or if other specified conditions are not met, the Stock Award shall terminate as to all shares covered by the Grant as to which the restrictions have not lapsed, and those shares of Company Stock must be immediately returned to the Company. The Committee may, however, provide for complete or partial exceptions to this requirement as it deems appropriate.

(d) Restrictions on Transfer and Legend on Stock Certificate. During the Restriction Period, a Grantee may not sell, assign, transfer, pledge or otherwise dispose of the shares of a Stock Award except under Section 15(a) below. Unless

otherwise determined by the Committee, the Company will retain possession of certificates for shares of Stock Awards until all restrictions on such shares have lapsed. Each certificate for a Stock

A-7

Table of Contents

Award, unless held by the Company, shall contain a legend giving appropriate notice of the restrictions in the Grant. The Grantee shall be entitled to have the legend removed from the stock certificate covering the shares subject to restrictions when all restrictions on such shares have lapsed. The Committee may determine that the Company will not issue certificates for Stock Awards until all restrictions on such shares have lapsed.

(e) Right to Vote and to Receive Dividends. Unless the Committee determines otherwise, during the Restriction Period, the Grantee shall have the right to vote shares of Stock Awards and to receive any dividends or other distributions paid on such shares, subject to any restrictions deemed appropriate by the Committee, including, without limitation, the achievement of specific performance goals.

(f) Lapse of Restrictions. All restrictions imposed on Stock Awards shall lapse upon the expiration of the applicable Restriction Period and the satisfaction of all conditions, if any, imposed by the Committee. The Committee may determine, as to any or all Stock Awards, that the restrictions shall lapse without regard to any Restriction Period.

Section 8. Stock Units

The Committee may grant Stock Units, each of which shall represent one hypothetical share of Company Stock, to an Employee, Non-Employee Director or Key Advisor upon such terms and conditions as the Committee deems appropriate. The following provisions are applicable to Stock Units:

(a) Crediting of Units. Each Stock Unit shall represent the right of the Grantee to receive a share of Company Stock or an amount of cash based on the value of a share of Company Stock, if and when specified conditions are met. All Stock Units shall be credited to bookkeeping accounts established on the Company's records for purposes of the Plan.

(b) Terms of Stock Units. The Committee may grant Stock Units that are payable if specified performance goals or other conditions are met, or under other circumstances. Stock Units may be paid at the end of a specified performance period or other period, or payment may be deferred to a date authorized by the Committee. The Committee shall determine the number of Stock Units to be granted and the requirements applicable to such Stock Units.

(c) Requirement of Employment or Service. If the Grantee ceases to be employed by, or provide service to, the Employer prior to the vesting of Stock Units, or if other conditions established by the Committee are not met, the Grantee's Stock Units shall be forfeited. The Committee may, however, provide for complete or partial exceptions to this requirement as it deems appropriate.

(d) Payment With Respect to Stock Units. Payments with respect to Stock Units shall be made in cash, Company Stock or any combination of the foregoing, as the Committee shall determine.

Section 9. Stock Appreciation Rights

The Committee may grant SARs to an Employee, Non-Employee Director or Key Advisor separately or in tandem with any Option. The following provisions are applicable to SARs:

(a) General Requirements. The Committee may grant SARs to an Employee or Non-Employee Director separately or in tandem with any Option (for all or a portion of the applicable Option). Tandem SARs may be granted either at the time the Option is granted or at any time thereafter while the Option remains outstanding; provided, however, that, in the case of an Incentive Stock Option, SARs may be granted only at the time of the Grant of the Incentive Stock Option. The Committee shall establish the base amount of the SAR at the time the SAR is granted. The base amount of each SAR shall be equal to the per share Exercise Price of the related Option or, if there is no related Option, an amount equal to or greater than the Fair Market Value of a share of Company Stock as of the date of Grant of the

SAR.

A-8

Table of Contents

(b) Tandem SARs. In the case of tandem SARs, the number of SARs granted to a Grantee that shall be exercisable during a specified period shall not exceed the number of shares of Company Stock that the Grantee may purchase upon the exercise of the related Option during such period. Upon the exercise of an Option, the SARs relating to the Company Stock covered by such Option shall terminate. Upon the exercise of SARs, the related Option shall terminate to the extent of an equal number of shares of Company Stock.

(c) Exercisability. An SAR shall be exercisable during the period specified by the Committee in the Grant Instrument and shall be subject to such vesting and other restrictions as may be specified in the Grant Instrument. The Committee may accelerate the exercisability of any or all outstanding SARs at any time for any reason. SARs may only be exercised while the Grantee is employed by, or providing service to, the Employer or during the applicable period after termination of employment or service as described in Section 6(e) above. A tandem SAR shall be exercisable only during the period when the Option to which it is related is also exercisable.

(d) Grants to Non-Exempt Employees. Notwithstanding the foregoing, SARs granted to persons who are non-exempt employees under the Fair Labor Standards Act of 1938, as amended, may not be exercisable for at least six months after the date of grant (except that such SARs may become exercisable, as determined by the Committee, upon the Grantee's death, Disability or retirement, or upon a Change of Control or other circumstances permitted by applicable regulations).

(e) Value of SARs. When a Grantee exercises SARs, the Grantee shall receive in settlement of such SARs an amount equal to the value of the stock appreciation for the number of SARs exercised. The stock appreciation for an SAR is the amount by which the Fair Market Value of the underlying Company Stock on the date of exercise of the SAR exceeds the base amount of the SAR as described in subsection (a).

(f) Form of Payment. The appreciation in an SAR shall be paid in shares of Company Stock, cash or any combination of the foregoing, as the Committee shall determine. For purposes of calculating the number of shares of Company Stock to be received, shares of Company Stock shall be valued at their Fair Market Value on the date of exercise of the SAR.

Section 10. Other Stock-Based Awards

The Committee may grant Other Stock-Based Awards, which are awards (other than those described in Sections 6, 7, 8 and 9 of the Plan) that are based on or measured by Company Stock, to any Employee, Non-Employee Director or Key Advisor, on such terms and conditions as the Committee shall determine. Other Stock-Based Awards may be awarded subject to the achievement of performance goals or other conditions and may be payable in cash, Company Stock or any combination of the foregoing, as the Committee shall determine.

Section 11. Dividend Equivalents

The Committee may grant Dividend Equivalents in connection Stock Units or Other Stock-Based Awards. Dividend Equivalents may be paid currently or accrued as contingent cash obligations and may be payable in cash or shares of Company Stock, and upon such terms as the Committee may establish, including, without limitation, the achievement of specific performance goals.

Section 12. Qualified Performance-Based Compensation

The Committee may determine that Stock Awards, Stock Units, Other Stock-Based Awards and Dividend Equivalents granted to an Employee shall be considered "qualified performance-based compensation" under section 162(m) of the Code. The following provisions shall apply to Grants of Stock Awards, Stock Units, Other Stock-Based Awards and

Dividend Equivalents that are to be considered “qualified performance-based compensation” under section 162(m) of the Code:

Table of Contents

(a) Performance Goals.

(i) When Stock Awards, Stock Units, Other Stock-Based Awards or Dividend Equivalents that are to be considered “qualified performance-based compensation” are granted, the Committee shall establish in writing (A) the objective performance goals that must be met, (B) the performance period during which the performance will be measured, (C) the threshold, target and maximum amounts that may be paid if the performance goals are met, and (D) any other conditions that the Committee deems appropriate and consistent with the Plan and Section 162(m) of the Code.

(ii) The business criteria may relate to the Grantee’s business unit or the performance of the Company and its parents and subsidiaries as a whole, or any combination of the foregoing. The Committee shall use objectively determinable performance goals based on one or more of the following criteria: stock price, earnings per share, net earnings, operating earnings, earnings before income taxes, EBITDA (earnings before income tax expense, interest expense, and depreciation and amortization expense), return on assets, stockholder return, return on equity, growth in assets, unit volume, sales or market share, or strategic business criteria consisting of one or more objectives based on meeting specified revenue goals, market penetration goals, geographic business expansion goals, cost targets or goals relating to acquisitions or divestitures.

(b) Establishment of Goals. The Committee shall establish the performance goals in writing either before the beginning of the performance period or during a period ending no later than the earlier of (i) 90 days after the beginning of the performance period or (ii) the date on which 25% of the performance period has been completed, or such other date as may be required or permitted under applicable regulations under section 162(m) of the Code. The performance goals shall satisfy the requirements for “qualified performance-based compensation,” including the requirement that the achievement of the goals be substantially uncertain at the time they are established and that the goals be established in such a way that a third party with knowledge of the relevant facts could determine whether and to what extent the performance goals have been met. The Committee shall not have discretion to increase the amount of compensation that is payable upon achievement of the designated performance goals.

(c) Announcement of Grants. The Committee shall certify and announce the results for each performance period to all Grantees after the announcement of the Company’s financial results for the performance period. If and to the extent that the Committee does not certify that the performance goals have been met, the grants of Stock Awards, Stock Units, Other Stock-Based Awards and Dividend Equivalents for the performance period shall be forfeited or shall not be made, as applicable. If Dividend Equivalents are granted as “qualified performance-based compensation” under section 162(m) of the Code, a Grantee may not accrue more than \$1,000,000 of such Dividend Equivalents during any calendar year.

(d) Death, Disability or Other Circumstances. The Committee may provide that Stock Awards, Stock Units, Other Stock-Based Awards and Dividend Equivalents shall be payable or restrictions on such Grants shall lapse, in whole or in part, in the event of the Grantee’s death or Disability during the performance period, or under other circumstances consistent with the Treasury regulations and rulings under section 162(m) of the Code.

Section 13. Deferrals

The Committee may permit or require a Grantee to defer receipt of the payment of cash or the delivery of shares that would otherwise be due to such Grantee in connection with any Stock Units or Other Stock-Based Awards. If any such deferral election is permitted or required, the Committee shall establish rules and procedures for such deferrals and may provide for interest or other earnings to be paid on such deferrals. The rules and procedures for any such deferrals shall be consistent with applicable requirements of section 409A of the Code.

Section 14. Withholding of Taxes

(a) Required Withholding. All Grants under the Plan shall be subject to applicable federal (including FICA), state and local tax withholding requirements. The Employer may require that the Grantee or other person receiving or exercising Grants pay to the Employer the amount of any federal, state or local taxes that the Employer is required to withhold with respect to such Grants, or the Employer may deduct from other wages and compensation paid by the Employer the amount of any withholding taxes due with respect to such Grants.

(b) Election to Withhold Shares. If the Committee so permits, a Grantee may elect to satisfy the Employer's tax withholding obligation with respect to Grants paid in Company Stock by having shares withheld up to an amount that does not exceed the Grantee's minimum applicable withholding tax rate for federal (including FICA), state and local tax liabilities. The election must be in a form and manner prescribed by the Committee and may be subject to the prior approval of the Committee.

Section 15. Transferability of Grants

(a) Nontransferability of Grants. Except as provided below, only the Grantee may exercise rights under a Grant during the Grantee's lifetime. A Grantee may not transfer those rights except (i) by will or by the laws of descent and distribution or (ii) with respect to Grants other than Incentive Stock Options, pursuant to a domestic relations order. When a Grantee dies, the personal representative or other person entitled to succeed to the rights of the Grantee may exercise such rights. Any such successor must furnish proof satisfactory to the Company of his or her right to receive the Grant under the Grantee's will or under the applicable laws of descent and distribution.

(b) Transfer of Nonqualified Stock Options. Notwithstanding the foregoing, the Committee may provide, in a Grant Instrument, that a Grantee may transfer Nonqualified Stock Options to family members, or one or more trusts or other entities for the benefit of or owned by family members, consistent with the applicable securities laws, according to such terms as the Committee may determine; provided that the Grantee receives no consideration for the transfer of an Option and the transferred Option shall continue to be subject to the same terms and conditions as were applicable to the Option immediately before the transfer.

Section 16. Consequences of a Change of Control

(a) Notice and Acceleration. Unless the Committee determines otherwise, effective upon the date of the Change of Control, (i) all outstanding Options and SARs shall automatically accelerate and become fully exercisable, (ii) the restrictions and conditions on all outstanding Stock Awards shall immediately lapse, and (iii) all Stock Units, Other Stock-Based Awards and Dividend Equivalents shall become fully vested and shall be paid at their target values, or in such greater amounts as the Committee may determine.

(b) Other Alternatives. Notwithstanding the foregoing, in the event of a Change of Control, the Committee may take one or more of the following actions with respect to any or all outstanding Grants: the Committee may (i) require that Grantees surrender their outstanding Options and SARs in exchange for one or more payments by the Company, in cash or Company Stock as determined by the Committee, in an amount equal to the amount by which the then Fair Market Value of the shares of Company Stock subject to the Grantee's unexercised Options and SARs exceeds the Exercise Price of the Options or the base amount of the SARs, as applicable, (ii) after giving Grantees an opportunity to exercise their outstanding Options and SARs, terminate any or all unexercised Options and SARs at such time as the Committee deems appropriate, or (iii) determine that outstanding Options and SARs that are not exercised shall be assumed by, or replaced with comparable options or rights by, the surviving corporation, (or a parent or subsidiary of the surviving corporation), and other outstanding Grants that remain in effect after the Change of Control shall be converted to similar grants of the surviving corporation (or a parent or subsidiary of the surviving corporation). Such

surrender or termination shall take place as of the date of the Change of Control or such other date as the Committee may specify.

Section 17. Requirements for Issuance or Transfer of Shares

A-11

Table of Contents

No Company Stock shall be issued or transferred in connection with any Grant hereunder unless and until all legal requirements applicable to the issuance or transfer of such Company Stock have been complied with to the satisfaction of the Committee. The Committee shall have the right to condition any Grant on the Grantee's undertaking in writing to comply with such restrictions on his or her subsequent disposition of the shares of Company Stock as the Committee shall deem necessary or advisable, and certificates representing such shares may be legended to reflect any such restrictions. Certificates representing shares of Company Stock issued or transferred under the Plan may be subject to such stop-transfer orders and other restrictions as the Committee deems appropriate to comply with applicable laws, regulations and interpretations, including any requirement that a legend be placed thereon.

Section 18. Amendment and Termination of the Plan

(a) Amendment. The Board may amend or terminate the Plan at any time; provided, however, that the Board shall not amend the Plan without stockholder approval if such approval is required in order to comply with the Code or other applicable law, or to comply with applicable stock exchange requirements.

(b) No Repricing Without Stockholder Approval. Notwithstanding anything in the Plan to the contrary, the Committee may not reprice Options, nor may the Board amend the Plan to permit repricing of Options, unless the stockholders of the Company provide prior approval for such repricing. An adjustment to an Option pursuant to Section 4(c) above shall not constitute a repricing of the Option.

(c) Stockholder Re-Approval Requirement. If Stock Awards, Stock Units, Other Stock-Based Awards or Dividend Equivalents are granted as "qualified performance-based compensation" under Section 12 above, the Plan must be reapproved by the stockholders no later than the first stockholders meeting that occurs in the fifth year following the year in which the stockholders previously approved the provisions of Section 12, if required by section 162(m) of the Code or the regulations thereunder.

(d) Termination of Plan. The Plan shall terminate on May 13, 2018, unless the Plan is terminated earlier by the Board or is extended by the Board with the approval of the stockholders.

(e) Termination and Amendment of Outstanding Grants. A termination or amendment of the Plan that occurs after a Grant is made shall not materially impair the rights of a Grantee unless the Grantee consents or unless the Committee acts under Section 19(f) below. The termination of the Plan shall not impair the power and authority of the Committee with respect to an outstanding Grant. Whether or not the Plan has terminated, an outstanding Grant may be terminated or amended under Section 19(f) below or may be amended by agreement of the Company and the Grantee consistent with the Plan.

Section 19. Miscellaneous

(a) Grants in Connection with Corporate Transactions and Otherwise. Nothing contained in the Plan shall be construed to (i) limit the right of the Committee to make Grants under the Plan in connection with the acquisition, by purchase, lease, merger, consolidation or otherwise, of the business or assets of any corporation, firm or association, including Grants to employees thereof who become Employees, or (ii) limit the right of the Company to grant stock options or make other awards outside of the Plan. The Committee may make a Grant to an employee of another corporation who becomes an Employee by reason of a corporate merger, consolidation, acquisition of stock or property, reorganization or liquidation involving the Company, in substitution for a stock option or stock awards grant made by such corporation. Notwithstanding anything in the Plan to the contrary, the Committee may establish such terms and conditions of the new Grants as it deems appropriate, including setting the Exercise Price of Options or the base price of SARs at a price necessary to retain for the Grantee the same economic value as the prior options or rights.

(b) Governing Document. The Plan shall be the controlling document. No other statements, representations, explanatory materials or examples, oral or written, may amend the Plan in any manner. The Plan shall be binding upon and enforceable against the Company and its successors and assigns.

A-12

Table of Contents

(c) Funding of the Plan. The Plan shall be unfunded. The Company shall not be required to establish any special or separate fund or to make any other segregation of assets to assure the payment of any Grants under the Plan.

(d) Rights of Grantees. Nothing in the Plan shall entitle any Employee, Non-Employee Director, Key Advisor or other person to any claim or right to be granted a Grant under the Plan. Neither the Plan nor any action taken hereunder shall be construed as giving any individual any rights to be retained by or in the employ of the Employer or any other employment rights.

(e) No Fractional Shares. No fractional shares of Company Stock shall be issued or delivered pursuant to the Plan or any Grant. Except as otherwise provided under the Plan, the Committee shall determine whether cash, other awards or other property shall be issued or paid in lieu of such fractional shares or whether such fractional shares or any rights thereto shall be forfeited or otherwise eliminated.

(f) Compliance with Law. The Plan, the exercise of Options and SARs and the obligations of the Company to issue or transfer shares of Company Stock under Grants shall be subject to all applicable laws and regulations, and to approvals by any governmental or regulatory agency as may be required. With respect to persons subject to section 16 of the Exchange Act, it is the intent of the Company that the Plan and all transactions under the Plan comply with all applicable provisions of Rule 16b-3 or its successors under the Exchange Act. In addition, it is the intent of the Company that Incentive Stock Options comply with the applicable provisions of section 422 of the Code, that Grants of “qualified performance-based compensation” comply with the applicable provisions of section 162(m) of the Code and that, to the extent applicable, Grants comply with the requirements of section 409A of the Code. To the extent that any legal requirement of section 16 of the Exchange Act or section 422, 162(m) or 409A of the Code as set forth in the Plan ceases to be required under section 16 of the Exchange Act or section 422, 162(m) or 409A of the Code, that Plan provision shall cease to apply. To the extent applicable, if on the date of a Grantee’s “separation from service” (as such term is defined under section 409A of the Code), Company Stock (or stock of any other company required to be aggregated with the Company for purposes of section 409A of the Code and its corresponding regulations) is publicly-traded on an established securities market or otherwise and the Grantee is a “specified employee” (as such term is defined in section 409A(a)(2)(B)(i) of the Code and its corresponding regulations) as determined by the Committee (or its delegate) in its discretion in accordance with the requirements of sections 409A and 416 of the Code, then all Grants that are deemed to be deferred compensation subject to the requirements of section 409A of the Code and payable within six months following such Grantee’s “separation from service” shall be postponed for a period of six months following the Grantee’s “separation from service” with the Company. The Committee may revoke any Grant if it is contrary to law or modify a Grant to bring it into compliance with any valid and mandatory government regulation. The Committee may, in its sole discretion, agree to limit its authority under this Section.

(g) Employees Subject to Taxation Outside the United States. With respect to Grantees who are believed by the Committee to be subject to taxation in countries other than the United States, the Committee may make Grants on such terms and conditions, consistent with the Plan, as the Committee deems appropriate to comply with the laws of the applicable countries, and the Committee may create such procedures, addenda and subplans and make such modifications as may be necessary or advisable to comply with such laws.

(h) Governing Law. The validity, construction, interpretation and effect of the Plan and Grant Instruments issued under the Plan shall be governed and construed by and determined in accordance with the laws of the State of Delaware, without giving effect to the conflict of laws provisions thereof.
